NOTE duration:"00:09:49"

NOTE recognizability:0.932

NOTE language:en-us

NOTE Confidence: 0.92695546

00:00:03.720 --> 00:00:05.440 Good morning.

NOTE Confidence: 0.92695546

00:00:05.440 --> 00:00:07.918 So doctor McGovern sends her apologies.

NOTE Confidence: 0.92695546

00:00:07.920 --> 00:00:09.257 She she last night came down with

NOTE Confidence: 0.92695546

00:00:09.257 --> 00:00:10.550 something and she said if I could

NOTE Confidence: 0.92695546

00:00:10.550 --> 00:00:11.815 pinch and she doesn't want to be

NOTE Confidence: 0.92695546

00:00:11.815 --> 00:00:12.880 here spreading germs of course.

NOTE Confidence: 0.92695546

00:00:12.880 --> 00:00:14.032 But so I will,

NOTE Confidence: 0.92695546

00:00:14.032 --> 00:00:15.760 I will do the presentation on

NOTE Confidence: 0.92695546

00:00:15.832 --> 00:00:17.992 the on the clinical mission and

NOTE Confidence: 0.92695546

00:00:17.992 --> 00:00:19.807 really on Yale Medicine which

NOTE Confidence: 0.92695546

00:00:19.807 --> 00:00:22.009 is the the clinical practice of

NOTE Confidence: 0.92695546

00:00:22.009 --> 00:00:24.639 the of the School of Medicine.

NOTE Confidence: 0.92695546

00:00:24.640 --> 00:00:28.160 It comprises of the of the 19 clinical

NOTE Confidence: 0.92695546

00:00:28.160 --> 00:00:31.236 departments and and the ALE Cancer Center,

NOTE Confidence: 0.92695546

00:00:31.240 --> 00:00:33.230 it's actually now more than 1800

NOTE Confidence: 0.92695546

00:00:33.230 --> 00:00:35.400 faculty with the this new cohort here.

NOTE Confidence: 0.92695546

00:00:35.400 --> 00:00:38.550 So we we crossed that barrier this

NOTE Confidence: 0.92695546

00:00:38.550 --> 00:00:40.492 year 840 advanced practice providers,

NOTE Confidence: 0.92695546

00:00:40.492 --> 00:00:43.198 more than 1900 staff and we are

NOTE Confidence: 0.92695546

00:00:43.198 --> 00:00:45.188 through 100 locations throughout the

NOTE Confidence: 0.92695546

00:00:45.188 --> 00:00:47.660 state with 300 practice sites and

NOTE Confidence: 0.92695546

00:00:47.660 --> 00:00:50.160 that encompasses about 2.6 million

NOTE Confidence: 0.92695546

00:00:50.160 --> 00:00:52.268 encounters annually with a budget of

NOTE Confidence: 0.92695546

00:00:52.268 --> 00:00:54.020 about one point 1.5 at 1.4 billion.

NOTE Confidence: 0.92695546

00:00:54.020 --> 00:00:56.010 And I have all that that the chairs

NOTE Confidence: 0.92695546

00:00:56.010 --> 00:00:57.395 listed there I'm sure they're

NOTE Confidence: 0.92695546

00:00:57.395 --> 00:00:58.860 part of your department.

NOTE Confidence: 0.92695546

00:00:58.860 --> 00:00:59.880 These are the clinical

NOTE Confidence: 0.92695546

00:00:59.880 --> 00:01:00.900 chairs School of Medicine.

NOTE Confidence: 0.93559766

00:01:02.940 --> 00:01:04.675 So, so young medicine which

NOTE Confidence: 0.93559766

00:01:04.675 --> 00:01:06.820 is the fact to practice plan.

NOTE Confidence: 0.93559766

00:01:06.820 --> 00:01:08.710 We have our mission and vision here

NOTE Confidence: 0.93559766

00:01:08.710 --> 00:01:10.670 which is really to deliver exceptional

NOTE Confidence: 0.93559766

00:01:10.670 --> 00:01:12.860 medical care in a nurturing environment

NOTE Confidence: 0.93559766

00:01:12.860 --> 00:01:15.100 to each of our patients every day.

NOTE Confidence: 0.93559766

00:01:15.100 --> 00:01:16.416 And our vision is to advance medicine

NOTE Confidence: 0.93559766

00:01:16.416 --> 00:01:17.618 for the good of our patients,

NOTE Confidence: 0.93559766

00:01:17.620 --> 00:01:18.943 colleagues and community.

NOTE Confidence: 0.93559766

00:01:18.943 --> 00:01:22.030 And we do this with this circle

NOTE Confidence: 0.93559766

00:01:22.030 --> 00:01:23.668 which are our five pillars really

NOTE Confidence: 0.93559766

00:01:23.668 --> 00:01:25.118 to be inquisitive and really

NOTE Confidence: 0.93559766

00:01:25.118 --> 00:01:26.346 learn from our patients,

NOTE Confidence: 0.93559766

00:01:26.350 --> 00:01:29.934 be innovative by using that and

NOTE Confidence: 0.93559766

00:01:29.934 --> 00:01:32.164 translating into research from the

NOTE Confidence: 0.93559766

00:01:32.164 --> 00:01:34.750 bench to the to the bedside and and
NOTE Confidence: 0.93559766

00:01:34.750 --> 00:01:36.290 in factoring the the patient as a
NOTE Confidence: 0.93559766

00:01:36.290 --> 00:01:37.827 whole rather than their diseases.
NOTE Confidence: 0.93559766

00:01:37.830 --> 00:01:39.699 So really the human factor and while
NOTE Confidence: 0.93559766

00:01:39.699 --> 00:01:41.194 we're doing this work collaborating
NOTE Confidence: 0.93559766

00:01:41.194 --> 00:01:43.420 both internally at at the School of
NOTE Confidence: 0.93559766

00:01:43.420 --> 00:01:45.127 Medicine but also with our health
NOTE Confidence: 0.93559766

00:01:45.127 --> 00:01:46.988 system partners and doing it in a
NOTE Confidence: 0.93559766

00:01:46.988 --> 00:01:48.801 in a passionate way and and really
NOTE Confidence: 0.93559766

00:01:48.801 --> 00:01:50.729 in the middle are caregivers,
NOTE Confidence: 0.93559766

00:01:50.730 --> 00:01:52.546 Folks that are in this room are our
NOTE Confidence: 0.93559766

00:01:52.546 --> 00:01:54.352 patients And then by working together we
NOTE Confidence: 0.93559766

00:01:54.352 --> 00:01:56.370 can really achieve the best care possible.
NOTE Confidence: 0.93679565

00:01:59.490 --> 00:02:01.545 The Yale Medicine Board itself
NOTE Confidence: 0.93679565

00:02:01.545 --> 00:02:04.315 is led by by the department
NOTE Confidence: 0.93679565

00:02:04.315 --> 00:02:07.445 chairs and four atlarge members.

NOTE Confidence: 0.93679565

00:02:07.450 --> 00:02:09.578 Each year there is one chair that's

NOTE Confidence: 0.93679565

00:02:09.578 --> 00:02:11.817 chosen to to chair the board and

NOTE Confidence: 0.93679565

00:02:11.817 --> 00:02:13.713 and right now it's Doctor Nita

NOTE Confidence: 0.93679565

00:02:13.783 --> 00:02:15.805 Huja who's the chair of surgery.

NOTE Confidence: 0.93679565

00:02:15.810 --> 00:02:18.054 Proposals for Yale Medicine are developed

NOTE Confidence: 0.93679565

00:02:18.054 --> 00:02:19.550 in multiple different committees

NOTE Confidence: 0.93679565

00:02:19.601 --> 00:02:21.289 which are led by and appointed diet.

NOTE Confidence: 0.93679565

00:02:21.289 --> 00:02:22.168 So for example,

NOTE Confidence: 0.93679565

00:02:22.170 --> 00:02:24.193 our Finance Committee is led by Doctor

NOTE Confidence: 0.93679565

00:02:24.193 --> 00:02:26.083 Glaser who's the Chair of Radiation

NOTE Confidence: 0.93679565

00:02:26.083 --> 00:02:27.688 Oncology along with Ian Burchell

NOTE Confidence: 0.93679565

00:02:27.688 --> 00:02:29.649 who's our Chief Financial Officer.

NOTE Confidence: 0.93679565

00:02:29.650 --> 00:02:31.526 Our Network Strategy Committee is led by

NOTE Confidence: 0.93679565

00:02:31.526 --> 00:02:33.328 Doctor Liu who's the Chair Pathology,

NOTE Confidence: 0.93679565

00:02:33.330 --> 00:02:34.950 along with Yolanda London who's

NOTE Confidence: 0.93679565

00:02:34.950 --> 00:02:36.246 our Chief Strategy Officer.
NOTE Confidence: 0.93679565

00:02:36.250 --> 00:02:37.898 Then we have a few other committees there
NOTE Confidence: 0.93679565

00:02:37.898 --> 00:02:39.529 as well and that is how we function.
NOTE Confidence: 0.93679565

00:02:39.530 --> 00:02:40.970 So everything we do within
NOTE Confidence: 0.93679565

00:02:40.970 --> 00:02:42.122 Yale Medicine is reviewed,
NOTE Confidence: 0.93679565

00:02:42.130 --> 00:02:43.588 approved by the board which is
NOTE Confidence: 0.93679565

00:02:43.588 --> 00:02:45.334 which are the chairs as well As
NOTE Confidence: 0.93679565

00:02:45.334 --> 00:02:46.529 for at large faculty members.
NOTE Confidence: 0.93564904

00:02:49.700 --> 00:02:50.981 So these are some of the services
NOTE Confidence: 0.93564904

00:02:50.981 --> 00:02:51.900 supported by Yale Medicine.
NOTE Confidence: 0.93564904

00:02:51.900 --> 00:02:53.500 So those that'll be will
NOTE Confidence: 0.93564904

00:02:53.500 --> 00:02:54.460 be touching patients.
NOTE Confidence: 0.93564904

00:02:54.460 --> 00:02:55.580 If you have clinical duties,
NOTE Confidence: 0.93564904

00:02:55.580 --> 00:02:57.548 we will be supporting you along
NOTE Confidence: 0.93564904

00:02:57.548 --> 00:02:59.788 the way including revenue cycle
NOTE Confidence: 0.93564904

00:02:59.788 --> 00:03:01.580 and the billing component.

NOTE Confidence: 0.93564904

00:03:01.580 --> 00:03:03.300 Pay your contracting quality of

NOTE Confidence: 0.93564904

00:03:03.300 --> 00:03:05.020 safety under doctor Deb Rhodes

NOTE Confidence: 0.93564904

00:03:05.080 --> 00:03:06.690 who's the Chief Quality Officer

NOTE Confidence: 0.93564904

00:03:06.690 --> 00:03:08.680 not just for Yale Medicine but

NOTE Confidence: 0.93564904

00:03:08.680 --> 00:03:10.290 for also Northeast Medical Group

NOTE Confidence: 0.93564904

00:03:10.290 --> 00:03:11.845 which is Doctor Brown mentioned

NOTE Confidence: 0.93564904

00:03:11.845 --> 00:03:13.435 that group on the hospital side

NOTE Confidence: 0.93564904

00:03:13.435 --> 00:03:15.208 as well as the health system.

NOTE Confidence: 0.93564904

00:03:15.210 --> 00:03:16.655 We do see oversee ambulatory

NOTE Confidence: 0.93564904

00:03:16.655 --> 00:03:18.403 operations and we'll support you in

NOTE Confidence: 0.93564904

00:03:18.403 --> 00:03:20.132 your clinics and also try to optimize

NOTE Confidence: 0.93564904

00:03:20.132 --> 00:03:21.466 those those operations through

NOTE Confidence: 0.93564904

00:03:21.466 --> 00:03:23.050 our clinical optimization team.

NOTE Confidence: 0.93564904

00:03:23.050 --> 00:03:24.525 We're involved in practice acquisitions

NOTE Confidence: 0.93564904

00:03:24.525 --> 00:03:26.327 which is really working with the

NOTE Confidence: 0.93564904

00:03:26.327 --> 00:03:28.019 chairs and section chiefs on any
NOTE Confidence: 0.93564904

00:03:28.019 --> 00:03:29.170 opportunities throughout the state.
NOTE Confidence: 0.93564904

00:03:29.170 --> 00:03:31.294 IT support and services,
NOTE Confidence: 0.93564904

00:03:31.294 --> 00:03:32.887 registration of patients,
NOTE Confidence: 0.93564904

00:03:32.890 --> 00:03:34.600 any compliance issues that may
NOTE Confidence: 0.93564904

00:03:34.600 --> 00:03:36.697 come up both internally related to
NOTE Confidence: 0.93564904

00:03:36.697 --> 00:03:39.010 billing or clinically and of course
NOTE Confidence: 0.93564904

00:03:39.010 --> 00:03:40.770 risk management and malpractice.
NOTE Confidence: 0.93564904

00:03:40.770 --> 00:03:42.288 We do provide support for access
NOTE Confidence: 0.93564904

00:03:42.288 --> 00:03:43.832 and I'll give an example of
NOTE Confidence: 0.93564904

00:03:43.832 --> 00:03:45.512 the care center in in a minute.
NOTE Confidence: 0.93564904

00:03:45.520 --> 00:03:46.936 And then we have a population
NOTE Confidence: 0.93564904

00:03:46.936 --> 00:03:48.619 health team looking at how we can
NOTE Confidence: 0.93564904

00:03:48.619 --> 00:03:50.005 care for patients not just within
NOTE Confidence: 0.93564904

00:03:50.005 --> 00:03:51.238 within New Haven regionally,
NOTE Confidence: 0.93564904

00:03:51.240 --> 00:03:53.448 but also across the state and partnering

NOTE Confidence: 0.93564904

00:03:53.448 --> 00:03:55.156 with the health system on those initiatives.

NOTE Confidence: 0.93564904

00:03:55.160 --> 00:03:56.935 And there there's a large

NOTE Confidence: 0.93564904

00:03:56.935 --> 00:03:58.355 component of strategic growth.

NOTE Confidence: 0.93564904

00:03:58.360 --> 00:03:59.680 I trained here myself and

NOTE Confidence: 0.93564904

00:03:59.680 --> 00:04:01.000 when I was a resident,

NOTE Confidence: 0.93564904

00:04:01.000 --> 00:04:02.638 it was very New Haven focused.

NOTE Confidence: 0.93564904

00:04:02.640 --> 00:04:03.580 And now of course,

NOTE Confidence: 0.93564904

00:04:03.580 --> 00:04:05.248 we're across the entire state and there

NOTE Confidence: 0.93564904

00:04:05.248 --> 00:04:07.156 are plans to possibly move N to the state

NOTE Confidence: 0.93564904

00:04:07.206 --> 00:04:09.238 in Waterbury and a few other hospital system.

NOTE Confidence: 0.93564904

00:04:09.240 --> 00:04:11.255 So there's always growth in

NOTE Confidence: 0.93564904

00:04:11.255 --> 00:04:12.867 a system like this.

NOTE Confidence: 0.93564904

00:04:12.870 --> 00:04:13.622 And then of course,

NOTE Confidence: 0.93564904

00:04:13.622 --> 00:04:14.186 the marketing piece,

NOTE Confidence: 0.93564904

00:04:14.190 --> 00:04:15.534 we want to make sure we market

NOTE Confidence: 0.93564904

00:04:15.534 --> 00:04:16.589 the excellent care we provide,
NOTE Confidence: 0.93564904

00:04:16.590 --> 00:04:19.008 the research as well as the
NOTE Confidence: 0.93564904

00:04:19.008 --> 00:04:21.030 educational initiatives that we have.
NOTE Confidence: 0.93564904

00:04:21.030 --> 00:04:23.074 So I'll I'll use the care center
NOTE Confidence: 0.93564904

00:04:23.074 --> 00:04:23.950 as an example.
NOTE Confidence: 0.93564904

00:04:23.950 --> 00:04:24.890 Some of you will,
NOTE Confidence: 0.93564904

00:04:24.890 --> 00:04:26.065 if you have outpatient clinics,
NOTE Confidence: 0.93564904

00:04:26.070 --> 00:04:27.816 you will interact with the care
NOTE Confidence: 0.93564904

00:04:27.816 --> 00:04:29.075 center if your section or clinic
NOTE Confidence: 0.93564904

00:04:29.075 --> 00:04:30.390 is part of the care center.
NOTE Confidence: 0.93564904

00:04:30.390 --> 00:04:32.190 So the care center itself is,
NOTE Confidence: 0.93564904

00:04:32.190 --> 00:04:34.269 it's an acronym that stands for Coordination,
NOTE Confidence: 0.93564904

00:04:34.270 --> 00:04:34.904 Appointment,
NOTE Confidence: 0.93564904

00:04:34.904 --> 00:04:37.440 Referrals and Engagement Center.
NOTE Confidence: 0.93564904

00:04:37.440 --> 00:04:40.488 It was set up back in 2019 and
NOTE Confidence: 0.93564904

00:04:40.488 --> 00:04:43.959 now has integrated 22 specialties.

NOTE Confidence: 0.93564904

00:04:43.960 --> 00:04:45.550 They've answered more than I think

NOTE Confidence: 0.93564904

00:04:45.550 --> 00:04:47.400 it's actually close to 4 million calls,

NOTE Confidence: 0.93564904

00:04:47.400 --> 00:04:49.716 makes more than 3 million appointments.

NOTE Confidence: 0.93564904

00:04:49.720 --> 00:04:52.240 They do manage more than 1800 templates

NOTE Confidence: 0.93564904

00:04:52.240 --> 00:04:53.992 and I process more than 10,000

NOTE Confidence: 0.93564904

00:04:53.992 --> 00:04:55.794 new patient referrals and and done

NOTE Confidence: 0.93564904

00:04:55.794 --> 00:04:57.516 more than 9000 transitions of care.

NOTE Confidence: 0.93564904

00:04:57.520 --> 00:04:58.960 So it's a really,

NOTE Confidence: 0.93564904

00:04:58.960 --> 00:05:00.546 really large operation and if

NOTE Confidence: 0.93564904

00:05:00.546 --> 00:05:01.558 you have outpatient clinics,

NOTE Confidence: 0.93564904

00:05:01.560 --> 00:05:02.560 it's likely that you will

NOTE Confidence: 0.93564904

00:05:02.560 --> 00:05:03.560 interact with the care center.

NOTE Confidence: 0.93564904

00:05:03.560 --> 00:05:05.732 This is a function that Yale

NOTE Confidence: 0.93564904

00:05:05.732 --> 00:05:07.665 Medicine provides to to the

NOTE Confidence: 0.93564904

00:05:07.665 --> 00:05:09.700 faculty and to the departments.

NOTE Confidence: 0.93564904

00:05:09.700 --> 00:05:11.752 Another function will actually be a
NOTE Confidence: 0.93564904

00:05:11.752 --> 00:05:13.900 monthly dashboard that you will receive.
NOTE Confidence: 0.93564904

00:05:13.900 --> 00:05:14.860 If you don't let me know,
NOTE Confidence: 0.93564904

00:05:14.860 --> 00:05:15.500 just shoot me an e-mail,
NOTE Confidence: 0.93564904

00:05:15.500 --> 00:05:16.256 we'll make sure you get it.
NOTE Confidence: 0.93564904

00:05:16.260 --> 00:05:18.122 But this is a monthly dashboard from
NOTE Confidence: 0.93564904

00:05:18.122 --> 00:05:19.699 Yale Medicine that gives you data.
NOTE Confidence: 0.93564904

00:05:19.700 --> 00:05:21.914 This is just two sample pages
NOTE Confidence: 0.93564904

00:05:21.914 --> 00:05:23.390 from there related to
NOTE Confidence: 0.93392867

00:05:23.468 --> 00:05:24.913 your productivity RVU's,
NOTE Confidence: 0.93392867

00:05:24.913 --> 00:05:25.978 how many patients you're seeing,
NOTE Confidence: 0.93392867

00:05:25.980 --> 00:05:26.640 charges, collections,
NOTE Confidence: 0.93392867

00:05:26.640 --> 00:05:28.620 that's sort of the front page.
NOTE Confidence: 0.93392867

00:05:28.620 --> 00:05:30.036 And then there's information
NOTE Confidence: 0.93392867

00:05:30.036 --> 00:05:31.098 about your clinics.
NOTE Confidence: 0.93392867

00:05:31.100 --> 00:05:32.300 If you do have outpatient duties,

NOTE Confidence: 0.93392867

00:05:32.300 --> 00:05:33.728 you'll be able to see how long

NOTE Confidence: 0.93392867

00:05:33.728 --> 00:05:35.338 is it taking patients to see you,

NOTE Confidence: 0.93392867

00:05:35.340 --> 00:05:38.058 what percentage of visits are telemedicine.

NOTE Confidence: 0.93392867

00:05:38.060 --> 00:05:39.677 So all those sort of data points

NOTE Confidence: 0.93392867

00:05:39.677 --> 00:05:41.380 will be there on a monthly basis.

NOTE Confidence: 0.93392867

00:05:41.380 --> 00:05:44.468 And this is for our physicians and our APP's.

NOTE Confidence: 0.93392867

00:05:44.468 --> 00:05:45.044 And again,

NOTE Confidence: 0.93392867

00:05:45.044 --> 00:05:47.060 if you if you don't receive this,

NOTE Confidence: 0.93392867

00:05:47.060 --> 00:05:48.460 please let me know directly,

NOTE Confidence: 0.93392867

00:05:48.460 --> 00:05:49.902 just e-mail me or e-mail your section

NOTE Confidence: 0.93392867

00:05:49.902 --> 00:05:51.500 chief for chair and they'll take care of

NOTE Confidence: 0.9249504

00:05:54.060 --> 00:05:56.034 it. And and Doctor Brown mentioned that

NOTE Confidence: 0.9249504

00:05:56.034 --> 00:05:58.183 we really work in an ecosystem and and

NOTE Confidence: 0.9249504

00:05:58.183 --> 00:06:00.596 this slide sort of gives you an idea of

NOTE Confidence: 0.9249504

00:06:00.596 --> 00:06:02.252 what that health ecosystem looks like.

NOTE Confidence: 0.9249504

00:06:02.260 --> 00:06:04.782 So you have the, the school and Yale
NOTE Confidence: 0.9249504

00:06:04.782 --> 00:06:06.258 Medicine there in the middle and
NOTE Confidence: 0.9249504

00:06:06.258 --> 00:06:08.103 really our key partner is the only
NOTE Confidence: 0.9249504

00:06:08.103 --> 00:06:09.990 Heaven health system which is truly an
NOTE Confidence: 0.9249504

00:06:09.990 --> 00:06:11.365 integrated system across the state.
NOTE Confidence: 0.9249504

00:06:11.370 --> 00:06:12.819 So of course you have Yale New
NOTE Confidence: 0.9249504

00:06:12.819 --> 00:06:14.049 Haven Hospital which is right here,
NOTE Confidence: 0.9249504

00:06:14.050 --> 00:06:15.874 our largest academic affiliated
NOTE Confidence: 0.9249504

00:06:15.874 --> 00:06:18.090 hospital with just under 1700 beds.
NOTE Confidence: 0.9249504

00:06:18.090 --> 00:06:19.782 It's actually considered one of the
NOTE Confidence: 0.9249504

00:06:19.782 --> 00:06:21.290 largest hospitals in the country
NOTE Confidence: 0.9249504

00:06:21.290 --> 00:06:23.130 with the two campuses.
NOTE Confidence: 0.9249504

00:06:23.130 --> 00:06:25.430 We have Lawrence and Memorial
NOTE Confidence: 0.9249504

00:06:25.430 --> 00:06:27.195 Hospital in New London,
NOTE Confidence: 0.9249504

00:06:27.195 --> 00:06:29.805 CT Westerly Hospital in Rhode Island.
NOTE Confidence: 0.9249504

00:06:29.810 --> 00:06:32.910 So we do have a flag in in Rhode Island,

NOTE Confidence: 0.9249504

00:06:32.910 --> 00:06:33.886 Milford Hospital,

NOTE Confidence: 0.9249504

00:06:33.886 --> 00:06:36.326 Bridgeport Hospital and then and

NOTE Confidence: 0.9249504

00:06:36.326 --> 00:06:38.482 then Greenwich Hospital and she

NOTE Confidence: 0.9249504

00:06:38.482 --> 00:06:39.866 mentioned Northeast Medical Group,

NOTE Confidence: 0.9249504

00:06:39.870 --> 00:06:42.814 any MG, so any MG is the employed

NOTE Confidence: 0.9249504

00:06:42.814 --> 00:06:44.926 physician group of the health system.

NOTE Confidence: 0.9249504

00:06:44.926 --> 00:06:46.146 It was, it was,

NOTE Confidence: 0.9249504

00:06:46.146 --> 00:06:48.910 it was created in the late sort of 2000,

NOTE Confidence: 0.9249504

00:06:48.910 --> 00:06:49.430 2007,

NOTE Confidence: 0.9249504

00:06:49.430 --> 00:06:53.070 2008 and is primarily composed of primary

NOTE Confidence: 0.9249504

00:06:53.070 --> 00:06:55.060 care majority of the clinicians and

NOTE Confidence: 0.9249504

00:06:55.060 --> 00:06:57.669 APP's that are in any MG or primary care.

NOTE Confidence: 0.9249504

00:06:57.670 --> 00:07:00.456 But they do have specialists as well.

NOTE Confidence: 0.9249504

00:07:00.460 --> 00:07:02.406 And this year for the first time

NOTE Confidence: 0.9249504

00:07:02.406 --> 00:07:04.148 we've actually come together under

NOTE Confidence: 0.9249504

00:07:04.148 --> 00:07:05.856 the aligned clinician enterprise.
NOTE Confidence: 0.9249504

00:07:05.860 --> 00:07:08.401 I know her slide had the physician
NOTE Confidence: 0.9249504

00:07:08.401 --> 00:07:09.882 enterprise always changes to
NOTE Confidence: 0.9249504

00:07:09.882 --> 00:07:11.497 clinician to to recognize our
NOTE Confidence: 0.9249504

00:07:11.500 --> 00:07:12.260 APP's and our other colleagues.
NOTE Confidence: 0.9249504

00:07:12.260 --> 00:07:13.140 So it's called ACE.
NOTE Confidence: 0.9249504

00:07:13.140 --> 00:07:15.417 So we're all aces in the books of of these,
NOTE Confidence: 0.9249504

00:07:15.420 --> 00:07:16.518 of these groups.
NOTE Confidence: 0.9249504

00:07:16.518 --> 00:07:18.714 So they're going to come together
NOTE Confidence: 0.9249504

00:07:18.714 --> 00:07:21.034 really closely and and and it makes
NOTE Confidence: 0.9249504

00:07:21.034 --> 00:07:22.973 sense over time really the primary
NOTE Confidence: 0.9249504

00:07:22.973 --> 00:07:24.628 care component and specialty component
NOTE Confidence: 0.9249504

00:07:24.628 --> 00:07:26.326 really need to sort of function
NOTE Confidence: 0.9249504

00:07:26.326 --> 00:07:28.116 together and this will allow us to
NOTE Confidence: 0.9249504

00:07:28.116 --> 00:07:29.730 align much closer with our health
NOTE Confidence: 0.9249504

00:07:29.730 --> 00:07:31.659 system partners and Doctor McGovern is

NOTE Confidence: 0.9249504

00:07:31.659 --> 00:07:33.897 going to lead those groups together.

NOTE Confidence: 0.9249504

00:07:33.900 --> 00:07:35.124 We have of course other key

NOTE Confidence: 0.9249504

00:07:35.124 --> 00:07:36.420 partners as well in the state.

NOTE Confidence: 0.9249504

00:07:36.420 --> 00:07:38.780 So the VA healthcare system,

NOTE Confidence: 0.9249504

00:07:38.780 --> 00:07:40.178 many of you may go there.

NOTE Confidence: 0.9249504

00:07:40.180 --> 00:07:41.500 I actually started there

NOTE Confidence: 0.9249504

00:07:41.500 --> 00:07:42.820 myself in West Haven.

NOTE Confidence: 0.9249504

00:07:42.820 --> 00:07:45.817 It's a great system and we have our trainees,

NOTE Confidence: 0.9249504

00:07:45.820 --> 00:07:46.693 our students, fellows,

NOTE Confidence: 0.9249504

00:07:46.693 --> 00:07:47.857 residents also go there.

NOTE Confidence: 0.9249504

00:07:47.860 --> 00:07:48.980 So it's a really,

NOTE Confidence: 0.9249504

00:07:48.980 --> 00:07:50.324 really close partner for us.

NOTE Confidence: 0.9249504

00:07:50.324 --> 00:07:51.654 Check in mental Health Center,

NOTE Confidence: 0.9249504

00:07:51.660 --> 00:07:53.214 which is right here in New Haven,

NOTE Confidence: 0.9249504

00:07:53.220 --> 00:07:54.030 it's another partner.

NOTE Confidence: 0.9249504

00:07:54.030 --> 00:07:55.920 And then we do have key relationships

NOTE Confidence: 0.9249504

00:07:55.974 --> 00:07:57.402 with other hospitals that are not

NOTE Confidence: 0.9249504

00:07:57.402 --> 00:07:58.970 in the only health system

NOTE Confidence: 0.9249504

00:07:58.970 --> 00:08:00.380 but are throughout the state,

NOTE Confidence: 0.9249504

00:08:00.380 --> 00:08:01.568 Griffin Hospital and a few others

NOTE Confidence: 0.9249504

00:08:01.568 --> 00:08:03.100 that we also work with very closely.

NOTE Confidence: 0.93251985

00:08:05.340 --> 00:08:07.500 So I won't go into this too much.

NOTE Confidence: 0.93251985

00:08:07.500 --> 00:08:09.204 This is the old, I can say it's

NOTE Confidence: 0.93251985

00:08:09.204 --> 00:08:10.718 the old strategic framework now

NOTE Confidence: 0.93251985

00:08:10.718 --> 00:08:12.782 because the one doctor brown chair

NOTE Confidence: 0.93251985

00:08:12.782 --> 00:08:14.960 just came out about a month ago.

NOTE Confidence: 0.93251985

00:08:14.960 --> 00:08:16.970 But we've had a strategic framework

NOTE Confidence: 0.93251985

00:08:17.037 --> 00:08:19.207 with the health system for for many

NOTE Confidence: 0.93251985

00:08:19.207 --> 00:08:21.508 years and it's really focused around

NOTE Confidence: 0.93251985

00:08:21.508 --> 00:08:23.932 these pillars in terms of providing

NOTE Confidence: 0.93251985

00:08:23.932 --> 00:08:25.720 care and inspired culture of excellence,

NOTE Confidence: 0.93251985

00:08:25.720 --> 00:08:27.395 ensure consistent care signature you

NOTE Confidence: 0.93251985

00:08:27.395 --> 00:08:29.696 you you'll still hear the care signature

NOTE Confidence: 0.93251985

00:08:29.696 --> 00:08:31.984 piece a lot from the health system and

NOTE Confidence: 0.93251985

00:08:32.041 --> 00:08:33.610 and Yale Medicine enhanced clinical

NOTE Confidence: 0.93251985

00:08:33.610 --> 00:08:35.560 services manage the cost of care.

NOTE Confidence: 0.93251985

00:08:35.560 --> 00:08:37.546 This will be important of course

NOTE Confidence: 0.93251985

00:08:37.546 --> 00:08:39.060 there's extreme pressures on all

NOTE Confidence: 0.93251985

00:08:39.060 --> 00:08:40.535 healthcare systems right now and

NOTE Confidence: 0.93251985

00:08:40.535 --> 00:08:42.359 as the cost continue could go up,

NOTE Confidence: 0.93251985

00:08:42.360 --> 00:08:45.440 but our reimbursements continue to go down.

NOTE Confidence: 0.93251985

00:08:45.440 --> 00:08:45.705 So.

NOTE Confidence: 0.93251985

00:08:45.705 --> 00:08:47.295 So you'll hear about this both

NOTE Confidence: 0.93251985

00:08:47.295 --> 00:08:48.520 from the health system,

NOTE Confidence: 0.93251985

00:08:48.520 --> 00:08:51.334 the school and Yale medicine and really

NOTE Confidence: 0.93251985

00:08:51.334 --> 00:08:52.819 sustaining a financial strength there.

NOTE Confidence: 0.93251985

00:08:52.820 --> 00:08:54.734 There is actually initiative right now
NOTE Confidence: 0.93251985

00:08:54.734 --> 00:08:57.070 that the health system has kicked off
NOTE Confidence: 0.93251985

00:08:57.070 --> 00:08:58.740 cause called strengthening our core,
NOTE Confidence: 0.93251985

00:08:58.740 --> 00:09:00.858 really related to improving our efficiency,
NOTE Confidence: 0.93251985

00:09:00.860 --> 00:09:03.140 reducing our cost and really delivering
NOTE Confidence: 0.93251985

00:09:03.140 --> 00:09:05.660 high quality, excellent care.
NOTE Confidence: 0.93251985

00:09:05.660 --> 00:09:07.130 So you'll hear more about the
NOTE Confidence: 0.93251985

00:09:07.130 --> 00:09:07.620 strategic framework.
NOTE Confidence: 0.93251985

00:09:07.620 --> 00:09:08.978 I know Doctor Brown just mentioned it,
NOTE Confidence: 0.93251985

00:09:08.980 --> 00:09:11.003 but there's going to be more communication
NOTE Confidence: 0.93251985

00:09:11.003 --> 00:09:13.376 about this in the coming weeks and months.
NOTE Confidence: 0.93251985

00:09:13.380 --> 00:09:15.780 And I would say in my last slide.
NOTE Confidence: 0.93251985

00:09:15.780 --> 00:09:17.292 So this sort of puts all the
NOTE Confidence: 0.93251985

00:09:17.292 --> 00:09:18.320 puzzle pieces together, right?
NOTE Confidence: 0.93251985

00:09:18.320 --> 00:09:20.220 These are the, I think,
NOTE Confidence: 0.93251985

00:09:20.220 --> 00:09:21.932 institution groups here really

NOTE Confidence: 0.93251985

00:09:21.932 --> 00:09:24.500 to support you and our patients.

NOTE Confidence: 0.93251985

00:09:24.500 --> 00:09:27.454 You have Yale Medicine, School of Medicine,

NOTE Confidence: 0.93251985

00:09:27.460 --> 00:09:29.830 Yale University and the Only Heaven

NOTE Confidence: 0.93251985

00:09:29.830 --> 00:09:30.620 Health System.

NOTE Confidence: 0.93251985

00:09:30.620 --> 00:09:32.937 And as you embark on this journey,

NOTE Confidence: 0.93251985

00:09:32.940 --> 00:09:36.099 we are here to support you and our patients.

NOTE Confidence: 0.93251985

00:09:36.100 --> 00:09:37.378 And if there's anything you need,

NOTE Confidence: 0.93251985

00:09:37.380 --> 00:09:39.340 you can contact me directly.

NOTE Confidence: 0.93251985

00:09:39.340 --> 00:09:40.740 e-mail me. e-mail Doctor McGovern.

NOTE Confidence: 0.93251985

00:09:40.740 --> 00:09:42.210 We'll be happy to address it,

NOTE Confidence: 0.93251985

00:09:42.210 --> 00:09:43.610 speak with your chief or chair as well,

NOTE Confidence: 0.93251985

00:09:43.610 --> 00:09:44.922 but we are really here to support you

NOTE Confidence: 0.93251985

00:09:44.922 --> 00:09:46.410 as you take on this clinical journey.
