What I Learned in School

Reflections on Race, Child Development,
and School Reform

James P. Comer

What I Learned in School highlights, in a single source, the major contributions of world-renowned scholar Dr. James P. Comer, whose visionary work has dramatically shaped the fields of school reform, child development, psychology, and race. This small collection is beautifully arranged and includes an introduction and engaging updates from the author that paint a remarkable picture of what we've all learned so far, and what we all must learn going forward. The excerpts presented in this collection span Dr.

“ James Comer is a rare constellation among social scientists: a great intellect, a keen analyst, a creative problem-solver and a man of enormous empathy. His writings are required reading for anyone interested in education reform or improving the odds for poor children. ”

James P. Comer is the Maurice Falk Professor of Child Psychiatry at the Yale University School of Medicine's Child Study Center and founder of the Comer School Development Program. A prolific writer, Dr. Comer is the author of nine books and has written articles for *Parents* magazine as well as syndicated articles on children's health and development and race relations. In 2007, he received the Grawemeyer Award in education.
