NOTE duration: "00:01:14.7200000"

NOTE recognizability:0.835

NOTE language:en-us

NOTE Confidence: 0.8350565

 $00:00:03.890 \longrightarrow 00:00:05.438$ My name's Harry Sanchez.

NOTE Confidence: 0.8350565

 $00{:}05{:}05{:}438 \dashrightarrow 00{:}00{:}08{:}390$ I'm the director of the autopsy service,

NOTE Confidence: 0.8350565

 $00:00:08.390 \longrightarrow 00:00:10.430$ and along with Marcello Destasio,

NOTE Confidence: 0.8350565

 $00:00:10.430 \longrightarrow 00:00:12.884$ I'm the Co director of the

NOTE Confidence: 0.8350565

00:00:12.884 --> 00:00:14.520 Yale legacy Tissue Donation

NOTE Confidence: 0.8350565

00:00:14.520 --> 00:00:16.160 program. Very much like

NOTE Confidence: 0.8350565

00:00:16.160 --> 00:00:17.390 organ donation programs,

NOTE Confidence: 0.8350565

 $00:00:17.390 \longrightarrow 00:00:19.790$ people who become part of the

NOTE Confidence: 0.8350565

 $00:00:19.790 \longrightarrow 00:00:21.872$ legacy tissue donation program help

NOTE Confidence: 0.8350565

 $00{:}00{:}21.872 \dashrightarrow 00{:}00{:}23.927$ address a pressing medical need.

NOTE Confidence: 0.8350565

 $00{:}00{:}23.930 \dashrightarrow 00{:}00{:}25.562$ By donating their tissue

NOTE Confidence: 0.8350565

 $00:00:25.562 \longrightarrow 00:00:27.194$ after they pass away,

NOTE Confidence: 0.8350565

00:00:27.200 --> 00:00:28.896 donors are providing cancer

NOTE Confidence: 0.8350565

00:00:28.896 --> 00:00:30.168 researchers with invaluable

NOTE Confidence: 0.8350565

 $00:00:30.168 \longrightarrow 00:00:32.200$ tissue that can't be obtained.

NOTE Confidence: 0.8350565

 $00:00:32.200 \longrightarrow 00:00:33.030$ Any other

NOTE Confidence: 0.8320607

 $00:00:33.030 \longrightarrow 00:00:34.590$ way, at any price.

NOTE Confidence: 0.8320607

 $00:00:34.590 \longrightarrow 00:00:35.760$ Clinical scientists have

NOTE Confidence: 0.8320607

 $00:00:35.760 \longrightarrow 00:00:37.580$ many avenues for research,

NOTE Confidence: 0.8320607

00:00:37.580 --> 00:00:38.822 including animal models,

NOTE Confidence: 0.8320607

00:00:38.822 --> 00:00:40.478 cell culture, surgical specimens

NOTE Confidence: 0.8320607

 $00{:}00{:}40.478 \dashrightarrow 00{:}00{:}41.720$ and standard autopsies.

NOTE Confidence: 0.8320607

 $00{:}00{:}41.720 \dashrightarrow 00{:}00{:}44.618$ But each of these has a limitation.

NOTE Confidence: 0.8320607

 $00{:}00{:}44.620 \dashrightarrow 00{:}00{:}46.440$ Tissues that patients donations

NOTE Confidence: 0.8320607

00:00:46.440 --> 00:00:48.260 provide represent an invaluable

NOTE Confidence: 0.8320607

 $00{:}00{:}48.260 \dashrightarrow 00{:}00{:}50.330$ resource for us to understand

NOTE Confidence: 0.8320607

 $00:00:50.330 \longrightarrow 00:00:52.155$ the exact mechanisms by which

NOTE Confidence: 0.8320607

 $00:00:52.155 \longrightarrow 00:00:53.729$ diseases start and progress.

NOTE Confidence: 0.8320607

 $00:00:53.730 \longrightarrow 00:00:54.969$ This program is

NOTE Confidence: 0.8320607

 $00:00:54.970 \longrightarrow 00:00:57.508$ patient driven and completely reliant on

NOTE Confidence: 0.8320607

 $00{:}00{:}57.508 \dashrightarrow 00{:}00{:}59.939$ the incredible generosity of our donors,

NOTE Confidence: 0.8320607

 $00:00:59.940 \longrightarrow 00:01:02.200$ a remarkable act of altruism.

NOTE Confidence: 0.8320607

 $00:01:02.200 \longrightarrow 00:01:04.237$ As the power to advance our understanding

NOTE Confidence: 0.8320607

 $00:01:04.237 \longrightarrow 00:01:06.196$ of cancer biology and the potential to

NOTE Confidence: 0.8320607

 $00{:}01{:}06.196 \dashrightarrow 00{:}01{:}08.020$ change the way we treat cancer, there's

NOTE Confidence: 0.86145425

 $00:01:08.020 \longrightarrow 00:01:09.959$ no way we can thank you enough.
