WEBVTT

00:00:00.000 --> 00:00:00.798 All right. Well,

00:00:00.798 --> 00:00:02.394 I'm going to introduce other people.

00:00:02.400 --> 00:00:05.214 Maybe you can briefly tell me raisins

00:00:05.214 --> 00:00:07.597 versus olives for a warm up short

00:00:07.600 --> 00:00:12.466 and then maybe tell me one thing

00:00:12.466 --> 00:00:15.285 that is most exciting about this

00:00:15.285 --> 00:00:17.440 residency that you really appreciate.

00:00:17.440 --> 00:00:20.208 So I'm going to go to Jeff

00:00:20.208 --> 00:00:22.208 Dewey who is a graduate of a

00:00:22.208 --> 00:00:23.280 residency and fellowship programs,

00:00:23.280 --> 00:00:25.134 associate clerkship associate

00:00:25.134 --> 00:00:26.370 program director,

00:00:26.370 --> 00:00:30.418 Wellness director for the program for the

00:00:30.418 --> 00:00:32.130 department and clerkship director many,

NOTE Confidence: 0.9243047

00:00:32.130 --> 00:00:34.130 many titles and educator extraordinary.

NOTE Confidence: 0.9243047

00:00:34.130 --> 00:00:36.240 So Jeff any thoughts versus

NOTE Confidence: 0.9243047

00:00:36.240 --> 00:00:37.928 olives what you like.

NOTE Confidence: 0.9243047

00:00:37.930 --> 00:00:40.770 But yeah so I'm pro Raisin anti Olive

NOTE Confidence: 0.94190526

00:00:42.250 --> 00:00:43.330 that's me in a nutshell.

NOTE Confidence: 0.94190526

00:00:44.810 --> 00:00:46.250 Thank you for the kind introduction. I'm

NOTE Confidence: 0.94190526

00:00:46.250 --> 00:00:47.940 excited to be here. Excited

NOTE Confidence: 0.94190526

00:00:47.940 --> 00:00:50.850 to see all of you here. My,

NOTE Confidence: 0.9274947

00:00:51.980 --> 00:00:53.460 let's see, one of the things I mean,

NOTE Confidence: 0.9274947

00:00:53.460 --> 00:00:53.778 the thing I

NOTE Confidence: 0.9274947

00:00:53.780 --> 00:00:54.860 love about the residency is,

NOTE Confidence: 0.9274947

00:00:54.860 --> 00:00:56.100 of course, the residence.

NOTE Confidence: 0.9274947

00:00:56.100 --> 00:00:57.620 It's what keeps me young.

NOTE Confidence: 0.9274947

00:00:57.620 --> 00:00:58.628 And it's one of the reasons I

NOTE Confidence: 0.9274947

00:00:58.628 --> 00:00:59.850 get out of bed in the morning

NOTE Confidence: 0.9274947

00:00:59.850 --> 00:01:01.420 is to support our residents

NOTE Confidence: 0.9274947

00:01:01.420 --> 00:01:02.420 and everything that they do.

NOTE Confidence: 0.9274947

00:01:02.420 --> 00:01:05.660 So I'll take that one before anyone

NOTE Confidence: 0.9274947

00:01:05.660 --> 00:01:06.260 else takes it.

NOTE Confidence: 0.9274947

00:01:08.980 --> 00:01:12.660 All right. JP McHale, you can go next.

NOTE Confidence: 0.9274947

00:01:14.540 --> 00:01:16.696 So I'm JP. I'm a P GY4.

NOTE Confidence: 0.9274947

00:01:16.700 --> 00:01:17.770 I'm one of the recruitment

NOTE Confidence: 0.9274947

00:01:17.770 --> 00:01:19.100 chiefs this year with is Hawk.

NOTE Confidence: 0.9274947

00:01:19.100 --> 00:01:20.870 See, you guys will be seeing

NOTE Confidence: 0.9274947

00:01:20.870 --> 00:01:22.869 us a lot if you apply.

NOTE Confidence: 0.9274947

00:01:22.870 --> 00:01:24.190 I like both raisins and olives,

NOTE Confidence: 0.9274947

00:01:24.190 --> 00:01:25.426 but if I had to pick,

NOTE Confidence: 0.9274947

00:01:25.430 --> 00:01:26.586 I'd probably say raisins.

NOTE Confidence: 0.9274947

00:01:26.586 --> 00:01:28.725 But I agree that it's not as

NOTE Confidence: 0.9274947

00:01:28.725 --> 00:01:30.425 good in dishes because sometimes,

NOTE Confidence: 0.9274947

00:01:30.430 --> 00:01:31.767 I don't know, I feel like sweet

NOTE Confidence: 0.9274947

00:01:31.767 --> 00:01:34.030 is a little weird in most dishes.

NOTE Confidence: 0.9274947

00:01:34.030 --> 00:01:37.230 And then my favorite thing

NOTE Confidence: 0.9274947

00:01:37.230 --> 00:01:39.150 about the residency,

NOTE Confidence: 0.9274947

00:01:39.150 --> 00:01:40.210 I everyone says the people

NOTE Confidence: 0.9274947

00:01:40.210 --> 00:01:41.270 and I love the people.

NOTE Confidence: 0.9274947

00:01:41.270 --> 00:01:42.668 But I will say something else.

NOTE Confidence: 0.9274947

00:01:42.670 --> 00:01:46.310 Also I I I think we get

NOTE Confidence: 0.9274947

00:01:46.310 --> 00:01:47.590 really good training here.

NOTE Confidence: 0.9274947

00:01:47.590 --> 00:01:49.939 You know I think when I was looking

NOTE Confidence: 0.9274947

00:01:49.939 --> 00:01:51.291 for a place where I feel like I

NOTE Confidence: 0.9274947

00:01:51.291 --> 00:01:52.770 was going to see a high volume of

NOTE Confidence: 0.9274947

00:01:52.770 --> 00:01:54.102 patients and and be introduced to a

NOTE Confidence: 0.9274947

00:01:54.102 --> 00:01:55.188 lot of diversity in many different

NOTE Confidence: 0.9274947

00:01:55.188 --> 00:01:56.540 ways and and I do feel like I've

NOTE Confidence: 0.9274947

00:01:56.578 --> 00:01:57.728 gotten that experience thus far.

NOTE Confidence: 0.9274947

00:01:57.730 --> 00:01:58.654 So I really appreciated

NOTE Confidence: 0.9274947

00:01:58.654 --> 00:01:59.809 that part of my training

NOTE Confidence: 0.92798907

00:02:00.970 --> 00:02:06.210 outstanding. Issac, where do you go next? So

NOTE Confidence: 0.92798907

00:02:06.250 --> 00:02:09.160 everyone on Issac, as JP just

NOTE Confidence: 0.92798907

00:02:09.160 --> 00:02:11.930 mentioned, also recruitment Chief.

NOTE Confidence: 0.92798907

00:02:15.090 --> 00:02:17.850 I'm from Atlanta, GA Also,

NOTE Confidence: 0.92798907

00:02:17.850 --> 00:02:20.136 I love raisins and olives.

NOTE Confidence: 0.92798907

00:02:20.136 --> 00:02:22.625 I don't know if I would pick

NOTE Confidence: 0.92798907

00:02:22.625 --> 00:02:24.360 one more than the other.

NOTE Confidence: 0.92798907

00:02:24.360 --> 00:02:26.475 I feel like I grew up on raisins and

NOTE Confidence: 0.92798907

00:02:26.475 --> 00:02:28.601 painted dolls as a child and then

NOTE Confidence: 0.92798907

00:02:28.601 --> 00:02:30.040 developed my appreciation later on.

NOTE Confidence: 0.92798907

00:02:30.040 --> 00:02:33.080 So, but I definitely still

NOTE Confidence: 0.92798907

00:02:33.080 --> 00:02:35.000 eat my kids raisins. You know,

NOTE Confidence: 0.92798907

00:02:35.000 --> 00:02:37.800 sneak one or two from them occasionally.

NOTE Confidence: 0.92798907

00:02:37.800 --> 00:02:39.104 And I have to disagree.

NOTE Confidence: 0.92798907

00:02:39.104 --> 00:02:41.648 I think raisins are definitely

NOTE Confidence: 0.92798907

00:02:41.648 --> 00:02:44.520 excellent and dishes particularly.

NOTE Confidence: 0.92798907

00:02:44.520 --> 00:02:45.136 I'm surprised.

NOTE Confidence: 0.92798907

00:02:45.136 --> 00:02:46.676 JP also could like Mediterranean

NOTE Confidence: 0.92798907

00:02:46.680 --> 00:02:48.330 dishes and like,

NOTE Confidence: 0.92798907

00:02:48.330 --> 00:02:49.500 I don't know if you guys

NOTE Confidence: 0.92798907

00:02:49.500 --> 00:02:50.490 would have some Afghani rice

NOTE Confidence: 0.92093563

00:02:51.890 --> 00:02:53.050 and some water reasons. All

NOTE Confidence: 0.92093563

00:02:53.050 --> 00:02:55.408 right, all right, I'll move on.

NOTE Confidence: 0.92093563

00:02:55.410 --> 00:02:58.810 But my favorite thing or a

NOTE Confidence: 0.92093563

00:02:58.810 --> 00:03:00.449 good thing about the program,

NOTE Confidence: 0.92093563

00:03:00.450 --> 00:03:03.155 I probably would say because people have

NOTE Confidence: 0.92093563

00:03:03.155 --> 00:03:05.045 already taken the low hanging fruit.

NOTE Confidence: 0.92093563

00:03:05.050 --> 00:03:08.290 But really about like how supportive

NOTE Confidence: 0.92093563

00:03:08.290 --> 00:03:10.369 I think the bunch that we've had,

NOTE Confidence: 0.92093563

00:03:10.370 --> 00:03:12.170 there've been a lot of good times

NOTE Confidence: 0.92093563

00:03:12.170 --> 00:03:15.182 and a lot of tough times through our

NOTE Confidence: 0.92093563

00:03:15.182 --> 00:03:17.282 residency and the people that have,

NOTE Confidence: 0.92093563

00:03:17.282 --> 00:03:19.523 which you grow and develop relationships.

NOTE Confidence: 0.92093563

00:03:19.523 --> 00:03:21.007 But then there's residency.

NOTE Confidence: 0.92093563

00:03:21.010 --> 00:03:23.086 Like, I really we stick together

NOTE Confidence: 0.92093563

00:03:23.086 --> 00:03:24.650 and help each other through

NOTE Confidence: 0.92093563

00:03:24.650 --> 00:03:26.956 definitely those tough times.

NOTE Confidence: 0.92093563

00:03:26.956 --> 00:03:30.970 So it's a good bunch. I love everyone here.

NOTE Confidence: 0.92093563

00:03:30.970 --> 00:03:31.690 So that's me.

NOTE Confidence: 0.933274

00:03:34.090 --> 00:03:39.670 So I've got Diad of PGY ones who are there.

NOTE Confidence: 0.933274

00:03:39.670 --> 00:03:42.050 So I we have Yang and Laura,

NOTE Confidence: 0.933274

00:03:42.050 --> 00:03:43.130 we have 3 PGY ones.

NOTE Confidence: 0.933274

00:03:43.130 --> 00:03:45.825 You'll need another one in a second.

NOTE Confidence: 0.933274

00:03:45.830 --> 00:03:47.350 So you've just gotten to know the program,

NOTE Confidence: 0.933274

00:03:47.350 --> 00:03:48.630 but you were excited enough

NOTE Confidence: 0.933274

00:03:48.630 --> 00:03:50.230 to match with us last year.

NOTE Confidence: 0.933274

00:03:50.230 --> 00:03:51.665 So you can give us your raisins,

NOTE Confidence: 0.933274

00:03:51.670 --> 00:03:53.440 olives thoughts and then some thoughts

NOTE Confidence: 0.933274

00:03:53.440 --> 00:03:55.270 about early on about the program.

NOTE Confidence: 0.9378367

00:03:57.070 --> 00:03:59.310 Well, on raisins versus olives,

NOTE Confidence: 0.9378367

00:03:59.310 --> 00:04:01.630 I have to say both are great.

NOTE Confidence: 0.9378367

00:04:01.630 --> 00:04:03.110 I happen to prefer olives.

NOTE Confidence: 0.9378367

00:04:03.110 --> 00:04:05.590 I think combining them would be a pretty

NOTE Confidence: 0.9378367

00:04:05.590 --> 00:04:07.249 versatile and interesting experiment.

NOTE Confidence: 0.9378367

00:04:07.249 --> 00:04:10.750 So I'll have to try that when I go home,

NOTE Confidence: 0.9378367

00:04:10.750 --> 00:04:12.610 but in in terms of what

NOTE Confidence: 0.9378367

00:04:12.610 --> 00:04:14.550 I love about the program,

NOTE Confidence: 0.9378367

00:04:14.550 --> 00:04:18.182 I would echo you know what we've already

NOTE Confidence: 0.9378367

00:04:18.182 --> 00:04:20.310 heard about the people being just phenomenal.

NOTE Confidence: 0.9378367

00:04:20.310 --> 00:04:22.702 I've actually been on this is my 4th

NOTE Confidence: 0.9378367

00:04:22.702 --> 00:04:25.150 week of neuro electives right now.

NOTE Confidence: 0.9378367

00:04:25.150 --> 00:04:27.202 I'm in my first year and I've just loved

NOTE Confidence: 0.9378367

00:04:27.202 --> 00:04:28.829 working with every single resident and

NOTE Confidence: 0.9378367

00:04:28.829 --> 00:04:30.834 attending who I've been on service with

NOTE Confidence: 0.9378367

00:04:30.834 --> 00:04:32.927 and it's been phenomenal to make those

NOTE Confidence: 0.9378367

00:04:32.927 --> 00:04:35.280 connections early on in the residency.

NOTE Confidence: 0.9378367

00:04:35.280 --> 00:04:37.058 And I think the flexibility is really

NOTE Confidence: 0.9378367

00:04:37.058 --> 00:04:39.215 a great thing that if you want to

NOTE Confidence: 0.9378367

00:04:39.215 --> 00:04:40.560 pursue those electives earlier on,

NOTE Confidence: 0.9378367

00:04:40.560 --> 00:04:41.676 you know during your first year,

NOTE Confidence: 0.9378367

00:04:41.680 --> 00:04:43.280 you're absolutely able to.

NOTE Confidence: 0.9378367

00:04:43.280 --> 00:04:45.193 There's actually 62 week elective

NOTE Confidence: 0.9378367

00:04:45.193 --> 00:04:47.194 slots that we have during our

NOTE Confidence: 0.9378367

00:04:47.194 --> 00:04:48.993 PG by one year here at Yale.

NOTE Confidence: 0.9378367

00:04:49.000 --> 00:04:50.960 And so if you wanted to do 6 neuro ones,

NOTE Confidence: 0.9378367

00:04:50.960 --> 00:04:52.645 I think that's that's actually

NOTE Confidence: 0.9378367

00:04:52.645 --> 00:04:54.120 possible and that's in addition to

NOTE Confidence: 0.9378367

00:04:54.120 --> 00:04:56.114 the four weeks of stroke in the the

NOTE Confidence: 0.9378367

00:04:56.114 --> 00:04:58.080 two weeks of neuro ICU that we get.

NOTE Confidence: 0.9378367

00:04:58.080 --> 00:05:00.222 So we get a lot of great integration

NOTE Confidence: 0.9378367

00:05:00.222 --> 00:05:01.877 early on with our program.

NOTE Confidence: 0.91144115

00:05:05.790 --> 00:05:09.120 Hi, I'm young. I'm another P

NOTE Confidence: 0.91144115

00:05:09.120 --> 00:05:12.270 GY1 and raisins versus olives.

NOTE Confidence: 0.91144115

00:05:12.270 --> 00:05:16.975 I would actually also say, you know, olives.

NOTE Confidence: 0.91144115

00:05:16.975 --> 00:05:20.180 I think olives over raisins because my,

NOTE Confidence: 0.91144115

00:05:20.180 --> 00:05:23.270 my mom actually traveled to an

NOTE Confidence: 0.91144115

00:05:23.270 --> 00:05:26.260 area in China called Xinjiang.

NOTE Confidence: 0.91144115

00:05:26.260 --> 00:05:27.615 It's a province that produces

NOTE Confidence: 0.91144115

00:05:27.615 --> 00:05:28.699 a lot of grapes.

NOTE Confidence: 0.91144115

00:05:28.700 --> 00:05:30.630 So whenever she comes back

NOTE Confidence: 0.91144115

00:05:30.630 --> 00:05:32.174 from her business trip,

NOTE Confidence: 0.91144115

00:05:32.180 --> 00:05:35.897 she would raise my bags and bags of braces,

NOTE Confidence: 0.91144115

00:05:35.900 --> 00:05:38.148 which is why, yeah,

NOTE Confidence: 0.91144115

00:05:38.148 --> 00:05:40.452 I just have too much in my childhood.

NOTE Confidence: 0.91144115

00:05:40.460 --> 00:05:43.099 But yeah, you know,

NOTE Confidence: 0.91144115

00:05:43.099 --> 00:05:45.892 olives is actually not part of a

NOTE Confidence: 0.91144115

00:05:45.892 --> 00:05:48.338 regular diet that I grew up with.

NOTE Confidence: 0.91144115

00:05:48.340 --> 00:05:51.844 But you know I've acquired a tight such,

NOTE Confidence: 0.91144115

00:05:51.850 --> 00:05:56.410 you know, it's it's it's nice.

NOTE Confidence: 0.91144115

00:05:56.410 --> 00:06:00.930 So apparently I also only had,

NOTE Confidence: 0.91144115

00:06:00.930 --> 00:06:03.250 you know a little bit of

NOTE Confidence: 0.92399067

00:06:05.710 --> 00:06:07.666 especially to the program so far,

NOTE Confidence: 0.92399067

00:06:07.670 --> 00:06:11.718 but I would echo that the electives is

NOTE Confidence: 0.92399067

00:06:11.718 --> 00:06:14.070 one of my favorite experiences so far.

NOTE Confidence: 0.92399067

00:06:14.070 --> 00:06:19.038 I'm currently on a education focused

NOTE Confidence: 0.92399067

00:06:19.038 --> 00:06:22.390 elective, the epilepsy and EG elective.

NOTE Confidence: 0.92399067

00:06:22.390 --> 00:06:25.680 It's I'm totally loving it.

NOTE Confidence: 0.92399067

00:06:25.680 --> 00:06:27.972 You don't carry any patients doing

NOTE Confidence: 0.92399067

00:06:27.972 --> 00:06:30.328 this elective and you just focus

NOTE Confidence: 0.92399067

00:06:30.328 --> 00:06:32.865 on learning and yeah, you get to

NOTE Confidence: 0.92399067

00:06:32.865 --> 00:06:35.839 work with the EMU and go to clinic.

NOTE Confidence: 0.92399067

00:06:35.840 --> 00:06:37.835 I went to clinic this after this.

NOTE Confidence: 0.92399067

00:06:37.840 --> 00:06:41.676 So yeah, I'm looking forward to obviously

NOTE Confidence: 0.92399067

00:06:41.680 --> 00:06:44.680 discovering new things as my years.

NOTE Confidence: 0.9336136

00:06:47.040 --> 00:06:49.376 You know, a handful of years ago we

NOTE Confidence: 0.9336136

00:06:49.376 --> 00:06:51.446 expanded our program and then expanded

NOTE Confidence: 0.9336136

00:06:51.446 --> 00:06:52.955 the prelim program commensurately.

NOTE Confidence: 0.9336136

00:06:52.955 --> 00:06:56.075 And one of the goals and doing so

NOTE Confidence: 0.9336136

00:06:56.075 --> 00:06:58.187 and Jeff you probably remember this,

NOTE Confidence: 0.9336136

00:06:58.190 --> 00:06:59.546 we were really deliberate about it.

NOTE Confidence: 0.9336136

00:06:59.550 --> 00:07:01.510 It's nice to see it pay off,

NOTE Confidence: 0.9336136

00:07:01.510 --> 00:07:06.374 was integrating our PGY ones much more into

NOTE Confidence: 0.9336136

00:07:06.374 --> 00:07:09.054 the the the residency family and being

NOTE Confidence: 0.9336136

00:07:09.054 --> 00:07:11.189 thoughtful how about how we did that,

NOTE Confidence: 0.9336136

00:07:11.190 --> 00:07:14.142 which was bringing them in for a stroke

NOTE Confidence: 0.9336136

00:07:14.142 --> 00:07:16.909 and neurosite ICU and expanding electives,

NOTE Confidence: 0.9336136

00:07:16.910 --> 00:07:19.495 but doing so without having to make our

NOTE Confidence: 0.9336136

00:07:19.495 --> 00:07:21.350 prelims work night or nights or weekends.

NOTE Confidence: 0.9336136

00:07:21.350 --> 00:07:23.702 So all of these electives are with

NOTE Confidence: 0.9336136

00:07:23.702 --> 00:07:25.806 nights and weekends free and I

NOTE Confidence: 0.9336136

00:07:25.806 --> 00:07:27.746 think that was very thoughtful.

NOTE Confidence: 0.9336136

00:07:27.750 --> 00:07:29.775 We we really got a lot of clear sort

NOTE Confidence: 0.9336136

00:07:29.775 --> 00:07:31.737 of planning and feedback about how

NOTE Confidence: 0.9336136

00:07:31.737 --> 00:07:34.119 to do that negotiated that and it's

NOTE Confidence: 0.9336136

00:07:34.119 --> 00:07:35.734 I think worked spectacularly well

NOTE Confidence: 0.9336136

00:07:35.734 --> 00:07:37.312 and it's just really nice.

NOTE Confidence: 0.9336136

00:07:37.312 --> 00:07:39.419 It's really gratifying to me to hear

NOTE Confidence: 0.9336136

00:07:39.419 --> 00:07:41.425 you say that we didn't plan this,

NOTE Confidence: 0.9336136

00:07:41.430 --> 00:07:43.776 but it's gratifying to because these

NOTE Confidence: 0.9336136

00:07:43.776 --> 00:07:46.615 things take years to bear fruit

NOTE Confidence: 0.9336136

00:07:46.615 --> 00:07:49.945 sometimes Speaking of raisins and olives.

NOTE Confidence: 0.9336136

00:07:49.950 --> 00:07:53.310 So, Izzy, you're next.

NOTE Confidence: 0.9320279

00:07:55.790 --> 00:07:57.190 Hi everyone. I'm I'm Izzy.

NOTE Confidence: 0.9320279

00:07:57.190 --> 00:07:57.985 I'm a teacher.

NOTE Confidence: 0.9320279

00:07:57.985 --> 00:07:59.310 Wife are reading the program.

NOTE Confidence: 0.9320279

00:07:59.310 --> 00:08:05.030 I am a Raisin nay Sayer and olive yay Sayer.

NOTE Confidence: 0.9320279

00:08:05.030 --> 00:08:07.942 But I agree that the raisins are

NOTE Confidence: 0.9320279

00:08:07.942 --> 00:08:12.670 great in like, certain rice dishes.

NOTE Confidence: 0.9320279

00:08:12.670 --> 00:08:16.065 And the one thing that I've really

NOTE Confidence: 0.9320279

00:08:16.065 --> 00:08:19.281 appreciated about the program is just

NOTE Confidence: 0.9320279

00:08:19.281 --> 00:08:21.898 how approachable everybody is from

NOTE Confidence: 0.9320279

00:08:21.898 --> 00:08:24.226 the other residents to of course

NOTE Confidence: 0.9320279

00:08:24.226 --> 00:08:26.506 faculty and that it's been really

00:08:26.506 --> 00:08:29.310 nice to have kind of both formal

00:08:29.310 --> 00:08:31.070 mentorship relationships but also

00:08:31.070 --> 00:08:32.950 informal mentorship relationships.

00:08:32.950 --> 00:08:36.982 And and you know, we work with them very,

00:08:36.990 --> 00:08:37.992 very closely.

00:08:37.992 --> 00:08:42.000 It really doesn't feel like too much of

00:08:42.104 --> 00:08:44.395 A hierarchy as you know you might have

00:08:44.395 --> 00:08:46.228 seen in Med school or anything like that.

00:08:46.230 --> 00:08:50.978 And they really do value you know

00:08:50.980 --> 00:08:55.232 our input in terms of patient care

00:08:55.232 --> 00:08:57.955 and sort of you know planning for

00:08:57.955 --> 00:09:00.145 the next steps for a diagnostic

00:09:00.145 --> 00:09:01.700 or treatment considerations.

00:09:01.700 --> 00:09:05.082 And it it's nice to be treated

00:09:05.082 --> 00:09:07.939 like a colleague and really having

00:09:07.939 --> 00:09:09.934 our opinions matter and that's

NOTE Confidence: 0.9320279

00:09:09.934 --> 00:09:11.974 really been great for independence

NOTE Confidence: 0.9320279

00:09:11.974 --> 00:09:14.578 and sort of learning as I grow,

NOTE Confidence: 0.9320279

00:09:14.580 --> 00:09:17.502 especially this year becoming a senior

NOTE Confidence: 0.9320279

00:09:17.502 --> 00:09:20.246 and taking the next steps in managing

NOTE Confidence: 0.9320279

00:09:20.246 --> 00:09:21.750 patients and learning neurology.

NOTE Confidence: 0.92490923

00:09:24.870 --> 00:09:26.646 Sam think last but not least

NOTE Confidence: 0.92490923

00:09:26.646 --> 00:09:28.470 another one of our PGY ones.

NOTE Confidence: 0.92490923

00:09:29.710 --> 00:09:30.350 Hi.

NOTE Confidence: 0.92490923

00:09:31.470 --> 00:09:33.744 I was late to join on, but it

NOTE Confidence: 0.92490923

00:09:33.744 --> 00:09:35.976 sounds like there is a debate about

NOTE Confidence: 0.92490923

00:09:35.976 --> 00:09:38.968 raisins versus olives and I took the

NOTE Confidence: 0.92490923

00:09:38.968 --> 00:09:41.469 liberty of going into my country

NOTE Confidence: 0.92490923

00:09:41.470 --> 00:09:42.470 just to kind of show

NOTE Confidence: 0.92490923

00:09:42.510 --> 00:09:43.550 you all the stuff

NOTE Confidence: 0.92490923

00:09:43.550 --> 00:09:46.398 that we have here.

NOTE Confidence: 0.92490923

00:09:46.400 --> 00:09:49.116 With that said, I also like dollars.

NOTE Confidence: 0.92490923

00:09:49.120 --> 00:09:51.664 It's like I just don't keep them around.

NOTE Confidence: 0.92490923

00:09:51.664 --> 00:09:54.200 But yeah, it's nice to be here.

NOTE Confidence: 0.92490923

00:09:54.200 --> 00:09:56.096 I was just here.

NOTE Confidence: 0.92490923

00:09:56.096 --> 00:09:58.210 It feels like, I don't know,

NOTE Confidence: 0.92490923

00:09:58.210 --> 00:09:59.360 a couple of months ago,

NOTE Confidence: 0.92490923

00:09:59.360 --> 00:10:00.716 but it's been a whole year.

NOTE Confidence: 0.92490923

00:10:00.720 --> 00:10:04.800 So it's very nice to to be able to do this.

NOTE Confidence: 0.92490923

00:10:04.800 --> 00:10:06.375 Neurology at Yale.

NOTE Confidence: 0.92490923

00:10:06.375 --> 00:10:09.584 I have had my stroke elective

NOTE Confidence: 0.92490923

00:10:09.584 --> 00:10:12.986 so far and I loved it.

NOTE Confidence: 0.92490923

00:10:12.986 --> 00:10:16.470 It was too short, busy,

NOTE Confidence: 0.92490923

00:10:16.470 --> 00:10:20.565 but I learned a lot and I I thought

NOTE Confidence: 0.92490923

00:10:20.565 --> 00:10:22.505 our seniors were fantastic.

NOTE Confidence: 0.92490923

00:10:22.510 --> 00:10:26.278 They were they gave us grace and you

NOTE Confidence: 0.92490923

00:10:26.278 --> 00:10:29.268 know let us out when the work was done.

NOTE Confidence: 0.92490923

00:10:29.270 --> 00:10:32.666 They one of my, you know,

NOTE Confidence: 0.92490923

00:10:32.670 --> 00:10:35.784 one of the the seniors that was on my,

NOTE Confidence: 0.92490923

00:10:35.790 --> 00:10:37.750 I guess, in the area that that

NOTE Confidence: 0.92490923

00:10:37.750 --> 00:10:39.390 we were working in one time,

NOTE Confidence: 0.92490923

00:10:39.390 --> 00:10:41.430 who was not my direct senior,

NOTE Confidence: 0.92490923

00:10:41.430 --> 00:10:43.310 actually overheard me having a

NOTE Confidence: 0.92490923

00:10:43.310 --> 00:10:45.890 conversation about how I just witnessed,

NOTE Confidence: 0.92490923

00:10:45.890 --> 00:10:46.716 you know,

NOTE Confidence: 0.92490923

00:10:46.716 --> 00:10:49.607 a sad situation with the patient and,

NOTE Confidence: 0.92490923

00:10:49.610 --> 00:10:51.438 you know, checked in with me like

NOTE Confidence: 0.92490923

00:10:51.438 --> 00:10:53.250 hours later towards the end of the day.

NOTE Confidence: 0.92490923

00:10:53.250 --> 00:10:55.848 And I really appreciated the humanity

NOTE Confidence: 0.92490923

00:10:55.850 --> 00:10:58.290 of just like the mindfulness.

NOTE Confidence: 0.92490923

00:10:58.290 --> 00:10:59.770 So it's a great program.

NOTE Confidence: 0.92490923

00:10:59.770 --> 00:11:00.490 Please come.

NOTE Confidence: 0.9363857

00:11:02.970 --> 00:11:04.898 That's awesome. Sam and Nick,

NOTE Confidence: 0.9363857

00:11:04.898 --> 00:11:07.490 now you can feel less alone.

NOTE Confidence: 0.9363857

00:11:07.490 --> 00:11:11.234 Clearly you have somebody who's similarly

NOTE Confidence: 0.9363857

00:11:11.234 --> 00:11:13.630 enthusiastic about raisins. The

NOTE Confidence: 0.92990017

00:11:15.670 --> 00:11:18.562 I'll go last. So I'm going to

NOTE Confidence: 0.92990017

00:11:18.562 --> 00:11:19.918 be a typical middle child and

NOTE Confidence: 0.92990017

00:11:19.918 --> 00:11:21.306 Canadian and say I like them all,

NOTE Confidence: 0.92990017

00:11:21.310 --> 00:11:23.422 they're great and and be completely

NOTE Confidence: 0.92990017

00:11:23.422 --> 00:11:24.830 noncommittal and conflict diverse

NOTE Confidence: 0.92990017

00:11:24.886 --> 00:11:26.468 and and all that sort of thing.

NOTE Confidence: 0.92990017

00:11:26.470 --> 00:11:29.830 But you know, I really do like

NOTE Confidence: 0.92990017

00:11:29.830 --> 00:11:31.830 raisins better and baked goods.

NOTE Confidence: 0.92990017

00:11:31.830 --> 00:11:34.242 I actually am a big fan and it's a

NOTE Confidence: 0.92990017

00:11:34.242 --> 00:11:36.372 delight to bite into some banana bread

NOTE Confidence: 0.92990017

00:11:36.372 --> 00:11:38.829 or something and get a soft Raisin.

NOTE Confidence: 0.92990017

00:11:38.830 --> 00:11:40.270 I really enjoy that.

NOTE Confidence: 0.92990017

00:11:40.270 --> 00:11:44.682 But for example, so I'm going to,

NOTE Confidence: 0.92990017

00:11:44.682 --> 00:11:46.386 I'm going to say something different

NOTE Confidence: 0.92990017

00:11:46.390 --> 00:11:48.322 about what I like about the program

NOTE Confidence: 0.92990017

00:11:48.322 --> 00:11:50.350 and what I like about the job.

NOTE Confidence: 0.92990017

00:11:50.350 --> 00:11:52.430 And I was thinking about this a lot.

NOTE Confidence: 0.92990017

00:11:52.430 --> 00:11:57.355 So my children are in grade school

NOTE Confidence: 0.92990017

00:11:57.355 --> 00:11:59.814 and they do something called

NOTE Confidence: 0.92990017

00:11:59.814 --> 00:12:01.670 social and emotional learning.

NOTE Confidence: 0.92990017

00:12:01.670 --> 00:12:03.154 I think this was something I don't

NOTE Confidence: 0.92990017

00:12:03.154 --> 00:12:04.350 remember having in grade school.

NOTE Confidence: 0.92990017

00:12:04.350 --> 00:12:05.463 It sounds fantastic.

NOTE Confidence: 0.92990017

00:12:05.463 --> 00:12:07.689 And they learn about how to

NOTE Confidence: 0.92990017

00:12:07.689 --> 00:12:09.576 manage their emotions and how

NOTE Confidence: 0.92990017

00:12:09.576 --> 00:12:10.864 to manage developing a growth

NOTE Confidence: 0.92990017

00:12:10.864 --> 00:12:12.180 mindset and all that sort of thing.

NOTE Confidence: 0.92990017

00:12:12.180 --> 00:12:14.899 In my 8 year old who just started 3rd

NOTE Confidence: 0.92990017

00:12:14.899 --> 00:12:17.533 grade told me about something they

NOTE Confidence: 0.92990017

00:12:17.533 --> 00:12:20.064 learned recently which was the 2nd valley.

NOTE Confidence: 0.92990017

00:12:20.064 --> 00:12:22.220 You know and they said when you're

NOTE Confidence: 0.92990017

00:12:22.290 --> 00:12:24.020 sort of climbing a mountain,

NOTE Confidence: 0.92990017

00:12:24.020 --> 00:12:26.460 you know you sort of make that ascent.

NOTE Confidence: 0.92990017

00:12:26.460 --> 00:12:28.446 And then often there's a little

NOTE Confidence: 0.92990017

00:12:28.446 --> 00:12:30.016 dip and you go into this valley,

NOTE Confidence: 0.92990017

00:12:30.020 --> 00:12:31.574 this sort of second valley from

NOTE Confidence: 0.92990017

00:12:31.574 --> 00:12:33.930 the from the first valley and all

NOTE Confidence: 0.92990017

00:12:33.930 --> 00:12:37.255 you can see is yourself going down.

NOTE Confidence: 0.92990017

00:12:37.260 --> 00:12:39.684 And you can either think of that as

NOTE Confidence: 0.92990017

00:12:39.684 --> 00:12:42.319 sort of an ongoing descent or you can

NOTE Confidence: 0.92990017

00:12:42.319 --> 00:12:44.432 think of that as a dip that's going

NOTE Confidence: 0.92990017

00:12:44.432 --> 00:12:46.260 to set you up for the 2nd ascent.

NOTE Confidence: 0.92990017

00:12:46.260 --> 00:12:47.478 You know, and it really depends

NOTE Confidence: 0.92990017

00:12:47.478 --> 00:12:48.820 on what you do about that,

NOTE Confidence: 0.92990017

00:12:48.820 --> 00:12:49.592 you know, so they're,

NOTE Confidence: 0.92990017

00:12:49.592 --> 00:12:50.557 this is what they're teaching

NOTE Confidence: 0.92990017

00:12:50.557 --> 00:12:51.697 8 year olds in Connecticut,

NOTE Confidence: 0.92990017

00:12:51.700 --> 00:12:53.977 or at least my 8 year olds in Connecticut.

NOTE Confidence: 0.92990017

00:12:53.980 --> 00:12:54.676 And Jeff,

NOTE Confidence: 0.92990017

00:12:54.676 --> 00:12:57.112 who has taught me a lot about

NOTE Confidence: 0.92990017

00:12:57.112 --> 00:12:58.618 Wellness over the years,

NOTE Confidence: 0.92990017

00:12:58.620 --> 00:13:00.380 has shown me similar diagrams.

NOTE Confidence: 0.92990017

00:13:00.380 --> 00:13:02.138 And it's really nice to think.

NOTE Confidence: 0.92990017

00:13:02.140 --> 00:13:03.325 And you know,

NOTE Confidence: 0.92990017

00:13:03.325 --> 00:13:05.695 I really like that second valley.

NOTE Confidence: 0.92990017

00:13:05.700 --> 00:13:08.192 I really like what makes it interesting

NOTE Confidence: 0.92990017

00:13:08.192 --> 00:13:11.160 for me at this stage 10 years later

NOTE Confidence: 0.92990017

00:13:11.160 --> 00:13:13.560 is that challenge that's going to

NOTE Confidence: 0.92990017

00:13:13.560 --> 00:13:16.639 be for the next period of growth.

NOTE Confidence: 0.92990017

00:13:16.640 --> 00:13:17.456 And you know,

NOTE Confidence: 0.92990017

00:13:17.456 --> 00:13:18.000 for example,

NOTE Confidence: 0.92990017

00:13:18.000 --> 00:13:20.928 we had a challenge of PGY twos coming

NOTE Confidence: 0.92990017

00:13:20.928 --> 00:13:22.912 and not feeling really part of the team,

NOTE Confidence: 0.92990017

00:13:22.920 --> 00:13:23.368 you know,

NOTE Confidence: 0.92990017

00:13:23.368 --> 00:13:24.936 and not as integrating as well after

NOTE Confidence: 0.92990017

00:13:24.936 --> 00:13:26.343 their PGY one year and feeling

NOTE Confidence: 0.92990017

00:13:26.343 --> 00:13:27.960 separated and not doing much neurology,

NOTE Confidence: 0.92990017

00:13:27.960 --> 00:13:28.530 you know,

NOTE Confidence: 0.92990017

00:13:28.530 --> 00:13:30.240 that's just one of many examples

NOTE Confidence: 0.92990017

00:13:30.240 --> 00:13:32.403 And it looked like a task that

NOTE Confidence: 0.92990017

00:13:32.403 --> 00:13:34.159 would be difficult to overcome.

NOTE Confidence: 0.92990017

00:13:34.160 --> 00:13:36.440 But we did and it took a long

NOTE Confidence: 0.92990017

00:13:36.440 --> 00:13:37.834 time and it took longer than it

NOTE Confidence: 0.92990017

00:13:37.834 --> 00:13:39.090 would have wanted or expected to,

NOTE Confidence: 0.92990017

00:13:39.090 --> 00:13:40.149 but it happened.

NOTE Confidence: 0.92990017

00:13:40.149 --> 00:13:41.208 And you know,

NOTE Confidence: 0.92990017

00:13:41.210 --> 00:13:43.044 the longer you do something like that,

NOTE Confidence: 0.92990017

00:13:43.050 --> 00:13:44.770 the more you get used to and more

NOTE Confidence: 0.92990017

00:13:44.770 --> 00:13:45.690 comfortable with those second

NOTE Confidence: 0.92990017

00:13:45.690 --> 00:13:47.028 valleys and you'll have many of

NOTE Confidence: 0.92990017

00:13:47.028 --> 00:13:48.169 them in your residency.

NOTE Confidence: 0.92990017

00:13:48.170 --> 00:13:49.226 Asak talked about,

NOTE Confidence: 0.92990017

00:13:49.226 --> 00:13:49.930 you know,

NOTE Confidence: 0.92990017

00:13:49.930 --> 00:13:52.306 depending on the support of his

NOTE Confidence: 0.92990017

00:13:52.306 --> 00:13:53.890 peers during those times.

NOTE Confidence: 0.9278892

00:13:53.890 --> 00:13:56.004 And we, you know, if you're interested,

NOTE Confidence: 0.9278892

00:13:56.010 --> 00:13:58.512 Jeff wrote a really nice paper

NOTE Confidence: 0.9278892

00:13:58.512 --> 00:14:00.181 about thriving in residency.

NOTE Confidence: 0.9278892

00:14:00.181 --> 00:14:03.590 And one of the things that he found

NOTE Confidence: 0.9278892

00:14:03.590 --> 00:14:06.453 in his interviews and in our analysis

NOTE Confidence: 0.9278892

00:14:06.453 --> 00:14:09.934 of interviewing residents was just

NOTE Confidence: 0.9278892

00:14:09.934 --> 00:14:11.854 how that growth happens through

NOTE Confidence: 0.9278892

00:14:11.854 --> 00:14:13.910 challenge with the appropriate support.

NOTE Confidence: 0.9278892

00:14:13.910 --> 00:14:16.268 And it can always be perceived at the time.

NOTE Confidence: 0.9278892

00:14:16.270 --> 00:14:18.592 And all of you will have second or third

NOTE Confidence: 0.9278892

00:14:18.592 --> 00:14:20.790 valleys as you go through the airas process,

NOTE Confidence: 0.9278892

00:14:20.790 --> 00:14:22.710 as you go through your interviews,

NOTE Confidence: 0.9278892

00:14:22.710 --> 00:14:25.010 everything will seem extremely high

NOTE Confidence: 0.9278892

00:14:25.010 --> 00:14:26.868 stakes and but you'll get through them.

NOTE Confidence: 0.9278892

00:14:26.870 --> 00:14:27.990 That's just what they are.

NOTE Confidence: 0.9278892

00:14:27.990 --> 00:14:30.396 They'll be an ongoing nether ascent

NOTE Confidence: 0.9278892

00:14:30.396 --> 00:14:32.790 after that and there always is.

NOTE Confidence: 0.9278892

00:14:32.790 --> 00:14:35.150 So that's that's that's my

NOTE Confidence: 0.9278892

00:14:35.150 --> 00:14:36.509 moment of philosophy.

NOTE Confidence: 0.9278892

00:14:36.509 --> 00:14:39.795 No, I'm no, I'm going to go from

NOTE Confidence: 0.9278892

00:14:39.795 --> 00:14:41.586 that to PowerPoint as we do.

NOTE Confidence: 0.9278892

00:14:41.586 --> 00:14:43.070 So let me just pull it up.

NOTE Confidence: 0.9278892

00:14:43.070 --> 00:14:44.911 I'm not going to belabor this presentation

NOTE Confidence: 0.9278892

00:14:44.911 --> 00:14:46.983 because I did it at our first day and

NOTE Confidence: 0.9278892

00:14:46.983 --> 00:14:48.469 I'm sure many people had it there.

NOTE Confidence: 0.9278892

00:14:48.470 --> 00:14:50.066 And it's also on Zoom or on.

NOTE Confidence: 0.9278892

00:14:50.070 --> 00:14:52.722 We're going to put these up videos up,

NOTE Confidence: 0.9278892

00:14:52.722 --> 00:14:54.746 but here's our residency.

NOTE Confidence: 0.9278892

00:14:54.750 --> 00:14:55.670 We're very proud of it.

NOTE Confidence: 0.9278892

00:14:55.670 --> 00:14:56.950 This is my backyard.

NOTE Confidence: 0.9278892

00:14:56.950 --> 00:14:57.910 Here's our chair,

NOTE Confidence: 0.9278892

00:14:57.910 --> 00:14:58.582 Doctor Haffler,

NOTE Confidence: 0.9278892

00:14:58.582 --> 00:15:01.270 who has never missed one of our opening

NOTE Confidence: 0.9278892

00:15:01.334 --> 00:15:03.287 picnic and the rest of our team.

NOTE Confidence: 0.9278892

00:15:03.290 --> 00:15:06.146 And we work in a highly supportive

NOTE Confidence: 0.9278892

00:15:06.146 --> 00:15:08.929 environment that's very focused on education.

NOTE Confidence: 0.9278892

00:15:08.930 --> 00:15:11.610 We're all over the web in every way,

NOTE Confidence: 0.9278892

00:15:11.610 --> 00:15:14.406 Twitter and Instagram and our websites,

NOTE Confidence: 0.9278892

00:15:14.410 --> 00:15:16.685 which we carefully update and look at.

NOTE Confidence: 0.9278892

00:15:16.690 --> 00:15:18.722 Or we have a couple of podcasts and

NOTE Confidence: 0.9278892

00:15:18.722 --> 00:15:21.110 you can always e-mail us and most of us

NOTE Confidence: 0.9278892

00:15:21.110 --> 00:15:23.730 are emails are ourfirst.last.yale.edu.

NOTE Confidence: 0.9310198

00:15:26.050 --> 00:15:27.050 We are an advanced program.

NOTE Confidence: 0.9310198

00:15:27.050 --> 00:15:30.370 Currently we will have 10 positions starting

NOTE Confidence: 0.9310198

00:15:30.370 --> 00:15:34.530 at P GY2 with 10 guaranteed prelim spots.

NOTE Confidence: 0.9310198

00:15:34.530 --> 00:15:36.245 Stay tuned as to whether that changed.

NOTE Confidence: 0.9310198

00:15:36.250 --> 00:15:39.169 No one, no big announcement right now.

NOTE Confidence: 0.9310198

00:15:39.170 --> 00:15:41.846 We are a highly academic program.

NOTE Confidence: 0.9310198

00:15:41.850 --> 00:15:43.968 You heard from our PGY ones.

NOTE Confidence: 0.9310198

00:15:43.970 --> 00:15:45.524 They get six weeks of neurology and

NOTE Confidence: 0.9310198

00:15:45.524 --> 00:15:46.959 six weeks of electives that they

NOTE Confidence: 0.9310198

00:15:46.959 --> 00:15:49.038 can spend any way they like and many

NOTE Confidence: 0.9310198

00:15:49.038 --> 00:15:50.608 choose neurology or other things.

NOTE Confidence: 0.9310198

00:15:50.610 --> 00:15:54.222 In that way 95% of our residents

NOTE Confidence: 0.9310198

00:15:54.222 --> 00:15:55.168 pursue fellowships.

NOTE Confidence: 0.9310198

00:15:55.170 --> 00:15:56.995 Really good mix of inpatient

NOTE Confidence: 0.9310198

00:15:56.995 --> 00:15:58.090 and outpatient specialties,

NOTE Confidence: 0.9310198

00:15:58.090 --> 00:15:58.834 really good mix,

NOTE Confidence: 0.9310198

00:15:58.834 --> 00:16:00.322 something I'm also very proud of.

NOTE Confidence: 0.9310198

00:16:00.330 --> 00:16:02.730 Lots of people do movement disorders

NOTE Confidence: 0.9310198

00:16:02.730 --> 00:16:05.350 and neuro immunology and neuromuscular

NOTE Confidence: 0.9310198

00:16:05.350 --> 00:16:09.025 medicine and headache and R2 for example.

NOTE Confidence: 0.9310198

00:16:09.025 --> 00:16:11.450 R2 recruitment chiefs are both

NOTE Confidence: 0.9310198

00:16:11.450 --> 00:16:13.330 pursuing outpatient specialties,

NOTE Confidence: 0.9310198

00:16:13.330 --> 00:16:16.030 out focus specialties and many do.

NOTE Confidence: 0.9310198

00:16:16.030 --> 00:16:18.986 So a lot of residents have anxiety

NOTE Confidence: 0.9310198

00:16:18.986 --> 00:16:20.594 about getting that experience.

NOTE Confidence: 0.9310198

00:16:20.594 --> 00:16:22.802 And then on a side note,

NOTE Confidence: 0.9310198

00:16:22.810 --> 00:16:25.138 one of our,

NOTE Confidence: 0.9310198

00:16:25.140 --> 00:16:27.450 one of our former residents is very

NOTE Confidence: 0.9310198

00:16:27.450 --> 00:16:29.784 interested in doing a study on

NOTE Confidence: 0.9310198

00:16:29.784 --> 00:16:31.496 developing some standardized curricula.

NOTE Confidence: 0.9310198

00:16:31.500 --> 00:16:33.537 I just met with him this afternoon

NOTE Confidence: 0.9310198

00:16:33.540 --> 00:16:34.212 for outpatient neurology.

NOTE Confidence: 0.9310198

00:16:34.212 --> 00:16:35.556 So we care about that and

NOTE Confidence: 0.9310198

00:16:35.556 --> 00:16:36.380 we're thinking about

NOTE Confidence: 0.9384404

00:16:39.500 --> 00:16:41.426 that. You will all need a minimum of three

NOTE Confidence: 0.9384404

00:16:41.426 --> 00:16:43.316 reference letters, a maximum of four.

NOTE Confidence: 0.9384404

00:16:43.316 --> 00:16:45.958 At least one should focus on clinical

NOTE Confidence: 0.9384404

00:16:45.958 --> 00:16:47.846 neurology for international graduates,

NOTE Confidence: 0.9384404

00:16:47.846 --> 00:16:50.378 ideally something from the United States.

NOTE Confidence: 0.9384404

00:16:50.380 --> 00:16:52.636 But we realize that there are

NOTE Confidence: 0.9384404

00:16:52.636 --> 00:16:54.436 challenges with that and we can

NOTE Confidence: 0.9384404

00:16:54.436 --> 00:16:55.768 understand that that's difficult to get.

NOTE Confidence: 0.9384404

00:16:55.770 --> 00:16:57.192 You know, electives and observerships and

NOTE Confidence: 0.9384404

00:16:57.192 --> 00:16:59.089 all those sorts of things are much harder.

NOTE Confidence: 0.9384404

00:16:59.090 --> 00:17:01.328 Since the onset of the pandemic,

NOTE Confidence: 0.9384404

00:17:01.330 --> 00:17:03.060 we will interview about 100

NOTE Confidence: 0.9384404

00:17:03.060 --> 00:17:05.330 and 32140 applicants,

NOTE Confidence: 0.9384404

00:17:05.330 --> 00:17:07.210 which is a relatively small

NOTE Confidence: 0.9384404

00:17:07.210 --> 00:17:09.410 fraction of the applications we get.

NOTE Confidence: 0.9384404

00:17:09.410 --> 00:17:12.030 So it's very competitive and it'll

NOTE Confidence: 0.9384404

00:17:12.030 --> 00:17:13.650 be 12 applicants per interview day.

NOTE Confidence: 0.9384404

00:17:13.650 --> 00:17:16.398 And we do pretty brisk interviews.

NOTE Confidence: 0.9384404

00:17:16.398 --> 00:17:18.246 So we do half day sessions,

NOTE Confidence: 0.9384404

00:17:18.250 --> 00:17:20.905 either 9:00 to 1:00 or 12:00 to 4:00 and

NOTE Confidence: 0.9384404

00:17:20.905 --> 00:17:23.413 there's an overlap in the middle for a

NOTE Confidence: 0.9384404

00:17:23.413 --> 00:17:25.568 case discussion and and clinical stuff.

NOTE Confidence: 0.9384404

00:17:25.570 --> 00:17:26.770 We reviewed all applications.

NOTE Confidence: 0.9384404

00:17:26.770 --> 00:17:28.570 We've been doing holistic review forever.

NOTE Confidence: 0.9384404

00:17:28.570 --> 00:17:29.524 I'm reading about this all the

NOTE Confidence: 0.9384404

00:17:29.524 --> 00:17:30.745 time now and I'm like, yeah,

NOTE Confidence: 0.9384404

00:17:30.745 --> 00:17:32.995 we've kind of always been doing

NOTE Confidence: 0.9384404

00:17:32.995 --> 00:17:35.530 this by at least two reviewers.

NOTE Confidence: 0.9384404

00:17:35.530 --> 00:17:37.030 All of our reviewers will be

NOTE Confidence: 0.9384404

00:17:37.030 --> 00:17:38.330 educated on sources of bias.

NOTE Confidence: 0.9384404

00:17:38.330 --> 00:17:40.088 Most are very experienced reviewers will.

NOTE Confidence: 0.9384404

00:17:40.090 --> 00:17:40.970 If we have new reviewers,

NOTE Confidence: 0.9384404

00:17:40.970 --> 00:17:42.705 we always them with with

NOTE Confidence: 0.9384404

00:17:42.705 --> 00:17:44.093 some education about that.

NOTE Confidence: 0.9384404

00:17:44.100 --> 00:17:45.710 We don't have cut off scores or

NOTE Confidence: 0.9384404

00:17:45.710 --> 00:17:46.900 filters or anything like that.

NOTE Confidence: 0.9384404

00:17:46.900 --> 00:17:49.825 We do interview and match

NOTE Confidence: 0.9384404

00:17:49.825 --> 00:17:51.580 international medical graduates.

NOTE Confidence: 0.9384404

00:17:51.580 --> 00:17:53.484 I always get a lot of questions about

NOTE Confidence: 0.9384404

00:17:53.484 --> 00:17:55.112 that during these sessions and I was

NOTE Confidence: 0.9384404

00:17:55.112 --> 00:17:57.378 just want to be very transparent about that,

NOTE Confidence: 0.9384404

00:17:57.380 --> 00:17:58.900 right?

NOTE Confidence: 0.9384404

00:17:58.900 --> 00:18:01.755 We do interview and match

NOTE Confidence: 0.9384404

00:18:01.755 --> 00:18:02.897 international graduates.

NOTE Confidence: 0.9384404

00:18:02.900 --> 00:18:04.264 US experience is preferred.

NOTE Confidence: 0.9384404

00:18:04.264 --> 00:18:06.310 We realize that we review everything

NOTE Confidence: 0.9384404

00:18:06.367 --> 00:18:07.859 holistically and in context,

NOTE Confidence: 0.9384404

00:18:07.860 --> 00:18:10.460 but it is preferred.

NOTE Confidence: 0.9384404

00:18:10.460 --> 00:18:12.212 It is highly,

NOTE Confidence: 0.9384404

00:18:12.212 --> 00:18:13.854 highly preferred that graduation

NOTE Confidence: 0.9384404

00:18:13.854 --> 00:18:15.039 from medical school would have

NOTE Confidence: 0.9384404

00:18:15.039 --> 00:18:16.620 been the in the past five years.

NOTE Confidence: 0.9384404

00:18:16.620 --> 00:18:19.630 There are rare exceptions to this that

NOTE Confidence: 0.9384404

00:18:19.630 --> 00:18:21.480 relate to additional training and

NOTE Confidence: 0.9384404

00:18:21.480 --> 00:18:23.540 personal circumstances or things like that.

NOTE Confidence: 0.9384404

00:18:23.540 --> 00:18:24.814 But I always want to be very,

NOTE Confidence: 0.9384404

00:18:24.820 --> 00:18:26.983 very open about that and and this

NOTE Confidence: 0.9384404

00:18:26.983 --> 00:18:29.779 is as you heard from our residents,

NOTE Confidence: 0.9384404

00:18:29.780 --> 00:18:31.608 an extremely clinically busy

NOTE Confidence: 0.9384404

00:18:31.608 --> 00:18:32.979 and intense program.

NOTE Confidence: 0.9384404

00:18:32.980 --> 00:18:35.150 It's very hard to reintegrate

NOTE Confidence: 0.9384404

00:18:35.150 --> 00:18:37.028 into residency after a long gap.

NOTE Confidence: 0.9384404

00:18:37.028 --> 00:18:39.756 And so I I always want to just be very

NOTE Confidence: 0.9384404

00:18:39.756 --> 00:18:42.618 clear about that and that the reasons for it.

NOTE Confidence: 0.9384404

00:18:42.620 --> 00:18:45.352 And we do offer both J1 and H1B visas

NOTE Confidence: 0.9384404

00:18:45.352 --> 00:18:47.056 depending on the circumstances.

NOTE Confidence: 0.9384404

00:18:47.060 --> 00:18:48.712 Those typically are discussions

NOTE Confidence: 0.9384404

00:18:48.712 --> 00:18:51.420 that I have with applicants at the

NOTE Confidence: 0.9384404

00:18:51.420 --> 00:18:53.020 time they interview or afterwards.

NOTE Confidence: 0.93565726

00:18:55.940 --> 00:18:57.020 This is how we review.

NOTE Confidence: 0.93565726

00:18:57.020 --> 00:18:58.020 So for the application,

NOTE Confidence: 0.93565726

00:18:58.020 --> 00:18:59.820 we look at your grades and MSPE,

NOTE Confidence: 0.93565726

00:18:59.820 --> 00:19:01.220 your research and scholarly work,

NOTE Confidence: 0.93565726

00:19:01.220 --> 00:19:02.216 your leadership engagement.

NOTE Confidence: 0.93565726

00:19:02.216 --> 00:19:04.540 And we like to look at resilience,

NOTE Confidence: 0.93565726

00:19:04.540 --> 00:19:05.572 evidence of resilience,

NOTE Confidence: 0.93565726

00:19:05.572 --> 00:19:07.636 which we could see throughout the

NOTE Confidence: 0.93565726

00:19:07.636 --> 00:19:08.679 application during the interview.

NOTE Confidence: 0.93565726

00:19:08.679 --> 00:19:10.980 We look at a lot of the same things

NOTE Confidence: 0.93565726

00:19:10.980 --> 00:19:12.510 and these are really carefully

NOTE Confidence: 0.93565726

00:19:12.510 --> 00:19:14.130 aligned with the objectives of

NOTE Confidence: 0.93565726

00:19:14.130 --> 00:19:15.740 our program because our residents

NOTE Confidence: 0.93565726

00:19:15.740 --> 00:19:17.660 are what make our program work.

34

NOTE Confidence: 0.93565726

00:19:17.660 --> 00:19:19.844 And so we want to recruit our residents

NOTE Confidence: 0.93565726

00:19:19.844 --> 00:19:22.177 on the basis of what our mission is.

NOTE Confidence: 0.93565726

00:19:22.180 --> 00:19:24.004 And and we've been enormously successful

NOTE Confidence: 0.93565726

00:19:24.004 --> 00:19:25.939 when we've stuck to this process.

NOTE Confidence: 0.93501097

00:19:28.460 --> 00:19:30.060 We've had lots of innovations

NOTE Confidence: 0.93501097

00:19:30.060 --> 00:19:31.660 that I think have helped.

NOTE Confidence: 0.93501097

00:19:31.660 --> 00:19:33.620 We have an X + Y clinic format.

NOTE Confidence: 0.93501097

00:19:33.620 --> 00:19:34.538 We were one of the first.

NOTE Confidence: 0.93501097

00:19:34.540 --> 00:19:36.080 We've caught a lot of

NOTE Confidence: 0.93501097

00:19:36.080 --> 00:19:37.900 other people how to do it.

NOTE Confidence: 0.93501097

00:19:37.900 --> 00:19:40.580 We we don't have any 28 hour in house call.

NOTE Confidence: 0.93501097

00:19:40.580 --> 00:19:42.617 We have overnight call at the VA,

NOTE Confidence: 0.93501097

00:19:42.620 --> 00:19:45.940 but that's phone call and like I said before,

NOTE Confidence: 0.93501097

00:19:45.940 --> 00:19:48.405 very early exposure to outpatient

NOTE Confidence: 0.93501097

00:19:48.405 --> 00:19:50.430 subspecialties which has not been an

NOTE Confidence: 0.93501097

00:19:50.430 --> 00:19:52.356 issue with our fellowship matching.

NOTE Confidence: 0.93501097

00:19:52.356 --> 00:19:54.780 We have lots of leadership opportunities.

NOTE Confidence: 0.93501097

00:19:54.780 --> 00:19:56.340 We can talk about that more.

NOTE Confidence: 0.93501097

00:19:56.340 --> 00:19:58.455 One of our residents will be going to Kapala,

NOTE Confidence: 0.93501097

00:19:58.460 --> 00:19:59.576 Uganda next week,

NOTE Confidence: 0.93501097

00:19:59.576 --> 00:20:01.808 I think this weekend as part

NOTE Confidence: 0.93501097

00:20:01.808 --> 00:20:04.239 of our Global Health program.

NOTE Confidence: 0.93501097

00:20:04.240 --> 00:20:06.040 We've had a very successful

NOTE Confidence: 0.93501097

00:20:06.040 --> 00:20:07.120 clinician educator track.

NOTE Confidence: 0.93501097

00:20:07.120 --> 00:20:08.720 One of our former residents,

NOTE Confidence: 0.93501097

00:20:08.720 --> 00:20:10.190 recent graduates was just invited

NOTE Confidence: 0.93501097

00:20:10.190 --> 00:20:12.500 to be a member of the editorial

NOTE Confidence: 0.93501097

00:20:12.500 --> 00:20:14.445 board of the neurology education

NOTE Confidence: 0.93501097

00:20:14.445 --> 00:20:15.600 journal Harry Sutherland.

NOTE Confidence: 0.93501097

00:20:15.600 --> 00:20:18.640 So just really excited for him about that.

NOTE Confidence: 0.93501097

00:20:18.640 --> 00:20:22.357 He just learned that Monday or Tuesday

NOTE Confidence: 0.93501097

00:20:22.360 --> 00:20:24.832 we've had a great success with our 25

NOTE Confidence: 0.93501097

00:20:24.832 --> 00:20:26.880 program with healthcare management,

NOTE Confidence: 0.93501097

00:20:26.880 --> 00:20:28.780 lots of people on editorial

NOTE Confidence: 0.93501097

00:20:28.780 --> 00:20:30.540 boards in different places.

NOTE Confidence: 0.93501097

00:20:30.540 --> 00:20:34.060 We had a resident who was on the

NOTE Confidence: 0.93501097

00:20:34.060 --> 00:20:36.268 board of the match and remains

NOTE Confidence: 0.93501097

00:20:36.268 --> 00:20:37.740 involved with that organization

NOTE Confidence: 0.93501097

00:20:37.740 --> 00:20:40.180 since starting on the board.

NOTE Confidence: 0.93501097

00:20:40.180 --> 00:20:41.956 Jeff as a resident was the

NOTE Confidence: 0.93501097

00:20:41.956 --> 00:20:43.564 resident member of the residency

NOTE Confidence: 0.93501097

00:20:43.564 --> 00:20:45.736 Review Committee of the A/C GME.

NOTE Confidence: 0.93501097

00:20:45.740 --> 00:20:48.140 And so we really look to train leaders

NOTE Confidence: 0.93501097

00:20:48.140 --> 00:20:50.100 and scholars and I and I feel very,

NOTE Confidence: 0.93501097

00:20:50.100 --> 00:20:54.190 very proud of our track record of of

NOTE Confidence: 0.93501097

00:20:54.190 --> 00:20:56.515 offering and being successful with

NOTE Confidence: 0.93501097

00:20:56.515 --> 00:20:58.660 leadership opportunities for residents.

NOTE Confidence: 0.93501097

00:20:58.660 --> 00:21:01.019 We have a strong commitment to diversity,

NOTE Confidence: 0.93501097

00:21:01.020 --> 00:21:01.834 equity, inclusion.

NOTE Confidence: 0.93501097

00:21:01.834 --> 00:21:03.869 We have Vanessa Cooper's actually

NOTE Confidence: 0.93501097

00:21:03.869 --> 00:21:05.960 doing another open house tonight,

NOTE Confidence: 0.93501097

00:21:05.960 --> 00:21:07.960 but she's our Associate Director

NOTE Confidence: 0.93501097

00:21:07.960 --> 00:21:09.160 of Diversity Education,

NOTE Confidence: 0.93501097

00:21:09.160 --> 00:21:10.800 so she sends her regrets.

NOTE Confidence: 0.93501097

00:21:10.800 --> 00:21:12.250 Reshmaud Arula is our departmental

NOTE Confidence: 0.93501097

00:21:12.250 --> 00:21:13.922 Director of Diversity, Equity Inclusion.

NOTE Confidence: 0.93501097

00:21:13.922 --> 00:21:14.724 We really,

NOTE Confidence: 0.93501097

00:21:14.724 --> 00:21:17.130 I think got on board with

NOTE Confidence: 0.93501097

00:21:17.206 --> 00:21:19.356 best practices very early on.

NOTE Confidence: 0.93501097

00:21:19.360 --> 00:21:22.020 We do do critical grand rounds with

NOTE Confidence: 0.93501097

00:21:22.020 --> 00:21:24.133 the health disparities focus and

NOTE Confidence: 0.93501097

00:21:24.133 --> 00:21:26.393 we're very interested in developing

NOTE Confidence: 0.93501097

00:21:26.393 --> 00:21:28.473 novel educational tools and taking

NOTE Confidence: 0.93501097

00:21:28.473 --> 00:21:31.550 our usual approach to education to

NOTE Confidence: 0.93501097

00:21:31.550 --> 00:21:34.810 to DEI topics what's our vision.

NOTE Confidence: 0.93501097

00:21:34.810 --> 00:21:37.210 So increased diversity in the

NOTE Confidence: 0.93501097

00:21:37.210 --> 00:21:38.809 faculty neuro hospitalist service.

NOTE Confidence: 0.93501097

00:21:38.809 --> 00:21:40.674 We have ongoing discussions and

NOTE Confidence: 0.93501097

00:21:40.674 --> 00:21:42.488 planning for this and ensuring that

NOTE Confidence: 0.93501097

00:21:42.488 --> 00:21:43.818 the residents size is commensurate

NOTE Confidence: 0.93501097

00:21:43.818 --> 00:21:45.529 with the educational opportunities.

NOTE Confidence: 0.93501097

00:21:45.530 --> 00:21:47.735 We will be expanding to a new

NOTE Confidence: 0.93501097

00:21:47.735 --> 00:21:50.250 tower opening in 2027 which is

NOTE Confidence: 0.93501097

00:21:50.250 --> 00:21:51.570 an enormous opportunity.

NOTE Confidence: 0.93501097

00:21:51.570 --> 00:21:53.226 It's been very exciting.

NOTE Confidence: 0.93501097

00:21:53.226 --> 00:21:56.594 I've been part of some of the processes

NOTE Confidence: 0.93501097

00:21:56.594 --> 00:21:58.770 of recruiting faculty leaders,

NOTE Confidence: 0.93501097

00:21:58.770 --> 00:22:00.170 you know, as part of this expansion,

NOTE Confidence: 0.93501097

00:22:00.170 --> 00:22:01.250 which has been really fun.

NOTE Confidence: 0.93501097

00:22:01.250 --> 00:22:03.374 So I think this is really going to be

NOTE Confidence: 0.93501097

00:22:03.374 --> 00:22:05.175 some growth and we want to continue

NOTE Confidence: 0.93501097

00:22:05.175 --> 00:22:07.049 to do what I've talked about before,

NOTE Confidence: 0.93501097

00:22:07.050 --> 00:22:07.427 right?

NOTE Confidence: 0.93501097

00:22:07.427 --> 00:22:09.689 We want to continue to nourish,

NOTE Confidence: 0.93501097

00:22:09.690 --> 00:22:12.210 nurture, grow leaders and scholars.

NOTE Confidence: 0.93501097

00:22:12.210 --> 00:22:14.317 And I think what you've heard from

NOTE Confidence: 0.93501097

00:22:14.317 --> 00:22:15.979 residents to empower our residents

NOTE Confidence: 0.93501097

00:22:15.979 --> 00:22:17.739 to make meaningful changes within

NOTE Confidence: 0.93501097

00:22:17.739 --> 00:22:19.320 the system and to innovate.

NOTE Confidence: 0.93501097

00:22:19.320 --> 00:22:21.350 I think we have an amazing track

NOTE Confidence: 0.93501097

00:22:21.415 --> 00:22:23.487 record of innovating educationally.

NOTE Confidence: 0.93501097

00:22:23.490 --> 00:22:25.170 I think it's one of our strengths

NOTE Confidence: 0.93501097

00:22:25.170 --> 00:22:25.890 and the expertise.

NOTE Confidence: 0.93501097

00:22:25.890 --> 00:22:28.350 The depth of our bench in

NOTE Confidence: 0.93501097

00:22:28.350 --> 00:22:29.990 terms of educational experts

NOTE Confidence: 0.93817574

00:22:30.070 --> 00:22:32.609 I think is second to none in the nation.

NOTE Confidence: 0.93817574

00:22:32.609 --> 00:22:33.887 I'm, I'm really proud to say

NOTE Confidence: 0.93817574

00:22:33.887 --> 00:22:35.562 that we've really built out in

NOTE Confidence: 0.93817574

00:22:35.562 --> 00:22:36.690 terms of educational expertise.

NOTE Confidence: 0.93817574

00:22:36.690 --> 00:22:40.650 So we're really proud of that.

NOTE Confidence: 0.93817574

00:22:40.650 --> 00:22:43.658 I was interviewing A faculty applicant

NOTE Confidence: 0.93817574

00:22:43.658 --> 00:22:46.290 who was talking about sort of the

NOTE Confidence: 0.93817574

00:22:46.366 --> 00:22:48.531 future of education and neurology

NOTE Confidence: 0.93817574

00:22:48.531 --> 00:22:51.410 education and sort of being scholarly

NOTE Confidence: 0.93817574

00:22:51.410 --> 00:22:53.090 and sort of asked my view on this.

NOTE Confidence: 0.93817574

00:22:53.090 --> 00:22:56.240 And I said it's most important to

NOTE Confidence: 0.93817574

00:22:56.240 --> 00:22:58.804 me that my home is in order first,

NOTE Confidence: 0.93817574

00:22:58.810 --> 00:23:00.313 you know, before I go out into the world

NOTE Confidence: 0.93817574

41

00:23:00.313 --> 00:23:01.770 and talk about innovations elsewhere.

NOTE Confidence: 0.93817574

00:23:01.770 --> 00:23:05.008 So for us, for all of us,

NOTE Confidence: 0.93817574

00:23:05.010 --> 00:23:06.855 education starts with our residency

NOTE Confidence: 0.93817574

00:23:06.855 --> 00:23:08.970 and with our educational programs here

NOTE Confidence: 0.93817574

00:23:08.970 --> 00:23:11.085 at Yale and doing a good job of that.

NOTE Confidence: 0.93817574

00:23:11.090 --> 00:23:12.938 And we can innovate and share

NOTE Confidence: 0.93817574

00:23:12.938 --> 00:23:14.354 and grow and build.

NOTE Confidence: 0.93817574

00:23:14.354 --> 00:23:16.930 But our focus is on these residents,

NOTE Confidence: 0.93817574

00:23:16.930 --> 00:23:19.394 is on this program and is on the

NOTE Confidence: 0.93817574

00:23:19.394 --> 00:23:21.090 experiences that we can get here.

NOTE Confidence: 0.93817574

00:23:21.090 --> 00:23:22.566 So we're really proud of it,

NOTE Confidence: 0.93817574

00:23:22.570 --> 00:23:25.650 really proud of our residents.

NOTE Confidence: 0.93817574

00:23:25.650 --> 00:23:27.810 We're going to leave it open to questions.

NOTE Confidence: 0.93817574

00:23:27.810 --> 00:23:30.106 You can raise your hand and ask

NOTE Confidence: 0.93817574

00:23:30.106 --> 00:23:32.730 a question in person or you can

NOTE Confidence: 0.93817574

00:23:32.730 --> 00:23:34.690 take something into the chat.

NOTE Confidence: 0.93817574

00:23:34.690 --> 00:23:37.726 JP and Isak have been expert.

NOTE Confidence: 0.93817574

00:23:37.730 --> 00:23:39.809 We had a very, very active chat.

NOTE Confidence: 0.93817574

00:23:39.810 --> 00:23:41.686 I'm going to pause for a moment,

NOTE Confidence: 0.93817574

00:23:41.690 --> 00:23:44.246 but if there's a longer pause,

NOTE Confidence: 0.93817574

00:23:44.250 --> 00:23:45.770 I'll just start asking questions.

NOTE Confidence: 0.93817574

00:23:45.770 --> 00:23:48.570 But as as I might have anticipated,

NOTE Confidence: 0.93817574

00:23:48.570 --> 00:23:49.728 there hasn't been a longer pause.

NOTE Confidence: 0.93817574

00:23:49.730 --> 00:23:50.048 So,

NOTE Confidence: 0.93817574

00:23:50.048 --> 00:23:50.684 Mohammed Mansour,

NOTE Confidence: 0.93817574

00:23:50.684 --> 00:23:53.580 you can go ahead and ask a question.

NOTE Confidence: 0.932756

00:23:55.820 --> 00:23:57.116 Yeah. Hello, everyone.

NOTE Confidence: 0.932756

00:23:57.116 --> 00:24:00.140 Thank you so much for hosting this.

NOTE Confidence: 0.932756

00:24:00.140 --> 00:24:02.858 I'm Mohammed Mansour and Egyptian IMG,

NOTE Confidence: 0.932756

00:24:02.860 --> 00:24:05.254 and I'm currently an Epilepsy research

NOTE Confidence: 0.932756

00:24:05.254 --> 00:24:07.580 fellow at George Washington University.

NOTE Confidence: 0.932756

43

00:24:07.580 --> 00:24:11.500 Well, actually I think you have like the

NOTE Confidence: 0.932756

00:24:11.500 --> 00:24:14.577 perfect program as as far as it can be.

NOTE Confidence: 0.932756

00:24:14.580 --> 00:24:17.708 But I just want to to get more

NOTE Confidence: 0.932756

00:24:17.708 --> 00:24:20.203 information about the about your epilepsy

NOTE Confidence: 0.932756

00:24:20.203 --> 00:24:22.969 center like for instance the number

NOTE Confidence: 0.932756

00:24:22.969 --> 00:24:25.575 of beds and the volume of epilepsy

NOTE Confidence: 0.932756

00:24:25.575 --> 00:24:27.780 surgical cases that you that you do.

NOTE Confidence: 0.92862624

00:24:29.020 --> 00:24:30.658 Oh man, you're getting into the weeds,

NOTE Confidence: 0.92862624

00:24:30.660 --> 00:24:32.585 Mohammed. So well one of the many

NOTE Confidence: 0.92862624

00:24:32.585 --> 00:24:34.757 hats I'm wearing right now is the

NOTE Confidence: 0.92862624

00:24:34.757 --> 00:24:36.372 interim clinical chief for epilepsy.

NOTE Confidence: 0.92862624

00:24:36.380 --> 00:24:40.260 So I have looked at my fingertips.

NOTE Confidence: 0.92862624

00:24:40.260 --> 00:24:42.260 We're actively recruiting the clinical

NOTE Confidence: 0.92862624

00:24:42.260 --> 00:24:44.644 chief which is very exciting.

NOTE Confidence: 0.92862624

00:24:44.644 --> 00:24:49.100 So, so we have an 8 bed Atlas minor unit.

NOTE Confidence: 0.92862624

00:24:49.100 --> 00:24:50.510 We will be expanding to 10

NOTE Confidence: 0.92862624

00:24:50.510 --> 00:24:52.340 once we go to the new tower.

NOTE Confidence: 0.92862624

00:24:52.340 --> 00:24:54.230 Our surgical volume fluctuates but we

NOTE Confidence: 0.92862624

00:24:54.230 --> 00:24:55.940 have an extensive surgical program.

NOTE Confidence: 0.92862624

00:24:55.940 --> 00:24:57.656 We do a combination of stereo,

NOTE Confidence: 0.92862624

00:24:57.660 --> 00:25:02.020 EEG, grids and strips resections,

NOTE Confidence: 0.92862624

00:25:02.020 --> 00:25:05.326 Ecog, we have a very active

NOTE Confidence: 0.92862624

00:25:05.326 --> 00:25:06.979 neuro stimulation program.

NOTE Confidence: 0.92862624

00:25:06.980 --> 00:25:09.465 Izzy is is very active actually in

NOTE Confidence: 0.92862624

00:25:09.465 --> 00:25:12.316 doing some work on one of our clinical

NOTE Confidence: 0.92862624

00:25:12.316 --> 00:25:14.424 trials in in status epilepticus.

NOTE Confidence: 0.92862624

00:25:14.424 --> 00:25:17.668 We have one of the most active

NOTE Confidence: 0.92862624

00:25:17.668 --> 00:25:20.680 ICU EEG programs in the country.

NOTE Confidence: 0.92862624

00:25:20.680 --> 00:25:23.848 We are expanding broadly across the

NOTE Confidence: 0.92862624

00:25:23.848 --> 00:25:27.140 system in terms of from New York to

NOTE Confidence: 0.92862624

00:25:27.140 --> 00:25:29.433 Rhode Island in terms of the outpatient

NOTE Confidence: 0.92862624

00:25:29.433 --> 00:25:31.678 epilepsy care that we provide.

NOTE Confidence: 0.92862624

00:25:31.680 --> 00:25:33.018 It's a very,

NOTE Confidence: 0.92862624

00:25:33.018 --> 00:25:35.059 very exciting time to be interested

NOTE Confidence: 0.92862624

00:25:35.059 --> 00:25:37.049 in epilepsy in the world and I think

NOTE Confidence: 0.92862624

00:25:37.049 --> 00:25:38.879 it's extremely exciting time at Yale.

NOTE Confidence: 0.92862624

00:25:38.880 --> 00:25:41.477 I think there would be amazing opportunities.

NOTE Confidence: 0.92862624

00:25:41.480 --> 00:25:44.800 Thank you. Brenda, you're next.

NOTE Confidence: 0.93781585

00:25:48.280 --> 00:25:49.945 Hello. Thank you so much

NOTE Confidence: 0.93781585

00:25:49.945 --> 00:25:51.277 for this wonderful session.

NOTE Confidence: 0.93781585

00:25:51.280 --> 00:25:53.680 Clearly, Yale is a dream program.

NOTE Confidence: 0.93781585

00:25:53.680 --> 00:25:55.804 And one of the most interesting

NOTE Confidence: 0.93781585

00:25:55.804 --> 00:25:58.026 thing I want to ask no more

NOTE Confidence: 0.93781585

00:25:58.026 --> 00:25:59.608 about is the leadership program

NOTE Confidence: 0.93781585

00:25:59.608 --> 00:26:01.118 that you are talking about.

NOTE Confidence: 0.93781585

00:26:01.120 --> 00:26:03.017 I'm personally very much interested in the

NOTE Confidence: 0.93781585

00:26:03.017 --> 00:26:04.920 academics and the teaching opportunities.

NOTE Confidence: 0.93781585

00:26:04.920 --> 00:26:06.445 So what are the teaching

NOTE Confidence: 0.93781585

00:26:06.445 --> 00:26:07.906 opportunities that are that the

NOTE Confidence: 0.93781585

00:26:07.906 --> 00:26:08.998 residents can participate in?

NOTE Confidence: 0.93781585

00:26:10.080 --> 00:26:11.655 Maybe I'll hand that off to the

NOTE Confidence: 0.93781585

00:26:11.655 --> 00:26:12.725 residents, maybe they can talk about

NOTE Confidence: 0.93781585

00:26:12.725 --> 00:26:13.760 some of the teaching they've done.

NOTE Confidence: 0.9273921

00:26:15.630 --> 00:26:16.188 Okay. Thank you.

NOTE Confidence: 0.9273921

00:26:18.310 --> 00:26:20.869 Yeah, I can start. I mean I think

NOTE Confidence: 0.9273921

00:26:20.870 --> 00:26:22.966 I would say one of the many strong

NOTE Confidence: 0.9273921

00:26:22.966 --> 00:26:25.258 points for Yale is there is a very

NOTE Confidence: 0.9273921

00:26:25.258 --> 00:26:26.758 strong educator clinical track.

NOTE Confidence: 0.9273921

00:26:26.758 --> 00:26:30.470 I think you'll see here most of a

NOTE Confidence: 0.9273921

00:26:30.470 --> 00:26:32.384 decent number of our faculty actually

NOTE Confidence: 0.9273921

00:26:32.384 --> 00:26:34.230 have advanced degrees in education,

NOTE Confidence: 0.9273921

00:26:34.230 --> 00:26:36.421 which I would not say is ubiquitous

NOTE Confidence: 0.9273921

00:26:36.421 --> 00:26:38.972 amongst a lot of programs and it shows.

NOTE Confidence: 0.9273921

00:26:38.972 --> 00:26:40.944 I think that you know, people are

NOTE Confidence: 0.9273921

00:26:40.944 --> 00:26:42.229 interested in everything from education,

NOTE Confidence: 0.9273921

00:26:42.230 --> 00:26:44.150 Wellness, sorry, resident,

NOTE Confidence: 0.9273921

00:26:44.150 --> 00:26:47.990 Wellness and well-being to actual like

NOTE Confidence: 0.9273921

00:26:47.990 --> 00:26:50.550 education and pedagogical methods.

NOTE Confidence: 0.9273921

00:26:50.550 --> 00:26:53.380 And so all of that from the flat faculty I

NOTE Confidence: 0.9273921

00:26:53.453 --> 00:26:56.667 think bleeds into what we get as residents.

NOTE Confidence: 0.9273921

00:26:56.670 --> 00:26:58.645 So there is pretty ample

NOTE Confidence: 0.9273921

00:26:58.645 --> 00:26:59.830 opportunities to teach.

NOTE Confidence: 0.9273921

00:26:59.830 --> 00:27:00.990 You can do morning reports.

NOTE Confidence: 0.9273921

00:27:00.990 --> 00:27:02.130 As a resident,

NOTE Confidence: 0.9273921

00:27:02.130 --> 00:27:05.287 I had the opportunity to give a lecture

NOTE Confidence: 0.9273921

00:27:05.287 --> 00:27:08.004 to like the Neuro Psych program about

NOTE Confidence: 0.9273921

00:27:08.004 --> 00:27:09.900 neuroanatomy of attention last year.

NOTE Confidence: 0.9273921

00:27:09.900 --> 00:27:11.496 You could do a lot of work

NOTE Confidence: 0.9273921

00:27:11.500 --> 00:27:13.156 with the medical students,

NOTE Confidence: 0.9273921

00:27:13.156 --> 00:27:14.398 clinical handson teaching

NOTE Confidence: 0.9273921

00:27:14.398 --> 00:27:16.300 as well as lectures.

NOTE Confidence: 0.9273921

00:27:16.300 --> 00:27:18.970 And then there's a lot of research

NOTE Confidence: 0.9273921

00:27:18.970 --> 00:27:20.907 that people do as well in terms of

NOTE Confidence: 0.9273921

00:27:20.907 --> 00:27:21.975 education and education pedagogy.

NOTE Confidence: 0.9273921

00:27:21.980 --> 00:27:24.128 Harry Sutherland,

NOTE Confidence: 0.9273921

00:27:24.128 --> 00:27:25.736 who Doctor Mueller was just mentioning,

NOTE Confidence: 0.9273921

00:27:25.740 --> 00:27:26.883 has you know,

NOTE Confidence: 0.9273921

00:27:26.883 --> 00:27:30.093 like a whole EE G game that he

NOTE Confidence: 0.9273921

00:27:30.093 --> 00:27:32.494 set up regarding education and

NOTE Confidence: 0.9273921

00:27:32.494 --> 00:27:35.179 how we learn about Eegs.

NOTE Confidence: 0.9273921

00:27:35.180 --> 00:27:36.650 And people do things like that

NOTE Confidence: 0.9273921

00:27:36.650 --> 00:27:37.671 pretty routinely, I would say.

NOTE Confidence: 0.9273921

00:27:37.671 --> 00:27:39.193 So I think that's very just a strong

NOTE Confidence: 0.9273921

00:27:39.193 --> 00:27:40.580 point of the program, certainly.

NOTE Confidence: 0.933885

00:27:41.980 --> 00:27:42.780 Thank you so much.

NOTE Confidence: 0.933885

00:27:42.900 --> 00:27:45.655 Another another big component that

NOTE Confidence: 0.933885

00:27:45.655 --> 00:27:48.660 some people have gotten involved in

NOTE Confidence: 0.933885

00:27:48.660 --> 00:27:50.634 as residents is one of the podcasts

NOTE Confidence: 0.933885

00:27:50.634 --> 00:27:52.565 that we do with the neurology

NOTE Confidence: 0.933885

00:27:52.565 --> 00:27:54.564 board that Dr. Mueller and Dr.

NOTE Confidence: 0.933885

00:27:54.564 --> 00:27:56.532 Dooley are very much involved in.

NOTE Confidence: 0.933885

00:27:56.540 --> 00:27:59.100 But if there are some residents that are

NOTE Confidence: 0.933885

00:27:59.100 --> 00:28:00.605 particularly interested in being involved

NOTE Confidence: 0.933885

00:28:00.605 --> 00:28:02.800 in hosting some of those episodes as well.

NOTE Confidence: 0.933885

00:28:02.800 --> 00:28:05.720 So that's another opportunity that

NOTE Confidence: 0.933885

00:28:05.720 --> 00:28:07.478 many people have taken advantage of.

NOTE Confidence: 0.933885

00:28:07.480 --> 00:28:09.325 And you can teach a lot of people on

NOTE Confidence: 0.933885

00:28:09.325 --> 00:28:11.478 a broad scale through those podcasts.

NOTE Confidence: 0.9341242

00:28:13.480 --> 00:28:16.960 I'm Invisible. I'm Chris.

NOTE Confidence: 0.9341242

00:28:16.960 --> 00:28:19.640 Vacation chief. Yeah, this

NOTE Confidence: 0.9341242

00:28:19.640 --> 00:28:20.914 is who This is who we needed.

NOTE Confidence: 0.9341242

00:28:22.120 --> 00:28:24.040 So I'm below the street side

NOTE Confidence: 0.9341242

00:28:24.040 --> 00:28:27.210 to the top of your head. Yes, hi,

NOTE Confidence: 0.93246716

00:28:27.210 --> 00:28:29.090 there we go. Everybody

NOTE Confidence: 0.93246716

00:28:29.490 --> 00:28:30.489 has already mentioned

NOTE Confidence: 0.93246716

00:28:30.490 --> 00:28:31.930 a lot of of teaching opportunities

NOTE Confidence: 0.93246716

00:28:31.930 --> 00:28:33.210 that they're. So like,

NOTE Confidence: 0.93246716

00:28:33.810 --> 00:28:35.436 if you can imagine it,

NOTE Confidence: 0.93246716

00:28:35.436 --> 00:28:37.090 there's probably a way to do it.

NOTE Confidence: 0.93246716

00:28:37.090 --> 00:28:38.218 Doctor Dewey and I have been

NOTE Confidence: 0.93246716

00:28:38.218 --> 00:28:39.730 working on an enrichment program

NOTE Confidence: 0.93246716

00:28:39.730 --> 00:28:41.542 for students who are interested in

NOTE Confidence: 0.93246716

00:28:41.542 --> 00:28:44.470 applying into neurology as well and have

NOTE Confidence: 0.93246716

00:28:44.470 --> 00:28:46.918 been doing some individualized teaching

NOTE Confidence: 0.93246716

00:28:46.918 --> 00:28:49.970 in that around sort of to augment

NOTE Confidence: 0.93246716

00:28:49.970 --> 00:28:51.910 clerkship experiences and the things

NOTE Confidence: 0.93246716

00:28:51.977 --> 00:28:54.013 that we've have in a more set structures.

NOTE Confidence: 0.93246716

00:28:54.013 --> 00:28:55.579 There are lots of opportunities if

NOTE Confidence: 0.93246716

00:28:55.579 --> 00:28:57.188 that's something you're interested in.

NOTE Confidence: 0.93246716

00:28:57.190 --> 00:28:59.470 And I certainly feel like I've

NOTE Confidence: 0.93246716

00:28:59.470 --> 00:29:00.982 personally grown throughout residency

NOTE Confidence: 0.93246716

00:29:00.982 --> 00:29:04.775 and I'm continuing to grow as a would

NOTE Confidence: 0.93246716

00:29:04.775 --> 00:29:06.905 be want to be somebody educators.

NOTE Confidence: 0.93246716

00:29:06.910 --> 00:29:10.590 So if you're interested in that we

NOTE Confidence: 0.93246716

00:29:10.590 --> 00:29:12.270 have lots of opportunities and I

NOTE Confidence: 0.9342029

00:29:12.270 --> 00:29:13.750 think there's both like

NOTE Confidence: 0.9342029

00:29:13.750 --> 00:29:15.230 informal and formal ways.

NOTE Confidence: 0.9342029

00:29:15.230 --> 00:29:17.575 I think the more informal ways would

NOTE Confidence: 0.9342029

00:29:17.575 --> 00:29:20.460 be you know you will get assigned

NOTE Confidence: 0.9342029

00:29:20.460 --> 00:29:22.827 medical students on your teams to

NOTE Confidence: 0.9342029

00:29:22.827 --> 00:29:25.310 to kind of nurture but then also

NOTE Confidence: 0.9250921

00:29:27.790 --> 00:29:29.654 more formal teaching opportunities.

NOTE Confidence: 0.9250921

00:29:29.654 --> 00:29:32.450 I know that how Blumenfeld runs

NOTE Confidence: 0.9250921

00:29:32.520 --> 00:29:34.242 a clinical neuroanatomy and case

NOTE Confidence: 0.9250921

00:29:34.242 --> 00:29:36.720 based teaching series that he does

NOTE Confidence: 0.9250921

00:29:36.786 --> 00:29:38.626 with the medical students and

NOTE Confidence: 0.9250921

00:29:38.630 --> 00:29:40.538 he invites the residents to come

NOTE Confidence: 0.9250921

00:29:40.538 --> 00:29:42.843 present and faculty as well to help

NOTE Confidence: 0.9250921

00:29:42.843 --> 00:29:44.468 with the case based discussions.

NOTE Confidence: 0.9250921

00:29:44.470 --> 00:29:46.734 And then I I think there's also a

NOTE Confidence: 0.9250921

00:29:46.734 --> 00:29:48.956 lot of community outreach education

NOTE Confidence: 0.9250921

00:29:48.956 --> 00:29:50.848 that I'm aware of.

NOTE Confidence: 0.9250921

00:29:50.850 --> 00:29:53.930 There is the like local high school

NOTE Confidence: 0.9250921

00:29:53.930 --> 00:29:56.276 programs that I believe Doctor Foreman

NOTE Confidence: 0.9250921

00:29:56.276 --> 00:29:59.009 and then on the stroke service.

NOTE Confidence: 0.9250921

00:29:59.010 --> 00:30:00.054 And then Dr.

NOTE Confidence: 0.9250921

00:30:00.054 --> 00:30:02.142 Schaefer is also involved in for

NOTE Confidence: 0.9250921

00:30:02.142 --> 00:30:04.210 sort of community education outreach

NOTE Confidence: 0.9250921

00:30:04.210 --> 00:30:07.220 programs from like the K to 12 piece

NOTE Confidence: 0.9250921

00:30:07.220 --> 00:30:09.860 of it and then sort of like maybe

NOTE Confidence: 0.9250921

00:30:09.860 --> 00:30:11.694 teaching for stroke care as well.

NOTE Confidence: 0.9250921

00:30:11.694 --> 00:30:13.108 So that it's not just like within

NOTE Confidence: 0.9250921

00:30:13.108 --> 00:30:14.369 the hospital system itself,

NOTE Confidence: 0.9250921

00:30:14.370 --> 00:30:16.625 it's also within a broader

NOTE Confidence: 0.9250921

00:30:16.625 --> 00:30:18.130 sense of community.

NOTE Confidence: 0.9374041

00:30:22.610 --> 00:30:23.610 Thank you. Thank you. So

NOTE Confidence: 0.9374041

00:30:24.290 --> 00:30:25.450 one thing to add,

NOTE Confidence: 0.9374041

00:30:25.450 --> 00:30:27.594 I just got an e-mail about this today.

NOTE Confidence: 0.9374041

00:30:27.594 --> 00:30:29.706 You know, there's lots of hospital

NOTE Confidence: 0.9374041

00:30:29.706 --> 00:30:31.322 wide opportunities for leadership

NOTE Confidence: 0.9374041

00:30:31.322 --> 00:30:33.622 and and career development as well.

NOTE Confidence: 0.9374041

00:30:33.622 --> 00:30:37.030 For example, there's a quality care,

NOTE Confidence: 0.9374041

00:30:37.030 --> 00:30:40.355 quality improvement and quality care,

NOTE Confidence: 0.9374041

00:30:40.360 --> 00:30:41.760 I can't remember the name of it,

NOTE Confidence: 0.9374041

00:30:41.760 --> 00:30:44.480 track with specific training on

NOTE Confidence: 0.9374041

00:30:44.480 --> 00:30:46.656 quality improvement through the

NOTE Confidence: 0.9374041

00:30:46.656 --> 00:30:47.975 hospital and one of our residents

NOTE Confidence: 0.9374041

00:30:47.975 --> 00:30:49.040 is going to be enrolling in that.

NOTE Confidence: 0.9374041

00:30:49.040 --> 00:30:51.344 So that's formal training

NOTE Confidence: 0.9374041

00:30:51.344 --> 00:30:53.291 and high quality care,

NOTE Confidence: 0.9374041

00:30:53.291 --> 00:30:55.119 quality improvement program evaluation.

NOTE Confidence: 0.9374041

00:30:55.120 --> 00:30:56.854 It's something that we I think

NOTE Confidence: 0.9374041

00:30:56.854 --> 00:30:58.360 can continue to grow with.

NOTE Confidence: 0.9374041

00:30:58.360 --> 00:30:59.516 It's an exciting field.

NOTE Confidence: 0.9374041

00:30:59.516 --> 00:31:01.250 I think that neurologists are getting

NOTE Confidence: 0.9374041

00:31:01.301 --> 00:31:02.847 better about and we have resources

NOTE Confidence: 0.9374041

00:31:02.847 --> 00:31:05.289 to provide formal training in that,

NOTE Confidence: 0.9374041

00:31:05.290 --> 00:31:05.966 which is really exciting.

NOTE Confidence: 0.9374041

00:31:05.966 --> 00:31:07.178 So one of our PGY threes is

NOTE Confidence: 0.9374041

00:31:07.178 --> 00:31:07.968 going to join that track.

NOTE Confidence: 0.93089557

00:31:10.730 --> 00:31:13.218 All right. Thank you, Bittor.

NOTE Confidence: 0.93089557

00:31:13.218 --> 00:31:14.850 I think you're next.

NOTE Confidence: 0.93089557

00:31:15.890 --> 00:31:19.446 Hi, everyone. Thank you all for this.

NOTE Confidence: 0.93089557

00:31:19.450 --> 00:31:22.154 I would like to know a little bit

NOTE Confidence: 0.93089557

00:31:22.154 --> 00:31:25.190 more about the research track and

NOTE Confidence: 0.93089557

00:31:25.190 --> 00:31:27.610 specifically is it feasible for

NOTE Confidence: 0.93089557

00:31:27.610 --> 00:31:30.609 residents without the PhD to join the

NOTE Confidence: 0.93089557

00:31:30.609 --> 00:31:33.090 clinical neurosciences research program.

NOTE Confidence: 0.9401877

00:31:34.930 --> 00:31:36.630 It's possible it's been

NOTE Confidence: 0.9401877

00:31:36.630 --> 00:31:38.330 done it's much harder.

NOTE Confidence: 0.9401877

00:31:38.330 --> 00:31:41.050 The reason is that the focus of the

NOTE Confidence: 0.9401877

00:31:41.050 --> 00:31:44.209 R 25 grant that's that funds that

NOTE Confidence: 0.9401877

00:31:44.210 --> 00:31:47.605 tends to be on mechanisms of disease.

NOTE Confidence: 0.9401877

00:31:47.610 --> 00:31:52.785 So so that is clinical and sorry

NOTE Confidence: 0.9401877

00:31:52.785 --> 00:31:54.565 translational and basic research.

NOTE Confidence: 0.9401877

00:31:54.570 --> 00:31:57.714 It's so much harder to learn and develop

NOTE Confidence: 0.9401877

00:31:57.714 --> 00:31:59.750 those techniques during residency.

NOTE Confidence: 0.9401877

00:31:59.750 --> 00:32:02.046 It's possible so that this has to be

NOTE Confidence: 0.9401877

00:32:02.046 --> 00:32:03.910 discussed on a case by case basis.

NOTE Confidence: 0.9401877

00:32:03.910 --> 00:32:06.920 That said, the vast majority of our

NOTE Confidence: 0.9401877

00:32:06.920 --> 00:32:09.769 residents do scholarly work and that can

NOTE Confidence: 0.9401877

00:32:09.769 --> 00:32:12.974 range anywhere from case reports or series,

NOTE Confidence: 0.9401877

00:32:12.974 --> 00:32:15.798 chart reviews, clinical trials,

NOTE Confidence: 0.9401877

00:32:15.798 --> 00:32:18.510 other clinical studies.

NOTE Confidence: 0.9401877

00:32:18.510 --> 00:32:20.172 I really think there's tremendous value

NOTE Confidence: 0.9401877

00:32:20.172 --> 00:32:22.105 in doing a chart review for anyone

NOTE Confidence: 0.9401877

00:32:22.105 --> 00:32:23.904 whether or not you're going to do,

NOTE Confidence: 0.9401877

00:32:23.910 --> 00:32:24.610 you know,

NOTE Confidence: 0.9401877

00:32:24.610 --> 00:32:28.010 do a ton of clinical research in your career.

NOTE Confidence: 0.9401877

00:32:28.010 --> 00:32:30.726 We have, we had our third annual

NOTE Confidence: 0.9401877

00:32:30.726 --> 00:32:31.890 resident research blast,

NOTE Confidence: 0.9401877

00:32:31.890 --> 00:32:33.978 which is during Grand Grand onslaught

NOTE Confidence: 0.9401877

00:32:33.978 --> 00:32:35.530 where our residents just give

NOTE Confidence: 0.9401877

00:32:35.530 --> 00:32:37.330 a very short 5 minute overview

NOTE Confidence: 0.9401877

00:32:37.389 --> 00:32:38.889 of their research projects.

NOTE Confidence: 0.9401877

00:32:38.890 --> 00:32:41.248 And that's always been enormously successful.

NOTE Confidence: 0.9401877

00:32:41.250 --> 00:32:42.710 And actually I'm always embarrassed

NOTE Confidence: 0.9401877

00:32:42.710 --> 00:32:44.479 to learn that there's stuff that

NOTE Confidence: 0.9401877

00:32:44.479 --> 00:32:46.009 residents are doing that I wasn't

NOTE Confidence: 0.9401877

00:32:46.009 --> 00:32:47.570 totally aware of when I see that,

NOTE Confidence: 0.9401877

00:32:47.570 --> 00:32:48.914 which is really nice.

NOTE Confidence: 0.9401877

00:32:48.914 --> 00:32:50.984 So there's just so much support for

NOTE Confidence: 0.9401877

00:32:50.984 --> 00:32:52.847 research and there's elective time to do it.

NOTE Confidence: 0.9401877

00:32:52.850 --> 00:32:54.884 Whether or not you choose to do the research,

NOTE Confidence: 0.9401877

00:32:54.890 --> 00:32:55.250 check

NOTE Confidence: 0.92829233

00:32:58.110 --> 00:33:00.186 Abaji. Abaji, I think you're next.

NOTE Confidence: 0.92829233

00:33:02.390 --> 00:33:06.550 Hi. Thank you so much for organizing this.

NOTE Confidence: 0.92829233

00:33:06.550 --> 00:33:08.806 I'm a graduate student at Mayo

NOTE Confidence: 0.92829233

00:33:08.806 --> 00:33:10.310 Clinic studying neuro immune

NOTE Confidence: 0.92829233

00:33:10.379 --> 00:33:11.909 mechanisms and epilepsy.

NOTE Confidence: 0.92829233

00:33:11.910 --> 00:33:13.078 For the prayer program,

NOTE Confidence: 0.92829233

00:33:13.078 --> 00:33:15.301 I was wondering how do residents receive

NOTE Confidence: 0.92829233

00:33:15.301 --> 00:33:17.346 feedback on their clinical performance,

NOTE Confidence: 0.92829233

00:33:17.350 --> 00:33:19.270 especially if they make a mistake or say,

NOTE Confidence: 0.92829233

00:33:19.270 --> 00:33:21.574 take a suboptimal decision?

NOTE Confidence: 0.92829233

00:33:21.574 --> 00:33:25.516 How, how are they given a feedback

NOTE Confidence: 0.92829233

00:33:25.516 --> 00:33:27.560 on those situations? Yeah,

NOTE Confidence: 0.9298276

00:33:27.560 --> 00:33:30.920 it's a great question.

NOTE Confidence: 0.9298276

00:33:30.920 --> 00:33:32.558 Anybody want to speak to that?

NOTE Confidence: 0.9298276

00:33:32.560 --> 00:33:34.464 Any of our residents do a little

NOTE Confidence: 0.9298276

00:33:34.464 --> 00:33:36.400 bit through it. So there are

NOTE Confidence: 0.9298276

00:33:37.080 --> 00:33:39.102 a wide breadth of opportunities for

NOTE Confidence: 0.9298276

00:33:39.102 --> 00:33:41.290 feedback that we take advantage of and

NOTE Confidence: 0.9298276

00:33:41.290 --> 00:33:43.448 it kind of falls in line in regards

NOTE Confidence: 0.9298276

00:33:43.448 --> 00:33:45.408 to the strong emphasis of education

NOTE Confidence: 0.9298276

00:33:45.408 --> 00:33:47.520 that we have within that program.

NOTE Confidence: 0.9298276

00:33:47.520 --> 00:33:51.720 So just from the general standpoint,

NOTE Confidence: 0.9298276

00:33:51.720 --> 00:33:53.856 we have the standard Met Hub

NOTE Confidence: 0.9298276

00:33:53.856 --> 00:33:55.847 evaluations that we often do which

NOTE Confidence: 0.9298276

00:33:55.847 --> 00:33:58.718 we do take a lot of emphasis on and

NOTE Confidence: 0.9298276

00:33:58.718 --> 00:34:01.358 many people do follow those and then

NOTE Confidence: 0.9298276

00:34:01.358 --> 00:34:03.771 we do emphasize in person feedback.

NOTE Confidence: 0.9298276

00:34:03.771 --> 00:34:06.717 So we have feedback Fridays where

NOTE Confidence: 0.9298276

00:34:06.717 --> 00:34:09.331 it is stressed that the particularly

NOTE Confidence: 0.9298276

00:34:09.331 --> 00:34:11.557 the attendings make sure it's pull

NOTE Confidence: 0.9298276

00:34:11.557 --> 00:34:13.542 everyone aside and give a little

NOTE Confidence: 0.9298276

00:34:13.542 --> 00:34:15.010 bit of feedback in person.

NOTE Confidence: 0.9298276

00:34:15.010 --> 00:34:16.960 But that's not just the attendings

NOTE Confidence: 0.9298276

00:34:16.960 --> 00:34:18.907 but also us as residents giving

NOTE Confidence: 0.9298276

00:34:18.907 --> 00:34:21.218 feedback to like as you said earlier

NOTE Confidence: 0.9298276

00:34:21.218 --> 00:34:23.228 we have medical school students,

NOTE Confidence: 0.9298276

00:34:23.230 --> 00:34:26.667 PA students as well as like off

NOTE Confidence: 0.9298276

00:34:26.667 --> 00:34:28.819 service rotators through internal

NOTE Confidence: 0.9298276

00:34:28.819 --> 00:34:31.982 medicine or even different campuses

NOTE Confidence: 0.9298276

00:34:31.982 --> 00:34:33.824 or different hospital systems

NOTE Confidence: 0.9298276

00:34:33.824 --> 00:34:35.623 that come in and rotate with us.

NOTE Confidence: 0.9298276

00:34:35.630 --> 00:34:38.046 So we try to do that as well

NOTE Confidence: 0.9298276

00:34:38.046 --> 00:34:40.469 and we provide evaluations.

NOTE Confidence: 0.9298276

00:34:40.470 --> 00:34:44.142 We even have inter kind of resident

NOTE Confidence: 0.9298276

00:34:44.142 --> 00:34:46.132 evaluations to some extent where

NOTE Confidence: 0.9298276

00:34:46.132 --> 00:34:48.108 maybe someone's doing a night

NOTE Confidence: 0.9298276

00:34:48.108 --> 00:34:50.376 rotation is starting off early on.

NOTE Confidence: 0.9298276

00:34:50.380 --> 00:34:52.815 We may give feedback to the the

NOTE Confidence: 0.9298276

00:34:52.815 --> 00:34:54.465 junior resident on kind of how

NOTE Confidence: 0.9298276

00:34:54.465 --> 00:34:55.859 they did throughout the night,

NOTE Confidence: 0.9298276

00:34:55.860 --> 00:34:58.940 their night shifts etcetera.

NOTE Confidence: 0.9298276

00:34:58.940 --> 00:35:02.258 In particular about like a situation

NOTE Confidence: 0.9298276

00:35:02.260 --> 00:35:04.108 of where there may be a decision

NOTE Confidence: 0.9298276

00:35:04.108 --> 00:35:05.971 that may have happened or something

NOTE Confidence: 0.9298276

00:35:05.971 --> 00:35:07.656 that may have gone wrong.

NOTE Confidence: 0.9298276

00:35:07.660 --> 00:35:09.900 There's always a stress that

NOTE Confidence: 0.9298276

00:35:09.900 --> 00:35:12.294 you know we work as a team.

NOTE Confidence: 0.9298276

00:35:12.300 --> 00:35:14.526 I've never been in a situation

NOTE Confidence: 0.9298276

00:35:14.526 --> 00:35:16.700 where in people do make mistakes.

NOTE Confidence: 0.9298276

00:35:16.700 --> 00:35:19.100 There are mistakes that are made.

NOTE Confidence: 0.9298276

00:35:19.100 --> 00:35:22.132 There are systems in place where if

NOTE Confidence: 0.9298276

00:35:22.132 --> 00:35:25.640 you may make a mistake that you should

NOTE Confidence: 0.9298276

00:35:25.640 --> 00:35:28.070 always have some sort of mechanism

NOTE Confidence: 0.9298276

00:35:28.142 --> 00:35:29.973 where that's there's someone else

NOTE Confidence: 0.9298276

00:35:29.973 --> 00:35:32.072 that may catch that sometimes things

NOTE Confidence: 0.9298276

00:35:32.072 --> 00:35:34.774 may not go as fully as planned.

NOTE Confidence: 0.9298276

00:35:34.780 --> 00:35:37.708 I've never been in myself in a situation

NOTE Confidence: 0.9298276

00:35:37.708 --> 00:35:40.400 where I truly felt like I've been

NOTE Confidence: 0.9298276

00:35:40.400 --> 00:35:42.620 reprimanded for any sort of mistake.

NOTE Confidence: 0.9298276

00:35:42.620 --> 00:35:44.492 I felt like it's always been

NOTE Confidence: 0.9298276

00:35:44.492 --> 00:35:45.428 a supportive environment.

NOTE Confidence: 0.9298276

00:35:45.430 --> 00:35:47.404 I personally really do like and

NOTE Confidence: 0.9298276

00:35:47.404 --> 00:35:49.470 I've done this myself as a senior

NOTE Confidence: 0.9298276

00:35:49.470 --> 00:35:51.670 where I just kind of we just kind

NOTE Confidence: 0.9298276

00:35:51.670 --> 00:35:54.008 of they fell right after the event

NOTE Confidence: 0.9298276

00:35:54.008 --> 00:35:55.820 or even when everybody's together

NOTE Confidence: 0.9298276

00:35:55.820 --> 00:35:57.715 the following morning before round

NOTE Confidence: 0.9298276

00:35:57.715 --> 00:36:00.526 just take a moment and just have

NOTE Confidence: 0.9298276

00:36:00.526 --> 00:36:03.470 a discussion just stop.

NOTE Confidence: 0.9298276

00:36:03.470 --> 00:36:05.546 Have everyone express how they feel

NOTE Confidence: 0.9298276

00:36:05.546 --> 00:36:08.450 about something that how things

NOTE Confidence: 0.9298276

00:36:08.450 --> 00:36:12.494 went down and kind of just have a

NOTE Confidence: 0.9298276

00:36:12.494 --> 00:36:13.950 conversation and really dedicate

NOTE Confidence: 0.9298276

00:36:14.024 --> 00:36:15.974 time to that before just brushing

NOTE Confidence: 0.9298276

00:36:15.974 --> 00:36:18.260 it under the rug and moving on.

NOTE Confidence: 0.9298276

00:36:18.260 --> 00:36:20.460 And I feel like I've been in that

NOTE Confidence: 0.9298276

00:36:20.460 --> 00:36:21.892 situation several times where we

NOTE Confidence: 0.9298276

00:36:21.892 --> 00:36:23.817 just had that conversation as a team

NOTE Confidence: 0.9298276

00:36:23.820 --> 00:36:25.612 and I've never in my own moments

NOTE Confidence: 0.9298276

00:36:25.612 --> 00:36:27.133 of making mistakes you're seeing

NOTE Confidence: 0.9298276

00:36:27.133 --> 00:36:28.537 someone else making mistake.

NOTE Confidence: 0.9298276

00:36:28.540 --> 00:36:30.235 I've never seen something where

NOTE Confidence: 0.9298276

00:36:30.235 --> 00:36:31.930 we've been particularly felt like

NOTE Confidence: 0.9298276

00:36:31.983 --> 00:36:34.113 they're negatives only positives and

NOTE Confidence: 0.9298276

00:36:34.113 --> 00:36:35.698 constructive criticism of feedback.

NOTE Confidence: 0.93598354

00:36:37.460 --> 00:36:39.500 You know, it's it's such a

NOTE Confidence: 0.93598354

00:36:39.500 --> 00:36:40.523 great question, Abhijit.

NOTE Confidence: 0.93598354

00:36:40.523 --> 00:36:43.267 And we feel very strongly that you can't

NOTE Confidence: 0.93598354

00:36:43.267 --> 00:36:45.452 have a functioning training environment

NOTE Confidence: 0.93598354

00:36:45.452 --> 00:36:48.160 where people can't feel like it's not

NOTE Confidence: 0.93598354

00:36:48.160 --> 00:36:49.735 possible to make a mistake, right.

NOTE Confidence: 0.93598354

00:36:49.735 --> 00:36:52.360 You know, it's going to happen and

NOTE Confidence: 0.93598354

00:36:52.360 --> 00:36:53.739 our approach has to be we take

NOTE Confidence: 0.93598354

00:36:53.739 --> 00:36:54.999 it seriously but not personally.

NOTE Confidence: 0.93598354

00:36:55.000 --> 00:36:56.328 What have we learned?

NOTE Confidence: 0.93598354

00:36:56.328 --> 00:36:58.320 The other thing actually is Jeff

NOTE Confidence: 0.93598354

00:36:58.382 --> 00:37:00.224 as a Director of Wellness develop

NOTE Confidence: 0.93598354

00:37:00.224 --> 00:37:01.440 used some best practices,

NOTE Confidence: 0.93598354

00:37:01.440 --> 00:37:04.292 develop a critical instant

NOTE Confidence: 0.93598354

00:37:04.292 --> 00:37:05.304 debriefing process.

NOTE Confidence: 0.93598354

00:37:05.304 --> 00:37:07.279 So Jeff, did you want to speak to that?

NOTE Confidence: 0.93598354

00:37:07.280 --> 00:37:08.715 I think that's actually been very effective.

NOTE Confidence: 0.93598354

00:37:08.720 --> 00:37:09.560 We could use it more,

NOTE Confidence: 0.93598354

00:37:09.560 --> 00:37:10.936 but it's been effective.

NOTE Confidence: 0.93598354

00:37:10.936 --> 00:37:11.280 Yeah.

NOTE Confidence: 0.93598354

00:37:11.280 --> 00:37:12.240 It's, it's basically

NOTE Confidence: 0.9359444

00:37:12.240 --> 00:37:13.540 a formalized version of what

NOTE Confidence: 0.9359444

00:37:13.540 --> 00:37:14.840 Isak was talking about with,

NOTE Confidence: 0.9359444

00:37:14.840 --> 00:37:17.578 which is an opportunity to get together

NOTE Confidence: 0.9359444

00:37:17.578 --> 00:37:20.112 with anyone involved in a significant event.

NOTE Confidence: 0.9359444

00:37:20.112 --> 00:37:23.560 And that could be a bad patient outcome,

NOTE Confidence: 0.9359444

00:37:23.560 --> 00:37:24.976 a tough family interaction,

NOTE Confidence: 0.9359444

00:37:24.976 --> 00:37:28.240 you know, medical error,

NOTE Confidence: 0.9359444

00:37:28.240 --> 00:37:29.860 anything that really pushes you

NOTE Confidence: 0.9359444

00:37:29.860 --> 00:37:31.360 beyond your coping mechanisms.

NOTE Confidence: 0.9359444

00:37:31.360 --> 00:37:34.080 And so it's an opportunity to get together

NOTE Confidence: 0.9359444

00:37:34.080 --> 00:37:36.566 and formally debrief the experience,

NOTE Confidence: 0.9359444

00:37:36.566 --> 00:37:39.100 unpack some of the emotions around it

NOTE Confidence: 0.9359444

00:37:39.169 --> 00:37:41.429 and normalize what everybody's feeling

NOTE Confidence: 0.9359444

00:37:41.430 --> 00:37:43.410 and make sure people have connections

NOTE Confidence: 0.9359444

00:37:43.410 --> 00:37:46.110 to the support that they need to move

NOTE Confidence: 0.9359444

00:37:46.110 --> 00:37:48.510 on and learn from these experiences.

NOTE Confidence: 0.9359444

00:37:48.510 --> 00:37:50.190 So I agree it's something we

NOTE Confidence: 0.9359444

00:37:50.190 --> 00:37:51.296 can always do more of,

NOTE Confidence: 0.9359444

00:37:51.296 --> 00:37:53.107 but in the instances that I have done it,

NOTE Confidence: 0.9359444

00:37:53.110 --> 00:37:53.430 I found

NOTE Confidence: 0.9333349

00:37:53.430 --> 00:37:54.108 it really effective.

NOTE Confidence: 0.9333349

00:37:56.710 --> 00:37:59.430 And I will also say that

NOTE Confidence: 0.9333349

00:37:59.430 --> 00:38:02.188 Doctor Dooley also helps us out was

NOTE Confidence: 0.9333349

00:38:02.190 --> 00:38:04.150 particularly this is not necessarily

NOTE Confidence: 0.9333349

00:38:04.150 --> 00:38:06.110 fully related to that scenario.

NOTE Confidence: 0.9333349

00:38:06.110 --> 00:38:08.180 But in general with Wellness kind

NOTE Confidence: 0.9333349

00:38:08.180 --> 00:38:10.560 of we've had these brainstorming,

NOTE Confidence: 0.9333349

00:38:10.560 --> 00:38:13.968 brainstorming sessions where this is a

NOTE Confidence: 0.9333349

00:38:13.968 --> 00:38:17.090 confidential safe space where it's just

NOTE Confidence: 0.9333349

00:38:17.090 --> 00:38:19.592 you and your class and Doctor Dillon,

NOTE Confidence: 0.9333349

00:38:19.592 --> 00:38:21.960 it's just a chance to for having events

NOTE Confidence: 0.9324541

00:38:24.160 --> 00:38:25.600 get together as a class

NOTE Confidence: 0.9324541

00:38:25.600 --> 00:38:26.752 and discuss any problems,

NOTE Confidence: 0.9324541

00:38:26.760 --> 00:38:28.324 any good things etcetera.

NOTE Confidence: 0.9324541

00:38:28.324 --> 00:38:30.670 Just have that conversation in that

NOTE Confidence: 0.9324541

00:38:30.737 --> 00:38:32.615 safe space which we've have had

NOTE Confidence: 0.9324541

00:38:32.615 --> 00:38:34.346 many kind of beneficial sessions,

NOTE Confidence: 0.9324541

00:38:34.346 --> 00:38:37.097 I feel like and many people have

NOTE Confidence: 0.9324541

00:38:37.100 --> 00:38:40.376 reported some positive outcomes from that.

NOTE Confidence: 0.9324541

00:38:40.380 --> 00:38:42.160 And then there's always within

NOTE Confidence: 0.9324541

00:38:42.160 --> 00:38:43.940 the hospital itself kind of

NOTE Confidence: 0.9324541

00:38:44.006 --> 00:38:45.881 anonymous kind of mechanism for

NOTE Confidence: 0.9324541

00:38:45.881 --> 00:38:47.940 reporting if there's any sort of

NOTE Confidence: 0.94099206

00:38:50.620 --> 00:38:52.576 any sort of issue that arises,

NOTE Confidence: 0.94099206

00:38:52.580 --> 00:38:54.760 whether that's with any sort

NOTE Confidence: 0.94099206

00:38:54.760 --> 00:38:56.940 of member within the hospital,

NOTE Confidence: 0.94099206

00:38:56.940 --> 00:38:58.371 different teams etcetera,

NOTE Confidence: 0.94099206

00:38:58.371 --> 00:39:01.233 where you wanted to report something

NOTE Confidence: 0.94099206

00:39:01.240 --> 00:39:03.224 that can be done and it will go

NOTE Confidence: 0.94099206

00:39:03.224 --> 00:39:05.608 to the respective programs and

NOTE Confidence: 0.94099206

00:39:05.608 --> 00:39:08.528 their faculty to hopefully produce

NOTE Confidence: 0.94099206

00:39:08.528 --> 00:39:10.850 outcomes following that or at

NOTE Confidence: 0.94099206

00:39:10.850 --> 00:39:12.275 least be reported and recognized.

NOTE Confidence: 0.94099206

00:39:12.280 --> 00:39:14.680 So there are many mechanisms

NOTE Confidence: 0.94099206

00:39:14.680 --> 00:39:17.372 that are in place and I think we

NOTE Confidence: 0.94099206

00:39:17.372 --> 00:39:19.257 kind of do a good job and trying

NOTE Confidence: 0.94099206

00:39:19.257 --> 00:39:20.605 to maintain positive attitudes

NOTE Confidence: 0.94099206

00:39:20.605 --> 00:39:22.080 around and all those. All

NOTE Confidence: 0.9363885

00:39:24.200 --> 00:39:26.710 right, Betty, I hope I'm

NOTE Confidence: 0.9363885

00:39:26.710 --> 00:39:27.470 pronouncing your name right.

NOTE Confidence: 0.9363885

00:39:27.470 --> 00:39:28.580 I'm just going to address a

NOTE Confidence: 0.9363885

00:39:28.580 --> 00:39:29.685 question in the chat and then

NOTE Confidence: 0.9363885

00:39:29.685 --> 00:39:30.663 and then I'll let you go.

NOTE Confidence: 0.9363885

00:39:30.670 --> 00:39:36.606 So Omar asked about the reserved

NOTE Confidence: 0.9363885

00:39:36.606 --> 00:39:39.870 for a physician position at Eras.

NOTE Confidence: 0.9363885

00:39:39.870 --> 00:39:41.390 Feel free to apply for that if you

NOTE Confidence: 0.9363885

00:39:41.390 --> 00:39:42.670 already have preliminary training.

NOTE Confidence: 0.9363885

00:39:42.670 --> 00:39:44.535 So either a transitional year

NOTE Confidence: 0.9363885

00:39:44.535 --> 00:39:46.027 or a prelim year.

NOTE Confidence: 0.9307014

00:39:48.110 --> 00:39:50.108 Currently, we don't have positions open,

NOTE Confidence: 0.9307014

00:39:50.110 --> 00:39:51.278 but that may change.

NOTE Confidence: 0.9307014

00:39:51.278 --> 00:39:53.496 So we are opening that for people

NOTE Confidence: 0.9307014

00:39:53.496 --> 00:39:55.466 who are interested in applying.

NOTE Confidence: 0.9307014

00:39:55.470 --> 00:39:58.238 You can reach out to me directly with

NOTE Confidence: 0.9307014

00:39:58.238 --> 00:40:02.270 questions, but that that would be for

NOTE Confidence: 0.9307014

00:40:02.270 --> 00:40:04.779 somebody starting in P GY2 in 2024.

NOTE Confidence: 0.9307014

00:40:04.779 --> 00:40:07.113 So most people applying for the

NOTE Confidence: 0.9307014

00:40:07.113 --> 00:40:09.414 regular match would be P GY2 in 2025,

NOTE Confidence: 0.9307014

00:40:09.414 --> 00:40:10.934 right And then the prelim

NOTE Confidence: 0.9307014

00:40:10.934 --> 00:40:12.150 year the year before.

NOTE Confidence: 0.9307014

00:40:12.150 --> 00:40:14.510 But if you already have prelim year training,

NOTE Confidence: 0.9307014

00:40:14.510 --> 00:40:16.148 feel free to apply to that.

NOTE Confidence: 0.9307014

00:40:16.150 --> 00:40:18.070 I can't give you more details right now,

NOTE Confidence: 0.9307014

00:40:18.070 --> 00:40:19.546 but we wanted to have that open in Airas.

NOTE Confidence: 0.9307014

00:40:19.550 --> 00:40:21.070 So if you have applied

NOTE Confidence: 0.9307014

00:40:21.070 --> 00:40:21.950 and if you want question.

NOTE Confidence: 0.9307014

00:40:21.950 --> 00:40:23.294 If you have questions,

NOTE Confidence: 0.9307014

00:40:23.294 --> 00:40:25.310 you can reach out an e-mail.

NOTE Confidence: 0.9307014

00:40:25.310 --> 00:40:29.030 So, Etty, go ahead.

NOTE Confidence: 0.9307014

00:40:29.030 --> 00:40:29.390 Yeah,

NOTE Confidence: 0.9179133

00:40:30.310 --> 00:40:33.550 you're spelling that right.

NOTE Confidence: 0.9179133

00:40:33.550 --> 00:40:36.830 So thank you so much for this meeting.

NOTE Confidence: 0.9179133

00:40:36.830 --> 00:40:39.266 I met M and IMG from Albania,

NOTE Confidence: 0.9179133

00:40:39.270 --> 00:40:40.920 currently an Associate Research Scientist

NOTE Confidence: 0.9179133

00:40:40.920 --> 00:40:43.029 here at Columbia University in New York.

NOTE Confidence: 0.9383547

00:40:43.560 --> 00:40:44.720 At the stroke department,

NOTE Confidence: 0.9383547

00:40:45.280 --> 00:40:46.848 as someone interested in

NOTE Confidence: 0.9383547

00:40:46.848 --> 00:40:48.200 vascular, I just wanted to

NOTE Confidence: 0.9383547

00:40:48.200 --> 00:40:50.620 ask, how much exposure do

NOTE Confidence: 0.9383547

00:40:50.620 --> 00:40:53.119 the residents have to DSA or

NOTE Confidence: 0.9383547

00:40:53.120 --> 00:40:54.800 the INR suite during their

NOTE Confidence: 0.9383547

00:40:54.800 --> 00:40:57.280 general Neurology residency here?

NOTE Confidence: 0.9383547

00:40:57.720 --> 00:40:59.544 Oh yeah, barely any.

NOTE Confidence: 0.9383547

00:40:59.544 --> 00:41:00.678 No, I'm just kidding.

NOTE Confidence: 0.9383547

00:41:00.678 --> 00:41:01.356 I'm just kidding.

NOTE Confidence: 0.9383547

00:41:01.360 --> 00:41:03.240 It's quite the opposite.

NOTE Confidence: 0.9383547

00:41:03.240 --> 00:41:06.144 So any thoughts about our exposure

NOTE Confidence: 0.9383547

00:41:06.144 --> 00:41:09.320 to especially in the acute setting

NOTE Confidence: 0.9383547

00:41:09.320 --> 00:41:12.930 to treating patients with advanced

NOTE Confidence: 0.9383547

00:41:12.930 --> 00:41:14.450 treatments for acute stroke,

NOTE Confidence: 0.9383547

00:41:14.450 --> 00:41:15.968 any any questions about that residence

NOTE Confidence: 0.9370611

00:41:17.530 --> 00:41:20.154 as the stroke, as the stroke senior right

NOTE Confidence: 0.9370611

00:41:20.154 --> 00:41:23.270 now I would have to say that we get a lot

NOTE Confidence: 0.9370611

00:41:23.270 --> 00:41:26.710 of exposure to stroke patients both as

NOTE Confidence: 0.9370611

73

00:41:26.710 --> 00:41:30.103 the stroke code responder to the patients

NOTE Confidence: 0.9370611

00:41:30.103 --> 00:41:32.209 who present with a possible stroke.

NOTE Confidence: 0.9370611

00:41:32.210 --> 00:41:33.848 You know, as you're on consults,

NOTE Confidence: 0.9370611

00:41:33.850 --> 00:41:36.526 you see a lot of that across the board.

NOTE Confidence: 0.9370611

00:41:36.526 --> 00:41:40.194 I think our volume here at Yale sort of

NOTE Confidence: 0.9370611

00:41:40.194 --> 00:41:42.938 is more in comparison than some other

NOTE Confidence: 0.9370611

00:41:42.938 --> 00:41:45.477 centers in the state of Connecticut.

NOTE Confidence: 0.9370611

00:41:45.480 --> 00:41:49.056 And then in terms of shared decision making

NOTE Confidence: 0.9370611

00:41:49.056 --> 00:41:52.279 between us and endovascular neurology,

NOTE Confidence: 0.9370611

00:41:52.280 --> 00:41:54.068 there's a lot of crosstalk back

NOTE Confidence: 0.9370611

00:41:54.068 --> 00:41:56.239 and forth about sort of is this a

NOTE Confidence: 0.9370611

00:41:56.239 --> 00:41:58.780 patient going to be a candidate for

NOTE Confidence: 0.9370611

00:41:58.780 --> 00:42:02.140 thrombectomy or not And then you wheel

NOTE Confidence: 0.9370611

00:42:02.140 --> 00:42:05.675 the patients up to the endovascular

NOTE Confidence: 0.9370611

00:42:05.675 --> 00:42:08.510 suite and if you're not busy,

NOTE Confidence: 0.9370611

00:42:08.510 --> 00:42:11.264 you're welcome to stay And you know take a

NOTE Confidence: 0.9370611

00:42:11.264 --> 00:42:14.107 look at the procedure and all those things.

NOTE Confidence: 0.9370611

00:42:14.110 --> 00:42:16.772 I believe there may be opportunities for

NOTE Confidence: 0.9370611

00:42:16.772 --> 00:42:19.100 elective time specifically dedicated

NOTE Confidence: 0.9370611

00:42:19.100 --> 00:42:22.580 for that as well specifically more

NOTE Confidence: 0.9370611

00:42:22.580 --> 00:42:26.666 like the DSA side of things if you

NOTE Confidence: 0.9370611

00:42:26.666 --> 00:42:29.710 wanted to sort of go and sort of down,

NOTE Confidence: 0.9370611

00:42:29.710 --> 00:42:30.830 up and do those things.

NOTE Confidence: 0.9370611

00:42:30.830 --> 00:42:34.729 And then generally you know we do

NOTE Confidence: 0.9370611

00:42:34.729 --> 00:42:37.362 spend a good amount of time in the

NOTE Confidence: 0.9370611

00:42:37.362 --> 00:42:39.792 neuro ICU working closely with our

NOTE Confidence: 0.9370611

00:42:39.792 --> 00:42:41.756 neurosurgery colleagues on treating

NOTE Confidence: 0.9370611

00:42:41.756 --> 00:42:44.495 patients who need require Dsa's for

NOTE Confidence: 0.9370611

00:42:44.495 --> 00:42:46.291 other indications like aneurysms

NOTE Confidence: 0.9370611

00:42:46.291 --> 00:42:48.889 and repairs and all those things.

NOTE Confidence: 0.9370611

00:42:48.890 --> 00:42:52.026 And so you will also be taking care

NOTE Confidence: 0.9370611

00:42:52.026 --> 00:42:55.215 of those patients as it's a closed

NOTE Confidence: 0.9370611

00:42:55.215 --> 00:42:57.890 ICU unit for neurology run ICU

NOTE Confidence: 0.9370611

00:42:57.890 --> 00:43:01.274 that you will also make codecisions

NOTE Confidence: 0.9370611

00:43:01.274 --> 00:43:03.530 regarding certain patient populations.

NOTE Confidence: 0.9370611

00:43:03.530 --> 00:43:06.206 So there will be ample opportunity

NOTE Confidence: 0.9370611

00:43:06.206 --> 00:43:07.098 for exposure.

NOTE Confidence: 0.9319725

00:43:11.580 --> 00:43:15.700 Our residents respond to approximately

NOTE Confidence: 0.9319725

00:43:15.700 --> 00:43:18.540 220 stroke alerts a month,

NOTE Confidence: 0.9319725

00:43:18.540 --> 00:43:20.148 something like that,

NOTE Confidence: 0.9319725

00:43:20.148 --> 00:43:24.260 that number and of those I think

NOTE Confidence: 0.9319725

00:43:24.260 --> 00:43:27.300 the average that keeps moving,

NOTE Confidence: 0.9319725

00:43:27.300 --> 00:43:28.776 I don't want to be misquoted,

NOTE Confidence: 0.9319725

00:43:28.780 --> 00:43:33.286 but well over a dozen Tier 2

NOTE Confidence: 0.9319725

00:43:33.286 --> 00:43:35.620 activations a month well over.

NOTE Confidence: 0.9319725

00:43:35.620 --> 00:43:38.810 So this is one of the busiest acute

NOTE Confidence: 0.9319725

00:43:38.810 --> 00:43:40.420 stroke centers that you're going to find.

NOTE Confidence: 0.9351471

00:43:41.380 --> 00:43:42.290 Yeah, I was just going

NOTE Confidence: 0.9351471

00:43:42.290 --> 00:43:43.460 to say I think Yale does.

NOTE Confidence: 0.9351471

00:43:43.460 --> 00:43:44.860 It's upwards of 200 throwing

NOTE Confidence: 0.9351471

00:43:44.860 --> 00:43:47.100 back to me a year and I would

NOTE Confidence: 0.9351471

00:43:47.100 --> 00:43:48.664 say like the average like for

NOTE Confidence: 0.9351471

00:43:48.664 --> 00:43:50.218 the for hospital like 20 a year.

NOTE Confidence: 0.9351471

00:43:50.220 --> 00:43:51.426 So it's a very high volume

NOTE Confidence: 0.9351471

00:43:51.426 --> 00:43:52.620 from back to me center.

NOTE Confidence: 0.9351471

00:43:56.500 --> 00:43:57.700 It's more often than not there'll

NOTE Confidence: 0.9351471

00:43:57.700 --> 00:43:59.360 be a thrown back to me case when

NOTE Confidence: 0.9351471

00:43:59.360 --> 00:44:01.650 you're on call basically, right.

NOTE Confidence: 0.9351471

00:44:01.650 --> 00:44:03.905 So and and and balance with

NOTE Confidence: 0.9351471

00:44:03.905 --> 00:44:05.373 that is a lot of support, right.

NOTE Confidence: 0.9351471

00:44:05.373 --> 00:44:07.038 We have stroke nurse navigators

NOTE Confidence: 0.9351471

00:44:07.040 --> 00:44:10.274 who do a lot of the work for that.

NOTE Confidence: 0.9351471

00:44:10.274 --> 00:44:12.500 We're now doing TNK which can be

NOTE Confidence: 0.9351471

00:44:12.568 --> 00:44:15.232 pushed by nurses doesn't require any

NOTE Confidence: 0.9351471

00:44:15.232 --> 00:44:18.224 premixing is given in a single bolus

NOTE Confidence: 0.9351471

00:44:18.224 --> 00:44:20.920 rather than the infusion afterwards.

NOTE Confidence: 0.9351471

00:44:20.920 --> 00:44:22.670 We have a telestroke programs

NOTE Confidence: 0.9351471

00:44:22.670 --> 00:44:23.720 for outlying hospitals.

NOTE Confidence: 0.9351471

00:44:23.720 --> 00:44:25.160 Our residents are not involved in

NOTE Confidence: 0.9351471

00:44:25.160 --> 00:44:27.120 that but could be on an elected basis.

NOTE Confidence: 0.9351471

00:44:27.120 --> 00:44:29.280 Our fellows are our stroke fellows

NOTE Confidence: 0.9351471

00:44:29.280 --> 00:44:32.812 and we have very advanced and

NOTE Confidence: 0.9351471

00:44:32.812 --> 00:44:34.300 thoughtful processes for basically

NOTE Confidence: 0.9351471

00:44:34.300 --> 00:44:36.160 every aspect of vascular neurology.

NOTE Confidence: 0.9351471

00:44:36.160 --> 00:44:38.985 It's a real strength both

NOTE Confidence: 0.9351471

00:44:38.985 --> 00:44:40.680 academically and clinically.

NOTE Confidence: 0.9351471

00:44:40.680 --> 00:44:42.408 And they honestly the challenges is

NOTE Confidence: 0.9351471

00:44:42.408 --> 00:44:44.848 trying to make the most of those

NOTE Confidence: 0.9351471

00:44:44.848 --> 00:44:46.075 educational opportunities right.

NOTE Confidence: 0.9351471

00:44:46.080 --> 00:44:49.928 About 60% of stroke alerts

NOTE Confidence: 0.9351471

00:44:49.928 --> 00:44:52.280 aren't strokes right in the D,

NOTE Confidence: 0.9351471

00:44:52.280 --> 00:44:54.359 95% aren't strokes in the inpatient setting.

NOTE Confidence: 0.9351471

00:44:54.360 --> 00:44:55.670 That's across the nation and

NOTE Confidence: 0.9351471

00:44:55.670 --> 00:44:56.718 it's true at Yale.

NOTE Confidence: 0.9351471

00:44:56.720 --> 00:44:58.848 So we have to make sure that we're

NOTE Confidence: 0.9351471

00:44:58.848 --> 00:45:00.703 creative about how to deal with that

NOTE Confidence: 0.9351471

00:45:00.703 --> 00:45:02.510 volume and still make it educational.

NOTE Confidence: 0.9351471

00:45:02.510 --> 00:45:04.190 We lots of thoughts about that.

NOTE Confidence: 0.9351471

00:45:04.190 --> 00:45:05.910 I could talk about EDLIN,

NOTE Confidence: 0.93117315

00:45:08.150 --> 00:45:09.662 any other questions?

NOTE Confidence: 0.93117315

00:45:09.662 --> 00:45:12.470 Let's see what is the value?

NOTE Confidence: 0.93117315

00:45:12.470 --> 00:45:14.468 Yeah, what is the value of

NOTE Confidence: 0.93117315

00:45:14.468 --> 00:45:16.878 signaling and eras for the Yale

NOTE Confidence: 0.93117315

00:45:16.878 --> 00:45:18.387 Neurology Residency program.

NOTE Confidence: 0.93117315

00:45:18.390 --> 00:45:21.360 So this is so for those who don't know,

NOTE Confidence: 0.93117315

00:45:21.360 --> 00:45:22.950 I guess all the applicants do,

NOTE Confidence: 0.93117315

00:45:22.950 --> 00:45:27.209 but and I see Yang and Laura and

NOTE Confidence: 0.93117315

00:45:27.209 --> 00:45:29.963 Sam smiling there because they went

NOTE Confidence: 0.93117315

00:45:29.963 --> 00:45:32.110 through singling signaling last year.

NOTE Confidence: 0.93117315

00:45:32.110 --> 00:45:34.290 I'll actually tell you,

NOTE Confidence: 0.93117315

00:45:34.290 --> 00:45:38.390 it honestly wasn't on our end.

NOTE Confidence: 0.93117315

00:45:38.390 --> 00:45:40.889 I think we picked the people for

NOTE Confidence: 0.93117315

00:45:40.889 --> 00:45:42.832 interviews that we would have

NOTE Confidence: 0.93117315

00:45:42.832 --> 00:45:44.990 picked just to be entirely honest.

NOTE Confidence: 0.93117315

00:45:44.990 --> 00:45:46.268 I mean it's nice to know,

NOTE Confidence: 0.93117315

00:45:46.270 --> 00:45:48.844 you know around the margins if

NOTE Confidence: 0.93117315

00:45:48.844 --> 00:45:51.054 somebody's from a different geographical

NOTE Confidence: 0.93117315

00:45:51.054 --> 00:45:53.838 error area or if it's unclear if

NOTE Confidence: 0.93117315

00:45:53.838 --> 00:45:55.214 somebody's really serious about

NOTE Confidence: 0.93117315

00:45:55.214 --> 00:45:57.189 the program or things like that,

NOTE Confidence: 0.93117315

00:45:57.190 --> 00:45:58.462 that was helpful.

NOTE Confidence: 0.93117315

00:45:58.462 --> 00:45:59.310 You know,

NOTE Confidence: 0.93117315

00:45:59.310 --> 00:46:01.572 it was that was information we

NOTE Confidence: 0.93117315

00:46:01.572 --> 00:46:03.489 sometimes received other ways and

NOTE Confidence: 0.93117315

00:46:03.489 --> 00:46:06.225 personal statements or or that sort of thing.

NOTE Confidence: 0.93117315

00:46:06.230 --> 00:46:08.790 It's it's not like that we do holistic

NOTE Confidence: 0.93117315

00:46:08.790 --> 00:46:09.910 review, it's not the big thing.

NOTE Confidence: 0.93117315

00:46:09.910 --> 00:46:12.790 So we look at that signaling.

NOTE Confidence: 0.93117315

00:46:12.790 --> 00:46:13.610 There was an option,

NOTE Confidence: 0.93117315

00:46:13.610 --> 00:46:15.393 I don't know if it'll be for this

NOTE Confidence: 0.93117315

00:46:15.393 --> 00:46:16.899 year for people to actually elaborate

NOTE Confidence: 0.93117315

00:46:16.899 --> 00:46:18.590 on their geographical preferences,

NOTE Confidence: 0.93117315

00:46:18.590 --> 00:46:20.012 you know, with a little sentence

NOTE Confidence: 0.93117315

00:46:20.012 --> 00:46:21.469 or two or something like that.

NOTE Confidence: 0.93117315

00:46:21.470 --> 00:46:22.750 Sometimes that was useful,

NOTE Confidence: 0.93117315

00:46:22.750 --> 00:46:24.030 you know to understand.

NOTE Confidence: 0.93117315

00:46:24.030 --> 00:46:26.340 And the goal is we want obviously

NOTE Confidence: 0.93117315

00:46:26.340 --> 00:46:28.790 the best residents we can recruit,

NOTE Confidence: 0.93117315

00:46:28.790 --> 00:46:30.788 which we are very successful with,

NOTE Confidence: 0.93117315

00:46:30.790 --> 00:46:32.775 which I'm very happy about and

NOTE Confidence: 0.93117315

00:46:32.775 --> 00:46:35.470 we want people to be happy here.

NOTE Confidence: 0.93117315

00:46:35.470 --> 00:46:38.110 And so if the signaling indicates

NOTE Confidence: 0.93117315

00:46:38.110 --> 00:46:39.870 that somebody's very enthusiastic,

NOTE Confidence: 0.93117315

00:46:39.870 --> 00:46:40.910 then I suppose it helps,

NOTE Confidence: 0.93117315

00:46:40.910 --> 00:46:42.850 but it's not central.

NOTE Confidence: 0.93117315

00:46:42.850 --> 00:46:44.790 But we're we're still,

NOTE Confidence: 0.93117315

00:46:44.790 --> 00:46:47.310 we're still learning that process and

NOTE Confidence: 0.93117315

00:46:47.310 --> 00:46:48.990 I don't think it's changed this year.

NOTE Confidence: 0.93117315

00:46:48.990 --> 00:46:50.022 The applicants will have to tell

NOTE Confidence: 0.93117315

00:46:50.022 --> 00:46:52.432 me is it 3 signals, is that right?

NOTE Confidence: 0.93117315

00:46:52.432 --> 00:46:54.248 Is it still three?

NOTE Confidence: 0.93117315

00:46:54.250 --> 00:46:56.290 And then you can call it graphical

NOTE Confidence: 0.93117315

00:46:56.290 --> 00:46:58.690 areas and things like that.

NOTE Confidence: 0.93117315

00:46:58.690 --> 00:47:00.738 Yeah, that's right. Yeah.

NOTE Confidence: 0.93117315

00:47:00.738 --> 00:47:02.810 So, you know, don't sweat it.

NOTE Confidence: 0.93117315

00:47:02.810 --> 00:47:04.640 Lots of people who didn't signal

NOTE Confidence: 0.93117315

00:47:04.640 --> 00:47:05.250 got interviewed.

NOTE Confidence: 0.93117315

00:47:05.250 --> 00:47:06.210 You know,

NOTE Confidence: 0.93117315

00:47:06.210 --> 00:47:08.130 like it's lots of,

NOTE Confidence: 0.93117315

00:47:08.130 --> 00:47:09.362 I don't know what the numbers were

NOTE Confidence: 0.93117315

00:47:09.362 --> 00:47:10.530 in terms of people who signaled

NOTE Confidence: 0.93117315

00:47:10.530 --> 00:47:11.730 or not who matched with us.

NOTE Confidence: 0.93117315

00:47:11.730 --> 00:47:13.440 I actually didn't even bother

NOTE Confidence: 0.93117315

00:47:13.440 --> 00:47:15.305 to look at that and go back.

NOTE Confidence: 0.93117315

00:47:15.305 --> 00:47:15.965 I suppose I should.

NOTE Confidence: 0.92586744

00:47:19.530 --> 00:47:22.296 So that's my wishy washy answer.

NOTE Confidence: 0.92586744

00:47:22.300 --> 00:47:23.616 We're still, it's the world of signal.

NOTE Confidence: 0.92586744

00:47:23.620 --> 00:47:24.460 This is a new thing.

NOTE Confidence: 0.92586744

00:47:24.460 --> 00:47:27.740 I still don't totally understand.

NOTE Confidence: 0.92586744

00:47:27.740 --> 00:47:29.936 All right, Victor, you're up next.

NOTE Confidence: 0.93505526

00:47:30.940 --> 00:47:33.948 Hi. Hi. I want to hear from

NOTE Confidence: 0.93505526

00:47:33.948 --> 00:47:35.260 the residents about their

NOTE Confidence: 0.93505526

00:47:35.328 --> 00:47:36.880 experiences with the clinic

NOTE Confidence: 0.93505526

00:47:36.880 --> 00:47:39.208 blocks and what kinds of super

NOTE Confidence: 0.93505526

00:47:39.278 --> 00:47:41.418 specialty clinics are available.

NOTE Confidence: 0.93505526

00:47:43.020 --> 00:47:43.698 Good, good one.

NOTE Confidence: 0.93505526

00:47:48.180 --> 00:47:51.220 I like the X + Y model.

NOTE Confidence: 0.93200237

00:47:51.220 --> 00:47:53.852 You'll see across the board there's like the

NOTE Confidence: 0.93200237

00:47:53.852 --> 00:47:55.896 continuity clinic you can get at each week.

NOTE Confidence: 0.93200237

00:47:55.900 --> 00:47:58.294 But for me it works well because

NOTE Confidence: 0.93200237

00:47:58.294 --> 00:47:59.659 you're just on clinic that week.

NOTE Confidence: 0.93200237

00:47:59.660 --> 00:48:04.224 And I think for about 95% of those

NOTE Confidence: 0.93200237

00:48:04.224 --> 00:48:06.660 weeks you also get the weekend off.

NOTE Confidence: 0.93200237

00:48:06.660 --> 00:48:09.670 And so it's nice to just be in the clinic

NOTE Confidence: 0.93200237

00:48:09.747 --> 00:48:14.060 setting for that week and then you get one,

NOTE Confidence: 0.93200237

00:48:14.060 --> 00:48:18.586 three to four half days to get some

NOTE Confidence: 0.93200237

00:48:18.586 --> 00:48:21.680 specialty clinic during that time along

NOTE Confidence: 0.93200237

00:48:21.680 --> 00:48:25.080 with three afternoons of continuity

NOTE Confidence: 0.93200237

00:48:25.080 --> 00:48:28.480 clinic as well and then another I think

NOTE Confidence: 0.93200237

00:48:28.480 --> 00:48:30.240 morning half day of continuity clinic.

NOTE Confidence: 0.93200237

00:48:30.240 --> 00:48:33.194 So there's a wide range of options.

NOTE Confidence: 0.93200237

00:48:33.200 --> 00:48:37.460 We kind of signal our preferences for which

NOTE Confidence: 0.93200237

00:48:37.460 --> 00:48:40.720 subspecialty clinics we do each clinic block.

NOTE Confidence: 0.93200237

00:48:40.720 --> 00:48:44.248 So you'll you'll do you know two to three

NOTE Confidence: 0.93200237

00:48:44.248 --> 00:48:47.090 different subspecialty clinics each quarter,

NOTE Confidence: 0.93200237

00:48:47.090 --> 00:48:50.142 so like six months, I'm sorry half year,

NOTE Confidence: 0.93200237

00:48:50.142 --> 00:48:55.110 six months and then you will be able to

NOTE Confidence: 0.93200237

00:48:55.110 --> 00:48:57.938 attend those clinics and have some choices

NOTE Confidence: 0.93200237

00:48:57.938 --> 00:48:59.650 in terms of different attendings as well.

NOTE Confidence: 0.93200237

00:48:59.650 --> 00:49:04.482 So for example, right now I'm on neuro opto,

NOTE Confidence: 0.93200237

00:49:04.482 --> 00:49:08.022 neuro immunology and the neuro

NOTE Confidence: 0.93200237

00:49:08.022 --> 00:49:11.154 oncology for my clinic preferences.

NOTE Confidence: 0.93200237

00:49:11.154 --> 00:49:14.090 And so you know we have,

NOTE Confidence: 0.93200237

00:49:14.090 --> 00:49:17.889 I think we have most if not

NOTE Confidence: 0.93200237

00:49:17.889 --> 00:49:19.968 all subspecialty neurology.

NOTE Confidence: 0.93200237

00:49:19.970 --> 00:49:23.450 We have neurotology, neuro ophthalmology,

NOTE Confidence: 0.93200237

00:49:23.450 --> 00:49:26.202 neuro, onc, neuromuscular epilepsy,

NOTE Confidence: 0.93200237

00:49:26.202 --> 00:49:28.474 headache, lumbar puncture clinics,

NOTE Confidence: 0.93200237

00:49:28.474 --> 00:49:29.530 injection clinics,

NOTE Confidence: 0.93200237

00:49:29.530 --> 00:49:32.250 movement and Botox clinics

NOTE Confidence: 0.93200237

00:49:32.250 --> 00:49:33.978 and then stroke obviously.

NOTE Confidence: 0.93200237

00:49:33.978 --> 00:49:34.410 And

NOTE Confidence: 0.9417216

00:49:36.490 --> 00:49:37.687 I don't know if I'm missing some,

NOTE Confidence: 0.9417216

00:49:37.690 --> 00:49:39.706 but you know, lots of different

NOTE Confidence: 0.9417216

00:49:39.706 --> 00:49:41.050 things to choose from.

NOTE Confidence: 0.9417216

00:49:41.050 --> 00:49:43.199 Lots of ways to rotate in them,

NOTE Confidence: 0.9417216

00:49:43.200 --> 00:49:45.120 even outside of your scheduled

NOTE Confidence: 0.9417216

00:49:45.120 --> 00:49:47.838 clinic blocks and the elective time.

NOTE Confidence: 0.9417216

00:49:47.840 --> 00:49:49.538 Also, you can spend it entirely

NOTE Confidence: 0.9417216

00:49:49.538 --> 00:49:51.758 inpatient if you are wanting to do that,

NOTE Confidence: 0.9417216

00:49:51.760 --> 00:49:53.600 or entirely outpatient as well.

NOTE Confidence: 0.9261214

00:49:56.320 --> 00:49:57.240 Thank you so much.

NOTE Confidence: 0.9261214

00:49:57.680 --> 00:50:01.130 They all do. All right.

NOTE Confidence: 0.9261214

00:50:01.130 --> 00:50:04.640 Well, I'm very sensitive of time.

NOTE Confidence: 0.9261214

00:50:04.640 --> 00:50:06.075 I saw the top of Muhammad's had.

NOTE Confidence: 0.9261214

00:50:06.080 --> 00:50:07.304 Everybody should give

NOTE Confidence: 0.9261214

00:50:07.304 --> 00:50:09.290 Muhammad a round of applause.

NOTE Confidence: 0.9261214

00:50:09.290 --> 00:50:12.305 It was his first alone day in the

NOTE Confidence: 0.9261214

00:50:12.305 --> 00:50:14.015 emergency department is a P GY2.

NOTE Confidence: 0.9261214

00:50:14.020 --> 00:50:17.490 So it's a big day in a in a young

NOTE Confidence: 0.9261214

00:50:17.490 --> 00:50:19.820 resident's life and everybody's very happy.

NOTE Confidence: 0.9261214

00:50:19.820 --> 00:50:21.380 He he nailed it.

NOTE Confidence: 0.9261214

00:50:21.380 --> 00:50:24.004 He called me to review one of my agents.

NOTE Confidence: 0.9261214

00:50:24.004 --> 00:50:24.340 So it's

NOTE Confidence: 0.92811257

00:50:27.700 --> 00:50:29.326 good. Graduated responsibility

NOTE Confidence: 0.92811257

00:50:29.326 --> 00:50:31.494 is what that's called.

NOTE Confidence: 0.92811257

00:50:34.180 --> 00:50:36.646 Thank you for that lovely day

NOTE Confidence: 0.92811257

00:50:36.646 --> 00:50:38.660 with my best buddy here, Chris.

NOTE Confidence: 0.9101539

00:50:40.430 --> 00:50:41.930 Plus you gave your first

NOTE Confidence: 0.9101539

00:50:41.930 --> 00:50:43.190 T&K the yesterday too.

NOTE Confidence: 0.9101539

00:50:44.590 --> 00:50:47.550 Oh wow, good for him. action-packed.

NOTE Confidence: 0.9101539

00:50:50.630 --> 00:50:54.228 So couple more questions in the chat.

NOTE Confidence: 0.9101539

00:50:54.230 --> 00:50:57.650 I can do one brief. So one of them is.

NOTE Confidence: 0.9101539

00:50:57.650 --> 00:50:59.198 The first one is, is there an option

NOTE Confidence: 0.9101539

00:50:59.198 --> 00:51:00.650 to do part of one's fellowship

NOTE Confidence: 0.9101539

00:51:00.705 --> 00:51:02.190 and folded with the residency?

NOTE Confidence: 0.9101539

00:51:02.190 --> 00:51:03.555 For example, by utilizing elective

NOTE Confidence: 0.9101539

00:51:03.555 --> 00:51:05.430 time of the 3rd and 4th year?

NOTE Confidence: 0.9101539

00:51:06.670 --> 00:51:07.310 I mean there's no,

NOTE Confidence: 0.9316477

00:51:08.150 --> 00:51:09.350 I mean and you can correct me if I'm wrong,

NOTE Confidence: 0.9316477

00:51:09.350 --> 00:51:10.974 doctor. Well there's no it's it's not

NOTE Confidence: 0.9316477

00:51:10.974 --> 00:51:12.815 wouldn't be a formal unfolding of any

NOTE Confidence: 0.9316477

00:51:12.815 --> 00:51:14.465 sort of fellowship into the residency.

NOTE Confidence: 0.9316477

00:51:14.470 --> 00:51:17.669 You can certainly get the training needed.

NOTE Confidence: 0.9316477

00:51:17.670 --> 00:51:19.068 You know what would be recommended

NOTE Confidence: 0.9316477

00:51:19.068 --> 00:51:20.510 by most of those societies.

NOTE Confidence: 0.9316477

00:51:20.510 --> 00:51:23.547 So for instance you're really focused on it.

NOTE Confidence: 0.9316477

00:51:23.547 --> 00:51:25.230 You could probably try to read 500 E G's,

NOTE Confidence: 0.9316477

00:51:25.230 --> 00:51:26.550 which I think is the recommendation,

NOTE Confidence: 0.9316477

00:51:26.550 --> 00:51:27.615 but you would not have

NOTE Confidence: 0.9316477

00:51:27.615 --> 00:51:28.467 like a formal fellowship.

NOTE Confidence: 0.9316477

00:51:28.470 --> 00:51:30.870 Similarly for EMG and nerve conduction

NOTE Confidence: 0.9316477

00:51:30.870 --> 00:51:32.830 studies, I think it's about 200.

NOTE Confidence: 0.9316477

00:51:32.830 --> 00:51:33.670 If you were really diligent

NOTE Confidence: 0.9316477

00:51:33.670 --> 00:51:34.830 about it and went to clinics,

NOTE Confidence: 0.9316477

00:51:34.830 --> 00:51:37.908 you could probably do 200 EM G's hands on,

NOTE Confidence: 0.9316477

00:51:37.910 --> 00:51:39.662 but again it would not be

NOTE Confidence: 0.9316477

00:51:39.662 --> 00:51:40.830 like a formal fellowship.

NOTE Confidence: 0.9316477

00:51:40.830 --> 00:51:41.430 So I think that's what

NOTE Confidence: 0.9316477

00:51:41.430 --> 00:51:42.030 I would say about that.

NOTE Confidence: 0.9316477

00:51:42.030 --> 00:51:44.446 But I know we have EEG and epilepsy

NOTE Confidence: 0.9316477

00:51:44.446 --> 00:51:46.030 and neuromuscular attendance here.

NOTE Confidence: 0.9316477

00:51:46.030 --> 00:51:46.110 So

NOTE Confidence: 0.91177386

00:51:46.870 --> 00:51:49.390 there is there is fairly generous

NOTE Confidence: 0.91177386

00:51:49.390 --> 00:51:52.030 elective time especially when you

NOTE Confidence: 0.91177386

00:51:52.030 --> 00:51:54.034 consider the the clinic block you

NOTE Confidence: 0.91177386

00:51:54.034 --> 00:51:55.629 know and then sort of half of that.

NOTE Confidence: 0.91177386

00:51:55.630 --> 00:51:59.347 So clinic block is 2 months of every year,

NOTE Confidence: 0.91177386

00:51:59.350 --> 00:52:01.704 elective time is sort of 10

NOTE Confidence: 0.91177386

00:52:01.704 --> 00:52:03.108 to 12 weeks of every year.

NOTE Confidence: 0.91177386

00:52:03.110 --> 00:52:04.796 So that's almost a little less

NOTE Confidence: 0.91177386

00:52:04.796 --> 00:52:06.803 than half the year that sort of

NOTE Confidence: 0.91177386

00:52:06.803 --> 00:52:08.453 outpatient or or sort of focused

NOTE Confidence: 0.91177386

00:52:08.453 --> 00:52:10.277 on what you're interested in,

NOTE Confidence: 0.91177386

00:52:10.280 --> 00:52:12.840 in P GY3 and four.

NOTE Confidence: 0.91177386

00:52:12.840 --> 00:52:14.548 And so there's a lot of opportunities

NOTE Confidence: 0.91177386

00:52:14.548 --> 00:52:15.280 to do that.

NOTE Confidence: 0.91177386

00:52:15.280 --> 00:52:16.720 In terms of unfolding fellowships,

NOTE Confidence: 0.91177386

00:52:16.720 --> 00:52:18.526 I know the neurosurgeons do this

NOTE Confidence: 0.91177386

00:52:18.526 --> 00:52:20.920 really hard to do because of most of

NOTE Confidence: 0.91177386

00:52:20.920 --> 00:52:22.232 our fellowships are accredited, right.

NOTE Confidence: 0.91177386

00:52:22.232 --> 00:52:23.798 They said GME or UCNS accredited.

NOTE Confidence: 0.91177386

00:52:23.798 --> 00:52:25.471 And so there's a certain amount of

NOTE Confidence: 0.91177386

00:52:25.471 --> 00:52:27.195 time that has to be spent after

NOTE Confidence: 0.91177386

00:52:27.195 --> 00:52:28.151 residency doing those things.

NOTE Confidence: 0.91177386

00:52:28.160 --> 00:52:29.126 So you know,

NOTE Confidence: 0.91177386

00:52:29.126 --> 00:52:30.736 I suppose in neuromunology or

NOTE Confidence: 0.91177386

00:52:30.736 --> 00:52:32.423 something like that but but you

NOTE Confidence: 0.91177386

00:52:32.423 --> 00:52:34.078 know most of the other fellowships

NOTE Confidence: 0.91177386

00:52:34.078 --> 00:52:35.790 have a specific accreditation

NOTE Confidence: 0.91177386

00:52:35.790 --> 00:52:37.930 standards which are time based.

NOTE Confidence: 0.91177386

00:52:37.930 --> 00:52:39.964 If I'm nerding out on competency

NOTE Confidence: 0.91177386

00:52:39.964 --> 00:52:41.970 versus time based medical education,

NOTE Confidence: 0.91177386

00:52:41.970 --> 00:52:42.316 there is,

NOTE Confidence: 0.91177386

00:52:42.316 --> 00:52:43.008 there is a difference

NOTE Confidence: 0.92025185

00:52:45.650 --> 00:52:48.009 and I think we're out of time.

NOTE Confidence: 0.92025185

00:52:48.010 --> 00:52:50.230 I really want to be

NOTE Confidence: 0.92025185

00:52:50.230 --> 00:52:52.006 sensitive to people's time.

NOTE Confidence: 0.92025185

00:52:52.010 --> 00:52:54.040 But I think JP answered the question

NOTE Confidence: 0.92025185

00:52:54.040 --> 00:52:56.129 about working with residents and fellows.

NOTE Confidence: 0.92025185

00:52:56.130 --> 00:52:58.398 I'll just mention the fact which is

NOTE Confidence: 0.92025185

00:52:58.400 --> 00:53:00.686 usually approximately half of our stroke

NOTE Confidence: 0.92025185

00:53:00.686 --> 00:53:02.880 fellows are our former residents,

NOTE Confidence: 0.92025185

00:53:02.880 --> 00:53:04.356 which I think helps a lot.

NOTE Confidence: 0.92025185

00:53:04.360 --> 00:53:05.680 So they totally get it.

NOTE Confidence: 0.92025185

00:53:05.680 --> 00:53:07.280 It's something like that typically

NOTE Confidence: 0.92025185

00:53:07.280 --> 00:53:09.332 it is this this year for example.

NOTE Confidence: 0.92025185

00:53:09.332 --> 00:53:10.688 So I think that dynamic tends

NOTE Confidence: 0.92025185

00:53:10.688 --> 00:53:11.920 to work out really well.

NOTE Confidence: 0.92973495

00:53:13.000 --> 00:53:15.106 I do just want to touch base a little

NOTE Confidence: 0.92973495

00:53:15.106 --> 00:53:17.277 bit more specifics for that question.

NOTE Confidence: 0.92973495

00:53:17.280 --> 00:53:18.675 I would say ultimately the

NOTE Confidence: 0.92973495

00:53:18.675 --> 00:53:19.512 relationship between residents

NOTE Confidence: 0.92973495

00:53:19.512 --> 00:53:20.960 and fellows with decision making,

NOTE Confidence: 0.92973495

00:53:20.960 --> 00:53:22.480 I think overall it's pretty

NOTE Confidence: 0.92973495

00:53:22.480 --> 00:53:23.696 large and shared decision

NOTE Confidence: 0.92973495

00:53:23.696 --> 00:53:25.319 making in the sense of you know,

NOTE Confidence: 0.92973495

00:53:25.320 --> 00:53:27.708 discussing the patient's case.

NOTE Confidence: 0.92973495

00:53:27.708 --> 00:53:29.499 As JP mentions,

NOTE Confidence: 0.92973495

00:53:29.500 --> 00:53:31.544 you know you're often the first person

NOTE Confidence: 0.92973495

00:53:31.544 --> 00:53:33.658 see or you're here there overnight,

NOTE Confidence: 0.92973495

00:53:33.660 --> 00:53:35.100 you're waking the fellow up,

NOTE Confidence: 0.92973495

00:53:35.100 --> 00:53:35.882 you're providing,

NOTE Confidence: 0.92973495

00:53:35.882 --> 00:53:38.228 you know the overall assessment and

NOTE Confidence: 0.92973495

00:53:38.228 --> 00:53:40.589 kind of the resident will look over

NOTE Confidence: 0.92973495

00:53:40.589 --> 00:53:42.896 the case and make a final decision

NOTE Confidence: 0.92973495

00:53:42.896 --> 00:53:44.700 on with the discussion for attending,

NOTE Confidence: 0.92973495

00:53:44.700 --> 00:53:48.378 especially interventions required.

NOTE Confidence: 0.92973495

00:53:48.380 --> 00:53:50.417 It depends also on the service or

NOTE Confidence: 0.92973495

00:53:50.417 --> 00:53:51.820 stroke like inpatient services,

NOTE Confidence: 0.92973495

00:53:51.820 --> 00:53:54.178 you're working directly with the resident,

NOTE Confidence: 0.92973495

00:53:54.180 --> 00:53:56.150 the fellow on the attending.

NOTE Confidence: 0.92973495

00:53:56.150 --> 00:53:57.430 Ultimately the decision kind

NOTE Confidence: 0.92973495

00:53:57.430 --> 00:53:59.030 of lands in their hands.

NOTE Confidence: 0.92973495

00:53:59.030 --> 00:54:01.109 But I have had plenty of conversations

NOTE Confidence: 0.92973495

00:54:01.109 --> 00:54:03.122 where I've thought one thing that may

NOTE Confidence: 0.92973495

00:54:03.122 --> 00:54:05.190 have opposed what the fellow has thought,

NOTE Confidence: 0.92973495

00:54:05.190 --> 00:54:07.612 we have a conversation and we make

NOTE Confidence: 0.92973495

00:54:07.612 --> 00:54:09.460 a decision ultimately based on kind

NOTE Confidence: 0.92973495

00:54:09.460 --> 00:54:11.682 of thoughts between the attendees.

NOTE Confidence: 0.92973495

00:54:11.682 --> 00:54:14.320 Also do strongly push to have the

NOTE Confidence: 0.92973495

00:54:14.320 --> 00:54:16.814 fellows often kind of take a lead in

NOTE Confidence: 0.92973495

00:54:16.814 --> 00:54:19.003 kind of as a leadership role of the

NOTE Confidence: 0.92973495

00:54:19.003 --> 00:54:21.124 team and often times they may give

NOTE Confidence: 0.92973495

00:54:21.124 --> 00:54:24.646 them a decision over their own attendees.

NOTE Confidence: 0.92973495

00:54:24.650 --> 00:54:29.446 The decision oftentimes can occur even

NOTE Confidence: 0.92973495

00:54:29.446 --> 00:54:32.294 if they kind of have a disagreement on

NOTE Confidence: 0.92973495

00:54:32.294 --> 00:54:35.407 kind of the the specifics or the details.

NOTE Confidence: 0.92973495

00:54:35.410 --> 00:54:38.154 But I think overall you have a lot

NOTE Confidence: 0.92973495

00:54:38.154 --> 00:54:40.338 of independence that are that's given

NOTE Confidence: 0.92973495

00:54:40.338 --> 00:54:45.250 over time and your opinions are valued

NOTE Confidence: 0.92973495

00:54:45.250 --> 00:54:47.050 amongst the fellows in the attendings,

NOTE Confidence: 0.92973495

00:54:47.050 --> 00:54:48.870 especially given that you're often

NOTE Confidence: 0.92973495

00:54:48.870 --> 00:54:51.689 in the first line or the front

NOTE Confidence: 0.92973495

00:54:51.689 --> 00:54:54.355 front line for your assessments and

NOTE Confidence: 0.92973495

00:54:54.355 --> 00:54:56.965 they depend heavily on your your,

NOTE Confidence: 0.92973495

00:54:56.970 --> 00:54:57.690 your thoughts.

NOTE Confidence: 0.9330032

00:55:00.250 --> 00:55:00.570 Well,

NOTE Confidence: 0.9330032

00:55:02.170 --> 00:55:03.850 Mohammed, I think we're going to

NOTE Confidence: 0.9330032

00:55:03.850 --> 00:55:05.774 have to leave it for maybe you

NOTE Confidence: 0.9330032

00:55:05.774 --> 00:55:07.382 could send an e-mail offline or

NOTE Confidence: 0.9330032

00:55:07.382 --> 00:55:08.849 there'll be other opportunities.

NOTE Confidence: 0.9330032

00:55:08.850 --> 00:55:10.370 I'm sure, sorry that we're.

NOTE Confidence: 0.9330032

00:55:10.370 --> 00:55:11.648 I think we're out of time

NOTE Confidence: 0.9330032

00:55:11.648 --> 00:55:12.287 and we're respectful.

NOTE Confidence: 0.9330032

00:55:12.290 --> 00:55:15.554 People have other good houses

NOTE Confidence: 0.9330032

00:55:15.554 --> 00:55:16.770 and things like that. But

NOTE Confidence: 0.92928547

00:55:18.730 --> 00:55:20.650 I just wanted to say something

NOTE Confidence: 0.92928547

00:55:20.650 --> 00:55:21.814 very important, which is

NOTE Confidence: 0.92928547

00:55:21.814 --> 00:55:23.124 that I really love olives.

NOTE Confidence: 0.92928547

00:55:23.850 --> 00:55:25.530 Oh, gosh. Oh, well, yes.

NOTE Confidence: 0.92928547

00:55:25.530 --> 00:55:27.690 I shouldn't have cut you off

NOTE Confidence: 0.92928547

00:55:27.690 --> 00:55:29.370 for that. So yeah, I don't

NOTE Confidence: 0.92928547

00:55:29.370 --> 00:55:30.450 think we'll need an e-mail.

NOTE Confidence: 0.92928547

00:55:31.570 --> 00:55:33.684 Very good. Thank you for clarifying that.

NOTE Confidence: 0.92928547

00:55:33.690 --> 00:55:36.298 That's excellent. So well,

NOTE Confidence: 0.92928547

00:55:36.298 --> 00:55:38.362 it turns out that's Chris put

NOTE Confidence: 0.92928547

00:55:38.362 --> 00:55:40.809 one more in olives column there.

NOTE Confidence: 0.92928547

00:55:40.810 --> 00:55:42.770 So it's, it's still winning.

NOTE Confidence: 0.93386792625

00:55:44.850 --> 00:55:46.374 This was wonderful.

NOTE Confidence: 0.93386792625

00:55:46.374 --> 00:55:48.914 Thanks to everyone for attending.

NOTE Confidence: 0.93386792625

00:55:48.920 --> 00:55:50.474 As it is for our second group,

NOTE Confidence: 0.93386792625

00:55:50.480 --> 00:55:51.720 it's sometimes a smaller group,

NOTE Confidence: 0.93386792625

00:55:51.720 --> 00:55:54.198 but I think it was very active.

NOTE Confidence: 0.93386792625

00:55:54.200 --> 00:55:55.730 And thanks to all our

NOTE Confidence: 0.93386792625

00:55:55.730 --> 00:55:56.954 residents for taking time,

NOTE Confidence: 0.93386792625

00:55:56.960 --> 00:55:58.760 especially those in the resident

NOTE Confidence: 0.93386792625

00:55:58.760 --> 00:56:01.248 room who are busy and those at home

NOTE Confidence: 0.93386792625

00:56:01.248 --> 00:56:02.558 are taking their time afterwards.

NOTE Confidence: 0.93386792625

00:56:02.560 --> 00:56:05.080 And it was really wonderful.

NOTE Confidence: 0.93386792625

00:56:05.080 --> 00:56:07.120 I'm really proud of this group.

NOTE Confidence: 0.93386792625

00:56:07.120 --> 00:56:08.944 So thanks to all of you and good

NOTE Confidence: 0.93386792625

00:56:08.944 --> 00:56:10.999 luck to everybody in the next step.
