Does everything hurt?
Are you too tired? Too much pain?
Other uncomfortable feelings in your body?

You may be eligible to participate in a confidential study.

Teen Chronic Pain Study

We are conducting a research study in adolescents 12 to 17 years of age who are experiencing chronic pain, fibromyalgia, or pain amplification. Participants will take part in six weekly meditation and stress reduction classes.

Compensation of $200 for participation

For more information or to see if you qualify for the study, please call Theresa Weiss at (203) 737-1391 or email theresa.weiss@yale.edu
