

**Guoping Cai, M.D.**, Associate Professor of Pathology. Clinical interests: fine needle aspiration (FNA), cytopathology, urologic pathology and thoracic pathology.

**S. David Hudnall, M.D.**, Professor of Pathology and of Laboratory Medicine. Clinical interests: hematopathology and laboratory hematology.

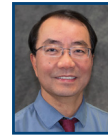

**Gilbert Moeckel, M.D., Ph.D.**, Professor of Pathology; Director, Renal and Transplant Pathology; Director, EM Laboratory. Clinical interests: renal pathology, progression of interstitial fibrosis, acute kidney cell injury, and renal cell carcinoma microenvironment.

**Antonio Subtil-Deoliveira, M.D.**, Associate Professor of Dermatology and Pathology. Clinical interests: cutaneous lymphoproliferative disorders and melanocytic lesions.

**Young Choi, M.D.**, Professor Emeritus of Pathology and Laboratory Medicine. Clinical interests: immunopathology, molecular pathology, and all areas of anatomic and clinical pathology.

**Pei Hui, M.D., Ph.D.**, Professor of Pathology; Director, Gynecologic Pathology; Clinical Director, Molecular Diagnostics Laboratory. Clinical interests: gynecologic pathology, general surgical pathology, and molecular diagnostics.

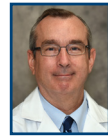

**Raffaella Morotti, M.D.**, Professor of Pathology and of Pediatrics; Director, Pediatric Pathology Program; Associate Director, Autopsy Services. Clinical interests: perinatal pathology, pathology of solid tumors (pediatric), and pediatric liver.

**Zenta Walther, M.D., Ph.D.**, Associate Professor of Pathology; Medical Director, YNH Tumor Profiling Laboratory. Clinical interests: gastrointestinal and liver pathology, molecular diagnostics, and colorectal carcinogenesis.

**Paul Cohen, M.D.**, Assistant Professor of Pathology; Chair, Bridgeport Hospital Pathology; Site Director, Yale Pathology Residency Program at Bridgeport Hospital. Clinical interests: general surgical pathology, thoracic pathology, and gynecologic pathology.

**Peter A. Humphrey, M.D.**, Professor of Pathology; Director, Genitourinary Pathology. Clinical interests: genitourinary malignancies, especially prostate cancer.

**Jon S. Morrow, M.D., Ph.D.**, Raymond Yesner Professor of Pathology and Chair; Professor of Molecular, Cellular, and Developmental Biology; Chief of Pathology, Yale-New Haven Hospital. Clinical interests: hematologic and renal disorders.

**A. Brian West, M.D.**, Professor Emeritus of Pathology and Senior Research Scientist. Clinical interests: pathogenesis and diagnosis of non-neoplastic diseases of the gastrointestinal tract and hepatobiliary system.

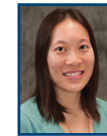

**José Costa, M.D.**, Professor of Pathology and Orthopaedics and Rehabilitation; Director, Autopsy Services; Director, Bone & Soft Tissue Pathology. Clinical interests: oncologic pathology and molecular diagnostics.

**Anita Huttner, M.D.**, Associate Professor of Pathology. Clinical interests: neuropathology, stem cell biology, and neurocognitive and neurodevelopmental disorders.

**Melissa Much, M.D.**, Instructor in Pathology. Clinical interests: hematopathology and surgical pathology.

**Serena Wong, M.D.**, Assistant Professor of Pathology. Clinical interests: breast and gynecologic pathology.

**Shawn E. Cowper, M.D.**, Associate Professor of Dermatology and Pathology. Clinical interests: nephrogenic systemic fibrosis, alopecia, and informatics.

**Dhanpat Jain, M.D.**, Professor of Pathology and Medicine (Digestive Diseases); Director, Gastrointestinal and Liver Pathology Program. Clinical interests: GI and liver pathology, including liver tumors; gastrointestinal stromal tumors, prostate cancer risk and mortality, and motility disorders of the bowel.

**Peggy Myung, M.D.**, Assistant Professor of Dermatology and Pathology. Clinical interests: dermatopathology and clinical dermatology.

**Mina Xu, M.D.**, Assistant Professor of Pathology and Laboratory Medicine; Director, Hematopathology Program. Clinical interests: leukemias, lymphomas, and myeloid neoplastic disorders.

**Susan Fernandez, M.D.**, Assistant Professor of Pathology. Clinical interests: cytopathology and gynecologic pathology.

**Anitha Kamath, M.D.**, Assistant Professor of Pathology. Clinical interests: oncologic pathology (particularly gastrointestinal, breast, gynecologic and genitourinary); applications of molecular diagnostics in tumor pathology and therapeutics.

**Irwin Nash, M.D.**, Clinical Professor of Pathology; Director, Pathology Saint Raphael Campus. Clinical Interests: disease of hematopoietic and lymphatic system.

**Isil Yildiz-Aktas, M.D., M.P.H.**, Instructor in Pathology. Clinical interest: cytopathology.

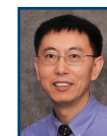

**Karin Finberg, M.D., Ph.D.**, Assistant Professor of Pathology. Clinical interests: molecular diagnosis of inherited and acquired clinical disorders.

**Michael Kashgarian, M.D.**, Professor Emeritus of Pathology and Senior Research Scientist. Clinical interests: renal pathology, electron microscopy, and advanced imaging techniques.

**Ugur Ozerdem, M.D.**, Clinician in Pathology. Clinical interests: breast cancer; mesenchymal and fibroepithelial breast lesions.

**Xuchen Zhang, M.D.**, Assistant Professor of Pathology. Clinical interests: liver and gastrointestinal pathology; thoracic pathology.
