Request for Longer Term For Associate Research Scientist

Yale Faculty Handbook, Section XV. B.1 – Associate Research Scientist

The initial term of appointment in this rank is normally one year and is renewable. There is no limit on the number of terms to which an associate research scientist may be reappointed. However, reappointment will depend on the continued need for the position, the availability of resources for the position, and the performance of the individual. *With prior approval of the relevant Dean or cognizant provost, an appointment or reappointment may be for a term of up to three years, conditional upon the availability of salary support.*
