Autism Program
Oral and Poster Presentations @ IMFAR 2012
(additional information at http://childstudycenter.yale.edu/autism/index.html )

ORAL PRESENTATIONS (14)

Diagnostic Utility of Brain Mechanisms for Processing Biological Motion. Wang, N., Björnsdotter, M., Pelphrey, K.A and Kaiser, M.D.

Suppressed Attentional Response to Dyadic Social Cues in Infants with Autism. Chawarska, K., Macari, S., Campbell, D. and Shic, F.

Diminished Salience of Social Stimuli, Not Enhanced Salience of Nonsocial Stimuli in Young Children with ASD. Macari, S., Campbell, D., Shic, F. and Chawarska, K.

Subtyping Toddlers with ADS Based on Their Scanning Patterns in Response to Dyadic Bids for Attention. Campbell, D., Shic, F., Macari, S. and Chawarska, K.

Scan Pattern Deviations in Toddlers wth ASD: A Framework Based on Cohesion. Shic, F., Campbell, D., Macari, S. and Chawarska, K.

Sex Differences in Social Information Processing in ASD. Coffman, M., Naples, A., Perszyk, D., Mukerji, C.E. and McPartland, J.

Large-Scale Cortical Functional Connectivity in Children with Autism Spectrum Disorders. Deen, B. and Pelphrey, K.A

Disrupted Neural Response to Affective Touch in ASD. Kaiser, M.D., Voos, A.C., Bennett, R.H., Gordon, I., McGlone, F. and Pelphrey, K.A.

POSTER PRESENTATIONS (21)

Neuroendophenotype Discovery Using An fMRI Social Battery Task. Ahmed, A.

Autistic Traits Associated with Diminished Response to Affective Touch. Voos, A.C., Pelphrey, K.A. and Kaiser, M.D.

Different Brain Responses to Different Actions: A New Paradigm to Study Action Comprehension in Autism. Riva, F., Pelphrey, K.A., Bolling, D.Z., and Vander Wyk, B.C.

Brain Response to Gaze Contingent Eye-Contact in ASD. Naples, A., Coffman, M., Mukerji, C.E., Wu, J., Mayes, L. and McPartland, J.

Sources of Variable Functionality of the Execution/Observation Matching System in ASD. Bernier, R., Aaronson, B. and McPartland, J.

Cognitive Profiles of Siblings of Individuals with ASD. Wolf, J., Ventola, P. and Pelphrey, K.A.

Neglected Dimension: Regulation of Affect and Attention in Toddlers with ASD. Koller, J., Chawarska, K. and Macari, S.

Attention Capture by and Preference for Faces with Direct Gaze in Toddlers with ASD, DD, and TD. O’Loughlin, K. Macari, S., Shic, F. and Chawarska, K.

Regulation of Activity Level and Affective Response in Toddlers with ASD. Dowd, A., Gisin, E., Shic, F., Macari, S. and Chawarska, K.

Early Attentional Processing of Affective Faces in Toddlers with ASD. Garzarek, J., Macari, S., Chawarska, K. and Shic, F.

Screening for Social Disability at 12 Months using the First Year Inventory. Rowberry, J., Chen, G.M., Campbell, D., Weitzman, C. and Chawarska, K.

Assessment of Pragmatic Language in High Functioning Autism. Loomis, R., Simmons, E.S. and Paul, R.

Beyond Pointing: Gesture Profiles in the First Year Differentiate Infants with ASD, Language. Clements, C.C., Garzarek, J., Macari, S., Campbell, D. and Chawarska, K.
