Keith Choate, M.D., Associate Professor of Dermatology, Genetics, and Pathology. Clinical interests: genodermatoses, somatic mosaic disorders, medical dermatology.

Young Choi, M.D., Professor of Pathology and Laboratory Medicine; Director, Bridgeport Hospital Clinical Laboratories. Clinical interests: immunopathology, molecular pathology, and all areas of anatomic and clinical pathology.

Paul Cohen, M.D., Assistant Professor of Pathology; Chair, Bridgeport Hospital Pathology Residency Program at Bridgeport Hospital. Clinical interests: general surgical pathology, thoracic pathology, and gynecologic pathology.

Jose Costa, M.D., Professor of Pathology, Medicine (Medical Oncology), and Orthopaedics and Rehabilitation; Director, Musculoskeletal Tumor Program. Clinical interests: oncologic pathology and molecular diagnostics.

Shawn E. Cowper, M.D., Associate Professor of Dermatology and Pathology. Clinical interests: nephrogenic systemic fibrosis, alopecia, and informatics.

Susan Fernandez, M.D., Assistant Professor of Pathology. Clinical interests: cytopathology and gynecologic pathology.

Karin Finberg, M.D., Ph.D., Assistant Professor of Pathology. Clinical interests: molecular diagnosis of inherited and acquired clinical disorders.

S. David Hudnall, M.D., Professor of Pathology and of Laboratory Medicine; Director, Hematopathology Program. Clinical interests: hematopathology and laboratory hematology.

Pei Hiu, M.D., Ph.D., Professor of Pathology; Director, Gynecologic Pathology; Clinical Director, Molecular Diagnostics Program. Clinical interests: gynecologic pathology, general surgical pathology, and molecular diagnostics.

Peter A. Humphrey, M.D., Professor of Pathology; Director, Genitourinary Pathology. Clinical interests: genitourinary malignancies, especially prostate cancer.

Anita Huttner, M.D., Assistant Professor of Pathology. Clinical interests: neuropathology, stem cell biology, and neurocognitive and neurodevelopmental disorders.

Dhanpat Jain, M.D., Professor of Pathology and Medicine (Digestive Diseases); Director, Gastrointestinal Pathology Program. Clinical interests: GI and liver pathology, including liver tumors; gastrointestinal stromal tumors, prostate cancer risk and mortality, and motility disorders of the bowel.

Anitha Kamath, M.D., Assistant Professor of Pathology. Clinical interests: oncologic pathology (particularly gastrointestinal, breast, gynecologic and genitourinary); applications of molecular diagnostics in tumor pathology and therapeutics.

Michael Kashgarian, M.D., Professor Emeritus of Pathology and Senior Research Scientist. Clinical interests: renal pathology, electron microscopy, and advanced imaging techniques.

Vinita Parkash, M.D., Associate Professor of Pathology. Clinical interests: gynecopathology and genitourinary pathology.

Marguerite Pinto, M.D., Assistant Professor of Pathology. Clinical interests: gynecologic and breast pathology; cytopathology, including fine needle aspiration (FNA).

Gilbert Moeckel, M.D., Ph.D., Associate Professor of Pathology; Director, Renal and EM Laboratory. Clinical interests: renal pathology, progression of interstitial fibrosis, acute kidney cell injury, and renal cell carcinoma microenvironment.

Raffaella Morotti, M.D., Associate Professor of Pathology and of Pediatrics; Director, Pediatric Pathology Program. Clinical interests: perinatal pathology, pathology of solid tumors (pediatric), and pediatric liver.

Jon S. Morrow, M.D., Ph.D., Raymond Yesner Professor of Pathology and Chair, Professor of Molecular, Cellular, and Developmental Biology; Chief of Pathology, Yale-New Haven Hospital. Clinical interests: hematologic and renal disorders.

Irwin Nash, M.D., Clinical Professor of Pathology; Director, Pathology Saint Raphael Campus. Clinical interests: disease of hematopoietic and lymphatic system.

Ugur Ozdemir, M.D., Instructor in Pathology. Clinical interests: breast cancer; mesenchymal and fibroepithelial breast lesions.

Vinita Parkash, M.D., Associate Professor of Pathology. Clinical interests: gynecologic pathology.

Raffaella Morotti, M.D., Associate Professor of Pathology and of Pediatrics; Director, Pediatric Pathology Program. Clinical interests: perinatal pathology, pathology of solid tumors (pediatric), and pediatric liver.

Jon S. Morrow, M.D., Ph.D., Raymond Yesner Professor of Pathology and Chair, Professor of Molecular, Cellular, and Developmental Biology; Chief of Pathology, Yale-New Haven Hospital. Clinical interests: hematologic and renal disorders.

Irwin Nash, M.D., Clinical Professor of Pathology; Director, Pathology Saint Raphael Campus. Clinical interests: disease of hematopoietic and lymphatic system.

Ugur Ozdemir, M.D., Instructor in Pathology. Clinical interests: breast cancer; mesenchymal and fibroepithelial breast lesions.

Pei Hiu, M.D., Ph.D., Professor of Pathology; Director, Gynecologic Pathology; Clinical Director, Molecular Diagnostics Program. Clinical interests: gynecologic pathology, general surgical pathology, and molecular diagnostics.

Peter A. Humphrey, M.D., Professor of Pathology; Director, Genitourinary Pathology. Clinical interests: genitourinary malignancies, especially prostate cancer.

Anita Huttner, M.D., Assistant Professor of Pathology. Clinical interests: neuropathology, stem cell biology, and neurocognitive and neurodevelopmental disorders.

Dhanpat Jain, M.D., Professor of Pathology and Medicine (Digestive Diseases); Director, Gastrointestinal Pathology Program. Clinical interests: GI and liver pathology, including liver tumors; gastrointestinal stromal tumors, prostate cancer risk and mortality, and motility disorders of the bowel.

Anitha Kamath, M.D., Assistant Professor of Pathology. Clinical interests: oncologic pathology (particularly gastrointestinal, breast, gynecologic and genitourinary); applications of molecular diagnostics in tumor pathology and therapeutics.

Michael Kashgarian, M.D., Professor Emeritus of Pathology and Senior Research Scientist. Clinical interests: renal pathology, electron microscopy, and advanced imaging techniques.

Marguerite Pinto, M.D., Assistant Professor of Pathology. Clinical interests: gynecologic and breast pathology; cytopathology, including fine needle aspiration (FNA).

Gilbert Moeckel, M.D., Ph.D., Associate Professor of Pathology; Director, Renal and EM Laboratory. Clinical interests: renal pathology, progression of interstitial fibrosis, acute kidney cell injury, and renal cell carcinoma microenvironment.

Raffaella Morotti, M.D., Associate Professor of Pathology and of Pediatrics; Director, Pediatric Pathology Program. Clinical interests: perinatal pathology, pathology of solid tumors (pediatric), and pediatric liver.

Jon S. Morrow, M.D., Ph.D., Raymond Yesner Professor of Pathology and Chair, Professor of Molecular, Cellular, and Developmental Biology; Chief of Pathology, Yale-New Haven Hospital. Clinical interests: hematologic and renal disorders.

Irwin Nash, M.D., Clinical Professor of Pathology; Director, Pathology Saint Raphael Campus. Clinical interests: disease of hematopoietic and lymphatic system.

Ugur Ozdemir, M.D., Instructor in Pathology. Clinical interests: breast cancer; mesenchymal and fibroepithelial breast lesions.

Vinita Parkash, M.D., Associate Professor of Pathology. Clinical interests: gynecologic pathology.

Raffaella Morotti, M.D., Associate Professor of Pathology and of Pediatrics; Director, Pediatric Pathology Program. Clinical interests: perinatal pathology, pathology of solid tumors (pediatric), and pediatric liver.
