WEBVTT

NOTE duration: "00:55:53.8000000"

NOTE recognizability:0.930

NOTE language:en-us

NOTE Confidence: 0.9331664

 $00:00:00.000 \longrightarrow 00:00:01.620$ Well, welcome everyone.

NOTE Confidence: 0.9331664

 $00:00:01.620 \longrightarrow 00:00:04.320$ My name is Jeremy Mohler.

NOTE Confidence: 0.9331664

 $00:00:04.320 \dashrightarrow 00:00:07.876$ I'm the Neurology Residency Director at Yale.

NOTE Confidence: 0.9331664

00:00:07.880 --> 00:00:09.120 Welcome to our open house.

NOTE Confidence: 0.9331664

 $00:00:09.120 \longrightarrow 00:00:12.616$ This is our third annual open house

NOTE Confidence: 0.9331664

 $00{:}00{:}12.616 \dashrightarrow 00{:}00{:}15.280$ because we've been doing this since

NOTE Confidence: 0.9331664

 $00:00:17.360 \longrightarrow 00:00:19.240 \ 20/20/2020$. So wait a minute,

NOTE Confidence: 0.9331664

00:00:19.240 --> 00:00:21.360 4th annual, right, Jeff?

NOTE Confidence: 0.9331664

 $00:00:21.360 \longrightarrow 00:00:22.266$ Alright, yeah, wow.

NOTE Confidence: 0.9331664

00:00:22.266 --> 00:00:24.078 Since the onset of the pandemic,

NOTE Confidence: 0.9331664

 $00:00:24.080 \longrightarrow 00:00:25.016$ and I think it was actually

NOTE Confidence: 0.9331664

 $00:00:25.016 \longrightarrow 00:00:26.118$ one of the best parts of it,

NOTE Confidence: 0.9331664

 $00:00:26.120 \longrightarrow 00:00:28.010$ virtual interviewing to be able

00:00:28.010 --> 00:00:30.236 to introduce you to a program,

NOTE Confidence: 0.9331664

 $00:00:30.236 \longrightarrow 00:00:32.838$ allow you to ask some preliminary questions.

NOTE Confidence: 0.9331664

 $00:00:32.838 \longrightarrow 00:00:36.181$ We have a ton of our neurology residents

NOTE Confidence: 0.9331664

 $00:00:36.181 \longrightarrow 00:00:39.169$ here for representatives from each class.

NOTE Confidence: 0.9331664

 $00:00:39.170 \longrightarrow 00:00:41.690$ And I'm going to give a brief

NOTE Confidence: 0.9331664

 $00:00:41.690 \longrightarrow 00:00:43.731$ overview to the program 1st.

NOTE Confidence: 0.9331664

00:00:43.731 --> 00:00:45.978 And I think I'll start with that

NOTE Confidence: 0.9331664

00:00:45.978 --> 00:00:48.392 because I think that will be less

NOTE Confidence: 0.9331664

 $00{:}00{:}48.392 \dashrightarrow 00{:}00{:}50.240$ interesting than hearing from

NOTE Confidence: 0.9331664

 $00:00:50.240 \longrightarrow 00:00:52.088$ residents about their experiences.

NOTE Confidence: 0.9331664

 $00{:}00{:}52.090 \dashrightarrow 00{:}00{:}54.978$ But I'm just going to share some slides

NOTE Confidence: 0.9331664

 $00:00:54.978 \longrightarrow 00:00:58.302$ for about 5 minutes or so and five or 10

NOTE Confidence: 0.9331664

 $00:00:58.302 \longrightarrow 00:01:00.970$ minutes and then we'll go from there.

NOTE Confidence: 0.9331664

 $00:01:00.970 \longrightarrow 00:01:02.090$ My name is Jeremy Muller.

NOTE Confidence: 0.9331664

 $00:01:02.090 \longrightarrow 00:01:05.142$ I'm the residency director at Yale and

NOTE Confidence: 0.9331664

 $00:01:05.142 \longrightarrow 00:01:09.090$ I'm just delighted that you are all here.

 $00{:}01{:}09.090 \dashrightarrow 00{:}01{:}12.474$ This is the most important thing

NOTE Confidence: 0.9331664

 $00:01:12.474 \longrightarrow 00:01:15.502$ that we do is recruit new residents.

NOTE Confidence: 0.9331664

 $00:01:15.502 \longrightarrow 00:01:18.585$ I would like to think that we do a

NOTE Confidence: 0.9331664

 $00{:}01{:}18.585 \dashrightarrow 00{:}01{:}20.619$ great job of training residents and

NOTE Confidence: 0.9331664

 $00:01:20.619 \longrightarrow 00:01:22.721$ preparing them for the world and setting

NOTE Confidence: 0.9331664

 $00:01:22.721 \longrightarrow 00:01:25.623$ them up to be incredibly successful people.

NOTE Confidence: 0.9331664

00:01:25.623 --> 00:01:27.936 But they start being pretty

NOTE Confidence: 0.9331664

00:01:27.936 --> 00:01:29.276 impressive people from the start.

NOTE Confidence: 0.9331664

 $00:01:29.280 \longrightarrow 00:01:29.870$ And so,

NOTE Confidence: 0.9331664

00:01:29.870 --> 00:01:30.460 you know,

NOTE Confidence: 0.9331664

 $00{:}01{:}30.460 \dashrightarrow 00{:}01{:}31.935$ recruiting great people like all

NOTE Confidence: 0.9331664

 $00:01:31.935 \longrightarrow 00:01:33.798$ of the people in this picture.

NOTE Confidence: 0.9331664

00:01:33.800 --> 00:01:36.320 This is from our welcome picnic,

NOTE Confidence: 0.9331664

 $00:01:36.320 \longrightarrow 00:01:38.080$ is a huge part of what we do and we

NOTE Confidence: 0.9331664

 $00{:}01{:}38.133 \dashrightarrow 00{:}01{:}39.945$ have representatives from all of our

 $00:01:39.945 \longrightarrow 00:01:41.958$ classes plus our alumni at this picnic.

NOTE Confidence: 0.9331664

 $00{:}01{:}41.960 --> 00{:}01{:}42.840$ This is in my backyard.

NOTE Confidence: 0.9326385

 $00:01:45.080 \longrightarrow 00:01:47.636$ Just a reminder of some of our web offerings.

NOTE Confidence: 0.9326385

 $00:01:47.640 \longrightarrow 00:01:50.160$ We are on Instagram and the web.

NOTE Confidence: 0.9326385

 $00:01:50.160 \longrightarrow 00:01:52.314$ We have a podcast which some

NOTE Confidence: 0.9326385

 $00:01:52.314 \longrightarrow 00:01:54.500$ medical students like to listen to.

NOTE Confidence: 0.9326385

00:01:54.500 --> 00:01:56.258 There's a podcast that Doctor Schaefer,

NOTE Confidence: 0.9326385

00:01:56.260 --> 00:01:57.700 one of our associate program directors,

NOTE Confidence: 0.9326385

 $00:01:57.700 \longrightarrow 00:01:59.938$ does called Neurology, Nuts and Bolts,

NOTE Confidence: 0.9326385

 $00:01:59.940 \longrightarrow 00:02:01.155$ Constructing Your Career.

NOTE Confidence: 0.9326385

 $00{:}02{:}01.155 \dashrightarrow 00{:}02{:}03.180$ I think that's really valuable.

NOTE Confidence: 0.9326385

 $00:02:03.180 \longrightarrow 00:02:04.655$ Podcast. There are actually some

NOTE Confidence: 0.9326385

 $00:02:04.655 \longrightarrow 00:02:06.130$ great episodes about things like

NOTE Confidence: 0.9326385

00:02:06.181 --> 00:02:07.701 letters of recommendation and applying

NOTE Confidence: 0.9326385

 $00:02:07.701 \longrightarrow 00:02:09.500$ to residency and things like that,

NOTE Confidence: 0.9326385

 $00:02:09.500 \longrightarrow 00:02:10.528$ which are really nice.

 $00:02:10.528 \longrightarrow 00:02:11.813$ My e-mail is right there.

NOTE Confidence: 0.9326385

 $00:02:11.820 \longrightarrow 00:02:13.938$ Please feel free to reach out.

NOTE Confidence: 0.9326385

00:02:13.940 --> 00:02:15.516 Gina Mcnaughty, our program

NOTE Confidence: 0.9326385

00:02:15.516 --> 00:02:18.240 coordinator is on and after e-mail.

NOTE Confidence: 0.9326385

00:02:18.240 --> 00:02:20.160 Michelle Stafford Worth is our

NOTE Confidence: 0.9326385

00:02:20.160 --> 00:02:22.560 education manager and she's also

NOTE Confidence: 0.9326385

 $00:02:22.560 \longrightarrow 00:02:25.880$ available if you have any questions.

NOTE Confidence: 0.9326385

 $00:02:25.880 \longrightarrow 00:02:31.115$ And we are all absolute veterans

NOTE Confidence: 0.9326385

 $00:02:31.115 \longrightarrow 00:02:32.900$ at recruiting residents.

NOTE Confidence: 0.9326385

 $00:02:32.900 \longrightarrow 00:02:36.212$ This is my 10th cycle interviews,

NOTE Confidence: 0.9326385

00:02:36.212 --> 00:02:38.204 actually 11th interview cycle cuz I

NOTE Confidence: 0.9326385

 $00:02:38.204 \longrightarrow 00:02:39.960$ did participate in my first year.

NOTE Confidence: 0.9326385

 $00:02:39.960 \longrightarrow 00:02:41.408$ So I love it.

NOTE Confidence: 0.9326385

 $00:02:41.408 \longrightarrow 00:02:44.220$ It's the best part of what we do.

NOTE Confidence: 0.9326385

 $00:02:44.220 \longrightarrow 00:02:45.740$ We are an advanced program.

 $00:02:45.740 \longrightarrow 00:02:47.220$ Currently we have 10 positions.

NOTE Confidence: 0.9326385

 $00:02:47.220 \longrightarrow 00:02:48.820$ They start at P GY2.

NOTE Confidence: 0.9326385

 $00:02:48.820 \longrightarrow 00:02:50.764$ Therefore when you apply to our

NOTE Confidence: 0.9326385

00:02:50.764 --> 00:02:52.739 program direct you know to to

NOTE Confidence: 0.9326385

 $00:02:52.739 \longrightarrow 00:02:54.646$ our advanced program that will

NOTE Confidence: 0.9326385

 $00:02:54.646 \longrightarrow 00:02:57.114$ actually start in July 2024.

NOTE Confidence: 0.9326385

 $00:02:57.114 \longrightarrow 00:02:59.584$ But we have guaranteed preliminary

NOTE Confidence: 0.9326385

00:02:59.584 --> 00:03:02.056 medicine slots for every resident

NOTE Confidence: 0.9326385

 $00{:}03{:}02.056 \dashrightarrow 00{:}03{:}04.548$ that we match with this year.

NOTE Confidence: 0.9326385

00:03:04.548 --> 00:03:08.730 All of our PGY ones are here present.

NOTE Confidence: 0.9326385

 $00{:}03{:}08.730 \dashrightarrow 00{:}03{:}10.876$ I see a couple of them joining us and

NOTE Confidence: 0.9326385

 $00:03:10.876 \longrightarrow 00:03:12.178$ they've been around and on the team

NOTE Confidence: 0.9326385

 $00:03:12.178 \dashrightarrow 00:03:14.090$ and in electives and all that kind of stuff.

NOTE Confidence: 0.9326385

 $00:03:14.090 \longrightarrow 00:03:16.415$ So they're here guaranteed and

NOTE Confidence: 0.9326385

00:03:16.415 --> 00:03:19.130 it's actually just an amazing part

NOTE Confidence: 0.9326385

 $00{:}03{:}19.130 \dashrightarrow 00{:}03{:}20.796$ of getting to know each other I

 $00:03:20.796 \longrightarrow 00:03:22.541$ think in that first year informing

NOTE Confidence: 0.9326385

00:03:22.541 --> 00:03:24.156 that bond which carries through

NOTE Confidence: 0.9326385

 $00:03:24.156 \longrightarrow 00:03:26.366$ the four years and and they get

NOTE Confidence: 0.9326385

 $00:03:26.366 \longrightarrow 00:03:28.570$ six weeks of neurology and P GY1.

NOTE Confidence: 0.9326385

00:03:28.570 --> 00:03:30.690 If that changes, it will only be more.

NOTE Confidence: 0.9326385

 $00:03:30.690 \longrightarrow 00:03:32.010$ That's a minimum of six weeks.

NOTE Confidence: 0.9326385

 $00:03:32.010 \longrightarrow 00:03:35.090$ Many residents get closer to 10 or

NOTE Confidence: 0.9326385

00:03:35.090 --> 00:03:38.108 sometimes even 12 weeks of neurology.

NOTE Confidence: 0.9326385

00:03:38.110 --> 00:03:40.550 Our residency is like many,

NOTE Confidence: 0.9326385

 $00:03:40.550 \longrightarrow 00:03:41.482$ very academic.

NOTE Confidence: 0.9326385

00:03:41.482 --> 00:03:44.744 Over 95\% of our residents pursue fellowships.

NOTE Confidence: 0.9326385

 $00:03:44.750 \longrightarrow 00:03:46.670$ There's an even mix of inpatient

NOTE Confidence: 0.9326385

 $00:03:46.670 \longrightarrow 00:03:47.630$ and outpatient specialties,

NOTE Confidence: 0.9326385

 $00:03:47.630 \longrightarrow 00:03:50.630$ approximately 1/3 state Yale for fellowships.

NOTE Confidence: 0.9326385

00:03:50.630 --> 00:03:51.886 And about 30 percent,

 $00:03:51.886 \longrightarrow 00:03:54.374$ 25 to 30% of our faculty are

NOTE Confidence: 0.9326385

 $00:03:54.374 \longrightarrow 00:03:56.304$ graduates of our residency program,

NOTE Confidence: 0.9326385

 $00{:}03{:}56.310 \dashrightarrow 00{:}03{:}57.948$ which is really special and fun.

NOTE Confidence: 0.9326385

 $00:03:57.950 \longrightarrow 00:04:01.282$ We had the 70th anniversary of our

NOTE Confidence: 0.9326385

00:04:01.282 --> 00:04:05.450 resident of our residency last year or sorry,

NOTE Confidence: 0.9326385

 $00:04:05.450 \longrightarrow 00:04:06.935$ earlier this year.

NOTE Confidence: 0.9326385

 $00:04:06.940 \longrightarrow 00:04:10.940$ And we have trained nearly

NOTE Confidence: 0.9326385

00:04:10.940 --> 00:04:12.540 400 neurologists here at Yale,

NOTE Confidence: 0.9326385

 $00:04:12.540 \longrightarrow 00:04:14.236$ which is pretty amazing.

NOTE Confidence: 0.9326385

00:04:14.236 --> 00:04:16.780 And because of the enormous growth,

NOTE Confidence: 0.9326385

00:04:16.780 --> 00:04:19.240 actually about 2/3 have been

NOTE Confidence: 0.9326385

 $00:04:19.240 \longrightarrow 00:04:21.700$ trained since the year 2000.

NOTE Confidence: 0.9326385

 $00{:}04{:}21.700 \dashrightarrow 00{:}04{:}23.900$ So enormous number of residents

NOTE Confidence: 0.9326385

 $00:04:23.900 \longrightarrow 00:04:25.660$ that we trained here.

NOTE Confidence: 0.9326385

 $00:04:25.660 \longrightarrow 00:04:26.885$ Just a couple of things

NOTE Confidence: 0.9326385

 $00:04:26.885 \longrightarrow 00:04:27.620$ about the application.

 $00:04:27.620 \longrightarrow 00:04:28.868$ I think applications are

NOTE Confidence: 0.9326385

00:04:28.868 --> 00:04:30.659 probably nearly almost ready.

NOTE Confidence: 0.9326385

 $00:04:30.660 \longrightarrow 00:04:32.484$ I uploaded a letter of recommendation

NOTE Confidence: 0.9326385

 $00:04:32.484 \longrightarrow 00:04:34.500$ to Airas last night for a student,

NOTE Confidence: 0.9326385

 $00:04:34.500 \longrightarrow 00:04:36.486$ so I know it's getting there.

NOTE Confidence: 0.9326385

00:04:36.490 --> 00:04:37.770 Minimum of three reference letters,

NOTE Confidence: 0.9326385

 $00:04:37.770 \longrightarrow 00:04:38.796$ maximum of four.

NOTE Confidence: 0.9326385

 $00:04:38.796 \longrightarrow 00:04:40.506$ At least one should focus

NOTE Confidence: 0.9326385

 $00:04:40.506 \longrightarrow 00:04:41.890$ on clinical neurology.

NOTE Confidence: 0.9326385

 $00:04:41.890 \longrightarrow 00:04:43.768$ We usually see that most applicants

NOTE Confidence: 0.9326385

 $00:04:43.768 \longrightarrow 00:04:46.090$ have one letter from internal medicine.

NOTE Confidence: 0.9326385

00:04:46.090 --> 00:04:47.530 It doesn't have to be a department letter,

NOTE Confidence: 0.9326385

00:04:47.530 --> 00:04:48.980 any letter from internal medicine

NOTE Confidence: 0.9326385

 $00:04:48.980 \longrightarrow 00:04:49.850$ from your Sabi.

NOTE Confidence: 0.9326385

 $00:04:49.850 \longrightarrow 00:04:51.698$ Our core rotation is nice and

00:04:51.698 --> 00:04:52.930 we always understand that

NOTE Confidence: 0.9399203

 $00{:}04{:}52.986 \dashrightarrow 00{:}04{:}54.606$ it's difficult to get letters

NOTE Confidence: 0.9399203

 $00:04:54.610 \longrightarrow 00:04:55.986$ for international graduates in

NOTE Confidence: 0.9399203

 $00:04:55.986 \longrightarrow 00:04:58.050$ particular and we do holistic review.

NOTE Confidence: 0.9399203

 $00:04:58.050 \longrightarrow 00:04:59.306$ We're going to interview

NOTE Confidence: 0.9399203

 $00:04:59.306 \longrightarrow 00:05:01.014$ between 130 and 140 applicants.

NOTE Confidence: 0.9399203

00:05:01.014 --> 00:05:03.688 They'll be 12 applicants each interview day,

NOTE Confidence: 0.9399203

 $00:05:03.690 \longrightarrow 00:05:06.646$ but we do half day interviews and we

NOTE Confidence: 0.9399203

00:05:06.646 --> 00:05:08.602 have one of the shorter interview

NOTE Confidence: 0.9399203

 $00:05:08.602 \longrightarrow 00:05:10.639$ experiences because we respect your time.

NOTE Confidence: 0.9399203

 $00{:}05{:}10.640 \dashrightarrow 00{:}05{:}12.117$ I think people get a great experience,

NOTE Confidence: 0.9399203

 $00:05:12.120 \longrightarrow 00:05:14.550$ but it's a pretty short interview

NOTE Confidence: 0.9399203

 $00:05:14.550 \longrightarrow 00:05:16.120$ experience and those are the half

NOTE Confidence: 0.9399203

 $00:05:16.120 \longrightarrow 00:05:17.280$ day sessions with some overlap.

NOTE Confidence: 0.9399203

 $00:05:17.280 \longrightarrow 00:05:20.760$ At noon we actually have a case discussion.

NOTE Confidence: 0.9399203

 $00:05:20.760 \longrightarrow 00:05:23.077$ We actually review all of the applications.

 $00:05:23.080 \longrightarrow 00:05:24.880$ We have a holistic review by

NOTE Confidence: 0.9399203

 $00:05:24.880 \longrightarrow 00:05:26.080$ at least two reviewers.

NOTE Confidence: 0.9399203

 $00:05:26.080 \longrightarrow 00:05:28.288$ We do training for all of our reviewers

NOTE Confidence: 0.9399203

 $00:05:28.288 \longrightarrow 00:05:30.055$ on sources, bias and applications.

NOTE Confidence: 0.9399203

 $00:05:30.055 \longrightarrow 00:05:32.080$ There's emerging literature on this.

NOTE Confidence: 0.9399203

 $00:05:32.080 \longrightarrow 00:05:33.718$ We do this is very important.

NOTE Confidence: 0.9399203

 $00:05:33.720 \longrightarrow 00:05:36.065$ The question I get in open houses,

NOTE Confidence: 0.9399203

 $00{:}05{:}36.070 \dashrightarrow 00{:}05{:}38.830$ interview and match international graduates.

NOTE Confidence: 0.9399203

 $00:05:38.830 \longrightarrow 00:05:40.678$ US experience with a letter and

NOTE Confidence: 0.9399203

00:05:40.678 --> 00:05:41.910 scholarly work is preferred,

NOTE Confidence: 0.9399203

 $00{:}05{:}41.910 \dashrightarrow 00{:}05{:}44.790$ Not necessary, but preferred.

NOTE Confidence: 0.9399203

 $00:05:44.790 \longrightarrow 00:05:47.148$ We also strongly prefer graduation from

NOTE Confidence: 0.9399203

 $00{:}05{:}47.148 \dashrightarrow 00{:}05{:}49.748$ medical school within the last five years.

NOTE Confidence: 0.9399203

 $00{:}05{:}49.750 \dashrightarrow 00{:}05{:}51.446$ I get a lot of questions about that

NOTE Confidence: 0.9399203

 $00:05:51.446 \longrightarrow 00:05:53.310$ each year. So let me be clear.

00:05:53.310 --> 00:05:53.970 Strongly preferred,

NOTE Confidence: 0.9399203

 $00:05:53.970 \longrightarrow 00:05:56.280$ I would say the vast majority of

NOTE Confidence: 0.9399203

 $00:05:56.280 \longrightarrow 00:05:58.070$ people that match to our program

NOTE Confidence: 0.9399203

 $00:05:58.070 \longrightarrow 00:05:59.470$ have graduated medical from medical

NOTE Confidence: 0.9399203

 $00:05:59.470 \longrightarrow 00:06:01.150$ school in the last five years.

NOTE Confidence: 0.9399203

 $00:06:01.150 \longrightarrow 00:06:02.488$ There are occasions,

NOTE Confidence: 0.9399203

 $00:06:02.488 \longrightarrow 00:06:03.826$ very specific occasions,

NOTE Confidence: 0.9399203

 $00:06:03.830 \longrightarrow 00:06:05.664$ where that might not be the case,

NOTE Confidence: 0.9399203

 $00{:}06{:}05.670 \dashrightarrow 00{:}06{:}07.445$ if somebody's doing a graduate

NOTE Confidence: 0.9399203

 $00{:}06{:}07.445 \dashrightarrow 00{:}06{:}08.865$ degree or intensive research

NOTE Confidence: 0.9399203

 $00{:}06{:}08.865 \dashrightarrow 00{:}06{:}10.388$ experience or that sort of thing.

NOTE Confidence: 0.9399203

00:06:10.390 --> 00:06:11.590 But I would say the vast,

NOTE Confidence: 0.9399203

 $00:06:11.590 \longrightarrow 00:06:13.222$ vast majority of people that interview

NOTE Confidence: 0.9399203

 $00{:}06{:}13.222 \to 00{:}06{:}15.274$ and match with us have graduated from

NOTE Confidence: 0.9399203

 $00:06:15.274 \longrightarrow 00:06:17.388$ medical school within the last five years.

NOTE Confidence: 0.9399203

 $00:06:17.390 \longrightarrow 00:06:19.469$ We offer both J1 and H1B visas

00:06:19.469 --> 00:06:21.310 depending on the circumstances,

NOTE Confidence: 0.9399203

 $00{:}06{:}21.310 \dashrightarrow 00{:}06{:}23.710$ and there are pros and cons to each of those.

NOTE Confidence: 0.9399203

 $00:06:23.710 \longrightarrow 00:06:26.210$ And we have learned lots

NOTE Confidence: 0.9399203

 $00:06:26.210 \longrightarrow 00:06:28.710$ about visas over the years.

NOTE Confidence: 0.9399203

 $00:06:28.710 \longrightarrow 00:06:31.016$ Here are the excuse me,

NOTE Confidence: 0.9399203

 $00:06:31.016 \longrightarrow 00:06:32.381$ here are the criteria we

NOTE Confidence: 0.9399203

 $00:06:32.381 \longrightarrow 00:06:33.630$ use for holistic review.

NOTE Confidence: 0.9399203

 $00:06:33.630 \longrightarrow 00:06:35.754$ So we do obviously a review

NOTE Confidence: 0.9399203

00:06:35.754 --> 00:06:36.816 of your applications,

NOTE Confidence: 0.9399203

 $00:06:36.820 \longrightarrow 00:06:40.816$ looking at your your clinical potential,

NOTE Confidence: 0.9399203

 $00{:}06{:}40.820 \dashrightarrow 00{:}06{:}43.053$ so medical school grades and MSPE

NOTE Confidence: 0.9399203

 $00:06:43.053 \longrightarrow 00:06:45.018$ research and other scholarly work,

NOTE Confidence: 0.9399203

 $00{:}06{:}45.020 \dashrightarrow 00{:}06{:}47.124$ leadership engagement and resilience,

NOTE Confidence: 0.9399203

 $00:06:47.124 \longrightarrow 00:06:48.176$ distance travel,

NOTE Confidence: 0.9399203

 $00:06:48.180 \longrightarrow 00:06:49.770$ there's often evidence in your

 $00:06:49.770 \longrightarrow 00:06:51.900$ application and that sort of thing.

NOTE Confidence: 0.9399203

00:06:51.900 --> 00:06:53.100 In interview review,

NOTE Confidence: 0.942966

00:06:55.260 --> 00:06:56.940 again, we're looking at your potential,

NOTE Confidence: 0.942966

00:06:56.940 --> 00:06:58.340 not necessarily what you've done,

NOTE Confidence: 0.942966

 $00:06:58.340 \longrightarrow 00:07:00.044$ but maybe what you've done with

NOTE Confidence: 0.942966

 $00:07:00.044 \longrightarrow 00:07:01.180$ the opportunities you've had.

NOTE Confidence: 0.942966

 $00:07:01.180 \longrightarrow 00:07:03.400$ And again, this is very holistic

NOTE Confidence: 0.942966

00:07:03.400 --> 00:07:04.748 citizenship and leadership potential,

NOTE Confidence: 0.942966

 $00{:}07{:}04.748 \dashrightarrow 00{:}07{:}06.770$ interpersonal skills and we do have

NOTE Confidence: 0.942966

 $00{:}07{:}06.817 \dashrightarrow 00{:}07{:}08.477$ structured behavior based questions.

NOTE Confidence: 0.942966

 $00{:}07{:}08.480 \to 00{:}07{:}10.800$ We've been doing that for about four or

NOTE Confidence: 0.942966

 $00:07:10.800 \longrightarrow 00:07:13.397$ five years to try to limit some of the

NOTE Confidence: 0.942966

 $00:07:13.397 \longrightarrow 00:07:15.280$ bias associated with these interviews.

NOTE Confidence: 0.942966

 $00{:}07{:}15.280 \dashrightarrow 00{:}07{:}16.704$ The interview experience will

NOTE Confidence: 0.942966

 $00:07:16.704 \longrightarrow 00:07:18.484$ include a panel with discussion

NOTE Confidence: 0.942966

 $00:07:18.484 \longrightarrow 00:07:20.357$ with residents the night before,

 $00:07:20.360 \longrightarrow 00:07:23.240$ opportunities for smaller group or one-on-one

NOTE Confidence: 0.942966

 $00:07:23.240 \longrightarrow 00:07:24.738$ discussions with individual residents,

NOTE Confidence: 0.942966

 $00:07:24.738 \longrightarrow 00:07:26.352$ and that will happen the night

NOTE Confidence: 0.942966

 $00:07:26.352 \longrightarrow 00:07:27.539$ before the interview day.

NOTE Confidence: 0.942966

 $00{:}07{:}27.540 \dashrightarrow 00{:}07{:}29.416$ The interview day itself will be an

NOTE Confidence: 0.942966

 $00:07:29.416 \longrightarrow 00:07:31.907$ overview of the program with me and our

NOTE Confidence: 0.942966

 $00:07:31.907 \longrightarrow 00:07:33.537$ chair and associate program directors.

NOTE Confidence: 0.942966

 $00:07:33.540 \longrightarrow 00:07:37.500$ We'll have 5 interviews over 20 minutes each.

NOTE Confidence: 0.942966

 $00:07:37.500 \longrightarrow 00:07:39.516$ There'll be a case discussion and

NOTE Confidence: 0.942966

 $00:07:39.516 \longrightarrow 00:07:41.259$ then basically you're good to go.

NOTE Confidence: 0.942966

00:07:41.260 --> 00:07:42.860 And if you want to follow up with

NOTE Confidence: 0.942966

 $00:07:42.860 \longrightarrow 00:07:43.876$ additional questions, you can.

NOTE Confidence: 0.942966

00:07:43.876 --> 00:07:45.416 But people really love this,

NOTE Confidence: 0.942966

 $00:07:45.420 \longrightarrow 00:07:46.209$ I'll tell you,

NOTE Confidence: 0.942966

 $00:07:46.209 \longrightarrow 00:07:47.524$ they especially love this near

 $00:07:47.524 \longrightarrow 00:07:49.254$ the end of the season when they

NOTE Confidence: 0.942966

 $00:07:49.254 \longrightarrow 00:07:51.307$ start get start to get tired and we

NOTE Confidence: 0.942966

00:07:51.307 --> 00:07:52.737 have found this highly efficient.

NOTE Confidence: 0.942966

00:07:52.740 --> 00:07:55.736 We get a good sense of people and I

NOTE Confidence: 0.942966

 $00:07:55.736 \longrightarrow 00:07:57.227$ feel like we've been able to make

NOTE Confidence: 0.942966

 $00:07:57.227 \longrightarrow 00:07:58.858$ great decisions and I think our

NOTE Confidence: 0.942966

 $00{:}07{:}58.858 \dashrightarrow 00{:}08{:}00.529$ residents feel like they've been able

NOTE Confidence: 0.942966

 $00:08:00.529 \longrightarrow 00:08:02.265$ to make a great decision in matching.

NOTE Confidence: 0.942966

 $00{:}08{:}02.270 \dashrightarrow 00{:}08{:}04.440$ There is no separate prelim

NOTE Confidence: 0.942966

 $00:08:04.440 \longrightarrow 00:08:05.308$ interview required.

NOTE Confidence: 0.942966

 $00:08:05.310 \longrightarrow 00:08:06.710$ We'll emphasize this when

NOTE Confidence: 0.942966

 $00:08:06.710 \longrightarrow 00:08:08.110$ we do the application,

NOTE Confidence: 0.942966

00:08:08.110 --> 00:08:09.594 but just to let you know about

NOTE Confidence: 0.942966

 $00:08:09.594 \longrightarrow 00:08:10.590$ that so you don't,

NOTE Confidence: 0.942966

 $00:08:10.590 \longrightarrow 00:08:12.459$ you do have to apply to the

NOTE Confidence: 0.942966

 $00{:}08{:}12.459 \dashrightarrow 00{:}08{:}13.611$ preliminary programs and that

00:08:13.611 --> 00:08:15.106 information is on our website,

NOTE Confidence: 0.942966

 $00{:}08{:}15.110 \dashrightarrow 00{:}08{:}16.718$ but you don't have to separately

NOTE Confidence: 0.942966

 $00:08:16.718 \longrightarrow 00:08:18.110$ interview for those prelim spots.

NOTE Confidence: 0.942966

00:08:18.110 --> 00:08:19.750 Do you have any questions about prelim spots?

NOTE Confidence: 0.942966

00:08:19.750 --> 00:08:22.158 You can always e-mail.

NOTE Confidence: 0.942966

 $00:08:22.160 \longrightarrow 00:08:24.092$ We have lots of important details

NOTE Confidence: 0.942966

 $00:08:24.092 \longrightarrow 00:08:26.758$ that we can get into at later times.

NOTE Confidence: 0.942966

 $00:08:26.760 \longrightarrow 00:08:28.440$ We have an X + Y clinic format.

NOTE Confidence: 0.942966

 $00:08:28.440 \longrightarrow 00:08:31.840$ We were one of the first since 2018.

NOTE Confidence: 0.942966

 $00:08:31.840 \longrightarrow 00:08:33.760$ We have no 28 hour call.

NOTE Confidence: 0.942966

 $00:08:33.760 \longrightarrow 00:08:35.670$ We have early exposure to

NOTE Confidence: 0.942966

 $00:08:35.670 \longrightarrow 00:08:36.434$ outpatient specialties,

NOTE Confidence: 0.942966

 $00{:}08{:}36.440 \dashrightarrow 00{:}08{:}37.725$ broad range of fellowship matches

NOTE Confidence: 0.942966

 $00:08:37.725 \longrightarrow 00:08:39.640$ and the proof is in the pudding.

NOTE Confidence: 0.942966

 $00:08:39.640 \longrightarrow 00:08:42.100$ We see a pretty good balance

00:08:42.100 --> 00:08:43.740 between inpatient and outpatient

NOTE Confidence: 0.942966

 $00:08:43.814 \longrightarrow 00:08:46.800$ subspecialty matches after residency.

NOTE Confidence: 0.93651265

 $00:08:48.890 \longrightarrow 00:08:50.757$ We have a ton of enrichment

NOTE Confidence: 0.93651265

 $00:08:50.757 \longrightarrow 00:08:52.892$ opportunities and research and global

NOTE Confidence: 0.93651265

 $00:08:52.892 \longrightarrow 00:08:55.132$ neurology in our clinician educator

NOTE Confidence: 0.93651265

 $00:08:55.132 \longrightarrow 00:08:57.028$ distinction or healthcare management

NOTE Confidence: 0.93651265

 $00:08:57.028 \longrightarrow 00:08:58.924$ track and amazing leadership.

NOTE Confidence: 0.93651265

00:08:58.930 --> 00:09:01.378 We've had people on the editorial

NOTE Confidence: 0.93651265

 $00{:}09{:}01.378 \dashrightarrow 00{:}09{:}03.010$ boards in multiple journals.

NOTE Confidence: 0.93651265

 $00:09:03.010 \longrightarrow 00:09:04.900$ We've had people on the board

NOTE Confidence: 0.93651265

 $00:09:04.900 \longrightarrow 00:09:06.956$ of the match itself of the A/C,

NOTE Confidence: 0.93651265

 $00:09:06.956 \longrightarrow 00:09:09.724$ GME and and of so many other groups.

NOTE Confidence: 0.93651265

 $00:09:09.730 \longrightarrow 00:09:11.529$ And it's an amazing thing that we've

NOTE Confidence: 0.93651265

00:09:11.529 --> 00:09:13.785 been able to do is really individualize

NOTE Confidence: 0.93651265

 $00:09:13.785 \longrightarrow 00:09:15.565$ the experiences for our residents.

NOTE Confidence: 0.93651265

 $00:09:15.570 \longrightarrow 00:09:17.395$ We have a strong commitment

 $00:09:17.395 \longrightarrow 00:09:18.855$ to diversity and inclusion.

NOTE Confidence: 0.93651265

00:09:18.860 --> 00:09:20.726 We have an Associate Director of

NOTE Confidence: 0.93651265

 $00:09:20.726 \longrightarrow 00:09:22.630$ Diversity Education who is a major

NOTE Confidence: 0.93651265

00:09:22.630 --> 00:09:24.135 part of our recruitment efforts.

NOTE Confidence: 0.93651265

 $00{:}09{:}24.140 \dashrightarrow 00{:}09{:}27.619$ We have Director of DEI Reshman Arula,

NOTE Confidence: 0.93651265

00:09:27.620 --> 00:09:30.444 who organizes department wide

NOTE Confidence: 0.93651265

 $00:09:30.444 \longrightarrow 00:09:31.856$ diversity efforts.

NOTE Confidence: 0.93651265

 $00:09:31.860 \longrightarrow 00:09:32.948$ As I said before,

NOTE Confidence: 0.93651265

 $00:09:32.948 \longrightarrow 00:09:34.580$ we have the holistic application review,

NOTE Confidence: 0.93651265

 $00:09:34.580 \longrightarrow 00:09:36.004$ mandatory Antibios training for

NOTE Confidence: 0.93651265

 $00{:}09{:}36.004 \dashrightarrow 00{:}09{:}37.784$ residents and we actually had

NOTE Confidence: 0.93651265

00:09:37.784 --> 00:09:39.562 training for all of our faculty

NOTE Confidence: 0.93651265

 $00{:}09{:}39.562 \dashrightarrow 00{:}09{:}40.932$ members at our faculty retreat.

NOTE Confidence: 0.93651265

 $00:09:40.940 \longrightarrow 00:09:43.045$ We do some interesting things

NOTE Confidence: 0.93651265

00:09:43.045 --> 00:09:45.150 focusing on education and health

 $00:09:45.220 \longrightarrow 00:09:47.528$ disparities and educational tools.

NOTE Confidence: 0.93651265

 $00:09:47.530 \longrightarrow 00:09:48.815$ People asked our vision for

NOTE Confidence: 0.93651265

 $00:09:48.815 \longrightarrow 00:09:49.843$ the next few years.

NOTE Confidence: 0.93651265

 $00:09:49.850 \longrightarrow 00:09:52.250$ We want to see ongoing diversity.

NOTE Confidence: 0.93651265

 $00:09:52.250 \longrightarrow 00:09:54.728$ We will have a neural hospitalist service.

NOTE Confidence: 0.93651265

 $00:09:54.730 \longrightarrow 00:09:57.090$ No plans to increase the residency just yet,

NOTE Confidence: 0.93651265

 $00:09:57.090 \longrightarrow 00:09:58.389$ but stay tuned.

NOTE Confidence: 0.93651265

 $00:09:58.389 \longrightarrow 00:09:59.688$ That may change.

NOTE Confidence: 0.93651265

 $00{:}09{:}59.690 \dashrightarrow 00{:}10{:}01.250$ We will have a new neuron science tower,

NOTE Confidence: 0.93651265

 $00:10:01.250 \longrightarrow 00:10:02.618$ which may be one of the reasons that

NOTE Confidence: 0.93651265

 $00{:}10{:}02.618 \dashrightarrow 00{:}10{:}04.007$ we have to increase our residency.

NOTE Confidence: 0.93651265

 $00:10:04.010 \longrightarrow 00:10:05.258$ So stay tuned.

NOTE Confidence: 0.93651265

 $00:10:05.258 \longrightarrow 00:10:06.090$ Not yet,

NOTE Confidence: 0.93651265

 $00:10:06.090 \longrightarrow 00:10:07.089$ but stay tuned.

NOTE Confidence: 0.93651265

 $00:10:07.089 \longrightarrow 00:10:09.087$ And we continue to expand opportunities

NOTE Confidence: 0.93651265

00:10:09.087 --> 00:10:10.588 and innovative educational

 $00{:}10{:}10.588 \to 00{:}10{:}12.808$ strategies and empowering residents.

NOTE Confidence: 0.93651265

 $00{:}10{:}12.810 \dashrightarrow 00{:}10{:}15.062$ And I want you to hear from all

NOTE Confidence: 0.93651265

 $00:10:15.062 \longrightarrow 00:10:16.800$ of our residents because this

NOTE Confidence: 0.93651265

 $00:10:16.800 \longrightarrow 00:10:19.250$ is the best part of the program.

NOTE Confidence: 0.93651265

 $00:10:19.250 \longrightarrow 00:10:24.758$ And I just want to pause for a second

NOTE Confidence: 0.93651265

00:10:24.758 --> 00:10:27.514 and say acknowledge the fact that

NOTE Confidence: 0.93651265

 $00:10:27.514 \longrightarrow 00:10:30.743$ this can be a very intense time of

NOTE Confidence: 0.93651265

 $00:10:30.743 \longrightarrow 00:10:32.898$ your medical school training and

NOTE Confidence: 0.93651265

 $00{:}10{:}32.898 \to 00{:}10{:}35.807$ of the next step in your career.

NOTE Confidence: 0.93651265

00:10:35.810 --> 00:10:38.510 It can be so hard to know how you're

NOTE Confidence: 0.93651265

 $00:10:38.510 \longrightarrow 00:10:41.524$ going to make good choices for your career.

NOTE Confidence: 0.93651265

 $00:10:41.530 \longrightarrow 00:10:44.518$ It's a time when everything feels

NOTE Confidence: 0.93651265

 $00{:}10{:}44.518 \mathrel{--}{>} 00{:}10{:}46.770$ really high stakes and like every

NOTE Confidence: 0.93651265

 $00:10:46.770 \longrightarrow 00:10:48.889$ move you make is going to be the

NOTE Confidence: 0.93651265

 $00:10:48.889 \longrightarrow 00:10:51.045$ most important move you ever make and

00:10:51.045 --> 00:10:53.362 and there's no room for error or a

NOTE Confidence: 0.93651265

 $00:10:53.362 \longrightarrow 00:10:55.492$ misstep or anything like that and I

NOTE Confidence: 0.93651265

 $00:10:55.492 \longrightarrow 00:10:57.900$ just want to reassure you about that.

NOTE Confidence: 0.93651265

 $00:10:57.900 \longrightarrow 00:11:00.260$ It really all works out.

NOTE Confidence: 0.93651265

 $00:11:00.260 \longrightarrow 00:11:01.874$ I'll share with you personally I

NOTE Confidence: 0.93651265

00:11:01.874 --> 00:11:04.328 have a lot of the same feelings and

NOTE Confidence: 0.93651265

 $00:11:04.328 \longrightarrow 00:11:06.296$ the same concerns year after year.

NOTE Confidence: 0.93651265

00:11:06.300 --> 00:11:08.220 I just, we've been so lucky.

NOTE Confidence: 0.93651265

00:11:08.220 --> 00:11:10.460 We met such great residents and I

NOTE Confidence: 0.93651265

00:11:10.460 --> 00:11:12.100 just wonder how we're going to be

NOTE Confidence: 0.93651265

 $00:11:12.100 \longrightarrow 00:11:13.937$ able to run it back and do it again.

NOTE Confidence: 0.93651265

 $00:11:13.940 \longrightarrow 00:11:15.830$ But it takes a village and you're

NOTE Confidence: 0.93651265

 $00:11:15.830 \longrightarrow 00:11:18.099$ going to hear a little bit from some

NOTE Confidence: 0.93651265

00:11:18.099 --> 00:11:20.220 of that village, but take a deep breath,

NOTE Confidence: 0.93651265

 $00:11:20.220 \longrightarrow 00:11:23.700$ relax you in the chat or in person.

NOTE Confidence: 0.93651265

 $00:11:23.700 \longrightarrow 00:11:26.619$ There'll be an opportunity to ask questions.

00:11:26.620 --> 00:11:28.980 But we're just delighted, honored,

NOTE Confidence: 0.93651265

 $00{:}11{:}28.980 --> 00{:}11{:}31.338$ humbled to have you all here.

NOTE Confidence: 0.93651265

00:11:31.340 --> 00:11:33.937 You're part of the future of neurology.

NOTE Confidence: 0.93651265

00:11:33.940 --> 00:11:36.516 It's the best part of being involved

NOTE Confidence: 0.93651265

00:11:36.516 --> 00:11:38.477 in neurology education is seeing

NOTE Confidence: 0.93651265

 $00:11:38.477 \longrightarrow 00:11:40.057$ the next generation develop.

NOTE Confidence: 0.93651265

 $00:11:40.060 \longrightarrow 00:11:42.160$ And now I'd love to for you to hear from

NOTE Confidence: 0.93651265

 $00:11:42.214 \longrightarrow 00:11:44.419$ some of our residents and faculty members.

NOTE Confidence: 0.94303805

00:11:44.420 --> 00:11:46.944 And I'm just going to go by who I see on

NOTE Confidence: 0.94303805

 $00:11:46.944 \longrightarrow 00:11:49.716$ my screen and everybody here is actually

NOTE Confidence: 0.94303805

 $00{:}11{:}49.716 \dashrightarrow 00{:}11{:}52.014$ going to introduce themselves and then

NOTE Confidence: 0.94303805

 $00:11:52.014 \longrightarrow 00:11:53.953$ say something about that they like about

NOTE Confidence: 0.94303805

 $00:11:53.953 \longrightarrow 00:11:56.019$ one of the best parts of our program,

NOTE Confidence: 0.94303805

00:11:56.020 --> 00:11:58.300 which is New Haven, CT,

NOTE Confidence: 0.94303805

 $00:11:58.300 \longrightarrow 00:12:00.298$ a major feature of our program.

00:12:00.300 --> 00:12:03.060 So on my screen, Jeff Dewey,

NOTE Confidence: 0.94303805

 $00{:}12{:}03.060 \dashrightarrow 00{:}12{:}04.080$ our Associate Program Director

NOTE Confidence: 0.94303805

 $00:12:04.080 \longrightarrow 00:12:05.100$ and Director of Resident,

NOTE Confidence: 0.94303805

00:12:05.100 --> 00:12:06.345 Wellness, Clerkship director,

NOTE Confidence: 0.94303805

 $00:12:06.345 \longrightarrow 00:12:08.774$ many other titles is in an airport,

NOTE Confidence: 0.94303805

 $00{:}12{:}08.774 \dashrightarrow 00{:}12{:}11.110$ but it's very dedicated to the process.

NOTE Confidence: 0.94303805

00:12:11.110 --> 00:12:12.790 Jeff, you want to introduce yourself?

NOTE Confidence: 0.9321972

00:12:12.790 --> 00:12:15.210 Yeah, I wouldn't miss it. So hi, everybody.

NOTE Confidence: 0.9321972

 $00{:}12{:}15.210 \longrightarrow 00{:}12{:}16.710$ Sorry for the background noise.

NOTE Confidence: 0.9321972

00:12:16.710 --> 00:12:18.910 I'm sitting in the Midway Airport in Chicago,

NOTE Confidence: 0.9321972

 $00{:}12{:}18.910 \dashrightarrow 00{:}12{:}20.574$ actually, coming from the ACG and E, which

NOTE Confidence: 0.9321972

 $00:12:20.574 \longrightarrow 00:12:23.160$ I started working with during residency.

NOTE Confidence: 0.9321972

 $00:12:23.160 \longrightarrow 00:12:26.585$ So Speaking of leadership opportunities,

NOTE Confidence: 0.9321972

00:12:26.590 --> 00:12:30.170 I love New Haven, mainly because I've

NOTE Confidence: 0.9321972

 $00:12:30.170 \longrightarrow 00:12:32.110$ always lived outside of New Haven and

NOTE Confidence: 0.9321972

 $00:12:32.110 \longrightarrow 00:12:34.126$ I love the opportunities to live in

 $00:12:34.126 \longrightarrow 00:12:35.670$ the countryside, live in the woods.

NOTE Confidence: 0.9321972

 $00:12:35.670 \longrightarrow 00:12:37.305$ I did both. As a resident,

NOTE Confidence: 0.9321972

 $00:12:37.305 \longrightarrow 00:12:39.135$ I live in the countryside now.

NOTE Confidence: 0.9321972

 $00{:}12{:}39.140 \dashrightarrow 00{:}12{:}40.337$ It's really a great place to live.

NOTE Confidence: 0.9321972

 $00:12:40.340 \longrightarrow 00:12:41.540$ So that's my favorite feature

NOTE Confidence: 0.9322647

 $00:12:41.540 \longrightarrow 00:12:42.020$ of the warden.

NOTE Confidence: 0.9322647

00:12:46.620 --> 00:12:48.342 And next, actually, you get to hear

NOTE Confidence: 0.9322647

 $00{:}12{:}48.342 \dashrightarrow 00{:}12{:}50.257$ from one of our pgy ones who just

NOTE Confidence: 0.9322647

00:12:50.257 --> 00:12:52.218 landed in New Haven a few months ago.

NOTE Confidence: 0.9322647

00:12:52.220 --> 00:12:53.655 So, Wayne, you're next on my list.

NOTE Confidence: 0.9322647

00:12:53.660 --> 00:12:54.899 Wayne, do you want to introduce yourself?

NOTE Confidence: 0.9322647

00:12:56.140 --> 00:12:57.290 Hello, everyone.

NOTE Confidence: 0.9322647

 $00{:}12{:}57.290 \dashrightarrow 00{:}13{:}00.740$ I'm Wayne coming from Boston University.

NOTE Confidence: 0.9322647

 $00:13:00.740 \longrightarrow 00:13:04.378$ Favorite part is actually the city size.

NOTE Confidence: 0.9322647

 $00:13:04.380 \longrightarrow 00:13:05.404$ So coming from Boston,

 $00:13:05.404 \longrightarrow 00:13:07.100$ the traffic was horrendous.

NOTE Confidence: 0.9322647

 $00{:}13{:}07.100 \dashrightarrow 00{:}13{:}09.380$ So here it's the sweet spot.

NOTE Confidence: 0.9237495

 $00{:}13{:}09.700 \dashrightarrow 00{:}13{:}11.058$ But also you're close to New York

NOTE Confidence: 0.9237495

 $00:13:11.860 \longrightarrow 00:13:13.372$ as if you need to do any day trips.

NOTE Confidence: 0.9237495

 $00:13:14.980 \longrightarrow 00:13:15.780$ Yeah, the people have

NOTE Confidence: 0.9237495

00:13:15.780 --> 00:13:16.620 been very, very good too.

NOTE Confidence: 0.9237495

 $00:13:18.820 \longrightarrow 00:13:21.697$ All right. And in our resident room,

NOTE Confidence: 0.9237495

 $00:13:21.700 \longrightarrow 00:13:25.576$ with our very fancy couch there

NOTE Confidence: 0.9237495

 $00{:}13{:}25.580 \dashrightarrow 00{:}13{:}27.720$ and some diagrams and neurological

NOTE Confidence: 0.9237495

 $00:13:27.720 \longrightarrow 00:13:28.810$ things in the background,

NOTE Confidence: 0.9237495

00:13:28.810 --> 00:13:29.910 I see Nick and Vanessa,

NOTE Confidence: 0.9237495

00:13:29.910 --> 00:13:31.070 you want to introduce yourselves?

NOTE Confidence: 0.9179036

 $00{:}13{:}32.950 \dashrightarrow 00{:}13{:}34.750$ Hi everyone, my name is Vanessa.

NOTE Confidence: 0.9179036

00:13:34.750 --> 00:13:37.414 I'm currently one of the PGY twos and we

NOTE Confidence: 0.9179036

 $00:13:37.414 \longrightarrow 00:13:40.066$ are here zooming in for more workroom.

NOTE Confidence: 0.9179036

 $00:13:42.390 \longrightarrow 00:13:45.510$ So, well, nice to see you all here.

00:13:45.510 --> 00:13:47.868 My favorite part of New Haven,

NOTE Confidence: 0.9179036

 $00:13:47.870 \longrightarrow 00:13:49.295$ I would say.

NOTE Confidence: 0.9179036

00:13:49.295 --> 00:13:51.670 It's how walkable everything is.

NOTE Confidence: 0.9179036

00:13:51.670 --> 00:13:53.198 I live downtown approximately

NOTE Confidence: 0.9179036

00:13:53.198 --> 00:13:55.108 5 minutes from the hospital.

NOTE Confidence: 0.9179036

00:13:55.110 --> 00:13:56.625 Like walking distance.

NOTE Confidence: 0.9179036

 $00:13:56.625 \longrightarrow 00:13:59.727$ And we have great restaurants many

NOTE Confidence: 0.9179036

 $00{:}13{:}59.727 \dashrightarrow 00{:}14{:}03.189$ you know interesting things to do.

NOTE Confidence: 0.9179036

 $00:14:03.190 \longrightarrow 00:14:04.470$ So yeah that's what

NOTE Confidence: 0.93292433

 $00{:}14{:}04.470 \dashrightarrow 00{:}14{:}07.585$ I love most. Nice And hello friends.

NOTE Confidence: 0.93292433

00:14:07.590 --> 00:14:11.310 I'm Nick. I'm one of the PGY threes.

NOTE Confidence: 0.93292433

 $00:14:11.310 \longrightarrow 00:14:13.254$ I I I'm shocked that this

NOTE Confidence: 0.93292433

 $00:14:13.254 \longrightarrow 00:14:14.550$ hasn't been mentioned yet.

NOTE Confidence: 0.93292433

 $00{:}14{:}14.550 \dashrightarrow 00{:}14{:}17.223$ To me it's low hanging fruit about New Haven.

NOTE Confidence: 0.93292433

 $00:14:17.230 \longrightarrow 00:14:19.670$ The food is just phenomenal.

 $00:14:19.670 \longrightarrow 00:14:21.427$ I know Doctor Mueller shares my sentiments.

NOTE Confidence: 0.93292433

00:14:21.430 --> 00:14:23.480 We've had we've had conversations

NOTE Confidence: 0.93292433

 $00:14:23.480 \longrightarrow 00:14:25.978$ about this in the past man.

NOTE Confidence: 0.93292433

 $00:14:25.978 \longrightarrow 00:14:27.770$ It's in addition to

NOTE Confidence: 0.93292433

 $00:14:27.770 \longrightarrow 00:14:28.916$ definitely being walkable.

NOTE Confidence: 0.93292433

00:14:28.916 --> 00:14:32.010 It's I think a great size as well.

NOTE Confidence: 0.93292433

 $00{:}14{:}32.010 \dashrightarrow 00{:}14{:}33.900$ But really any cuisine you can think

NOTE Confidence: 0.93292433

 $00:14:33.900 \longrightarrow 00:14:36.006$ of is here which is shocking for a

NOTE Confidence: 0.93292433

 $00{:}14{:}36.006 \dashrightarrow 00{:}14{:}38.049$ kind of like a city of this size.

NOTE Confidence: 0.93292433

 $00:14:38.050 \longrightarrow 00:14:39.634$ But not only that but the I I

NOTE Confidence: 0.93292433

 $00{:}14{:}39.634 \dashrightarrow 00{:}14{:}41.050$ can't say enough good things.

NOTE Confidence: 0.93292433

00:14:41.050 --> 00:14:43.794 It's like world like out of

NOTE Confidence: 0.93292433

 $00{:}14{:}43.794 \dashrightarrow 00{:}14{:}46.242$ nowhere it seems world class food.

NOTE Confidence: 0.93292433

 $00:14:46.250 \longrightarrow 00:14:49.210$ If anyone wants any wrecks hit me up.

NOTE Confidence: 0.93292433

00:14:49.210 --> 00:14:50.848 But I I would say absolutely.

NOTE Confidence: 0.93292433

 $00:14:50.850 \longrightarrow 00:14:52.012$ I I think food is one of

00:14:52.012 --> 00:14:52.810 the great parts of me.

NOTE Confidence: 0.92841834

 $00:14:54.240 \longrightarrow 00:14:55.717$ Yeah, I I have to 2nd that.

NOTE Confidence: 0.92841834

 $00:14:55.720 \longrightarrow 00:14:57.239$ I think you'll hear that a lot.

NOTE Confidence: 0.92841834

00:14:57.240 --> 00:14:59.880 It definitely bats above its weight for food.

NOTE Confidence: 0.92841834

 $00:14:59.880 \longrightarrow 00:15:01.864$ I was on vacation a couple of weeks

NOTE Confidence: 0.92841834

 $00:15:01.864 \longrightarrow 00:15:04.036$ ago and before I left to leave town,

NOTE Confidence: 0.92841834

 $00:15:04.040 \longrightarrow 00:15:06.440$ keeping a low profile,

NOTE Confidence: 0.92841834

 $00{:}15{:}06.440 \dashrightarrow 00{:}15{:}08.294$ I went with my wife and kids out to

NOTE Confidence: 0.92841834

 $00:15:08.294 \longrightarrow 00:15:10.079$ dinner at one of our fine restaurants.

NOTE Confidence: 0.92841834

 $00:15:10.080 \longrightarrow 00:15:12.152$ And sitting at the next table over was

NOTE Confidence: 0.92841834

00:15:12.152 --> 00:15:14.092 a group of our residents being taken

NOTE Confidence: 0.92841834

 $00:15:14.092 \longrightarrow 00:15:15.674$ out by one of her faculty members.

NOTE Confidence: 0.92841834

 $00{:}15{:}15.680 \dashrightarrow 00{:}15{:}17.600$ And they were very respectful.

NOTE Confidence: 0.92841834

00:15:17.600 --> 00:15:19.360 They were surprised to see me in town,

NOTE Confidence: 0.92841834

 $00:15:19.360 \longrightarrow 00:15:21.411$ but sort of said hi and then

 $00:15:21.411 \longrightarrow 00:15:22.540$ pretended to ignore me,

NOTE Confidence: 0.92841834

 $00:15:22.540 \longrightarrow 00:15:25.508$ which was just very touching that they

NOTE Confidence: 0.92841834

 $00:15:25.508 \longrightarrow 00:15:27.220$ were trying to protect my vacation time.

NOTE Confidence: 0.92841834

 $00:15:27.220 \longrightarrow 00:15:29.500$ It was a fantastic meal.

NOTE Confidence: 0.92841834

 $00:15:29.500 \longrightarrow 00:15:30.040$ Kevin. What?

NOTE Confidence: 0.92841834

 $00:15:30.040 \longrightarrow 00:15:30.580$ Kevin Yan,

NOTE Confidence: 0.92841834

 $00:15:30.580 \longrightarrow 00:15:32.580$ what do you love about New Haven?

NOTE Confidence: 0.9303813

00:15:33.600 --> 00:15:35.440 Hi everyone. I'm having one

NOTE Confidence: 0.9303813

00:15:35.440 --> 00:15:38.520 of the PGY fours I am when I

NOTE Confidence: 0.9303813

 $00:15:38.520 \longrightarrow 00:15:40.120$ guess the culture aficionado,

NOTE Confidence: 0.9303813

 $00{:}15{:}40.120 \dashrightarrow 00{:}15{:}41.296$ one of my Co residents called

NOTE Confidence: 0.9303813

 $00{:}15{:}41.296 \dashrightarrow 00{:}15{:}42.720$ me an opera snob the other day.

NOTE Confidence: 0.9303813

 $00:15:44.200 \longrightarrow 00:15:44.960$ And one of the things

NOTE Confidence: 0.9303813

00:15:44.960 --> 00:15:47.112 I really like about New Haven is we

NOTE Confidence: 0.9303813

 $00:15:47.112 \longrightarrow 00:15:49.514$ have a lot of nice events to go to.

NOTE Confidence: 0.9303813

 $00:15:49.520 \longrightarrow 00:15:51.728$ There is a theater in town that puts

 $00:15:51.728 \longrightarrow 00:15:53.888$ on a lot of various events and we

NOTE Confidence: 0.9303813

 $00{:}15{:}53.888 \dashrightarrow 00{:}15{:}55.920$ do have the proximity to New York.

NOTE Confidence: 0.9303813

 $00:15:55.920 \longrightarrow 00:15:57.747$ And the nice balance is that it's

NOTE Confidence: 0.9303813

00:15:57.747 --> 00:15:59.919 also not too big of a place because

NOTE Confidence: 0.9303813

 $00{:}15{:}59.919 \dashrightarrow 00{:}16{:}01.918$ I also enjoy the freedom to drive

NOTE Confidence: 0.9303813

 $00:16:01.918 \longrightarrow 00:16:04.032$ somewhere and not get stuck in traffic.

NOTE Confidence: 0.9303813

00:16:04.040 --> 00:16:06.390 So I think living in New Haven is one of

NOTE Confidence: 0.9303813

 $00:16:06.454 \longrightarrow 00:16:08.652$ the really nice quality of life things

NOTE Confidence: 0.9303813

 $00{:}16{:}08.652 \dashrightarrow 00{:}16{:}11.120$ that I've really enjoyed during residency.

NOTE Confidence: 0.9305143

00:16:13.440 --> 00:16:16.040 Gina, you're next. Your Gina's,

NOTE Confidence: 0.9305143

 $00:16:16.040 \longrightarrow 00:16:16.984$ our program coordinator has

NOTE Confidence: 0.9305143

 $00:16:16.984 \longrightarrow 00:16:18.400$ been with us for a year.

NOTE Confidence: 0.9305143

 $00{:}16{:}18.400 \dashrightarrow 00{:}16{:}20.340$ So she's we're just completing

NOTE Confidence: 0.9305143

 $00:16:20.340 \longrightarrow 00:16:22.160$ a cycle of the educational year.

NOTE Confidence: 0.9285649

 $00:16:22.960 \longrightarrow 00:16:24.340$ Yes. And welcome.

 $00:16:24.340 \longrightarrow 00:16:26.640$ I'm glad you're all here.

NOTE Confidence: 0.9285649

00:16:26.640 --> 00:16:28.278 So what I like about New Haven,

NOTE Confidence: 0.9285649

 $00:16:28.280 \longrightarrow 00:16:30.198$ I grew up here is the pizza.

NOTE Confidence: 0.9285649

00:16:30.200 --> 00:16:31.720 Pizza is we're known for,

NOTE Confidence: 0.9285649

 $00:16:31.720 \longrightarrow 00:16:33.288$ it's the best in the country and

NOTE Confidence: 0.9285649

 $00:16:33.288 \longrightarrow 00:16:34.680$ we're close to the shoreline.

NOTE Confidence: 0.9285649

 $00:16:34.680 \longrightarrow 00:16:36.723$ I love going to the beach and we have

NOTE Confidence: 0.9285649

00:16:36.723 --> 00:16:38.677 some great beaches to go to as well.

NOTE Confidence: 0.9285649

00:16:38.680 --> 00:16:40.514 And of course, Yale, I mean it's,

NOTE Confidence: 0.9285649

 $00:16:40.520 \longrightarrow 00:16:43.220$ you know a lot of walking

NOTE Confidence: 0.9285649

00:16:43.220 --> 00:16:45.960 distance to places and it's just

NOTE Confidence: 0.9285649

 $00{:}16{:}45.960 --> 00{:}16{:}47.598$ it's just a nice place to be.

NOTE Confidence: 0.9285649

 $00:16:48.560 \longrightarrow 00:16:50.177$ Tina, do you have an opinion about

NOTE Confidence: 0.9285649

00:16:50.177 --> 00:16:51.720 your favorite New Haven pizza place?

NOTE Confidence: 0.9373611

 $00:16:53.250 \longrightarrow 00:16:54.354$ There is a couple,

NOTE Confidence: 0.9373611

00:16:54.354 --> 00:16:56.010 Some are outside of New Haven,

 $00:16:56.010 \longrightarrow 00:16:57.290$ some are in West Haven.

NOTE Confidence: 0.9373611

00:16:57.290 --> 00:16:58.106 I like Zoo Parties,

NOTE Confidence: 0.9373611

 $00:16:58.106 \longrightarrow 00:16:59.126$ which is in West Haven.

NOTE Confidence: 0.9373611

 $00:16:59.130 \longrightarrow 00:17:01.170$ That's one of my favorites.

NOTE Confidence: 0.9373611

00:17:01.170 --> 00:17:03.090 If I do eat pizza in New Haven,

NOTE Confidence: 0.9373611

 $00:17:03.090 \longrightarrow 00:17:05.690$ it probably would be Pepe's.

NOTE Confidence: 0.9373611

 $00:17:05.690 \longrightarrow 00:17:06.840$ That's one of my favorite

NOTE Confidence: 0.9373611

 $00:17:06.840 \longrightarrow 00:17:07.610$ places as well. All

NOTE Confidence: 0.9373611

 $00:17:08.610 \longrightarrow 00:17:10.480$ right, we'll hear other opinions

NOTE Confidence: 0.9373611

 $00:17:10.480 \longrightarrow 00:17:13.288$ about the Pete's in a little bit,

NOTE Confidence: 0.9373611

 $00:17:13.290 \longrightarrow 00:17:15.610$ but Pepe's is great.

NOTE Confidence: 0.9373611

00:17:15.610 --> 00:17:17.810 What do you like about New Haven?

NOTE Confidence: 0.92710066

00:17:19.040 --> 00:17:21.440 Yeah, so I'm JP. I'm a Pty 4,

NOTE Confidence: 0.92710066

 $00:17:21.440 \longrightarrow 00:17:23.645$ one of the recruitment chiefs this year

NOTE Confidence: 0.92710066

 $00:17:23.645 \longrightarrow 00:17:26.119$ with Ishok who's also on this Zoom meeting.

00:17:26.120 --> 00:17:27.980 And my favorite thing about living

NOTE Confidence: 0.92710066

 $00{:}17{:}27.980 \dashrightarrow 00{:}17{:}29.590$ here has definitely been there's

NOTE Confidence: 0.92710066

 $00:17:29.590 \longrightarrow 00:17:31.795$ a lot of really good vineyards and

NOTE Confidence: 0.92710066

 $00:17:31.795 \longrightarrow 00:17:33.638$ microbreweries in the surrounding areas.

NOTE Confidence: 0.92710066

00:17:33.640 --> 00:17:36.656 And so now, even in my 4th year,

NOTE Confidence: 0.92710066

 $00:17:36.660 \longrightarrow 00:17:37.828$ I try to get out on the weekends

NOTE Confidence: 0.92710066

 $00:17:37.828 \longrightarrow 00:17:38.940$ and I've seen a good number,

NOTE Confidence: 0.92710066

 $00:17:38.940 \longrightarrow 00:17:40.172$ but I think there's still more

NOTE Confidence: 0.92710066

 $00{:}17{:}40.172 \dashrightarrow 00{:}17{:}41.659$ for me to see even in my 4th year.

NOTE Confidence: 0.92710066

 $00:17:41.660 \longrightarrow 00:17:43.580$ So it's pretty surprising how many there are.

NOTE Confidence: 0.92710066

 $00:17:43.580 \longrightarrow 00:17:45.068$ And it's nice to get out of the

NOTE Confidence: 0.92710066

 $00:17:45.068 \longrightarrow 00:17:46.588$ city and be in a little bit more

NOTE Confidence: 0.92710066

 $00:17:46.588 \longrightarrow 00:17:48.020$ of a green area too sometimes.

NOTE Confidence: 0.92710066

 $00:17:48.020 \longrightarrow 00:17:49.420$ So I really like that,

NOTE Confidence: 0.9308867

 $00:17:51.580 \longrightarrow 00:17:51.940$ James.

NOTE Confidence: 0.9263521

00:17:54.140 --> 00:17:55.738 Hi, everyone. I'm one of the PGY twos.

00:17:55.740 --> 00:17:57.605 I'm James. My favorite thing

NOTE Confidence: 0.9263521

00:17:57.605 --> 00:17:59.900 about New Haven is East Rock,

NOTE Confidence: 0.9263521

 $00:17:59.900 \longrightarrow 00:18:01.475$ which is a neighborhood that

NOTE Confidence: 0.9263521

 $00:18:01.475 \longrightarrow 00:18:03.300$ a lot of residents live in.

NOTE Confidence: 0.9263521

 $00:18:03.300 \longrightarrow 00:18:06.496$ It's just north of the main Yale campus area,

NOTE Confidence: 0.9263521

00:18:06.500 --> 00:18:08.580 but it's a very residential,

NOTE Confidence: 0.9263521

00:18:08.580 --> 00:18:12.094 walkable place with a, it's all like

NOTE Confidence: 0.9263521

00:18:12.100 --> 00:18:14.460 multistory family homes kind of,

NOTE Confidence: 0.9263521

00:18:14.460 --> 00:18:16.468 but very popular amongst

NOTE Confidence: 0.9263521

 $00{:}18{:}16.468 \dashrightarrow 00{:}18{:}18.476$ residents and grad students.

NOTE Confidence: 0.9263521

 $00{:}18{:}18.480 \dashrightarrow 00{:}18{:}19.776$ And it's a place where you can kind

NOTE Confidence: 0.9263521

 $00{:}18{:}19.776 \dashrightarrow 00{:}18{:}21.217$ of walk down the street and you'll

NOTE Confidence: 0.9263521

 $00{:}18{:}21.217 \dashrightarrow 00{:}18{:}22.580$ always bump into someone you know.

NOTE Confidence: 0.9263521

 $00{:}18{:}22.580 \dashrightarrow 00{:}18{:}24.874$ But also you have your own little quiet

NOTE Confidence: 0.9263521

 $00:18:24.874 \longrightarrow 00:18:27.031$ area that you can come back to you

 $00:18:27.031 \longrightarrow 00:18:29.438$ at the end of a day at the hospital.

NOTE Confidence: 0.9263521

 $00{:}18{:}29.440 \dashrightarrow 00{:}18{:}31.720$ And there's a ton of little pockets of

NOTE Confidence: 0.9263521

 $00:18:31.720 \longrightarrow 00:18:33.692$ restaurants and bars and things throughout.

NOTE Confidence: 0.9263521

 $00:18:33.692 \longrightarrow 00:18:35.362$ Also home to modern pizza which I

NOTE Confidence: 0.9263521

 $00:18:35.362 \longrightarrow 00:18:36.959$ think is the best New Haven pizza.

NOTE Confidence: 0.93544513

00:18:39.000 --> 00:18:39.680 Very good,

NOTE Confidence: 0.93544513

00:18:42.280 --> 00:18:42.960 Patrick.

NOTE Confidence: 0.93367828

00:18:45.760 --> 00:18:47.275 Hey, I'm Patrick.

NOTE Confidence: 0.93367828

00:18:47.275 --> 00:18:50.859 I'm one of the PGY twos. I have a

NOTE Confidence: 0.93367828

00:18:50.859 --> 00:18:52.470 lot of things I like about New Haven.

NOTE Confidence: 0.93367828

 $00:18:52.470 \longrightarrow 00:18:54.038$ I think it's really like the ideal

NOTE Confidence: 0.93367828

 $00:18:54.038 \longrightarrow 00:18:56.027$ place to to live and and do residency.

NOTE Confidence: 0.93367828

 $00:18:56.030 \longrightarrow 00:19:00.670$ And probably my top choices would be

NOTE Confidence: 0.93367828

 $00:19:00.670 \longrightarrow 00:19:02.710$ availability of nice apartments close

NOTE Confidence: 0.93367828

 $00:19:02.780 \longrightarrow 00:19:05.186$ to the hospital that are affordable.

NOTE Confidence: 0.93367828

 $00:19:05.190 \dashrightarrow 00:19:07.197$ I takes me about 6 minutes to walk to

 $00:19:07.197 \longrightarrow 00:19:09.569$ the hospital so I can wake up like 15

NOTE Confidence: 0.93367828

 $00:19:09.569 \longrightarrow 00:19:11.189$ minutes before I need to be there.

NOTE Confidence: 0.93367828

00:19:11.190 --> 00:19:13.030 And it's also really close to New York,

NOTE Confidence: 0.93367828

 $00:19:13.030 \longrightarrow 00:19:14.470$ which is a huge plus.

NOTE Confidence: 0.9191978

 $00:19:17.310 \longrightarrow 00:19:17.870$ It's Hawk.

NOTE Confidence: 0.9191978

 $00:19:21.190 \longrightarrow 00:19:22.390$ What's up everybody.

NOTE Confidence: 0.9191978

 $00:19:22.390 \longrightarrow 00:19:25.496$ My name is Hawk from Atlanta PGY 4.

NOTE Confidence: 0.9191978

 $00:19:25.496 \longrightarrow 00:19:27.638$ Also recruitment share with JPS mentioned.

NOTE Confidence: 0.9191978

00:19:27.638 --> 00:19:29.974 I mean really a lot of people have

NOTE Confidence: 0.9191978

 $00:19:29.974 \longrightarrow 00:19:32.358$ to have taken many other options.

NOTE Confidence: 0.9191978

00:19:32.358 --> 00:19:35.310 I was going to probably say

NOTE Confidence: 0.9191978

 $00:19:35.310 \longrightarrow 00:19:36.590$ I really like the small.

NOTE Confidence: 0.9191978

 $00:19:36.590 \longrightarrow 00:19:38.550$ It's like a small city kind of feel

NOTE Confidence: 0.9191978

 $00:19:38.550 \longrightarrow 00:19:41.495$ like they said and you just kind of

NOTE Confidence: 0.9191978

00:19:41.495 --> 00:19:43.965 have availability where you can just

00:19:43.965 --> 00:19:45.790 go into different environments between.

NOTE Confidence: 0.9191978

 $00:19:45.790 \longrightarrow 00:19:46.987$ You want to be in the city,

NOTE Confidence: 0.9191978

 $00:19:46.990 \longrightarrow 00:19:48.510$ you want to be at a park, you want

NOTE Confidence: 0.93358225

 $00:19:48.550 \longrightarrow 00:19:50.070$ to go to like

NOTE Confidence: 0.93358225

 $00:19:50.830 \longrightarrow 00:19:52.110$ outdoors, go on a hike.

NOTE Confidence: 0.93358225

00:19:52.110 --> 00:19:54.119 And then the beach, I probably would

NOTE Confidence: 0.93358225

 $00:19:54.119 \longrightarrow 00:19:56.307$ say the beach is my how close the

NOTE Confidence: 0.93358225

 $00:19:56.307 \longrightarrow 00:19:58.320$ beach is being from like 10 to 15

NOTE Confidence: 0.93358225

 $00{:}19{:}58.320 \dashrightarrow 00{:}19{:}59.878$ minutes to go to a beach and then I

NOTE Confidence: 0.93358225

00:19:59.878 --> 00:20:01.626 can go fishing out a lake etcetera.

NOTE Confidence: 0.93358225

00:20:01.630 --> 00:20:04.382 So it's that's probably what I

NOTE Confidence: 0.93358225

 $00:20:04.382 \longrightarrow 00:20:05.870$ enjoyed most as well as fall.

NOTE Confidence: 0.93358225

 $00{:}20{:}05.870 \dashrightarrow 00{:}20{:}07.270$ Autumn here is really beautiful.

NOTE Confidence: 0.93358225

00:20:07.270 --> 00:20:10.168 So I really enjoy walking out.

NOTE Confidence: 0.93358225

 $00:20:10.170 \longrightarrow 00:20:11.970$ And that when fall comes,

NOTE Confidence: 0.93358225

 $00:20:11.970 \longrightarrow 00:20:13.530$ so when my kid. So yeah,

 $00{:}20{:}14.850 \rightarrow 00{:}20{:}17.205$ Vanessa. Vanessa is our Associate

NOTE Confidence: 0.93275505

00:20:17.205 --> 00:20:19.089 Director of Diversity Education.

NOTE Confidence: 0.93275505

00:20:20.130 --> 00:20:22.872 Hi, everyone. So I would say my

NOTE Confidence: 0.93275505

00:20:22.872 --> 00:20:24.924 favorite thing about New Haven is

NOTE Confidence: 0.93275505

 $00:20:24.930 \longrightarrow 00:20:28.488$ we have four major airports around.

NOTE Confidence: 0.93275505

00:20:28.490 --> 00:20:30.170 So we actually have a New Haven airport,

NOTE Confidence: 0.93275505

 $00:20:30.170 \longrightarrow 00:20:31.650$ which is about 10 minutes,

NOTE Confidence: 0.93275505

00:20:31.650 --> 00:20:33.490 10 to 15 minutes away from New Haven.

NOTE Confidence: 0.93275505

 $00:20:33.490 \longrightarrow 00:20:35.160$ And they have many direct

NOTE Confidence: 0.93275505

00:20:35.160 --> 00:20:37.450 flights to all parts of Florida,

NOTE Confidence: 0.93275505

00:20:37.450 --> 00:20:39.130 North Carolina, South Carolina,

NOTE Confidence: 0.91408765

 $00:20:40.350 \longrightarrow 00:20:43.161$ Georgia, DC And then we also are

NOTE Confidence: 0.91408765

00:20:43.161 --> 00:20:45.125 about one hour and 20 minutes from

NOTE Confidence: 0.91408765

 $00{:}20{:}45.125 \dashrightarrow 00{:}20{:}47.315$ LaGuardia Airport and JFK and there

NOTE Confidence: 0.91408765

 $00:20:47.315 \longrightarrow 00:20:49.856$ were 50 minutes from Hartford Airport.

 $00:20:49.856 \longrightarrow 00:20:52.588$ So for a person who likes to travel

NOTE Confidence: 0.91408765

 $00{:}20{:}52.590 \dashrightarrow 00{:}20{:}54.473$ and then visit family and do a

NOTE Confidence: 0.91408765

00:20:54.473 --> 00:20:55.870 lot of international vacations,

NOTE Confidence: 0.91408765

 $00:20:55.870 \longrightarrow 00:20:57.070$ it's very convenient for me.

NOTE Confidence: 0.91408765

 $00:20:58.830 \longrightarrow 00:21:01.158$ I see Nadia and Laura there

NOTE Confidence: 0.91408765

00:21:01.158 --> 00:21:02.590 together, two of our PGY ones.

NOTE Confidence: 0.93788207

00:21:06.680 --> 00:21:07.444 Hi everyone.

NOTE Confidence: 0.93788207

 $00:21:07.444 \longrightarrow 00:21:10.118$ I'm Nadia and I'm here with Laura.

NOTE Confidence: 0.93788207

 $00{:}21{:}10.120 \dashrightarrow 00{:}21{:}11.960$ And we were just panicking about

NOTE Confidence: 0.93788207

 $00:21:11.960 \longrightarrow 00:21:13.265$ what we would say since everyone

NOTE Confidence: 0.93788207

 $00{:}21{:}13.265 \dashrightarrow 00{:}21{:}15.040$ said a lot of great stuff. But

NOTE Confidence: 0.93788207

 $00:21:17.840 \longrightarrow 00:21:19.518$ I would say, you know, in addition to

NOTE Confidence: 0.93788207

00:21:19.680 --> 00:21:21.040 what everyone already said,

NOTE Confidence: 0.93788207

00:21:21.800 --> 00:21:23.360 being next to the Yale underground

NOTE Confidence: 0.93788207

 $00:21:23.360 \longrightarrow 00:21:24.582$ campus is really nice. Like,

NOTE Confidence: 0.93788207

 $00:21:24.582 \longrightarrow 00:21:25.674$ it's just a beautiful place to

00:21:25.680 --> 00:21:28.624 walk around. You feel like you're like,

NOTE Confidence: 0.93788207

00:21:28.624 --> 00:21:29.812 I don't know, I feel like I'm in

NOTE Confidence: 0.93788207

 $00:21:29.812 \longrightarrow 00:21:31.400$ Harry Potter whenever I walk through

NOTE Confidence: 0.93788207

 $00:21:31.400 \longrightarrow 00:21:32.600$ the underground underground campus.

NOTE Confidence: 0.93788207

 $00:21:32.600 \longrightarrow 00:21:33.878$ So that's one of my favorite

NOTE Confidence: 0.92820623

 $00:21:34.120 \longrightarrow 00:21:36.130$ things, great thing to mention.

NOTE Confidence: 0.92820623

 $00:21:36.130 \longrightarrow 00:21:38.890$ So hey everyone, I'm Laura.

NOTE Confidence: 0.92820623

00:21:38.890 --> 00:21:41.150 Just thinking about what Kevin said

NOTE Confidence: 0.92820623

 $00{:}21{:}41.150 \dashrightarrow 00{:}21{:}43.809$ about really great events in the area.

NOTE Confidence: 0.92820623

 $00{:}21{:}43.810 \dashrightarrow 00{:}21{:}46.057$ There is a mazing fairs in kind of

NOTE Confidence: 0.92820623

 $00{:}21{:}46.057 \dashrightarrow 00{:}21{:}47.675$ outdoor events that take place

NOTE Confidence: 0.92820623

 $00:21:47.675 \longrightarrow 00:21:49.445$ in the summer into the fall.

NOTE Confidence: 0.92820623

 $00{:}21{:}49.450 \dashrightarrow 00{:}21{:}51.326$ And so just yesterday I was actually

NOTE Confidence: 0.92820623

00:21:51.330 --> 00:21:53.965 out with two other neuro PGI ones

NOTE Confidence: 0.92820623

 $00:21:53.965 \longrightarrow 00:21:56.911$ and then a Neuro fellow we met up at

 $00:21:56.911 \longrightarrow 00:21:58.566$ this outdoor kind of marketplace.

NOTE Confidence: 0.92820623

00:21:58.570 --> 00:22:01.650 Lots of handmade goods and foods and,

NOTE Confidence: 0.92820623

 $00:22:01.650 \longrightarrow 00:22:03.540$ you know, nice things to eat there.

NOTE Confidence: 0.92820623

00:22:03.540 --> 00:22:05.156 Just a really nice time, you know,

NOTE Confidence: 0.92820623

 $00:22:05.156 \longrightarrow 00:22:06.496$ enjoying the weather outside and

NOTE Confidence: 0.92820623

00:22:06.496 --> 00:22:08.464 being in a really happy crowd.

NOTE Confidence: 0.92820623

 $00:22:08.464 \longrightarrow 00:22:10.016$ So I'm looking forward.

NOTE Confidence: 0.92820623

 $00:22:10.020 \longrightarrow 00:22:11.616$ So there's a big fair coming up.

NOTE Confidence: 0.92820623

 $00{:}22{:}11.620 \dashrightarrow 00{:}22{:}12.590$ I think it's called something

NOTE Confidence: 0.92820623

 $00:22:12.590 \longrightarrow 00:22:14.020$ like the Big E or the Big G,

NOTE Confidence: 0.92820623

 $00:22:14.020 \longrightarrow 00:22:14.836$ something like that.

NOTE Confidence: 0.92820623

00:22:14.836 --> 00:22:16.740 But it's this mega fair in September,

NOTE Confidence: 0.92820623

 $00:22:16.740 \longrightarrow 00:22:18.138$ so that's next on our list.

NOTE Confidence: 0.9354705

 $00:22:19.860 \longrightarrow 00:22:24.640$ Yes, the Big E it's a fun experience.

NOTE Confidence: 0.9354705

 $00:22:24.640 \longrightarrow 00:22:26.500$ So I've been told,

NOTE Confidence: 0.9354705

 $00:22:26.500 \longrightarrow 00:22:28.257$ although I go with an empty stomach,

 $00:22:28.260 \longrightarrow 00:22:30.228$ because I think that's a big

NOTE Confidence: 0.9354705

 $00:22:30.228 \longrightarrow 00:22:32.438$ eating is a big part of it.

NOTE Confidence: 0.9354705

00:22:32.440 --> 00:22:33.600 Have I missed anyone,

NOTE Confidence: 0.90025645

 $00:22:35.800 \longrightarrow 00:22:37.044$ any of our residents?

NOTE Confidence: 0.90025645

 $00:22:37.044 \longrightarrow 00:22:38.599$ I think we got everyone.

NOTE Confidence: 0.90025645

00:22:38.600 --> 00:22:41.446 That's a lot. I'm gonna,

NOTE Confidence: 0.90025645

00:22:41.446 --> 00:22:43.710 I'm gonna add two things and then we'll

NOTE Confidence: 0.90025645

00:22:43.775 --> 00:22:46.160 open it up to any questions that you have.

NOTE Confidence: 0.90025645

00:22:46.160 --> 00:22:47.399 And if you don't have any questions,

NOTE Confidence: 0.90025645

 $00{:}22{:}47.400 \dashrightarrow 00{:}22{:}51.760$ I have lots of questions prepared.

NOTE Confidence: 0.90025645

 $00{:}22{:}51.760 \dashrightarrow 00{:}22{:}55.372$ But one is we've had many residents

NOTE Confidence: 0.90025645

 $00:22:55.372 \longrightarrow 00:22:57.687$ who have had families over the years

NOTE Confidence: 0.90025645

 $00{:}22{:}57.687 \dashrightarrow 00{:}22{:}59.697$ or started families during residency,

NOTE Confidence: 0.90025645

 $00:22:59.700 \longrightarrow 00:23:02.900$ and this is a great place to

NOTE Confidence: 0.90025645

 $00:23:02.900 \longrightarrow 00:23:04.860$ have a family and to raise kids.

 $00:23:04.860 \longrightarrow 00:23:07.740$ It's the schools are outstanding.

NOTE Confidence: 0.90025645

 $00:23:07.740 \longrightarrow 00:23:10.710$ Childcare is affordable and available

NOTE Confidence: 0.90025645

 $00{:}23{:}10.710 \dashrightarrow 00{:}23{:}14.100$ without outrageous wait lists.

NOTE Confidence: 0.90025645

 $00:23:14.100 \longrightarrow 00:23:16.218$ There are lots of other children.

NOTE Confidence: 0.90025645

 $00:23:16.220 \longrightarrow 00:23:17.588$ I'm in a a neighborhood just

NOTE Confidence: 0.90025645

 $00:23:17.588 \longrightarrow 00:23:19.740$ on the edge of New Haven in in

NOTE Confidence: 0.90025645

 $00:23:19.740 \longrightarrow 00:23:21.215$ Hampden and Windyville in Hampden.

NOTE Confidence: 0.90025645

00:23:21.220 --> 00:23:23.704 And there are tons of kids on our street

NOTE Confidence: 0.90025645

 $00{:}23{:}23.704 \dashrightarrow 00{:}23{:}26.296$ who have been friends with with my kids.

NOTE Confidence: 0.90025645

 $00:23:26.300 \longrightarrow 00:23:28.120$ And I really think that

NOTE Confidence: 0.90025645

00:23:28.120 --> 00:23:29.940 if you have small kids,

NOTE Confidence: 0.90025645

 $00{:}23{:}29.940 \dashrightarrow 00{:}23{:}31.740$ which some of our residents do,

NOTE Confidence: 0.90025645

 $00:23:31.740 \longrightarrow 00:23:33.336$ it's a great place to be,

NOTE Confidence: 0.90025645

 $00{:}23{:}33.340 \dashrightarrow 00{:}23{:}36.090$ a great location and relatively

NOTE Confidence: 0.90025645

 $00:23:36.090 \longrightarrow 00:23:39.620$ easy or easier to raise a family

NOTE Confidence: 0.90025645

 $00:23:39.620 \longrightarrow 00:23:41.500$ than some bigger places.

 $00:23:41.500 \longrightarrow 00:23:43.460$ And then the other thing I would

NOTE Confidence: 0.90025645

 $00:23:43.460 \longrightarrow 00:23:44.620$ say that I think is really,

NOTE Confidence: 0.90025645

 $00:23:44.620 \longrightarrow 00:23:47.560$ really special and unique and I

NOTE Confidence: 0.90025645

00:23:47.560 --> 00:23:50.460 think is sometimes not emphasized

NOTE Confidence: 0.90025645

 $00:23:50.460 \longrightarrow 00:23:53.340$ enough is Yale New Haven Hospital.

NOTE Confidence: 0.90025645

 $00:23:53.340 \longrightarrow 00:23:56.080$ So the hospital that you will work

NOTE Confidence: 0.90025645

 $00:23:56.080 \longrightarrow 00:23:58.764$ in if you match in our program is

NOTE Confidence: 0.90025645

 $00:23:58.764 \longrightarrow 00:24:01.510$ really the only major hospital system

NOTE Confidence: 0.90025645

 $00:24:01.510 \longrightarrow 00:24:04.180$ in the area in Southern Connecticut.

NOTE Confidence: 0.90025645

 $00:24:04.180 \longrightarrow 00:24:07.432$ And so this is the social

NOTE Confidence: 0.90025645

00:24:07.432 --> 00:24:09.058 safety net hospital,

NOTE Confidence: 0.90025645

 $00:24:09.060 \longrightarrow 00:24:11.340$ this is the tertiary referral hospital,

NOTE Confidence: 0.90025645

 $00:24:11.340 \longrightarrow 00:24:13.100$ this is the teaching hospital,

NOTE Confidence: 0.90025645

 $00:24:13.100 \longrightarrow 00:24:14.558$ the research hospital,

NOTE Confidence: 0.90025645

 $00:24:14.558 \longrightarrow 00:24:16.016$ the Community Hospital.

 $00:24:16.020 \longrightarrow 00:24:18.420$ It's all of those things.

NOTE Confidence: 0.90025645

 $00:24:18.420 \longrightarrow 00:24:20.340$ And we don't have a special

NOTE Confidence: 0.90025645

 $00:24:20.340 \longrightarrow 00:24:22.379$ ward where the rich people go.

NOTE Confidence: 0.90025645

 $00:24:22.380 \longrightarrow 00:24:24.564$ If they pay a little extra

NOTE Confidence: 0.90025645

 $00:24:24.564 \longrightarrow 00:24:26.460$ money or something like that.

NOTE Confidence: 0.90025645

00:24:26.460 --> 00:24:27.908 People are all together.

NOTE Confidence: 0.90025645

 $00:24:27.908 \longrightarrow 00:24:30.080$ And I think that's the mission

NOTE Confidence: 0.90025645

 $00:24:30.153 \longrightarrow 00:24:31.337$ of Yale New Haven.

NOTE Confidence: 0.90025645

 $00{:}24{:}31.340 \dashrightarrow 00{:}24{:}34.140$ I think that you're going to see everyone.

NOTE Confidence: 0.90025645

 $00:24:34.140 \longrightarrow 00:24:36.540$ You'll see people from every background.

NOTE Confidence: 0.90025645

 $00:24:36.540 \longrightarrow 00:24:37.605$ It's a very,

NOTE Confidence: 0.90025645

 $00:24:37.605 \longrightarrow 00:24:39.380$ extremely diverse community and there

NOTE Confidence: 0.90025645

 $00{:}24{:}39.380 \dashrightarrow 00{:}24{:}41.658$ are lots of statistics about that.

NOTE Confidence: 0.90025645

 $00:24:41.660 \longrightarrow 00:24:44.138$ And you'll see the full range of

NOTE Confidence: 0.90025645

 $00:24:44.138 \longrightarrow 00:24:45.582$ neurological and medical illness

NOTE Confidence: 0.90025645

 $00:24:45.582 \longrightarrow 00:24:47.496$ and you'll see lots of that.

00:24:47.500 --> 00:24:48.700 And I think that's very special.

NOTE Confidence: 0.90025645

00:24:48.700 --> 00:24:50.684 I think it's a really nice place to

NOTE Confidence: 0.90025645

00:24:50.684 --> 00:24:52.448 train and it's something that over

NOTE Confidence: 0.90025645

 $00:24:52.448 \longrightarrow 00:24:54.620$ the years I've valued more and more

NOTE Confidence: 0.90025645

 $00{:}24{:}54.620 \dashrightarrow 00{:}24{:}56.699$ as part of the Young Haven Hospital

NOTE Confidence: 0.90025645

 $00:24:56.699 \longrightarrow 00:24:58.976$ admission and the Yale Medical.

NOTE Confidence: 0.90025645

 $00:24:58.976 \longrightarrow 00:25:02.140$ I just wanted to mention those things.

NOTE Confidence: 0.90025645

 $00:25:02.140 \longrightarrow 00:25:03.900$ I want to open it up to questions.

NOTE Confidence: 0.90025645

 $00:25:03.900 \longrightarrow 00:25:06.108$ I have lots of prepared questions

NOTE Confidence: 0.90025645

 $00{:}25{:}06.108 \dashrightarrow 00{:}25{:}08.435$ that I can ask of our residents

NOTE Confidence: 0.90025645

 $00:25:08.435 \longrightarrow 00:25:09.860$ and they could take it.

NOTE Confidence: 0.90025645

 $00:25:09.860 \longrightarrow 00:25:11.777$ But if any of you have questions you want

NOTE Confidence: 0.90025645

 $00{:}25{:}11.777 \dashrightarrow 00{:}25{:}13.739$ to type in the chat or just shout out,

NOTE Confidence: 0.90025645

 $00:25:13.740 \longrightarrow 00:25:15.132$ that would be fine.

NOTE Confidence: 0.90025645

 $00:25:15.132 \longrightarrow 00:25:16.790$ We have half of this fully

 $00:25:16.790 \longrightarrow 00:25:17.750$ dedicated to your questions,

NOTE Confidence: 0.9359423

00:25:30.330 --> 00:25:31.890 right. I see JIRA Puck,

NOTE Confidence: 0.9359423

 $00:25:31.890 \longrightarrow 00:25:33.690$ do you have a question?

NOTE Confidence: 0.9359423

 $00:25:34.610 \longrightarrow 00:25:37.648$ Hi everyone, thank you for the introduction.

NOTE Confidence: 0.9359423

 $00:25:37.650 \longrightarrow 00:25:40.784$ And so I have a question about

NOTE Confidence: 0.9359423

 $00{:}25{:}40.784 \dashrightarrow 00{:}25{:}42.792$ what kind of characteristics you

NOTE Confidence: 0.9359423

 $00{:}25{:}42.792 \dashrightarrow 00{:}25{:}45.225$ guys of the Imgs who match to your

NOTE Confidence: 0.9359423

00:25:45.225 --> 00:25:47.804 program that they usually have like

NOTE Confidence: 0.9359423

 $00{:}25{:}47.804 \dashrightarrow 00{:}25{:}50.089$ some one who's familiar with U.S.

NOTE Confidence: 0.9359423

 $00:25:50.090 \longrightarrow 00:25:54.202$ healthcare system or any other like specific

NOTE Confidence: 0.9359423

 $00{:}25{:}54.202 \dashrightarrow 00{:}25{:}56.234$ characteristics you're looking for.

NOTE Confidence: 0.9359423

 $00:25:56.240 \longrightarrow 00:25:57.040$ Guess a Biden G

NOTE Confidence: 0.9270816

 $00:25:58.000 \longrightarrow 00:26:00.718$ So I'll say a few things and then Vanessa,

NOTE Confidence: 0.9270816

 $00{:}26{:}00.720 --> 00{:}26{:}02.080$ I'll give you a warning.

NOTE Confidence: 0.9270816

00:26:02.080 --> 00:26:03.440 I don't know if Vanessa can hear me,

NOTE Confidence: 0.9270816

 $00{:}26{:}03.440 \dashrightarrow 00{:}26{:}05.160$ but she's an international graduate.

 $00{:}26{:}05.160 \dashrightarrow 00{:}26{:}06.245$ I'm trying to think and see if

NOTE Confidence: 0.9270816

 $00:26:06.245 \longrightarrow 00:26:07.477$ any of our others are on here.

NOTE Confidence: 0.9270816

 $00:26:07.480 \longrightarrow 00:26:09.475$ Maybe she could speak to her experience

NOTE Confidence: 0.9270816

00:26:09.480 --> 00:26:11.800 with being an international graduate,

NOTE Confidence: 0.9270816

 $00:26:11.800 \longrightarrow 00:26:14.758$ but first US experience is preferred.

NOTE Confidence: 0.9270816

00:26:14.760 --> 00:26:15.612 I think that's helpful,

NOTE Confidence: 0.9270816

00:26:15.612 --> 00:26:16.677 but it's not always possible.

NOTE Confidence: 0.9270816

00:26:16.680 --> 00:26:17.955 During the pandemic,

NOTE Confidence: 0.9270816

 $00:26:17.955 \longrightarrow 00:26:20.080$ it was definitely not possible.

NOTE Confidence: 0.9270816

 $00{:}26{:}20.080 \dashrightarrow 00{:}26{:}22.152$ I think we want to see evidence

NOTE Confidence: 0.9270816

 $00:26:22.152 \longrightarrow 00:26:24.210$ of the type of resilience that's

NOTE Confidence: 0.9270816

 $00:26:24.210 \longrightarrow 00:26:25.970$ necessary to shift countries and

NOTE Confidence: 0.9270816

 $00:26:26.027 \longrightarrow 00:26:27.725$ and move to a different place.

NOTE Confidence: 0.9270816

 $00:26:27.730 \longrightarrow 00:26:32.728$ Academic excellence and and

NOTE Confidence: 0.9270816

 $00:26:32.728 \longrightarrow 00:26:35.101$ and a passion to sort of make

00:26:35.101 --> 00:26:37.767 the most of of your experience,

NOTE Confidence: 0.9270816

 $00:26:37.770 \longrightarrow 00:26:39.342$ you know under an understanding and

NOTE Confidence: 0.9270816

 $00:26:39.342 \longrightarrow 00:26:41.475$ a passion to make the most of the

NOTE Confidence: 0.9270816

 $00:26:41.475 \longrightarrow 00:26:42.765$ experience to take that plunge.

NOTE Confidence: 0.9270816

 $00:26:42.770 \longrightarrow 00:26:45.970$ And I will say we are very open

NOTE Confidence: 0.9270816

 $00:26:45.970 \longrightarrow 00:26:47.014$ to international graduates.

NOTE Confidence: 0.9270816

 $00:26:47.014 \longrightarrow 00:26:50.032$ They end up being many of our best residents.

NOTE Confidence: 0.9270816

 $00:26:50.032 \longrightarrow 00:26:52.690$ They end up being amazing parts of the team.

NOTE Confidence: 0.9270816

 $00:26:52.690 \longrightarrow 00:26:55.248$ They contribute amazingly to our diversity.

NOTE Confidence: 0.9270816

00:26:55.248 --> 00:26:57.156 And I think there's something special

NOTE Confidence: 0.9270816

 $00{:}26{:}57.156 \dashrightarrow 00{:}26{:}58.868$ about some body having to take that

NOTE Confidence: 0.9270816

 $00:26:58.868 \longrightarrow 00:27:00.520$ plunge and going to a different country

NOTE Confidence: 0.9270816

 $00:27:00.571 \longrightarrow 00:27:02.149$ and doing something in a different

NOTE Confidence: 0.9270816

 $00:27:02.149 \longrightarrow 00:27:03.603$ language in a different environment.

NOTE Confidence: 0.9270816

00:27:03.603 --> 00:27:05.568 So I'm very, very supportive.

NOTE Confidence: 0.9270816

 $00:27:05.570 \longrightarrow 00:27:06.570$ But it is obviously,

 $00{:}27{:}06.570 \dashrightarrow 00{:}27{:}07.570$ as you all know,

NOTE Confidence: 0.9270816

 $00:27:07.570 \longrightarrow 00:27:09.690$ a much more challenging task.

NOTE Confidence: 0.9270816

00:27:09.690 --> 00:27:10.845 Vanessa, do you have anything to add?

NOTE Confidence: 0.9270816

 $00:27:10.850 \longrightarrow 00:27:11.890$ I hate to put you on the spot.

NOTE Confidence: 0.9403763

 $00:27:13.690 \longrightarrow 00:27:16.280$ Yeah, sure. So for me,

NOTE Confidence: 0.9403763

 $00:27:16.280 \longrightarrow 00:27:17.680$ I was born and raised in Brazil.

NOTE Confidence: 0.9403763

 $00:27:17.680 \longrightarrow 00:27:20.204$ I went to Med school there and the

NOTE Confidence: 0.9403763

 $00:27:20.204 \longrightarrow 00:27:22.178$ Brazilian culture, it has a lot of

NOTE Confidence: 0.9403763

 $00:27:22.178 \longrightarrow 00:27:23.719$ influence from the American one.

NOTE Confidence: 0.9403763

00:27:23.720 --> 00:27:27.440 So culture wise, it was not a huge,

NOTE Confidence: 0.9403763

00:27:27.440 --> 00:27:29.440 you know, difference for me,

NOTE Confidence: 0.9403763

00:27:29.440 --> 00:27:32.156 but certainly the language in the beginning,

NOTE Confidence: 0.9403763

 $00:27:32.160 \longrightarrow 00:27:36.360$ it added a lot of like cognitive load for me.

NOTE Confidence: 0.9403763

 $00:27:36.360 \longrightarrow 00:27:38.118$ In the beginning of the residency,

NOTE Confidence: 0.9403763

 $00:27:38.120 \longrightarrow 00:27:40.948$ I had to like learn medicine and

 $00:27:40.948 \longrightarrow 00:27:43.479$ learn the system and still like,

NOTE Confidence: 0.9403763

 $00:27:43.480 \longrightarrow 00:27:46.085$ talk in a language that's

NOTE Confidence: 0.9403763

 $00:27:46.085 \longrightarrow 00:27:47.760$ not my moderate tone.

NOTE Confidence: 0.9403763

 $00:27:47.760 \longrightarrow 00:27:49.965$ So it was hard in the beginning,

NOTE Confidence: 0.9403763

 $00:27:49.970 \longrightarrow 00:27:51.727$ but you get the hang of it,

NOTE Confidence: 0.9403763

 $00:27:51.730 \longrightarrow 00:27:54.690$ of it like very quickly.

NOTE Confidence: 0.9403763

00:27:54.690 --> 00:27:57.448 And for sure being away from

NOTE Confidence: 0.9403763

 $00:27:57.448 \longrightarrow 00:27:59.764$ your family is the hardest part.

NOTE Confidence: 0.9403763

 $00{:}27{:}59.770 \dashrightarrow 00{:}28{:}03.249$ But you definitely find a family here.

NOTE Confidence: 0.9403763

 $00:28:03.250 \longrightarrow 00:28:05.570$ And I'm so happy that I came here to yell.

NOTE Confidence: 0.9403763

00:28:05.570 --> 00:28:06.374 Like, honestly,

NOTE Confidence: 0.9403763

 $00:28:06.374 \longrightarrow 00:28:09.188$ I'm so happy to be here because

NOTE Confidence: 0.9403763

00:28:09.188 --> 00:28:10.775 everyone is so supportive

NOTE Confidence: 0.9403763

00:28:10.775 --> 00:28:12.615 and everyone is so nice.

NOTE Confidence: 0.9403763

 $00:28:12.620 \longrightarrow 00:28:15.056$ The culture of the program is incredible.

NOTE Confidence: 0.9403763

 $00:28:15.060 \longrightarrow 00:28:17.778$ So it helps a lot.

 $00:28:22.460 \longrightarrow 00:28:23.279$ Any other questions?

NOTE Confidence: 0.91140187

 $00:28:23.279 \longrightarrow 00:28:26.340$ Thanks so much, Vanessa.

NOTE Confidence: 0.91140187

 $00:28:26.340 \longrightarrow 00:28:30.516$ Is there a P GY2 spot still available to

NOTE Confidence: 0.91140187

 $00:28:30.516 \longrightarrow 00:28:34.164$ apply to for this year to be announced?

NOTE Confidence: 0.91140187

 $00:28:34.164 \longrightarrow 00:28:37.092$ There may be P GY2 spots.

NOTE Confidence: 0.91140187

 $00{:}28{:}37.100 \dashrightarrow 00{:}28{:}39.424$ I don't want to make any announcements

NOTE Confidence: 0.91140187

 $00:28:39.424 \longrightarrow 00:28:41.612$ about the size or increase in

NOTE Confidence: 0.91140187

00:28:41.612 --> 00:28:43.082 our residency program other

NOTE Confidence: 0.91140187

 $00:28:43.082 \longrightarrow 00:28:45.544$ than to say it's a very, very,

NOTE Confidence: 0.91140187

 $00:28:45.544 \longrightarrow 00:28:47.968$ very realistic possibility that we will

NOTE Confidence: 0.91140187

 $00{:}28{:}47.968 \dashrightarrow 00{:}28{:}49.888$ expand our residency to accommodate

NOTE Confidence: 0.91140187

 $00:28:49.888 \longrightarrow 00:28:52.150$ the growth to our new tower and

NOTE Confidence: 0.91140187

 $00:28:52.150 \longrightarrow 00:28:54.460$ the timing of that may be relevant.

NOTE Confidence: 0.91140187

 $00{:}28{:}54.460 --> 00{:}28{:}56.302$ You know, if we decide to

NOTE Confidence: 0.91140187

 $00:28:56.302 \longrightarrow 00:28:57.860$ do that an accelerated way,

 $00:28:57.860 \longrightarrow 00:29:01.610$ then potentially that would mean

NOTE Confidence: 0.91140187

 $00{:}29{:}01.610 \dashrightarrow 00{:}29{:}04.858$ recruiting people for a P GY2 slot

NOTE Confidence: 0.91140187

 $00:29:04.858 \longrightarrow 00:29:07.670$ starting in July 2024 if they have

NOTE Confidence: 0.91140187

 $00:29:07.670 \longrightarrow 00:29:09.445$ preliminary and so obviously need

NOTE Confidence: 0.91140187

 $00:29:09.445 \longrightarrow 00:29:11.330$ preliminary internal medicine or other

NOTE Confidence: 0.91140187

 $00{:}29{:}11.330 \dashrightarrow 00{:}29{:}13.220$ qualifying preliminary experience.

NOTE Confidence: 0.91140187

00:29:13.220 --> 00:29:16.960 But just to say that and Negar,

NOTE Confidence: 0.91140187

00:29:16.960 --> 00:29:18.730 I see you asked a question,

NOTE Confidence: 0.91140187

 $00{:}29{:}18.730 --> 00{:}29{:}20.690$ I hope I'm pronouncing your name, Dr.

NOTE Confidence: 0.91140187

 $00:29:20.690 \longrightarrow 00:29:21.250$ Muller.

NOTE Confidence: 0.91140187

 $00:29:21.250 \longrightarrow 00:29:22.528$ There are a lot of questions

NOTE Confidence: 0.91140187

 $00:29:22.530 \longrightarrow 00:29:23.958$ that were kind of if you wanted

NOTE Confidence: 0.91140187

00:29:23.958 --> 00:29:26.622 to scroll up that I've been kind

NOTE Confidence: 0.91140187

 $00:29:26.622 \longrightarrow 00:29:28.530$ of asked but earlier

NOTE Confidence: 0.93518114

 $00:29:28.530 \longrightarrow 00:29:30.910$ on, but we're responding to as well.

NOTE Confidence: 0.93518114

 $00:29:30.910 \longrightarrow 00:29:32.402$ But one of them was in relation

 $00{:}29{:}32.402 \dashrightarrow 00{:}29{:}33.786$ to feedback and response

NOTE Confidence: 0.93928933

 $00:29:33.790 \longrightarrow 00:29:35.990$ the residents or the

NOTE Confidence: 0.93928933

00:29:36.070 --> 00:29:37.624 how much of the program takes our

NOTE Confidence: 0.93928933

00:29:37.624 --> 00:29:39.333 feedback and kind of make changes in

NOTE Confidence: 0.93928933

 $00:29:39.333 \longrightarrow 00:29:40.821$ relation to that which Kevin answered.

NOTE Confidence: 0.93928933

00:29:40.830 --> 00:29:41.551 But I don't know if you want

NOTE Confidence: 0.93928933

 $00:29:41.551 \longrightarrow 00:29:42.350$ to speak on that as well.

NOTE Confidence: 0.93928933

00:29:44.910 --> 00:29:45.670 I want you guys

NOTE Confidence: 0.93928933

 $00{:}29{:}45.750 \dashrightarrow 00{:}29{:}47.248$ to speak unless you unless you want

NOTE Confidence: 0.93928933

 $00:29:47.248 \longrightarrow 00:29:48.630$ us to speak on that, that's fine.

NOTE Confidence: 0.93928933

 $00:29:49.030 \longrightarrow 00:29:50.824$ Yeah, I would love to. Would one

NOTE Confidence: 0.93928933

 $00:29:50.824 \longrightarrow 00:29:53.183$ of our residents want to take that?

NOTE Confidence: 0.93928933

 $00{:}29{:}53.190 \dashrightarrow 00{:}29{:}55.830$ How you think that we respond to feedback,

NOTE Confidence: 0.93928933

 $00:29:55.830 \longrightarrow 00:29:58.100$ your thoughts about that and feel feel

NOTE Confidence: 0.93928933

 $00:29:58.100 \longrightarrow 00:30:00.110$ comfortable to be honest about that?

 $00:30:04.520 \longrightarrow 00:30:05.758$ Yeah, I'm happy to do this one.

NOTE Confidence: 0.9126175

00:30:05.760 --> 00:30:08.200 Or do you want to go this talk?

NOTE Confidence: 0.9126175

 $00:30:08.200 \dashrightarrow 00:30:09.944$ I could talk about .2 and Kevin mentioned

NOTE Confidence: 0.9126175

00:30:09.944 --> 00:30:11.676 a point about the near ICU recently,

NOTE Confidence: 0.9126175

00:30:11.680 --> 00:30:13.862 but I'm responding to if you can,

NOTE Confidence: 0.9126175

 $00:30:13.862 \longrightarrow 00:30:16.036$ I'll touch base after you cuz I'm responded

NOTE Confidence: 0.9126175

 $00:30:16.036 \longrightarrow 00:30:17.840$ to someone else's comment directly to me.

NOTE Confidence: 0.9126175

 $00:30:18.760 \longrightarrow 00:30:20.083$ Yeah. So I mean I think so

NOTE Confidence: 0.9126175

 $00{:}30{:}20.083 \dashrightarrow 00{:}30{:}21.440$ I guess a couple things.

NOTE Confidence: 0.9126175

 $00:30:21.440 \longrightarrow 00:30:24.246$ So we all do a lot.

NOTE Confidence: 0.9126175

 $00{:}30{:}24.246 \dashrightarrow 00{:}30{:}26.261$ We do multiple feedback sessions

NOTE Confidence: 0.9126175

 $00:30:26.261 \longrightarrow 00:30:28.303$ with Jeremy and so often people

NOTE Confidence: 0.9126175

 $00{:}30{:}28.303 \dashrightarrow 00{:}30{:}30.490$ will get to raise their concerns

NOTE Confidence: 0.9126175

 $00:30:30.490 \longrightarrow 00:30:32.330$ either individually with him,

NOTE Confidence: 0.9126175

 $00:30:32.330 \longrightarrow 00:30:33.290$ you know in the multiple meetings

NOTE Confidence: 0.9126175

 $00{:}30{:}33.290 \dashrightarrow 00{:}30{:}35.274$ about the year or we also have resident

 $00:30:35.274 \longrightarrow 00:30:37.338$ meetings where on Friday we'll get

NOTE Confidence: 0.9126175

 $00{:}30{:}37.338 \to 00{:}30{:}39.558$ together and and you know we'll kind

NOTE Confidence: 0.9126175

 $00:30:39.558 \longrightarrow 00:30:41.592$ of talk about changes that we think

NOTE Confidence: 0.9126175

00:30:41.592 --> 00:30:43.888 you know should be made to the program.

NOTE Confidence: 0.9126175

 $00:30:43.890 \longrightarrow 00:30:46.410$ So I would say already built in without

NOTE Confidence: 0.9126175

 $00:30:46.410 \longrightarrow 00:30:48.330$ without having to even be so active.

NOTE Confidence: 0.9126175

 $00:30:48.330 \longrightarrow 00:30:49.734$ There is so many opportunities to

NOTE Confidence: 0.9126175

00:30:49.734 --> 00:30:51.156 give feedback that are just built

NOTE Confidence: 0.9126175

 $00{:}30{:}51.156 \dashrightarrow 00{:}30{:}52.814$ into the system and then I think

NOTE Confidence: 0.9126175

 $00:30:52.814 \longrightarrow 00:30:55.037$ even my time there is there had the

NOTE Confidence: 0.9126175

 $00{:}30{:}55.037 \dashrightarrow 00{:}30{:}57.005$ program is very good about responding.

NOTE Confidence: 0.9126175

 $00:30:57.010 \longrightarrow 00:31:01.822$ So just before I started there was the

NOTE Confidence: 0.9126175

 $00{:}31{:}01.822 \dashrightarrow 00{:}31{:}04.522$ addition we do a pretty, you know,

NOTE Confidence: 0.9126175

 $00:31:04.522 \longrightarrow 00:31:06.139$ there's a Ed rotation that we do,

NOTE Confidence: 0.9126175

 $00:31:06.140 \longrightarrow 00:31:07.980$ it's a consult rotation.

 $00:31:07.980 \longrightarrow 00:31:10.564$ And so changes that were implemented

NOTE Confidence: 0.9126175

 $00{:}31{:}10.564 {\:{\circ}{\circ}{\circ}}>00{:}31{:}12.696$ was you know an attending was added

NOTE Confidence: 0.9126175

 $00:31:12.696 \longrightarrow 00:31:15.274$ from 5:00 PM to 10:00 PM to help us

NOTE Confidence: 0.9126175

 $00:31:15.274 \longrightarrow 00:31:17.620$ with that rotation and to staff directly.

NOTE Confidence: 0.9126175

 $00:31:17.620 \longrightarrow 00:31:19.251$ I think it's been one of my

NOTE Confidence: 0.9126175

 $00:31:19.251 \longrightarrow 00:31:20.220$ favorite parts education wise.

NOTE Confidence: 0.9126175

00:31:20.220 --> 00:31:23.100 You get to work directly with an attending,

NOTE Confidence: 0.9126175

00:31:23.100 --> 00:31:25.668 you get direct feedback,

NOTE Confidence: 0.9126175

 $00{:}31{:}25.670 \dashrightarrow 00{:}31{:}27.190$ you get to see like a very good,

NOTE Confidence: 0.9126175

00:31:27.190 --> 00:31:28.434 you know, patient load.

NOTE Confidence: 0.9126175

00:31:28.434 --> 00:31:31.115 So that was one change just before I

NOTE Confidence: 0.9126175

 $00:31:31.115 \longrightarrow 00:31:32.990$ started that I really appreciated.

NOTE Confidence: 0.9126175

 $00:31:32.990 \longrightarrow 00:31:34.747$ Also my year as a P GY2,

NOTE Confidence: 0.9126175

 $00:31:34.750 \longrightarrow 00:31:35.550$ they started,

NOTE Confidence: 0.9126175

 $00:31:35.550 \longrightarrow 00:31:37.550$ we started doing neurophysiology blocks.

NOTE Confidence: 0.9126175

 $00:31:37.550 \longrightarrow 00:31:39.650$ So you get 5 weeks of neurophysiology

 $00{:}31{:}39.650 \dashrightarrow 00{:}31{:}42.867$ as a P GY2 where you get to do you learn

NOTE Confidence: 0.9126175

00:31:42.870 --> 00:31:45.425 EE G&EMG which again I really appre-

ciated.

NOTE Confidence: 0.9126175

 $00{:}31{:}45.430 \dashrightarrow 00{:}31{:}48.358$ I think you know makes you very good

NOTE Confidence: 0.9126175

 $00:31:48.358 \longrightarrow 00:31:50.438$ general neurologist I think and you

NOTE Confidence: 0.9126175

 $00:31:50.438 \longrightarrow 00:31:52.820$ start to get that experience very early.

NOTE Confidence: 0.9126175

 $00:31:52.820 \longrightarrow 00:31:53.460$ So there are two,

NOTE Confidence: 0.9126175

00:31:53.460 --> 00:31:54.420 two changes just from you know,

NOTE Confidence: 0.9126175

 $00:31:54.420 \longrightarrow 00:31:55.836$ my first year and then Kevin

NOTE Confidence: 0.9126175

 $00:31:55.836 \longrightarrow 00:31:56.780$ Yan mentioned a couple.

NOTE Confidence: 0.9126175

 $00:31:56.780 \longrightarrow 00:31:58.360$ There's been a recent change

NOTE Confidence: 0.9126175

 $00:31:58.360 \longrightarrow 00:31:59.940$ to the neural ICU rotation.

NOTE Confidence: 0.9126175

 $00{:}31{:}59.940 \dashrightarrow 00{:}32{:}01.962$ We've changed some of the rotations

NOTE Confidence: 0.9126175

 $00:32:01.962 \longrightarrow 00:32:04.300$ around to help with you know hours.

NOTE Confidence: 0.9126175

 $00:32:04.300 \dashrightarrow 00:32:06.106$ And so I think every year there's

NOTE Confidence: 0.9126175

00:32:06.106 --> 00:32:07.572 multiple changes and and we're

 $00:32:07.572 \longrightarrow 00:32:09.172$ constantly iterating and I've been

NOTE Confidence: 0.9126175

 $00{:}32{:}09.172 \dashrightarrow 00{:}32{:}10.831$ really appreciative of of you know

NOTE Confidence: 0.9126175

 $00:32:10.831 \longrightarrow 00:32:12.876$ how much work goes into that from the

NOTE Confidence: 0.9126175

00:32:12.876 --> 00:32:15.020 like residency program administrators,

NOTE Confidence: 0.9126175

 $00:32:15.020 \longrightarrow 00:32:16.700$ the faculty.

NOTE Confidence: 0.9126175 00:32:16.700 --> 00:32:16.940 So NOTE Confidence: 0.93027717

00:32:20.230 --> 00:32:22.250 we're obsessed with getting feedback

NOTE Confidence: 0.93027717

 $00{:}32{:}22.250 \dashrightarrow 00{:}32{:}25.366$ and we try to feedback to the residents

NOTE Confidence: 0.93027717

 $00:32:25.366 \longrightarrow 00:32:27.145$ too that they have tremendous power

NOTE Confidence: 0.93027717

 $00{:}32{:}27.145 \dashrightarrow 00{:}32{:}28.843$ and influence in the program as

NOTE Confidence: 0.93027717

 $00:32:28.843 \longrightarrow 00:32:30.348$ long as we direct our efforts in,

NOTE Confidence: 0.93027717

 $00:32:30.350 \longrightarrow 00:32:33.902$ in the right way. And you know,

NOTE Confidence: 0.93027717

 $00:32:33.902 \longrightarrow 00:32:36.254$ we use resident feedback and other pieces

NOTE Confidence: 0.93027717

 $00:32:36.254 \longrightarrow 00:32:39.094$ of data to make major investments, right.

NOTE Confidence: 0.93027717

00:32:39.094 --> 00:32:44.020 So as JP said, we have a faculty member

 $00:32:44.020 \longrightarrow 00:32:47.335$ sitting ready exclusively CC consults

NOTE Confidence: 0.93027717

 $00:32:47.335 \longrightarrow 00:32:51.358$ in the E D5 to 10:00 PM every day.

NOTE Confidence: 0.93027717

 $00:32:51.360 \longrightarrow 00:32:54.780$ The eventual goal is for that to be 24

NOTE Confidence: 0.93027717

 $00:32:54.780 \longrightarrow 00:32:56.365$ hours and that's an enormous investment

NOTE Confidence: 0.93027717

 $00:32:56.365 \longrightarrow 00:32:58.367$ on the part of the department in the

NOTE Confidence: 0.93027717

 $00{:}32{:}58.367 \dashrightarrow 00{:}33{:}00.416$ hospital system in terms of the cost to

NOTE Confidence: 0.93027717

 $00:33:00.416 \longrightarrow 00:33:02.159$ have somebody to do something like that.

NOTE Confidence: 0.93027717

 $00:33:02.160 \longrightarrow 00:33:04.120$ And we're really lucky to have it.

NOTE Confidence: 0.93027717

 $00{:}33{:}04.120 \dashrightarrow 00{:}33{:}06.420$ We've invested in advanced practice

NOTE Confidence: 0.93027717

00:33:06.420 --> 00:33:08.780 providers in every one of our

NOTE Confidence: 0.93027717

 $00{:}33{:}08.780 \dashrightarrow 00{:}33{:}10.940$ services and other faculty support

NOTE Confidence: 0.93027717

 $00:33:10.940 \longrightarrow 00:33:13.165$ and expanding fellowships to take

NOTE Confidence: 0.93027717

 $00:33:13.165 \longrightarrow 00:33:15.158$ advantage of those opportunities.

NOTE Confidence: 0.93027717

00:33:15.160 --> 00:33:17.540 Change always takes some time.

NOTE Confidence: 0.93027717

 $00:33:17.540 \longrightarrow 00:33:20.460$ We're working on some hotspots

NOTE Confidence: 0.93027717

 $00:33:20.460 \longrightarrow 00:33:23.372$ including stroke alerts in the Ed like

 $00:33:23.372 \longrightarrow 00:33:25.646$ every other program and making sure

NOTE Confidence: 0.93027717

 $00{:}33{:}25.646 {\:\dashrightarrow\:} 00{:}33{:}28.190$ that we cover up our gaps over night.

NOTE Confidence: 0.93027717

 $00:33:28.190 \longrightarrow 00:33:31.741$ But it is always with the clear idea that

NOTE Confidence: 0.93027717

 $00:33:31.741 \longrightarrow 00:33:34.372$ we want to be a comprehensive neurology

NOTE Confidence: 0.93027717

 $00{:}33{:}34.372 \dashrightarrow 00{:}33{:}37.116$ training program that trains you to be

NOTE Confidence: 0.93027717

 $00:33:37.116 \longrightarrow 00:33:39.380$ a clinically excellent neurologist.

NOTE Confidence: 0.93027717

00:33:39.380 --> 00:33:40.710 And not just to be very good

NOTE Confidence: 0.93027717

00:33:40.710 --> 00:33:41.620 at seeing stroke alerts,

NOTE Confidence: 0.93027717

00:33:41.620 --> 00:33:43.174 you will be very good at seeing

NOTE Confidence: 0.93027717

 $00:33:43.174 \longrightarrow 00:33:44.194$ stroke alerts, trust me,

NOTE Confidence: 0.93027717

 $00:33:44.194 \longrightarrow 00:33:45.916$ but in any program you would.

NOTE Confidence: 0.93027717

00:33:45.920 --> 00:33:47.030 But we're really want to

NOTE Confidence: 0.93027717

 $00:33:47.030 \longrightarrow 00:33:47.918$ be holistic about that.

NOTE Confidence: 0.9091693

 $00{:}33{:}51.320 \dashrightarrow 00{:}33{:}54.038$ Anybody want to speak to their

NOTE Confidence: 0.9091693

00:33:54.040 --> 00:33:55.765 mentoring experiences? Any of our

 $00:33:55.765 \longrightarrow 00:33:57.840$ residents want to speak to that?

NOTE Confidence: 0.9308126

 $00{:}34{:}00.730 \dashrightarrow 00{:}34{:}02.850$ I can talk a little bit about that.

NOTE Confidence: 0.9308126

 $00:34:02.850 \dashrightarrow 00:34:04.684$ So Doctor Moore does a really good

NOTE Confidence: 0.9308126

 $00:34:04.684 \longrightarrow 00:34:06.547$ job in pairing us with the faculty

NOTE Confidence: 0.9308126

00:34:06.547 --> 00:34:08.410 mentor when we first come in here.

NOTE Confidence: 0.9308126

00:34:08.410 --> 00:34:10.192 And part of it is kind of a matchmaking

NOTE Confidence: 0.9308126

 $00:34:10.192 \longrightarrow 00:34:11.747$ process where he'll ask us for our

NOTE Confidence: 0.9308126

 $00:34:11.747 \longrightarrow 00:34:12.869$ preferences of what we're looking

NOTE Confidence: 0.9308126

00:34:12.869 --> 00:34:14.485 for in a mentor and what kinds of

NOTE Confidence: 0.9308126

 $00:34:14.485 \longrightarrow 00:34:17.090$ things we might be interested in.

NOTE Confidence: 0.9308126

 $00{:}34{:}17.090 \dashrightarrow 00{:}34{:}20.146$ And that person does a lot of our

NOTE Confidence: 0.9308126

 $00:34:20.146 \longrightarrow 00:34:22.035$ initial initial heavy lifting in into

NOTE Confidence: 0.9308126

 $00:34:22.035 \longrightarrow 00:34:24.026$ the right direction and who we talk

NOTE Confidence: 0.9308126

 $00:34:24.026 \longrightarrow 00:34:25.754$ to or what kinds of things we do.

NOTE Confidence: 0.9308126

 $00:34:25.760 \longrightarrow 00:34:27.440$ And there's a lot of faculty around.

NOTE Confidence: 0.9308126

00:34:27.440 --> 00:34:30.158 You know, if you work at a teaching hospital,

 $00:34:30.160 \longrightarrow 00:34:32.560$ everyone here really enjoys the

NOTE Confidence: 0.9308126

 $00:34:32.560 \longrightarrow 00:34:34.480$ the resident development process.

NOTE Confidence: 0.9308126

 $00:34:34.480 \longrightarrow 00:34:38.520$ So a lot of people kind of just find the the,

NOTE Confidence: 0.9308126

 $00:34:38.520 \longrightarrow 00:34:41.320$ the faculty that really that

NOTE Confidence: 0.9308126

 $00:34:41.320 \longrightarrow 00:34:43.045$ they really identify with their

NOTE Confidence: 0.9308126

 $00:34:43.045 \longrightarrow 00:34:44.350$ shared interest in whatever.

NOTE Confidence: 0.9308126

 $00:34:44.350 \longrightarrow 00:34:45.970$ And you might have one person

NOTE Confidence: 0.9308126

 $00:34:45.970 \longrightarrow 00:34:47.720$ that's could be a research mentor,

NOTE Confidence: 0.9308126

 $00:34:47.720 \longrightarrow 00:34:49.052$ another person that's your

NOTE Confidence: 0.9308126

 $00:34:49.052 \longrightarrow 00:34:51.460$ subspecialty mentor, things like that.

NOTE Confidence: 0.9308126

 $00:34:51.460 \longrightarrow 00:34:52.380$ So you know for example,

NOTE Confidence: 0.9308126

 $00:34:52.380 \longrightarrow 00:34:53.540$ in my P GY2 year,

NOTE Confidence: 0.9308126

 $00{:}34{:}53.540 \dashrightarrow 00{:}34{:}55.070$ Doctor Moeller assigned me to

NOTE Confidence: 0.9308126

 $00:34:55.070 \longrightarrow 00:34:57.248$ Doctor Sivaraju who was one of her

NOTE Confidence: 0.9308126

 $00:34:57.248 \longrightarrow 00:34:59.299$ epileptologists who did a really good job.

 $00:34:59.300 \longrightarrow 00:35:01.960$ I had a lot of meetings with him

NOTE Confidence: 0.9308126

00:35:01.960 --> 00:35:05.458 about how to handle P GY2 year,

NOTE Confidence: 0.9308126

00:35:05.460 --> 00:35:07.535 how to progress from residency

NOTE Confidence: 0.9308126

 $00:35:07.535 \longrightarrow 00:35:08.780$ and career development.

NOTE Confidence: 0.9308126

00:35:08.780 --> 00:35:12.218 And later when I decided on my sub specialty,

NOTE Confidence: 0.9308126

 $00:35:12.220 \longrightarrow 00:35:14.300 \text{ I had my sub specialty advisor was Dr.}$

NOTE Confidence: 0.9308126

00:35:14.300 --> 00:35:14.642 Vizio,

NOTE Confidence: 0.9308126

 $00:35:14.642 \longrightarrow 00:35:16.694$ one of our neuro ophthalmologists here.

NOTE Confidence: 0.9308126

00:35:16.700 --> 00:35:18.172 So I think Yale,

NOTE Confidence: 0.9308126

 $00:35:18.172 \longrightarrow 00:35:20.866$ we have a lot of investment in

NOTE Confidence: 0.9308126

 $00{:}35{:}20.866 \dashrightarrow 00{:}35{:}23.848$ making sure that there's a lot of

NOTE Confidence: 0.9308126

 $00:35:23.848 \longrightarrow 00:35:25.636$ mentorship opportunities available for

NOTE Confidence: 0.9308126

 $00:35:25.640 \longrightarrow 00:35:27.680$ faculty mentors and our residents.

NOTE Confidence: 0.9308126

00:35:27.680 --> 00:35:29.597 I think Doctor Dewey had to catch his flight,

NOTE Confidence: 0.9308126

 $00:35:29.600 \longrightarrow 00:35:31.889$ but one of the initiatives that he's

NOTE Confidence: 0.9308126

 $00:35:31.889 \longrightarrow 00:35:33.860$ been really spearheading over the last

 $00:35:33.860 \longrightarrow 00:35:36.037$ few years is these faculty resident dinners,

NOTE Confidence: 0.9308126

 $00:35:36.040 \longrightarrow 00:35:37.280$ which last year I know

NOTE Confidence: 0.9308126

 $00:35:37.280 \longrightarrow 00:35:38.272$ we're very well attended.

NOTE Confidence: 0.9308126

 $00:35:38.280 \longrightarrow 00:35:40.610$ I went to several myself,

NOTE Confidence: 0.9308126

 $00:35:40.610 \longrightarrow 00:35:42.542$ which is really this bonding opportunity

NOTE Confidence: 0.9308126

 $00:35:42.542 \longrightarrow 00:35:45.005$ for us residents to get to meet the

NOTE Confidence: 0.9308126

 $00:35:45.005 \longrightarrow 00:35:46.400$ faculty in an environment that's

NOTE Confidence: 0.9308126

 $00:35:46.400 \longrightarrow 00:35:47.973$ not the hospital with nice food

NOTE Confidence: 0.9308126

 $00:35:47.973 \longrightarrow 00:35:49.780$ paid for by the by the department.

NOTE Confidence: 0.9308126

 $00:35:49.780 \longrightarrow 00:35:51.490$ And this year I think that's

NOTE Confidence: 0.9308126

 $00{:}35{:}51.490 \to 00{:}35{:}54.337$ continuing in the form of our families,

NOTE Confidence: 0.9308126

 $00:35:54.337 \longrightarrow 00:35:56.626$ which is smaller groups of residents and

NOTE Confidence: 0.9308126

 $00{:}35{:}56.626 \dashrightarrow 00{:}35{:}58.850$ faculty with regular development meetings.

NOTE Confidence: 0.9308126

 $00:35:58.850 \longrightarrow 00:35:59.550$ So overall,

NOTE Confidence: 0.9308126

 $00:35:59.550 \longrightarrow 00:36:01.650$ I think it's a great process.

00:36:05.290 --> 00:36:07.450 And if I could add on to that,

NOTE Confidence: 0.93608296

00:36:07.450 --> 00:36:09.286 I don't know if this is exactly the question,

NOTE Confidence: 0.93608296

00:36:09.290 --> 00:36:11.498 but I've been really happy with

NOTE Confidence: 0.93608296

00:36:11.498 --> 00:36:14.230 the with the PR mentorship too.

NOTE Confidence: 0.93608296

00:36:14.230 --> 00:36:16.390 Not to be gassing up our P GY4 is too much,

NOTE Confidence: 0.93608296

00:36:16.390 --> 00:36:19.144 but I think they put in a lot of,

NOTE Confidence: 0.93608296

 $00:36:19.150 \longrightarrow 00:36:21.730$ a lot of work in making sure that the new

NOTE Confidence: 0.93608296

 $00:36:21.802 \longrightarrow 00:36:24.385$ PGY twos are integrated into the program.

NOTE Confidence: 0.93608296

 $00{:}36{:}24.390 \dashrightarrow 00{:}36{:}26.222$ There's like a lot of new things that

NOTE Confidence: 0.93608296

00:36:26.222 --> 00:36:28.197 you do at the beginning of P GY2

NOTE Confidence: 0.93608296

 $00:36:28.197 \longrightarrow 00:36:29.908$ that you haven't done as an intern.

NOTE Confidence: 0.93608296

 $00:36:29.910 \longrightarrow 00:36:32.187$ And I think the PGY threes and PGY fours

NOTE Confidence: 0.93608296

 $00:36:32.187 \longrightarrow 00:36:34.624$ do a really good job of being the mentor

NOTE Confidence: 0.93608296

 $00{:}36{:}34.624 \dashrightarrow 00{:}36{:}37.274$ for you when you're in a new scary setting.

NOTE Confidence: 0.93608296

00:36:37.280 --> 00:36:40.256 I just had on Saturday night my first

NOTE Confidence: 0.93608296

 $00:36:40.256 \longrightarrow 00:36:42.530$ overnight shift and JP who's on the call

 $00:36:42.530 \longrightarrow 00:36:44.120$ was my for the first night shift.

NOTE Confidence: 0.93608296

00:36:44.120 --> 00:36:46.160 You do, you have a like P GY4 buddy who

NOTE Confidence: 0.93608296

 $00:36:46.212 \longrightarrow 00:36:48.151$ kind of walks you through your first

NOTE Confidence: 0.93608296

 $00:36:48.151 \longrightarrow 00:36:50.424$ stroke codes and your first Ed consoles.

NOTE Confidence: 0.93608296

 $00:36:50.424 \longrightarrow 00:36:53.880$ And I found that to be incredibly helpful.

NOTE Confidence: 0.93608296

 $00:36:53.880 \longrightarrow 00:36:56.862$ And then even just little things when

NOTE Confidence: 0.93608296

00:36:56.862 --> 00:36:59.000 you know you're you're worried about

NOTE Confidence: 0.93608296

 $00:36:59.000 \longrightarrow 00:37:00.306$ something horrible that happened

NOTE Confidence: 0.93608296

00:37:00.306 --> 00:37:01.693 or something exciting happened,

NOTE Confidence: 0.93608296

 $00:37:01.693 \longrightarrow 00:37:03.799$ the program is very supportive and

NOTE Confidence: 0.93608296

 $00:37:03.799 \longrightarrow 00:37:06.184$ and the other residents in the program

NOTE Confidence: 0.93608296

 $00:37:06.184 \longrightarrow 00:37:08.134$ will either commiserate with you and

NOTE Confidence: 0.93608296

 $00{:}37{:}08.134 \dashrightarrow 00{:}37{:}09.862$ tell you about their own experiences

NOTE Confidence: 0.93608296

 $00:37:09.862 \longrightarrow 00:37:11.256$ or they'll be excited for you.

NOTE Confidence: 0.93608296

00:37:11.256 --> 00:37:12.480 And we have a very active,

00:37:12.480 --> 00:37:13.074 you know,

NOTE Confidence: 0.93608296

00:37:13.074 --> 00:37:14.860 WhatsApp where people are constantly shouting

NOTE Confidence: 0.93608296

 $00:37:14.860 \longrightarrow 00:37:16.960$ out each other for positive things.

NOTE Confidence: 0.93608296

 $00:37:16.960 \longrightarrow 00:37:18.556$ So I've been really happy with that.

NOTE Confidence: 0.9289781

00:37:22.120 --> 00:37:24.800 I see some hands up, but JP and Isak,

NOTE Confidence: 0.9289781

 $00:37:24.800 \longrightarrow 00:37:26.876$ you're keeping me on in line.

NOTE Confidence: 0.9289781

 $00:37:26.880 \longrightarrow 00:37:28.200$ Can we go to some of the hands?

NOTE Confidence: 0.93608475

 $00:37:29.710 \longrightarrow 00:37:31.694$ Yeah, I'm trying to the the chat is

NOTE Confidence: 0.93608475

 $00{:}37{:}31.694 \dashrightarrow 00{:}37{:}32.910$ blowing up, so I'm trying to answer.

NOTE Confidence: 0.93608475

 $00:37:32.910 \longrightarrow 00:37:34.030$ Everyone's trying to answer there.

NOTE Confidence: 0.93608475

 $00:37:34.030 \longrightarrow 00:37:35.200$ So I would just go to the hands and

NOTE Confidence: 0.93608475

 $00:37:35.200 \longrightarrow 00:37:36.350$ then we'll do our best in the chat.

NOTE Confidence: 0.93608475

 $00{:}37{:}36.510 \dashrightarrow 00{:}37{:}38.430$ Right. Good. I love the interest.

NOTE Confidence: 0.93608475

 $00:37:38.430 \longrightarrow 00:37:40.509$ We will have a second open house

NOTE Confidence: 0.93608475

 $00:37:40.510 \longrightarrow 00:37:41.504$ in about a week and a half,

NOTE Confidence: 0.93608475

 $00:37:41.510 \longrightarrow 00:37:43.550$ something like that. So but Nega,

00:37:43.550 --> 00:37:44.905 you've been very polite and

NOTE Confidence: 0.93608475

 $00{:}37{:}44.905 \dashrightarrow 00{:}37{:}46.548$ waiting a long time. So go ahead.

NOTE Confidence: 0.93608475

 $00:37:47.350 \longrightarrow 00:37:48.686$ Thank you so much.

NOTE Confidence: 0.93608475

00:37:48.686 --> 00:37:50.690 Thank you so much for very

NOTE Confidence: 0.93608475

 $00:37:50.771 \longrightarrow 00:37:52.629$ informative introduction.

NOTE Confidence: 0.93608475

 $00:37:52.630 \longrightarrow 00:37:54.652$ How often and through what methods

NOTE Confidence: 0.93608475

 $00:37:54.652 \longrightarrow 00:37:56.591$ do you assess the educational

NOTE Confidence: 0.93608475

00:37:56.591 --> 00:37:58.667 progress of their residents?

NOTE Confidence: 0.93127865

 $00:38:01.600 \longrightarrow 00:38:03.380$ Oh man, so residents,

NOTE Confidence: 0.93127865

 $00:38:03.380 \dashrightarrow 00:38:06.050$ what kind of feedback and assessment

NOTE Confidence: 0.93127865

 $00:38:06.130 \longrightarrow 00:38:08.640$ do you get on your progress? What?

NOTE Confidence: 0.93127865

 $00:38:08.640 \longrightarrow 00:38:11.520$ I'd love to hear your perceptions of that.

NOTE Confidence: 0.93127865

 $00{:}38{:}11.520 \dashrightarrow 00{:}38{:}13.319$ It's an area that I'm supposed to be

NOTE Confidence: 0.93127865

 $00:38:13.319 \longrightarrow 00:38:14.920$ an expert on, so hopefully we do. OK,

NOTE Confidence: 0.93127865

 $00:38:20.200 \longrightarrow 00:38:23.160$ feedback. I'll speak briefly on it.

00:38:23.160 --> 00:38:27.880 We get, you know, formal studies

NOTE Confidence: 0.93127865

 $00{:}38{:}27.880 \dashrightarrow 00{:}38{:}31.520$ back through relations that are done

NOTE Confidence: 0.93127865

00:38:31.520 --> 00:38:34.598 by attendings, by our Co residents.

NOTE Confidence: 0.93127865

 $00:38:34.600 \longrightarrow 00:38:37.470$ If you know like for example if

NOTE Confidence: 0.93127865

 $00:38:37.470 \longrightarrow 00:38:40.259$ there's a night resident and the

NOTE Confidence: 0.93127865

00:38:40.259 --> 00:38:42.354 senior wants to provide feedback

NOTE Confidence: 0.93127865

 $00:38:42.354 \longrightarrow 00:38:45.119$ for how the night resident did,

NOTE Confidence: 0.93127865

 $00:38:45.120 \longrightarrow 00:38:47.392$ that's helpful as well.

NOTE Confidence: 0.93127865

 $00:38:47.392 \longrightarrow 00:38:50.800$ There's actual we stress like feedback

NOTE Confidence: 0.93127865

 $00:38:50.900 \longrightarrow 00:38:53.560$ Fridays where the team pulls,

NOTE Confidence: 0.93127865

 $00:38:53.560 \longrightarrow 00:38:54.840$ you know the attending,

NOTE Confidence: 0.93877316

 $00{:}38{:}58.280 \dashrightarrow 00{:}39{:}00.905$ just everyone on the team and just

NOTE Confidence: 0.93877316

 $00:39:00.905 \dashrightarrow 00:39:02.355$ has a conversation with them and

NOTE Confidence: 0.93877316

 $00:39:02.355 \longrightarrow 00:39:03.879$ give some kind of formal feedback.

NOTE Confidence: 0.93877316

 $00:39:03.880 \longrightarrow 00:39:05.842$ Ideally that's constructive that we aim

NOTE Confidence: 0.93877316

 $00:39:05.842 \longrightarrow 00:39:08.435$ for and we actually do teaching sessions

 $00:39:08.435 \longrightarrow 00:39:10.480$ on providing evaluations for feedback.

NOTE Confidence: 0.93877316

 $00:39:10.480 \longrightarrow 00:39:12.520$ I believe from the attend level

NOTE Confidence: 0.93877316

 $00:39:12.520 \longrightarrow 00:39:14.896$ that kind of the faculty work with.

NOTE Confidence: 0.93877316

 $00:39:14.896 \longrightarrow 00:39:17.044$ We have sessions amongst residents on

NOTE Confidence: 0.93877316

 $00:39:17.044 \dashrightarrow 00:39:19.760$ how to give feedback to medical school

NOTE Confidence: 0.93877316

 $00:39:19.833 \longrightarrow 00:39:22.320$ students and then just throughout the

NOTE Confidence: 0.93877316

 $00:39:22.320 \longrightarrow 00:39:28.460$ kind of throughout the full service that

NOTE Confidence: 0.93877316

 $00:39:28.460 \longrightarrow 00:39:30.220$ you're on and the week that you're on,

NOTE Confidence: 0.93877316

 $00{:}39{:}30.220 \dashrightarrow 00{:}39{:}31.255$ there's always opportunities

NOTE Confidence: 0.93877316

 $00:39:31.255 \dashrightarrow 00:39:32.980$ that we are providing feedback.

NOTE Confidence: 0.93877316

 $00:39:32.980 \longrightarrow 00:39:35.108$ We tried to make sure that for our

NOTE Confidence: 0.93877316

 $00:39:35.108 \longrightarrow 00:39:38.060$ presentations with physical exams etcetera.

NOTE Confidence: 0.93877316

 $00:39:38.060 \longrightarrow 00:39:39.705$ So there are a lot of opportunities

NOTE Confidence: 0.93877316

00:39:39.705 --> 00:39:41.724 and a lot of means for providing

NOTE Confidence: 0.93877316

 $00:39:41.724 \longrightarrow 00:39:42.980$ feedback and it's always,

 $00:39:42.980 \longrightarrow 00:39:46.044$ you know, with the focus of aiming

NOTE Confidence: 0.93877316

 $00:39:46.044 \longrightarrow 00:39:48.060$ for growth rather than,

NOTE Confidence: 0.93877316

 $00:39:48.060 \longrightarrow 00:39:51.259$ you know, a means of

NOTE Confidence: 0.9272121

 $00:39:53.950 \longrightarrow 00:39:55.228$ from a negative kind of standpoint.

NOTE Confidence: 0.9272121

 $00:39:57.350 \longrightarrow 00:40:00.590$ So I think a lot of us do value,

NOTE Confidence: 0.9272121

 $00:40:00.590 \longrightarrow 00:40:02.210$ kind of do the emphasis that

NOTE Confidence: 0.9272121

 $00{:}40{:}02.210 \dashrightarrow 00{:}40{:}05.590$ our program puts on evaluation.

NOTE Confidence: 0.9272121

 $00:40:05.590 \longrightarrow 00:40:06.748$ I hope that answers your question.

NOTE Confidence: 0.9272121

 $00:40:07.790 \longrightarrow 00:40:09.950$ That's great.

NOTE Confidence: 0.9272121

 $00:40:09.950 \longrightarrow 00:40:11.270$ I'm not sure who was next.

NOTE Confidence: 0.9272121

 $00{:}40{:}11.270 \dashrightarrow 00{:}40{:}13.242$ I'm going to go with a room.

NOTE Confidence: 0.9272121

 $00:40:13.242 \longrightarrow 00:40:14.626$ You can go first.

NOTE Confidence: 0.9321213

00:40:17.250 --> 00:40:18.105 Hi, Dr. Mueller.

NOTE Confidence: 0.9321213

00:40:18.105 --> 00:40:19.815 It was a great presentation and

NOTE Confidence: 0.9321213

 $00:40:19.815 \longrightarrow 00:40:21.973$ I really love the fact that you

NOTE Confidence: 0.9321213

 $00:40:21.973 \longrightarrow 00:40:23.834$ bought the residents in to speak

 $00:40:23.834 \longrightarrow 00:40:25.610$ for their own experience and having

NOTE Confidence: 0.9321213

00:40:25.610 --> 00:40:27.930 been to Yale, it is, I'm still

NOTE Confidence: 0.9321213

00:40:27.930 --> 00:40:31.330 in all of the opportunities that Yale offers,

NOTE Confidence: 0.9321213

 $00:40:31.770 \longrightarrow 00:40:34.044$ but so maybe I'm kind of

NOTE Confidence: 0.9321213

 $00:40:34.044 \longrightarrow 00:40:36.050$ wondering if there are more.

NOTE Confidence: 0.9321213

 $00:40:36.050 \longrightarrow 00:40:38.810$ So I was wondering if there is

NOTE Confidence: 0.9321213

 $00:40:38.810 \longrightarrow 00:40:40.710$ an opportunity for residents to

NOTE Confidence: 0.9321213

00:40:40.710 --> 00:40:44.638 take either research months off

NOTE Confidence: 0.9321213

 $00:40:44.640 \longrightarrow 00:40:47.279$ or some other elective time off to

NOTE Confidence: 0.9321213

00:40:47.279 --> 00:40:49.879 kind of pursue A master's degree,

NOTE Confidence: 0.9321213

 $00:40:49.880 \longrightarrow 00:40:52.880$ probably like an MPH or something.

NOTE Confidence: 0.9321213

 $00:40:52.880 \longrightarrow 00:40:56.590$ Is there something that allows

NOTE Confidence: 0.9321213

 $00:40:56.590 \longrightarrow 00:40:58.750$ this or has this ever been done in

NOTE Confidence: 0.9321213

 $00:40:58.750 \longrightarrow 00:41:00.760$ the past or something like that?

NOTE Confidence: 0.93163186

00:41:02.680 --> 00:41:04.918 So in terms of graduate training,

 $00:41:04.920 \longrightarrow 00:41:07.145$ residency is pretty short to

NOTE Confidence: 0.93163186

 $00{:}41{:}07.145 \dashrightarrow 00{:}41{:}08.480$ complete graduate training.

NOTE Confidence: 0.93163186

00:41:08.480 --> 00:41:10.350 Some people have started it,

NOTE Confidence: 0.93163186

00:41:10.350 --> 00:41:12.184 but usually there's more time in fellowship.

NOTE Confidence: 0.93163186

 $00:41:12.190 \longrightarrow 00:41:14.110$ We do have a school of public health.

NOTE Confidence: 0.93163186

 $00:41:14.110 \longrightarrow 00:41:16.390$ We have a master's degree in

NOTE Confidence: 0.93163186

 $00:41:16.390 \longrightarrow 00:41:18.015$ education as well, which actually

NOTE Confidence: 0.93163186

00:41:18.015 --> 00:41:20.270 I'm the program director of as well,

NOTE Confidence: 0.93163186

 $00:41:20.270 \longrightarrow 00:41:22.290$ and have mentored many former

NOTE Confidence: 0.93163186

 $00:41:22.290 \longrightarrow 00:41:24.310$ residents and fellows in that.

NOTE Confidence: 0.93163186

 $00:41:24.310 \longrightarrow 00:41:26.050$ But it would be difficult to

NOTE Confidence: 0.93163186

 $00:41:26.050 \longrightarrow 00:41:27.750$ do a graduate degree in time.

NOTE Confidence: 0.93163186

00:41:27.750 --> 00:41:31.330 But we do certainly have structured research,

NOTE Confidence: 0.93163186

 $00:41:31.330 \longrightarrow 00:41:33.650$ elective time. So that's great.

NOTE Confidence: 0.93163186

00:41:33.650 --> 00:41:36.790 Thanks. All right, Okay. Let's see.

NOTE Confidence: 0.93163186

00:41:36.790 --> 00:41:42.550 Thank you. Is it Juliana or Juliana?

00:41:42.550 --> 00:41:44.190 Your hand up was next.

NOTE Confidence: 0.93163186

00:41:44.190 --> 00:41:45.390 Your camera is off right now.

NOTE Confidence: 0.9350057

00:41:48.830 --> 00:41:50.030 How about Aishwarya?

NOTE Confidence: 0.9350057

00:41:53.590 --> 00:41:56.194 Hi, good evening and thank you

NOTE Confidence: 0.9350057

 $00:41:56.194 \longrightarrow 00:41:58.430$ so much for organizing this.

NOTE Confidence: 0.9350057

00:41:58.430 --> 00:42:00.327 I did have a question because you

NOTE Confidence: 0.9350057

00:42:00.327 --> 00:42:01.818 mentioned that you're 3 graduates

NOTE Confidence: 0.9350057

 $00{:}42{:}01.818 \dashrightarrow 00{:}42{:}03.830$ from your global neurology track.

NOTE Confidence: 0.9350057

00:42:03.830 --> 00:42:08.496 But I just, I was curious like have you

NOTE Confidence: 0.9350057

 $00:42:08.496 \longrightarrow 00:42:11.514$ had issues recently with the pandemic

NOTE Confidence: 0.9350057

 $00:42:11.514 \longrightarrow 00:42:14.168$ with implementing the track or if not,

NOTE Confidence: 0.9350057

 $00:42:14.170 \longrightarrow 00:42:15.635$ how would that be implemented

NOTE Confidence: 0.9350057

 $00{:}42{:}15.635 \dashrightarrow 00{:}42{:}16.807$ in some one who's interested

NOTE Confidence: 0.9313118

 $00:42:16.970 \longrightarrow 00:42:18.128$ in global neurology?

NOTE Confidence: 0.9313118

 $00:42:18.850 \longrightarrow 00:42:20.740$ Yeah, we did have an interruption

 $00:42:20.740 \longrightarrow 00:42:22.450$ for a couple of years.

NOTE Confidence: 0.9313118

 $00{:}42{:}22.450 \to 00{:}42{:}25.090$ Our Global Scholars program through

NOTE Confidence: 0.9313118

 $00:42:25.090 \longrightarrow 00:42:27.730$ the Johnson Johnson Global Scholars

NOTE Confidence: 0.9313118

 $00:42:27.813 \longrightarrow 00:42:29.748$ program was basically shut down

NOTE Confidence: 0.9313118

00:42:29.748 --> 00:42:32.730 because it was a two way exchange,

NOTE Confidence: 0.9313118

 $00:42:32.730 \longrightarrow 00:42:34.608$ but that has since restarted and

NOTE Confidence: 0.9313118

00:42:34.608 --> 00:42:36.470 actually one of our residents

NOTE Confidence: 0.9313118

 $00:42:36.470 \longrightarrow 00:42:38.950$ will be going to Uganda in a week.

NOTE Confidence: 0.9313118

 $00:42:38.950 \longrightarrow 00:42:40.430$ Is it a week? Is that when?

NOTE Confidence: 0.9313118

00:42:40.430 --> 00:42:42.919 I think 2 weeks, 02 weeks, OK.

NOTE Confidence: 0.9313118

 $00:42:42.919 \longrightarrow 00:42:45.226$ So one of our residents is going to Uganda

NOTE Confidence: 0.9313118

 $00:42:45.226 \longrightarrow 00:42:47.970$ in the Global health track in two weeks.

NOTE Confidence: 0.9313118

 $00:42:47.970 \longrightarrow 00:42:49.350$ So it's restarted.

NOTE Confidence: 0.9313118

 $00:42:49.350 \longrightarrow 00:42:52.130$ We also have programmer letters

NOTE Confidence: 0.9313118

 $00:42:52.130 \longrightarrow 00:42:54.354$ agreement with multiple institutions

NOTE Confidence: 0.9313118

 $00:42:54.354 \longrightarrow 00:42:58.030$ including the South Petrier in Paris.

00:42:58.030 --> 00:43:00.388 And I think we'll have a couple of residents,

NOTE Confidence: 0.9313118

 $00:43:00.390 \longrightarrow 00:43:02.990$ one or two residents going there this year,

NOTE Confidence: 0.9313118

00:43:02.990 --> 00:43:05.400 hopefully, which would be good.

NOTE Confidence: 0.9313118

 $00:43:05.400 \longrightarrow 00:43:07.722$ You have to know French or at least have

NOTE Confidence: 0.9313118

 $00:43:07.722 \longrightarrow 00:43:09.836$ a passing comfort with French to do that.

NOTE Confidence: 0.93271

00:43:11.200 --> 00:43:12.480 Great. Thank you so much.

NOTE Confidence: 0.93271

 $00:43:17.440 \longrightarrow 00:43:18.520$ Any other questions,

NOTE Confidence: 0.93271

00:43:20.720 --> 00:43:23.360 Victor, see your hands up.

NOTE Confidence: 0.93271

 $00:43:29.640 \longrightarrow 00:43:31.248$ Go ahead, Victor.

NOTE Confidence: 0.93271

00:43:31.248 --> 00:43:32.880 Victor Torres, can you hear me?

NOTE Confidence: 0.93271

 $00:43:33.840 \longrightarrow 00:43:35.600$ Hi, everybody. Good evening. Yeah.

NOTE Confidence: 0.93271

 $00:43:35.680 \longrightarrow 00:43:37.888$ Thanks for having us.

NOTE Confidence: 0.93271

 $00{:}43{:}37.890 \dashrightarrow 00{:}43{:}39.250$ So my question is actually related

NOTE Confidence: 0.93610466

 $00{:}43{:}39.250 \dashrightarrow 00{:}43{:}40.290$ to the Global Health program

NOTE Confidence: 0.93610466

 $00:43:40.290 \longrightarrow 00:43:42.369$ as well. I saw they have many

 $00:43:42.370 \longrightarrow 00:43:44.512$ tracks for residency and I was

NOTE Confidence: 0.93610466

00:43:44.512 --> 00:43:46.237 wondering if it's realistic to

NOTE Confidence: 0.93610466

 $00:43:46.237 \longrightarrow 00:43:48.210$ take on more than one of those.

NOTE Confidence: 0.93610466

00:43:48.210 --> 00:43:50.366 So like for interesting for for example,

NOTE Confidence: 0.93610466

 $00:43:50.370 \longrightarrow 00:43:51.738$ I like the Global Health one.

NOTE Confidence: 0.93610466

 $00:43:51.738 \longrightarrow 00:43:54.042$ I love that you have a research track

NOTE Confidence: 0.93610466

00:43:54.042 --> 00:43:55.662 as well with R-25 opportunities.

NOTE Confidence: 0.93610466

00:43:55.662 --> 00:43:57.830 Do you think it would be realistic

NOTE Confidence: 0.93610466

00:43:57.830 --> 00:43:59.210 to try and pursue both paths?

NOTE Confidence: 0.93610466

 $00:43:59.210 \longrightarrow 00:44:01.130$ What would be your general advice

NOTE Confidence: 0.93610466

 $00:44:01.130 \longrightarrow 00:44:04.049$ on that? Yeah, comes up a lot.

NOTE Confidence: 0.93610466

 $00:44:04.050 \longrightarrow 00:44:06.640$ I think that the tracks and the

NOTE Confidence: 0.93610466

 $00:44:06.640 \longrightarrow 00:44:08.212$ distinction programs with which

NOTE Confidence: 0.93610466

 $00:44:08.212 \longrightarrow 00:44:09.796$ come with criterion certificates

NOTE Confidence: 0.93610466

00:44:09.796 --> 00:44:12.619 and are outlined in on our website,

NOTE Confidence: 0.93610466

 $00:44:12.620 \longrightarrow 00:44:14.780$ It would be hard to do more than one

00:44:14.780 --> 00:44:17.456 of those experiences sort of fully.

NOTE Confidence: 0.93610466

 $00{:}44{:}17.460 \dashrightarrow 00{:}44{:}20.407$ But many people take advantage of many

NOTE Confidence: 0.93610466

00:44:20.407 --> 00:44:21.670 opportunities without necessarily

NOTE Confidence: 0.93610466

 $00:44:21.732 \longrightarrow 00:44:23.285$ being part of a formal track.

NOTE Confidence: 0.93610466

00:44:23.285 --> 00:44:25.570 So I think even if you don't, you know,

NOTE Confidence: 0.93610466

 $00:44:25.570 \longrightarrow 00:44:27.290$ people ask could I be involved in the

NOTE Confidence: 0.93610466

 $00:44:27.337 \longrightarrow 00:44:29.257$ many educational experiences that we have.

NOTE Confidence: 0.93610466

 $00:44:29.260 \longrightarrow 00:44:31.980$ For sure, For sure.

NOTE Confidence: 0.93610466

00:44:31.980 --> 00:44:34.540 That's good, Brandon.

NOTE Confidence: 0.91889286

00:44:36.860 --> 00:44:38.260 Can I can I just jump in?

NOTE Confidence: 0.91889286

 $00{:}44{:}38.260 \dashrightarrow 00{:}44{:}40.178$ Just really quick to answer a question

NOTE Confidence: 0.91889286

 $00{:}44{:}40.178 \dashrightarrow 00{:}44{:}42.138$ that I think will be relevant to.

NOTE Confidence: 0.91889286

00:44:42.140 --> 00:44:44.180 Yes, everyone please.

NOTE Confidence: 0.91889286

00:44:44.180 --> 00:44:47.213 Sorry, Brandon, just one moment because

NOTE Confidence: 0.91889286

00:44:47.213 --> 00:44:51.002 I think I knew and my apologies if

00:44:51.002 --> 00:44:52.898 I'm pronouncing that incorrectly,

NOTE Confidence: 0.91889286

 $00{:}44{:}52.900 \dashrightarrow 00{:}44{:}54.985$ ask about some specialty exposure

NOTE Confidence: 0.91889286

 $00:44:54.985 \longrightarrow 00:44:58.020$ during the P GY2 in three years

NOTE Confidence: 0.91889286

 $00:44:58.020 \longrightarrow 00:44:59.058$ in fellowship application.

NOTE Confidence: 0.91889286

00:44:59.058 --> 00:45:01.935 I know that to get exposure to some

NOTE Confidence: 0.91889286

 $00:45:01.935 \longrightarrow 00:45:04.140$ specialties and which fellowships you want.

NOTE Confidence: 0.91889286

 $00{:}45{:}04.140 \dashrightarrow 00{:}45{:}05.956$ I know that was a big question that

NOTE Confidence: 0.91889286

 $00:45:05.956 \longrightarrow 00:45:07.957$ I asked when I was interviewing and I

NOTE Confidence: 0.91889286

 $00{:}45{:}07.957 \dashrightarrow 00{:}45{:}10.264$ think GAIL does a great job with it and

NOTE Confidence: 0.91889286

 $00:45:10.264 \longrightarrow 00:45:12.175$ it really stress getting us exposures.

NOTE Confidence: 0.91889286

 $00:45:12.175 \longrightarrow 00:45:15.822$ So one way of that is during our clinic

NOTE Confidence: 0.91889286

 $00:45:15.822 \longrightarrow 00:45:18.060$ blocks which happened every six weeks,

NOTE Confidence: 0.91889286

 $00:45:18.060 \longrightarrow 00:45:22.188$ I guess we basically have three

NOTE Confidence: 0.91889286

 $00:45:22.188 \longrightarrow 00:45:24.798$ days out of the week,

NOTE Confidence: 0.91889286

 $00:45:24.800 \longrightarrow 00:45:27.047$ the mornings or the half days we

NOTE Confidence: 0.91889286

00:45:27.047 --> 00:45:28.815 pick a subspecialty of our choice

 $00:45:28.815 \longrightarrow 00:45:31.040$ that we do for a whole six months.

NOTE Confidence: 0.91889286

 $00{:}45{:}31.040 \to 00{:}45{:}33.035$ And until we go to those subspecialty

NOTE Confidence: 0.91889286

 $00:45:33.035 \longrightarrow 00:45:35.090$ clinics of our choosing and then we

NOTE Confidence: 0.91889286

 $00:45:35.090 \longrightarrow 00:45:37.096$ switch the next six months that you

NOTE Confidence: 0.91889286

 $00:45:37.096 \longrightarrow 00:45:38.992$ do that for each of your two years.

NOTE Confidence: 0.91889286

 $00:45:39.000 \longrightarrow 00:45:41.310$ And then within that you have

NOTE Confidence: 0.91889286

 $00:45:41.310 \longrightarrow 00:45:43.967$ elective time for a whole week that

NOTE Confidence: 0.91889286

 $00{:}45{:}43.967 \dashrightarrow 00{:}45{:}45.943$ you have within P GY2 and P GY3

NOTE Confidence: 0.91889286

 $00{:}45{:}45.943 \dashrightarrow 00{:}45{:}47.998$ year for you to get that exposure.

NOTE Confidence: 0.91889286

00:45:48.000 --> 00:45:50.020 You get more elective time

NOTE Confidence: 0.91889286

 $00:45:50.020 \longrightarrow 00:45:52.040$ as the years go on.

NOTE Confidence: 0.91889286

 $00:45:52.040 \longrightarrow 00:45:52.988$ And so you,

NOTE Confidence: 0.91889286

 $00{:}45{:}52.988 \dashrightarrow 00{:}45{:}55.200$ I definitely feel like I've had plenty

NOTE Confidence: 0.91889286

 $00:45:55.266 \longrightarrow 00:45:57.288$ of time to really get exposures.

NOTE Confidence: 0.91889286

 $00:45:57.290 \longrightarrow 00:45:58.562$ And you'll get a sense of a lot

 $00:45:58.562 \longrightarrow 00:45:59.849$ of the inpatient specialties,

NOTE Confidence: 0.91889286

00:45:59.850 --> 00:46:00.530 of course,

NOTE Confidence: 0.93179333

 $00:46:03.410 \longrightarrow 00:46:06.116$ your residency, because that's just a

NOTE Confidence: 0.93179333

 $00:46:06.116 \longrightarrow 00:46:07.890$ given in the outpatient specialties.

NOTE Confidence: 0.93179333

 $00:46:07.890 \longrightarrow 00:46:10.278$ You'll have a lot of time to

NOTE Confidence: 0.93179333

00:46:10.278 --> 00:46:12.013 branch out during that scheduled

NOTE Confidence: 0.93179333

 $00:46:12.013 \longrightarrow 00:46:13.716$ time for your electives elsewhere.

NOTE Confidence: 0.93179333

 $00:46:13.716 \longrightarrow 00:46:16.164$ So I think there's a lot of time

NOTE Confidence: 0.93179333

 $00{:}46{:}16.170 \dashrightarrow 00{:}46{:}17.970$ and I think most people feel

NOTE Confidence: 0.93179333

 $00:46:17.970 \longrightarrow 00:46:19.038$ pretty comfortable with their

NOTE Confidence: 0.93179333

 $00{:}46{:}19.038 \dashrightarrow 00{:}46{:}20.208$ choice going into fellowship year.

NOTE Confidence: 0.9232935

00:46:22.220 --> 00:46:23.260 Sorry, Brandon, thank you. All

NOTE Confidence: 0.9232935

00:46:25.700 --> 00:46:26.444 right, Brandon, thanks for

NOTE Confidence: 0.9232935

00:46:26.444 --> 00:46:28.620 your time. Thanks, Isak. Yeah,

NOTE Confidence: 0.9232935

 $00:46:29.020 \longrightarrow 00:46:30.860$ thank you. No problem.

NOTE Confidence: 0.9232935

 $00{:}46{:}30.860 \dashrightarrow 00{:}46{:}33.380$ So basically, I just wanted to ask

 $00:46:33.380 \longrightarrow 00:46:36.378$ this is a question for the residents.

NOTE Confidence: 0.9232935

 $00:46:36.380 \longrightarrow 00:46:37.700$ Just wanted to ask you,

NOTE Confidence: 0.9232935

00:46:37.700 --> 00:46:40.180 any of you like, what would you say,

NOTE Confidence: 0.9232935

 $00{:}46{:}40.620 \dashrightarrow 00{:}46{:}41.976$ your favorite part of a date

NOTE Confidence: 0.9232935

 $00:46:41.976 \longrightarrow 00:46:43.802$ of your days as a life of a

NOTE Confidence: 0.9232935

00:46:43.802 --> 00:46:45.460 neurology resident? That's it.

NOTE Confidence: 0.9232935

 $00:46:48.940 \longrightarrow 00:46:51.660$ What's a new resident open house

NOTE Confidence: 0.93014234

00:46:56.260 --> 00:46:57.340 Does anyone else want to

NOTE Confidence: 0.93014234

 $00:46:57.340 \longrightarrow 00:46:58.420$ speak or I'll keep speaking

NOTE Confidence: 0.93014234

 $00:46:58.740 \longrightarrow 00:47:00.539$ I can talk a bit about that.

NOTE Confidence: 0.93014234

 $00:47:00.540 \longrightarrow 00:47:05.336$ So I love our, I love my Co residents

NOTE Confidence: 0.93014234

 $00:47:05.340 \longrightarrow 00:47:08.458$ we're one big family and it's really

NOTE Confidence: 0.93014234

 $00{:}47{:}08.458 \dashrightarrow 00{:}47{:}10.691$ nice to see all of the friendships

NOTE Confidence: 0.93014234

00:47:10.691 --> 00:47:12.779 that we have between classes and

NOTE Confidence: 0.93014234

 $00:47:12.779 \longrightarrow 00:47:14.960$ within our I'm sorry excuse me.

 $00:47:14.960 \longrightarrow 00:47:17.288$ And within our class you know it's

NOTE Confidence: 0.93014234

 $00:47:17.288 \longrightarrow 00:47:18.944$ it's really like we're we're we're

NOTE Confidence: 0.93014234

 $00:47:18.944 \longrightarrow 00:47:20.680$ really there to support each other

NOTE Confidence: 0.93014234

 $00:47:20.680 \longrightarrow 00:47:22.506$ and it's really obvious from if you

NOTE Confidence: 0.93014234

00:47:22.506 --> 00:47:24.170 come hang out with us how we all

NOTE Confidence: 0.93014234

 $00:47:24.170 \longrightarrow 00:47:25.730$ get along really really nicely.

NOTE Confidence: 0.93014234

 $00:47:25.730 \longrightarrow 00:47:27.378$ And it's one of the nice things about

NOTE Confidence: 0.93014234

00:47:27.378 --> 00:47:28.910 going to work every day where I'm

NOTE Confidence: 0.93014234

 $00:47:28.910 \longrightarrow 00:47:30.854$ like you know it's nice to go hang out

NOTE Confidence: 0.93014234

 $00:47:30.854 \longrightarrow 00:47:32.654$ with people who you really like and we

NOTE Confidence: 0.93014234

 $00:47:32.654 \longrightarrow 00:47:35.219$ do a lot of stuff outside of work as

NOTE Confidence: 0.93014234

 $00:47:35.219 \longrightarrow 00:47:37.250$ as well you know every so often they

NOTE Confidence: 0.93014234

 $00:47:37.250 \longrightarrow 00:47:39.569$ know Izzy has been organizing beach days.

NOTE Confidence: 0.93014234

 $00:47:39.570 \longrightarrow 00:47:41.054$ There's a lot of there's a lot

NOTE Confidence: 0.93014234

 $00:47:41.054 \longrightarrow 00:47:42.609$ of fun things to do around here.

NOTE Confidence: 0.93014234

00:47:42.610 --> 00:47:44.130 So for example sleeping Giant

 $00:47:44.130 \longrightarrow 00:47:45.650$ is a big hiking park.

NOTE Confidence: 0.93014234

 $00{:}47{:}45.650 \dashrightarrow 00{:}47{:}47.555$ There's an axe throwing location

NOTE Confidence: 0.93014234

00:47:47.555 --> 00:47:49.460 that whenever residents who just

NOTE Confidence: 0.93014234

 $00{:}47{:}49.522 \dashrightarrow 00{:}47{:}51.808$ graduated to keeps organizing trips to.

NOTE Confidence: 0.93014234

 $00{:}47{:}51.810 \dashrightarrow 00{:}47{:}53.292$ I'm going to drag some people

NOTE Confidence: 0.93014234

 $00:47:53.292 \longrightarrow 00:47:54.849$ to the opera later this year.

NOTE Confidence: 0.93014234

 $00:47:54.850 \longrightarrow 00:47:56.082$ So there's a lot of stuff that

NOTE Confidence: 0.93014234

 $00:47:56.082 \longrightarrow 00:47:56.610$ we do together.

NOTE Confidence: 0.93014234

 $00:47:56.610 \longrightarrow 00:47:57.678$ And I, you know,

NOTE Confidence: 0.93014234

00:47:57.678 --> 00:47:59.654 I think it's it just makes your

NOTE Confidence: 0.93014234

 $00:47:59.654 \longrightarrow 00:48:01.478$ day overall so much nicer when

NOTE Confidence: 0.93014234

 $00:48:01.478 \longrightarrow 00:48:03.290$ you know that you're going to be

NOTE Confidence: 0.93014234

 $00{:}48{:}03.290 \dashrightarrow 00{:}48{:}04.490$ in a really supportive collegial

NOTE Confidence: 0.93014234

 $00:48:04.538 \longrightarrow 00:48:05.783$ environment with people that you

NOTE Confidence: 0.93014234

 $00:48:05.783 \longrightarrow 00:48:07.330$ really like and very much trust.

 $00:48:10.010 \longrightarrow 00:48:11.834$ All right. Thank you.

NOTE Confidence: 0.9329827

00:48:11.834 --> 00:48:13.054 Also, you know,

NOTE Confidence: 0.9329827

 $00:48:13.054 \longrightarrow 00:48:17.050$ just to speak on that residency.

NOTE Confidence: 0.9329827

 $00:48:17.050 \longrightarrow 00:48:18.766$ All right. Sorry my son's here.

NOTE Confidence: 0.9329827

 $00:48:18.770 \longrightarrow 00:48:21.518$ He just bust in the room.

NOTE Confidence: 0.9329827

 $00{:}48{:}21.520 \dashrightarrow 00{:}48{:}22.798$ Residency is you know it's going

NOTE Confidence: 0.9329827

 $00:48:22.798 \longrightarrow 00:48:24.250$ to have plenty of times where

NOTE Confidence: 0.9329827

00:48:24.250 --> 00:48:25.358 it's it's pretty difficult.

NOTE Confidence: 0.9329827

 $00{:}48{:}25.360 \dashrightarrow 00{:}48{:}27.664$ So the day in the life you know is

NOTE Confidence: 0.9329827

00:48:27.664 --> 00:48:30.000 is you know it's going to you gotta,

NOTE Confidence: 0.9329827

 $00{:}48{:}30.000 \to 00{:}48{:}31.840$ we got ta talk about it. And so

NOTE Confidence: 0.9318121

 $00:48:35.120 \longrightarrow 00:48:36.730$ you know there are plenty of time

NOTE Confidence: 0.9318121

 $00:48:36.730 \longrightarrow 00:48:38.574$ you have the time to do those things

NOTE Confidence: 0.9318121

 $00:48:38.574 \longrightarrow 00:48:40.442$ that you know we try to get together

NOTE Confidence: 0.9318121

 $00:48:40.442 \longrightarrow 00:48:41.520$ and spend time to each other.

NOTE Confidence: 0.9318121

00:48:41.520 --> 00:48:44.120 But I think most of the time that we spend,

00:48:44.120 --> 00:48:46.368 as with any residency is, you know,

NOTE Confidence: 0.9318121

 $00:48:46.368 \longrightarrow 00:48:47.752$ together, you know, at work.

NOTE Confidence: 0.9318121

 $00:48:47.752 \longrightarrow 00:48:49.608$ And you know, I feel like through

NOTE Confidence: 0.9318121

 $00:48:49.608 \longrightarrow 00:48:51.412$ the rough times that I have had

NOTE Confidence: 0.9318121

 $00:48:51.412 \longrightarrow 00:48:52.882$ and everyone's going to have

NOTE Confidence: 0.9318121

00:48:52.882 --> 00:48:56.380 rough times with nights, etcetera,

NOTE Confidence: 0.9318121

00:48:56.380 --> 00:48:59.579 I've always felt a strong sense of,

NOTE Confidence: 0.9318121

00:48:59.580 --> 00:49:01.698 you know, bond with my residents,

NOTE Confidence: 0.9260013

00:49:04.420 --> 00:49:06.330 my Co residents to get

NOTE Confidence: 0.9260013

 $00:49:06.330 \longrightarrow 00:49:07.858$ me through those times.

NOTE Confidence: 0.9260013

 $00{:}49{:}07.860 \dashrightarrow 00{:}49{:}09.365$ So there are plenty of good times

NOTE Confidence: 0.9260013

 $00{:}49{:}09.365 \dashrightarrow 00{:}49{:}10.978$ and there are plenty of bad times.

NOTE Confidence: 0.9260013

 $00:49:10.980 \longrightarrow 00:49:12.674$ But I think Yale does a really

NOTE Confidence: 0.9260013

 $00:49:12.674 \longrightarrow 00:49:14.469$ good job of bringing a good

NOTE Confidence: 0.9260013

 $00:49:14.469 \longrightarrow 00:49:15.817$ group of people together.

 $00:49:15.820 \longrightarrow 00:49:16.885$ We established those good bums

NOTE Confidence: 0.9260013

 $00:49:16.885 \longrightarrow 00:49:18.180$ to get us through. So, sorry,

NOTE Confidence: 0.9260013

 $00:49:18.180 \longrightarrow 00:49:19.940$ I'm going to go ahead and take care.

NOTE Confidence: 0.89077127

 $00:49:24.260 \longrightarrow 00:49:27.060$ I do want to be conscious of time,

NOTE Confidence: 0.89077127

 $00:49:27.060 \longrightarrow 00:49:30.340$ but those are awesome answers.

NOTE Confidence: 0.89077127

 $00{:}49{:}30.340 --> 00{:}49{:}32.140$ Ahmed, I think you were next.

NOTE Confidence: 0.93999976

00:49:33.690 --> 00:49:35.115 Thank you very much for

NOTE Confidence: 0.93999976

 $00:49:35.115 \longrightarrow 00:49:36.730$ having this open house.

NOTE Confidence: 0.93999976

00:49:36.730 --> 00:49:39.330 I just heard you talking

NOTE Confidence: 0.93999976

 $00:49:39.330 \longrightarrow 00:49:41.730$ about the education program.

NOTE Confidence: 0.93999976

00:49:41.730 --> 00:49:44.768 Is it a separate clinician educator program?

NOTE Confidence: 0.93999976

 $00:49:44.770 \longrightarrow 00:49:46.458$ That's the first question.

NOTE Confidence: 0.93999976

 $00:49:46.458 \longrightarrow 00:49:47.724$ The second question,

NOTE Confidence: 0.93999976

 $00:49:47.730 \longrightarrow 00:49:49.338$ would it be beneficial to have

NOTE Confidence: 0.93999976

00:49:49.338 --> 00:49:51.530 and a master of health profession,

NOTE Confidence: 0.93999976

 $00:49:51.530 \longrightarrow 00:49:53.254$ education from another country

 $00:49:53.254 \longrightarrow 00:49:55.409$ to get into that program,

NOTE Confidence: 0.93999976

00:49:55.410 --> 00:49:56.850 if you can answer that.

NOTE Confidence: 0.93999976

 $00:49:56.850 \longrightarrow 00:49:57.730$ Thank you very much.

NOTE Confidence: 0.9283245

 $00:49:58.300 \longrightarrow 00:49:59.300$ Yeah, thanks for your questions.

NOTE Confidence: 0.9283245

 $00:49:59.300 \longrightarrow 00:50:00.975$ So this is a clinician

NOTE Confidence: 0.9283245

00:50:00.975 --> 00:50:01.980 educator distinction track.

NOTE Confidence: 0.9283245

 $00:50:01.980 \longrightarrow 00:50:03.900$ It's actually across the hospital and

NOTE Confidence: 0.9283245

 $00:50:03.900 \longrightarrow 00:50:05.931$ across the GME but with components

NOTE Confidence: 0.9283245

 $00{:}50{:}05.931 \dashrightarrow 00{:}50{:}07.744$ that are located in our program.

NOTE Confidence: 0.9283245

 $00:50:07.744 \longrightarrow 00:50:10.007$ And I'm proud to say that a lot of

NOTE Confidence: 0.9283245

 $00{:}50{:}10.007 \dashrightarrow 00{:}50{:}11.512$ the hospital wide clinician educator

NOTE Confidence: 0.9283245

 $00{:}50{:}11.512 \dashrightarrow 00{:}50{:}13.510$ distinction was modeled after some of

NOTE Confidence: 0.9283245

 $00{:}50{:}13.567 \dashrightarrow 00{:}50{:}15.375$ the things that we did in our program.

NOTE Confidence: 0.9283245

 $00:50:15.380 \longrightarrow 00:50:17.468$ So we were we led from the front with

NOTE Confidence: 0.9283245

 $00:50:17.468 \longrightarrow 00:50:20.381$ that which is really nice and it requires

00:50:20.381 --> 00:50:22.916 no prior training or experience,

NOTE Confidence: 0.9283245

 $00{:}50{:}22.920 \longrightarrow 00{:}50{:}24.155$ just passion and interest and

NOTE Confidence: 0.9283245

 $00:50:24.155 \longrightarrow 00:50:26.051$ you'll be fine if you have prior

NOTE Confidence: 0.9283245

 $00:50:26.051 \longrightarrow 00:50:27.275$ in training and experience.

NOTE Confidence: 0.9283245

 $00:50:27.280 \longrightarrow 00:50:29.688$ We've had teachers in our program in the

NOTE Confidence: 0.9283245

 $00:50:29.688 \longrightarrow 00:50:32.436$ past for example and other educators great.

NOTE Confidence: 0.9283245

 $00:50:32.440 \longrightarrow 00:50:34.552$ I think that enriches the experience

NOTE Confidence: 0.9283245

00:50:34.552 --> 00:50:35.960 but certainly not required

NOTE Confidence: 0.9361624

 $00{:}50{:}39.960 \dashrightarrow 00{:}50{:}42.240$ menu chair I think you're next.

NOTE Confidence: 0.9398041

 $00:50:42.970 \longrightarrow 00:50:45.168$ Yeah that was the pronunciation for the.

NOTE Confidence: 0.9398041

 $00{:}50{:}45.170 \dashrightarrow 00{:}50{:}47.998$ So my question was about the value

NOTE Confidence: 0.9398041

 $00:50:47.998 \longrightarrow 00:50:49.840$ of the research in your program.

NOTE Confidence: 0.9398041

 $00:50:49.840 \dashrightarrow 00:50:52.245$ For example do you guys have research

NOTE Confidence: 0.9398041

 $00{:}50{:}52.245 \dashrightarrow 00{:}50{:}55.335$ track program or the residents could

NOTE Confidence: 0.9398041

 $00:50:55.335 \longrightarrow 00:50:57.711$ actually write down grants like

NOTE Confidence: 0.9398041

 $00{:}50{:}57.711 --> 00{:}51{:}00.450$ our 25 grants for the NIH. Yes.

 $00:51:00.450 \longrightarrow 00:51:02.690$ Yeah, we have a sponsored our 25 program.

NOTE Confidence: 0.9398041

 $00:51:02.690 \longrightarrow 00:51:05.735$ We also have a T32 for fellowship

NOTE Confidence: 0.9398041

 $00:51:05.735 \longrightarrow 00:51:08.134$ training and our faculty members

NOTE Confidence: 0.9398041

 $00:51:08.134 \longrightarrow 00:51:10.710$ are among the highest awarded

NOTE Confidence: 0.9398041

 $00:51:10.710 \longrightarrow 00:51:13.360$ grant winners through the NIH.

NOTE Confidence: 0.9398041

 $00:51:13.360 \longrightarrow 00:51:16.314$ We have several sort of top ten

NOTE Confidence: 0.9398041

 $00:51:16.320 \longrightarrow 00:51:18.160$ funded scientists within our

NOTE Confidence: 0.9398041

00:51:18.160 --> 00:51:20.000 department itself in neurology.

NOTE Confidence: 0.9398041

 $00:51:20.000 \longrightarrow 00:51:22.340$ So yes, there's definitely huge

NOTE Confidence: 0.9398041

 $00:51:22.340 \longrightarrow 00:51:24.256$ experiences there and opportunities,

NOTE Confidence: 0.9398041

 $00{:}51{:}24.256 \dashrightarrow 00{:}51{:}26.160$ which is great. Leila,

NOTE Confidence: 0.9338307

00:51:28.800 --> 00:51:32.448 hi. Thank you. I was curious

NOTE Confidence: 0.9338307

00:51:32.448 --> 00:51:34.768 whether in terms of residents,

NOTE Confidence: 0.9338307

 $00{:}51{:}34.768 \dashrightarrow 00{:}51{:}36.476$ how residents are provided

NOTE Confidence: 0.9338307

 $00:51:36.476 \longrightarrow 00:51:38.321$ feedback and evaluation throughout

 $00{:}51{:}38.321 \dashrightarrow 00{:}51{:}41.075$ their residency and I was also

NOTE Confidence: 0.9338307

 $00:51:41.075 \longrightarrow 00:51:43.088$ curious of the support available

NOTE Confidence: 0.9338307

 $00{:}51{:}43.088 \dashrightarrow 00{:}51{:}45.023$ for professional and maybe even

NOTE Confidence: 0.9338307

 $00:51:45.023 \longrightarrow 00:51:47.019$ personal development for residents,

NOTE Confidence: 0.9338307

 $00:51:47.020 \longrightarrow 00:51:48.178$ if someone could speak on that.

NOTE Confidence: 0.9338307

 $00:51:48.740 \longrightarrow 00:51:50.380$ Thank you.

NOTE Confidence: 0.94389856

 $00:51:50.380 \longrightarrow 00:51:52.800$ So anybody have any thoughts

NOTE Confidence: 0.94389856

 $00:51:52.800 \longrightarrow 00:51:54.736$ about support for development?

NOTE Confidence: 0.94389856

 $00{:}51{:}54.740 \dashrightarrow 00{:}51{:}57.015$ Any of our residents who are on,

NOTE Confidence: 0.94389856

 $00:51:57.020 \longrightarrow 00:51:58.990$ who had experiences they could

NOTE Confidence: 0.94389856

 $00{:}51{:}58.990 {\:{\mbox{--}}\!>} 00{:}52{:}01.296$ speak to in terms of professional

NOTE Confidence: 0.94389856

00:52:01.296 --> 00:52:02.640 or personal development support,

NOTE Confidence: 0.9355588

 $00{:}52{:}05.520 \dashrightarrow 00{:}52{:}07.400$ I can mention a little bit and then

NOTE Confidence: 0.9355588

 $00:52:07.600 \longrightarrow 00:52:08.775$ I'd be interested to see

NOTE Confidence: 0.9355588

 $00:52:08.775 \longrightarrow 00:52:09.715$ what other people say.

NOTE Confidence: 0.9355588

 $00:52:09.720 \longrightarrow 00:52:12.080$ But so you are paired

 $00:52:12.080 \longrightarrow 00:52:13.944$ with a mentor essentially,

NOTE Confidence: 0.9355588

 $00:52:13.944 \longrightarrow 00:52:16.491$ right when you start residency and

NOTE Confidence: 0.9355588

 $00:52:16.491 \longrightarrow 00:52:17.968$ so you have this sort of formal

NOTE Confidence: 0.9355588

 $00:52:17.968 \longrightarrow 00:52:19.880$ track to get support and have a mentor.

NOTE Confidence: 0.9355588

 $00:52:19.880 \longrightarrow 00:52:23.046$ And then I find that you you make

NOTE Confidence: 0.9355588

 $00:52:23.046 \longrightarrow 00:52:24.760$ a lot of good because all the

NOTE Confidence: 0.9355588

 $00:52:24.760 \longrightarrow 00:52:26.805$ faculty are so receptive and and

NOTE Confidence: 0.9355588

 $00:52:26.805 \longrightarrow 00:52:29.440$ so open and so nice and kind.

NOTE Confidence: 0.9355588

 $00:52:29.440 \longrightarrow 00:52:31.120$ You make a lot of bonds

NOTE Confidence: 0.9355588

 $00:52:31.120 \longrightarrow 00:52:31.960$ pretty informally too.

NOTE Confidence: 0.9355588

 $00{:}52{:}31.960 \dashrightarrow 00{:}52{:}33.940$ So I had mentioned that you

NOTE Confidence: 0.9355588

 $00:52:33.940 \longrightarrow 00:52:35.260$ know you're within attending

NOTE Confidence: 0.9355588

 $00:52:35.328 \longrightarrow 00:52:37.155$ during the 5:00 PM to 10:00 PM.

NOTE Confidence: 0.9355588

 $00:52:37.160 \longrightarrow 00:52:38.896$ So you meet a lot of attendings that

NOTE Confidence: 0.9355588

 $00:52:38.896 \longrightarrow 00:52:40.669$ way you form connections and certainly

00:52:40.669 --> 00:52:42.595 they're all willing to mentor you,

NOTE Confidence: 0.9355588

00:52:42.600 --> 00:52:44.872 offer advice, you know,

NOTE Confidence: 0.9355588

 $00:52:44.872 \longrightarrow 00:52:48.080$ professionally and also personally.

NOTE Confidence: 0.9355588

00:52:48.080 --> 00:52:48.680 And so I, you know,

NOTE Confidence: 0.9355588

 $00:52:48.680 \longrightarrow 00:52:50.934$ I I feel very lucky that there's

NOTE Confidence: 0.9355588

00:52:50.934 --> 00:52:52.445 definitely some attendings I met

NOTE Confidence: 0.9355588

 $00:52:52.445 \longrightarrow 00:52:54.261$ just by working with them that help

NOTE Confidence: 0.9355588

 $00:52:54.261 \longrightarrow 00:52:56.307$ me with research projects or case

NOTE Confidence: 0.9355588

 $00{:}52{:}56.307 {\:\dashrightarrow\:} 00{:}52{:}58.716$ reports and just give me advice about

NOTE Confidence: 0.9355588

 $00:52:58.716 \longrightarrow 00:53:01.440$ being a resident and even career afterwards.

NOTE Confidence: 0.9355588 00:53:01.440 --> 00:53:01.674 Dr.

NOTE Confidence: 0.9355588

00:53:01.674 --> 00:53:03.078 Schaefer, who's not on this call,

NOTE Confidence: 0.9355588

 $00:53:03.080 \longrightarrow 00:53:04.705$ also set up a Neurology

NOTE Confidence: 0.9355588

 $00{:}53{:}04.705 \dashrightarrow 00{:}53{:}05.984$ Nuts and Bolts podcast,

NOTE Confidence: 0.9355588

00:53:05.984 --> 00:53:07.377 which I would definitely encourage

NOTE Confidence: 0.9355588

 $00:53:07.377 \longrightarrow 00:53:08.439$ you guys all to check out.

 $00:53:08.440 \longrightarrow 00:53:10.680$ But it's essentially about

NOTE Confidence: 0.9355588

 $00:53:10.680 \longrightarrow 00:53:11.800$ professional development.

NOTE Confidence: 0.9355588

 $00:53:11.800 \longrightarrow 00:53:13.000$ And she brings in experts,

NOTE Confidence: 0.9355588

00:53:13.000 --> 00:53:13.646 you know,

NOTE Confidence: 0.9355588

 $00:53:13.646 \longrightarrow 00:53:15.261$ to help with like negotiating

NOTE Confidence: 0.9355588

00:53:15.261 --> 00:53:17.090 contracts in your first job and,

NOTE Confidence: 0.9355588

00:53:17.090 --> 00:53:17.636 you know,

NOTE Confidence: 0.9355588

 $00:53:17.636 \longrightarrow 00:53:19.274$ talks about private practice and academia

NOTE Confidence: 0.9355588

 $00:53:19.274 \longrightarrow 00:53:21.280$ and all these different questions that you

NOTE Confidence: 0.9355588

 $00:53:21.280 \longrightarrow 00:53:23.530$ know often go maybe hidden and unrecognized.

NOTE Confidence: 0.9355588

 $00:53:23.530 \longrightarrow 00:53:25.210$ She lays out very explicitly in the podcast.

NOTE Confidence: 0.9355588

00:53:25.210 --> 00:53:27.156 So I think that was a really

NOTE Confidence: 0.9355588

 $00:53:27.156 \longrightarrow 00:53:28.729$ cool initiative that she started.

NOTE Confidence: 0.9355588

 $00:53:28.730 \longrightarrow 00:53:30.455$ And then in terms of feedback, yeah,

NOTE Confidence: 0.9355588

 $00:53:30.455 \longrightarrow 00:53:31.685$ you, you know, you get feedback.

 $00:53:31.690 \longrightarrow 00:53:32.980$ We have this,

NOTE Confidence: 0.9355588

 $00:53:32.980 \longrightarrow 00:53:34.658$ this portal called Met Hub.

NOTE Confidence: 0.9355588

 $00:53:34.658 \longrightarrow 00:53:36.530$ Essentially you get feedback through there.

NOTE Confidence: 0.9355588

 $00:53:36.530 \longrightarrow 00:53:38.156$ We do feedback Fridays where attendings

NOTE Confidence: 0.9355588

00:53:38.156 --> 00:53:40.210 will talk to you on on Fridays just,

NOTE Confidence: 0.9355588

00:53:40.210 --> 00:53:41.806 you know about your performance that week,

NOTE Confidence: 0.9355588

 $00:53:41.810 \longrightarrow 00:53:44.650$ you know, they're always very complimentary.

NOTE Confidence: 0.9355588

 $00:53:44.650 \longrightarrow 00:53:45.625$ And then also you know,

NOTE Confidence: 0.9355588

 $00:53:45.630 \longrightarrow 00:53:47.922$ things to work on.

NOTE Confidence: 0.9355588

 $00:53:47.922 \longrightarrow 00:53:50.036$ And then the last thing I would say

NOTE Confidence: 0.9355588

 $00{:}53{:}50.036 \dashrightarrow 00{:}53{:}51.715$ is you get a lot of feedback and give

NOTE Confidence: 0.9355588

00:53:51.715 --> 00:53:53.300 a lot of feedback just, you know,

NOTE Confidence: 0.9355588

 $00:53:53.300 \longrightarrow 00:53:55.070$ very directly like with Ron rounds,

NOTE Confidence: 0.9355588

00:53:55.070 --> 00:53:56.190 you know, someone will just point out oh,

NOTE Confidence: 0.9355588

00:53:56.190 --> 00:53:58.024 you know, when you're doing neurologic exam,

NOTE Confidence: 0.9355588

00:53:58.030 --> 00:53:58.522 you know,

 $00:53:58.522 \longrightarrow 00:54:00.350$ try to do this and you'll do the same,

NOTE Confidence: 0.9355588

 $00:54:00.350 \longrightarrow 00:54:00.800$ you know,

NOTE Confidence: 0.9355588

 $00:54:00.800 \longrightarrow 00:54:01.925$ for for medical students and

NOTE Confidence: 0.9355588

00:54:01.925 --> 00:54:03.110 people who are more junior review.

NOTE Confidence: 0.9355588

00:54:03.110 --> 00:54:03.970 And it's probably really,

NOTE Confidence: 0.9355588

 $00:54:03.970 \longrightarrow 00:54:05.530$ I mean it's probably one of the

NOTE Confidence: 0.9355588

 $00:54:05.530 \longrightarrow 00:54:06.892$ most effective ways to get feedback

NOTE Confidence: 0.9355588

00:54:06.892 --> 00:54:08.428 because you just get it in real time.

NOTE Confidence: 0.9355588

 $00:54:08.430 \longrightarrow 00:54:10.180$ So yeah,

NOTE Confidence: 0.9355588

 $00:54:10.180 \longrightarrow 00:54:12.160$ I think it boils down everyone is quite kind.

NOTE Confidence: 0.9355588

 $00:54:12.160 \longrightarrow 00:54:13.408$ All the faculty are really kind

NOTE Confidence: 0.9355588

00:54:13.408 --> 00:54:14.882 and and I think they they make

NOTE Confidence: 0.9355588

 $00{:}54{:}14.882 \dashrightarrow 00{:}54{:}15.860$ an effort of of that.

NOTE Confidence: 0.9355588

 $00:54:15.860 \longrightarrow 00:54:17.652$ And so it's pretty easy to to find people

NOTE Confidence: 0.9355588

 $00:54:17.652 \longrightarrow 00:54:19.234$ that that are willing to help you.

 $00:54:19.240 \longrightarrow 00:54:20.240$ And in all senses,

NOTE Confidence: 0.9303314

 $00{:}54{:}25.040 \dashrightarrow 00{:}54{:}28.248$ well, we're getting close to time and I

NOTE Confidence: 0.9303314

 $00:54:28.248 \longrightarrow 00:54:31.914$ know this is a packed season of open houses.

NOTE Confidence: 0.9303314

 $00:54:31.920 \longrightarrow 00:54:33.600$ I want to thank you all for coming.

NOTE Confidence: 0.9303314

 $00:54:33.600 \longrightarrow 00:54:36.128$ Like I said, this is definitely the most

NOTE Confidence: 0.9303314

00:54:36.128 --> 00:54:38.620 important part of our academic year.

NOTE Confidence: 0.9303314

 $00:54:38.620 \longrightarrow 00:54:41.265$ JP Isak, what's the date of our second one?

NOTE Confidence: 0.9303314

 $00:54:41.270 \longrightarrow 00:54:43.590$ Is it the, I want to say let

NOTE Confidence: 0.92832845

 $00{:}54{:}48.030 \dashrightarrow 00{:}54{:}49.110$ me pull up my calendar,

NOTE Confidence: 0.92832845

 $00:54:49.110 \longrightarrow 00:54:49.750$ let me pull it up.

NOTE Confidence: 0.92832845

00:54:49.750 --> 00:54:52.310 I think it's September 11th. Let

NOTE Confidence: 0.92832845

 $00.54.52.710 \longrightarrow 00.54.54.350$ me just double check.

NOTE Confidence: 0.92832845

 $00:54:54.350 \longrightarrow 00:54:56.350$ It is September 7th, 7th,

NOTE Confidence: 0.92832845

 $00:54:56.990 \longrightarrow 00:54:58.530$ September 7th.

NOTE Confidence: 0.92832845

00:54:58.530 --> 00:55:01.510 Thanks Gina, you'll keep us on track.

NOTE Confidence: 0.92832845

 $00:55:01.510 \longrightarrow 00:55:03.148$ It's a busy time of year.

 $00{:}55{:}03.150 \dashrightarrow 00{:}55{:}06.150$ So we will do one more of these.

NOTE Confidence: 0.92832845

 $00:55:06.150 \longrightarrow 00:55:08.262$ You're welcome to come again if

NOTE Confidence: 0.92832845

 $00:55:08.262 \longrightarrow 00:55:09.670$ there are additional questions.

NOTE Confidence: 0.92832845

 $00:55:09.670 \longrightarrow 00:55:12.400$ And and that is on September 7th

NOTE Confidence: 0.92832845

 $00:55:12.400 \longrightarrow 00:55:15.668$ at 7:00 PM Eastern Daylight Time.

NOTE Confidence: 0.92832845

 $00:55:15.670 \longrightarrow 00:55:17.752$ Love to see you there and also

NOTE Confidence: 0.92832845

00:55:17.752 --> 00:55:19.798 tell your friends if they weren't

NOTE Confidence: 0.92832845

 $00:55:19.798 \longrightarrow 00:55:21.708$ able to attend this year.

NOTE Confidence: 0.92832845

00:55:21.710 --> 00:55:26.838 And like I said our most important part,

NOTE Confidence: 0.92832845

00:55:26.838 --> 00:55:28.590 our favorite thing about the program,

NOTE Confidence: 0.92832845

 $00{:}55{:}28.590 \dashrightarrow 00{:}55{:}29.748$ I think the residents said this,

NOTE Confidence: 0.92832845

 $00:55:29.750 \longrightarrow 00:55:33.030$ it's the residents that's true of me too.

NOTE Confidence: 0.92832845

 $00:55:33.030 \longrightarrow 00:55:36.198$ It's just such a privilege to

NOTE Confidence: 0.92832845

00:55:36.198 --> 00:55:37.866 work with such great people and

NOTE Confidence: 0.92832845

 $00:55:37.866 \longrightarrow 00:55:39.758$ learn from them and see them grow.

 $00:55:39.760 \longrightarrow 00:55:41.800$ I never get tired of that.

NOTE Confidence: 0.92832845

00:55:41.800 --> 00:55:44.136 And you know,

NOTE Confidence: 0.92832845

 $00:55:44.136 \longrightarrow 00:55:46.920$ all of you will be residents very soon.

NOTE Confidence: 0.92832845

 $00:55:46.920 \longrightarrow 00:55:48.726$ And it's it's delightful to see

NOTE Confidence: 0.92832845

 $00:55:48.726 \longrightarrow 00:55:50.520$ that there's so much interest,

NOTE Confidence: 0.92832845

 $00:55:50.520 \longrightarrow 00:55:51.399$ such strong interest.

NOTE Confidence: 0.92832845

 $00:55:51.399 \longrightarrow 00:55:53.157$ And I really appreciate you coming.

NOTE Confidence: 0.92832845

 $00:55:53.160 \longrightarrow 00:55:53.799$ Thanks so much.
