We are so pleased that Laura Baker, PhD, Professor of Internal Medicine and Neurology at Wake Forest School of Medicine in Winston-Salem, North Carolina will be joining the Alzheimer's Association CT Chapter and the Yale ADRC for a virtual presentation on June 25th from 6-7:30pm. She is a national leader in the areas of cognitive aging and lifestyle interventions to protect brain health and prevent cognitive decline, Alzheimer's disease and other forms of dementia. Dr. Baker is also the Principal Investigator for the Alzheimer's Association-funded U.S. POINTER Study.

Dr. Christopher Van Dyke, Director of the Yale Alzheimer’s Disease Research Center and Chair of Alzheimer's Association Medical Advisory Council will do an introduction. Please share and register here: https://alz.org/ct/events/virtual-research-presentation-lifestyle-intervent
Virtual Research Presentation

The Body-Brain Connection: Lifestyle Interventions to Reduce the Risk of Cognitive Decline
