00:02:37.494 --> 00:02:39.649 our Grand Rounds Seminar series.
NOTE Confidence: 0.947927726

00:02:39.650 --> 00:02:42.305 Now Susie's work really cuts to
NOTE Confidence: 0.947927726

00:02:42.305 --> 00:02:44.224 the quick of what we seek to do
NOTE Confidence: 0.947927726

00:02:44.224 --> 00:02:45.598 here in the CHILD Study Center.

NOTE Confidence: 0.947927726

00:02:45.600 --> 00:02:47.751 I think we all ask ourselves how we can

NOTE Confidence: 0.947927726

00:02:47.751 --> 00:02:49.956 have an impact on the lives of children,

NOTE Confidence: 0.947927726

00:02:49.960 --> 00:02:51.121 parents and families,

NOTE Confidence: 0.947927726

00:02:51.121 --> 00:02:53.056 and Susie worked Susie's work,

NOTE Confidence: 0.947927726

00:02:53.060 --> 00:02:55.676 seeks to do that on a broad and

NOTE Confidence: 0.947927726

00:02:55.676 --> 00:02:58.055 grand scale and by trying to

NOTE Confidence: 0.947927726

00:02:58.055 --> 00:03:00.521 influence and affect change in policy

NOTE Confidence: 0.947927726

00:03:00.599 --> 00:03:02.960 development and implementation.

NOTE Confidence: 0.947927726

00:03:02.960 --> 00:03:05.669 Now I'm not going to go into too much

NOTE Confidence: 0.947927726

00:03:05.669 --> 00:03:07.588 detail about Susie's a lustrous career,

NOTE Confidence: 0.947927726

00:03:07.588 --> 00:03:09.839 which included a stint as a senior

NOTE Confidence: 0.947927726

00:03:09.839 --> 00:03:11.359 attorney in the Environmental

NOTE Confidence: 0.947927726

00:03:11.359 --> 00:03:13.259 Protection Agency in the Office

NOTE Confidence: 0.947927726

00:03:13.321 --> 00:03:14.719 of Environmental Justice.

NOTE Confidence: 0.947927726

00:03:14.720 --> 00:03:15.550 Susie is going to do.

NOTE Confidence: 0.947927726

00:03:15.550 --> 00:03:17.818 Fantastic job of giving an overview of
NOTE Confidence: 0.947927726

00:03:17.818 --> 00:03:20.188 her trajectory to the Child Study Center,
NOTE Confidence: 0.947927726

00:03:20.190 --> 00:03:23.745 but I will say two things about Susie and.
NOTE Confidence: 0.947927726

00:03:23.750 --> 00:03:25.353 The first is that for those of
NOTE Confidence: 0.947927726

00:03:25.353 --> 00:03:26.986 you that have had the pleasure
NOTE Confidence: 0.947927726

00:03:26.986 --> 00:03:28.174 to interact with Susie,
NOTE Confidence: 0.947927726

00:03:28.180 --> 00:03:30.742 you will recognize her as a
NOTE Confidence: 0.947927726

00:03:30.742 --> 00:03:32.450 passionate advocate for children,
NOTE Confidence: 0.947927726

00:03:32.450 --> 00:03:33.785 parents and families,
NOTE Confidence: 0.947927726

00:03:33.785 --> 00:03:37.576 and she works tirelessly to try and reduce
NOTE Confidence: 0.947927726

00:03:37.576 --> 00:03:40.566 the inequities that affect underserved,
NOTE Confidence: 0.947927726

00:03:40.570 --> 00:03:41.466 underrepresented,
NOTE Confidence: 0.947927726

00:03:41.466 --> 00:03:45.050 and historically marginalized communities.
NOTE Confidence: 0.947927726

00:03:45.050 --> 00:03:46.160 And the second thing I'll say
NOTE Confidence: 0.947927726

00:03:46.160 --> 00:03:47.360 about Susie is that she is and.
NOTE Confidence: 0.947927726

00:03:47.360 --> 00:03:49.285 Expert sailor and so please

NOTE Confidence: 0.947927726

00:03:49.285 --> 00:03:51.210 be on the lookout for

NOTE Confidence: 0.812484137

00:03:51.298 --> 00:03:53.800 many nautical references as we go

NOTE Confidence: 0.812484137

00:03:53.800 --> 00:03:56.895 on this voyage with Susie rule where

NOTE Confidence: 0.812484137

00:03:56.895 --> 00:03:59.583 she talks about her background in

NOTE Confidence: 0.812484137

00:03:59.583 --> 00:04:01.249 policy development and implementation

NOTE Confidence: 0.812484137

00:04:01.249 --> 00:04:04.070 and how she will affect change here

NOTE Confidence: 0.812484137

00:04:04.140 --> 00:04:06.191 and help us in the CHILD Study

NOTE Confidence: 0.812484137

00:04:06.191 --> 00:04:08.092 Center to develop and affect change

NOTE Confidence: 0.812484137

00:04:08.092 --> 00:04:10.318 in in policy in the United States.

NOTE Confidence: 0.812484137

00:04:10.320 --> 00:04:11.904 So please join me in welcoming Susie rule.

NOTE Confidence: 0.46280934

00:04:14.200 --> 00:04:14.630 So much.

NOTE Confidence: 0.938636284285714

00:04:18.360 --> 00:04:19.370 Good afternoon,

NOTE Confidence: 0.938636284285714

00:04:19.370 --> 00:04:22.504 I always like to start whatever I

NOTE Confidence: 0.938636284285714

00:04:22.504 --> 00:04:24.316 do with an expression of gratitude.

NOTE Confidence: 0.938636284285714

00:04:24.320 --> 00:04:26.357 So thank you Karen for introducing me.

NOTE Confidence: 0.938636284285714

00:04:26.360 --> 00:04:28.110 Thank you. The other members
NOTE Confidence: 0.938636284285714

00:04:28.110 --> 00:04:29.860 of the Grand Rounds Committee.
NOTE Confidence: 0.938636284285714

00:04:29.860 --> 00:04:31.659 Thank you so much Linda for bringing
NOTE Confidence: 0.938636284285714

00:04:31.659 --> 00:04:33.612 me to the Child Study Center where
NOTE Confidence: 0.938636284285714

00:04:33.612 --> 00:04:35.986 I can be engaged with the the the
NOTE Confidence: 0.938636284285714

00:04:35.986 --> 00:04:37.581 world class experts in research
NOTE Confidence: 0.938636284285714

00:04:37.581 --> 00:04:39.142 and clinical care and education.
NOTE Confidence: 0.938636284285714

00:04:39.142 --> 00:04:41.249 And I'd also like to thank Hilary
NOTE Confidence: 0.938636284285714

00:04:41.249 --> 00:04:43.009 Hahn with the Elevate Policy Lab
NOTE Confidence: 0.938636284285714

00:04:43.009 --> 00:04:45.143 for giving me a venue to really
NOTE Confidence: 0.938636284285714

00:04:45.143 --> 00:04:46.507 think of the intersection.
NOTE Confidence: 0.938636284285714

00:04:46.510 --> 00:04:49.492 Of policy and triple bottom line
NOTE Confidence: 0.938636284285714

00:04:49.492 --> 00:04:52.418 justice with policy and practice.
NOTE Confidence: 0.46721697

00:04:54.690 --> 00:04:55.080 Yep.
NOTE Confidence: 0.33474773

00:04:59.410 --> 00:04:59.820 6.
NOTE Confidence: 0.504763243

00:05:02.120 --> 00:05:02.690 Wrong button.

NOTE Confidence: 0.778760108571429

00:05:06.630 --> 00:05:08.740 Why did that happen in one second? I'm sorry.

NOTE Confidence: 0.846115897142857

00:05:09.130 --> 00:05:12.234 Well, while we're I, I tend to do

NOTE Confidence: 0.846115897142857

00:05:12.234 --> 00:05:15.190 this with technology so it comes.

NOTE Confidence: 0.846115897142857

00:05:15.190 --> 00:05:16.906 It comes perhaps with being lawyers.

NOTE Confidence: 0.846115897142857

00:05:16.910 --> 00:05:18.536 I think a lot of people

NOTE Confidence: 0.846115897142857

00:05:18.536 --> 00:05:19.349 think we're disruptive,

NOTE Confidence: 0.846115897142857

00:05:19.350 --> 00:05:21.326 but but but again, like I said it,

NOTE Confidence: 0.846115897142857

00:05:21.330 --> 00:05:24.108 it's so important right now with

NOTE Confidence: 0.846115897142857

00:05:24.108 --> 00:05:27.228 all that is happening in the world

NOTE Confidence: 0.846115897142857

00:05:27.228 --> 00:05:29.562 to be surrounded by who I believe

NOTE Confidence: 0.846115897142857

00:05:29.562 --> 00:05:31.086 a people who have the solutions

NOTE Confidence: 0.846115897142857

00:05:31.086 --> 00:05:32.668 to so many of the problems.

NOTE Confidence: 0.846115897142857

00:05:32.670 --> 00:05:35.380 And I feel like my role is to try to help.

NOTE Confidence: 0.846115897142857

00:05:35.380 --> 00:05:37.252 Take what you're doing and get

NOTE Confidence: 0.846115897142857

00:05:37.252 --> 00:05:38.922 that place into the governance

NOTE Confidence: 0.846115897142857

00:05:38.922 --> 00:05:41.058 process so that we are seeing
NOTE Confidence: 0.846115897142857

00:05:41.058 --> 00:05:42.940 changes not just in a policy,
NOTE Confidence: 0.846115897142857

00:05:42.940 --> 00:05:44.550 but on the day-to-day level
NOTE Confidence: 0.846115897142857

00:05:44.550 --> 00:05:46.160 of of children and families.
NOTE Confidence: 0.846115897142857

00:05:46.160 --> 00:05:47.696 And that's that's what you do,
NOTE Confidence: 0.846115897142857

00:05:47.700 --> 00:05:50.437 so hopefully we're back to working perfect.
NOTE Confidence: 0.846115897142857

00:05:50.440 --> 00:05:52.029 Linda had asked me to tell you
NOTE Confidence: 0.846115897142857

00:05:52.029 --> 00:05:53.450 a little bit about myself,
NOTE Confidence: 0.846115897142857

00:05:53.450 --> 00:05:55.570 my mentioning that to Karen that I tend
NOTE Confidence: 0.846115897142857

00:05:55.570 --> 00:05:57.379 to operate as a shadow government.
NOTE Confidence: 0.846115897142857

00:05:57.380 --> 00:05:58.759 The more people know who you are,
NOTE Confidence: 0.846115897142857

00:05:58.760 --> 00:06:00.776 the more they threw out roadblocks.
NOTE Confidence: 0.846115897142857

00:06:00.780 --> 00:06:02.220 But since you asked me to do that,
NOTE Confidence: 0.846115897142857

00:06:02.220 --> 00:06:03.196 I will do that.
NOTE Confidence: 0.846115897142857

00:06:03.196 --> 00:06:05.088 And I have a couple of career
NOTE Confidence: 0.846115897142857

00:06:05.088 --> 00:06:07.236 building blocks that got me too.

NOTE Confidence: 0.846115897142857
00:06:07.240 --> 00:06:09.501 Here to the Yale Child Study Center
NOTE Confidence: 0.846115897142857
00:06:09.501 --> 00:06:12.129 and the first is with with law school.
NOTE Confidence: 0.846115897142857
00:06:12.130 --> 00:06:13.348 When I was in law school,
NOTE Confidence: 0.846115897142857
00:06:13.350 --> 00:06:15.158 I really I really didn't like law and
NOTE Confidence: 0.846115897142857
00:06:15.158 --> 00:06:16.728 really didn't want to become a lawyer.
NOTE Confidence: 0.846115897142857
00:06:16.730 --> 00:06:19.010 But at the time I just finished the
NOTE Confidence: 0.846115897142857
00:06:19.010 --> 00:06:20.503 decade where rivers were catching
NOTE Confidence: 0.846115897142857
00:06:20.503 --> 00:06:23.256 on fire and then when I was in law
NOTE Confidence: 0.846115897142857
00:06:23.256 --> 00:06:25.326 school there was a proliferation of
NOTE Confidence: 0.846115897142857
00:06:25.326 --> 00:06:27.180 hazardous waste dumping going on in
NOTE Confidence: 0.846115897142857
00:06:27.180 --> 00:06:29.650 the Deep South where where I was living.
NOTE Confidence: 0.846115897142857
00:06:29.650 --> 00:06:31.698 And so I decided to do what any
NOTE Confidence: 0.846115897142857
00:06:31.698 --> 00:06:33.428 person out of law school does.
NOTE Confidence: 0.846115897142857
00:06:33.430 --> 00:06:34.918 I started my own public interest
NOTE Confidence: 0.846115897142857
00:06:34.918 --> 00:06:36.685 law firm and it was the first
NOTE Confidence: 0.846115897142857

00:06:36.685 --> 00:06:38.351 time that a law firm was created
NOTE Confidence: 0.846115897142857

00:06:38.409 --> 00:06:40.119 not to deal with national policy.
NOTE Confidence: 0.846115897142857

00:06:40.120 --> 00:06:42.050 There were organizations like the
NOTE Confidence: 0.846115897142857

00:06:42.050 --> 00:06:43.594 Natural Resources Defense Council,
NOTE Confidence: 0.846115897142857

00:06:43.600 --> 00:06:45.070 but there were no public interest
NOTE Confidence: 0.846115897142857

00:06:45.070 --> 00:06:46.908 law firms helping the people who were
NOTE Confidence: 0.846115897142857

00:06:46.908 --> 00:06:48.248 bearing the burden of pollution,
NOTE Confidence: 0.846115897142857

00:06:48.250 --> 00:06:49.574 disease, poverty and crime.
NOTE Confidence: 0.846115897142857

00:06:49.574 --> 00:06:50.898 And so why not?
NOTE Confidence: 0.846115897142857

00:06:50.900 --> 00:06:53.356 I started it, started it in my basement.
NOTE Confidence: 0.846115897142857

00:06:53.360 --> 00:06:54.830 My best Friends,
NOTE Confidence: 0.846115897142857

00:06:54.830 --> 00:06:55.320 Brothers,
NOTE Confidence: 0.846115897142857

00:06:55.320 --> 00:06:58.260 sisters had a somebody that worked
NOTE Confidence: 0.846115897142857

00:06:58.349 --> 00:06:58.823 at baskin-robbins.
NOTE Confidence: 0.846115897142857

00:06:58.823 --> 00:07:01.640 They donated an ice cream cake and we were
NOTE Confidence: 0.846115897142857

00:07:01.698 --> 00:07:03.858 able to get our first office but we had.

NOTE Confidence: 0.846115897142857
00:07:03.860 --> 00:07:05.932 We came from very humble beginnings and
NOTE Confidence: 0.846115897142857
00:07:05.932 --> 00:07:08.197 I'll I'll tell you more about the work,
NOTE Confidence: 0.846115897142857
00:07:08.200 --> 00:07:10.384 at least because that is actually connected
NOTE Confidence: 0.846115897142857
00:07:10.384 --> 00:07:12.920 to the work that I'm still doing today.
NOTE Confidence: 0.846115897142857
00:07:12.920 --> 00:07:15.145 But after working with communities
NOTE Confidence: 0.846115897142857
00:07:15.145 --> 00:07:17.370 who were suffering from pollution
NOTE Confidence: 0.846115897142857
00:07:17.445 --> 00:07:19.149 from poverty from disease,
NOTE Confidence: 0.846115897142857
00:07:19.150 --> 00:07:20.942 I decided that I needed to tap a
NOTE Confidence: 0.846115897142857
00:07:20.942 --> 00:07:22.587 little bit of a broader audience.
NOTE Confidence: 0.846115897142857
00:07:22.590 --> 00:07:24.350 And so I went to work for the
NOTE Confidence: 0.846115897142857
00:07:24.350 --> 00:07:25.310 Environmental Law Institute,
NOTE Confidence: 0.846115897142857
00:07:25.310 --> 00:07:27.045 which was actually created by
NOTE Confidence: 0.846115897142857
00:07:27.045 --> 00:07:29.384 the literal authors of our modern
NOTE Confidence: 0.846115897142857
00:07:29.384 --> 00:07:30.458 environmental laws.
NOTE Confidence: 0.846115897142857
00:07:30.460 --> 00:07:32.012 And it was an honor and a privilege
NOTE Confidence: 0.846115897142857

00:07:32.012 --> 00:07:34.245 to be able to work with those who had
NOTE Confidence: 0.846115897142857

00:07:34.245 --> 00:07:35.733 set this congressional base for how
NOTE Confidence: 0.846115897142857

00:07:35.733 --> 00:07:37.890 we protect our land, air, and water.
NOTE Confidence: 0.846115897142857

00:07:37.890 --> 00:07:38.730 And then,
NOTE Confidence: 0.846115897142857

00:07:38.730 --> 00:07:40.354 after a little bit of a stint there,
NOTE Confidence: 0.916920763529412

00:07:40.360 --> 00:07:41.768 when Obama was elected,
NOTE Confidence: 0.916920763529412

00:07:41.768 --> 00:07:44.400 I got recruited to become senior counsel
NOTE Confidence: 0.916920763529412

00:07:44.400 --> 00:07:47.100 for EPA's Office of Environmental Justice.
NOTE Confidence: 0.916920763529412

00:07:47.100 --> 00:07:48.558 And again, giving them a really
NOTE Confidence: 0.916920763529412

00:07:48.558 --> 00:07:50.009 hard time setting a high bar.
NOTE Confidence: 0.916920763529412

00:07:50.010 --> 00:07:51.662 I found that that that most of
NOTE Confidence: 0.916920763529412

00:07:51.662 --> 00:07:52.930 my effective work was actually
NOTE Confidence: 0.916920763529412

00:07:52.930 --> 00:07:54.436 not at EPA because they never
NOTE Confidence: 0.916920763529412

00:07:54.436 --> 00:07:56.127 went far enough and fast enough.
NOTE Confidence: 0.916920763529412

00:07:56.130 --> 00:07:57.878 And I formed relationships
NOTE Confidence: 0.916920763529412

00:07:57.878 --> 00:07:59.626 across the federal family,

NOTE Confidence: 0.916920763529412
00:07:59.630 --> 00:08:01.854 and one of them that was very profound
NOTE Confidence: 0.916920763529412
00:08:01.854 --> 00:08:04.346 was the HUD EPA deoti partnership
NOTE Confidence: 0.916920763529412
00:08:04.346 --> 00:08:05.747 for Sustainable Communities,
NOTE Confidence: 0.916920763529412
00:08:05.750 --> 00:08:07.126 which basically changed how
NOTE Confidence: 0.916920763529412
00:08:07.126 --> 00:08:08.846 government treats where you live
NOTE Confidence: 0.916920763529412
00:08:08.846 --> 00:08:10.671 and how you get to where you need
NOTE Confidence: 0.916920763529412
00:08:10.671 --> 00:08:12.607 to be so that its protective of
NOTE Confidence: 0.916920763529412
00:08:12.607 --> 00:08:14.509 your health and of your environment.
NOTE Confidence: 0.916920763529412
00:08:14.510 --> 00:08:16.328 And I launched Team EJ as
NOTE Confidence: 0.916920763529412
00:08:16.328 --> 00:08:17.540 part of that effort.
NOTE Confidence: 0.916920763529412
00:08:17.540 --> 00:08:19.626 And then from there I engaged as
NOTE Confidence: 0.916920763529412
00:08:19.626 --> 00:08:21.603 Co chairs of several committees
NOTE Confidence: 0.916920763529412
00:08:21.603 --> 00:08:24.123 of the Federal Interagency Working
NOTE Confidence: 0.916920763529412
00:08:24.123 --> 00:08:26.240 Group on Environmental Justice,
NOTE Confidence: 0.916920763529412
00:08:26.240 --> 00:08:29.180 which represented 17 different departments.
NOTE Confidence: 0.916920763529412

00:08:29.180 --> 00:08:30.727 Looking at the full suite of challenges

NOTE Confidence: 0.916920763529412

00:08:30.727 --> 00:08:32.367 and I'll talk a little bit about some

NOTE Confidence: 0.916920763529412

00:08:32.367 --> 00:08:33.809 of the work that I've done there.

NOTE Confidence: 0.916920763529412

00:08:33.810 --> 00:08:35.080 So that's who I am.

NOTE Confidence: 0.916920763529412

00:08:35.080 --> 00:08:36.196 That's all you're going to hear

NOTE Confidence: 0.916920763529412

00:08:36.196 --> 00:08:36.754 about me personally.

NOTE Confidence: 0.916920763529412

00:08:36.760 --> 00:08:38.280 Now I'm going to talk about the fun,

NOTE Confidence: 0.916920763529412

00:08:38.280 --> 00:08:40.452 exciting work that that that has

NOTE Confidence: 0.916920763529412

00:08:40.452 --> 00:08:42.305 been underway through each of

NOTE Confidence: 0.916920763529412

00:08:42.305 --> 00:08:43.677 these these career paths,

NOTE Confidence: 0.916920763529412

00:08:43.680 --> 00:08:45.876 as you know from the title,

NOTE Confidence: 0.916920763529412

00:08:45.880 --> 00:08:47.604 the topic of this.

NOTE Confidence: 0.916920763529412

00:08:47.604 --> 00:08:50.794 Is triple bottom line justice and having

NOTE Confidence: 0.916920763529412

00:08:50.794 --> 00:08:53.920 worked with communities from day one,

NOTE Confidence: 0.916920763529412

00:08:53.920 --> 00:08:55.768 we know that they're not just

NOTE Confidence: 0.916920763529412

00:08:55.768 --> 00:08:57.000 concerned about the environment.

NOTE Confidence: 0.916920763529412
00:08:57.000 --> 00:08:57.910 There's a lot of work,
NOTE Confidence: 0.916920763529412
00:08:57.910 --> 00:08:59.482 a lot of conversation on the
NOTE Confidence: 0.916920763529412
00:08:59.482 --> 00:09:00.920 environment is about their health,
NOTE Confidence: 0.916920763529412
00:09:00.920 --> 00:09:03.020 and it is about their economics
NOTE Confidence: 0.916920763529412
00:09:03.020 --> 00:09:04.420 and their economic vitality.
NOTE Confidence: 0.916920763529412
00:09:04.420 --> 00:09:04.847 So,
NOTE Confidence: 0.916920763529412
00:09:04.847 --> 00:09:06.982 working with these communities over
NOTE Confidence: 0.916920763529412
00:09:06.982 --> 00:09:09.220 the decades we formulated and Co.
NOTE Confidence: 0.916920763529412
00:09:09.220 --> 00:09:11.290 Created the concept of what we
NOTE Confidence: 0.916920763529412
00:09:11.290 --> 00:09:13.250 call triple bottom line justice.
NOTE Confidence: 0.916920763529412
00:09:13.250 --> 00:09:15.475 And it's recognizing what is
NOTE Confidence: 0.916920763529412
00:09:15.475 --> 00:09:17.255 government doing that works?
NOTE Confidence: 0.916920763529412
00:09:17.260 --> 00:09:19.689 What is government doing that's not working?
NOTE Confidence: 0.916920763529412
00:09:19.690 --> 00:09:22.048 And what are the gaps that need to be
NOTE Confidence: 0.916920763529412
00:09:22.048 --> 00:09:24.187 done and the key components again,
NOTE Confidence: 0.916920763529412

00:09:24.190 --> 00:09:25.925 are the represent the recognition
NOTE Confidence: 0.916920763529412

00:09:25.925 --> 00:09:28.310 that we need to tackle these
NOTE Confidence: 0.916920763529412

00:09:28.310 --> 00:09:29.468 issues simultaneously?
NOTE Confidence: 0.916920763529412

00:09:29.470 --> 00:09:34.024 Not an aside sidebar and coming here to Yale,
NOTE Confidence: 0.916920763529412

00:09:34.030 --> 00:09:36.046 which is so exciting for me,
NOTE Confidence: 0.916920763529412

00:09:36.050 --> 00:09:37.055 is this recognition.
NOTE Confidence: 0.916920763529412

00:09:37.055 --> 00:09:38.730 While it's important to have
NOTE Confidence: 0.916920763529412

00:09:38.730 --> 00:09:39.830 your physical health,
NOTE Confidence: 0.916920763529412

00:09:39.830 --> 00:09:41.750 if you don't have your your mental health,
NOTE Confidence: 0.916920763529412

00:09:41.750 --> 00:09:43.430 your behavior, health, your Wellness.
NOTE Confidence: 0.916920763529412

00:09:43.430 --> 00:09:45.482 You don't have the capacity to
NOTE Confidence: 0.916920763529412

00:09:45.482 --> 00:09:46.850 assail these other challenges,
NOTE Confidence: 0.916920763529412

00:09:46.850 --> 00:09:47.780 and so we,
NOTE Confidence: 0.916920763529412

00:09:47.780 --> 00:09:49.640 we've woven in the concept of
NOTE Confidence: 0.916920763529412

00:09:49.640 --> 00:09:51.339 triple bottom line justice.
NOTE Confidence: 0.916920763529412

00:09:51.340 --> 00:09:53.480 Into the environmental justice arena.

NOTE Confidence: 0.916920763529412
00:09:53.480 --> 00:09:55.590 So that's that's the underpinning
NOTE Confidence: 0.916920763529412
00:09:55.590 --> 00:09:57.278 of my talk today.
NOTE Confidence: 0.916920763529412
00:09:57.280 --> 00:09:59.436 So what I want to do here,
NOTE Confidence: 0.916920763529412
00:09:59.440 --> 00:10:00.002 and again,
NOTE Confidence: 0.916920763529412
00:10:00.002 --> 00:10:01.969 it's the beauty of the Child Study
NOTE Confidence: 0.916920763529412
00:10:01.969 --> 00:10:04.100 Center is that you have the researchers,
NOTE Confidence: 0.916920763529412
00:10:04.100 --> 00:10:05.960 you have the clinical care providers.
NOTE Confidence: 0.916920763529412
00:10:05.960 --> 00:10:08.256 You have the educators all in one spot,
NOTE Confidence: 0.916920763529412
00:10:08.260 --> 00:10:10.276 all focusing on the same objective,
NOTE Confidence: 0.916920763529412
00:10:10.280 --> 00:10:12.255 the same beneficiaries which are
NOTE Confidence: 0.916920763529412
00:10:12.255 --> 00:10:14.230 our children and the caregivers
NOTE Confidence: 0.916920763529412
00:10:14.293 --> 00:10:16.327 of families and and mothers and
NOTE Confidence: 0.916920763529412
00:10:16.327 --> 00:10:18.120 grandparents all in one place.
NOTE Confidence: 0.916920763529412
00:10:18.120 --> 00:10:20.465 And so I'm going to tell you
NOTE Confidence: 0.916920763529412
00:10:20.465 --> 00:10:21.470 three different stories.
NOTE Confidence: 0.916920763529412

00:10:21.470 --> 00:10:23.535 Trying to highlight the role of each
NOTE Confidence: 0.916920763529412

00:10:23.535 --> 00:10:25.850 of these of these pillars of the
NOTE Confidence: 0.916920763529412

00:10:25.850 --> 00:10:28.140 child Study Center and they're to me.
NOTE Confidence: 0.916920763529412

00:10:28.140 --> 00:10:29.715 They're they're very profound stories.
NOTE Confidence: 0.919774708888889

00:10:29.720 --> 00:10:31.727 There were stories that that I was part of.
NOTE Confidence: 0.919774708888889

00:10:31.730 --> 00:10:32.910 I was a key player,
NOTE Confidence: 0.919774708888889

00:10:32.910 --> 00:10:34.926 so you're going to get a little bit
NOTE Confidence: 0.919774708888889

00:10:34.926 --> 00:10:36.748 more about who I am and what I do.
NOTE Confidence: 0.919774708888889

00:10:36.750 --> 00:10:39.312 And so I will go ahead and
NOTE Confidence: 0.919774708888889

00:10:39.312 --> 00:10:41.467 start with our first story,
NOTE Confidence: 0.919774708888889

00:10:41.467 --> 00:10:44.569 which is dealing with mercury contamination.
NOTE Confidence: 0.919774708888889

00:10:44.570 --> 00:10:45.890 This adversely affecting
NOTE Confidence: 0.919774708888889

00:10:45.890 --> 00:10:47.210 children and families.
NOTE Confidence: 0.919774708888889

00:10:47.210 --> 00:10:48.834 And as I mentioned,
NOTE Confidence: 0.919774708888889

00:10:48.834 --> 00:10:50.458 LEAF started legal Environmental
NOTE Confidence: 0.919774708888889

00:10:50.458 --> 00:10:51.720 Assistance Foundation started

NOTE Confidence: 0.919774708888889

00:10:51.720 --> 00:10:53.300 with very humble beginnings.

NOTE Confidence: 0.919774708888889

00:10:53.300 --> 00:10:55.346 But we were quickly recognized by

NOTE Confidence: 0.919774708888889

00:10:55.346 --> 00:10:57.180 the powerhouses of civil rights,

NOTE Confidence: 0.919774708888889

00:10:57.180 --> 00:10:59.140 the powerhouse of environmental justice,

NOTE Confidence: 0.919774708888889

00:10:59.140 --> 00:11:01.228 and I'm so honored to say that John

NOTE Confidence: 0.919774708888889

00:11:01.228 --> 00:11:03.216 Lewis served on our Board of Directors,

NOTE Confidence: 0.919774708888889

00:11:03.220 --> 00:11:04.333 and he recognized,

NOTE Confidence: 0.919774708888889

00:11:04.333 --> 00:11:05.817 as is quoted here,

NOTE Confidence: 0.919774708888889

00:11:05.820 --> 00:11:07.230 that that there's more toxic

NOTE Confidence: 0.919774708888889

00:11:07.230 --> 00:11:09.070 pollution in minority and low income

NOTE Confidence: 0.919774708888889

00:11:09.070 --> 00:11:10.935 communities than any other communities.

NOTE Confidence: 0.919774708888889

00:11:10.940 --> 00:11:13.165 And he recognized the role

NOTE Confidence: 0.919774708888889

00:11:13.165 --> 00:11:14.500 of empowering communities.

NOTE Confidence: 0.919774708888889

00:11:14.500 --> 00:11:16.400 Those who are impacted with

NOTE Confidence: 0.919774708888889

00:11:16.400 --> 00:11:17.540 their lived experience,

NOTE Confidence: 0.919774708888889

00:11:17.540 --> 00:11:19.420 expertise going after those
NOTE Confidence: 0.919774708888889

00:11:19.420 --> 00:11:21.300 violations of the law,
NOTE Confidence: 0.919774708888889

00:11:21.300 --> 00:11:24.036 and so he supported us in what we did.
NOTE Confidence: 0.919774708888889

00:11:24.040 --> 00:11:25.640 And as it turns out,
NOTE Confidence: 0.919774708888889

00:11:25.640 --> 00:11:27.600 we because we were relying on lawyers
NOTE Confidence: 0.919774708888889

00:11:27.600 --> 00:11:29.618 who who were working for nothing,
NOTE Confidence: 0.919774708888889

00:11:29.620 --> 00:11:32.220 but we opened up for offices really quickly,
NOTE Confidence: 0.919774708888889

00:11:32.220 --> 00:11:34.580 and one of our one of not our.
NOTE Confidence: 0.919774708888889

00:11:34.580 --> 00:11:37.107 We have several key key cases was
NOTE Confidence: 0.919774708888889

00:11:37.107 --> 00:11:39.818 actually one that came out of Tennessee,
NOTE Confidence: 0.919774708888889

00:11:39.820 --> 00:11:42.732 Linda's home state where we were contacted
NOTE Confidence: 0.919774708888889

00:11:42.732 --> 00:11:45.332 because the US Department of Energy
NOTE Confidence: 0.919774708888889

00:11:45.332 --> 00:11:48.994 had lost £2.4 million of mercury in lost it.
NOTE Confidence: 0.919774708888889

00:11:49.000 --> 00:11:50.976 We didn't know where it was their their
NOTE Confidence: 0.919774708888889

00:11:50.976 --> 00:11:52.579 record reporting showed that it was gone.
NOTE Confidence: 0.919774708888889

00:11:52.580 --> 00:11:53.966 Well, we knew where it went.

NOTE Confidence: 0.919774708888889
00:11:53.970 --> 00:11:55.690 It went into a tributary
NOTE Confidence: 0.919774708888889
00:11:55.690 --> 00:11:57.042 of the Tennessee River.
NOTE Confidence: 0.919774708888889
00:11:57.042 --> 00:11:58.697 It was the East Fork.
NOTE Confidence: 0.919774708888889
00:11:58.700 --> 00:11:59.552 Poplar Creek,
NOTE Confidence: 0.919774708888889
00:11:59.552 --> 00:11:59.978 again,
NOTE Confidence: 0.919774708888889
00:11:59.978 --> 00:12:02.960 in a community that was low income.
NOTE Confidence: 0.919774708888889
00:12:02.960 --> 00:12:05.137 It was rural and that Mercury was
NOTE Confidence: 0.919774708888889
00:12:05.137 --> 00:12:07.280 carried home and impacting the children
NOTE Confidence: 0.919774708888889
00:12:07.280 --> 00:12:09.940 and the families both from the workers
NOTE Confidence: 0.919774708888889
00:12:10.005 --> 00:12:12.245 who came home and had that exposure,
NOTE Confidence: 0.919774708888889
00:12:12.250 --> 00:12:14.091 but also the the the people lived
NOTE Confidence: 0.919774708888889
00:12:14.091 --> 00:12:16.114 and swam and recreated it in the
NOTE Confidence: 0.919774708888889
00:12:16.114 --> 00:12:17.866 rivers and they were exposed by
NOTE Confidence: 0.919774708888889
00:12:17.928 --> 00:12:19.992 eating the fish when they were
NOTE Confidence: 0.919774708888889
00:12:19.992 --> 00:12:21.832 pregnant the pregnant mothers were
NOTE Confidence: 0.919774708888889

00:12:21.832 --> 00:12:24.604 exposing their children and there was.
NOTE Confidence: 0.919774708888889

00:12:24.610 --> 00:12:27.070 Significant concern about kidney damage.
NOTE Confidence: 0.919774708888889

00:12:27.070 --> 00:12:28.768 About neurodevelopmental damage,
NOTE Confidence: 0.919774708888889

00:12:28.768 --> 00:12:29.900 brain damage.
NOTE Confidence: 0.919774708888889

00:12:29.900 --> 00:12:33.278 A very, very, very difficult situation.
NOTE Confidence: 0.919774708888889

00:12:33.280 --> 00:12:36.412 So LEAF filed a lawsuit against
NOTE Confidence: 0.919774708888889

00:12:36.412 --> 00:12:38.500 the Department of Energy.
NOTE Confidence: 0.919774708888889

00:12:38.500 --> 00:12:39.868 We sued Hodel,
NOTE Confidence: 0.919774708888889

00:12:39.868 --> 00:12:43.060 who was the secretary at the time,
NOTE Confidence: 0.919774708888889

00:12:43.060 --> 00:12:46.077 and we basically won on summary judgment,
NOTE Confidence: 0.919774708888889

00:12:46.080 --> 00:12:48.019 which means there's no question of fact.
NOTE Confidence: 0.919774708888889

00:12:48.020 --> 00:12:49.916 It's just a question of law,
NOTE Confidence: 0.919774708888889

00:12:49.920 --> 00:12:52.096 and we want because the the Department of
NOTE Confidence: 0.919774708888889

00:12:52.096 --> 00:12:54.467 Energy and the federal government was saying,
NOTE Confidence: 0.919774708888889

00:12:54.470 --> 00:12:55.940 well, we don't have to comply
NOTE Confidence: 0.919774708888889

00:12:55.940 --> 00:12:56.675 with environmental laws.

NOTE Confidence: 0.919774708888889
00:12:56.680 --> 00:12:57.487 It's national security.
NOTE Confidence: 0.919774708888889
00:12:57.487 --> 00:12:59.791 Let us do whatever we want to if we
NOTE Confidence: 0.919774708888889
00:12:59.791 --> 00:13:02.052 want to lose £2.4 million of mercury,
NOTE Confidence: 0.919774708888889
00:13:02.052 --> 00:13:02.480 fine,
NOTE Confidence: 0.919774708888889
00:13:02.480 --> 00:13:05.024 they also lost some plutonium in the process.
NOTE Confidence: 0.919774708888889
00:13:05.030 --> 00:13:06.465 But the courts came back and said,
NOTE Confidence: 0.919774708888889
00:13:06.470 --> 00:13:08.050 no, that's that's not acceptable.
NOTE Confidence: 0.919774708888889
00:13:08.050 --> 00:13:10.668 You have to comply with environmental laws.
NOTE Confidence: 0.919774708888889
00:13:10.670 --> 00:13:11.185 Well,
NOTE Confidence: 0.919774708888889
00:13:11.185 --> 00:13:13.760 the significance of this lawsuit
NOTE Confidence: 0.919774708888889
00:13:13.760 --> 00:13:17.037 was made evident by the US
NOTE Confidence: 0.919774708888889
00:13:17.037 --> 00:13:19.285 Department of Energy's website,
NOTE Confidence: 0.919774708888889
00:13:19.290 --> 00:13:21.936 where they list the main events by
NOTE Confidence: 0.919774708888889
00:13:21.936 --> 00:13:25.125 decade and so in the decade of the 80s,
NOTE Confidence: 0.919774708888889
00:13:25.130 --> 00:13:27.685 the 1980s when we filed this lawsuit,
NOTE Confidence: 0.889364732

00:13:27.690 --> 00:13:29.760 we see Chernobyl. And there are
NOTE Confidence: 0.889364732

00:13:29.760 --> 00:13:32.384 those that say that Oakridge was the
NOTE Confidence: 0.889364732

00:13:32.384 --> 00:13:35.220 Chernobyl of of of the United States.
NOTE Confidence: 0.889364732

00:13:35.220 --> 00:13:37.922 Sadly in heartbreakingly we also saw the
NOTE Confidence: 0.889364732

00:13:37.922 --> 00:13:41.500 fall of the Soviet Union, and then we had
NOTE Confidence: 0.889364732

00:13:41.500 --> 00:13:44.010 our lawsuit in equal stance for that.
NOTE Confidence: 0.889364732

00:13:44.010 --> 00:13:45.966 But most importantly what happened is,
NOTE Confidence: 0.889364732

00:13:45.970 --> 00:13:50.240 as a result of the lawsuit, we were able to.
NOTE Confidence: 0.889364732

00:13:50.240 --> 00:13:52.808 But the Department of Energy established
NOTE Confidence: 0.889364732

00:13:52.808 --> 00:13:55.360 an Office of environmental Remediation,
NOTE Confidence: 0.889364732

00:13:55.360 --> 00:13:57.455 which is now the legacy program.
NOTE Confidence: 0.889364732

00:13:57.455 --> 00:14:00.695 But their budget today is almost half a
NOTE Confidence: 0.889364732

00:14:00.695 --> 00:14:03.420 billion dollars of a \$7 billion budget,
NOTE Confidence: 0.889364732

00:14:03.420 --> 00:14:05.618 and that all started with our lawsuit.
NOTE Confidence: 0.889364732

00:14:05.620 --> 00:14:07.456 And I'll say this repeatedly throughout.
NOTE Confidence: 0.889364732

00:14:07.460 --> 00:14:09.676 What does that have to do with research?

NOTE Confidence: 0.889364732

00:14:09.680 --> 00:14:11.765 Because it was incontrovertible about

NOTE Confidence: 0.889364732

00:14:11.765 --> 00:14:14.420 the adverse health effects of mercury.

NOTE Confidence: 0.889364732

00:14:14.420 --> 00:14:16.163 We were able to go forward without

NOTE Confidence: 0.889364732

00:14:16.163 --> 00:14:17.519 having to have any battle,

NOTE Confidence: 0.889364732

00:14:17.520 --> 00:14:18.488 any discussion, any debate.

NOTE Confidence: 0.889364732

00:14:18.488 --> 00:14:20.302 We could not have done this without

NOTE Confidence: 0.889364732

00:14:20.302 --> 00:14:21.895 the research, and so that's.

NOTE Confidence: 0.889364732

00:14:21.895 --> 00:14:23.520 Called Action for continued work

NOTE Confidence: 0.889364732

00:14:23.520 --> 00:14:24.970 with what you're doing,

NOTE Confidence: 0.889364732

00:14:24.970 --> 00:14:27.610 but the story doesn't end there.

NOTE Confidence: 0.889364732

00:14:27.610 --> 00:14:29.761 Two decades later when I was recruited to go

NOTE Confidence: 0.889364732

00:14:29.761 --> 00:14:32.009 work for the Environmental Protection Agency,

NOTE Confidence: 0.889364732

00:14:32.010 --> 00:14:33.478 the first Environmental impact

NOTE Confidence: 0.889364732

00:14:33.478 --> 00:14:34.946 statement that I reviewed,

NOTE Confidence: 0.889364732

00:14:34.950 --> 00:14:36.286 which governs federal activities.

NOTE Confidence: 0.889364732

00:14:36.286 --> 00:14:38.591 And I'll talk about it more in
NOTE Confidence: 0.889364732

00:14:38.591 --> 00:14:40.067 a minute was for the disposal
NOTE Confidence: 0.889364732

00:14:40.067 --> 00:14:41.849 of the waste at the Y 12 plant.
NOTE Confidence: 0.889364732

00:14:41.850 --> 00:14:43.226 So 20 years later,
NOTE Confidence: 0.889364732

00:14:43.226 --> 00:14:45.790 even though we held them accountable by law,
NOTE Confidence: 0.889364732

00:14:45.790 --> 00:14:46.458 in practice,
NOTE Confidence: 0.889364732

00:14:46.458 --> 00:14:48.128 the waste was still there,
NOTE Confidence: 0.889364732

00:14:48.130 --> 00:14:49.650 and the sad part is,
NOTE Confidence: 0.889364732

00:14:49.650 --> 00:14:51.918 while initially the waste was located.
NOTE Confidence: 0.889364732

00:14:51.920 --> 00:14:53.935 In Tennessee and adversely affecting
NOTE Confidence: 0.889364732

00:14:53.935 --> 00:14:56.411 the the community and and in
NOTE Confidence: 0.889364732

00:14:56.411 --> 00:14:58.391 South South eastern Tennessee now
NOTE Confidence: 0.889364732

00:14:58.391 --> 00:14:59.975 because of the disposal,
NOTE Confidence: 0.889364732

00:14:59.980 --> 00:15:01.864 it was going to be exposing
NOTE Confidence: 0.889364732

00:15:01.864 --> 00:15:03.120 communities across the country.
NOTE Confidence: 0.889364732

00:15:03.120 --> 00:15:05.332 And it turns out that the waste

NOTE Confidence: 0.889364732

00:15:05.332 --> 00:15:07.459 disposal site that they wanted to to

NOTE Confidence: 0.889364732

00:15:07.459 --> 00:15:09.784 to locate the the waste to bury the

NOTE Confidence: 0.889364732

00:15:09.784 --> 00:15:12.996 waste was in a community that was 46%

NOTE Confidence: 0.889364732

00:15:12.996 --> 00:15:16.164 Latino was in border of Texas and Arizona,

NOTE Confidence: 0.889364732

00:15:16.170 --> 00:15:17.580 40% did not speak English,

NOTE Confidence: 0.889364732

00:15:17.580 --> 00:15:19.315 yet even under the Obama

NOTE Confidence: 0.889364732

00:15:19.315 --> 00:15:20.676 administration they said, oh,

NOTE Confidence: 0.889364732

00:15:20.676 --> 00:15:21.940 there's no environmental justice.

NOTE Confidence: 0.889364732

00:15:21.940 --> 00:15:23.595 Issue here because the majority

NOTE Confidence: 0.889364732

00:15:23.595 --> 00:15:25.250 of the population is minority,

NOTE Confidence: 0.889364732

00:15:25.250 --> 00:15:27.896 so again applying the the the

NOTE Confidence: 0.889364732

00:15:27.896 --> 00:15:29.219 evidence from research,

NOTE Confidence: 0.889364732

00:15:29.220 --> 00:15:30.246 applying the law,

NOTE Confidence: 0.889364732

00:15:30.246 --> 00:15:32.298 we were able to convince the

NOTE Confidence: 0.889364732

00:15:32.298 --> 00:15:34.509 Department of Justice that that was

NOTE Confidence: 0.889364732

00:15:34.509 --> 00:15:36.309 an unacceptable conclusion and that
NOTE Confidence: 0.889364732

00:15:36.378 --> 00:15:38.355 they needed to to take action and and
NOTE Confidence: 0.889364732

00:15:38.355 --> 00:15:40.433 we were able to get the emergency
NOTE Confidence: 0.889364732

00:15:40.433 --> 00:15:42.638 response materials translated into Spanish.
NOTE Confidence: 0.889364732

00:15:42.640 --> 00:15:45.536 We were able to get health care access
NOTE Confidence: 0.889364732

00:15:45.540 --> 00:15:47.868 considered, not just for for accidents,
NOTE Confidence: 0.889364732

00:15:47.870 --> 00:15:49.290 but for routine releases.
NOTE Confidence: 0.889364732

00:15:49.290 --> 00:15:51.242 So once again, applying research,
NOTE Confidence: 0.889364732

00:15:51.242 --> 00:15:52.124 applying science,
NOTE Confidence: 0.889364732

00:15:52.124 --> 00:15:53.888 applying the law together.
NOTE Confidence: 0.889364732

00:15:53.890 --> 00:15:56.298 We're able to have a good result.
NOTE Confidence: 0.889364732

00:15:56.300 --> 00:15:58.340 But the story doesn't end there,
NOTE Confidence: 0.889364732

00:15:58.340 --> 00:16:00.368 because this was an example of
NOTE Confidence: 0.889364732

00:16:00.368 --> 00:16:02.503 sustained failure on the part of
NOTE Confidence: 0.889364732

00:16:02.503 --> 00:16:04.288 the government to consider the
NOTE Confidence: 0.889364732

00:16:04.288 --> 00:16:06.176 environment and the human environment

NOTE Confidence: 0.889364732

00:16:06.176 --> 00:16:08.438 for low income people of color.

NOTE Confidence: 0.889364732

00:16:08.440 --> 00:16:12.056 So I worked with the law and executive

NOTE Confidence: 0.889364732

00:16:12.056 --> 00:16:15.763 orders and you'll hear me tell more

NOTE Confidence: 0.889364732

00:16:15.763 --> 00:16:19.334 about executive orders to focus on the

NOTE Confidence: 0.889364732

00:16:19.334 --> 00:16:21.278 national Environmental Policy Act,

NOTE Confidence: 0.889364732

00:16:21.280 --> 00:16:24.080 and I worked with a group of federal

NOTE Confidence: 0.889364732

00:16:24.080 --> 00:16:27.658 nipa and environmental justice practitioners,

NOTE Confidence: 0.889364732

00:16:27.660 --> 00:16:29.820 and we started at 12 and we ended

NOTE Confidence: 0.889364732

00:16:29.820 --> 00:16:30.360 up with

NOTE Confidence: 0.944522613333333

00:16:30.429 --> 00:16:32.888 200 so. So, Linda, we're going to get

NOTE Confidence: 0.944522613333333

00:16:32.888 --> 00:16:35.800 over 200 for our policy work and we

NOTE Confidence: 0.944522613333333

00:16:35.800 --> 00:16:37.220 actually developed an environmental

NOTE Confidence: 0.944522613333333

00:16:37.220 --> 00:16:39.657 justice methodology and we we laid out the

NOTE Confidence: 0.944522613333333

00:16:39.657 --> 00:16:41.730 components of what needed to be considered.

NOTE Confidence: 0.944522613333333

00:16:41.730 --> 00:16:43.945 And again, obviously transparency and

NOTE Confidence: 0.944522613333333

00:16:43.945 --> 00:16:46.470 meaningful engagement at the front end.
NOTE Confidence: 0.9445226133333333

00:16:46.470 --> 00:16:48.744 Considering the impact of the alternative
NOTE Confidence: 0.9445226133333333

00:16:48.744 --> 00:16:50.890 sinking of not just the land,
NOTE Confidence: 0.9445226133333333

00:16:50.890 --> 00:16:52.358 air and water impact,
NOTE Confidence: 0.9445226133333333

00:16:52.358 --> 00:16:53.826 but the human environment.
NOTE Confidence: 0.9445226133333333

00:16:53.830 --> 00:16:55.518 The statute recognizes the
NOTE Confidence: 0.9445226133333333

00:16:55.518 --> 00:16:57.206 human environment being health,
NOTE Confidence: 0.9445226133333333

00:16:57.210 --> 00:16:58.680 cultural, economic, historic.
NOTE Confidence: 0.9445226133333333

00:16:58.680 --> 00:17:02.110 So we we have a methodology for.
NOTE Confidence: 0.9445226133333333

00:17:02.110 --> 00:17:04.868 For for addressing all of these concerns,
NOTE Confidence: 0.9445226133333333

00:17:04.870 --> 00:17:06.865 again, the the the call out for
NOTE Confidence: 0.9445226133333333

00:17:06.865 --> 00:17:08.946 researchers is that we have set with
NOTE Confidence: 0.9445226133333333

00:17:08.946 --> 00:17:10.692 this document which we produced and
NOTE Confidence: 0.9445226133333333

00:17:10.750 --> 00:17:12.710 is now part of the the requirements
NOTE Confidence: 0.9445226133333333

00:17:12.710 --> 00:17:13.871 of the federal government,
NOTE Confidence: 0.9445226133333333

00:17:13.871 --> 00:17:16.118 including the White House is we need

NOTE Confidence: 0.944522613333333

00:17:16.118 --> 00:17:18.789 help and and continuing to build out

NOTE Confidence: 0.944522613333333

00:17:18.789 --> 00:17:20.365 those relationships beyond mercury.

NOTE Confidence: 0.944522613333333

00:17:20.370 --> 00:17:23.782 There's 770,000 contaminants in common

NOTE Confidence: 0.944522613333333

00:17:23.782 --> 00:17:26.230 use and there's regulations for about 100,

NOTE Confidence: 0.944522613333333

00:17:26.230 --> 00:17:28.750 so the work is is urgently needed

NOTE Confidence: 0.944522613333333

00:17:28.750 --> 00:17:30.570 on in that respect.

NOTE Confidence: 0.944522613333333

00:17:30.570 --> 00:17:31.226 So again,

NOTE Confidence: 0.944522613333333

00:17:31.226 --> 00:17:33.522 for for every story I'm going to

NOTE Confidence: 0.944522613333333

00:17:33.522 --> 00:17:35.741 give you the story building blocks

NOTE Confidence: 0.944522613333333

00:17:35.741 --> 00:17:38.050 and A and a commercial break,

NOTE Confidence: 0.944522613333333

00:17:38.050 --> 00:17:39.940 but I think the building blocks

NOTE Confidence: 0.944522613333333

00:17:39.940 --> 00:17:41.867 for for researchers and for the

NOTE Confidence: 0.944522613333333

00:17:41.867 --> 00:17:43.087 walkaways is number one.

NOTE Confidence: 0.944522613333333

00:17:43.090 --> 00:17:44.059 Like I said,

NOTE Confidence: 0.944522613333333

00:17:44.059 --> 00:17:46.320 because we had that solid evidence of

NOTE Confidence: 0.944522613333333

00:17:46.388 --> 00:17:48.908 the health impacts of of a contaminant,
NOTE Confidence: 0.9445226133333333

00:17:48.910 --> 00:17:51.529 we were able to to get the the the,
NOTE Confidence: 0.9445226133333333

00:17:51.530 --> 00:17:52.348 the, the,
NOTE Confidence: 0.9445226133333333

00:17:52.348 --> 00:17:54.802 the problem fixed and a place
NOTE Confidence: 0.9445226133333333

00:17:54.802 --> 00:17:55.620 based perspective.
NOTE Confidence: 0.9445226133333333

00:17:55.620 --> 00:17:58.428 We were also able once again to apply the
NOTE Confidence: 0.9445226133333333

00:17:58.428 --> 00:18:01.237 the local disaster and create systemic.
NOTE Confidence: 0.9445226133333333

00:18:01.240 --> 00:18:04.840 A framework for systemic protection,
NOTE Confidence: 0.9445226133333333

00:18:04.840 --> 00:18:06.488 but this is the area that the next
NOTE Confidence: 0.9445226133333333

00:18:06.488 --> 00:18:07.997 two blocks are really where it is.
NOTE Confidence: 0.9445226133333333

00:18:08.000 --> 00:18:08.944 That road map for?
NOTE Confidence: 0.9445226133333333

00:18:08.944 --> 00:18:09.180 What?
NOTE Confidence: 0.9445226133333333

00:18:09.180 --> 00:18:12.442 For what researchers can be doing is
NOTE Confidence: 0.9445226133333333

00:18:12.442 --> 00:18:15.371 that what's happening now with this
NOTE Confidence: 0.9445226133333333

00:18:15.371 --> 00:18:17.292 heightened emphasis on environmental
NOTE Confidence: 0.9445226133333333

00:18:17.292 --> 00:18:20.596 justice amplified by COVID with with climate,

NOTE Confidence: 0.944522613333333

00:18:20.600 --> 00:18:22.400 there's an urgent need for the

NOTE Confidence: 0.944522613333333

00:18:22.400 --> 00:18:24.057 research looking at health effects

NOTE Confidence: 0.944522613333333

00:18:24.057 --> 00:18:25.657 from the legacy contamination,

NOTE Confidence: 0.944522613333333

00:18:25.660 --> 00:18:26.648 historic contamination,

NOTE Confidence: 0.944522613333333

00:18:26.648 --> 00:18:29.118 but also the emerging contaminants.

NOTE Confidence: 0.944522613333333

00:18:29.120 --> 00:18:30.385 So that's a very fertile

NOTE Confidence: 0.944522613333333

00:18:30.385 --> 00:18:32.160 opportunity with a lot of research.

NOTE Confidence: 0.944522613333333

00:18:32.160 --> 00:18:34.548 Dollars that are available.

NOTE Confidence: 0.944522613333333

00:18:34.548 --> 00:18:37.686 There's the recognition that a protection

NOTE Confidence: 0.944522613333333

00:18:37.686 --> 00:18:40.297 of the population at large is insufficient.

NOTE Confidence: 0.944522613333333

00:18:40.300 --> 00:18:42.274 You need to look at the sub

NOTE Confidence: 0.944522613333333

00:18:42.274 --> 00:18:42.838 vulnerable populations,

NOTE Confidence: 0.944522613333333

00:18:42.840 --> 00:18:44.196 and there's recognition based

NOTE Confidence: 0.944522613333333

00:18:44.196 --> 00:18:46.230 on race based on income status

NOTE Confidence: 0.944522613333333

00:18:46.292 --> 00:18:48.160 based on medical vulnerabilities.

NOTE Confidence: 0.944522613333333

00:18:48.160 --> 00:18:50.528 So the the world is there now recognizing
NOTE Confidence: 0.9445226133333333

00:18:50.528 --> 00:18:52.577 what we think needs to be done.
NOTE Confidence: 0.9445226133333333

00:18:52.580 --> 00:18:54.764 They just need help in doing it.
NOTE Confidence: 0.9445226133333333

00:18:54.770 --> 00:18:57.332 And last but not least are
NOTE Confidence: 0.9445226133333333

00:18:57.332 --> 00:18:58.613 the psychological stressors.
NOTE Confidence: 0.9445226133333333

00:18:58.620 --> 00:19:00.874 The words that were used are psychosocial.
NOTE Confidence: 0.9445226133333333

00:19:00.880 --> 00:19:02.050 I don't know if that's what
NOTE Confidence: 0.9445226133333333

00:19:02.050 --> 00:19:03.030 y'all would choose to use.
NOTE Confidence: 0.9445226133333333

00:19:03.030 --> 00:19:04.305 But it really is getting
NOTE Confidence: 0.9445226133333333

00:19:04.305 --> 00:19:05.325 to that mental health,
NOTE Confidence: 0.9445226133333333

00:19:05.330 --> 00:19:07.098 and I think we're no longer in the
NOTE Confidence: 0.9445226133333333

00:19:07.098 --> 00:19:09.185 space of it being whether we address it,
NOTE Confidence: 0.9445226133333333

00:19:09.190 --> 00:19:09.694 it's how.
NOTE Confidence: 0.9445226133333333

00:19:09.694 --> 00:19:10.954 And the federal government needs
NOTE Confidence: 0.9445226133333333

00:19:10.954 --> 00:19:12.010 a lot of help,
NOTE Confidence: 0.9445226133333333

00:19:12.010 --> 00:19:14.341 and figuring out how and again in

NOTE Confidence: 0.944522613333333

00:19:14.341 --> 00:19:17.229 terms of the roles of the researchers,

NOTE Confidence: 0.944522613333333

00:19:17.230 --> 00:19:19.110 just your understanding of this

NOTE Confidence: 0.944522613333333

00:19:19.110 --> 00:19:21.971 whole space can be very valuable to

NOTE Confidence: 0.944522613333333

00:19:21.971 --> 00:19:24.231 government decision makers so that

NOTE Confidence: 0.944522613333333

00:19:24.231 --> 00:19:26.982 they can understand the issue of

NOTE Confidence: 0.944522613333333

00:19:26.982 --> 00:19:28.834 contaminated exposure, exposure routes,

NOTE Confidence: 0.944522613333333

00:19:28.834 --> 00:19:29.758 vulnerability sensitivities,

NOTE Confidence: 0.944522613333333

00:19:29.758 --> 00:19:31.606 and so just helping.

NOTE Confidence: 0.93495116

00:19:31.610 --> 00:19:33.251 With that understanding, I think, is.

NOTE Confidence: 0.93495116

00:19:33.251 --> 00:19:34.956 Is a very important role.

NOTE Confidence: 0.93495116

00:19:34.960 --> 00:19:36.969 There's also a huge amount of data

NOTE Confidence: 0.93495116

00:19:36.969 --> 00:19:38.767 that's available at the federal

NOTE Confidence: 0.93495116

00:19:38.767 --> 00:19:40.535 government on environmental exposures,

NOTE Confidence: 0.93495116

00:19:40.540 --> 00:19:42.105 and that data comes from

NOTE Confidence: 0.93495116

00:19:42.105 --> 00:19:43.357 government collecting that data.

NOTE Confidence: 0.93495116

00:19:43.360 --> 00:19:45.106 But it also comes from the
NOTE Confidence: 0.93495116

00:19:45.106 --> 00:19:46.270 environmental laws that require
NOTE Confidence: 0.93495116

00:19:46.329 --> 00:19:48.039 the polluter to collect that data.
NOTE Confidence: 0.93495116

00:19:48.040 --> 00:19:49.000 And it's also available.
NOTE Confidence: 0.93495116

00:19:49.000 --> 00:19:50.942 So there's a whole world of data out
NOTE Confidence: 0.93495116

00:19:50.942 --> 00:19:52.298 there that you could be accessing
NOTE Confidence: 0.93495116

00:19:52.298 --> 00:19:53.684 as you look at environmental
NOTE Confidence: 0.93495116

00:19:53.684 --> 00:19:55.154 influences and then and then.
NOTE Confidence: 0.93495116

00:19:55.160 --> 00:19:56.954 Finally, is this this world of
NOTE Confidence: 0.93495116

00:19:56.954 --> 00:19:58.150 new funding opportunities and
NOTE Confidence: 0.93495116

00:19:58.200 --> 00:19:59.724 the way government works are not
NOTE Confidence: 0.93495116

00:19:59.724 --> 00:20:01.240 going to get along timeline.
NOTE Confidence: 0.93495116

00:20:01.240 --> 00:20:02.360 You may get two weeks.
NOTE Confidence: 0.93495116

00:20:02.360 --> 00:20:03.715 You may get two months, but.
NOTE Confidence: 0.93495116

00:20:03.715 --> 00:20:04.265 But yesterday,
NOTE Confidence: 0.93495116

00:20:04.265 --> 00:20:06.190 as a time to start thinking about

NOTE Confidence: 0.93495116

00:20:06.244 --> 00:20:07.738 how we can pull together the

NOTE Confidence: 0.93495116

00:20:07.738 --> 00:20:09.277 expertise of the of the child

NOTE Confidence: 0.93495116

00:20:09.277 --> 00:20:10.741 Study Center so that we're able

NOTE Confidence: 0.93495116

00:20:10.741 --> 00:20:12.442 to to Marshall those resources.

NOTE Confidence: 0.93495116

00:20:12.442 --> 00:20:15.790 So that's the end of my first story.

NOTE Confidence: 0.93495116

00:20:15.790 --> 00:20:17.770 But the commercial break here again,

NOTE Confidence: 0.93495116

00:20:17.770 --> 00:20:20.066 just a walk away for you is with

NOTE Confidence: 0.93495116

00:20:20.066 --> 00:20:21.949 the federal environmental laws.

NOTE Confidence: 0.93495116

00:20:21.950 --> 00:20:25.100 They're about 12 to 15 that

NOTE Confidence: 0.93495116

00:20:25.100 --> 00:20:27.200 are administered by EPA.

NOTE Confidence: 0.93495116

00:20:27.200 --> 00:20:29.030 The federal government tends to

NOTE Confidence: 0.93495116

00:20:29.030 --> 00:20:30.860 cluster the laws by resources,

NOTE Confidence: 0.93495116

00:20:30.860 --> 00:20:33.060 land laws, air laws,

NOTE Confidence: 0.93495116

00:20:33.060 --> 00:20:34.160 water laws,

NOTE Confidence: 0.93495116

00:20:34.160 --> 00:20:36.308 all of the laws require consideration

NOTE Confidence: 0.93495116

00:20:36.308 --> 00:20:38.153 of protection of the environment

NOTE Confidence: 0.93495116

00:20:38.153 --> 00:20:40.259 and the human health or the

NOTE Confidence: 0.93495116

00:20:40.259 --> 00:20:42.670 public health and the focus on

NOTE Confidence: 0.93495116

00:20:42.670 --> 00:20:45.370 public health is anemic at best.

NOTE Confidence: 0.93495116

00:20:45.370 --> 00:20:47.015 Most of the work the predominant work

NOTE Confidence: 0.93495116

00:20:47.015 --> 00:20:48.685 is on the natural resources affected

NOTE Confidence: 0.93495116

00:20:48.685 --> 00:20:50.820 or the critters that the the fish.

NOTE Confidence: 0.93495116

00:20:50.820 --> 00:20:52.520 The birds that the wildlife,

NOTE Confidence: 0.93495116

00:20:52.520 --> 00:20:54.158 and so it's a huge opportunity

NOTE Confidence: 0.93495116

00:20:54.158 --> 00:20:55.581 to start applying what we're

NOTE Confidence: 0.93495116

00:20:55.581 --> 00:20:57.255 doing to get that that systemic.

NOTE Confidence: 0.93495116

00:20:57.260 --> 00:21:00.440 Policy change and so you know,

NOTE Confidence: 0.93495116

00:21:00.440 --> 00:21:01.712 love to talk to anybody about

NOTE Confidence: 0.93495116

00:21:01.712 --> 00:21:02.560 any of these statutes.

NOTE Confidence: 0.93495116

00:21:02.560 --> 00:21:03.690 That could be another whole

NOTE Confidence: 0.93495116

00:21:03.690 --> 00:21:04.820 whole lecture and of itself,

NOTE Confidence: 0.93495116

00:21:04.820 --> 00:21:06.157 but but there's just a lot of

NOTE Confidence: 0.93495116

00:21:06.157 --> 00:21:07.058 authority out there to help

NOTE Confidence: 0.93495116

00:21:07.058 --> 00:21:08.059 us do what we want to do.

NOTE Confidence: 0.93495116

00:21:08.060 --> 00:21:11.080 For for children and families.

NOTE Confidence: 0.93495116

00:21:11.080 --> 00:21:13.024 The second story alright.

NOTE Confidence: 0.93495116

00:21:13.024 --> 00:21:14.968 Switching gears from researchers

NOTE Confidence: 0.93495116

00:21:14.968 --> 00:21:17.967 now to the Clinical care program.

NOTE Confidence: 0.93495116

00:21:17.970 --> 00:21:20.525 Is about a a methodology that we've

NOTE Confidence: 0.93495116

00:21:20.525 --> 00:21:22.955 developed which we put under the

NOTE Confidence: 0.93495116

00:21:22.955 --> 00:21:25.065 triple bottom line justice umbrella.

NOTE Confidence: 0.93495116

00:21:25.070 --> 00:21:26.720 It's what we call brownfields to

NOTE Confidence: 0.93495116

00:21:26.720 --> 00:21:28.294 health fields and we shorten that

NOTE Confidence: 0.93495116

00:21:28.294 --> 00:21:30.270 to be 2 H and I'll tell you a

NOTE Confidence: 0.93495116

00:21:30.270 --> 00:21:31.830 little bit about what that means.

NOTE Confidence: 0.93495116

00:21:31.830 --> 00:21:34.502 But I I want to start with the

NOTE Confidence: 0.93495116

00:21:34.502 --> 00:21:37.222 story and in the 90s there was a
NOTE Confidence: 0.93495116

00:21:37.222 --> 00:21:39.064 coalescing of this recognition of
NOTE Confidence: 0.93495116

00:21:39.064 --> 00:21:40.668 the disproportionate burden of
NOTE Confidence: 0.93495116

00:21:40.668 --> 00:21:43.321 pollution on people of color and low
NOTE Confidence: 0.93495116

00:21:43.321 --> 00:21:45.358 wealth and at the same time there
NOTE Confidence: 0.93495116

00:21:45.358 --> 00:21:48.086 was a big movement to start redeveloping.
NOTE Confidence: 0.93495116

00:21:48.090 --> 00:21:49.066 Vacant properties,
NOTE Confidence: 0.93495116

00:21:49.066 --> 00:21:51.506 some of which were contaminated,
NOTE Confidence: 0.93495116

00:21:51.510 --> 00:21:52.365 30% were not,
NOTE Confidence: 0.93495116

00:21:52.365 --> 00:21:54.075 but they wanted to turn that
NOTE Confidence: 0.93495116

00:21:54.075 --> 00:21:55.894 into productive use, and so,
NOTE Confidence: 0.93495116

00:21:55.894 --> 00:21:57.022 having worked with communities
NOTE Confidence: 0.93495116

00:21:57.022 --> 00:21:58.770 on a lot of pollution,
NOTE Confidence: 0.93495116

00:21:58.770 --> 00:22:00.926 I reached out to Miss Willa Carson,
NOTE Confidence: 0.93495116

00:22:00.930 --> 00:22:01.818 who is smiling here.
NOTE Confidence: 0.93495116

00:22:01.818 --> 00:22:03.909 And I will tell you why she's smiling.

NOTE Confidence: 0.93495116

00:22:03.910 --> 00:22:05.010 And as Karen pointed out,

NOTE Confidence: 0.93495116

00:22:05.010 --> 00:22:06.522 it's not because she wanted her

NOTE Confidence: 0.93495116

00:22:06.522 --> 00:22:08.347 friends to stop dying at the bus stop.

NOTE Confidence: 0.93495116

00:22:08.350 --> 00:22:10.226 There is a good story behind that,

NOTE Confidence: 0.93495116

00:22:10.230 --> 00:22:11.856 but I asked her what did

NOTE Confidence: 0.93495116

00:22:11.856 --> 00:22:12.940 she want from this

NOTE Confidence: 0.938288995217391

00:22:13.012 --> 00:22:15.162 coalescing of money and power

NOTE Confidence: 0.938288995217391

00:22:15.162 --> 00:22:16.882 and authority on environmental

NOTE Confidence: 0.938288995217391

00:22:16.882 --> 00:22:18.828 justice and contaminated lands?

NOTE Confidence: 0.938288995217391

00:22:18.830 --> 00:22:20.202 And she said, I want my friends

NOTE Confidence: 0.938288995217391

00:22:20.202 --> 00:22:21.529 to stop dying at the bus stop.

NOTE Confidence: 0.938288995217391

00:22:21.530 --> 00:22:23.870 And I said, well, is it drive by shootings?

NOTE Confidence: 0.938288995217391

00:22:23.870 --> 00:22:25.610 Is it drunken driving? No.

NOTE Confidence: 0.938288995217391

00:22:25.610 --> 00:22:26.945 When people in her community

NOTE Confidence: 0.938288995217391

00:22:26.945 --> 00:22:28.820 had a heart attack or a stroke,

NOTE Confidence: 0.938288995217391

00:22:28.820 --> 00:22:30.881 they had to go to the bus stop to
NOTE Confidence: 0.938288995217391

00:22:30.881 --> 00:22:33.196 get on the bus to go to the hospital
NOTE Confidence: 0.938288995217391

00:22:33.196 --> 00:22:35.000 they had in Florida at the time.
NOTE Confidence: 0.938288995217391

00:22:35.000 --> 00:22:37.772 Out of 64 county, 17 counties were
NOTE Confidence: 0.938288995217391

00:22:37.772 --> 00:22:39.869 unserved for community health care,
NOTE Confidence: 0.938288995217391

00:22:39.870 --> 00:22:41.822 and so we said, bingo, let's,
NOTE Confidence: 0.938288995217391

00:22:41.822 --> 00:22:43.782 let's start getting health care
NOTE Confidence: 0.938288995217391

00:22:43.782 --> 00:22:45.350 access in your neighborhood,
NOTE Confidence: 0.938288995217391

00:22:45.350 --> 00:22:47.324 and we found an abandoned gas station.
NOTE Confidence: 0.938288995217391

00:22:47.330 --> 00:22:49.982 We used EPA dollars to get
NOTE Confidence: 0.938288995217391

00:22:49.982 --> 00:22:51.876 the site remediated and then.
NOTE Confidence: 0.938288995217391

00:22:51.876 --> 00:22:53.857 The reason why she's smiling is it's
NOTE Confidence: 0.938288995217391

00:22:53.857 --> 00:22:56.182 OK so we got the property given to
NOTE Confidence: 0.938288995217391

00:22:56.182 --> 00:22:57.957 the community for low or no cost.
NOTE Confidence: 0.938288995217391

00:22:57.960 --> 00:22:59.520 But what about construction?
NOTE Confidence: 0.938288995217391

00:22:59.520 --> 00:23:00.690 What about operation?

NOTE Confidence: 0.938288995217391

00:23:00.690 --> 00:23:03.626 And it turned out that the the state

NOTE Confidence: 0.938288995217391

00:23:03.626 --> 00:23:06.625 senator from that area was was the

NOTE Confidence: 0.938288995217391

00:23:06.625 --> 00:23:09.150 Senate Republican president and I

NOTE Confidence: 0.938288995217391

00:23:09.150 --> 00:23:12.148 found out that he had just gotten

NOTE Confidence: 0.938288995217391

00:23:12.148 --> 00:23:14.238 appropriation for the local hospital

NOTE Confidence: 0.938288995217391

00:23:14.238 --> 00:23:16.523 for a parking lot for \$500,000.

NOTE Confidence: 0.938288995217391

00:23:16.523 --> 00:23:19.520 So I took Willa with me and we went

NOTE Confidence: 0.938288995217391

00:23:19.602 --> 00:23:22.050 and met with the senator and I I.

NOTE Confidence: 0.938288995217391

00:23:22.050 --> 00:23:23.422 I asked her this question as to

NOTE Confidence: 0.938288995217391

00:23:23.422 --> 00:23:24.885 why she wanted to put environmental

NOTE Confidence: 0.938288995217391

00:23:24.885 --> 00:23:25.993 justice in brownfields together

NOTE Confidence: 0.938288995217391

00:23:25.993 --> 00:23:27.585 and she said I want my friends

NOTE Confidence: 0.938288995217391

00:23:27.585 --> 00:23:28.911 to stop dying at the bus stop.

NOTE Confidence: 0.938288995217391

00:23:28.911 --> 00:23:31.170 So I turned to Senator Lott Val and I

NOTE Confidence: 0.938288995217391

00:23:31.235 --> 00:23:33.131 said isn't this community work worth

NOTE Confidence: 0.938288995217391

00:23:33.131 --> 00:23:35.335 a parking lot and we got our \$500,000
NOTE Confidence: 0.938288995217391

00:23:35.335 --> 00:23:37.400 through the tobacco funding at that time,
NOTE Confidence: 0.938288995217391

00:23:37.400 --> 00:23:39.254 but that's that's why she's smiling
NOTE Confidence: 0.938288995217391

00:23:39.254 --> 00:23:41.260 because we were able to tell that
NOTE Confidence: 0.938288995217391

00:23:41.260 --> 00:23:42.919 story to make the point and to
NOTE Confidence: 0.938288995217391

00:23:42.981 --> 00:23:45.012 get to get action so that that's
NOTE Confidence: 0.938288995217391

00:23:45.012 --> 00:23:48.150 what we've done in terms of of the
NOTE Confidence: 0.938288995217391

00:23:48.150 --> 00:23:51.162 the the access for clinicians by
NOTE Confidence: 0.938288995217391

00:23:51.162 --> 00:23:53.320 applying an environmental policy.
NOTE Confidence: 0.938288995217391

00:23:53.320 --> 00:23:56.524 But from this this story here
NOTE Confidence: 0.938288995217391

00:23:56.524 --> 00:23:58.488 that started in Florida,
NOTE Confidence: 0.938288995217391

00:23:58.488 --> 00:24:00.994 we were able to get state legislation
NOTE Confidence: 0.938288995217391

00:24:00.994 --> 00:24:02.982 to establish a Community health
NOTE Confidence: 0.938288995217391

00:24:02.982 --> 00:24:04.586 advisory program within the
NOTE Confidence: 0.938288995217391

00:24:04.586 --> 00:24:06.280 State Department of Health,
NOTE Confidence: 0.938288995217391

00:24:06.280 --> 00:24:08.584 which would look at that relationship

NOTE Confidence: 0.938288995217391

00:24:08.584 --> 00:24:10.921 between health and access to health

NOTE Confidence: 0.938288995217391

00:24:10.921 --> 00:24:13.117 care and and to environmental justice.

NOTE Confidence: 0.938288995217391

00:24:13.120 --> 00:24:15.712 And we were also able to to spawn

NOTE Confidence: 0.938288995217391

00:24:15.712 --> 00:24:18.170 a practice not just with local

NOTE Confidence: 0.938288995217391

00:24:18.170 --> 00:24:20.774 government and with the private sector,

NOTE Confidence: 0.938288995217391

00:24:20.780 --> 00:24:23.768 but but really much more broadly.

NOTE Confidence: 0.938288995217391

00:24:23.770 --> 00:24:26.242 Before I tell you a couple of more

NOTE Confidence: 0.938288995217391

00:24:26.242 --> 00:24:27.873 success stories which have come

NOTE Confidence: 0.938288995217391

00:24:27.873 --> 00:24:30.107 after the will of Carson story to

NOTE Confidence: 0.938288995217391

00:24:30.107 --> 00:24:32.466 give you a little bit of background

NOTE Confidence: 0.938288995217391

00:24:32.470 --> 00:24:35.046 'cause I know you don't come from the

NOTE Confidence: 0.938288995217391

00:24:35.046 --> 00:24:36.489 environmental perspective is you know

NOTE Confidence: 0.938288995217391

00:24:36.489 --> 00:24:38.211 what are brownfields and and what is

NOTE Confidence: 0.938288995217391

00:24:38.262 --> 00:24:40.530 a health field that you could probably we.

NOTE Confidence: 0.938288995217391

00:24:40.530 --> 00:24:42.602 We could take a little little tour

NOTE Confidence: 0.938288995217391

00:24:42.602 --> 00:24:44.250 outside this building and I could
NOTE Confidence: 0.938288995217391

00:24:44.250 --> 00:24:46.200 probably show you at least 20 or 30
NOTE Confidence: 0.938288995217391

00:24:46.200 --> 00:24:47.790 brownfields and and a half hour.
NOTE Confidence: 0.938288995217391

00:24:47.790 --> 00:24:49.434 But it's it's the notion could
NOTE Confidence: 0.938288995217391

00:24:49.434 --> 00:24:50.530 be abandoned gas station.
NOTE Confidence: 0.938288995217391

00:24:50.530 --> 00:24:51.900 It could be a landfill.
NOTE Confidence: 0.938288995217391

00:24:51.900 --> 00:24:53.880 It could be illegal dumping.
NOTE Confidence: 0.938288995217391

00:24:53.880 --> 00:24:55.836 It could be historic mining operations.
NOTE Confidence: 0.938288995217391

00:24:55.840 --> 00:24:56.852 It's it's what's bad,
NOTE Confidence: 0.938288995217391

00:24:56.852 --> 00:24:58.370 but once again we have a
NOTE Confidence: 0.929734264137931

00:24:58.433 --> 00:24:59.738 significant programming and
NOTE Confidence: 0.929734264137931

00:24:59.738 --> 00:25:01.913 significant funding from the federal
NOTE Confidence: 0.929734264137931

00:25:01.913 --> 00:25:03.782 government and the state government
NOTE Confidence: 0.929734264137931

00:25:03.782 --> 00:25:05.654 to get these sites cleaned up.
NOTE Confidence: 0.929734264137931

00:25:05.660 --> 00:25:07.212 And when they get cleaned up we can
NOTE Confidence: 0.929734264137931

00:25:07.212 --> 00:25:08.852 come in and work with the communities

NOTE Confidence: 0.929734264137931
00:25:08.852 --> 00:25:10.357 to get them turned into something
NOTE Confidence: 0.929734264137931
00:25:10.357 --> 00:25:12.177 that's going to be healthy for them.
NOTE Confidence: 0.929734264137931
00:25:12.180 --> 00:25:14.210 We look at the definition of health
NOTE Confidence: 0.929734264137931
00:25:14.210 --> 00:25:16.299 with the World Health Organization.
NOTE Confidence: 0.929734264137931
00:25:16.300 --> 00:25:17.968 It's not the absence of disease,
NOTE Confidence: 0.929734264137931
00:25:17.970 --> 00:25:20.083 but it's the mental, physical, spiritual,
NOTE Confidence: 0.929734264137931
00:25:20.083 --> 00:25:21.898 social well being of individuals,
NOTE Confidence: 0.929734264137931
00:25:21.900 --> 00:25:24.056 families and communities so.
NOTE Confidence: 0.929734264137931
00:25:24.056 --> 00:25:27.290 This is what brownfields revitalization is.
NOTE Confidence: 0.929734264137931
00:25:27.290 --> 00:25:29.890 Keep in mind that when we talk about
NOTE Confidence: 0.929734264137931
00:25:29.890 --> 00:25:31.909 these contaminated sites and brownfields,
NOTE Confidence: 0.929734264137931
00:25:31.910 --> 00:25:34.206 not all of them have that contamination or
NOTE Confidence: 0.929734264137931
00:25:34.206 --> 00:25:36.410 some like gas stations have contamination
NOTE Confidence: 0.929734264137931
00:25:36.410 --> 00:25:38.762 that could be fairly easily remediated.
NOTE Confidence: 0.929734264137931
00:25:38.770 --> 00:25:40.940 So keep keep that in your mind
NOTE Confidence: 0.929734264137931

00:25:40.940 --> 00:25:43.010 because I'm going to land the
NOTE Confidence: 0.929734264137931

00:25:43.010 --> 00:25:44.790 plane right here in Connecticut.
NOTE Confidence: 0.929734264137931

00:25:44.790 --> 00:25:45.116 Again,
NOTE Confidence: 0.929734264137931

00:25:45.116 --> 00:25:47.398 I I mentioned that we created the
NOTE Confidence: 0.929734264137931

00:25:47.398 --> 00:25:49.600 concept with the Community with with,
NOTE Confidence: 0.929734264137931

00:25:49.600 --> 00:25:52.252 with Willa Carson and with others what
NOTE Confidence: 0.929734264137931

00:25:52.252 --> 00:25:54.364 we call brownfields to health fields
NOTE Confidence: 0.929734264137931

00:25:54.370 --> 00:25:57.636 B2H with the B2H representing getting
NOTE Confidence: 0.929734264137931

00:25:57.636 --> 00:26:00.030 rid of what's bad the be the two is
NOTE Confidence: 0.929734264137931

00:26:00.099 --> 00:26:02.311 the engagement of the people who are
NOTE Confidence: 0.929734264137931

00:26:02.311 --> 00:26:04.635 living in that community so that they
NOTE Confidence: 0.929734264137931

00:26:04.635 --> 00:26:07.077 can determine what needs to go on
NOTE Confidence: 0.929734264137931

00:26:07.077 --> 00:26:09.879 that property as it's being reused.
NOTE Confidence: 0.929734264137931

00:26:09.880 --> 00:26:11.830 When, when Brownfields first started,
NOTE Confidence: 0.929734264137931

00:26:11.830 --> 00:26:13.390 there was a very real risk that would
NOTE Confidence: 0.929734264137931

00:26:13.390 --> 00:26:14.973 be a double edged sword that that

NOTE Confidence: 0.929734264137931

00:26:14.973 --> 00:26:16.860 it could be used for gentrification.

NOTE Confidence: 0.929734264137931

00:26:16.860 --> 00:26:17.952 For for displacement,

NOTE Confidence: 0.929734264137931

00:26:17.952 --> 00:26:19.772 but by empowering the communities

NOTE Confidence: 0.929734264137931

00:26:19.772 --> 00:26:20.900 who lived there,

NOTE Confidence: 0.929734264137931

00:26:20.900 --> 00:26:22.370 they could then decide that their

NOTE Confidence: 0.929734264137931

00:26:22.370 --> 00:26:24.218 future so that it could be healthy.

NOTE Confidence: 0.929734264137931

00:26:24.220 --> 00:26:27.077 And so the notion of B2H is that

NOTE Confidence: 0.929734264137931

00:26:27.077 --> 00:26:28.394 transformation of contaminated

NOTE Confidence: 0.929734264137931

00:26:28.394 --> 00:26:30.150 properties to strengthen the

NOTE Confidence: 0.929734264137931

00:26:30.220 --> 00:26:32.445 community health and well being and

NOTE Confidence: 0.929734264137931

00:26:32.445 --> 00:26:34.885 and looking at ways to to deal with

NOTE Confidence: 0.929734264137931

00:26:34.885 --> 00:26:37.148 disease and and poverty and violence.

NOTE Confidence: 0.923374656

00:26:40.450 --> 00:26:42.245 Continuing with this concept because

NOTE Confidence: 0.923374656

00:26:42.245 --> 00:26:44.381 there is a relationship that clinical

NOTE Confidence: 0.923374656

00:26:44.381 --> 00:26:46.637 care that Linda and I are just starting

NOTE Confidence: 0.923374656

00:26:46.637 --> 00:26:48.697 to have have a conversation about is
NOTE Confidence: 0.923374656

00:26:48.697 --> 00:26:50.940 the notion and the way we played it out.
NOTE Confidence: 0.923374656

00:26:50.940 --> 00:26:53.208 As we've been developing brownfields to
NOTE Confidence: 0.923374656

00:26:53.208 --> 00:26:55.685 health field, is that as we're bringing
NOTE Confidence: 0.923374656

00:26:55.685 --> 00:26:58.410 cost savings for the cost of a property,
NOTE Confidence: 0.923374656

00:26:58.410 --> 00:27:00.923 taking that from 1/3 to to practically
NOTE Confidence: 0.923374656

00:27:00.923 --> 00:27:03.619 0 as we're bringing in additional
NOTE Confidence: 0.923374656

00:27:03.619 --> 00:27:06.184 resources to do the construction,
NOTE Confidence: 0.923374656

00:27:06.190 --> 00:27:08.122 there's a lot of cost savings to
NOTE Confidence: 0.923374656

00:27:08.122 --> 00:27:10.157 the operator of that of that health.
NOTE Confidence: 0.923374656

00:27:10.160 --> 00:27:12.338 Entity whether whether it's a hospital,
NOTE Confidence: 0.923374656

00:27:12.340 --> 00:27:13.650 whether it's a federally qualified
NOTE Confidence: 0.923374656

00:27:13.650 --> 00:27:14.174 Health Center,
NOTE Confidence: 0.923374656

00:27:14.180 --> 00:27:16.178 whether it's a grocery store and
NOTE Confidence: 0.923374656

00:27:16.178 --> 00:27:18.229 the negotiation now and and the TB.
NOTE Confidence: 0.923374656

00:27:18.230 --> 00:27:19.950 LJ approaches to somehow convince

NOTE Confidence: 0.923374656

00:27:19.950 --> 00:27:22.458 and work with the the people who

NOTE Confidence: 0.923374656

00:27:22.458 --> 00:27:24.248 are making that cost savings.

NOTE Confidence: 0.923374656

00:27:24.250 --> 00:27:26.315 To put that money back into services.

NOTE Confidence: 0.923374656

00:27:26.320 --> 00:27:27.988 And that that's that's the foundation

NOTE Confidence: 0.923374656

00:27:27.988 --> 00:27:29.369 that has been successful in

NOTE Confidence: 0.923374656

00:27:29.369 --> 00:27:30.489 other parts of the country,

NOTE Confidence: 0.923374656

00:27:30.490 --> 00:27:32.572 and we're trying to maybe think

NOTE Confidence: 0.923374656

00:27:32.572 --> 00:27:34.669 about applying it here if we can.

NOTE Confidence: 0.923374656

00:27:34.670 --> 00:27:36.830 But again, from a clinical perspective.

NOTE Confidence: 0.922784812727273

00:27:39.350 --> 00:27:40.914 The the the point,

NOTE Confidence: 0.922784812727273

00:27:40.914 --> 00:27:43.870 regardless of what happens in the future,

NOTE Confidence: 0.922784812727273

00:27:43.870 --> 00:27:45.684 is that when the the the, the patient,

NOTE Confidence: 0.922784812727273

00:27:45.684 --> 00:27:47.226 or the client comes through the

NOTE Confidence: 0.922784812727273

00:27:47.226 --> 00:27:48.963 door is that they're exposed to

NOTE Confidence: 0.922784812727273

00:27:48.963 --> 00:27:50.127 all of these stressors,

NOTE Confidence: 0.922784812727273

00:27:50.130 --> 00:27:52.450 and some of them may have that that
NOTE Confidence: 0.922784812727273

00:27:52.450 --> 00:27:54.300 direct impact on their health and
NOTE Confidence: 0.922784812727273

00:27:54.300 --> 00:27:56.112 well being on lead and drinking
NOTE Confidence: 0.922784812727273

00:27:56.173 --> 00:27:58.008 water we know affects children.
NOTE Confidence: 0.922784812727273

00:27:58.010 --> 00:28:00.248 We're seeing data that's showing that
NOTE Confidence: 0.922784812727273

00:28:00.248 --> 00:28:02.710 it may contribute to schizophrenia.
NOTE Confidence: 0.922784812727273

00:28:02.710 --> 00:28:04.698 We know that when a mother cannot
NOTE Confidence: 0.922784812727273

00:28:04.698 --> 00:28:06.549 get to her appointment or can't
NOTE Confidence: 0.922784812727273

00:28:06.549 --> 00:28:08.980 get to her job or can't get to.
NOTE Confidence: 0.922784812727273

00:28:08.980 --> 00:28:11.044 Her kids to school because there's
NOTE Confidence: 0.922784812727273

00:28:11.044 --> 00:28:12.420 no transportation that that's
NOTE Confidence: 0.922784812727273

00:28:12.481 --> 00:28:14.149 an environmental justice issue,
NOTE Confidence: 0.922784812727273

00:28:14.150 --> 00:28:15.515 so it's just being mindful
NOTE Confidence: 0.922784812727273

00:28:15.515 --> 00:28:16.880 of what is out there,
NOTE Confidence: 0.922784812727273

00:28:16.880 --> 00:28:18.432 what's influencing their their
NOTE Confidence: 0.922784812727273

00:28:18.432 --> 00:28:20.760 ability to take care of themselves

NOTE Confidence: 0.922784812727273
00:28:20.826 --> 00:28:22.438 from from that perspective,
NOTE Confidence: 0.922784812727273
00:28:22.440 --> 00:28:23.360 again, like we said,
NOTE Confidence: 0.922784812727273
00:28:23.360 --> 00:28:25.419 it gives us that ability to really think,
NOTE Confidence: 0.922784812727273
00:28:25.420 --> 00:28:26.836 not just on access to care,
NOTE Confidence: 0.922784812727273
00:28:26.840 --> 00:28:28.148 but on prevention.
NOTE Confidence: 0.922784812727273
00:28:28.148 --> 00:28:29.892 There examples of of
NOTE Confidence: 0.922784812727273
00:28:29.892 --> 00:28:31.780 brownfields to health fields,
NOTE Confidence: 0.922784812727273
00:28:31.780 --> 00:28:35.528 with pharmacies and pharmacy is spelled FARM,
NOTE Confidence: 0.922784812727273
00:28:35.528 --> 00:28:38.668 not PHARM where we're having.
NOTE Confidence: 0.922784812727273
00:28:38.670 --> 00:28:40.548 The the the scripts that are
NOTE Confidence: 0.922784812727273
00:28:40.548 --> 00:28:42.551 being provided for a patient with
NOTE Confidence: 0.922784812727273
00:28:42.551 --> 00:28:44.597 diabetes is to walk around the
NOTE Confidence: 0.922784812727273
00:28:44.597 --> 00:28:46.230 park for a couple times a week,
NOTE Confidence: 0.922784812727273
00:28:46.230 --> 00:28:47.442 so we're seeing that,
NOTE Confidence: 0.922784812727273
00:28:47.442 --> 00:28:49.733 and I think now with the huge
NOTE Confidence: 0.922784812727273

00:28:49.733 --> 00:28:51.743 influence in the huge resources
NOTE Confidence: 0.922784812727273

00:28:51.743 --> 00:28:53.924 coming down on workforce development
NOTE Confidence: 0.922784812727273

00:28:53.924 --> 00:28:55.928 across the federal family,
NOTE Confidence: 0.922784812727273

00:28:55.930 --> 00:28:58.030 we're talking billions of dollars.
NOTE Confidence: 0.922784812727273

00:28:58.030 --> 00:28:59.875 There's a really important opportunity
NOTE Confidence: 0.922784812727273

00:28:59.875 --> 00:29:02.118 to start thinking of training and
NOTE Confidence: 0.922784812727273

00:29:02.118 --> 00:29:04.170 the mental health fair training for
NOTE Confidence: 0.922784812727273

00:29:04.170 --> 00:29:05.575 community mental health ambassadors
NOTE Confidence: 0.922784812727273

00:29:05.575 --> 00:29:07.525 that that elevate works on it.
NOTE Confidence: 0.922784812727273

00:29:07.530 --> 00:29:09.014 And so on and so forth so.
NOTE Confidence: 0.922784812727273

00:29:09.020 --> 00:29:10.886 Again with triple bottom line justice
NOTE Confidence: 0.922784812727273

00:29:10.886 --> 00:29:13.030 it the relationship to clinical care is
NOTE Confidence: 0.922784812727273

00:29:13.030 --> 00:29:15.375 not quite as obvious, but it's very,
NOTE Confidence: 0.922784812727273

00:29:15.375 --> 00:29:17.400 very profound and very deep.
NOTE Confidence: 0.922784812727273

00:29:17.400 --> 00:29:20.127 So now I want to give you a couple
NOTE Confidence: 0.922784812727273

00:29:20.127 --> 00:29:22.915 more examples again because I like to

NOTE Confidence: 0.922784812727273
00:29:22.915 --> 00:29:26.389 think of things as one could be an accident.
NOTE Confidence: 0.922784812727273
00:29:26.390 --> 00:29:27.750 Two could be a pattern,
NOTE Confidence: 0.922784812727273
00:29:27.750 --> 00:29:29.766 three attend a trend for a rhythm
NOTE Confidence: 0.922784812727273
00:29:29.766 --> 00:29:31.030 and five a song,
NOTE Confidence: 0.922784812727273
00:29:31.030 --> 00:29:32.704 and we're definitely into the songs
NOTE Confidence: 0.922784812727273
00:29:32.704 --> 00:29:34.467 of brownfields to health fields B2H,
NOTE Confidence: 0.922784812727273
00:29:34.467 --> 00:29:36.686 and this is probably my favorite story
NOTE Confidence: 0.922784812727273
00:29:36.686 --> 00:29:39.108 and it comes from from from Linda.
NOTE Confidence: 0.922784812727273
00:29:39.110 --> 00:29:40.475 Linda connected me with this
NOTE Confidence: 0.922784812727273
00:29:40.475 --> 00:29:42.190 community and we we worked there,
NOTE Confidence: 0.922784812727273
00:29:42.190 --> 00:29:43.810 but it's it's a Grundy County,
NOTE Confidence: 0.922784812727273
00:29:43.810 --> 00:29:45.614 Tennessee in southern Appalachia
NOTE Confidence: 0.922784812727273
00:29:45.614 --> 00:29:47.418 and this success story.
NOTE Confidence: 0.922784812727273
00:29:47.420 --> 00:29:50.660 Represents a geographic expansion of B2H.
NOTE Confidence: 0.922784812727273
00:29:50.660 --> 00:29:52.040 Like I said,
NOTE Confidence: 0.922784812727273

00:29:52.040 --> 00:29:54.336 I started B2H working with communities

NOTE Confidence: 0.922784812727273

00:29:54.336 --> 00:29:57.000 when I was with LEAF in Florida.

NOTE Confidence: 0.922784812727273

00:29:57.000 --> 00:29:59.890 We soon had ample activity

NOTE Confidence: 0.922784812727273

00:29:59.890 --> 00:30:02.336 by local governments and the

NOTE Confidence: 0.922784812727273

00:30:02.336 --> 00:30:03.748 private sector in Florida,

NOTE Confidence: 0.922784812727273

00:30:03.750 --> 00:30:05.334 but when I got to EPA we wanted

NOTE Confidence: 0.922784812727273

00:30:05.334 --> 00:30:07.264 to go broader and so our next

NOTE Confidence: 0.922784812727273

00:30:07.264 --> 00:30:08.739 our next sites was Appalachian.

NOTE Confidence: 0.922784812727273

00:30:08.740 --> 00:30:11.134 We actually worked in Central Appalachia

NOTE Confidence: 0.922784812727273

00:30:11.134 --> 00:30:13.466 with an optometry school and because

NOTE Confidence: 0.922784812727273

00:30:13.466 --> 00:30:15.825 one in 10 people in Central Appalachia

NOTE Confidence: 0.922784812727273

00:30:15.825 --> 00:30:17.947 were legally blind and converted.

NOTE Confidence: 0.922784812727273

00:30:17.950 --> 00:30:20.038 And up gas station into a

NOTE Confidence: 0.922784812727273

00:30:20.038 --> 00:30:21.530 vision care provider, but it,

NOTE Confidence: 0.922784812727273

00:30:21.530 --> 00:30:22.850 but in grunt in Grundy County,

NOTE Confidence: 0.922784812727273

00:30:22.850 --> 00:30:23.193 Tennessee,

NOTE Confidence: 0.922784812727273
00:30:23.193 --> 00:30:26.280 when Linda had me come visit them once again,
NOTE Confidence: 0.922784812727273
00:30:26.280 --> 00:30:27.911 you start with the question of what
NOTE Confidence: 0.922784812727273
00:30:27.911 --> 00:30:30.088 is it that you want and the Community
NOTE Confidence: 0.922784812727273
00:30:30.088 --> 00:30:31.508 leader pointed out the window
NOTE Confidence: 0.950229385333333
00:30:31.565 --> 00:30:33.518 and said I want that high school
NOTE Confidence: 0.950229385333333
00:30:33.518 --> 00:30:34.906 rehabilitated and turn into something
NOTE Confidence: 0.950229385333333
00:30:34.906 --> 00:30:37.090 that's good for the Community and it was
NOTE Confidence: 0.950229385333333
00:30:37.148 --> 00:30:39.185 the abandoned high school for the county,
NOTE Confidence: 0.950229385333333
00:30:39.190 --> 00:30:41.710 which was a a a place where people came
NOTE Confidence: 0.950229385333333
00:30:41.710 --> 00:30:44.355 but it was in a great state of disrepair
NOTE Confidence: 0.950229385333333
00:30:44.355 --> 00:30:46.818 you can see from from the top slide.
NOTE Confidence: 0.950229385333333
00:30:46.820 --> 00:30:48.410 There was also a need to
NOTE Confidence: 0.950229385333333
00:30:48.410 --> 00:30:49.205 connect the community.
NOTE Confidence: 0.950229385333333
00:30:49.210 --> 00:30:50.981 This is rural areas and there was
NOTE Confidence: 0.950229385333333
00:30:50.981 --> 00:30:53.175 a an old railroad trail that they
NOTE Confidence: 0.950229385333333

00:30:53.175 --> 00:30:55.233 wanted to turn into the Mountain
NOTE Confidence: 0.950229385333333
00:30:55.299 --> 00:30:57.469 Goat Trail and the Long story short,
NOTE Confidence: 0.950229385333333
00:30:57.470 --> 00:31:00.144 by applying B2H working with the community,
NOTE Confidence: 0.950229385333333
00:31:00.150 --> 00:31:01.470 bringing in their partners,
NOTE Confidence: 0.950229385333333
00:31:01.470 --> 00:31:03.450 we were able through through the
NOTE Confidence: 0.950229385333333
00:31:03.507 --> 00:31:05.292 communities leadership and direction able
NOTE Confidence: 0.950229385333333
00:31:05.292 --> 00:31:07.910 to get that high school rehabilitated.
NOTE Confidence: 0.950229385333333
00:31:07.910 --> 00:31:10.490 And now there's there's providers of
NOTE Confidence: 0.950229385333333
00:31:10.490 --> 00:31:13.270 of children, care, mental health care.
NOTE Confidence: 0.950229385333333
00:31:13.270 --> 00:31:15.053 There's there's food, food,
NOTE Confidence: 0.950229385333333
00:31:15.053 --> 00:31:15.396 opportunities,
NOTE Confidence: 0.950229385333333
00:31:15.396 --> 00:31:17.454 and then we have the Mountain
NOTE Confidence: 0.950229385333333
00:31:17.454 --> 00:31:19.219 Goat Trail that's connecting.
NOTE Confidence: 0.950229385333333
00:31:19.220 --> 00:31:20.505 I think 3 different counties
NOTE Confidence: 0.950229385333333
00:31:20.505 --> 00:31:22.140 kind of coming into that center
NOTE Confidence: 0.950229385333333
00:31:22.140 --> 00:31:23.600 with the Mountain Goat Trail.

NOTE Confidence: 0.950229385333333
00:31:23.600 --> 00:31:24.875 They were able to get
NOTE Confidence: 0.950229385333333
00:31:24.875 --> 00:31:26.150 \$1,000,000 from CDC to do,
NOTE Confidence: 0.950229385333333
00:31:26.150 --> 00:31:28.397 uh to to do a diabetes care,
NOTE Confidence: 0.950229385333333
00:31:28.400 --> 00:31:30.549 but that's the nature of how the
NOTE Confidence: 0.950229385333333
00:31:30.549 --> 00:31:32.419 how these things come together.
NOTE Confidence: 0.950229385333333
00:31:32.420 --> 00:31:34.961 What's exciting to me about the Grundy
NOTE Confidence: 0.950229385333333
00:31:34.961 --> 00:31:37.875 County story is that it's one of the
NOTE Confidence: 0.950229385333333
00:31:37.875 --> 00:31:40.120 first times that we've actually had
NOTE Confidence: 0.950229385333333
00:31:40.120 --> 00:31:42.664 some some evaluation and some some
NOTE Confidence: 0.950229385333333
00:31:42.664 --> 00:31:44.728 some documentation about the impact.
NOTE Confidence: 0.950229385333333
00:31:44.728 --> 00:31:47.486 And when we first started Grundy County
NOTE Confidence: 0.950229385333333
00:31:47.486 --> 00:31:49.684 ranked 95 out of 95 counties in Tennessee.
NOTE Confidence: 0.950229385333333
00:31:49.684 --> 00:31:51.778 Out of the the Robert Wood Johnson
NOTE Confidence: 0.950229385333333
00:31:51.778 --> 00:31:53.854 County ranking system for all metrics
NOTE Confidence: 0.950229385333333
00:31:53.854 --> 00:31:55.278 related to health, economics,
NOTE Confidence: 0.950229385333333

00:31:55.278 --> 00:31:57.546 environment and through the work of

NOTE Confidence: 0.950229385333333

00:31:57.546 --> 00:31:59.717 this effort through a lot of players,

NOTE Confidence: 0.950229385333333

00:31:59.720 --> 00:32:00.796 a lot of reasons,

NOTE Confidence: 0.950229385333333

00:32:00.796 --> 00:32:02.141 it all contributed to Grundy

NOTE Confidence: 0.950229385333333

00:32:02.141 --> 00:32:03.678 County moving up two positions.

NOTE Confidence: 0.950229385333333

00:32:03.680 --> 00:32:05.240 And maybe it's still moving upland.

NOTE Confidence: 0.950229385333333

00:32:05.240 --> 00:32:05.624 I don't,

NOTE Confidence: 0.950229385333333

00:32:05.624 --> 00:32:06.200 I don't know,

NOTE Confidence: 0.950229385333333

00:32:06.200 --> 00:32:10.136 but that that's that's concrete and the

NOTE Confidence: 0.950229385333333

00:32:10.136 --> 00:32:13.573 life expectancy was was improving and

NOTE Confidence: 0.950229385333333

00:32:13.573 --> 00:32:15.310 we were also able to get 21 miles of

NOTE Confidence: 0.950229385333333

00:32:15.361 --> 00:32:17.096 the contaminated railbed turned into

NOTE Confidence: 0.950229385333333

00:32:17.096 --> 00:32:18.831 something that's really helping and

NOTE Confidence: 0.950229385333333

00:32:18.889 --> 00:32:20.577 fostering the community engagement.

NOTE Confidence: 0.950229385333333

00:32:20.580 --> 00:32:23.312 And I know that this this other part

NOTE Confidence: 0.950229385333333

00:32:23.312 --> 00:32:25.069 of the slide is death by acronyms

NOTE Confidence: 0.950229385333333

00:32:25.069 --> 00:32:26.885 and I didn't have the space here.

NOTE Confidence: 0.950229385333333

00:32:26.890 --> 00:32:28.922 But what I want to point out is

NOTE Confidence: 0.950229385333333

00:32:28.922 --> 00:32:31.056 that we were able to to bring in

NOTE Confidence: 0.950229385333333

00:32:31.060 --> 00:32:34.575 probably about maybe \$5 million a

NOTE Confidence: 0.950229385333333

00:32:34.575 --> 00:32:36.710 lot of money going to the Department

NOTE Confidence: 0.950229385333333

00:32:36.710 --> 00:32:38.588 of Transportation going to the

NOTE Confidence: 0.950229385333333

00:32:38.588 --> 00:32:40.204 Department of Environmental Protection,

NOTE Confidence: 0.950229385333333

00:32:40.210 --> 00:32:43.588 going to housing, going into agriculture.

NOTE Confidence: 0.950229385333333

00:32:43.590 --> 00:32:45.382 So when we think about dollars coming

NOTE Confidence: 0.950229385333333

00:32:45.382 --> 00:32:47.308 in for health and for clinical care,

NOTE Confidence: 0.950229385333333

00:32:47.310 --> 00:32:49.476 we don't limit ourselves to just

NOTE Confidence: 0.950229385333333

00:32:49.476 --> 00:32:50.559 the health agencies.

NOTE Confidence: 0.950229385333333

00:32:50.560 --> 00:32:53.864 So, so this is an exciting story.

NOTE Confidence: 0.950229385333333

00:32:53.870 --> 00:32:55.974 The next story that I wanna tell you

NOTE Confidence: 0.950229385333333

00:32:55.974 --> 00:32:57.847 about and and again I'm I'm building

NOTE Confidence: 0.950229385333333

00:32:57.847 --> 00:32:59.894 the base as to why the investment
NOTE Confidence: 0.950229385333333

00:32:59.894 --> 00:33:01.988 of of your time into Brownfield
NOTE Confidence: 0.950229385333333

00:33:01.988 --> 00:33:03.896 Southfield can be very productive,
NOTE Confidence: 0.950229385333333

00:33:03.896 --> 00:33:07.658 is that once again as we expanded based on
NOTE Confidence: 0.950229385333333

00:33:07.658 --> 00:33:09.870 geography with B2H at the federal government,
NOTE Confidence: 0.950229385333333

00:33:09.870 --> 00:33:13.426 we wanted to expand from a industrial
NOTE Confidence: 0.950229385333333

00:33:13.426 --> 00:33:15.792 sector perspective and as it
NOTE Confidence: 0.950229385333333

00:33:15.792 --> 00:33:17.667 turns out in Los Angeles,
NOTE Confidence: 0.950229385333333

00:33:17.670 --> 00:33:18.789 there's the river.
NOTE Confidence: 0.950229385333333

00:33:18.789 --> 00:33:21.027 That's a concrete bed and it
NOTE Confidence: 0.950229385333333

00:33:21.027 --> 00:33:23.409 also aligns with Interstate 710,
NOTE Confidence: 0.869143520714286

00:33:23.410 --> 00:33:25.125 which is. A corridor that leads to
NOTE Confidence: 0.869143520714286

00:33:25.125 --> 00:33:26.859 the ports of LA and Long Beach,
NOTE Confidence: 0.869143520714286

00:33:26.860 --> 00:33:29.892 and these are the largest ports in the
NOTE Confidence: 0.869143520714286

00:33:29.892 --> 00:33:33.196 world with 24 hour activity with incredible
NOTE Confidence: 0.869143520714286

00:33:33.196 --> 00:33:35.655 pollution of land, air and water.

NOTE Confidence: 0.869143520714286

00:33:35.655 --> 00:33:37.280 Incredible stress on the community.

NOTE Confidence: 0.869143520714286

00:33:37.280 --> 00:33:39.695 Members who live there who

NOTE Confidence: 0.869143520714286

00:33:39.695 --> 00:33:41.144 are predominantly Latino.

NOTE Confidence: 0.869143520714286

00:33:41.150 --> 00:33:43.760 And so we started the process of B2H by

NOTE Confidence: 0.869143520714286

00:33:43.760 --> 00:33:46.123 trying to get an understanding and a

NOTE Confidence: 0.869143520714286

00:33:46.123 --> 00:33:48.537 mapping of what's going on in this area.

NOTE Confidence: 0.869143520714286

00:33:48.540 --> 00:33:50.496 So we took the entire watershed

NOTE Confidence: 0.869143520714286

00:33:50.496 --> 00:33:52.220 and we put into dots.

NOTE Confidence: 0.869143520714286

00:33:52.220 --> 00:33:54.144 Where were things like.

NOTE Confidence: 0.869143520714286

00:33:54.144 --> 00:33:57.030 Like parks and and grocery stores,

NOTE Confidence: 0.869143520714286

00:33:57.030 --> 00:33:59.076 and access to mental health facilities

NOTE Confidence: 0.869143520714286

00:33:59.076 --> 00:34:01.410 and access to primary care facilities.

NOTE Confidence: 0.869143520714286

00:34:01.410 --> 00:34:02.986 And then we did the overlay of race.

NOTE Confidence: 0.869143520714286

00:34:02.990 --> 00:34:04.614 We did the overlay of income and

NOTE Confidence: 0.869143520714286

00:34:04.614 --> 00:34:06.120 we look at the distances.

NOTE Confidence: 0.869143520714286

00:34:06.120 --> 00:34:06.918 And of course,
NOTE Confidence: 0.869143520714286

00:34:06.918 --> 00:34:09.749 if you were a person of color and low wealth,
NOTE Confidence: 0.869143520714286

00:34:09.750 --> 00:34:12.081 the distance was was was out of
NOTE Confidence: 0.869143520714286

00:34:12.081 --> 00:34:14.370 reach and so we launched B2H.
NOTE Confidence: 0.869143520714286

00:34:14.370 --> 00:34:17.142 Based on this this this evidence based
NOTE Confidence: 0.869143520714286

00:34:17.142 --> 00:34:19.173 approach and what's really exciting
NOTE Confidence: 0.869143520714286

00:34:19.173 --> 00:34:21.854 and in this this picture you'll see
NOTE Confidence: 0.869143520714286

00:34:21.854 --> 00:34:23.990 here is a former grocery store that
NOTE Confidence: 0.869143520714286

00:34:23.990 --> 00:34:25.850 had been abandoned for 40 years.
NOTE Confidence: 0.869143520714286

00:34:25.850 --> 00:34:28.615 That has now been turned into a
NOTE Confidence: 0.869143520714286

00:34:28.615 --> 00:34:29.800 Community sustainability center.
NOTE Confidence: 0.869143520714286

00:34:29.800 --> 00:34:32.050 It provides a variety of services,
NOTE Confidence: 0.869143520714286

00:34:32.050 --> 00:34:32.974 from from,
NOTE Confidence: 0.869143520714286

00:34:32.974 --> 00:34:35.746 from job training to workforce development,
NOTE Confidence: 0.869143520714286

00:34:35.750 --> 00:34:37.061 to financial planning.
NOTE Confidence: 0.869143520714286

00:34:37.061 --> 00:34:39.246 Health care is being provided

NOTE Confidence: 0.869143520714286
00:34:39.246 --> 00:34:41.528 all in one stop shopping,
NOTE Confidence: 0.869143520714286
00:34:41.530 --> 00:34:44.638 again coming together under the B2H umbrella,
NOTE Confidence: 0.869143520714286
00:34:44.640 --> 00:34:48.069 most recently in another part of and and and.
NOTE Confidence: 0.869143520714286
00:34:48.070 --> 00:34:49.438 Actually this particular site is in
NOTE Confidence: 0.869143520714286
00:34:49.438 --> 00:34:51.060 Thompson and I don't know if y'all
NOTE Confidence: 0.869143520714286
00:34:51.060 --> 00:34:52.380 are familiar with the the movie
NOTE Confidence: 0.869143520714286
00:34:52.380 --> 00:34:53.824 straight out of Compton and so our
NOTE Confidence: 0.869143520714286
00:34:53.824 --> 00:34:54.965 motto is straight into Compton.
NOTE Confidence: 0.869143520714286
00:34:54.965 --> 00:34:57.095 But our but our the next,
NOTE Confidence: 0.869143520714286
00:34:57.100 --> 00:34:58.786 the next side is another community
NOTE Confidence: 0.869143520714286
00:34:58.786 --> 00:35:00.710 in that same area where we're able
NOTE Confidence: 0.869143520714286
00:35:00.710 --> 00:35:02.846 to get \$2,000,000 from the state
NOTE Confidence: 0.869143520714286
00:35:02.846 --> 00:35:04.891 legislature to redevelop a former
NOTE Confidence: 0.869143520714286
00:35:04.891 --> 00:35:06.750 landfill into a healthy end use.
NOTE Confidence: 0.869143520714286
00:35:06.750 --> 00:35:08.736 So again, it's it's real time,
NOTE Confidence: 0.869143520714286

00:35:08.740 --> 00:35:10.996 it's real space and negotiation now
NOTE Confidence: 0.869143520714286

00:35:10.996 --> 00:35:14.500 comes to get some of that money for services.
NOTE Confidence: 0.869143520714286

00:35:14.500 --> 00:35:16.180 Bringing it closer to home,
NOTE Confidence: 0.869143520714286

00:35:16.180 --> 00:35:18.310 and this is also very significant.
NOTE Confidence: 0.89827164625

00:35:20.340 --> 00:35:23.490 We decided that in addition
NOTE Confidence: 0.89827164625

00:35:23.490 --> 00:35:25.380 to expanding geographically,
NOTE Confidence: 0.89827164625

00:35:25.380 --> 00:35:27.055 in addition to expanding it
NOTE Confidence: 0.89827164625

00:35:27.055 --> 00:35:28.395 based on industrial sector,
NOTE Confidence: 0.89827164625

00:35:28.400 --> 00:35:30.170 again with with with goods movement
NOTE Confidence: 0.89827164625

00:35:30.170 --> 00:35:31.979 that's happening all over the country,
NOTE Confidence: 0.89827164625

00:35:31.980 --> 00:35:34.570 so that model has has replica ability.
NOTE Confidence: 0.89827164625

00:35:34.570 --> 00:35:37.466 We also realized that with climate and this
NOTE Confidence: 0.89827164625

00:35:37.466 --> 00:35:40.124 was back in 2012 with Hurricane Sandy.
NOTE Confidence: 0.89827164625

00:35:40.124 --> 00:35:43.385 But when Hurricane Sandy hit this area and
NOTE Confidence: 0.89827164625

00:35:43.385 --> 00:35:46.519 I'm sure many of you were here at the time,
NOTE Confidence: 0.89827164625

00:35:46.520 --> 00:35:50.708 the federal government allocated \$50 billion.

NOTE Confidence: 0.89827164625

00:35:50.710 --> 00:35:52.546 So it's community development block Grant,

NOTE Confidence: 0.89827164625

00:35:52.550 --> 00:35:54.025 which was the largest community

NOTE Confidence: 0.89827164625

00:35:54.025 --> 00:35:55.500 development block grant in the

NOTE Confidence: 0.89827164625

00:35:55.551 --> 00:35:57.166 history of the federal government.

NOTE Confidence: 0.89827164625

00:35:57.170 --> 00:36:00.344 \$50 billion and working with Elevate

NOTE Confidence: 0.89827164625

00:36:00.344 --> 00:36:04.578 Policy Lab and the the Moms Partnership,

NOTE Confidence: 0.89827164625

00:36:04.580 --> 00:36:07.132 we were able to leverage \$6.2 million

NOTE Confidence: 0.89827164625

00:36:07.132 --> 00:36:09.718 of that funding through social services

NOTE Confidence: 0.89827164625

00:36:09.718 --> 00:36:12.532 block grants to expand the the Moms

NOTE Confidence: 0.89827164625

00:36:12.532 --> 00:36:14.750 Partnership locations into the space at

NOTE Confidence: 0.89827164625

00:36:14.750 --> 00:36:17.630 which Hurricane Sandy had hit in Connecticut.

NOTE Confidence: 0.89827164625

00:36:17.630 --> 00:36:18.692 So again,

NOTE Confidence: 0.89827164625

00:36:18.692 --> 00:36:20.816 significant dollars increasing access.

NOTE Confidence: 0.89827164625

00:36:20.820 --> 00:36:23.284 The health care and the variety variety

NOTE Confidence: 0.89827164625

00:36:23.284 --> 00:36:25.636 of services that are available and

NOTE Confidence: 0.89827164625

00:36:25.636 --> 00:36:28.548 the final the final story here in
NOTE Confidence: 0.89827164625

00:36:28.548 --> 00:36:31.039 terms of B2H and and the here and now,
NOTE Confidence: 0.89827164625

00:36:31.040 --> 00:36:32.992 is the work that we're doing with the
NOTE Confidence: 0.89827164625

00:36:32.992 --> 00:36:34.379 Elevate Policy Lab in Bridgeport,
NOTE Confidence: 0.89827164625

00:36:34.380 --> 00:36:38.016 CT, where we have launched the Moms
NOTE Confidence: 0.89827164625

00:36:38.016 --> 00:36:40.074 Partnership to deal with the stresses
NOTE Confidence: 0.89827164625

00:36:40.074 --> 00:36:42.324 the the maternal two generation
NOTE Confidence: 0.89827164625

00:36:42.324 --> 00:36:43.818 mental health stresses.
NOTE Confidence: 0.89827164625

00:36:43.820 --> 00:36:46.110 But we're also launching triple
NOTE Confidence: 0.89827164625

00:36:46.110 --> 00:36:48.962 bottom line justice as a proof
NOTE Confidence: 0.89827164625

00:36:48.962 --> 00:36:51.347 of concept and within within.
NOTE Confidence: 0.89827164625

00:36:51.350 --> 00:36:53.330 The community that we're working on.
NOTE Confidence: 0.89827164625

00:36:53.330 --> 00:36:56.210 There is a former municipal landfill,
NOTE Confidence: 0.89827164625

00:36:56.210 --> 00:36:58.667 35,000 tons been around for two decades.
NOTE Confidence: 0.89827164625

00:36:58.670 --> 00:37:00.196 Not only do you have the contamination,
NOTE Confidence: 0.89827164625

00:37:00.200 --> 00:37:01.929 you have the farm and everything that

NOTE Confidence: 0.89827164625

00:37:01.929 --> 00:37:03.590 comes with these types of properties

NOTE Confidence: 0.89827164625

00:37:03.590 --> 00:37:05.723 and through a lot of work by a lot

NOTE Confidence: 0.89827164625

00:37:05.723 --> 00:37:07.767 of people besides being cleaned up

NOTE Confidence: 0.89827164625

00:37:07.767 --> 00:37:10.232 and we're on the verge of having

NOTE Confidence: 0.89827164625

00:37:10.232 --> 00:37:11.560 a lease being signed,

NOTE Confidence: 0.89827164625

00:37:11.560 --> 00:37:13.660 it's going to allocate that property

NOTE Confidence: 0.89827164625

00:37:13.660 --> 00:37:16.699 for a dollar a year to the community

NOTE Confidence: 0.89827164625

00:37:16.699 --> 00:37:19.045 organization that the the the fresh

NOTE Confidence: 0.89827164625

00:37:19.122 --> 00:37:21.390 food market and CAFE to create a.

NOTE Confidence: 0.89827164625

00:37:21.390 --> 00:37:24.510 Hydroponic farm and Wellness campus.

NOTE Confidence: 0.89827164625

00:37:24.510 --> 00:37:26.730 Applying a containers because you

NOTE Confidence: 0.89827164625

00:37:26.730 --> 00:37:28.950 can reduce your construction costs

NOTE Confidence: 0.89827164625

00:37:29.019 --> 00:37:30.127 by about a third.

NOTE Confidence: 0.89827164625

00:37:30.130 --> 00:37:31.642 Some of those containers will be

NOTE Confidence: 0.89827164625

00:37:31.642 --> 00:37:33.359 used for that growing of the Greens,

NOTE Confidence: 0.89827164625

00:37:33.360 --> 00:37:35.194 which will be job creation as well
NOTE Confidence: 0.89827164625

00:37:35.194 --> 00:37:36.759 as nutrition for the community.
NOTE Confidence: 0.89827164625

00:37:36.760 --> 00:37:38.930 But we're going to also have the
NOTE Confidence: 0.89827164625

00:37:38.930 --> 00:37:41.594 capacity to do training on on stress
NOTE Confidence: 0.89827164625

00:37:41.594 --> 00:37:43.258 management training on trauma
NOTE Confidence: 0.89827164625

00:37:43.258 --> 00:37:45.279 training on on civic justice,
NOTE Confidence: 0.89827164625

00:37:45.280 --> 00:37:46.536 engagement, teaching the community,
NOTE Confidence: 0.89827164625

00:37:46.536 --> 00:37:49.510 how to use the laws to protect themselves,
NOTE Confidence: 0.89827164625

00:37:49.510 --> 00:37:51.494 and so on and so forth and so.
NOTE Confidence: 0.89827164625

00:37:51.500 --> 00:37:54.398 This is an exciting project underway.
NOTE Confidence: 0.89827164625

00:37:54.400 --> 00:37:57.240 It was selected by Congressman
NOTE Confidence: 0.89827164625

00:37:57.240 --> 00:38:00.822 Jim Himes as his earmark for FY22.
NOTE Confidence: 0.89827164625

00:38:00.822 --> 00:38:02.754 I haven't gotten any money yet,
NOTE Confidence: 0.89827164625

00:38:02.760 --> 00:38:04.488 but if we do, if we do get, it'll,
NOTE Confidence: 0.89827164625

00:38:04.488 --> 00:38:05.502 it'll be profound.
NOTE Confidence: 0.89827164625

00:38:05.502 --> 00:38:06.516 But once again,

NOTE Confidence: 0.89827164625

00:38:06.520 --> 00:38:08.188 it's taking the concept of brownfields

NOTE Confidence: 0.89827164625

00:38:08.188 --> 00:38:09.022 to health fields.

NOTE Confidence: 0.89827164625

00:38:09.030 --> 00:38:10.955 It started with people dying at the

NOTE Confidence: 0.89827164625

00:38:10.955 --> 00:38:13.385 bus stop to where now we want it to

NOTE Confidence: 0.89827164625

00:38:13.385 --> 00:38:15.359 be full service care and prevention.

NOTE Confidence: 0.89827164625

00:38:15.360 --> 00:38:17.344 So that's the story.

NOTE Confidence: 0.89827164625

00:38:17.344 --> 00:38:20.198 For for, for the clinical care and.

NOTE Confidence: 0.89827164625

00:38:20.200 --> 00:38:21.936 And again, I think as I said before,

NOTE Confidence: 0.89827164625

00:38:21.940 --> 00:38:24.670 the walkaways are that that

NOTE Confidence: 0.89827164625

00:38:24.670 --> 00:38:27.400 relationship to clinical care may

NOTE Confidence: 0.844055731428571

00:38:27.496 --> 00:38:28.928 not be as close.

NOTE Confidence: 0.844055731428571

00:38:28.930 --> 00:38:31.140 In that you're overwhelmed with

NOTE Confidence: 0.844055731428571

00:38:31.140 --> 00:38:33.361 the surge now, but knowing what

NOTE Confidence: 0.844055731428571

00:38:33.361 --> 00:38:34.846 the your patients are facing,

NOTE Confidence: 0.844055731428571

00:38:34.850 --> 00:38:35.922 I think is important.

NOTE Confidence: 0.844055731428571

00:38:35.922 --> 00:38:37.530 It also gets to the social
NOTE Confidence: 0.844055731428571

00:38:37.593 --> 00:38:38.880 determinants of health,
NOTE Confidence: 0.844055731428571

00:38:38.880 --> 00:38:41.368 and it also gets to a road map
NOTE Confidence: 0.844055731428571

00:38:41.368 --> 00:38:43.695 that we're working to develop on
NOTE Confidence: 0.844055731428571

00:38:43.695 --> 00:38:46.142 getting access to the \$1.4 trillion
NOTE Confidence: 0.844055731428571

00:38:46.142 --> 00:38:47.766 in the infrastructure bill.
NOTE Confidence: 0.844055731428571

00:38:47.770 --> 00:38:50.420 And I'll talk about that in in a little bit.
NOTE Confidence: 0.844055731428571

00:38:50.420 --> 00:38:51.212 So like I said,
NOTE Confidence: 0.844055731428571

00:38:51.212 --> 00:38:52.700 it's it's a build out of what
NOTE Confidence: 0.844055731428571

00:38:52.700 --> 00:38:54.146 we can do with clinical care,
NOTE Confidence: 0.844055731428571

00:38:54.150 --> 00:38:56.622 but it's something that we we
NOTE Confidence: 0.844055731428571

00:38:56.622 --> 00:38:58.270 need to be exploring.
NOTE Confidence: 0.844055731428571

00:38:58.270 --> 00:38:59.234 And then.
NOTE Confidence: 0.844055731428571

00:38:59.234 --> 00:39:02.126 The commercial break for for clinical
NOTE Confidence: 0.844055731428571

00:39:02.126 --> 00:39:04.978 care is looking at the disproportionate
NOTE Confidence: 0.844055731428571

00:39:04.978 --> 00:39:07.338 impact factors and these factors

NOTE Confidence: 0.844055731428571
00:39:07.338 --> 00:39:09.897 which start with proximity exposure,
NOTE Confidence: 0.844055731428571
00:39:09.900 --> 00:39:10.948 which is, you know,
NOTE Confidence: 0.844055731428571
00:39:10.948 --> 00:39:11.996 obviously too much pollution
NOTE Confidence: 0.844055731428571
00:39:11.996 --> 00:39:13.580 in one particular community.
NOTE Confidence: 0.844055731428571
00:39:13.580 --> 00:39:14.966 Cumulative impacts recognizing
NOTE Confidence: 0.844055731428571
00:39:14.966 --> 00:39:17.738 that that the impacts are coming
NOTE Confidence: 0.844055731428571
00:39:17.738 --> 00:39:20.098 through multiple routes of exposure.
NOTE Confidence: 0.844055731428571
00:39:20.100 --> 00:39:21.366 Physical infrastructure could
NOTE Confidence: 0.844055731428571
00:39:21.366 --> 00:39:23.054 be drinking water supplies.
NOTE Confidence: 0.844055731428571
00:39:23.060 --> 00:39:24.491 Susceptible populations is
NOTE Confidence: 0.844055731428571
00:39:24.491 --> 00:39:26.876 100% what we're doing here.
NOTE Confidence: 0.844055731428571
00:39:26.880 --> 00:39:29.340 Looking at those unique exposure pathways.
NOTE Confidence: 0.844055731428571
00:39:29.340 --> 00:39:31.410 Such as fishing and hunting,
NOTE Confidence: 0.844055731428571
00:39:31.410 --> 00:39:33.010 participating in the decision
NOTE Confidence: 0.844055731428571
00:39:33.010 --> 00:39:35.010 making process as an important
NOTE Confidence: 0.844055731428571

00:39:35.010 --> 00:39:35.960 psychosocial stressor,
NOTE Confidence: 0.844055731428571

00:39:35.960 --> 00:39:37.886 and then finally looking at the
NOTE Confidence: 0.844055731428571

00:39:37.886 --> 00:39:39.660 overall impact on the stress.
NOTE Confidence: 0.844055731428571

00:39:39.660 --> 00:39:42.348 And so this particular work is
NOTE Confidence: 0.844055731428571

00:39:42.348 --> 00:39:45.134 embodied in a 2011 American Journal
NOTE Confidence: 0.844055731428571

00:39:45.134 --> 00:39:48.002 of Public Health Supplement which has
NOTE Confidence: 0.844055731428571

00:39:48.002 --> 00:39:51.368 100 peer reviewed articles on this topic.
NOTE Confidence: 0.844055731428571

00:39:51.370 --> 00:39:53.760 The third part that I want to get to again,
NOTE Confidence: 0.844055731428571

00:39:53.760 --> 00:39:54.546 the third story,
NOTE Confidence: 0.844055731428571

00:39:54.546 --> 00:39:58.715 let me look at the time I Karen's
NOTE Confidence: 0.844055731428571

00:39:58.715 --> 00:40:01.090 giving me hand signals here.
NOTE Confidence: 0.844055731428571

00:40:01.090 --> 00:40:02.875 Is the part that takes us to
NOTE Confidence: 0.844055731428571

00:40:02.875 --> 00:40:05.385 today and it takes us to the work
NOTE Confidence: 0.844055731428571

00:40:05.385 --> 00:40:07.065 that's underway thanks to Linda's
NOTE Confidence: 0.844055731428571

00:40:07.128 --> 00:40:08.808 leadership on policy program and
NOTE Confidence: 0.844055731428571

00:40:08.808 --> 00:40:11.280 we know that there is there is

NOTE Confidence: 0.844055731428571

00:40:11.280 --> 00:40:13.255 brilliant work underway by faculty

NOTE Confidence: 0.844055731428571

00:40:13.255 --> 00:40:15.904 in the space of policy and Linda

NOTE Confidence: 0.844055731428571

00:40:15.904 --> 00:40:18.401 has LED a concerted effort to try

NOTE Confidence: 0.844055731428571

00:40:18.401 --> 00:40:20.823 to bring the work that's been done

NOTE Confidence: 0.844055731428571

00:40:20.823 --> 00:40:23.044 and making a durable policy presence

NOTE Confidence: 0.844055731428571

00:40:23.044 --> 00:40:25.330 at the Yale Child Study Center.

NOTE Confidence: 0.844055731428571

00:40:25.330 --> 00:40:26.680 And we've been working with

NOTE Confidence: 0.844055731428571

00:40:26.680 --> 00:40:27.490 the consulting firm.

NOTE Confidence: 0.844055731428571

00:40:27.490 --> 00:40:27.878 Wellspring,

NOTE Confidence: 0.844055731428571

00:40:27.878 --> 00:40:29.430 who's helped us develop

NOTE Confidence: 0.844055731428571

00:40:29.430 --> 00:40:31.370 some some visuals on this?

NOTE Confidence: 0.844055731428571

00:40:31.370 --> 00:40:33.869 And I think what's exciting to me,

NOTE Confidence: 0.844055731428571

00:40:33.870 --> 00:40:35.346 Karen mentioned that I'm a sailor.

NOTE Confidence: 0.844055731428571

00:40:35.350 --> 00:40:36.604 You always want to have your

NOTE Confidence: 0.844055731428571

00:40:36.604 --> 00:40:37.818 coordinates because you want to find

NOTE Confidence: 0.844055731428571

00:40:37.818 --> 00:40:39.170 the island in the middle of the ocean,
NOTE Confidence: 0.844055731428571

00:40:39.170 --> 00:40:40.586 because if your coordinates are wrong,
NOTE Confidence: 0.844055731428571

00:40:40.590 --> 00:40:42.235 you're going to be sailing along time
NOTE Confidence: 0.844055731428571

00:40:42.235 --> 00:40:43.790 and running out of food and water.
NOTE Confidence: 0.844055731428571

00:40:43.790 --> 00:40:45.822 But Linda has done an amazing job on
NOTE Confidence: 0.844055731428571

00:40:45.822 --> 00:40:47.746 set on articulating that that vision
NOTE Confidence: 0.844055731428571

00:40:47.746 --> 00:40:50.370 of it's the whole health of children,
NOTE Confidence: 0.844055731428571

00:40:50.370 --> 00:40:52.218 which is not divided between health
NOTE Confidence: 0.844055731428571

00:40:52.218 --> 00:40:54.369 and mental health and physical health.
NOTE Confidence: 0.844055731428571

00:40:54.370 --> 00:40:56.728 It's looking at that that high
NOTE Confidence: 0.844055731428571

00:40:56.728 --> 00:40:57.907 quality accessible behavior,
NOTE Confidence: 0.844055731428571

00:40:57.910 --> 00:40:59.740 health care did that's recognized
NOTE Confidence: 0.844055731428571

00:40:59.740 --> 00:41:02.136 by policy and supported by policy
NOTE Confidence: 0.844055731428571

00:41:02.136 --> 00:41:04.136 and policy includes appropriation.
NOTE Confidence: 0.844055731428571

00:41:04.140 --> 00:41:04.501 Again,
NOTE Confidence: 0.844055731428571

00:41:04.501 --> 00:41:05.945 is that financial infrastructure

NOTE Confidence: 0.844055731428571
00:41:05.945 --> 00:41:07.750 and it's also recognizing the
NOTE Confidence: 0.844055731428571
00:41:07.807 --> 00:41:09.565 conditions of of of place on
NOTE Confidence: 0.844055731428571
00:41:09.565 --> 00:41:10.737 triple bottom line justice.
NOTE Confidence: 0.844055731428571
00:41:10.740 --> 00:41:13.155 And again it's the goal and the
NOTE Confidence: 0.844055731428571
00:41:13.155 --> 00:41:15.317 the the intent of the of the,
NOTE Confidence: 0.844055731428571
00:41:15.320 --> 00:41:16.910 the the policy center in the
NOTE Confidence: 0.844055731428571
00:41:16.910 --> 00:41:19.025 hub is to bring the researchers
NOTE Confidence: 0.844055731428571
00:41:19.025 --> 00:41:20.997 together the clinicians together,
NOTE Confidence: 0.844055731428571
00:41:21.000 --> 00:41:21.782 the educators,
NOTE Confidence: 0.844055731428571
00:41:21.782 --> 00:41:23.346 together across across the
NOTE Confidence: 0.844055731428571
00:41:23.346 --> 00:41:24.519 child study center,
NOTE Confidence: 0.927552378571428
00:41:24.520 --> 00:41:26.998 across the School of Medicine across Yale
NOTE Confidence: 0.927552378571428
00:41:26.998 --> 00:41:30.104 so that we can all be putting together
NOTE Confidence: 0.927552378571428
00:41:30.104 --> 00:41:32.760 our brilliance to help protect children.
NOTE Confidence: 0.927552378571428
00:41:32.760 --> 00:41:34.824 And it's also. Making sure that it's not
NOTE Confidence: 0.927552378571428

00:41:34.824 --> 00:41:37.046 just down from an ivory tower perspective,
NOTE Confidence: 0.927552378571428

00:41:37.050 --> 00:41:39.507 just looking at at at at at what academic
NOTE Confidence: 0.927552378571428

00:41:39.507 --> 00:41:41.127 researchers or clinicians are saying.
NOTE Confidence: 0.927552378571428

00:41:41.130 --> 00:41:43.514 But also the the people in the population.
NOTE Confidence: 0.927552378571428

00:41:43.520 --> 00:41:46.474 So that's a very exciting effort underway,
NOTE Confidence: 0.927552378571428

00:41:46.480 --> 00:41:49.462 and we really, really, really want the
NOTE Confidence: 0.927552378571428

00:41:49.462 --> 00:41:51.902 engagement of every faculty member at
NOTE Confidence: 0.927552378571428

00:41:51.902 --> 00:41:54.870 at at the CHILD Study Center or more.
NOTE Confidence: 0.927552378571428

00:41:54.870 --> 00:41:56.910 While we've been developing this durable,
NOTE Confidence: 0.927552378571428

00:41:56.910 --> 00:41:58.824 probably present policy presence and I
NOTE Confidence: 0.927552378571428

00:41:58.824 --> 00:42:01.640 am speeding up a little bit here is that
NOTE Confidence: 0.927552378571428

00:42:01.640 --> 00:42:03.816 we've had work underway and we've got
NOTE Confidence: 0.927552378571428

00:42:03.816 --> 00:42:06.049 vehicles underway and the first is the
NOTE Confidence: 0.927552378571428

00:42:06.049 --> 00:42:08.082 social innovation and policy workgroup,
NOTE Confidence: 0.927552378571428

00:42:08.082 --> 00:42:11.330 and I shout out to Aaron Warnick,
NOTE Confidence: 0.927552378571428

00:42:11.330 --> 00:42:12.744 who who has been leading this for

NOTE Confidence: 0.927552378571428
00:42:12.744 --> 00:42:13.670 a number of years.
NOTE Confidence: 0.927552378571428
00:42:13.670 --> 00:42:15.692 And then since I've been here, I've been.
NOTE Confidence: 0.927552378571428
00:42:15.692 --> 00:42:17.806 I've been the Guardian when the
NOTE Confidence: 0.927552378571428
00:42:17.806 --> 00:42:19.571 president was before the president
NOTE Confidence: 0.927552378571428
00:42:19.571 --> 00:42:21.968 was elected as part of the campaign,
NOTE Confidence: 0.927552378571428
00:42:21.970 --> 00:42:23.825 knowing that there would be
NOTE Confidence: 0.927552378571428
00:42:23.825 --> 00:42:24.938 an administration change.
NOTE Confidence: 0.927552378571428
00:42:24.940 --> 00:42:28.979 The SIP team decided that they wanted
NOTE Confidence: 0.927552378571428
00:42:28.979 --> 00:42:31.258 to play ball in the executive branch.
NOTE Confidence: 0.927552378571428
00:42:31.260 --> 00:42:33.094 There's a lot of work that's done
NOTE Confidence: 0.927552378571428
00:42:33.094 --> 00:42:34.220 in the congressional arena,
NOTE Confidence: 0.927552378571428
00:42:34.220 --> 00:42:36.713 and so so we came together and we thought,
NOTE Confidence: 0.927552378571428
00:42:36.720 --> 00:42:36.957 well,
NOTE Confidence: 0.927552378571428
00:42:36.957 --> 00:42:38.379 why not just tell the President
NOTE Confidence: 0.927552378571428
00:42:38.379 --> 00:42:39.619 what we want him to do,
NOTE Confidence: 0.927552378571428

00:42:39.620 --> 00:42:42.420 and so we developed a model executive

NOTE Confidence: 0.927552378571428

00:42:42.420 --> 00:42:44.908 order that we developed ourselves.

NOTE Confidence: 0.927552378571428

00:42:44.908 --> 00:42:48.040 We socialized that across 30 different

NOTE Confidence: 0.927552378571428

00:42:48.120 --> 00:42:50.576 organizations externally and through

NOTE Confidence: 0.927552378571428

00:42:50.576 --> 00:42:51.748 our environmental justice colleagues

NOTE Confidence: 0.927552378571428

00:42:51.748 --> 00:42:53.744 who were on the Biden campaign who

NOTE Confidence: 0.927552378571428

00:42:53.744 --> 00:42:55.543 were on the Biden transition team who

NOTE Confidence: 0.927552378571428

00:42:55.589 --> 00:42:57.149 became part of the administration.

NOTE Confidence: 0.927552378571428

00:42:57.150 --> 00:42:59.142 We got this information in front

NOTE Confidence: 0.927552378571428

00:42:59.142 --> 00:43:00.470 of the White House,

NOTE Confidence: 0.927552378571428

00:43:00.470 --> 00:43:03.446 which is a which was nice to happen.

NOTE Confidence: 0.927552378571428

00:43:03.450 --> 00:43:04.354 As it turns out,

NOTE Confidence: 0.927552378571428

00:43:04.354 --> 00:43:05.484 the president had his own

NOTE Confidence: 0.927552378571428

00:43:05.484 --> 00:43:06.850 ideas about executive orders.

NOTE Confidence: 0.927552378571428

00:43:06.850 --> 00:43:09.006 On day one he signed three that

NOTE Confidence: 0.927552378571428

00:43:09.006 --> 00:43:10.758 were relevant to everything that

NOTE Confidence: 0.927552378571428
00:43:10.758 --> 00:43:13.411 we talked about and the they were
NOTE Confidence: 0.927552378571428
00:43:13.411 --> 00:43:15.426 executive orders on racial equity
NOTE Confidence: 0.927552378571428
00:43:15.426 --> 00:43:17.386 on environmental justice and on
NOTE Confidence: 0.927552378571428
00:43:17.386 --> 00:43:19.142 whole of government solutions.
NOTE Confidence: 0.927552378571428
00:43:19.142 --> 00:43:20.050 And so,
NOTE Confidence: 0.927552378571428
00:43:20.050 --> 00:43:21.760 after we had presented what we
NOTE Confidence: 0.927552378571428
00:43:21.760 --> 00:43:23.782 thought to be the right coordinates
NOTE Confidence: 0.927552378571428
00:43:23.782 --> 00:43:25.410 for doing child policy,
NOTE Confidence: 0.927552378571428
00:43:25.410 --> 00:43:27.870 we went forward and started responding.
NOTE Confidence: 0.927552378571428
00:43:27.870 --> 00:43:30.396 To some of these executive orders
NOTE Confidence: 0.927552378571428
00:43:30.396 --> 00:43:32.080 through requests for information,
NOTE Confidence: 0.927552378571428
00:43:32.080 --> 00:43:34.208 and one of them was to the
NOTE Confidence: 0.927552378571428
00:43:34.208 --> 00:43:35.900 Office of Management and Budget,
NOTE Confidence: 0.927552378571428
00:43:35.900 --> 00:43:37.410 which is the gatekeeper for
NOTE Confidence: 0.927552378571428
00:43:37.410 --> 00:43:38.316 the federal government.
NOTE Confidence: 0.927552378571428

00:43:38.320 --> 00:43:40.096 Every regulation has to go through them,
NOTE Confidence: 0.927552378571428

00:43:40.100 --> 00:43:42.186 and they issued a request for information
NOTE Confidence: 0.927552378571428

00:43:42.186 --> 00:43:44.860 and the Me O team submitted its comments.
NOTE Confidence: 0.927552378571428

00:43:44.860 --> 00:43:47.929 We did it for a couple of others when
NOTE Confidence: 0.927552378571428

00:43:47.929 --> 00:43:50.878 when OMB came out with its findings.
NOTE Confidence: 0.927552378571428

00:43:50.880 --> 00:43:52.308 It included things that we had
NOTE Confidence: 0.927552378571428

00:43:52.308 --> 00:43:53.260 been advocating for it.
NOTE Confidence: 0.927552378571428

00:43:53.260 --> 00:43:54.730 We can't take credit for it,
NOTE Confidence: 0.927552378571428

00:43:54.730 --> 00:43:56.326 but we can certainly say we're all
NOTE Confidence: 0.927552378571428

00:43:56.330 --> 00:43:58.148 in alignment and we could think
NOTE Confidence: 0.927552378571428

00:43:58.148 --> 00:43:59.994 we contributed to that front and
NOTE Confidence: 0.927552378571428

00:43:59.994 --> 00:44:01.896 center was the recognition that the
NOTE Confidence: 0.927552378571428

00:44:01.900 --> 00:44:03.496 Community's well being needs to have
NOTE Confidence: 0.927552378571428

00:44:03.496 --> 00:44:05.120 an in trauma informed approaches.
NOTE Confidence: 0.927552378571428

00:44:05.120 --> 00:44:05.720 That's big.
NOTE Confidence: 0.927552378571428

00:44:05.720 --> 00:44:07.220 That has not happened before,

NOTE Confidence: 0.927552378571428
00:44:07.220 --> 00:44:08.895 and the federal government across
NOTE Confidence: 0.927552378571428
00:44:08.895 --> 00:44:09.900 the federal government.
NOTE Confidence: 0.927552378571428
00:44:09.900 --> 00:44:12.018 It spoke to the research interests
NOTE Confidence: 0.927552378571428
00:44:12.018 --> 00:44:13.430 of having that data
NOTE Confidence: 0.916308861428571
00:44:13.430 --> 00:44:15.614 being shared and linked across the agencies.
NOTE Confidence: 0.916308861428571
00:44:15.620 --> 00:44:17.636 I know that's something that Emio team
NOTE Confidence: 0.916308861428571
00:44:17.636 --> 00:44:19.319 researchers were very concerned about,
NOTE Confidence: 0.916308861428571
00:44:19.320 --> 00:44:21.288 and I think probably most importantly.
NOTE Confidence: 0.916308861428571
00:44:21.290 --> 00:44:23.817 Does this recognition of the one stop
NOTE Confidence: 0.916308861428571
00:44:23.817 --> 00:44:25.976 shopping and the payment situation
NOTE Confidence: 0.916308861428571
00:44:25.976 --> 00:44:28.032 that allowed people to get care
NOTE Confidence: 0.916308861428571
00:44:28.032 --> 00:44:29.990 based on what their needs were and
NOTE Confidence: 0.916308861428571
00:44:29.990 --> 00:44:31.892 their capabilities were not what some
NOTE Confidence: 0.916308861428571
00:44:31.892 --> 00:44:33.820 what a government programming said.
NOTE Confidence: 0.916308861428571
00:44:33.820 --> 00:44:35.941 So again within the field of policy
NOTE Confidence: 0.916308861428571

00:44:35.941 --> 00:44:38.851 at the CHILD Study Center and we have
NOTE Confidence: 0.916308861428571

00:44:38.851 --> 00:44:40.781 some really exciting things underway
NOTE Confidence: 0.916308861428571

00:44:40.845 --> 00:44:43.057 and we welcome everyone to join us.
NOTE Confidence: 0.916308861428571

00:44:43.060 --> 00:44:44.880 This is another opportunity to
NOTE Confidence: 0.916308861428571

00:44:44.880 --> 00:44:46.314 just mentioned, very briefly.
NOTE Confidence: 0.916308861428571

00:44:46.314 --> 00:44:48.778 Is there's an emerging effort to create
NOTE Confidence: 0.916308861428571

00:44:48.778 --> 00:44:51.318 a faculty network working with the.
NOTE Confidence: 0.916308861428571

00:44:51.320 --> 00:44:53.580 Yale Institute for Global Health.
NOTE Confidence: 0.916308861428571

00:44:53.580 --> 00:44:55.324 Looking at biological embedding,
NOTE Confidence: 0.916308861428571

00:44:55.324 --> 00:44:56.196 global research.
NOTE Confidence: 0.916308861428571

00:44:56.200 --> 00:44:58.416 But seeing how we can take this issue
NOTE Confidence: 0.916308861428571

00:44:58.416 --> 00:45:00.338 of biological embedding and adversity,
NOTE Confidence: 0.916308861428571

00:45:00.340 --> 00:45:02.240 which is fundamentally tied to
NOTE Confidence: 0.916308861428571

00:45:02.240 --> 00:45:04.540 triple bottom line justice and use
NOTE Confidence: 0.916308861428571

00:45:04.540 --> 00:45:06.520 that to inform the health policy.
NOTE Confidence: 0.916308861428571

00:45:06.520 --> 00:45:08.520 So that's again another opportunity

NOTE Confidence: 0.916308861428571
00:45:08.520 --> 00:45:11.060 here under way that we welcome
NOTE Confidence: 0.916308861428571
00:45:11.060 --> 00:45:13.405 everyone and we're actively recruiting
NOTE Confidence: 0.916308861428571
00:45:13.405 --> 00:45:15.876 people to engage with us again.
NOTE Confidence: 0.916308861428571
00:45:15.876 --> 00:45:18.578 The building blocks here I'm walking away.
NOTE Confidence: 0.916308861428571
00:45:18.580 --> 00:45:19.972 What do you do and I know I
NOTE Confidence: 0.916308861428571
00:45:19.972 --> 00:45:21.378 didn't hit too much on education,
NOTE Confidence: 0.916308861428571
00:45:21.380 --> 00:45:23.140 but education really permeates everything
NOTE Confidence: 0.916308861428571
00:45:23.140 --> 00:45:25.851 that we do is recognizing the need to
NOTE Confidence: 0.916308861428571
00:45:25.851 --> 00:45:27.944 understand the process we need to understand.
NOTE Confidence: 0.916308861428571
00:45:27.950 --> 00:45:30.155 It's not just Congress that does policy,
NOTE Confidence: 0.916308861428571
00:45:30.160 --> 00:45:31.510 but it's the executive branch.
NOTE Confidence: 0.916308861428571
00:45:31.510 --> 00:45:32.335 And of course,
NOTE Confidence: 0.916308861428571
00:45:32.335 --> 00:45:34.260 there's a role for the judicial branch.
NOTE Confidence: 0.916308861428571
00:45:34.260 --> 00:45:36.076 And then you need to infuse the substance,
NOTE Confidence: 0.916308861428571
00:45:36.080 --> 00:45:36.974 the technical knowledge.
NOTE Confidence: 0.916308861428571

00:45:36.974 --> 00:45:39.060 That you have right now and the
NOTE Confidence: 0.916308861428571

00:45:39.114 --> 00:45:40.822 space that we're at the way we're
NOTE Confidence: 0.916308861428571

00:45:40.822 --> 00:45:42.571 going to get funding to cover all
NOTE Confidence: 0.916308861428571

00:45:42.571 --> 00:45:44.598 of the needs that we see out there.
NOTE Confidence: 0.916308861428571

00:45:44.598 --> 00:45:47.419 We've got to be thinking of a place based
NOTE Confidence: 0.916308861428571

00:45:47.419 --> 00:45:50.219 resources that are leveraged for the people.
NOTE Confidence: 0.916308861428571

00:45:50.220 --> 00:45:52.257 And then finally all of the work
NOTE Confidence: 0.916308861428571

00:45:52.257 --> 00:45:54.726 that you do from the the the
NOTE Confidence: 0.916308861428571

00:45:54.726 --> 00:45:56.636 research to clinical the educators.
NOTE Confidence: 0.916308861428571

00:45:56.640 --> 00:45:57.268 We need.
NOTE Confidence: 0.916308861428571

00:45:57.268 --> 00:45:59.152 The goal is the most informed
NOTE Confidence: 0.916308861428571

00:45:59.152 --> 00:46:00.719 decision making at the federal,
NOTE Confidence: 0.916308861428571

00:46:00.720 --> 00:46:02.150 state and local government and
NOTE Confidence: 0.916308861428571

00:46:02.150 --> 00:46:04.109 all of you are essential for that.
NOTE Confidence: 0.916308861428571

00:46:04.110 --> 00:46:04.414 Uh,
NOTE Confidence: 0.916308861428571

00:46:04.414 --> 00:46:05.934 last little teaser before my

NOTE Confidence: 0.916308861428571

00:46:05.934 --> 00:46:07.150 next to last slide.

NOTE Confidence: 0.916308861428571

00:46:07.150 --> 00:46:09.118 As I've already mentioned to you

NOTE Confidence: 0.916308861428571

00:46:09.118 --> 00:46:11.280 that there's the \$1.4 trillion out

NOTE Confidence: 0.916308861428571

00:46:11.280 --> 00:46:13.620 of the infrastructure bill and the

NOTE Confidence: 0.916308861428571

00:46:13.620 --> 00:46:15.350 infrastructure bill can fund everything

NOTE Confidence: 0.916308861428571

00:46:15.350 --> 00:46:18.029 that I've talked about in this slide today,

NOTE Confidence: 0.916308861428571

00:46:18.030 --> 00:46:20.046 at the tune of billions of dollars.

NOTE Confidence: 0.916308861428571

00:46:20.050 --> 00:46:22.642 And so we need to come together and

NOTE Confidence: 0.916308861428571

00:46:22.642 --> 00:46:25.160 access that for the children when we

NOTE Confidence: 0.916308861428571

00:46:25.160 --> 00:46:27.920 see the the the funding that went out

NOTE Confidence: 0.916308861428571

00:46:27.999 --> 00:46:30.101 through the the the American Rescue

NOTE Confidence: 0.916308861428571

00:46:30.101 --> 00:46:32.003 Plan Act and and lindas championing

NOTE Confidence: 0.916308861428571

00:46:32.003 --> 00:46:33.750 some efforts here in the state,

NOTE Confidence: 0.916308861428571

00:46:33.750 --> 00:46:34.570 its funding,

NOTE Confidence: 0.916308861428571

00:46:34.570 --> 00:46:36.210 housing its funding transportation,

NOTE Confidence: 0.916308861428571

00:46:36.210 --> 00:46:37.419 its funding, childcare.
NOTE Confidence: 0.916308861428571

00:46:37.419 --> 00:46:39.434 So the money is relevant,
NOTE Confidence: 0.916308861428571

00:46:39.440 --> 00:46:41.358 we just have to think about repackaging
NOTE Confidence: 0.916308861428571

00:46:41.358 --> 00:46:43.779 what it is and how we do it so that we
NOTE Confidence: 0.916308861428571

00:46:43.779 --> 00:46:45.979 can get the resources to meet the needs.
NOTE Confidence: 0.916308861428571

00:46:45.980 --> 00:46:46.892 And finally,
NOTE Confidence: 0.916308861428571

00:46:46.892 --> 00:46:48.716 last but not least,
NOTE Confidence: 0.916308861428571

00:46:48.720 --> 00:46:50.128 with my concluding slide,
NOTE Confidence: 0.916308861428571

00:46:50.128 --> 00:46:53.598 I want to share with you a quote which
NOTE Confidence: 0.916308861428571

00:46:53.598 --> 00:46:56.172 to me represents the most significant
NOTE Confidence: 0.916308861428571

00:46:56.172 --> 00:46:58.397 statement of the importance of
NOTE Confidence: 0.916308861428571

00:46:58.397 --> 00:47:00.547 children to policy and governance.
NOTE Confidence: 0.94675736

00:47:00.550 --> 00:47:01.948 And I'm just gonna read it.
NOTE Confidence: 0.94675736

00:47:01.950 --> 00:47:04.680 I would very much like for you to not have
NOTE Confidence: 0.94675736

00:47:04.750 --> 00:47:07.550 my portrait in your office is no portraits.
NOTE Confidence: 0.94675736

00:47:07.550 --> 00:47:10.628 A president is not an icon nor an idol.

NOTE Confidence: 0.94675736

00:47:10.630 --> 00:47:13.822 A president is not a president is

NOTE Confidence: 0.94675736

00:47:13.822 --> 00:47:16.018 not a portrait. Put photographs

NOTE Confidence: 0.94675736

00:47:16.018 --> 00:47:18.088 of your children there instead.

NOTE Confidence: 0.94675736

00:47:18.090 --> 00:47:20.130 And before making any decisions,

NOTE Confidence: 0.94675736

00:47:20.130 --> 00:47:21.850 look them in the eyes.

NOTE Confidence: 0.94675736

00:47:21.850 --> 00:47:24.738 And this was by you, can't you.

NOTE Confidence: 0.94675736

00:47:24.738 --> 00:47:26.954 Can't Ukrainian President Zelensky

NOTE Confidence: 0.94675736

00:47:26.954 --> 00:47:29.850 and his inauguration address in 2019?

NOTE Confidence: 0.94675736

00:47:29.850 --> 00:47:31.083 We who work.

NOTE Confidence: 0.94675736

00:47:31.083 --> 00:47:33.549 At Yale are privileged and you

NOTE Confidence: 0.94675736

00:47:33.549 --> 00:47:36.236 represent some of the best and

NOTE Confidence: 0.94675736

00:47:36.236 --> 00:47:37.992 brightest minds for expertise.

NOTE Confidence: 0.94675736

00:47:38.000 --> 00:47:40.164 For experiences for ideas,

NOTE Confidence: 0.94675736

00:47:40.164 --> 00:47:43.410 the government is desperate for expertise,

NOTE Confidence: 0.94675736

00:47:43.410 --> 00:47:46.460 ideas and and ways to get us to where we can.

NOTE Confidence: 0.94675736

00:47:46.460 --> 00:47:48.777 Can can work and Save the Children,
NOTE Confidence: 0.94675736

00:47:48.780 --> 00:47:51.336 and so with the policy programming,
NOTE Confidence: 0.94675736

00:47:51.340 --> 00:47:53.419 we look forward to working with all of you.
NOTE Confidence: 0.94675736

00:47:53.420 --> 00:47:55.100 As I mentioned to Karen at the beginning.
NOTE Confidence: 0.94675736

00:47:55.100 --> 00:47:56.535 Usually when I come to give talks,
NOTE Confidence: 0.94675736

00:47:56.540 --> 00:47:58.808 I have a sign up sheet and so I'm
NOTE Confidence: 0.94675736

00:47:58.808 --> 00:48:00.523 please let us know if this is
NOTE Confidence: 0.94675736

00:48:00.523 --> 00:48:02.339 a very much of an open door.
NOTE Confidence: 0.94675736

00:48:02.340 --> 00:48:02.930 Our policy,
NOTE Confidence: 0.94675736

00:48:02.930 --> 00:48:04.405 and we definitely want everyone
NOTE Confidence: 0.94675736

00:48:04.405 --> 00:48:06.338 to to join us in this effort.
NOTE Confidence: 0.94675736

00:48:06.340 --> 00:48:07.894 So with that thank you very much
NOTE Confidence: 0.94675736

00:48:07.894 --> 00:48:09.828 and I guess we're open to questions.
NOTE Confidence: 0.893506814444444

00:48:16.610 --> 00:48:18.332 We we actually have a question
NOTE Confidence: 0.893506814444444

00:48:18.332 --> 00:48:19.634 from Amanda Detmer, so Amanda,
NOTE Confidence: 0.893506814444444

00:48:19.634 --> 00:48:20.719 if you'd like to unmute.

NOTE Confidence: 0.893506814444444

00:48:20.720 --> 00:48:22.088 Amanda is joining us by Zoom.

NOTE Confidence: 0.911661502857143

00:48:23.880 --> 00:48:26.148 Hi Susie, can you hear me OK?

NOTE Confidence: 0.911661502857143

00:48:26.150 --> 00:48:29.620 Oh there you are hello Bindu.

NOTE Confidence: 0.911661502857143

00:48:29.620 --> 00:48:31.738 Uhm, thank you so much for

NOTE Confidence: 0.911661502857143

00:48:31.738 --> 00:48:32.797 this fascinating presentation.

NOTE Confidence: 0.911661502857143

00:48:32.800 --> 00:48:34.284 I'm I don't know about everybody else,

NOTE Confidence: 0.911661502857143

00:48:34.290 --> 00:48:36.551 but I'm so jazzed to see how

NOTE Confidence: 0.911661502857143

00:48:36.551 --> 00:48:38.794 my research might be able to

NOTE Confidence: 0.911661502857143

00:48:38.794 --> 00:48:40.398 contribute to policy efforts.

NOTE Confidence: 0.911661502857143

00:48:40.400 --> 00:48:42.143 And I just I'm just so excited

NOTE Confidence: 0.911661502857143

00:48:42.143 --> 00:48:43.200 after hearing your talk.

NOTE Confidence: 0.911661502857143

00:48:43.200 --> 00:48:45.072 So thank you, I.

NOTE Confidence: 0.911661502857143

00:48:45.072 --> 00:48:46.476 My question is,

NOTE Confidence: 0.911661502857143

00:48:46.480 --> 00:48:50.377 where might we go to see where you know

NOTE Confidence: 0.911661502857143

00:48:50.377 --> 00:48:54.161 what research studies did in fact, or,

NOTE Confidence: 0.911661502857143

00:48:54.161 --> 00:48:57.289 I guess, are used by policymakers I know.

NOTE Confidence: 0.911661502857143

00:48:57.290 --> 00:48:58.360 This is really broad question,

NOTE Confidence: 0.911661502857143

00:48:58.360 --> 00:49:00.719 but I'm thinking in particular about how.

NOTE Confidence: 0.911661502857143

00:49:00.720 --> 00:49:02.595 You mentioned that research into

NOTE Confidence: 0.911661502857143

00:49:02.595 --> 00:49:04.828 the effects of mercury, for example,

NOTE Confidence: 0.911661502857143

00:49:04.828 --> 00:49:07.376 and the effects that that had on

NOTE Confidence: 0.911661502857143

00:49:07.376 --> 00:49:10.632 policy like how do we know what kinds

NOTE Confidence: 0.911661502857143

00:49:10.632 --> 00:49:13.359 of studies are actually being used?

NOTE Confidence: 0.911661502857143

00:49:13.360 --> 00:49:14.644 That's a great question.

NOTE Confidence: 0.911661502857143

00:49:14.644 --> 00:49:15.607 I love it.

NOTE Confidence: 0.911661502857143

00:49:15.610 --> 00:49:17.925 Basically in federal government decision

NOTE Confidence: 0.911661502857143

00:49:17.925 --> 00:49:20.240 making and administrative record has

NOTE Confidence: 0.911661502857143

00:49:20.304 --> 00:49:22.470 to be established for that decision,

NOTE Confidence: 0.911661502857143

00:49:22.470 --> 00:49:24.974 making venue and so the the first step

NOTE Confidence: 0.911661502857143

00:49:24.974 --> 00:49:28.019 is to identify the decision and if you

NOTE Confidence: 0.911661502857143

00:49:28.019 --> 00:49:30.870 don't know exactly the precise decision.

NOTE Confidence: 0.911661502857143

00:49:30.870 --> 00:49:33.320 You can look at well what is the topic and

NOTE Confidence: 0.911661502857143

00:49:33.378 --> 00:49:35.765 then what agency might govern that topic.

NOTE Confidence: 0.911661502857143

00:49:35.770 --> 00:49:37.338 And then we can look at the

NOTE Confidence: 0.911661502857143

00:49:37.338 --> 00:49:38.864 decisions and then from there find

NOTE Confidence: 0.911661502857143

00:49:38.864 --> 00:49:40.204 the administrative record and you

NOTE Confidence: 0.911661502857143

00:49:40.204 --> 00:49:41.909 we we will have that covered.

NOTE Confidence: 0.911661502857143

00:49:41.910 --> 00:49:43.646 I mean that I think that's one thing

NOTE Confidence: 0.911661502857143

00:49:43.646 --> 00:49:44.939 that because of the Administrative

NOTE Confidence: 0.911661502857143

00:49:44.939 --> 00:49:46.289 Procedures Act it's very strong

NOTE Confidence: 0.911661502857143

00:49:46.289 --> 00:49:47.588 to have that that basis.

NOTE Confidence: 0.911661502857143

00:49:47.590 --> 00:49:49.162 And I think that's a great

NOTE Confidence: 0.911661502857143

00:49:49.162 --> 00:49:50.769 suggestion on an activity to pursue.

NOTE Confidence: 0.89037028875

00:50:00.910 --> 00:50:01.950 Thank you so much.

NOTE Confidence: 0.89037028875

00:50:01.950 --> 00:50:03.943 I just want to say Amen to

NOTE Confidence: 0.89037028875

00:50:03.943 --> 00:50:05.798 everything to every single slide.

NOTE Confidence: 0.89037028875

00:50:05.800 --> 00:50:06.886 Very, very inspirational.
NOTE Confidence: 0.89037028875

00:50:06.886 --> 00:50:10.315 You know COVID has taught us one thing that
NOTE Confidence: 0.89037028875

00:50:10.315 --> 00:50:12.799 science can get distorted and politicized.
NOTE Confidence: 0.89037028875

00:50:12.800 --> 00:50:15.558 We just when we thought scientists science,
NOTE Confidence: 0.89037028875

00:50:15.560 --> 00:50:18.176 it's irrefutable for the most part,
NOTE Confidence: 0.89037028875

00:50:18.180 --> 00:50:20.236 look what has happened these last two years.
NOTE Confidence: 0.89037028875

00:50:20.240 --> 00:50:22.322 And so when you talk about the
NOTE Confidence: 0.89037028875

00:50:22.322 --> 00:50:24.090 power science using science.
NOTE Confidence: 0.89037028875

00:50:24.090 --> 00:50:26.238 To influence in a social change,
NOTE Confidence: 0.89037028875

00:50:26.240 --> 00:50:27.856 how do we anticipate?
NOTE Confidence: 0.89037028875

00:50:27.856 --> 00:50:30.280 Is there a way to anticipate
NOTE Confidence: 0.89037028875

00:50:30.364 --> 00:50:32.788 the politicization of science?
NOTE Confidence: 0.89037028875

00:50:32.790 --> 00:50:33.876 How do we?
NOTE Confidence: 0.89037028875

00:50:33.876 --> 00:50:36.234 How do we safeguard and mitigate
NOTE Confidence: 0.89037028875

00:50:36.234 --> 00:50:37.590 against that possibility?
NOTE Confidence: 0.89037028875

00:50:37.590 --> 00:50:39.348 I think that's a great question.

NOTE Confidence: 0.89037028875

00:50:39.350 --> 00:50:42.248 I know that subject to some laws in Congress

NOTE Confidence: 0.89037028875

00:50:42.248 --> 00:50:44.640 right now in terms of misinformation,

NOTE Confidence: 0.89037028875

00:50:44.640 --> 00:50:47.433 and I would actually draw from the

NOTE Confidence: 0.89037028875

00:50:47.433 --> 00:50:48.947 experience with environmental justice

NOTE Confidence: 0.89037028875

00:50:48.947 --> 00:50:51.560 to give us a little bit of a road map.

NOTE Confidence: 0.89037028875

00:50:51.560 --> 00:50:54.700 I think that there is a tendency to think of.

NOTE Confidence: 0.89037028875

00:50:54.700 --> 00:50:57.759 The population as one unit with same

NOTE Confidence: 0.89037028875

00:50:57.759 --> 00:50:58.900 motivation, same understandings,

NOTE Confidence: 0.89037028875

00:50:58.900 --> 00:51:01.000 and so on and so forth.

NOTE Confidence: 0.89037028875

00:51:01.000 --> 00:51:02.625 And what we realized with

NOTE Confidence: 0.89037028875

00:51:02.625 --> 00:51:03.275 environmental justice,

NOTE Confidence: 0.89037028875

00:51:03.280 --> 00:51:05.878 which I think tracks what's going

NOTE Confidence: 0.89037028875

00:51:05.878 --> 00:51:07.980 on with misinformation is that

NOTE Confidence: 0.89037028875

00:51:07.980 --> 00:51:10.164 the the approach to dealing with

NOTE Confidence: 0.89037028875

00:51:10.164 --> 00:51:11.620 rural environmental justice is

NOTE Confidence: 0.89037028875

00:51:11.685 --> 00:51:13.480 different from urban and urban.
NOTE Confidence: 0.89037028875

00:51:13.480 --> 00:51:15.110 You have predominantly people of
NOTE Confidence: 0.89037028875

00:51:15.110 --> 00:51:16.740 color who are screaming because
NOTE Confidence: 0.89037028875

00:51:16.797 --> 00:51:18.429 they want government to come in.
NOTE Confidence: 0.89037028875

00:51:18.430 --> 00:51:19.575 They want the federal government
NOTE Confidence: 0.89037028875

00:51:19.575 --> 00:51:21.310 to come in and the rural areas.
NOTE Confidence: 0.89037028875

00:51:21.310 --> 00:51:23.641 And what I found in Tennessee is
NOTE Confidence: 0.89037028875

00:51:23.641 --> 00:51:25.449 that it's largely low income.
NOTE Confidence: 0.89037028875

00:51:25.450 --> 00:51:27.200 White populations who don't want
NOTE Confidence: 0.89037028875

00:51:27.200 --> 00:51:29.272 government to come and who meet
NOTE Confidence: 0.89037028875

00:51:29.272 --> 00:51:30.844 you with a with a shotgun.
NOTE Confidence: 0.89037028875

00:51:30.850 --> 00:51:33.365 And so the conversation yesterday
NOTE Confidence: 0.89037028875

00:51:33.365 --> 00:51:35.880 was thinking of applying that
NOTE Confidence: 0.89037028875

00:51:35.960 --> 00:51:37.940 that scientific approach looking
NOTE Confidence: 0.89037028875

00:51:37.940 --> 00:51:40.910 at in in the COVID situation,
NOTE Confidence: 0.89037028875

00:51:40.910 --> 00:51:43.112 looking at the political side that

NOTE Confidence: 0.89037028875

00:51:43.112 --> 00:51:45.809 you know the the the myth makers.

NOTE Confidence: 0.89037028875

00:51:45.810 --> 00:51:48.379 But the basis for them not wanting

NOTE Confidence: 0.89037028875

00:51:48.379 --> 00:51:50.939 to believe is the opposite of the

NOTE Confidence: 0.89037028875

00:51:50.939 --> 00:51:53.257 basis of why we have such why

NOTE Confidence: 0.89037028875

00:51:53.257 --> 00:51:54.739 we have had such difficulty in

NOTE Confidence: 0.89037028875

00:51:54.739 --> 00:51:56.470 the black and brown communities.

NOTE Confidence: 0.89037028875

00:51:56.470 --> 00:51:57.190 So again,

NOTE Confidence: 0.89037028875

00:51:57.190 --> 00:51:59.350 with what we've done with environmental

NOTE Confidence: 0.89037028875

00:51:59.350 --> 00:52:01.150 justice is that we've we've.

NOTE Confidence: 0.89037028875

00:52:01.150 --> 00:52:04.336 We've taken the population and made

NOTE Confidence: 0.89037028875

00:52:04.336 --> 00:52:06.912 a very granular assessment and

NOTE Confidence: 0.89037028875

00:52:06.912 --> 00:52:09.432 communication with that population so

NOTE Confidence: 0.89037028875

00:52:09.432 --> 00:52:12.578 that it's not a cookie cutter approach.

NOTE Confidence: 0.89037028875

00:52:12.580 --> 00:52:14.010 And so you know, again,

NOTE Confidence: 0.89037028875

00:52:14.010 --> 00:52:15.528 with the black and brown population,

NOTE Confidence: 0.89037028875

00:52:15.530 --> 00:52:16.982 especially the black population.

NOTE Confidence: 0.89037028875

00:52:16.982 --> 00:52:19.160 Tuskegee is alive and well and

NOTE Confidence: 0.89037028875

00:52:19.221 --> 00:52:20.716 we have not overcome that.

NOTE Confidence: 0.89037028875

00:52:20.720 --> 00:52:22.722 And even though people like to think

NOTE Confidence: 0.89037028875

00:52:22.722 --> 00:52:24.559 that the doctors are your trusted

NOTE Confidence: 0.89037028875

00:52:24.559 --> 00:52:26.395 providers in a lot of communities,

NOTE Confidence: 0.89037028875

00:52:26.400 --> 00:52:26.884 they're not.

NOTE Confidence: 0.89037028875

00:52:26.884 --> 00:52:28.336 And so we've got to start,

NOTE Confidence: 0.89037028875

00:52:28.340 --> 00:52:30.038 we've got to start with assessing

NOTE Confidence: 0.89037028875

00:52:30.038 --> 00:52:31.575 the validity of the assumptions

NOTE Confidence: 0.89037028875

00:52:31.575 --> 00:52:33.639 of the people we're dealing with,

NOTE Confidence: 0.89037028875

00:52:33.640 --> 00:52:35.579 and I think once we do that,

NOTE Confidence: 0.89037028875

00:52:35.580 --> 00:52:37.190 the other part will fall.

NOTE Confidence: 0.89037028875

00:52:37.190 --> 00:52:38.442 I think it'll happen.

NOTE Confidence: 0.89037028875

00:52:38.442 --> 00:52:41.089 I think that's when the science can come in.

NOTE Confidence: 0.89037028875

00:52:41.090 --> 00:52:41.550 Miller

NOTE Confidence: 0.697348288571429
00:52:46.650 --> 00:52:49.107 it's easy, just just to check Amanda,
NOTE Confidence: 0.697348288571429
00:52:49.110 --> 00:52:51.090 do you? Do you have another
NOTE Confidence: 0.697348288571429
00:52:51.090 --> 00:52:55.250 question just or great fun?
NOTE Confidence: 0.697348288571429
00:52:55.250 --> 00:52:56.690 You know you mentioned about
NOTE Confidence: 0.697348288571429
00:52:56.690 --> 00:52:58.130 the sign up sheet Susie.
NOTE Confidence: 0.697348288571429
00:52:58.130 --> 00:52:59.691 What would be concrete next steps for
NOTE Confidence: 0.697348288571429
00:52:59.691 --> 00:53:01.200 people that are listening today and
NOTE Confidence: 0.697348288571429
00:53:01.200 --> 00:53:02.796 thinking they'd like to get involved?
NOTE Confidence: 0.9346437875
00:53:04.320 --> 00:53:06.462 Black, I said I think we need to create
NOTE Confidence: 0.9346437875
00:53:06.462 --> 00:53:08.438 a virtual worksheet and I think that
NOTE Confidence: 0.9346437875
00:53:08.438 --> 00:53:10.780 if any of you have any interest in
NOTE Confidence: 0.9346437875
00:53:10.780 --> 00:53:14.413 either policy straight up or working on
NOTE Confidence: 0.9346437875
00:53:14.413 --> 00:53:17.536 triple bottom line justice, let us know.
NOTE Confidence: 0.9346437875
00:53:17.536 --> 00:53:21.488 I guess. Email me email Linda.
NOTE Confidence: 0.9346437875
00:53:21.490 --> 00:53:22.390 Don't email, let it.
NOTE Confidence: 0.9346437875

00:53:22.390 --> 00:53:23.922 Do not email. Linda email me,
NOTE Confidence: 0.9346437875

00:53:23.922 --> 00:53:25.626 but I may be equally dangerous.
NOTE Confidence: 0.9346437875

00:53:25.630 --> 00:53:27.526 We'll set up a system to do that,
NOTE Confidence: 0.9346437875

00:53:27.530 --> 00:53:29.602 and I think as part of the
NOTE Confidence: 0.9346437875

00:53:29.602 --> 00:53:31.868 rollout of the of the policy hub,
NOTE Confidence: 0.9346437875

00:53:31.870 --> 00:53:33.310 we're going to want to have.
NOTE Confidence: 0.9346437875

00:53:33.310 --> 00:53:35.508 We're wanting to to do some mapping
NOTE Confidence: 0.9346437875

00:53:35.508 --> 00:53:37.300 on what people's interests are
NOTE Confidence: 0.9346437875

00:53:37.300 --> 00:53:39.778 so we can start start helping
NOTE Confidence: 0.9346437875

00:53:39.778 --> 00:53:41.420 to channel the the interest.
NOTE Confidence: 0.9346437875

00:53:41.420 --> 00:53:43.668 One thing that I do want to say
NOTE Confidence: 0.9346437875

00:53:43.668 --> 00:53:45.691 is I've never had access to such
NOTE Confidence: 0.9346437875

00:53:45.691 --> 00:53:47.558 a wonderful braintrust as I did
NOTE Confidence: 0.9346437875

00:53:47.558 --> 00:53:49.400 as we were developing the model
NOTE Confidence: 0.9346437875

00:53:49.400 --> 00:53:52.070 executive order and the comments.
NOTE Confidence: 0.9346437875

00:53:52.070 --> 00:53:53.606 To to office management.

NOTE Confidence: 0.9346437875

00:53:53.606 --> 00:53:55.526 We we commented to NIH.

NOTE Confidence: 0.9346437875

00:53:55.530 --> 00:53:57.612 We commented to other departments and

NOTE Confidence: 0.9346437875

00:53:57.612 --> 00:54:00.607 so if any of you have any interest,

NOTE Confidence: 0.9346437875

00:54:00.610 --> 00:54:03.907 there are a huge number of opportunities

NOTE Confidence: 0.9346437875

00:54:03.907 --> 00:54:07.279 to apply your expertise in venues

NOTE Confidence: 0.9346437875

00:54:07.279 --> 00:54:10.389 where government is asking questions,

NOTE Confidence: 0.9346437875

00:54:10.390 --> 00:54:11.690 so that's part of it.

NOTE Confidence: 0.9346437875

00:54:11.690 --> 00:54:13.734 Part of it is to help inform

NOTE Confidence: 0.9346437875

00:54:13.734 --> 00:54:14.610 their thinking substantively,

NOTE Confidence: 0.9346437875

00:54:14.610 --> 00:54:16.656 but also what is equally important

NOTE Confidence: 0.9346437875

00:54:16.656 --> 00:54:19.688 is that we really need your help and

NOTE Confidence: 0.9346437875

00:54:19.688 --> 00:54:22.088 packaging interventions so that that real.

NOTE Confidence: 0.9346437875

00:54:22.090 --> 00:54:23.902 Relief can come to these communities

NOTE Confidence: 0.9346437875

00:54:23.902 --> 00:54:25.510 because EPA and the federal

NOTE Confidence: 0.9346437875

00:54:25.510 --> 00:54:27.544 government and I always look around.

NOTE Confidence: 0.9346437875

00:54:27.550 --> 00:54:28.908 Hope I'm not going to get whatever
NOTE Confidence: 0.9346437875

00:54:28.908 --> 00:54:30.200 for saying then in the government
NOTE Confidence: 0.9346437875

00:54:30.200 --> 00:54:31.088 can't speak like that.
NOTE Confidence: 0.9346437875

00:54:31.090 --> 00:54:32.548 I don't work for you anymore.
NOTE Confidence: 0.9346437875

00:54:32.550 --> 00:54:34.990 Is that? They're doing webinars.
NOTE Confidence: 0.9346437875

00:54:34.990 --> 00:54:36.292 They're doing charettes.
NOTE Confidence: 0.9346437875

00:54:36.292 --> 00:54:38.028 They're doing justice journeys.
NOTE Confidence: 0.9346437875

00:54:38.030 --> 00:54:39.776 They're not coming in and being
NOTE Confidence: 0.9346437875

00:54:39.776 --> 00:54:41.484 accountable to the lives of the
NOTE Confidence: 0.9346437875

00:54:41.484 --> 00:54:42.704 people that you're dealing with
NOTE Confidence: 0.9346437875

00:54:42.704 --> 00:54:44.169 on a day to day basis.
NOTE Confidence: 0.9346437875

00:54:44.170 --> 00:54:45.390 And it's not that they're
NOTE Confidence: 0.9346437875

00:54:45.390 --> 00:54:46.610 against doing the right thing,
NOTE Confidence: 0.9346437875

00:54:46.610 --> 00:54:48.950 they just don't have any idea of what to do.
NOTE Confidence: 0.9346437875

00:54:48.950 --> 00:54:50.996 And so that creative problem solving,
NOTE Confidence: 0.9346437875

00:54:51.000 --> 00:54:52.012 and I think Karen.

NOTE Confidence: 0.9346437875
00:54:52.012 --> 00:54:53.900 We can look at the SIP team,
NOTE Confidence: 0.9346437875
00:54:53.900 --> 00:54:55.670 the social innovation and policy.
NOTE Confidence: 0.9346437875
00:54:55.670 --> 00:54:57.248 We're group as a venue to
NOTE Confidence: 0.9346437875
00:54:57.248 --> 00:54:58.037 have these conversations.
NOTE Confidence: 0.9346437875
00:54:58.040 --> 00:55:00.470 We can also look at the
NOTE Confidence: 0.9346437875
00:55:00.470 --> 00:55:01.685 Begin faculty network.
NOTE Confidence: 0.9346437875
00:55:01.690 --> 00:55:02.840 We'll make new venues if
NOTE Confidence: 0.9346437875
00:55:02.840 --> 00:55:03.760 those two don't work,
NOTE Confidence: 0.9346437875
00:55:03.760 --> 00:55:05.380 but those are two concrete
NOTE Confidence: 0.9346437875
00:55:05.380 --> 00:55:06.676 places to get engaged.
NOTE Confidence: 0.915426399333333
00:55:07.500 --> 00:55:08.584 Wonderful, and I'd really
NOTE Confidence: 0.915426399333333
00:55:08.584 --> 00:55:09.668 encourage any trainees that
NOTE Confidence: 0.915426399333333
00:55:09.668 --> 00:55:11.156 are on zoom or in the room.
NOTE Confidence: 0.915426399333333
00:55:11.160 --> 00:55:12.828 If anyone any trainee would like
NOTE Confidence: 0.915426399333333
00:55:12.828 --> 00:55:14.489 to pose a question to Susie,
NOTE Confidence: 0.915426399333333

00:55:14.490 --> 00:55:16.458 please do raise your hand or
NOTE Confidence: 0.915426399333333
00:55:16.458 --> 00:55:18.460 unmute and just ask directly.
NOTE Confidence: 0.915426399333333
00:55:18.460 --> 00:55:20.420 Do we have any other questions while
NOTE Confidence: 0.915426399333333
00:55:20.420 --> 00:55:22.158 we're waiting in the in the room?
NOTE Confidence: 0.915426399333333
00:55:22.160 --> 00:55:23.129 Or on zoom.
NOTE Confidence: 0.923051088
00:55:24.910 --> 00:55:26.174 You know I would.
NOTE Confidence: 0.923051088
00:55:26.174 --> 00:55:28.070 I would also offer that if
NOTE Confidence: 0.923051088
00:55:28.142 --> 00:55:30.007 you do have any questions,
NOTE Confidence: 0.923051088
00:55:30.010 --> 00:55:31.942 put them in the chat because your
NOTE Confidence: 0.923051088
00:55:31.942 --> 00:55:33.678 questions are more important than the
NOTE Confidence: 0.923051088
00:55:33.678 --> 00:55:35.652 answers and I think what what your
NOTE Confidence: 0.923051088
00:55:35.707 --> 00:55:37.707 questions can help us do is have a
NOTE Confidence: 0.923051088
00:55:37.707 --> 00:55:39.446 better sense of what what your interests are,
NOTE Confidence: 0.923051088
00:55:39.450 --> 00:55:41.529 but also how we can be navigating our policy.
NOTE Confidence: 0.923051088
00:55:41.530 --> 00:55:44.328 So please fill the chat with with
NOTE Confidence: 0.923051088
00:55:44.328 --> 00:55:46.240 those questions or or send them to me.

NOTE Confidence: 0.888490098888889
00:55:50.650 --> 00:55:53.188 So far we're getting lots of just thank you.
NOTE Confidence: 0.888490098888889
00:55:53.190 --> 00:55:55.236 Amazing that was a fantastic talk.
NOTE Confidence: 0.18240207
00:55:58.100 --> 00:56:00.006 From from on your talk so far.
NOTE Confidence: 0.922684651666667
00:56:01.900 --> 00:56:03.755 Well, Karen, I know we have maybe
NOTE Confidence: 0.922684651666667
00:56:03.755 --> 00:56:05.420 time for one more question.
NOTE Confidence: 0.922684651666667
00:56:05.420 --> 00:56:06.904 I know you had a question that
NOTE Confidence: 0.922684651666667
00:56:06.904 --> 00:56:08.380 we were talking about beforehand.
NOTE Confidence: 0.922684651666667
00:56:08.380 --> 00:56:09.510 If there are no others.
NOTE Confidence: 0.595684422833333
00:56:10.980 --> 00:56:12.846 Mr hand. So go ahead and.
NOTE Confidence: 0.85467756
00:56:17.990 --> 00:56:21.760 Hi, thank you. Can you hear me yes.
NOTE Confidence: 0.862700306
00:56:21.760 --> 00:56:23.993 This is just amazing and I think
NOTE Confidence: 0.862700306
00:56:23.993 --> 00:56:26.298 we have briefly talked in the past
NOTE Confidence: 0.862700306
00:56:26.298 --> 00:56:28.500 about the intersection with our
NOTE Confidence: 0.862700306
00:56:28.500 --> 00:56:30.380 international work and policy,
NOTE Confidence: 0.862700306
00:56:30.380 --> 00:56:32.762 and so I just like the road
NOTE Confidence: 0.862700306

00:56:32.762 --> 00:56:35.397 map for your work in the US.

NOTE Confidence: 0.862700306

00:56:35.397 --> 00:56:37.560 It's it's just brilliant and I wonder

NOTE Confidence: 0.862700306

00:56:37.632 --> 00:56:40.292 what are your thoughts on similar Rd

NOTE Confidence: 0.862700306

00:56:40.292 --> 00:56:42.509 maps for international advocacy and how

NOTE Confidence: 0.862700306

00:56:42.509 --> 00:56:44.854 we can come together in that space.

NOTE Confidence: 0.862700306

00:56:44.860 --> 00:56:46.316 Thank you so much for that question

NOTE Confidence: 0.862700306

00:56:46.316 --> 00:56:47.720 because I think that's that's odd.

NOTE Confidence: 0.862700306

00:56:47.720 --> 00:56:49.238 There's multiple opportunities,

NOTE Confidence: 0.862700306

00:56:49.238 --> 00:56:50.762 I think clearly.

NOTE Confidence: 0.862700306

00:56:50.762 --> 00:56:52.810 To a certain level,

NOTE Confidence: 0.862700306

00:56:52.810 --> 00:56:53.869 with environmental justice,

NOTE Confidence: 0.862700306

00:56:53.869 --> 00:56:55.987 we've actually learned a lot more

NOTE Confidence: 0.862700306

00:56:55.987 --> 00:56:58.109 from from from international efforts,

NOTE Confidence: 0.862700306

00:56:58.110 --> 00:57:00.322 and I think that that I love

NOTE Confidence: 0.862700306

00:57:00.322 --> 00:57:01.740 that the definition of of,

NOTE Confidence: 0.862700306

00:57:01.740 --> 00:57:03.200 of of global health.

NOTE Confidence: 0.862700306

00:57:03.200 --> 00:57:05.783 It's applied where it's that recognition of

NOTE Confidence: 0.862700306

00:57:05.783 --> 00:57:08.086 the individual as well as the population.

NOTE Confidence: 0.862700306

00:57:08.090 --> 00:57:10.260 So I think that that it's applying

NOTE Confidence: 0.862700306

00:57:10.260 --> 00:57:12.221 the knowledge that we know from

NOTE Confidence: 0.862700306

00:57:12.221 --> 00:57:13.831 the international work to help

NOTE Confidence: 0.862700306

00:57:13.831 --> 00:57:15.626 improve the decision making here

NOTE Confidence: 0.862700306

00:57:15.626 --> 00:57:17.804 also knowing that many of the

NOTE Confidence: 0.862700306

00:57:17.804 --> 00:57:19.190 communities EJ communities that are

NOTE Confidence: 0.862700306

00:57:19.190 --> 00:57:20.720 working within in the United States

NOTE Confidence: 0.862700306

00:57:20.763 --> 00:57:22.059 actually have that connection.

NOTE Confidence: 0.862700306

00:57:22.060 --> 00:57:23.665 I'm internationally so I think

NOTE Confidence: 0.862700306

00:57:23.665 --> 00:57:25.965 at this point it's like take away

NOTE Confidence: 0.862700306

00:57:25.965 --> 00:57:28.170 the borders and let's get the best

NOTE Confidence: 0.862700306

00:57:28.170 --> 00:57:29.898 thinking in best thinking both in

NOTE Confidence: 0.862700306

00:57:29.898 --> 00:57:31.740 terms of the solutions but also

NOTE Confidence: 0.862700306

00:57:31.801 --> 00:57:33.537 understanding of the problems.
NOTE Confidence: 0.862700306

00:57:33.540 --> 00:57:35.045 So I think that that's great and
NOTE Confidence: 0.862700306

00:57:35.045 --> 00:57:36.785 I think maybe that's a space for
NOTE Confidence: 0.862700306

00:57:36.785 --> 00:57:37.833 the begin faculty network,
NOTE Confidence: 0.862700306

00:57:37.840 --> 00:57:39.160 because that's definitely got
NOTE Confidence: 0.862700306

00:57:39.160 --> 00:57:40.480 that global global presence.
NOTE Confidence: 0.862700306

00:57:40.480 --> 00:57:41.790 So please join us there.
NOTE Confidence: 0.6439949

00:57:44.240 --> 00:57:45.764 Yes Susie. I'm I'm sorry
NOTE Confidence: 0.6439949

00:57:45.764 --> 00:57:47.680 that I had to step out but
NOTE Confidence: 0.928048196666667

00:57:47.680 --> 00:57:49.756 amazing talk. Thank you so much.
NOTE Confidence: 0.928048196666667

00:57:49.760 --> 00:57:52.077 I didn't know a 10th of this.
NOTE Confidence: 0.928048196666667

00:57:52.080 --> 00:57:54.654 I love it. Love it, love it because
NOTE Confidence: 0.928048196666667

00:57:54.654 --> 00:57:56.929 so often we feel so paralyzed.
NOTE Confidence: 0.928048196666667

00:57:56.930 --> 00:57:58.484 You know we know that problem
NOTE Confidence: 0.928048196666667

00:57:58.484 --> 00:57:59.900 problem problem but we're frozen.
NOTE Confidence: 0.928048196666667

00:57:59.900 --> 00:58:01.596 So I think that you've given us a

NOTE Confidence: 0.928048196666667
00:58:01.596 --> 00:58:03.517 lot to chew on and to think about.
NOTE Confidence: 0.928048196666667
00:58:03.520 --> 00:58:04.712 And the other thing I was going to
NOTE Confidence: 0.928048196666667
00:58:04.712 --> 00:58:06.135 and I will approach you one on one.
NOTE Confidence: 0.928048196666667
00:58:06.140 --> 00:58:07.722 But I also wanted to say that
NOTE Confidence: 0.928048196666667
00:58:07.722 --> 00:58:08.780 my colleague Lilia Benoit.
NOTE Confidence: 0.928048196666667
00:58:08.780 --> 00:58:10.104 She's not here today.
NOTE Confidence: 0.928048196666667
00:58:10.104 --> 00:58:12.480 She's in Brazil doing some of the work
NOTE Confidence: 0.928048196666667
00:58:12.480 --> 00:58:14.560 that we do with environmental perceptions.
NOTE Confidence: 0.928048196666667
00:58:14.560 --> 00:58:16.705 And kids and families and
NOTE Confidence: 0.928048196666667
00:58:16.705 --> 00:58:17.992 the disproportionate toll
NOTE Confidence: 0.928048196666667
00:58:17.992 --> 00:58:19.700 on minoritized populations.
NOTE Confidence: 0.928048196666667
00:58:19.700 --> 00:58:21.596 Both African American communities.
NOTE Confidence: 0.928048196666667
00:58:21.596 --> 00:58:23.018 Native American communities.
NOTE Confidence: 0.928048196666667
00:58:23.020 --> 00:58:25.812 She's in the in Bay Area in the
NOTE Confidence: 0.928048196666667
00:58:25.812 --> 00:58:27.299 northeastern part of Brazil.
NOTE Confidence: 0.928048196666667

00:58:27.300 --> 00:58:29.952 Perceptions of kids and families about
NOTE Confidence: 0.928048196666667

00:58:29.952 --> 00:58:32.515 ecological disaster and how we can
NOTE Confidence: 0.928048196666667

00:58:32.515 --> 00:58:34.675 become more active rather than more.
NOTE Confidence: 0.928048196666667

00:58:34.680 --> 00:58:36.514 Jeremiah and I think that you gave
NOTE Confidence: 0.928048196666667

00:58:36.514 --> 00:58:38.160 us like a wonderful, wonderful.
NOTE Confidence: 0.928048196666667

00:58:38.160 --> 00:58:39.160 So thank you for that.
NOTE Confidence: 0.928048196666667

00:58:39.160 --> 00:58:41.428 It's been really fantastic, so thank you.
NOTE Confidence: 0.928048196666667

00:58:41.430 --> 00:58:41.790 Thank
NOTE Confidence: 0.901535116

00:58:41.800 --> 00:58:43.340 you so much and I've got a target for us,
NOTE Confidence: 0.901535116

00:58:43.340 --> 00:58:45.610 actually. Pull this to Linda.
NOTE Confidence: 0.901535116

00:58:45.610 --> 00:58:47.860 Is that the the federal government
NOTE Confidence: 0.901535116

00:58:47.860 --> 00:58:49.828 addresses climate and the impacts
NOTE Confidence: 0.901535116

00:58:49.828 --> 00:58:51.858 of natural disaster through its
NOTE Confidence: 0.901535116

00:58:51.860 --> 00:58:53.536 ppda Presidential Policy Directive.
NOTE Confidence: 0.901535116

00:58:53.536 --> 00:58:55.631 8 It's the the natural
NOTE Confidence: 0.901535116

00:58:55.631 --> 00:58:57.310 disaster recovery framework.

NOTE Confidence: 0.901535116

00:58:57.310 --> 00:58:59.170 There is one reference to children

NOTE Confidence: 0.901535116

00:58:59.170 --> 00:59:01.084 and that entire document which is

NOTE Confidence: 0.901535116

00:59:01.084 --> 00:59:02.944 governed how all the federal government

NOTE Confidence: 0.901535116

00:59:02.944 --> 00:59:04.669 deals with with with disasters.

NOTE Confidence: 0.901535116

00:59:04.670 --> 00:59:06.690 And that's in footnote 9.

NOTE Confidence: 0.901535116

00:59:06.690 --> 00:59:08.070 There's a footnote that says

NOTE Confidence: 0.901535116

00:59:08.070 --> 00:59:09.450 we must consider the impact

NOTE Confidence: 0.901535116

00:59:09.500 --> 00:59:10.928 on children that is a target.

NOTE Confidence: 0.901535116

00:59:10.930 --> 00:59:12.703 That is something that we can go in there,

NOTE Confidence: 0.901535116

00:59:12.710 --> 00:59:14.126 and we can take that footnote

NOTE Confidence: 0.901535116

00:59:14.126 --> 00:59:15.780 and at least make it a chapter,

NOTE Confidence: 0.901535116

00:59:15.780 --> 00:59:17.598 if not an entirely new book.

NOTE Confidence: 0.901535116

00:59:17.600 --> 00:59:19.790 And yourself you got yourself

NOTE Confidence: 0.923909483636364

00:59:19.800 --> 00:59:21.424 a deal. I have all these witnesses so

NOTE Confidence: 0.923909483636364

00:59:21.424 --> 00:59:23.210 I love it. Thank you so much, Linda.

NOTE Confidence: 0.3347305

00:59:25.300 --> 00:59:28.319 Just one more question.
NOTE Confidence: 0.3347305

00:59:28.320 --> 00:59:29.516 Doctor Christina Emmons is
NOTE Confidence: 0.3347305

00:59:29.516 --> 00:59:31.310 asking and whether or not you
NOTE Confidence: 0.3347305

00:59:31.372 --> 00:59:32.710 collaborate with connect.
NOTE Confidence: 0.908771466

00:59:33.640 --> 00:59:35.240 You know, I have not, but I
NOTE Confidence: 0.908771466

00:59:35.240 --> 00:59:36.950 would love to tell me more.
NOTE Confidence: 0.980019993333333

00:59:38.940 --> 00:59:42.728 I'm not sure. Amanda, things I
NOTE Confidence: 0.801457954

00:59:42.740 --> 00:59:45.000 could probably send some information,
NOTE Confidence: 0.801457954

00:59:45.000 --> 00:59:47.800 perhaps because it kind of would do
NOTE Confidence: 0.801457954

00:59:47.800 --> 00:59:50.046 similar work and I think there would be
NOTE Confidence: 0.801457954

00:59:50.046 --> 00:59:51.659 good synergy between what you're doing,
NOTE Confidence: 0.801457954

00:59:51.660 --> 00:59:53.248 which is fantastic work
NOTE Confidence: 0.801457954

00:59:53.248 --> 00:59:54.836 and what they're doing,
NOTE Confidence: 0.801457954

00:59:54.840 --> 00:59:56.940 and they're of course here in Connecticut,
NOTE Confidence: 0.801457954

00:59:56.940 --> 00:59:59.060 and I would definitely like to get involved.
NOTE Confidence: 0.801457954

00:59:59.060 --> 01:00:01.430 I mean, this is wonderful work,

NOTE Confidence: 0.801457954
01:00:01.430 --> 01:00:02.138 that's fantastic.
NOTE Confidence: 0.801457954
01:00:02.138 --> 01:00:04.616 Please please send that to to me
NOTE Confidence: 0.801457954
01:00:04.616 --> 01:00:06.747 and we'll put it all together.
NOTE Confidence: 0.801457954
01:00:06.750 --> 01:00:08.796 Thank you, thank you so much.
NOTE Confidence: 0.928973615
