From the OnCore home screen, select “Help” and then “Learning Portal.”

Click the “Clinical Research Management” tab to access training videos and other documentation for OnCore. Also see the “News and Upcoming Events” for Forte sponsored webinars.

Welcome to the OnCore Learning Portal

The OnCore Learning Portal is a one-stop location that provides a wealth of product information and learning resources. Use the OnCore Learning Portal to access:

- product documentation, release notes, and workflow descriptions
- helpful training videos
- webinar overviews, presentations, and schedules

With the release of OnCore 10.0 (scheduled for March 2010), this portal will be directly accessible through OnCore itself.

It’s as easy as 1, 2, 3!

1. Select a Product
2. Choose a Category
3. Select a Resource

**Webinars**

Each OnCore Webinar addresses an aspect of OnCore-CRM functionality, with the topic determined by Onsemble community requests.

Webinars are delivered via the GoToMeeting Web conferencing tool and consist of a demonstration followed by a question and answer session. Use the link above to view a schedule of past and future Webinars, as well as download descriptive overviews and presentation materials.

**Training Videos**

There are over sixty CRM-related training videos, each focused upon a single aspect of OnCore-CRM functionality.

Each video is a brief tutorial, with a narrator discussing and demonstrating how to use OnCore to accomplish a CRM task.

Use the videos to expand (or refresh) your OnCore knowledge.

**Documentation**

OnCore's extensive documentation is designed with the end user in mind. It is written in a Tutorial style, which serves the dual purpose of describing the OnCore application while directing the reader through its use.

**Release Notes**

OnCore Release Notes detail the changes, enhancements, corrected defects, and known issues of each OnCore release.
