

WEBVTT

NOTE duration:"01:15:05"

NOTE recognizability:0.840

NOTE language:en-us

NOTE Confidence: 0.831295442666667

00:00:08.650 --> 00:00:10.710 Welcome to all the medical

NOTE Confidence: 0.831295442666667

00:00:10.710 --> 00:00:12.770 world's a stage human simulation

NOTE Confidence: 0.831295442666667

00:00:12.843 --> 00:00:14.728 at Yale School of Medicine.

NOTE Confidence: 0.831295442666667

00:00:14.730 --> 00:00:16.255 There will be time for Q&A

NOTE Confidence: 0.831295442666667

00:00:16.255 --> 00:00:17.605 at the end of the session.

NOTE Confidence: 0.831295442666667

00:00:17.610 --> 00:00:19.230 Please use the chat feature

NOTE Confidence: 0.831295442666667

00:00:19.230 --> 00:00:20.976 at the bottom of your screen

NOTE Confidence: 0.831295442666667

00:00:20.976 --> 00:00:22.868 to submit any questions.

NOTE Confidence: 0.831295442666667

00:00:22.870 --> 00:00:24.770 This session is being recorded.

NOTE Confidence: 0.42707577

00:00:28.200 --> 00:00:29.490 Hello and welcome

NOTE Confidence: 0.7299781158

00:00:29.500 --> 00:00:33.766 to the third webinar in our New Girl series

NOTE Confidence: 0.7299781158

00:00:33.766 --> 00:00:36.786 Innovation in medical education at YSM.

NOTE Confidence: 0.7299781158

00:00:36.790 --> 00:00:38.915 I'm Jessica Lucy, the deputy Dean for

NOTE Confidence: 0.7299781158

00:00:38.915 --> 00:00:41.134 education and I want to thank you for
NOTE Confidence: 0.7299781158

00:00:41.134 --> 00:00:43.583 taking time out of your day to join us
NOTE Confidence: 0.7299781158

00:00:43.583 --> 00:00:45.767 for a presentation and discussion of how,
NOTE Confidence: 0.7299781158

00:00:45.770 --> 00:00:48.980 why ISM is advancing student learning
NOTE Confidence: 0.7299781158

00:00:48.980 --> 00:00:51.831 in medicine in captivating and
NOTE Confidence: 0.7299781158

00:00:51.831 --> 00:00:54.307 engaging ways through innovation.
NOTE Confidence: 0.7299781158

00:00:54.310 --> 00:00:56.420 As noted, the title of today's
NOTE Confidence: 0.7299781158

00:00:56.420 --> 00:00:58.210 session is all the world,
NOTE Confidence: 0.7299781158

00:00:58.210 --> 00:01:01.274 all the medical world's a stage human
NOTE Confidence: 0.7299781158

00:01:01.274 --> 00:01:04.130 simulation at Yale School of Medicine.
NOTE Confidence: 0.7299781158

00:01:04.130 --> 00:01:06.870 I'd like to now introduce Michael Schwartz,
NOTE Confidence: 0.7299781158

00:01:06.870 --> 00:01:07.968 our associate Dean,
NOTE Confidence: 0.7299781158

00:01:07.968 --> 00:01:10.164 for curriculum and newly appointed Director
NOTE Confidence: 0.7299781158

00:01:10.164 --> 00:01:12.357 of Innovation in Medical Education.
NOTE Confidence: 0.75900068

00:01:16.440 --> 00:01:19.480 Hello everybody, welcome to tonight's
NOTE Confidence: 0.75900068

00:01:19.480 --> 00:01:21.404 presentation in tonight's innovation

NOTE Confidence: 0.75900068

00:01:21.404 --> 00:01:23.156 in medical education webcast,

NOTE Confidence: 0.75900068

00:01:23.160 --> 00:01:26.443 we will highlight the Yale School of

NOTE Confidence: 0.75900068

00:01:26.443 --> 00:01:28.490 Medicine simulated participant program,

NOTE Confidence: 0.75900068

00:01:28.490 --> 00:01:30.709 which is designed to provide students at

NOTE Confidence: 0.75900068

00:01:30.709 --> 00:01:33.080 the Yale School of Medicine with a safe,

NOTE Confidence: 0.75900068

00:01:33.080 --> 00:01:34.310 effective space.

NOTE Confidence: 0.75900068

00:01:34.310 --> 00:01:37.310 In which to acquire, develop,

NOTE Confidence: 0.75900068

00:01:37.310 --> 00:01:40.010 and practice their clinical skills.

NOTE Confidence: 0.75900068

00:01:40.010 --> 00:01:42.422 This program has been an important

NOTE Confidence: 0.75900068

00:01:42.422 --> 00:01:45.130 and integral part of our pedagogical

NOTE Confidence: 0.75900068

00:01:45.130 --> 00:01:48.079 structure of the curriculum since 1993

NOTE Confidence: 0.75900068

00:01:48.079 --> 00:01:50.802 and is currently integrated with in all

NOTE Confidence: 0.75900068

00:01:50.802 --> 00:01:53.750 phases of the medical student training.

NOTE Confidence: 0.75900068

00:01:53.750 --> 00:01:56.324 It has evolved to meet the

NOTE Confidence: 0.75900068

00:01:56.324 --> 00:01:58.915 changing and evolving needs of our

NOTE Confidence: 0.75900068

00:01:58.915 --> 00:02:01.297 curriculum for the last 29 years.
NOTE Confidence: 0.75900068

00:02:01.300 --> 00:02:03.617 Tonight you will hear about this dynamic,
NOTE Confidence: 0.75900068

00:02:03.620 --> 00:02:05.600 creative and educational
NOTE Confidence: 0.75900068

00:02:05.600 --> 00:02:07.580 program from faculty,
NOTE Confidence: 0.75900068

00:02:07.580 --> 00:02:10.886 students and actors within the program.
NOTE Confidence: 0.75900068

00:02:10.890 --> 00:02:12.790 Leading tonight's webcast will
NOTE Confidence: 0.75900068

00:02:12.790 --> 00:02:15.165 be doctor Alan Grace Martin.
NOTE Confidence: 0.75900068

00:02:15.170 --> 00:02:17.324 Doctor Martin has been the director
NOTE Confidence: 0.75900068

00:02:17.324 --> 00:02:19.270 of the Simulated Participant program,
NOTE Confidence: 0.75900068

00:02:19.270 --> 00:02:21.934 which resides in the Yale School of Medicine
NOTE Confidence: 0.75900068

00:02:21.934 --> 00:02:24.530 teaching and Learning Center since 1980.
NOTE Confidence: 0.75900068

00:02:24.530 --> 00:02:27.090 Excuse me since 2018,
NOTE Confidence: 0.75900068

00:02:27.090 --> 00:02:30.359 Doctor Martin is a child in adolescent
NOTE Confidence: 0.75900068

00:02:30.359 --> 00:02:32.730 psychiatrist and a professor in
NOTE Confidence: 0.75900068

00:02:32.730 --> 00:02:35.105 the Yale Child Study Center.
NOTE Confidence: 0.75900068

00:02:35.110 --> 00:02:36.402 In his clinical work,

NOTE Confidence: 0.75900068

00:02:36.402 --> 00:02:38.340 Doctor Martin has served as the

NOTE Confidence: 0.75900068

00:02:38.406 --> 00:02:40.326 medical director of the Children's

NOTE Confidence: 0.75900068

00:02:40.326 --> 00:02:42.906 Psychiatric inpatient service at the

NOTE Confidence: 0.75900068

00:02:42.906 --> 00:02:45.847 Yale New Haven Hospital since 22,000

NOTE Confidence: 0.75900068

00:02:45.847 --> 00:02:48.469 and two and is active internationally,

NOTE Confidence: 0.75900068

00:02:48.470 --> 00:02:50.954 including as a visiting professor in

NOTE Confidence: 0.75900068

00:02:50.954 --> 00:02:53.769 medical education at Tel Aviv University,

NOTE Confidence: 0.75900068

00:02:53.770 --> 00:02:55.030 Faculty of Medicine,

NOTE Confidence: 0.75900068

00:02:55.030 --> 00:02:57.970 where he'll be teaching later this week.

NOTE Confidence: 0.75900068

00:02:57.970 --> 00:03:00.574 Doctor Martin is joining us tonight late

NOTE Confidence: 0.75900068

00:03:00.574 --> 00:03:03.188 in his evening from the Netherlands,

NOTE Confidence: 0.75900068

00:03:03.190 --> 00:03:05.990 where he is working as a PhD

NOTE Confidence: 0.75900068

00:03:05.990 --> 00:03:07.817 candidate in medical education

NOTE Confidence: 0.75900068

00:03:07.817 --> 00:03:10.537 at the University of Gronigen.

NOTE Confidence: 0.75900068

00:03:10.540 --> 00:03:12.184 I know we're all excited to

NOTE Confidence: 0.75900068

00:03:12.184 --> 00:03:13.280 hear about the creative,
NOTE Confidence: 0.75900068

00:03:13.280 --> 00:03:15.340 innovative and effective use of
NOTE Confidence: 0.75900068

00:03:15.340 --> 00:03:16.988 simulated patients within the
NOTE Confidence: 0.75900068

00:03:16.988 --> 00:03:18.679 ysm curriculum tonight,
NOTE Confidence: 0.75900068

00:03:18.680 --> 00:03:20.402 and I'd like to turn the webcast
NOTE Confidence: 0.75900068

00:03:20.402 --> 00:03:21.770 over to Doctor Martin now.
NOTE Confidence: 0.950001

00:03:24.340 --> 00:03:26.692 Thank you so much, Doctor
NOTE Confidence: 0.950001

00:03:26.692 --> 00:03:29.830 Schwartz and I put this background
NOTE Confidence: 0.843206263333333

00:03:29.934 --> 00:03:33.640 on a Van Gogh note to share that I
NOTE Confidence: 0.843206263333333

00:03:33.640 --> 00:03:36.580 am joining you from the Netherlands.
NOTE Confidence: 0.843206263333333

00:03:36.580 --> 00:03:38.720 I am delighted to be here, and,
NOTE Confidence: 0.843206263333333

00:03:38.720 --> 00:03:41.120 you know, wherever Yale goes,
NOTE Confidence: 0.843206263333333

00:03:41.120 --> 00:03:43.580 I go and I know that that is true for
NOTE Confidence: 0.843206263333333

00:03:43.580 --> 00:03:46.359 everybody who is joining me this evening.
NOTE Confidence: 0.843206263333333

00:03:46.360 --> 00:03:50.980 I am delighted to be sharing.
NOTE Confidence: 0.843206263333333

00:03:50.980 --> 00:03:52.225 Maybe showing off.

NOTE Confidence: 0.8432062633333333
00:03:52.225 --> 00:03:54.715 I should say this wonderful program
NOTE Confidence: 0.8432062633333333
00:03:54.720 --> 00:03:57.112 that I had the the real honor and
NOTE Confidence: 0.8432062633333333
00:03:57.112 --> 00:03:58.798 privilege of being the director
NOTE Confidence: 0.8432062633333333
00:03:58.798 --> 00:04:00.920 of together with I should mention
NOTE Confidence: 0.8432062633333333
00:04:00.920 --> 00:04:02.700 her Barbara Hilderbrand who is
NOTE Confidence: 0.8432062633333333
00:04:02.761 --> 00:04:04.780 always in the in the background
NOTE Confidence: 0.8432062633333333
00:04:04.780 --> 00:04:06.460 but always leading everything.
NOTE Confidence: 0.8432062633333333
00:04:06.460 --> 00:04:08.336 And I think that this evening you
NOTE Confidence: 0.8432062633333333
00:04:08.336 --> 00:04:10.777 are in for a treat I think so I know
NOTE Confidence: 0.8432062633333333
00:04:10.777 --> 00:04:12.614 that for me it has been wonderful
NOTE Confidence: 0.8432062633333333
00:04:12.614 --> 00:04:15.246 to get to know one work with this
NOTE Confidence: 0.8432062633333333
00:04:15.246 --> 00:04:17.218 extraordinary cast of characters.
NOTE Confidence: 0.8432062633333333
00:04:17.220 --> 00:04:19.950 Literally you'll be meeting nine
NOTE Confidence: 0.8432062633333333
00:04:19.950 --> 00:04:21.588 of them tonight.
NOTE Confidence: 0.8432062633333333
00:04:21.590 --> 00:04:24.870 And let's get the show on the road.
NOTE Confidence: 0.8432062633333333

00:04:24.870 --> 00:04:28.326 So let's put things into context.
NOTE Confidence: 0.8432062633333333

00:04:28.330 --> 00:04:30.742 We will be talking this evening
NOTE Confidence: 0.8432062633333333

00:04:30.742 --> 00:04:31.948 about human simulation.
NOTE Confidence: 0.8432062633333333

00:04:31.950 --> 00:04:34.418 In the prior installment
NOTE Confidence: 0.8432062633333333

00:04:34.418 --> 00:04:36.886 of this innovation series,
NOTE Confidence: 0.8432062633333333

00:04:36.890 --> 00:04:40.208 you had heard of our simulation efforts,
NOTE Confidence: 0.8432062633333333

00:04:40.210 --> 00:04:45.370 including. Combined machine.
NOTE Confidence: 0.8432062633333333

00:04:45.370 --> 00:04:50.430 Dumb Gadget dolls, medical gizmo,
NOTE Confidence: 0.8432062633333333

00:04:50.430 --> 00:04:51.008 simulations,
NOTE Confidence: 0.8432062633333333

00:04:51.008 --> 00:04:54.476 and the sophistication in that program.
NOTE Confidence: 0.8432062633333333

00:04:54.480 --> 00:04:56.260 There was a cameo appearance
NOTE Confidence: 0.8432062633333333

00:04:56.260 --> 00:04:57.684 there about human simulation,
NOTE Confidence: 0.8432062633333333

00:04:57.690 --> 00:05:00.402 but today's talk is all about
NOTE Confidence: 0.8432062633333333

00:05:00.402 --> 00:05:01.306 human simulation.
NOTE Confidence: 0.8432062633333333

00:05:01.310 --> 00:05:02.418 As Doctor Schwartz mentioned,
NOTE Confidence: 0.8432062633333333

00:05:02.418 --> 00:05:03.526 I am a psychiatrist.

NOTE Confidence: 0.843206263333333

00:05:03.530 --> 00:05:05.070 I am a child psychiatrist.

NOTE Confidence: 0.843206263333333

00:05:05.070 --> 00:05:07.590 I am very interested in helping for

NOTE Confidence: 0.843206263333333

00:05:07.590 --> 00:05:11.000 all of my career in human interaction.

NOTE Confidence: 0.843206263333333

00:05:11.000 --> 00:05:13.422 And there is nothing that can ever

NOTE Confidence: 0.843206263333333

00:05:13.422 --> 00:05:15.400 substitute what a human can do.

NOTE Confidence: 0.843206263333333

00:05:15.400 --> 00:05:19.820 There will never be a machine, a computer.

NOTE Confidence: 0.843206263333333

00:05:19.820 --> 00:05:21.630 Zoom anything that has the

NOTE Confidence: 0.843206263333333

00:05:21.630 --> 00:05:23.588 sophistication of a human and that

NOTE Confidence: 0.843206263333333

00:05:23.588 --> 00:05:25.366 is what this program is all about.

NOTE Confidence: 0.843206263333333

00:05:25.370 --> 00:05:27.386 We're going to be seeing several

NOTE Confidence: 0.843206263333333

00:05:27.386 --> 00:05:29.518 examples of how do we do that?

NOTE Confidence: 0.843206263333333

00:05:29.520 --> 00:05:32.368 Let me give you 2 notes of background

NOTE Confidence: 0.843206263333333

00:05:32.368 --> 00:05:35.097 and then the menu for the evening.

NOTE Confidence: 0.843206263333333

00:05:35.100 --> 00:05:37.230 So the background human simulation

NOTE Confidence: 0.843206263333333

00:05:37.230 --> 00:05:39.360 is a fairly new endeavor.

NOTE Confidence: 0.843206263333333

00:05:39.360 --> 00:05:42.979 It started in 1963 with a neurologist,
NOTE Confidence: 0.8432062633333333

00:05:42.980 --> 00:05:44.015 doctor Howard Barrows,
NOTE Confidence: 0.8432062633333333

00:05:44.015 --> 00:05:46.524 who was at the time in UCLA.
NOTE Confidence: 0.8432062633333333

00:05:46.524 --> 00:05:47.700 If memory serves,
NOTE Confidence: 0.8432062633333333

00:05:47.700 --> 00:05:50.590 or University of South California.
NOTE Confidence: 0.8432062633333333

00:05:50.590 --> 00:05:53.062 And he described in the Seminole
NOTE Confidence: 0.8432062633333333

00:05:53.062 --> 00:05:55.270 paper called the programmed patient
NOTE Confidence: 0.8432062633333333

00:05:55.270 --> 00:05:57.970 and actor who he worked with.
NOTE Confidence: 0.8432062633333333

00:05:57.970 --> 00:05:59.706 Teaching him and I think it was
NOTE Confidence: 0.8432062633333333

00:05:59.706 --> 00:06:01.448 a he the very first one.
NOTE Confidence: 0.8432062633333333

00:06:01.450 --> 00:06:05.446 How to enact this and that?
NOTE Confidence: 0.8432062633333333

00:06:05.450 --> 00:06:08.866 Neurological pathology, paralysis etc.
NOTE Confidence: 0.8432062633333333

00:06:08.866 --> 00:06:13.410 And from there 1963 we're off to the
NOTE Confidence: 0.8432062633333333

00:06:13.410 --> 00:06:15.904 races and all these years later the
NOTE Confidence: 0.8432062633333333

00:06:15.904 --> 00:06:18.568 field of human simulation is an entire world.
NOTE Confidence: 0.8432062633333333

00:06:18.570 --> 00:06:20.178 There are annual meetings.

NOTE Confidence: 0.8432062633333333
00:06:20.178 --> 00:06:21.384 There are journals.
NOTE Confidence: 0.8432062633333333
00:06:21.390 --> 00:06:23.721 There are anything that you can pick
NOTE Confidence: 0.8432062633333333
00:06:23.721 --> 00:06:26.095 from any branch of medicine dedicated
NOTE Confidence: 0.8432062633333333
00:06:26.095 --> 00:06:30.678 to human simulation that was in 1963.
NOTE Confidence: 0.8432062633333333
00:06:30.680 --> 00:06:34.345 30 years later, Yale introduced
NOTE Confidence: 0.8432062633333333
00:06:34.345 --> 00:06:37.248 its program of human simulation.
NOTE Confidence: 0.8432062633333333
00:06:37.248 --> 00:06:39.416 It wasn't all that.
NOTE Confidence: 0.8432062633333333
00:06:39.420 --> 00:06:40.208 Long after,
NOTE Confidence: 0.8432062633333333
00:06:40.208 --> 00:06:42.576 even though they started in 1963,
NOTE Confidence: 0.8432062633333333
00:06:42.576 --> 00:06:45.744 it took a while for the field of
NOTE Confidence: 0.8432062633333333
00:06:45.744 --> 00:06:47.966 medicine broadly to uptake simulation
NOTE Confidence: 0.8432062633333333
00:06:47.966 --> 00:06:51.724 and we did in 1993 with the appointment
NOTE Confidence: 0.8432062633333333
00:06:51.724 --> 00:06:54.179 of Janet Heffler pictured here,
NOTE Confidence: 0.8432062633333333
00:06:54.180 --> 00:06:56.292 who is our director of the
NOTE Confidence: 0.8432062633333333
00:06:56.292 --> 00:06:57.700 Teaching and Learning Center.
NOTE Confidence: 0.8432062633333333

00:06:57.700 --> 00:06:59.760 This was as doctor bullets.
NOTE Confidence: 0.8432062633333333

00:06:59.760 --> 00:07:03.240 Key was ardyn preceding Dr.
NOTE Confidence: 0.8432062633333333

00:07:03.240 --> 00:07:06.360 Lucy and you see their doctor Wick Hessler,
NOTE Confidence: 0.871614388

00:07:06.360 --> 00:07:08.358 who is my predecessor as the
NOTE Confidence: 0.871614388

00:07:08.358 --> 00:07:09.690 director of this program.
NOTE Confidence: 0.871614388

00:07:09.690 --> 00:07:12.125 He built this program and
NOTE Confidence: 0.871614388

00:07:12.125 --> 00:07:14.802 over many years led it to this
NOTE Confidence: 0.871614388

00:07:14.802 --> 00:07:16.014 wonderful foundation that we
NOTE Confidence: 0.871614388

00:07:16.014 --> 00:07:17.958 have now been able to build on.
NOTE Confidence: 0.908122350909091

00:07:20.520 --> 00:07:22.140 If you get the newsletter from
NOTE Confidence: 0.908122350909091

00:07:22.140 --> 00:07:23.780 the Yale School of Medicine,
NOTE Confidence: 0.908122350909091

00:07:23.780 --> 00:07:25.160 you may have noticed or not.
NOTE Confidence: 0.908122350909091

00:07:25.160 --> 00:07:25.960 But let me remind you,
NOTE Confidence: 0.908122350909091

00:07:25.960 --> 00:07:28.030 this is very recent. March 18th,
NOTE Confidence: 0.908122350909091

00:07:28.030 --> 00:07:31.254 we announced the change in name of the
NOTE Confidence: 0.908122350909091

00:07:31.254 --> 00:07:32.956 program from standardized patient program,

NOTE Confidence: 0.908122350909091
00:07:32.956 --> 00:07:35.283 which is what it has been called
NOTE Confidence: 0.908122350909091
00:07:35.283 --> 00:07:36.928 forever and what most programs
NOTE Confidence: 0.908122350909091
00:07:36.928 --> 00:07:38.680 across the country were called,
NOTE Confidence: 0.908122350909091
00:07:38.680 --> 00:07:41.470 standardized, patient.
NOTE Confidence: 0.908122350909091
00:07:41.470 --> 00:07:44.926 To what seems like a minor
NOTE Confidence: 0.908122350909091
00:07:44.926 --> 00:07:46.654 change simulated participant.
NOTE Confidence: 0.908122350909091
00:07:46.660 --> 00:07:48.557 The initials are the same as P,
NOTE Confidence: 0.908122350909091
00:07:48.560 --> 00:07:51.100 but the difference is quite
NOTE Confidence: 0.908122350909091
00:07:51.100 --> 00:07:52.624 intentional and important.
NOTE Confidence: 0.908122350909091
00:07:52.630 --> 00:07:54.454 All of the actors and all
NOTE Confidence: 0.908122350909091
00:07:54.454 --> 00:07:55.670 their roles are simulated.
NOTE Confidence: 0.908122350909091
00:07:55.670 --> 00:07:57.610 They always simulate something,
NOTE Confidence: 0.908122350909091
00:07:57.610 --> 00:07:59.550 but they don't always
NOTE Confidence: 0.908122350909091
00:07:59.550 --> 00:08:01.250 necessarily simulate a patient.
NOTE Confidence: 0.908122350909091
00:08:01.250 --> 00:08:03.710 Sometimes they simulate a doctor,
NOTE Confidence: 0.908122350909091

00:08:03.710 --> 00:08:05.570 a family member and attorney,
NOTE Confidence: 0.908122350909091

00:08:05.570 --> 00:08:06.578 a social worker.
NOTE Confidence: 0.908122350909091

00:08:06.578 --> 00:08:08.930 So they have all sorts of roles,
NOTE Confidence: 0.908122350909091

00:08:08.930 --> 00:08:09.584 not just patients.
NOTE Confidence: 0.908122350909091

00:08:09.584 --> 00:08:11.635 So that's what we change it to, participant.
NOTE Confidence: 0.908122350909091

00:08:11.635 --> 00:08:15.835 And simulate it is an umbrella term that
NOTE Confidence: 0.908122350909091

00:08:15.835 --> 00:08:19.497 includes both simulation and standardization.
NOTE Confidence: 0.908122350909091

00:08:19.500 --> 00:08:21.036 A standardized patient goes
NOTE Confidence: 0.908122350909091

00:08:21.036 --> 00:08:23.340 through a set number of steps.
NOTE Confidence: 0.908122350909091

00:08:23.340 --> 00:08:24.628 Imagine that you're learning
NOTE Confidence: 0.908122350909091

00:08:24.628 --> 00:08:26.238 how to dance the tango.
NOTE Confidence: 0.908122350909091

00:08:26.240 --> 00:08:27.200 You put your foot here.
NOTE Confidence: 0.908122350909091

00:08:27.200 --> 00:08:28.831 You put your foot there and you
NOTE Confidence: 0.908122350909091

00:08:28.831 --> 00:08:30.471 always give the same lesson to
NOTE Confidence: 0.908122350909091

00:08:30.471 --> 00:08:31.956 this person that you're teaching.
NOTE Confidence: 0.908122350909091

00:08:31.960 --> 00:08:34.060 How to dance a tango.

NOTE Confidence: 0.908122350909091
00:08:34.060 --> 00:08:36.559 That's what we do early on in
NOTE Confidence: 0.908122350909091
00:08:36.559 --> 00:08:38.114 medical education later on,
NOTE Confidence: 0.908122350909091
00:08:38.114 --> 00:08:40.616 as our medical students are housestaff,
NOTE Confidence: 0.908122350909091
00:08:40.620 --> 00:08:43.968 our faculty develop more complex activities.
NOTE Confidence: 0.908122350909091
00:08:43.970 --> 00:08:46.406 We go into simulation in which
NOTE Confidence: 0.908122350909091
00:08:46.406 --> 00:08:48.590 the actors have free reign.
NOTE Confidence: 0.908122350909091
00:08:48.590 --> 00:08:50.690 We give them a character to embody,
NOTE Confidence: 0.908122350909091
00:08:50.690 --> 00:08:52.600 and they go wherever the
NOTE Confidence: 0.908122350909091
00:08:52.600 --> 00:08:54.128 action will take them.
NOTE Confidence: 0.908122350909091
00:08:54.130 --> 00:08:55.570 So it's a subtle but
NOTE Confidence: 0.908122350909091
00:08:55.570 --> 00:08:56.722 important change in name.
NOTE Confidence: 0.908122350909091
00:08:56.730 --> 00:08:59.274 And here you see one of the many
NOTE Confidence: 0.908122350909091
00:08:59.274 --> 00:09:01.505 activities in which we are teaching
NOTE Confidence: 0.908122350909091
00:09:01.505 --> 00:09:04.210 some clinical skill with an actor here.
NOTE Confidence: 0.909183455555556
00:09:06.370 --> 00:09:07.770 This is a slide that's
NOTE Confidence: 0.909183455555556

00:09:07.770 --> 00:09:08.890 intentionally old by now.
NOTE Confidence: 0.909183455555556

00:09:08.890 --> 00:09:11.030 This is 2018 to 19,
NOTE Confidence: 0.909183455555556

00:09:11.030 --> 00:09:14.810 at which time we had 35 actors and
NOTE Confidence: 0.909183455555556

00:09:14.810 --> 00:09:18.360 124 educational activities per year.
NOTE Confidence: 0.909183455555556

00:09:18.360 --> 00:09:20.178 This last year, if memory serves,
NOTE Confidence: 0.909183455555556

00:09:20.180 --> 00:09:23.113 we're close to 40 actors and an
NOTE Confidence: 0.909183455555556

00:09:23.113 --> 00:09:25.899 astronomical over 200 activities and it
NOTE Confidence: 0.909183455555556

00:09:25.899 --> 00:09:28.797 just keeps getting bigger and bigger.
NOTE Confidence: 0.909183455555556

00:09:28.800 --> 00:09:30.696 There's great interest in using our
NOTE Confidence: 0.909183455555556

00:09:30.696 --> 00:09:32.789 services and really one of the rate
NOTE Confidence: 0.909183455555556

00:09:32.789 --> 00:09:34.860 limiting steps is how many actors we have
NOTE Confidence: 0.909183455555556

00:09:34.860 --> 00:09:36.778 and how many Barbara Hildebrand's we have.
NOTE Confidence: 0.909183455555556

00:09:36.780 --> 00:09:39.375 We have one Barbara Hilderbrand who is really
NOTE Confidence: 0.909183455555556

00:09:39.375 --> 00:09:41.735 a treasurer who makes all of this work.
NOTE Confidence: 0.909183455555556

00:09:41.740 --> 00:09:45.336 I I really am grateful to her so
NOTE Confidence: 0.909183455555556

00:09:45.336 --> 00:09:47.686 let's talk about this evening's menu.

NOTE Confidence: 0.909183455555556
00:09:47.686 --> 00:09:50.430 We're going to divide it into five parts.
NOTE Confidence: 0.909183455555556
00:09:50.430 --> 00:09:52.824 We're going to start start with
NOTE Confidence: 0.909183455555556
00:09:52.824 --> 00:09:54.420 Jaideep Talwalkar colleague of
NOTE Confidence: 0.909183455555556
00:09:54.484 --> 00:09:56.800 mine who will talk about clinical
NOTE Confidence: 0.909183455555556
00:09:56.800 --> 00:09:58.860 skills training in medical school.
NOTE Confidence: 0.909183455555556
00:09:58.860 --> 00:10:01.940 Throughout the years of training,
NOTE Confidence: 0.909183455555556
00:10:01.940 --> 00:10:04.856 then we're going to have two
NOTE Confidence: 0.909183455555556
00:10:04.856 --> 00:10:06.800 different yet related presentations.
NOTE Confidence: 0.909183455555556
00:10:06.800 --> 00:10:07.733 Both of them,
NOTE Confidence: 0.909183455555556
00:10:07.733 --> 00:10:10.404 and in fact all four of the next
NOTE Confidence: 0.909183455555556
00:10:10.404 --> 00:10:13.323 ones having to do with a minoritized
NOTE Confidence: 0.909183455555556
00:10:13.323 --> 00:10:15.070 or overlooked population.
NOTE Confidence: 0.909183455555556
00:10:15.070 --> 00:10:15.982 The first one,
NOTE Confidence: 0.909183455555556
00:10:15.982 --> 00:10:18.110 and one that I'm particularly proud of
NOTE Confidence: 0.909183455555556
00:10:18.171 --> 00:10:20.409 as a child and adolescent psychiatrist,
NOTE Confidence: 0.909183455555556

00:10:20.410 --> 00:10:21.560 is children.
NOTE Confidence: 0.909183455555556

00:10:21.560 --> 00:10:24.435 Children have not often been
NOTE Confidence: 0.909183455555556

00:10:24.435 --> 00:10:26.160 included in simulation.
NOTE Confidence: 0.909183455555556

00:10:26.160 --> 00:10:28.038 It is difficult to involve children
NOTE Confidence: 0.909183455555556

00:10:28.038 --> 00:10:30.422 for all sorts of legal, etc reasons.
NOTE Confidence: 0.909183455555556

00:10:30.422 --> 00:10:32.177 We're delighted that at Yale,
NOTE Confidence: 0.909183455555556

00:10:32.180 --> 00:10:34.238 we've been able to involve children and
NOTE Confidence: 0.909183455555556

00:10:34.238 --> 00:10:35.919 adolescents for the past two years.
NOTE Confidence: 0.909183455555556

00:10:35.920 --> 00:10:38.180 We're really excited about that.
NOTE Confidence: 0.909183455555556

00:10:38.180 --> 00:10:39.890 I should also add that this will be the
NOTE Confidence: 0.909183455555556

00:10:39.890 --> 00:10:41.558 first of two presentations this evening,
NOTE Confidence: 0.909183455555556

00:10:41.560 --> 00:10:43.954 led by a soon to be alum
NOTE Confidence: 0.909183455555556

00:10:43.954 --> 00:10:46.120 of Yale School of Medicine,
NOTE Confidence: 0.909183455555556

00:10:46.120 --> 00:10:48.892 we will have two such individuals who
NOTE Confidence: 0.909183455555556

00:10:48.892 --> 00:10:50.898 will introduce themselves in a second.
NOTE Confidence: 0.909183455555556

00:10:50.900 --> 00:10:52.675 The substance use disorder segment

NOTE Confidence: 0.909183455555556
00:10:52.675 --> 00:10:54.837 that we're going to talk about
NOTE Confidence: 0.909183455555556
00:10:54.837 --> 00:10:56.745 at Brian Foyer line and expert.
NOTE Confidence: 0.909183455555556
00:10:56.750 --> 00:10:57.761 In substance use,
NOTE Confidence: 0.909183455555556
00:10:57.761 --> 00:11:00.630 we'll talk about that and Betsy Beth Castro,
NOTE Confidence: 0.909183455555556
00:11:00.630 --> 00:11:03.150 one of our very talented actors,
NOTE Confidence: 0.909183455555556
00:11:03.150 --> 00:11:04.774 will tell us what it's all about
NOTE Confidence: 0.909183455555556
00:11:04.774 --> 00:11:05.870 to be an actor.
NOTE Confidence: 0.909183455555556
00:11:05.870 --> 00:11:08.804 In this program, you will see her in action,
NOTE Confidence: 0.909183455555556
00:11:08.810 --> 00:11:11.915 and then you will see her as a person.
NOTE Confidence: 0.909183455555556
00:11:11.920 --> 00:11:13.901 The last two presentations are going to
NOTE Confidence: 0.909183455555556
00:11:13.901 --> 00:11:16.397 be more on the research side of things,
NOTE Confidence: 0.909183455555556
00:11:16.400 --> 00:11:18.188 but it's clinical research.
NOTE Confidence: 0.909183455555556
00:11:18.188 --> 00:11:20.423 It's applied research and its
NOTE Confidence: 0.909183455555556
00:11:20.423 --> 00:11:22.838 research that has real life or death,
NOTE Confidence: 0.909183455555556
00:11:22.840 --> 00:11:26.044 and even I would say existential
NOTE Confidence: 0.909183455555556

00:11:26.044 --> 00:11:26.578 implications.
NOTE Confidence: 0.909183455555556

00:11:26.580 --> 00:11:29.592 The first one in which my colleague,
NOTE Confidence: 0.909183455555556

00:11:29.592 --> 00:11:32.360 Lilia Benoit from Paris, visiting scholar,
NOTE Confidence: 0.909183455555556

00:11:32.360 --> 00:11:34.460 will start and I will close.
NOTE Confidence: 0.909183455555556

00:11:34.460 --> 00:11:37.804 That part has to do with ecological anxiety.
NOTE Confidence: 0.909183455555556

00:11:37.810 --> 00:11:40.757 Small problem that we as physicians have
NOTE Confidence: 0.909183455555556

00:11:40.757 --> 00:11:43.956 been and will be dealing with. A lot.
NOTE Confidence: 0.909183455555556

00:11:43.956 --> 00:11:45.774 This is a real existential threat.
NOTE Confidence: 0.909183455555556

00:11:45.780 --> 00:11:47.620 How do we as individuals?
NOTE Confidence: 0.909183455555556

00:11:47.620 --> 00:11:50.735 How do our youth move from ecological
NOTE Confidence: 0.909183455555556

00:11:50.735 --> 00:11:52.680 anxiety to ecological action?
NOTE Confidence: 0.909183455555556

00:11:52.680 --> 00:11:53.300 And finally,
NOTE Confidence: 0.909183455555556

00:11:53.300 --> 00:11:55.160 we're going to close with transgender
NOTE Confidence: 0.909183455555556

00:11:55.160 --> 00:11:56.670 youth health for this segment,
NOTE Confidence: 0.909183455555556

00:11:56.670 --> 00:11:58.860 we're going to have three percenters.
NOTE Confidence: 0.909183455555556

00:11:58.860 --> 00:12:01.569 We are going to have the second soon to

NOTE Confidence: 0.909183455555556

00:12:01.569 --> 00:12:04.968 be alumni alumnus of Yale School of Medicine,

NOTE Confidence: 0.909183455555556

00:12:04.970 --> 00:12:07.004 so I'm delighted that we're going

NOTE Confidence: 0.909183455555556

00:12:07.004 --> 00:12:09.500 to have a medical student sharing.

NOTE Confidence: 0.909183455555556

00:12:09.500 --> 00:12:11.485 Justin Halloran is going to

NOTE Confidence: 0.909183455555556

00:12:11.485 --> 00:12:13.470 be accompanied by the second

NOTE Confidence: 0.872857022142857

00:12:13.548 --> 00:12:15.108 of our actors tonight.

NOTE Confidence: 0.872857022142857

00:12:15.110 --> 00:12:17.605 Jill Celentano and Jill after

NOTE Confidence: 0.872857022142857

00:12:17.605 --> 00:12:20.612 telling us about her experience and

NOTE Confidence: 0.872857022142857

00:12:20.612 --> 00:12:23.162 her role as a simulated participant

NOTE Confidence: 0.872857022142857

00:12:23.162 --> 00:12:25.920 will pass it on to the closer.

NOTE Confidence: 0.872857022142857

00:12:25.920 --> 00:12:27.488 Who's going to be?

NOTE Confidence: 0.872857022142857

00:12:27.488 --> 00:12:30.505 Carol Carol is what this is all about.

NOTE Confidence: 0.872857022142857

00:12:30.510 --> 00:12:33.890 Carol is the parent of a child of a patient

NOTE Confidence: 0.872857022142857

00:12:33.970 --> 00:12:36.875 of someone who has gone through this,

NOTE Confidence: 0.872857022142857

00:12:36.880 --> 00:12:38.553 and Carol will remind us that everything

NOTE Confidence: 0.872857022142857

00:12:38.553 --> 00:12:41.126 that we talk about. Is not theory.
NOTE Confidence: 0.872857022142857

00:12:41.126 --> 00:12:44.030 It's not, you know, thought, experiment.
NOTE Confidence: 0.872857022142857

00:12:44.030 --> 00:12:46.356 It is not theoretical physics.
NOTE Confidence: 0.872857022142857

00:12:46.356 --> 00:12:49.209 It is about lives, it's about children.
NOTE Confidence: 0.872857022142857

00:12:49.209 --> 00:12:50.208 It's about adults.
NOTE Confidence: 0.872857022142857

00:12:50.210 --> 00:12:51.410 It's about patience.
NOTE Confidence: 0.872857022142857

00:12:51.410 --> 00:12:54.210 It's about those we have trained and
NOTE Confidence: 0.872857022142857

00:12:54.210 --> 00:12:57.070 dedicated our professional lives too.
NOTE Confidence: 0.872857022142857

00:12:57.070 --> 00:12:58.666 So without further ado,
NOTE Confidence: 0.872857022142857

00:12:58.666 --> 00:13:01.969 let me introduce to a teacher of so many,
NOTE Confidence: 0.872857022142857

00:13:01.970 --> 00:13:03.785 certainly including myself.
NOTE Confidence: 0.872857022142857

00:13:03.785 --> 00:13:07.156 And this is JD Towcar Jaideep.
NOTE Confidence: 0.872857022142857

00:13:07.156 --> 00:13:08.540 Please take it away.
NOTE Confidence: 0.872857022142857

00:13:09.500 --> 00:13:09.890 Great
NOTE Confidence: 0.908587535

00:13:11.000 --> 00:13:12.260 thanks Andres, thanks for
NOTE Confidence: 0.908587535

00:13:12.260 --> 00:13:14.150 inviting me to highlight some of

NOTE Confidence: 0.908587535

00:13:14.205 --> 00:13:15.777 the work that we do together.

NOTE Confidence: 0.908587535

00:13:15.780 --> 00:13:17.784 So I'm a practicing internist and

NOTE Confidence: 0.908587535

00:13:17.784 --> 00:13:19.838 pediatrician so duly trained in medicine

NOTE Confidence: 0.908587535

00:13:19.838 --> 00:13:21.818 and Pediatrics at the medical school.

NOTE Confidence: 0.908587535

00:13:21.820 --> 00:13:24.043 As as you heard I run the clinical skills

NOTE Confidence: 0.908587535

00:13:24.043 --> 00:13:26.143 program so this is a four year program

NOTE Confidence: 0.908587535

00:13:26.143 --> 00:13:28.011 where students learn about the essential

NOTE Confidence: 0.908587535

00:13:28.011 --> 00:13:30.093 elements of doctoring things like history,

NOTE Confidence: 0.908587535

00:13:30.100 --> 00:13:32.620 physical point of care, ultrasound,

NOTE Confidence: 0.908587535

00:13:32.620 --> 00:13:35.535 clinical reasoning under can you.

NOTE Confidence: 0.908587535

00:13:35.535 --> 00:13:37.460 Can you get onto my first slide there.

NOTE Confidence: 0.908587535

00:13:37.460 --> 00:13:38.648 Thanks just 'cause you.

NOTE Confidence: 0.908587535

00:13:38.648 --> 00:13:40.430 Can see here some of the

NOTE Confidence: 0.908587535

00:13:40.498 --> 00:13:42.418 activities that we do in class.

NOTE Confidence: 0.908587535

00:13:42.420 --> 00:13:45.384 Students work with ESPYs at multiple

NOTE Confidence: 0.908587535

00:13:45.384 --> 00:13:47.360 touchpoints through this curriculum,
NOTE Confidence: 0.908587535

00:13:47.360 --> 00:13:49.043 primarily teaching communication skills,
NOTE Confidence: 0.908587535

00:13:49.043 --> 00:13:51.329 but over the years we've really
NOTE Confidence: 0.908587535

00:13:51.329 --> 00:13:53.277 tried to move away from lectures.
NOTE Confidence: 0.908587535

00:13:53.280 --> 00:13:56.808 The bulk of class time in clinical skills is
NOTE Confidence: 0.908587535

00:13:56.808 --> 00:14:00.109 spent with experiential hands on practice.
NOTE Confidence: 0.908587535

00:14:00.110 --> 00:14:01.832 We've practiced with the thank you
NOTE Confidence: 0.908587535

00:14:01.832 --> 00:14:04.185 with the ESPYs to help students learn
NOTE Confidence: 0.908587535

00:14:04.185 --> 00:14:06.085 the basics of medical interviewing.
NOTE Confidence: 0.908587535

00:14:06.090 --> 00:14:07.806 As you heard, dating back almost
NOTE Confidence: 0.908587535

00:14:07.806 --> 00:14:09.370 30 years for Kessler's tenure,
NOTE Confidence: 0.908587535

00:14:09.370 --> 00:14:10.129 long predating me,
NOTE Confidence: 0.908587535

00:14:10.129 --> 00:14:12.210 but a lot of changed over that time.
NOTE Confidence: 0.908587535

00:14:12.210 --> 00:14:12.804 Most notably,
NOTE Confidence: 0.908587535

00:14:12.804 --> 00:14:14.883 there is a real growing footprint of
NOTE Confidence: 0.908587535

00:14:14.883 --> 00:14:17.047 these sessions in the formal curriculum,

NOTE Confidence: 0.908587535

00:14:17.050 --> 00:14:18.790 since students keep asking for more,

NOTE Confidence: 0.908587535

00:14:18.790 --> 00:14:21.394 they recognize how amazing this is as

NOTE Confidence: 0.908587535

00:14:21.394 --> 00:14:23.449 an educational opportunity during these

NOTE Confidence: 0.908587535

00:14:23.449 --> 00:14:25.649 sessions for basic medical interviewing,

NOTE Confidence: 0.908587535

00:14:25.650 --> 00:14:28.090 students practice interviewing using Smits,

NOTE Confidence: 0.908587535

00:14:28.090 --> 00:14:29.390 patient centered interview model

NOTE Confidence: 0.908587535

00:14:29.390 --> 00:14:31.015 that's based on a textbook.

NOTE Confidence: 0.908587535

00:14:31.020 --> 00:14:32.436 Authored by our Director

NOTE Confidence: 0.908587535

00:14:32.436 --> 00:14:33.498 of Communication Skills,

NOTE Confidence: 0.908587535

00:14:33.500 --> 00:14:35.956 Dr Aug 14 and actors help the students

NOTE Confidence: 0.908587535

00:14:35.956 --> 00:14:38.439 flesh out not just the symptoms story,

NOTE Confidence: 0.908587535

00:14:38.440 --> 00:14:40.360 but we also really emphasize the

NOTE Confidence: 0.908587535

00:14:40.360 --> 00:14:42.010 importance of the personal context

NOTE Confidence: 0.908587535

00:14:42.010 --> 00:14:43.894 and the emotional impact that illness

NOTE Confidence: 0.908587535

00:14:43.894 --> 00:14:45.594 is having on their characters

NOTE Confidence: 0.908587535

00:14:45.594 --> 00:14:47.334 early in the first semester.
NOTE Confidence: 0.908587535

00:14:47.340 --> 00:14:48.660 Faculty observing give feedback.
NOTE Confidence: 0.908587535

00:14:48.660 --> 00:14:50.640 But as students get more experience,
NOTE Confidence: 0.908587535

00:14:50.640 --> 00:14:52.956 the mechanism really shifts to students
NOTE Confidence: 0.908587535

00:14:52.956 --> 00:14:55.335 giving each other feedback and ultimately
NOTE Confidence: 0.908587535

00:14:55.335 --> 00:14:57.260 the ESPYs driving the feedback.
NOTE Confidence: 0.908587535

00:14:57.260 --> 00:14:59.036 The wonderful one of many wonderful
NOTE Confidence: 0.908587535

00:14:59.036 --> 00:15:01.000 things about working with DSPS for these.
NOTE Confidence: 0.908587535

00:15:01.000 --> 00:15:03.226 Early sessions is the realism that
NOTE Confidence: 0.908587535

00:15:03.226 --> 00:15:05.053 they bring, combined with flexibility.
NOTE Confidence: 0.908587535

00:15:05.053 --> 00:15:06.136 Really, I would.
NOTE Confidence: 0.908587535

00:15:06.140 --> 00:15:07.883 I would even use the word permission
NOTE Confidence: 0.908587535

00:15:07.883 --> 00:15:09.349 for students to make mistakes.
NOTE Confidence: 0.908587535

00:15:09.350 --> 00:15:11.125 We encourage students to take
NOTE Confidence: 0.908587535

00:15:11.125 --> 00:15:11.835 timeouts literally.
NOTE Confidence: 0.908587535

00:15:11.840 --> 00:15:14.290 We have them or we do this if they're stuck,

NOTE Confidence: 0.908587535

00:15:14.290 --> 00:15:16.034 or if they need to collect their thoughts.

NOTE Confidence: 0.908587535

00:15:16.040 --> 00:15:18.035 And one of my favorite teaching techniques

NOTE Confidence: 0.908587535

00:15:18.035 --> 00:15:20.241 is to rewind and an example of this

NOTE Confidence: 0.908587535

00:15:20.241 --> 00:15:22.319 would be a student finishes the interview.

NOTE Confidence: 0.908587535

00:15:22.320 --> 00:15:23.356 We start doing feedback.

NOTE Confidence: 0.908587535

00:15:23.356 --> 00:15:26.150 We can go and rewind the interview back to a

NOTE Confidence: 0.908587535

00:15:26.150 --> 00:15:28.300 specific time point to try something again.

NOTE Confidence: 0.908587535

00:15:28.300 --> 00:15:29.344 Try a different approach.

NOTE Confidence: 0.908587535

00:15:29.344 --> 00:15:31.158 Or maybe, maybe the student mumbled

NOTE Confidence: 0.908587535

00:15:31.158 --> 00:15:33.090 their words the first time around.

NOTE Confidence: 0.908587535

00:15:33.090 --> 00:15:34.168 They get to do it over again.

NOTE Confidence: 0.908587535

00:15:34.170 --> 00:15:35.328 They they leave with a real,

NOTE Confidence: 0.908587535

00:15:35.330 --> 00:15:36.658 tangible sense that they've

NOTE Confidence: 0.908587535

00:15:36.658 --> 00:15:37.986 improved in real time.

NOTE Confidence: 0.908587535

00:15:37.990 --> 00:15:39.796 The actors are so versatile and

NOTE Confidence: 0.908587535

00:15:39.796 --> 00:15:41.640 and amazing in their abilities.
NOTE Confidence: 0.908587535

00:15:41.640 --> 00:15:43.359 To pause, shift,
NOTE Confidence: 0.908587535

00:15:43.359 --> 00:15:46.224 and rewind during these sessions.
NOTE Confidence: 0.908587535

00:15:46.230 --> 00:15:47.790 So I've got next slide please,
NOTE Confidence: 0.908587535

00:15:47.790 --> 00:15:50.400 so I've shown you about the
NOTE Confidence: 0.908587535

00:15:50.400 --> 00:15:51.705 introduction introductory sessions,
NOTE Confidence: 0.908587535

00:15:51.710 --> 00:15:53.540 but the curriculum with RSPS
NOTE Confidence: 0.908587535

00:15:53.540 --> 00:15:55.370 has blossomed well beyond that.
NOTE Confidence: 0.908587535

00:15:55.370 --> 00:15:56.318 In recent years,
NOTE Confidence: 0.908587535

00:15:56.318 --> 00:15:57.582 we've developed content that's
NOTE Confidence: 0.908587535

00:15:57.582 --> 00:15:58.530 really critical to
NOTE Confidence: 0.935343720666667

00:15:58.587 --> 00:16:00.217 students in their future patients,
NOTE Confidence: 0.935343720666667

00:16:00.220 --> 00:16:02.140 but really also highlight some of
NOTE Confidence: 0.935343720666667

00:16:02.140 --> 00:16:04.330 the range and skill of the actors.
NOTE Confidence: 0.935343720666667

00:16:04.330 --> 00:16:06.717 All of the students go through the
NOTE Confidence: 0.935343720666667

00:16:06.717 --> 00:16:08.107 advanced Communication Skills Workshop

NOTE Confidence: 0.935343720666667
00:16:08.107 --> 00:16:10.235 and it's part of the capstone course
NOTE Confidence: 0.935343720666667
00:16:10.235 --> 00:16:12.128 that occurs just before graduation.
NOTE Confidence: 0.935343720666667
00:16:12.130 --> 00:16:13.606 We just had it last week.
NOTE Confidence: 0.935343720666667
00:16:13.610 --> 00:16:16.070 Students work through five stations.
NOTE Confidence: 0.935343720666667
00:16:16.070 --> 00:16:16.976 On particularly emotionally
NOTE Confidence: 0.935343720666667
00:16:16.976 --> 00:16:18.788 related topics that they may or
NOTE Confidence: 0.935343720666667
00:16:18.788 --> 00:16:20.577 may not have actually encountered,
NOTE Confidence: 0.935343720666667
00:16:20.580 --> 00:16:21.945 or had any experience with
NOTE Confidence: 0.935343720666667
00:16:21.945 --> 00:16:23.037 on their clinical rotations.
NOTE Confidence: 0.935343720666667
00:16:23.040 --> 00:16:24.552 But as you can see from the
NOTE Confidence: 0.935343720666667
00:16:24.552 --> 00:16:25.859 list here on the screen,
NOTE Confidence: 0.935343720666667
00:16:25.860 --> 00:16:27.525 they certainly will experience these
NOTE Confidence: 0.935343720666667
00:16:27.525 --> 00:16:28.857 things during their residency,
NOTE Confidence: 0.935343720666667
00:16:28.860 --> 00:16:30.996 and the cases are really intense.
NOTE Confidence: 0.935343720666667
00:16:31.000 --> 00:16:33.016 We have created safeguards to be sure
NOTE Confidence: 0.935343720666667

00:16:33.016 --> 00:16:35.326 that both the students and the actors
NOTE Confidence: 0.935343720666667

00:16:35.326 --> 00:16:37.396 have opportunities to debrief and and
NOTE Confidence: 0.935343720666667

00:16:37.458 --> 00:16:39.608 process what they've just experienced,
NOTE Confidence: 0.935343720666667

00:16:39.610 --> 00:16:41.101 and there's a lot more that I
NOTE Confidence: 0.935343720666667

00:16:41.101 --> 00:16:42.449 could say about this workshop,
NOTE Confidence: 0.935343720666667

00:16:42.450 --> 00:16:43.801 but I'm going to direct you to
NOTE Confidence: 0.935343720666667

00:16:43.801 --> 00:16:45.161 some papers that our group has
NOTE Confidence: 0.935343720666667

00:16:45.161 --> 00:16:46.145 written about this exercise.
NOTE Confidence: 0.935343720666667

00:16:46.150 --> 00:16:48.142 As well as just working partnership
NOTE Confidence: 0.935343720666667

00:16:48.142 --> 00:16:49.470 between the clinical skills
NOTE Confidence: 0.935343720666667

00:16:49.528 --> 00:16:51.268 programs and the SP's in general,
NOTE Confidence: 0.935343720666667

00:16:51.270 --> 00:16:53.628 you see some of the references
NOTE Confidence: 0.935343720666667

00:16:53.628 --> 00:16:55.200 here on the slide.
NOTE Confidence: 0.935343720666667

00:16:55.200 --> 00:16:55.827 So the thanks,
NOTE Confidence: 0.935343720666667

00:16:55.827 --> 00:16:57.653 the bulk of our work with SPS and
NOTE Confidence: 0.935343720666667

00:16:57.653 --> 00:16:59.198 clinical skills relates to to

NOTE Confidence: 0.935343720666667
00:16:59.198 --> 00:17:01.060 communication skills which I've highlighted,
NOTE Confidence: 0.935343720666667
00:17:01.060 --> 00:17:02.536 but we've also worked with the
NOTE Confidence: 0.935343720666667
00:17:02.536 --> 00:17:04.162 program to create a series of
NOTE Confidence: 0.935343720666667
00:17:04.162 --> 00:17:05.637 videos related to physical exam.
NOTE Confidence: 0.935343720666667
00:17:05.640 --> 00:17:07.312 Here you see some photos of me and
NOTE Confidence: 0.935343720666667
00:17:07.312 --> 00:17:09.081 Doctor Joe done row who runs our
NOTE Confidence: 0.935343720666667
00:17:09.081 --> 00:17:10.667 physical exam curriculum with some of
NOTE Confidence: 0.935343720666667
00:17:10.667 --> 00:17:12.523 the ESPYs who helped us with these videos.
NOTE Confidence: 0.935343720666667
00:17:12.530 --> 00:17:14.122 There's a whole collection
NOTE Confidence: 0.935343720666667
00:17:14.122 --> 00:17:15.824 available on on this website.
NOTE Confidence: 0.935343720666667
00:17:15.824 --> 00:17:17.454 It's a procedural journal called
NOTE Confidence: 0.935343720666667
00:17:17.454 --> 00:17:19.199 Journal of Visualized Experience.
NOTE Confidence: 0.935343720666667
00:17:19.200 --> 00:17:20.475 If you're interested in seeing
NOTE Confidence: 0.935343720666667
00:17:20.475 --> 00:17:22.090 more of what we've done there,
NOTE Confidence: 0.935343720666667
00:17:22.090 --> 00:17:23.698 you can scan that QR code and it
NOTE Confidence: 0.935343720666667

00:17:23.698 --> 00:17:25.107 will take you to that journal.
NOTE Confidence: 0.935343720666667

00:17:25.110 --> 00:17:25.640 Website.
NOTE Confidence: 0.79167664

00:17:27.900 --> 00:17:29.850 Those videos got a lot unbeknownst
NOTE Confidence: 0.79167664

00:17:29.850 --> 00:17:31.970 as we've reported them pre pandemic.
NOTE Confidence: 0.79167664

00:17:31.970 --> 00:17:33.503 They got a lot of traction in
NOTE Confidence: 0.79167664

00:17:33.503 --> 00:17:35.137 the spring of 2020 when every
NOTE Confidence: 0.79167664

00:17:35.137 --> 00:17:36.973 medical school had to make rapid
NOTE Confidence: 0.79167664

00:17:36.973 --> 00:17:38.358 adjustments due to the pandemic.
NOTE Confidence: 0.79167664

00:17:38.360 --> 00:17:40.142 But the bigger adjustment we made
NOTE Confidence: 0.79167664

00:17:40.142 --> 00:17:42.140 was this new emphasis on telehealth.
NOTE Confidence: 0.79167664

00:17:42.140 --> 00:17:43.708 There was this long period of time
NOTE Confidence: 0.79167664

00:17:43.708 --> 00:17:45.288 when campus was closed to everyone
NOTE Confidence: 0.79167664

00:17:45.288 --> 00:17:46.718 other than students and faculty,
NOTE Confidence: 0.79167664

00:17:46.720 --> 00:17:48.934 and so the ESPYs couldn't join us in person.
NOTE Confidence: 0.79167664

00:17:48.940 --> 00:17:50.900 The positive aspect of this was really
NOTE Confidence: 0.79167664

00:17:50.900 --> 00:17:53.094 forced us to come up with creative

NOTE Confidence: 0.79167664

00:17:53.094 --> 00:17:55.038 solutions to teach about Tele health,

NOTE Confidence: 0.79167664

00:17:55.040 --> 00:17:56.330 some of which were still doing.

NOTE Confidence: 0.79167664

00:17:56.330 --> 00:17:57.870 Now that we're all back in person.

NOTE Confidence: 0.79167664

00:17:57.870 --> 00:17:59.706 At different stages of the pandemic,

NOTE Confidence: 0.79167664

00:17:59.710 --> 00:18:01.804 our teaching setup ranged from students

NOTE Confidence: 0.79167664

00:18:01.804 --> 00:18:04.046 in person with the ESPYs remotely

NOTE Confidence: 0.79167664

00:18:04.046 --> 00:18:06.001 connected on iPads to sessions

NOTE Confidence: 0.79167664

00:18:06.001 --> 00:18:08.013 where everybody was fully remote

NOTE Confidence: 0.79167664

00:18:08.013 --> 00:18:09.948 and everything happened on zoom.

NOTE Confidence: 0.79167664

00:18:09.950 --> 00:18:12.200 We did, of course do some catch up in

NOTE Confidence: 0.79167664

00:18:12.200 --> 00:18:13.908 person work with these students when

NOTE Confidence: 0.79167664

00:18:13.908 --> 00:18:16.328 we were all able to come back safely,

NOTE Confidence: 0.79167664

00:18:16.330 --> 00:18:17.030 but gosh,

NOTE Confidence: 0.79167664

00:18:17.030 --> 00:18:19.130 the ESPYs were just remarkably adaptable.

NOTE Confidence: 0.79167664

00:18:19.130 --> 00:18:21.802 Willing to adjust with us as our tech

NOTE Confidence: 0.79167664

00:18:21.802 --> 00:18:24.019 solutions change often on a weekly basis,
NOTE Confidence: 0.79167664

00:18:24.020 --> 00:18:26.540 and thankfully through both our anecdotal
NOTE Confidence: 0.79167664

00:18:26.540 --> 00:18:28.530 observations of our students and.
NOTE Confidence: 0.79167664

00:18:28.530 --> 00:18:29.320 Formal assessments,
NOTE Confidence: 0.79167664

00:18:29.320 --> 00:18:31.690 they're telling us that the affected
NOTE Confidence: 0.79167664

00:18:31.690 --> 00:18:33.652 students during that period are really
NOTE Confidence: 0.79167664

00:18:33.652 --> 00:18:35.746 still where they ought to be from
NOTE Confidence: 0.79167664

00:18:35.746 --> 00:18:37.526 a clinical still skill standpoint,
NOTE Confidence: 0.79167664

00:18:37.530 --> 00:18:40.038 in large part related to this
NOTE Confidence: 0.79167664

00:18:40.038 --> 00:18:41.710 partnership with the ESPYs.
NOTE Confidence: 0.79167664

00:18:41.710 --> 00:18:42.236 So finally,
NOTE Confidence: 0.79167664

00:18:42.236 --> 00:18:45.296 I'm going to talk about the role of SPS and
NOTE Confidence: 0.79167664

00:18:45.296 --> 00:18:47.088 performance improvement and remediation.
NOTE Confidence: 0.79167664

00:18:47.090 --> 00:18:48.660 We have various mechanisms to
NOTE Confidence: 0.79167664

00:18:48.660 --> 00:18:50.230 identify students who are struggling
NOTE Confidence: 0.79167664

00:18:50.283 --> 00:18:51.567 with their clinical skills.

NOTE Confidence: 0.79167664

00:18:51.570 --> 00:18:53.714 You saw a photo of Doctor Thielen big

NOTE Confidence: 0.79167664

00:18:53.714 --> 00:18:55.849 soccer on one of Andre slide earlier.

NOTE Confidence: 0.79167664

00:18:55.850 --> 00:18:57.746 He's a core member of our Skills team

NOTE Confidence: 0.79167664

00:18:57.746 --> 00:18:59.678 and he leads remediation efforts.

NOTE Confidence: 0.79167664

00:18:59.680 --> 00:19:01.726 Our team works with Andres to

NOTE Confidence: 0.79167664

00:19:01.726 --> 00:19:02.749 develop case scripts,

NOTE Confidence: 0.79167664

00:19:02.750 --> 00:19:05.038 to train the ESPYs to play these roles.

NOTE Confidence: 0.79167664

00:19:05.040 --> 00:19:07.280 These exercisers are often more

NOTE Confidence: 0.79167664

00:19:07.280 --> 00:19:09.072 customized than our typical

NOTE Confidence: 0.79167664

00:19:09.072 --> 00:19:11.078 scenarios since we really target.

NOTE Confidence: 0.79167664

00:19:11.080 --> 00:19:13.834 Targeting the specific needs of the

NOTE Confidence: 0.79167664

00:19:13.834 --> 00:19:15.670 individual student sessions are

NOTE Confidence: 0.79167664

00:19:15.741 --> 00:19:17.626 usually longer and often physical

NOTE Confidence: 0.79167664

00:19:17.626 --> 00:19:20.540 exam is part of these cases as well.

NOTE Confidence: 0.79167664

00:19:20.540 --> 00:19:21.600 So in summary,

NOTE Confidence: 0.79167664

00:19:21.600 --> 00:19:23.630 the faculty and the students are just

NOTE Confidence: 0.79167664

00:19:23.630 --> 00:19:25.930 we're so lucky to have such a close

NOTE Confidence: 0.79167664

00:19:25.930 --> 00:19:27.477 partnership between the SP program

NOTE Confidence: 0.79167664

00:19:27.477 --> 00:19:29.097 and the Clinical Skills program.

NOTE Confidence: 0.79167664

00:19:29.100 --> 00:19:31.012 The ESPYs allow us to come up with

NOTE Confidence: 0.79167664

00:19:31.012 --> 00:19:32.855 all sorts of creative and innovative

NOTE Confidence: 0.79167664

00:19:32.855 --> 00:19:34.485 ways to teach bedside medicine

NOTE Confidence: 0.79167664

00:19:34.485 --> 00:19:36.688 to Yale medical students and the

NOTE Confidence: 0.79167664

00:19:36.688 --> 00:19:38.140 students fully recognize this,

NOTE Confidence: 0.79167664

00:19:38.140 --> 00:19:39.625 routinely commenting on how they

NOTE Confidence: 0.79167664

00:19:39.625 --> 00:19:41.110 really can't tell the difference.

NOTE Confidence: 0.79167664

00:19:41.110 --> 00:19:42.814 That the SPS are actually acting

NOTE Confidence: 0.79167664

00:19:42.814 --> 00:19:43.950 when they're in character.

NOTE Confidence: 0.79167664

00:19:43.950 --> 00:19:45.348 They do their jobs so well.

NOTE Confidence: 0.79167664

00:19:45.350 --> 00:19:46.232 They S fees.

NOTE Confidence: 0.79167664

00:19:46.232 --> 00:19:47.702 Also have a remarkable ability

NOTE Confidence: 0.79167664

00:19:47.702 --> 00:19:49.367 to learn and adapt with us,

NOTE Confidence: 0.79167664

00:19:49.370 --> 00:19:51.498 and they give so much of themselves

NOTE Confidence: 0.79167664

00:19:51.498 --> 00:19:52.410 to student education.

NOTE Confidence: 0.79167664

00:19:52.410 --> 00:19:54.018 They really are our educational partners

NOTE Confidence: 0.79167664

00:19:54.018 --> 00:19:56.470 when it comes to teaching clinical skills.

NOTE Confidence: 0.83664655

00:19:57.730 --> 00:19:58.160 Thank you.

NOTE Confidence: 0.768297535789474

00:20:00.260 --> 00:20:02.164 And thank you jaydeep.

NOTE Confidence: 0.768297535789474

00:20:02.164 --> 00:20:04.544 We're gonna now pass it

NOTE Confidence: 0.768297535789474

00:20:04.544 --> 00:20:07.460 on to one of our very soon

NOTE Confidence: 0.768297535789474

00:20:07.460 --> 00:20:09.272 to be alumni Alex Kimmel.

NOTE Confidence: 0.768297535789474

00:20:09.272 --> 00:20:10.556 Alex take it away.

NOTE Confidence: 0.92259455

00:20:11.830 --> 00:20:13.042 Thank you so much.

NOTE Confidence: 0.92259455

00:20:13.042 --> 00:20:14.830 Hi everyone, my name is Alex.

NOTE Confidence: 0.92259455

00:20:14.830 --> 00:20:17.110 I'm currently a fourth year medical student,

NOTE Confidence: 0.92259455

00:20:17.110 --> 00:20:19.154 but soon to be resident in Pediatrics

NOTE Confidence: 0.92259455

00:20:19.154 --> 00:20:21.410 and I'm so thrilled to be here to
NOTE Confidence: 0.92259455

00:20:21.410 --> 00:20:23.699 talk to you about my thesis project,
NOTE Confidence: 0.92259455

00:20:23.700 --> 00:20:25.968 which was the development of a
NOTE Confidence: 0.92259455

00:20:25.968 --> 00:20:27.500 curriculum focused on teaching
NOTE Confidence: 0.92259455

00:20:27.500 --> 00:20:29.356 medical students and health care
NOTE Confidence: 0.92259455

00:20:29.356 --> 00:20:30.621 professional students in general.
NOTE Confidence: 0.92259455

00:20:30.621 --> 00:20:32.463 How to take care of children
NOTE Confidence: 0.92259455

00:20:32.463 --> 00:20:34.090 with physical disabilities.
NOTE Confidence: 0.92259455

00:20:34.090 --> 00:20:35.587 And I'll start with a little bit
NOTE Confidence: 0.92259455

00:20:35.587 --> 00:20:37.081 of the background on the project
NOTE Confidence: 0.92259455

00:20:37.081 --> 00:20:38.545 and and how I came to this.
NOTE Confidence: 0.92259455

00:20:38.550 --> 00:20:41.084 So I miss born from personal experience,
NOTE Confidence: 0.92259455

00:20:41.090 --> 00:20:42.510 my childhood best friend.
NOTE Confidence: 0.92259455

00:20:42.510 --> 00:20:43.930 Right after we graduated,
NOTE Confidence: 0.92259455

00:20:43.930 --> 00:20:46.051 college had a spinal stroke and has
NOTE Confidence: 0.92259455

00:20:46.051 --> 00:20:48.447 since that time been using a wheelchair.

NOTE Confidence: 0.92259455

00:20:48.450 --> 00:20:51.126 And as I learned a lot from watching

NOTE Confidence: 0.92259455

00:20:51.126 --> 00:20:53.317 her adjust to her new role as

NOTE Confidence: 0.92259455

00:20:53.317 --> 00:20:55.587 a a person with a disability,

NOTE Confidence: 0.92259455

00:20:55.590 --> 00:20:57.456 I was entering the yellow curriculum

NOTE Confidence: 0.92259455

00:20:57.456 --> 00:20:59.750 and felt that I wasn't actually being

NOTE Confidence: 0.92259455

00:20:59.750 --> 00:21:02.421 taught quite as much about how to be

NOTE Confidence: 0.92259455

00:21:02.421 --> 00:21:04.251 a good physician for patients like

NOTE Confidence: 0.92259455

00:21:04.251 --> 00:21:07.085 my friend and how to really care for

NOTE Confidence: 0.92259455

00:21:07.085 --> 00:21:08.617 patients with physical disabilities

NOTE Confidence: 0.92259455

00:21:08.617 --> 00:21:10.707 who have historically experienced

NOTE Confidence: 0.92259455

00:21:10.707 --> 00:21:12.895 inadequate and inequitable care.

NOTE Confidence: 0.92259455

00:21:12.900 --> 00:21:14.468 So I decided to change this and

NOTE Confidence: 0.92259455

00:21:14.468 --> 00:21:16.238 I came up with Doctor Martin,

NOTE Confidence: 0.92259455

00:21:16.240 --> 00:21:17.570 doctor Todd Walker and also

NOTE Confidence: 0.92259455

00:21:17.570 --> 00:21:18.634 Doctor Aaron knows it.

NOTE Confidence: 0.92259455

00:21:18.640 --> 00:21:21.144 So you'll meet in a moment to create
NOTE Confidence: 0.92259455

00:21:21.144 --> 00:21:23.916 a ultimately a 50 minute workshop
NOTE Confidence: 0.92259455

00:21:23.916 --> 00:21:26.698 that intersperses video clips of a
NOTE Confidence: 0.92259455

00:21:26.698 --> 00:21:28.574 simulated participant interaction with
NOTE Confidence: 0.92259455

00:21:28.574 --> 00:21:31.006 traditional lecture content and also
NOTE Confidence: 0.92259455

00:21:31.006 --> 00:21:32.958 discussion questions for students.
NOTE Confidence: 0.92259455

00:21:32.960 --> 00:21:35.453 So as you can see on this next slide,
NOTE Confidence: 0.92259455

00:21:35.460 --> 00:21:39.771 we filmed a video that is focused on a
NOTE Confidence: 0.92259455

00:21:39.771 --> 00:21:43.348 simulated participant interaction using.
NOTE Confidence: 0.92259455

00:21:43.350 --> 00:21:46.136 A the first ever actually at Yale
NOTE Confidence: 0.92259455

00:21:46.136 --> 00:21:47.691 Child simulated participants and
NOTE Confidence: 0.92259455

00:21:47.691 --> 00:21:49.461 the videos depict a well child
NOTE Confidence: 0.92259455

00:21:49.461 --> 00:21:51.212 visit at an outpatient clinical
NOTE Confidence: 0.92259455

00:21:51.212 --> 00:21:54.005 setting for a child in a wheelchair,
NOTE Confidence: 0.92259455

00:21:54.010 --> 00:21:56.425 and his mother and the physician in
NOTE Confidence: 0.92259455

00:21:56.425 --> 00:21:59.187 the video is played by Doctor Karen,

NOTE Confidence: 0.92259455

00:21:59.190 --> 00:22:00.126 knows it,

NOTE Confidence: 0.92259455

00:22:00.126 --> 00:22:03.870 and we filmed the videos in the simulated

NOTE Confidence: 0.92259455

00:22:03.961 --> 00:22:06.518 participant center and we really,

NOTE Confidence: 0.92259455

00:22:06.518 --> 00:22:08.401 we felt strongly from the beginning of

NOTE Confidence: 0.92259455

00:22:08.401 --> 00:22:10.395 this project and its inception that we

NOTE Confidence: 0.92259455

00:22:10.395 --> 00:22:12.210 really wanted to model for students,

NOTE Confidence: 0.92259455

00:22:12.210 --> 00:22:13.650 not just.

NOTE Confidence: 0.92259455

00:22:13.650 --> 00:22:15.230 What's the content should be and

NOTE Confidence: 0.92259455

00:22:15.230 --> 00:22:16.290 how we should approach things,

NOTE Confidence: 0.92259455

00:22:16.290 --> 00:22:17.800 but to really model the behaviors

NOTE Confidence: 0.92259455

00:22:17.800 --> 00:22:20.005 and the skills that we would like

NOTE Confidence: 0.92259455

00:22:20.005 --> 00:22:21.860 students to be able to develop in

NOTE Confidence: 0.92259455

00:22:21.860 --> 00:22:23.585 order to treat this population in

NOTE Confidence: 0.92259455

00:22:23.585 --> 00:22:25.996 an equitable way so we knew it

NOTE Confidence: 0.92259455

00:22:25.996 --> 00:22:28.090 would be important to use simulated

NOTE Confidence: 0.92259455

00:22:28.168 --> 00:22:30.877 participants and we're so glad we did.
NOTE Confidence: 0.92259455

00:22:30.880 --> 00:22:32.390 Need another important thing to
NOTE Confidence: 0.92259455

00:22:32.390 --> 00:22:34.172 highlight in this project and on
NOTE Confidence: 0.92259455

00:22:34.172 --> 00:22:35.726 this slide I'll talk about it a
NOTE Confidence: 0.92259455

00:22:35.726 --> 00:22:37.326 little bit is that we really met a
NOTE Confidence: 0.92259455

00:22:37.326 --> 00:22:39.308 set out to do this project in this
NOTE Confidence: 0.92259455

00:22:39.308 --> 00:22:40.556 period of participatory research
NOTE Confidence: 0.92259455

00:22:40.556 --> 00:22:42.278 and in the idea of nothing.
NOTE Confidence: 0.92259455

00:22:42.280 --> 00:22:43.384 About me without me.
NOTE Confidence: 0.92259455

00:22:43.384 --> 00:22:45.500 So when we started developing this project,
NOTE Confidence: 0.92259455

00:22:45.500 --> 00:22:47.642 we met with a group of multiple
NOTE Confidence: 0.92259455

00:22:47.642 --> 00:22:49.880 stakeholders in the disability community,
NOTE Confidence: 0.92259455

00:22:49.880 --> 00:22:51.041 including patients with
NOTE Confidence: 0.92259455

00:22:51.041 --> 00:22:52.976 disabilities such as my friend,
NOTE Confidence: 0.92259455

00:22:52.980 --> 00:22:53.840 whose name is actually
NOTE Confidence: 0.92259455

00:22:53.840 --> 00:22:54.915 highlighted here on this slide.

NOTE Confidence: 0.92259455
00:22:54.920 --> 00:22:55.712 Mary Salisbury,
NOTE Confidence: 0.92259455
00:22:55.712 --> 00:22:57.692 as well as several other
NOTE Confidence: 0.92259455
00:22:57.692 --> 00:22:58.880 patients with disabilities.
NOTE Confidence: 0.92259455
00:22:58.880 --> 00:23:00.520 Parents of children with
NOTE Confidence: 0.92259455
00:23:00.520 --> 00:23:01.340 physical disabilities.
NOTE Confidence: 0.92259455
00:23:01.340 --> 00:23:02.360 And also physicians
NOTE Confidence: 0.9664775275
00:23:02.360 --> 00:23:04.262 who treat this population and are
NOTE Confidence: 0.9664775275
00:23:04.262 --> 00:23:06.017 part of this population themselves,
NOTE Confidence: 0.9664775275
00:23:06.020 --> 00:23:07.742 and we really wanted to highlight
NOTE Confidence: 0.9664775275
00:23:07.742 --> 00:23:09.551 their experiences and ask them what
NOTE Confidence: 0.9664775275
00:23:09.551 --> 00:23:11.061 they thought would be important
NOTE Confidence: 0.9664775275
00:23:11.061 --> 00:23:12.410 for medical students to know.
NOTE Confidence: 0.9664775275
00:23:12.410 --> 00:23:14.111 And we took the key points that
NOTE Confidence: 0.9664775275
00:23:14.111 --> 00:23:15.738 they gave us and developed this
NOTE Confidence: 0.9664775275
00:23:15.738 --> 00:23:17.705 script for the videos that I was
NOTE Confidence: 0.9664775275

00:23:17.766 --> 00:23:20.310 just talking about and I I was so
NOTE Confidence: 0.9664775275

00:23:20.310 --> 00:23:23.055 impressed with the way in which the
NOTE Confidence: 0.9664775275

00:23:23.055 --> 00:23:25.364 simulated participants who played
NOTE Confidence: 0.9664775275

00:23:25.364 --> 00:23:27.900 these roles really authentically
NOTE Confidence: 0.9664775275

00:23:27.900 --> 00:23:30.436 represented my friends experience.
NOTE Confidence: 0.9664775275

00:23:30.440 --> 00:23:32.940 Authentically represented the experience of.
NOTE Confidence: 0.9664775275

00:23:32.940 --> 00:23:34.914 Many people in this population who
NOTE Confidence: 0.9664775275

00:23:34.914 --> 00:23:37.207 we were really trying to improve the
NOTE Confidence: 0.9664775275

00:23:37.207 --> 00:23:39.342 care for and increase the equity for,
NOTE Confidence: 0.9664775275

00:23:39.350 --> 00:23:41.158 and I'm so thrilled that I was able
NOTE Confidence: 0.9664775275

00:23:41.158 --> 00:23:42.926 to do this with the participant
NOTE Confidence: 0.9664775275

00:23:42.926 --> 00:23:44.810 program and I'll pass the floor
NOTE Confidence: 0.9664775275

00:23:44.875 --> 00:23:46.418 now to Doctor knows it to talk
NOTE Confidence: 0.9664775275

00:23:46.418 --> 00:23:47.486 just a little bit before you.
NOTE Confidence: 0.9664775275

00:23:47.486 --> 00:23:48.830 We show you some of the video
NOTE Confidence: 0.9664775275

00:23:48.875 --> 00:23:49.899 clips that we developed.

NOTE Confidence: 0.57961283

00:23:56.530 --> 00:23:59.866 Thanks Alex. Hi everyone and uh,

NOTE Confidence: 0.57961283

00:23:59.870 --> 00:24:01.676 we really appreciate your time tonight.

NOTE Confidence: 0.89294647

00:24:02.710 --> 00:24:04.764 So the videos you're about

NOTE Confidence: 0.89294647

00:24:04.764 --> 00:24:06.940 to see are truly a powerful

NOTE Confidence: 0.783566246666667

00:24:06.950 --> 00:24:09.002 teaching tool. Of course I'm

NOTE Confidence: 0.783566246666667

00:24:09.002 --> 00:24:10.740 biased, but you know, I'm

NOTE Confidence: 0.899138452

00:24:11.490 --> 00:24:14.190 I've been the one kind of a

NOTE Confidence: 0.899138452

00:24:14.190 --> 00:24:17.310 leading the 50 minute workshops and

NOTE Confidence: 0.899138452

00:24:17.310 --> 00:24:19.049 receiving the student feedback.

NOTE Confidence: 0.899138452

00:24:19.049 --> 00:24:21.167 And it's really been very positive.

NOTE Confidence: 0.899138452

00:24:21.170 --> 00:24:23.570 As a faculty member and pediatrician

NOTE Confidence: 0.899138452

00:24:23.570 --> 00:24:26.020 who has the privilege of caring

NOTE Confidence: 0.96003008

00:24:26.030 --> 00:24:28.260 for patients with disabilities everyday.

NOTE Confidence: 0.823528346666667

00:24:28.730 --> 00:24:30.830 This simulated participant program

NOTE Confidence: 0.823528346666667

00:24:30.830 --> 00:24:33.910 has allowed us to create an archive,

NOTE Confidence: 0.823528346666667

00:24:33.910 --> 00:24:35.398 a direct observational
NOTE Confidence: 0.92041218

00:24:35.410 --> 00:24:38.020 experience for students on
NOTE Confidence: 0.95048436

00:24:38.390 --> 00:24:39.350 the gold standard
NOTE Confidence: 0.930621237777778

00:24:39.360 --> 00:24:41.649 of care for a child with a
NOTE Confidence: 0.930621237777778

00:24:41.649 --> 00:24:42.600 physical disability, and the
NOTE Confidence: 0.959853266666667

00:24:42.610 --> 00:24:44.530 advantage here is that students
NOTE Confidence: 0.959853266666667

00:24:44.530 --> 00:24:46.418 can process what they are seeing
NOTE Confidence: 0.921898195

00:24:46.430 --> 00:24:49.110 in a safe and comfortable space where
NOTE Confidence: 0.97057406

00:24:49.120 --> 00:24:50.700 they can absorb the content
NOTE Confidence: 0.97057406

00:24:50.700 --> 00:24:51.964 and then ask questions,
NOTE Confidence: 0.97057406

00:24:51.970 --> 00:24:54.357 and we do have deliberate prompts in
NOTE Confidence: 0.97057406

00:24:54.357 --> 00:24:58.599 there to help move conversation along.
NOTE Confidence: 0.97057406

00:24:58.600 --> 00:25:00.208 You know this isn't always possible
NOTE Confidence: 0.92418592

00:25:00.220 --> 00:25:03.084 when face to face with an actual patient.
NOTE Confidence: 0.92418592

00:25:03.090 --> 00:25:04.950 We know that patients with
NOTE Confidence: 0.92418592

00:25:04.950 --> 00:25:06.450 disabilities receive comparatively

NOTE Confidence: 0.89859573

00:25:06.460 --> 00:25:08.168 inadequate and insensitive care

NOTE Confidence: 0.89859573

00:25:08.168 --> 00:25:10.329 in this country, and these videos

NOTE Confidence: 0.89859573

00:25:10.330 --> 00:25:12.080 have helped us challenge the

NOTE Confidence: 0.89859573

00:25:12.080 --> 00:25:13.480 next generation of physicians

NOTE Confidence: 0.962002834285714

00:25:13.510 --> 00:25:15.730 to change the status quo for the better.

NOTE Confidence: 0.962002834285714

00:25:15.730 --> 00:25:17.392 So without further ado,

NOTE Confidence: 0.962002834285714

00:25:17.392 --> 00:25:18.497 we'll watch some of them.

NOTE Confidence: 0.725660175714286

00:25:23.530 --> 00:25:26.708 OK, so Jacob you know as you

NOTE Confidence: 0.879014717272727

00:25:26.720 --> 00:25:27.482 get older we want to kind

NOTE Confidence: 0.879014717272727

00:25:27.482 --> 00:25:28.250 of give you a chance.

NOTE Confidence: 0.879014717272727

00:25:28.250 --> 00:25:31.022 Like I was saying to you when your mom

NOTE Confidence: 0.879014717272727

00:25:31.022 --> 00:25:33.609 was here to talk without a parent.

NOTE Confidence: 0.879014717272727

00:25:33.610 --> 00:25:35.726 You know what we say here is between us.

NOTE Confidence: 0.879014717272727

00:25:35.730 --> 00:25:37.030 Unless you say something like

NOTE Confidence: 0.879014717272727

00:25:37.030 --> 00:25:38.330 I've been thinking of hurting

NOTE Confidence: 0.879014717272727

00:25:38.381 --> 00:25:39.746 myself or hurting someone else,
NOTE Confidence: 0.879014717272727

00:25:39.750 --> 00:25:41.694 and then I'd need to get extra help,
NOTE Confidence: 0.879014717272727

00:25:41.700 --> 00:25:43.420 but otherwise private, OK.
NOTE Confidence: 0.8579132925

00:25:44.870 --> 00:25:45.538 So this is just
NOTE Confidence: 0.9226563825

00:25:45.550 --> 00:25:47.542 meant to give you an opportunity
NOTE Confidence: 0.9226563825

00:25:47.542 --> 00:25:49.290 to talk openly, maybe about things
NOTE Confidence: 0.9226563825

00:25:49.290 --> 00:25:50.910 that have been on your mind.
NOTE Confidence: 0.9226563825

00:25:50.910 --> 00:25:52.610 Some kids say you know, I've been
NOTE Confidence: 0.9226563825

00:25:52.610 --> 00:25:54.030 thinking about this about my health,
NOTE Confidence: 0.9226563825

00:25:54.030 --> 00:25:55.100 my physical health and mental
NOTE Confidence: 0.9226563825

00:25:55.100 --> 00:25:56.432 health and other kids don't really
NOTE Confidence: 0.9226563825

00:25:56.432 --> 00:25:57.527 have anything to talk about.
NOTE Confidence: 0.9226563825

00:25:57.530 --> 00:25:59.040 So either one is fine.
NOTE Confidence: 0.923843614666667

00:26:01.680 --> 00:26:03.304 Is there anything that you wanted to bring
NOTE Confidence: 0.923843614666667

00:26:03.304 --> 00:26:04.868 up today that you were worried about?
NOTE Confidence: 0.923843614666667

00:26:04.870 --> 00:26:06.780 Not much. My physical health.

NOTE Confidence: 0.923843614666667
00:26:06.780 --> 00:26:10.644 Well, besides, this seems to be fine.
NOTE Confidence: 0.923843614666667
00:26:10.650 --> 00:26:13.152 It's mostly, but I had to adapt to a
NOTE Confidence: 0.923843614666667
00:26:13.152 --> 00:26:15.868 lot of things like using the bathroom,
NOTE Confidence: 0.923843614666667
00:26:15.870 --> 00:26:17.004 moving around and.
NOTE Confidence: 0.923843614666667
00:26:17.004 --> 00:26:19.650 At first my mom helped me out
NOTE Confidence: 0.923843614666667
00:26:19.737 --> 00:26:21.705 a lot 'cause I needed it.
NOTE Confidence: 0.923843614666667
00:26:21.710 --> 00:26:24.014 I was really having had to
NOTE Confidence: 0.923843614666667
00:26:24.014 --> 00:26:26.112 adapt to that change, but now.
NOTE Confidence: 0.923843614666667
00:26:26.112 --> 00:26:28.620 Like I'm pretty much got the hang of it.
NOTE Confidence: 0.923843614666667
00:26:28.620 --> 00:26:30.780 I can use the bathroom with no trouble,
NOTE Confidence: 0.923843614666667
00:26:30.780 --> 00:26:33.192 and especially with the catheter and
NOTE Confidence: 0.923843614666667
00:26:33.192 --> 00:26:35.967 everything is pretty much fine now and but.
NOTE Confidence: 0.923843614666667
00:26:35.970 --> 00:26:39.478 She still seems very like she's
NOTE Confidence: 0.923843614666667
00:26:39.478 --> 00:26:40.882 hovering over me all the time
NOTE Confidence: 0.923843614666667
00:26:40.882 --> 00:26:42.595 and like I feel like I've grown
NOTE Confidence: 0.923843614666667

00:26:42.595 --> 00:26:43.790 a bit more independent now,
NOTE Confidence: 0.923843614666667

00:26:43.790 --> 00:26:45.478 so I think it should be fine if
NOTE Confidence: 0.923843614666667

00:26:45.478 --> 00:26:46.990 she like laid off a little bit.
NOTE Confidence: 0.793661166666667

00:26:50.860 --> 00:26:52.339 OK, so Jacob.
NOTE Confidence: 0.864372223333333

00:26:57.070 --> 00:26:58.228 Erin, should I just go ahead?
NOTE Confidence: 0.3396787

00:27:01.100 --> 00:27:02.250 Sure, sure.
NOTE Confidence: 0.74779013

00:27:04.570 --> 00:27:07.636 OK, so we're nearing the end of our time
NOTE Confidence: 0.940781779

00:27:07.650 --> 00:27:08.686 together. For today we've
NOTE Confidence: 0.940781779

00:27:08.686 --> 00:27:10.240 talked about a lot of things,
NOTE Confidence: 0.940781779

00:27:10.240 --> 00:27:11.927 so I just wanted to kind of
NOTE Confidence: 0.940781779

00:27:11.927 --> 00:27:14.333 wrap up and make sure we we all
NOTE Confidence: 0.940781779

00:27:14.333 --> 00:27:15.625 felt good about everything.
NOTE Confidence: 0.940781779

00:27:15.630 --> 00:27:16.710 So Jacob will be coming
NOTE Confidence: 0.940781779

00:27:16.710 --> 00:27:19.190 here for his medical needs.
NOTE Confidence: 0.940781779

00:27:19.190 --> 00:27:20.870 Will be his medical home from now
NOTE Confidence: 0.940781779

00:27:20.870 --> 00:27:22.891 on and you can communicate with me

NOTE Confidence: 0.940781779

00:27:22.891 --> 00:27:24.757 using the Mychart app or calling.

NOTE Confidence: 0.60929278

00:27:26.920 --> 00:27:30.090 And then I'll provide you some

NOTE Confidence: 0.60929278

00:27:30.090 --> 00:27:31.765 pamphlets on the wheelchair

NOTE Confidence: 0.60929278

00:27:31.765 --> 00:27:33.740 basketball that we talked about.

NOTE Confidence: 0.60929278

00:27:33.740 --> 00:27:34.695 It looks like you may

NOTE Confidence: 0.60929278

00:27:34.695 --> 00:27:35.459 already have a basketball.

NOTE Confidence: 0.60929278

00:27:35.460 --> 00:27:37.684 Yeah, one of the nurses had a couple

NOTE Confidence: 0.60929278

00:27:37.684 --> 00:27:40.336 extra or something so this one's not mine.

NOTE Confidence: 0.60929278

00:27:40.340 --> 00:27:42.903 Wonderful thank you for that.

NOTE Confidence: 0.60929278

00:27:42.903 --> 00:27:45.229 Practicing early.

NOTE Confidence: 0.60929278

00:27:45.230 --> 00:27:47.172 And then like we talked about, we have

NOTE Confidence: 0.60929278

00:27:47.172 --> 00:27:48.827 the medical legal partnership available.

NOTE Confidence: 0.60929278

00:27:48.830 --> 00:27:51.420 If you need help with.

NOTE Confidence: 0.60929278

00:27:51.420 --> 00:27:54.230 Any kind of school advocacy and

NOTE Confidence: 0.60929278

00:27:54.230 --> 00:27:55.630 then some names of counselors

NOTE Confidence: 0.60929278

00:27:55.630 --> 00:27:57.219 that we talked about as well.
NOTE Confidence: 0.60929278
00:27:57.220 --> 00:27:58.430 Great, OK.
NOTE Confidence: 0.707659
00:28:03.450 --> 00:28:03.820 OK.
NOTE Confidence: 0.656506959545455
00:28:06.630 --> 00:28:08.055 Alex, do you wanna wrap
NOTE Confidence: 0.656506959545455
00:28:08.055 --> 00:28:09.900 it up or Erin and Alex?
NOTE Confidence: 0.9019557
00:28:12.390 --> 00:28:14.786 Oh sure. So yeah. So as you can see,
NOTE Confidence: 0.934240538125
00:28:14.790 --> 00:28:17.814 the videos depict really all parts
NOTE Confidence: 0.934240538125
00:28:17.814 --> 00:28:20.736 of the outpatient visit and we
NOTE Confidence: 0.934240538125
00:28:20.736 --> 00:28:23.251 really wanted to make a gold standard
NOTE Confidence: 0.934240538125
00:28:23.251 --> 00:28:25.727 model of how to approach care of a
NOTE Confidence: 0.934240538125
00:28:25.727 --> 00:28:27.367 child with a physical disability
NOTE Confidence: 0.934240538125
00:28:27.367 --> 00:28:29.430 in a wheelchair in particular.
NOTE Confidence: 0.934240538125
00:28:29.430 --> 00:28:30.618 And so you know,
NOTE Confidence: 0.934240538125
00:28:30.618 --> 00:28:32.400 we're just extremely grateful to the
NOTE Confidence: 0.934240538125
00:28:32.458 --> 00:28:33.890 simulated participant program for
NOTE Confidence: 0.934240538125
00:28:33.890 --> 00:28:36.270 being part of this project and for

NOTE Confidence: 0.934240538125
00:28:36.270 --> 00:28:38.120 really committing so to authentically
NOTE Confidence: 0.934240538125
00:28:38.120 --> 00:28:39.600 representing the experience of
NOTE Confidence: 0.934240538125
00:28:39.600 --> 00:28:42.340 this often underserved population.
NOTE Confidence: 0.934240538125
00:28:42.340 --> 00:28:46.149 And all transition it now to some
NOTE Confidence: 0.934240538125
00:28:46.149 --> 00:28:48.494 discussion of actually another stigmatized
NOTE Confidence: 0.934240538125
00:28:48.494 --> 00:28:50.694 and often underserved population and
NOTE Confidence: 0.934240538125
00:28:50.694 --> 00:28:53.016 past the the floor over to back to back.
NOTE Confidence: 0.829676281
00:28:54.180 --> 00:28:56.763 We're going to start with Doctor Brian
NOTE Confidence: 0.829676281
00:28:56.763 --> 00:29:00.572 Foyer line actually, and Alex Pre.
NOTE Confidence: 0.829676281
00:29:00.572 --> 00:29:02.827 Congratulations on something very important
NOTE Confidence: 0.829676281
00:29:02.827 --> 00:29:05.461 that's happening on May when we will
NOTE Confidence: 0.829676281
00:29:05.461 --> 00:29:07.590 start calling you doctor but not yet.
NOTE Confidence: 0.829676281
00:29:07.590 --> 00:29:09.698 Brian, you are a doctor. Take us away.
NOTE Confidence: 0.895011882857143
00:29:11.170 --> 00:29:13.529 Thank you Doctor Martin and everybody else.
NOTE Confidence: 0.895011882857143
00:29:13.530 --> 00:29:15.050 So I'm Brian for line.
NOTE Confidence: 0.895011882857143

00:29:15.050 --> 00:29:16.556 I am the director of the
NOTE Confidence: 0.895011882857143

00:29:16.556 --> 00:29:17.750 psychiatric emergency room at VA,
NOTE Confidence: 0.895011882857143

00:29:17.750 --> 00:29:20.546 Connecticut and I'm on the faculty
NOTE Confidence: 0.895011882857143

00:29:20.550 --> 00:29:22.075 in the Department of Psychiatry
NOTE Confidence: 0.895011882857143

00:29:22.075 --> 00:29:25.552 here at Yale and what I do is is
NOTE Confidence: 0.895011882857143

00:29:25.552 --> 00:29:27.260 the psychiatric emergency room.
NOTE Confidence: 0.895011882857143

00:29:27.260 --> 00:29:29.042 Primarily is take care of patients
NOTE Confidence: 0.895011882857143

00:29:29.042 --> 00:29:30.230 with substance use disorders,
NOTE Confidence: 0.895011882857143

00:29:30.230 --> 00:29:31.410 so of course we take care of
NOTE Confidence: 0.895011882857143

00:29:31.410 --> 00:29:32.550 her variety of patients here.
NOTE Confidence: 0.895011882857143

00:29:32.550 --> 00:29:34.299 But a lot of our patients have
NOTE Confidence: 0.895011882857143

00:29:34.299 --> 00:29:36.816 substance use disorders and there's
NOTE Confidence: 0.895011882857143

00:29:36.816 --> 00:29:39.612 an art to working with patients
NOTE Confidence: 0.895011882857143

00:29:39.612 --> 00:29:41.900 with substance use disorders.
NOTE Confidence: 0.895011882857143

00:29:41.900 --> 00:29:43.588 And when I rotate,
NOTE Confidence: 0.895011882857143

00:29:43.588 --> 00:29:45.276 I when resident students,

NOTE Confidence: 0.895011882857143
00:29:45.280 --> 00:29:46.440 fellows rotate with me,
NOTE Confidence: 0.895011882857143
00:29:46.440 --> 00:29:48.180 they have an opportunity to work
NOTE Confidence: 0.895011882857143
00:29:48.239 --> 00:29:49.899 with directly with patients with
NOTE Confidence: 0.895011882857143
00:29:49.899 --> 00:29:51.559 substance use disorders and get
NOTE Confidence: 0.895011882857143
00:29:51.613 --> 00:29:53.167 to see how I engage with them.
NOTE Confidence: 0.858234685
00:29:54.320 --> 00:29:55.528 Just like with surgery,
NOTE Confidence: 0.948495238
00:29:55.540 --> 00:29:57.244 there's an art to surgery, right?
NOTE Confidence: 0.948495238
00:29:57.244 --> 00:29:58.888 You can give a lecture about
NOTE Confidence: 0.948495238
00:29:58.888 --> 00:30:01.059 how to do a surgical procedure,
NOTE Confidence: 0.948495238
00:30:01.060 --> 00:30:03.760 but there's nothing like watching someone
NOTE Confidence: 0.948495238
00:30:03.760 --> 00:30:06.969 do it or practicing doing it yourself.
NOTE Confidence: 0.948495238
00:30:06.970 --> 00:30:08.839 So I give lectures all the time
NOTE Confidence: 0.948495238
00:30:08.839 --> 00:30:10.190 about alcohol use disorder,
NOTE Confidence: 0.948495238
00:30:10.190 --> 00:30:12.146 opiate use disorder, AA and NA,
NOTE Confidence: 0.948495238
00:30:12.150 --> 00:30:14.130 Alcoholics Anonymous, and other things,
NOTE Confidence: 0.948495238

00:30:14.130 --> 00:30:16.074 and I'm able to impart knowledge
NOTE Confidence: 0.948495238

00:30:16.074 --> 00:30:18.030 to people about these illnesses.
NOTE Confidence: 0.948495238

00:30:18.030 --> 00:30:19.885 But when the residents and the students
NOTE Confidence: 0.948495238

00:30:19.885 --> 00:30:21.917 rotate with me and their little watch
NOTE Confidence: 0.948495238

00:30:21.917 --> 00:30:23.687 me actually interact with these often
NOTE Confidence: 0.948495238

00:30:23.740 --> 00:30:25.660 challenging patients and how I would
NOTE Confidence: 0.948495238

00:30:25.660 --> 00:30:27.482 attempt to motivate patients for recovery,
NOTE Confidence: 0.948495238

00:30:27.482 --> 00:30:29.379 how I would attempt to convince the
NOTE Confidence: 0.948495238

00:30:29.379 --> 00:30:30.881 patient to attend Alcoholics Anonymous
NOTE Confidence: 0.948495238

00:30:30.881 --> 00:30:32.890 when maybe they didn't have the best
NOTE Confidence: 0.948495238

00:30:32.890 --> 00:30:34.724 track record with AA in the past,
NOTE Confidence: 0.948495238

00:30:34.730 --> 00:30:37.475 or how I might get it a history from.
NOTE Confidence: 0.948495238

00:30:37.480 --> 00:30:38.928 Involving a difficult topic
NOTE Confidence: 0.948495238

00:30:38.928 --> 00:30:40.376 such as injecting fentanyl,
NOTE Confidence: 0.948495238

00:30:40.380 --> 00:30:42.345 we're using cocaine,
NOTE Confidence: 0.948495238

00:30:42.345 --> 00:30:44.815 watching me interact with the patients

NOTE Confidence: 0.948495238

00:30:44.815 --> 00:30:46.240 and then discussing it afterward.

NOTE Confidence: 0.948495238

00:30:46.240 --> 00:30:48.710 Is really the best way to learn how to apply

NOTE Confidence: 0.948495238

00:30:48.767 --> 00:30:50.897 the knowledge to actual clinical care,

NOTE Confidence: 0.948495238

00:30:50.900 --> 00:30:52.700 particularly with the challenging

NOTE Confidence: 0.948495238

00:30:52.700 --> 00:30:54.500 patient population like this,

NOTE Confidence: 0.948495238

00:30:54.500 --> 00:30:57.040 and that's when I say there's an art to this.

NOTE Confidence: 0.948495238

00:30:57.040 --> 00:30:59.938 So I had the opportunity to work

NOTE Confidence: 0.948495238

00:30:59.938 --> 00:31:01.934 with Doctor Martin to work with

NOTE Confidence: 0.948495238

00:31:01.934 --> 00:31:03.836 the program to work with actors

NOTE Confidence: 0.948495238

00:31:03.836 --> 00:31:06.032 who were able to really expertly

NOTE Confidence: 0.948495238

00:31:06.032 --> 00:31:08.276 simulate some of these things that.

NOTE Confidence: 0.948495238

00:31:08.280 --> 00:31:11.000 I do every day in the emergency room,

NOTE Confidence: 0.948495238

00:31:11.000 --> 00:31:13.328 which is to develop a draft of a

NOTE Confidence: 0.948495238

00:31:13.328 --> 00:31:15.145 case that would really encapsulate

NOTE Confidence: 0.948495238

00:31:15.145 --> 00:31:17.861 how difficult it can be to work

NOTE Confidence: 0.948495238

00:31:17.933 --> 00:31:20.355 with a patient with an alcohol use
NOTE Confidence: 0.948495238

00:31:20.355 --> 00:31:22.345 disorder or how difficult it might
NOTE Confidence: 0.948495238

00:31:22.345 --> 00:31:24.550 be to motivate someone with an opiate
NOTE Confidence: 0.948495238

00:31:24.609 --> 00:31:26.409 use disorder to attend recovery.
NOTE Confidence: 0.948495238

00:31:26.410 --> 00:31:29.370 So with a A we think of the concept
NOTE Confidence: 0.948495238

00:31:29.370 --> 00:31:30.970 of hitting a rock bottom.
NOTE Confidence: 0.948495238

00:31:30.970 --> 00:31:33.530 We're trying to get people to motivate it.
NOTE Confidence: 0.948495238

00:31:33.530 --> 00:31:35.414 We're trying to motivate people to
NOTE Confidence: 0.948495238

00:31:35.414 --> 00:31:37.007 get into treatment before hitting
NOTE Confidence: 0.948495238

00:31:37.007 --> 00:31:38.699 that rock bottom occurs or trying
NOTE Confidence: 0.948495238

00:31:38.699 --> 00:31:40.130 to bring the bottom up.
NOTE Confidence: 0.948495238

00:31:40.130 --> 00:31:42.055 So for alcohol I had an opportunity
NOTE Confidence: 0.948495238

00:31:42.055 --> 00:31:44.093 to work with an actor named Johnny
NOTE Confidence: 0.948495238

00:31:44.093 --> 00:31:45.990 and he and I worked together in
NOTE Confidence: 0.948495238

00:31:45.990 --> 00:31:47.289 two different capacities.
NOTE Confidence: 0.948495238

00:31:47.290 --> 00:31:49.425 The first one was he came in.

NOTE Confidence: 0.948495238

00:31:49.430 --> 00:31:50.958 He wasn't particularly interested

NOTE Confidence: 0.948495238

00:31:50.958 --> 00:31:52.486 in going to treatment.

NOTE Confidence: 0.948495238

00:31:52.490 --> 00:31:53.970 His life wasn't going well,

NOTE Confidence: 0.948495238

00:31:53.970 --> 00:31:56.340 but things hadn't fallen apart yet.

NOTE Confidence: 0.948495238

00:31:56.340 --> 00:31:58.692 And I wasn't really able to motivate

NOTE Confidence: 0.948495238

00:31:58.692 --> 00:32:01.211 him to get better and then the

NOTE Confidence: 0.948495238

00:32:01.211 --> 00:32:03.233 actor sort of changed his clothes,

NOTE Confidence: 0.948495238

00:32:03.240 --> 00:32:06.355 redid how he looked, disheveled his hair,

NOTE Confidence: 0.948495238

00:32:06.360 --> 00:32:08.376 he had a cut on his face.

NOTE Confidence: 0.948495238

00:32:08.380 --> 00:32:09.139 Same day filming,

NOTE Confidence: 0.948495238

00:32:09.139 --> 00:32:11.472 but we then filmed it as if this was

NOTE Confidence: 0.948495238

00:32:11.472 --> 00:32:13.496 a little bit later and the actor was

NOTE Confidence: 0.948495238

00:32:13.553 --> 00:32:15.555 now doing much worse and a little

NOTE Confidence: 0.948495238

00:32:15.555 --> 00:32:16.928 bit more amenable to treatment.

NOTE Confidence: 0.948495238

00:32:16.928 --> 00:32:18.960 So we were able to film two different

NOTE Confidence: 0.948495238

00:32:19.014 --> 00:32:21.058 scenarios of me speaking to this patient.

NOTE Confidence: 0.948495238

00:32:21.060 --> 00:32:22.320 How I would approach it?

NOTE Confidence: 0.948495238

00:32:22.320 --> 00:32:22.992 And Doctor Martin,

NOTE Confidence: 0.948495238

00:32:22.992 --> 00:32:24.885 I think you want to show a video

NOTE Confidence: 0.948495238

00:32:24.885 --> 00:32:26.505 clip of of that interaction now.

NOTE Confidence: 0.42385794

00:32:29.260 --> 00:32:32.390 So hi again Steve. So tell me a

NOTE Confidence: 0.42385794

00:32:32.390 --> 00:32:33.090 little bit about what happened

NOTE Confidence: 0.94824973

00:32:33.100 --> 00:32:35.095 since the last time you were here

NOTE Confidence: 0.94824973

00:32:35.100 --> 00:32:36.888 since the last time I was here, yeah.

NOTE Confidence: 0.34804958

00:32:38.630 --> 00:32:40.860 Well, bottom line is.

NOTE Confidence: 0.85289735

00:32:43.070 --> 00:32:44.560 I screwed up,

NOTE Confidence: 0.80284185

00:32:44.560 --> 00:32:45.526 you know, things have just gotten

NOTE Confidence: 0.80284185

00:32:45.530 --> 00:32:47.246 really messed up in my life

NOTE Confidence: 0.80284185

00:32:47.250 --> 00:32:49.360 since since I was here last.

NOTE Confidence: 0.86410904

00:32:51.860 --> 00:32:53.050 Tell me a little more what happened.

NOTE Confidence: 0.607414

00:32:54.930 --> 00:32:56.018 Well, I'll tell you

NOTE Confidence: 0.905252746666667
00:32:56.410 --> 00:32:58.620 when I left here. I was two weeks
NOTE Confidence: 0.905252746666667
00:32:58.620 --> 00:33:00.180 ago I was bound and determined
NOTE Confidence: 0.9402397025
00:33:00.190 --> 00:33:04.290 that. I wasn't gonna drink again.
NOTE Confidence: 0.9402397025
00:33:04.290 --> 00:33:07.226 You know, I was absolutely positive of it.
NOTE Confidence: 0.9402397025
00:33:07.230 --> 00:33:11.510 And. How I even I even convinced
NOTE Confidence: 0.9402397025
00:33:11.510 --> 00:33:12.784 my wife? I think she was half
NOTE Confidence: 0.75482095
00:33:12.910 --> 00:33:15.158 certain I wasn't. Wasn't
NOTE Confidence: 0.717652
00:33:15.170 --> 00:33:17.910 going to. Drink again either,
NOTE Confidence: 0.717652
00:33:17.910 --> 00:33:19.598 although she wouldn't let up with
NOTE Confidence: 0.886048674
00:33:19.870 --> 00:33:21.880 saying I should have. Stayed
NOTE Confidence: 0.92601955
00:33:21.890 --> 00:33:23.279 in longer, but
NOTE Confidence: 0.93878496
00:33:23.290 --> 00:33:24.199 anyway things were.
NOTE Confidence: 0.24785876
00:33:25.350 --> 00:33:27.350 Things were good for a few
NOTE Confidence: 0.24785876
00:33:27.350 --> 00:33:28.600 days. Things were fine.
NOTE Confidence: 0.50045544
00:33:30.730 --> 00:33:33.460 Never even had a. Thought to
NOTE Confidence: 0.787817880909091

00:33:33.460 --> 00:33:34.650 have a drink. I wasn't it just
NOTE Confidence: 0.787817880909091

00:33:34.650 --> 00:33:35.700 wasn't gonna do it anymore.
NOTE Confidence: 0.7532251625

00:33:40.160 --> 00:33:42.968 So hi again, Steve.
NOTE Confidence: 0.7532251625

00:33:42.970 --> 00:33:46.134 So I I can't emphasize enough how
NOTE Confidence: 0.7532251625

00:33:46.134 --> 00:33:48.744 awesome he was when he came in the way
NOTE Confidence: 0.7532251625

00:33:48.744 --> 00:33:50.529 he was dressed and the way he looked.
NOTE Confidence: 0.7532251625

00:33:50.530 --> 00:33:52.258 It was just so perfect and
NOTE Confidence: 0.7532251625

00:33:52.258 --> 00:33:53.122 having an opportunity.
NOTE Confidence: 0.7532251625

00:33:53.130 --> 00:33:55.533 If you watched all the videos to see a
NOTE Confidence: 0.7532251625

00:33:55.533 --> 00:33:57.626 progression of the actor was just phenomenal.
NOTE Confidence: 0.7532251625

00:33:57.630 --> 00:33:59.514 Obviously another really important
NOTE Confidence: 0.7532251625

00:33:59.514 --> 00:34:01.654 topic is opiates, and again,
NOTE Confidence: 0.7532251625

00:34:01.654 --> 00:34:03.826 one of those really difficult things
NOTE Confidence: 0.7532251625

00:34:03.826 --> 00:34:05.989 that we do when we're educating
NOTE Confidence: 0.7532251625

00:34:05.989 --> 00:34:08.510 patients is how do you avoid dying?
NOTE Confidence: 0.7532251625

00:34:08.510 --> 00:34:10.715 How can we get patients on Suboxone?

NOTE Confidence: 0.7532251625

00:34:10.720 --> 00:34:12.190 How can we get null oxone available

NOTE Confidence: 0.7532251625

00:34:12.190 --> 00:34:13.831 to all of our patients so they

NOTE Confidence: 0.7532251625

00:34:13.831 --> 00:34:15.026 don't die of an overdose?

NOTE Confidence: 0.7532251625

00:34:15.030 --> 00:34:16.752 How can we reduce the harm

NOTE Confidence: 0.7532251625

00:34:16.752 --> 00:34:17.613 associated with opiates?

NOTE Confidence: 0.7532251625

00:34:17.620 --> 00:34:19.524 These are all things that are are

NOTE Confidence: 0.7532251625

00:34:19.524 --> 00:34:21.160 something we can lecture about.

NOTE Confidence: 0.7532251625

00:34:21.160 --> 00:34:23.023 But if you really want to learn how to

NOTE Confidence: 0.7532251625

00:34:23.023 --> 00:34:24.451 interact with patients you really want

NOTE Confidence: 0.7532251625

00:34:24.451 --> 00:34:26.488 to learn how to deliver these types of

NOTE Confidence: 0.7532251625

00:34:26.488 --> 00:34:28.132 of educational sessions to your patients.

NOTE Confidence: 0.7532251625

00:34:28.140 --> 00:34:30.844 The best way to do it is through

NOTE Confidence: 0.7532251625

00:34:30.844 --> 00:34:32.445 watching someone do it and and

NOTE Confidence: 0.7532251625

00:34:32.445 --> 00:34:34.310 do it in a way that looks real.

NOTE Confidence: 0.7532251625

00:34:34.310 --> 00:34:36.350 And if you can't bring everybody to the

NOTE Confidence: 0.7532251625

00:34:36.400 --> 00:34:38.185 emergency room to observe me doing it
NOTE Confidence: 0.7532251625

00:34:38.185 --> 00:34:40.400 down here and interact with real patients,
NOTE Confidence: 0.7532251625

00:34:40.400 --> 00:34:41.805 what we're able to encapsulate
NOTE Confidence: 0.7532251625

00:34:41.805 --> 00:34:43.210 in this program really captures
NOTE Confidence: 0.7532251625

00:34:43.259 --> 00:34:44.619 exactly what we're doing here.
NOTE Confidence: 0.7532251625

00:34:44.620 --> 00:34:46.300 So in the second case.
NOTE Confidence: 0.7532251625

00:34:46.300 --> 00:34:47.956 Betsy Beth, who's with us today?
NOTE Confidence: 0.7532251625

00:34:47.960 --> 00:34:50.214 Who's going to be speaking after this,
NOTE Confidence: 0.7532251625

00:34:50.220 --> 00:34:51.696 played the role of the patient,
NOTE Confidence: 0.7532251625

00:34:51.700 --> 00:34:53.366 and I was interviewing her a little
NOTE Confidence: 0.7532251625

00:34:53.366 --> 00:34:55.044 bit and after this video I'm gonna
NOTE Confidence: 0.7532251625

00:34:55.044 --> 00:34:57.197 turn it over to Betsy Beth to give her
NOTE Confidence: 0.7532251625

00:34:57.197 --> 00:34:58.655 perspective on the program and what
NOTE Confidence: 0.7532251625

00:34:58.655 --> 00:35:00.956 it was like for her to be a patient.
NOTE Confidence: 0.7532251625

00:35:00.960 --> 00:35:03.000 If you will in this setting,
NOTE Confidence: 0.7532251625

00:35:03.000 --> 00:35:05.961 but I just can't emphasize enough how

NOTE Confidence: 0.7532251625

00:35:05.961 --> 00:35:08.409 professional and expert the actors were

NOTE Confidence: 0.7532251625

00:35:08.409 --> 00:35:10.985 when given a case to really represent

NOTE Confidence: 0.7532251625

00:35:11.054 --> 00:35:13.438 what we were looking for and to use

NOTE Confidence: 0.7532251625

00:35:13.438 --> 00:35:16.329 this as a tool to be able to teach.

NOTE Confidence: 0.7532251625

00:35:16.330 --> 00:35:18.724 People how to interact with patients in a

NOTE Confidence: 0.7532251625

00:35:18.724 --> 00:35:21.730 real life way it is is such a useful thing.

NOTE Confidence: 0.7532251625

00:35:21.730 --> 00:35:22.914 I can't overstate that.

NOTE Confidence: 0.7532251625

00:35:22.914 --> 00:35:23.662 So, Doctor Martin,

NOTE Confidence: 0.7532251625

00:35:23.662 --> 00:35:25.018 you can play this video and

NOTE Confidence: 0.7532251625

00:35:25.018 --> 00:35:26.448 then I will turn the floor.

NOTE Confidence: 0.7532251625

00:35:26.450 --> 00:35:27.258 But it Betsy Beth,

NOTE Confidence: 0.7532251625

00:35:27.258 --> 00:35:28.268 who will then share her

NOTE Confidence: 0.7532251625

00:35:28.268 --> 00:35:29.088 experience as you can see,

NOTE Confidence: 0.7532251625

00:35:29.090 --> 00:35:31.118 Betsy Beth right here.

NOTE Confidence: 0.7532251625

00:35:31.120 --> 00:35:32.949 That was overdose prevention.

NOTE Confidence: 0.77830868

00:35:33.140 --> 00:35:34.616 Do you? Do you have you heard of Narcan?

NOTE Confidence: 0.77830868

00:35:34.616 --> 00:35:36.505 Do you have any of that at home, yeah.

NOTE Confidence: 0.77830868

00:35:36.505 --> 00:35:39.115 OK, do you know how to use it?

NOTE Confidence: 0.77830868

00:35:39.115 --> 00:35:42.499 It probably be helpful if I got a refresher.

NOTE Confidence: 0.77830868

00:35:42.500 --> 00:35:44.080 OK, so there's two different

NOTE Confidence: 0.77830868

00:35:44.080 --> 00:35:45.168 main forms of Narcan

NOTE Confidence: 0.942744724

00:35:45.180 --> 00:35:46.300 that people can have, right?

NOTE Confidence: 0.942744724

00:35:46.300 --> 00:35:48.236 There's one that is like a nose spray.

NOTE Confidence: 0.942744724

00:35:48.240 --> 00:35:49.266 You squirt and it goes up

NOTE Confidence: 0.9503581175

00:35:49.280 --> 00:35:51.200 the nose and it goes into the bloodstream.

NOTE Confidence: 0.9503581175

00:35:51.200 --> 00:35:52.406 And another one is an injection.

NOTE Confidence: 0.762408076666667

00:35:52.620 --> 00:35:53.358 They usually goes

NOTE Confidence: 0.9531173833333333

00:35:53.370 --> 00:35:54.468 into the muscle of the arm.

NOTE Confidence: 0.8569341625

00:35:54.880 --> 00:35:57.230 Narcan reverses an overdose, right?

NOTE Confidence: 0.8569341625

00:35:57.230 --> 00:35:58.715 So you really need to have

NOTE Confidence: 0.8569341625

00:35:58.715 --> 00:36:00.195 someone with you, because if you

NOTE Confidence: 0.8569341625

00:36:00.195 --> 00:36:01.368 overdose and you're by yourself,

NOTE Confidence: 0.803903478571428

00:36:01.620 --> 00:36:03.160 even if you have Narcan with you,

NOTE Confidence: 0.803903478571428

00:36:03.160 --> 00:36:04.510 there's no one there to administer it.

NOTE Confidence: 0.803903478571428

00:36:04.510 --> 00:36:06.230 So you have to have someone with you.

NOTE Confidence: 0.803903478571428

00:36:06.230 --> 00:36:07.660 And depending on which one you have,

NOTE Confidence: 0.803903478571428

00:36:07.660 --> 00:36:08.688 that person should know how to

NOTE Confidence: 0.803903478571428

00:36:08.688 --> 00:36:09.868 use it as you should for them.

NOTE Confidence: 0.803903478571428

00:36:09.868 --> 00:36:11.110 If you're using together.

NOTE Confidence: 0.803903478571428

00:36:11.110 --> 00:36:12.212 And you either depending you,

NOTE Confidence: 0.803903478571428

00:36:12.212 --> 00:36:13.722 just put it up the nose or you

NOTE Confidence: 0.803903478571428

00:36:13.722 --> 00:36:15.324 put it in the arm and you give

NOTE Confidence: 0.803903478571428

00:36:15.324 --> 00:36:16.414 the injection and that reverses

NOTE Confidence: 0.904499686666667

00:36:16.430 --> 00:36:17.738 the overdose. Does

NOTE Confidence: 0.90668556

00:36:17.750 --> 00:36:18.970 that? Does that make sense?

NOTE Confidence: 0.90668556

00:36:18.970 --> 00:36:19.680 If you heard of that,

NOTE Confidence: 0.8834918

00:36:19.910 --> 00:36:23.950 yeah, that makes sense, OK? So if
NOTE Confidence: 0.86246090625

00:36:23.960 --> 00:36:25.310 there's no one around to administer
NOTE Confidence: 0.86246090625

00:36:25.310 --> 00:36:26.110 that Narcan, it's really
NOTE Confidence: 0.92788583

00:36:26.120 --> 00:36:27.380 important that you know that you
NOTE Confidence: 0.92788583

00:36:27.380 --> 00:36:28.370 have someone around with you.
NOTE Confidence: 0.332227097

00:36:30.470 --> 00:36:31.180 About was.
NOTE Confidence: 0.72112178

00:36:32.800 --> 00:36:34.060 Bits of a please.
NOTE Confidence: 0.5292771

00:36:36.470 --> 00:36:38.960 Hello hi, my name is Castro
NOTE Confidence: 0.5292771

00:36:38.960 --> 00:36:40.120 with stated my pronouns,
NOTE Confidence: 0.687561206666667

00:36:40.120 --> 00:36:41.644 are she her hers?
NOTE Confidence: 0.687561206666667

00:36:41.644 --> 00:36:45.100 Uh my am in SP and I've been.
NOTE Confidence: 0.687561206666667

00:36:45.100 --> 00:36:49.104 Doing this for, I wanna say over
NOTE Confidence: 0.687561206666667

00:36:49.104 --> 00:36:51.844 two years now that video that you
NOTE Confidence: 0.687561206666667

00:36:51.844 --> 00:36:53.660 just saw was a little while ago.
NOTE Confidence: 0.687561206666667

00:36:53.660 --> 00:36:55.676 I did look a little different.
NOTE Confidence: 0.687561206666667

00:36:55.680 --> 00:36:59.052 My experience so far as a

NOTE Confidence: 0.687561206666667
00:36:59.052 --> 00:37:01.300 simulated participant has been.
NOTE Confidence: 0.687561206666667
00:37:01.300 --> 00:37:02.764 Very rewarding, UM,
NOTE Confidence: 0.687561206666667
00:37:02.764 --> 00:37:06.836 it's been so amazing to be a part
NOTE Confidence: 0.687561206666667
00:37:06.836 --> 00:37:10.679 of the process of helping you know
NOTE Confidence: 0.687561206666667
00:37:10.679 --> 00:37:13.814 future medical professionals. Hi in,
NOTE Confidence: 0.687561206666667
00:37:13.814 --> 00:37:16.630 in real life you know like I am an actress,
NOTE Confidence: 0.687561206666667
00:37:16.630 --> 00:37:18.040 a professional actress.
NOTE Confidence: 0.687561206666667
00:37:18.040 --> 00:37:21.010 I've been acting for about almost
NOTE Confidence: 0.687561206666667
00:37:21.010 --> 00:37:24.754 10 years now and so when I saw this
NOTE Confidence: 0.687561206666667
00:37:24.754 --> 00:37:27.698 opportunity to enhance my own skills
NOTE Confidence: 0.687561206666667
00:37:27.698 --> 00:37:30.580 and practice it more regularly and.
NOTE Confidence: 0.687561206666667
00:37:30.580 --> 00:37:32.460 Really practice some improv.
NOTE Confidence: 0.687561206666667
00:37:32.460 --> 00:37:36.276 Uhm, I had to jump on the opportunity.
NOTE Confidence: 0.687561206666667
00:37:36.280 --> 00:37:40.070 And it's been. Amazing, uh?
NOTE Confidence: 0.687561206666667
00:37:40.070 --> 00:37:43.478 I feel like this program in particular is
NOTE Confidence: 0.687561206666667

00:37:43.478 --> 00:37:46.812 not only so beneficial for the students,
NOTE Confidence: 0.687561206666667

00:37:46.812 --> 00:37:50.109 but I find it to be amazingly
NOTE Confidence: 0.687561206666667

00:37:50.109 --> 00:37:52.590 beneficial for actors in general.
NOTE Confidence: 0.687561206666667

00:37:52.590 --> 00:37:53.278 Because yes,
NOTE Confidence: 0.687561206666667

00:37:53.278 --> 00:37:55.342 we receive the information sometimes as
NOTE Confidence: 0.687561206666667

00:37:55.342 --> 00:37:57.929 who our character is and all that stuff,
NOTE Confidence: 0.687561206666667

00:37:57.930 --> 00:37:59.764 but we don't really receive a script,
NOTE Confidence: 0.687561206666667

00:37:59.770 --> 00:38:03.506 so it does give us an opportunity to.
NOTE Confidence: 0.687561206666667

00:38:03.510 --> 00:38:06.548 It's a really strengthen our skills to
NOTE Confidence: 0.687561206666667

00:38:06.548 --> 00:38:09.785 improv to just go with the flow and
NOTE Confidence: 0.687561206666667

00:38:09.785 --> 00:38:12.593 also really just live in the moment
NOTE Confidence: 0.687561206666667

00:38:12.593 --> 00:38:15.233 and live in someone elses story.
NOTE Confidence: 0.687561206666667

00:38:15.240 --> 00:38:16.280 And it really gives up.
NOTE Confidence: 0.687561206666667

00:38:16.280 --> 00:38:20.088 Gives us the perspective of those we may
NOTE Confidence: 0.687561206666667

00:38:20.088 --> 00:38:23.248 not encounter a lot for this specific.
NOTE Confidence: 0.687561206666667

00:38:23.250 --> 00:38:26.570 Uh, it's a video that you just saw, uh,

NOTE Confidence: 0.687561206666667
00:38:26.570 --> 00:38:30.618 I got to learn a lot about a person who.
NOTE Confidence: 0.687561206666667
00:38:30.618 --> 00:38:32.410 Was struggling with substance
NOTE Confidence: 0.687561206666667
00:38:32.410 --> 00:38:35.628 abuse and in that and I don't
NOTE Confidence: 0.687561206666667
00:38:35.628 --> 00:38:37.858 personally know anyone in that,
NOTE Confidence: 0.687561206666667
00:38:37.860 --> 00:38:40.324 but it did show me that there are
NOTE Confidence: 0.687561206666667
00:38:40.324 --> 00:38:42.348 people out there who who are struggling
NOTE Confidence: 0.687561206666667
00:38:42.348 --> 00:38:43.764 and sometimes they don't look what
NOTE Confidence: 0.687561206666667
00:38:43.764 --> 00:38:45.417 you think they're going to look like.
NOTE Confidence: 0.687561206666667
00:38:45.420 --> 00:38:47.401 But I am grateful for my time
NOTE Confidence: 0.687561206666667
00:38:47.401 --> 00:38:49.583 here and I'm hoping I can continue
NOTE Confidence: 0.687561206666667
00:38:49.583 --> 00:38:51.959 doing this for as long as I can,
NOTE Confidence: 0.687561206666667
00:38:51.960 --> 00:38:52.794 because again,
NOTE Confidence: 0.687561206666667
00:38:52.794 --> 00:38:55.713 it is so beneficial as an actress
NOTE Confidence: 0.687561206666667
00:38:55.713 --> 00:38:58.858 and I'll pass it on to Doctor Benoit.
NOTE Confidence: 0.819114768
00:39:01.100 --> 00:39:02.890 Thank you, Betsy Beth Lilia.
NOTE Confidence: 0.9513085375

00:39:03.650 --> 00:39:05.698 Thank you very much.
NOTE Confidence: 0.9513085375

00:39:05.700 --> 00:39:07.056 So I'm Lydia Benoit.
NOTE Confidence: 0.9513085375

00:39:07.056 --> 00:39:10.010 I'm a French and Brazilian tile psychiatrist,
NOTE Confidence: 0.9513085375

00:39:10.010 --> 00:39:12.306 so I I trained in in Paris.
NOTE Confidence: 0.9513085375

00:39:12.310 --> 00:39:15.920 I did my MD, PhD in Paris and I have
NOTE Confidence: 0.9513085375

00:39:16.020 --> 00:39:19.429 been working at Yale for one year.
NOTE Confidence: 0.9513085375

00:39:19.430 --> 00:39:21.488 First on a on a Fulbright,
NOTE Confidence: 0.9513085375

00:39:21.490 --> 00:39:25.858 and now as a associate research
NOTE Confidence: 0.9513085375

00:39:25.858 --> 00:39:28.770 scientist with Andrews team.
NOTE Confidence: 0.9513085375

00:39:28.770 --> 00:39:31.134 So I'm delighted to join a Yale community
NOTE Confidence: 0.9513085375

00:39:31.134 --> 00:39:34.350 and I hope to stay as long as possible,
NOTE Confidence: 0.9513085375

00:39:34.350 --> 00:39:37.970 but if I were to go back to France and if
NOTE Confidence: 0.9513085375

00:39:37.970 --> 00:39:41.386 we're to bring back to France teaching tool,
NOTE Confidence: 0.9513085375

00:39:41.390 --> 00:39:45.429 I think that it would be simulated
NOTE Confidence: 0.9513085375

00:39:45.429 --> 00:39:47.070 patient participant program.
NOTE Confidence: 0.9513085375

00:39:47.070 --> 00:39:48.990 Especially because in Paris

NOTE Confidence: 0.9513085375

00:39:48.990 --> 00:39:50.910 we had something similar,

NOTE Confidence: 0.9513085375

00:39:50.910 --> 00:39:53.310 but without professional actors.

NOTE Confidence: 0.9513085375

00:39:53.310 --> 00:39:57.052 So we had to play the patient

NOTE Confidence: 0.9513085375

00:39:57.052 --> 00:39:59.080 as a fellow or the resident.

NOTE Confidence: 0.9513085375

00:39:59.080 --> 00:40:02.126 Would have to play the patient and I cannot

NOTE Confidence: 0.9513085375

00:40:02.126 --> 00:40:04.190 emphasize enough how important it is.

NOTE Confidence: 0.9513085375

00:40:04.190 --> 00:40:05.764 You have visual actors.

NOTE Confidence: 0.9513085375

00:40:05.764 --> 00:40:07.420 This is crucial.

NOTE Confidence: 0.9513085375

00:40:07.420 --> 00:40:09.495 This is like something totally

NOTE Confidence: 0.9513085375

00:40:09.495 --> 00:40:12.135 different and I have been really

NOTE Confidence: 0.9513085375

00:40:12.135 --> 00:40:15.057 thrilled to participate in the program.

NOTE Confidence: 0.9513085375

00:40:15.060 --> 00:40:18.060 So we are trying to use it for

NOTE Confidence: 0.9513085375

00:40:18.060 --> 00:40:21.209 research now on the product I'm

NOTE Confidence: 0.9513085375

00:40:21.209 --> 00:40:23.513 conducting on ecological anxiety

NOTE Confidence: 0.9513085375

00:40:23.513 --> 00:40:25.720 among children adolescent.

NOTE Confidence: 0.9513085375

00:40:25.720 --> 00:40:29.266 So we started this project by
NOTE Confidence: 0.9513085375

00:40:29.266 --> 00:40:32.720 reviewing what is being said in
NOTE Confidence: 0.9513085375

00:40:32.720 --> 00:40:35.008 American newspapers about children
NOTE Confidence: 0.9513085375

00:40:35.008 --> 00:40:37.974 and adolescent awareness and
NOTE Confidence: 0.9513085375

00:40:37.974 --> 00:40:41.629 actions surrounding climate change.
NOTE Confidence: 0.9513085375

00:40:41.630 --> 00:40:44.696 But this has been a very good start and
NOTE Confidence: 0.9513085375

00:40:44.696 --> 00:40:47.144 with this review with Isaiah Thomas,
NOTE Confidence: 0.9513085375

00:40:47.150 --> 00:40:50.878 who is a medical student at Yale and
NOTE Confidence: 0.9513085375

00:40:50.878 --> 00:40:53.092 hopefully a future psychiatrist.
NOTE Confidence: 0.9513085375

00:40:53.092 --> 00:40:55.920 What we've found in this study,
NOTE Confidence: 0.9513085375

00:40:55.920 --> 00:40:58.648 the results that we can show you now,
NOTE Confidence: 0.9513085375

00:40:58.650 --> 00:41:00.172 maybe yes,
NOTE Confidence: 0.9513085375

00:41:00.172 --> 00:41:04.332 the results were that newspapers
NOTE Confidence: 0.9513085375

00:41:04.332 --> 00:41:07.668 were innocence characterizing
NOTE Confidence: 0.9513085375

00:41:07.668 --> 00:41:12.116 children adolescents involvement in
NOTE Confidence: 0.9513085375

00:41:12.120 --> 00:41:15.090 in climate action by describing them

NOTE Confidence: 0.9513085375

00:41:15.090 --> 00:41:17.734 as either fierce young activists

NOTE Confidence: 0.9513085375

00:41:17.734 --> 00:41:21.114 being bold and demanding or as

NOTE Confidence: 0.9513085375

00:41:21.114 --> 00:41:23.849 adult ified children taking on.

NOTE Confidence: 0.9513085375

00:41:23.850 --> 00:41:26.170 The responsibilities that should

NOTE Confidence: 0.9513085375

00:41:26.170 --> 00:41:29.070 be adults responsibilities such as

NOTE Confidence: 0.9513085375

00:41:29.070 --> 00:41:31.996 taking care of their future so it

NOTE Confidence: 0.9513085375

00:41:31.996 --> 00:41:33.388 is where narratives surrounding

NOTE Confidence: 0.9513085375

00:41:33.388 --> 00:41:35.641 the idea that children cannot go to

NOTE Confidence: 0.9513085375

00:41:35.641 --> 00:41:38.090 school because they have to go to protests,

NOTE Confidence: 0.9513085375

00:41:38.090 --> 00:41:40.490 because if they were not going to protest,

NOTE Confidence: 0.9513085375

00:41:40.490 --> 00:41:44.026 who would be taking care of that future?

NOTE Confidence: 0.9513085375

00:41:44.030 --> 00:41:46.410 The third narrative was the one about,

NOTE Confidence: 0.9513085375

00:41:46.410 --> 00:41:47.386 you know,

NOTE Confidence: 0.9513085375

00:41:47.386 --> 00:41:49.826 some victims saying that children

NOTE Confidence: 0.9513085375

00:41:49.826 --> 00:41:53.347 were going to die early of illnesses,

NOTE Confidence: 0.9513085375

00:41:53.350 --> 00:41:55.438 that they were suffering from asthma
NOTE Confidence: 0.9513085375

00:41:55.438 --> 00:41:58.758 and a lot of environmental health issues.
NOTE Confidence: 0.9513085375

00:41:58.758 --> 00:42:02.470 And the last course that was in a
NOTE Confidence: 0.9513085375

00:42:02.573 --> 00:42:06.178 sense positive towards children, adolescent.
NOTE Confidence: 0.9513085375

00:42:06.178 --> 00:42:09.734 But at the same time still characterizing
NOTE Confidence: 0.9513085375

00:42:09.734 --> 00:42:12.630 them was to depict them as ultimate savior.
NOTE Confidence: 0.9513085375

00:42:12.630 --> 00:42:14.290 So this was a discourse.
NOTE Confidence: 0.9513085375

00:42:14.290 --> 00:42:16.308 Around us saying oh,
NOTE Confidence: 0.9513085375

00:42:16.308 --> 00:42:18.864 this new generation is really wonderful.
NOTE Confidence: 0.9513085375

00:42:18.870 --> 00:42:21.138 They are doing so well and thanks
NOTE Confidence: 0.9513085375

00:42:21.138 --> 00:42:23.129 God they're here because they are
NOTE Confidence: 0.9513085375

00:42:23.129 --> 00:42:25.348 going to take care of the planet
NOTE Confidence: 0.9513085375

00:42:25.421 --> 00:42:27.970 and we better than what we did.
NOTE Confidence: 0.9513085375

00:42:27.970 --> 00:42:29.778 So this is positive.
NOTE Confidence: 0.9513085375

00:42:29.778 --> 00:42:32.490 But this is still burdening
NOTE Confidence: 0.9513085375

00:42:32.490 --> 00:42:34.382 for children and adolescents.

NOTE Confidence: 0.9513085375

00:42:34.382 --> 00:42:38.160 So what we have been working on next is

NOTE Confidence: 0.9513085375

00:42:38.160 --> 00:42:40.778 to try to build a positive narrative,

NOTE Confidence: 0.9513085375

00:42:40.778 --> 00:42:44.936 one that can be empowering and move.

NOTE Confidence: 0.9513085375

00:42:44.940 --> 00:42:48.307 Use from inklings. I teach weikal action.

NOTE Confidence: 0.9513085375

00:42:48.310 --> 00:42:50.990 To work on that.

NOTE Confidence: 0.9513085375

00:42:50.990 --> 00:42:52.172 We have been thinking what what

NOTE Confidence: 0.9513085375

00:42:52.172 --> 00:42:53.430 would be a good narrative?

NOTE Confidence: 0.608288782

00:42:53.430 --> 00:42:57.310 Something that bring empowers adolescent,

NOTE Confidence: 0.608288782

00:42:57.310 --> 00:42:59.250 who would watch a video,

NOTE Confidence: 0.608288782

00:42:59.250 --> 00:43:01.266 who would listen to a message?

NOTE Confidence: 0.608288782

00:43:01.270 --> 00:43:04.332 So I'm going to to pass now to

NOTE Confidence: 0.608288782

00:43:04.332 --> 00:43:06.137 Doctor Martin because we have

NOTE Confidence: 0.608288782

00:43:06.137 --> 00:43:08.399 relied on on the research that

NOTE Confidence: 0.608288782

00:43:08.399 --> 00:43:10.975 you already did 2 to inspire us.

NOTE Confidence: 0.820239515454546

00:43:12.520 --> 00:43:14.554 Merci beaucoup bedankt as we would

NOTE Confidence: 0.820239515454546

00:43:14.554 --> 00:43:16.800 say here in the Netherlands.
NOTE Confidence: 0.820239515454546

00:43:16.800 --> 00:43:18.744 Thank you, Lilia, and I'm so
NOTE Confidence: 0.820239515454546

00:43:18.744 --> 00:43:20.447 delighted at the partnership that
NOTE Confidence: 0.820239515454546

00:43:20.447 --> 00:43:22.197 we have established with France.
NOTE Confidence: 0.820239515454546

00:43:22.200 --> 00:43:23.376 We now have the Qual app,
NOTE Confidence: 0.820239515454546

00:43:23.380 --> 00:43:24.700 which is a qualitative,
NOTE Confidence: 0.820239515454546

00:43:24.700 --> 00:43:26.350 qualitative and mixed methods lab,
NOTE Confidence: 0.820239515454546

00:43:26.350 --> 00:43:28.540 which is a partnership between the
NOTE Confidence: 0.820239515454546

00:43:28.540 --> 00:43:30.640 National Institute of Health and Paris.
NOTE Confidence: 0.820239515454546

00:43:30.640 --> 00:43:32.760 With Lilia and with us here at Yale.
NOTE Confidence: 0.820239515454546

00:43:32.760 --> 00:43:35.518 So this is also an aspect about
NOTE Confidence: 0.820239515454546

00:43:35.518 --> 00:43:36.700 our international collaborations.
NOTE Confidence: 0.820239515454546

00:43:36.700 --> 00:43:38.674 Before we show you the work that
NOTE Confidence: 0.820239515454546

00:43:38.674 --> 00:43:40.550 we're doing at echoing society,
NOTE Confidence: 0.820239515454546

00:43:40.550 --> 00:43:42.643 where we're going to feature another actor
NOTE Confidence: 0.820239515454546

00:43:42.643 --> 00:43:44.138 who unfortunately could not join us.

NOTE Confidence: 0.820239515454546
00:43:44.140 --> 00:43:46.828 Tonight I do want to say a note
NOTE Confidence: 0.820239515454546
00:43:46.828 --> 00:43:48.508 on methodology because the methods
NOTE Confidence: 0.820239515454546
00:43:48.508 --> 00:43:50.524 that I'm going to describe are
NOTE Confidence: 0.820239515454546
00:43:50.524 --> 00:43:52.702 relevant to the study in egg logical
NOTE Confidence: 0.820239515454546
00:43:52.702 --> 00:43:54.580 anxiety that we're doing with Lilia,
NOTE Confidence: 0.820239515454546
00:43:54.580 --> 00:43:57.044 but also to the next study that
NOTE Confidence: 0.820239515454546
00:43:57.044 --> 00:43:59.498 you will hear from medical student
NOTE Confidence: 0.820239515454546
00:43:59.498 --> 00:44:02.294 Justin Halloran and the next chapter.
NOTE Confidence: 0.820239515454546
00:44:02.300 --> 00:44:03.648 So if you will,
NOTE Confidence: 0.820239515454546
00:44:03.648 --> 00:44:05.333 this is as methodologically complex
NOTE Confidence: 0.820239515454546
00:44:05.333 --> 00:44:07.178 as this presentation gets.
NOTE Confidence: 0.820239515454546
00:44:07.180 --> 00:44:07.538 Tonight,
NOTE Confidence: 0.820239515454546
00:44:07.538 --> 00:44:10.044 we published a paper earlier this year
NOTE Confidence: 0.820239515454546
00:44:10.044 --> 00:44:12.636 with my colleague, Darren Amsalem.
NOTE Confidence: 0.820239515454546
00:44:12.636 --> 00:44:14.370 Originally from Israel,
NOTE Confidence: 0.820239515454546

00:44:14.370 --> 00:44:15.612 now at Columbia,
NOTE Confidence: 0.820239515454546

00:44:15.612 --> 00:44:18.096 in which we sought to reduce
NOTE Confidence: 0.820239515454546

00:44:18.096 --> 00:44:20.924 stigma related to depression among
NOTE Confidence: 0.820239515454546

00:44:20.924 --> 00:44:23.834 adolescents and to increase treatment
NOTE Confidence: 0.820239515454546

00:44:23.834 --> 00:44:26.729 seeking intentions among adolescents
NOTE Confidence: 0.820239515454546

00:44:26.730 --> 00:44:29.310 and the intervention that we did
NOTE Confidence: 0.820239515454546

00:44:29.310 --> 00:44:31.527 was through a randomized control
NOTE Confidence: 0.820239515454546

00:44:31.527 --> 00:44:34.059 trial using a very brief video
NOTE Confidence: 0.820239515454546

00:44:34.059 --> 00:44:36.734 under 100 seconds to show videos
NOTE Confidence: 0.820239515454546

00:44:36.734 --> 00:44:38.949 of adolescents in various roles.
NOTE Confidence: 0.820239515454546

00:44:38.950 --> 00:44:42.350 These were once again actors
NOTE Confidence: 0.820239515454546

00:44:42.350 --> 00:44:44.382 part of this youth.
NOTE Confidence: 0.820239515454546

00:44:44.382 --> 00:44:47.020 Acting group and this is what we did.
NOTE Confidence: 0.820239515454546

00:44:47.020 --> 00:44:49.624 We had in this case two siblings.
NOTE Confidence: 0.820239515454546

00:44:49.630 --> 00:44:52.330 Silvia is her alias.
NOTE Confidence: 0.820239515454546

00:44:52.330 --> 00:44:55.507 And Noah and you have the pink and the

NOTE Confidence: 0.820239515454546
00:44:55.507 --> 00:44:58.950 blue to emphasize female and a male.
NOTE Confidence: 0.820239515454546
00:44:58.950 --> 00:45:01.068 And what we did through crowd
NOTE Confidence: 0.820239515454546
00:45:01.068 --> 00:45:03.181 crowdsourcing was a pretty large sample
NOTE Confidence: 0.820239515454546
00:45:03.181 --> 00:45:06.560 size of over 1000 youth ages 14 to 18
NOTE Confidence: 0.820239515454546
00:45:06.560 --> 00:45:09.990 who were randomized to one of three groups.
NOTE Confidence: 0.820239515454546
00:45:09.990 --> 00:45:13.084 All of them got a short video.
NOTE Confidence: 0.820239515454546
00:45:13.090 --> 00:45:15.646 Either they saw the depressed girl.
NOTE Confidence: 0.820239515454546
00:45:15.650 --> 00:45:16.814 The depressed boy,
NOTE Confidence: 0.820239515454546
00:45:16.814 --> 00:45:18.366 or a control group,
NOTE Confidence: 0.820239515454546
00:45:18.370 --> 00:45:21.530 which was both of them talking about
NOTE Confidence: 0.820239515454546
00:45:21.530 --> 00:45:23.730 something unrelated to depression.
NOTE Confidence: 0.820239515454546
00:45:23.730 --> 00:45:25.634 We did this and we found very,
NOTE Confidence: 0.820239515454546
00:45:25.640 --> 00:45:27.705 very robust findings that even
NOTE Confidence: 0.820239515454546
00:45:27.705 --> 00:45:30.254 seeing 100 seconds worth of video
NOTE Confidence: 0.820239515454546
00:45:30.254 --> 00:45:32.690 made a big impact on perceptions
NOTE Confidence: 0.820239515454546

00:45:32.690 --> 00:45:34.770 about stigma about depression.

NOTE Confidence: 0.820239515454546

00:45:34.770 --> 00:45:36.852 About it's not my fault about

NOTE Confidence: 0.820239515454546

00:45:36.852 --> 00:45:38.690 I should get some help.

NOTE Confidence: 0.820239515454546

00:45:38.690 --> 00:45:40.328 This is a person I should

NOTE Confidence: 0.820239515454546

00:45:40.328 --> 00:45:41.830 go and get help with.

NOTE Confidence: 0.820239515454546

00:45:41.830 --> 00:45:43.775 Much stronger response when they

NOTE Confidence: 0.820239515454546

00:45:43.775 --> 00:45:45.720 could empathize to these characters

NOTE Confidence: 0.820239515454546

00:45:45.781 --> 00:45:47.269 to these individuals with.

NOTE Confidence: 0.820239515454546

00:45:47.270 --> 00:45:49.520 With whom they could really

NOTE Confidence: 0.820239515454546

00:45:49.520 --> 00:45:52.079 empathize in another study.

NOTE Confidence: 0.820239515454546

00:45:52.080 --> 00:45:53.635 We found that these professionally

NOTE Confidence: 0.820239515454546

00:45:53.635 --> 00:45:55.757 made videos of the quality of the

NOTE Confidence: 0.820239515454546

00:45:55.757 --> 00:45:57.287 videos that you have been seeing.

NOTE Confidence: 0.820239515454546

00:45:57.290 --> 00:46:00.374 They were in a non inferior

NOTE Confidence: 0.820239515454546

00:46:00.374 --> 00:46:01.916 non inferiority trial.

NOTE Confidence: 0.820239515454546

00:46:01.920 --> 00:46:03.859 We found that there were just as

NOTE Confidence: 0.820239515454546
00:46:03.859 --> 00:46:06.534 good as the kind of videos that kids
NOTE Confidence: 0.820239515454546
00:46:06.534 --> 00:46:08.664 are making 24/7 using Tik T.O.K.
NOTE Confidence: 0.820239515454546
00:46:08.664 --> 00:46:09.747 And in fact,
NOTE Confidence: 0.820239515454546
00:46:09.750 --> 00:46:11.610 not only were they justice efficient,
NOTE Confidence: 0.820239515454546
00:46:11.610 --> 00:46:13.650 but they certainly were much cheaper.
NOTE Confidence: 0.820239515454546
00:46:13.650 --> 00:46:17.306 We could have infinite variety of doing them,
NOTE Confidence: 0.820239515454546
00:46:17.310 --> 00:46:19.086 and the kids could literally do
NOTE Confidence: 0.820239515454546
00:46:19.086 --> 00:46:20.910 them in their bedroom and showing
NOTE Confidence: 0.820239515454546
00:46:20.910 --> 00:46:22.510 us what it was like.
NOTE Confidence: 0.820239515454546
00:46:22.510 --> 00:46:26.630 So what you're going to see next is
NOTE Confidence: 0.745016101818182
00:46:26.630 --> 00:46:30.116 102nd video of one of our very
NOTE Confidence: 0.745016101818182
00:46:30.116 --> 00:46:32.350 talented actors Camille Fortin,
NOTE Confidence: 0.745016101818182
00:46:32.350 --> 00:46:34.947 who unfortunately could not join us tonight.
NOTE Confidence: 0.745016101818182
00:46:34.950 --> 00:46:36.710 And this is a study we're about to
NOTE Confidence: 0.745016101818182
00:46:36.710 --> 00:46:38.306 launch with, Lilia, in which we're
NOTE Confidence: 0.745016101818182

00:46:38.306 --> 00:46:40.360 going to do something very similar here.
NOTE Confidence: 0.745016101818182

00:46:40.360 --> 00:46:43.342 To this study, but instead of
NOTE Confidence: 0.745016101818182

00:46:43.342 --> 00:46:45.330 showing depressed versus control,
NOTE Confidence: 0.745016101818182

00:46:45.330 --> 00:46:47.970 we're going to show two different ways for
NOTE Confidence: 0.745016101818182

00:46:47.970 --> 00:46:50.377 adolescents to deal with ecological anxiety.
NOTE Confidence: 0.745016101818182

00:46:50.380 --> 00:46:52.195 One of them is that, Oh my God,
NOTE Confidence: 0.745016101818182

00:46:52.195 --> 00:46:53.490 the world is coming to an end.
NOTE Confidence: 0.745016101818182

00:46:53.490 --> 00:46:54.480 There's nothing we can do.
NOTE Confidence: 0.745016101818182

00:46:54.480 --> 00:46:55.998 These adults have done terrible things.
NOTE Confidence: 0.745016101818182

00:46:56.000 --> 00:46:58.538 The world is over at Jeremiah
NOTE Confidence: 0.745016101818182

00:46:58.540 --> 00:47:01.158 versus a more we are the future.
NOTE Confidence: 0.745016101818182

00:47:01.160 --> 00:47:02.328 We can do it.
NOTE Confidence: 0.745016101818182

00:47:02.328 --> 00:47:04.781 We need to mobilize and we're going to
NOTE Confidence: 0.745016101818182

00:47:04.781 --> 00:47:07.782 see the kind of messaging that can be most
NOTE Confidence: 0.745016101818182

00:47:07.782 --> 00:47:10.344 helpful to move attitudes and behavior.
NOTE Confidence: 0.745016101818182

00:47:10.350 --> 00:47:13.044 You can imagine the potential of this if

NOTE Confidence: 0.745016101818182
00:47:13.044 --> 00:47:16.760 these videos can go viral as we know they do,
NOTE Confidence: 0.745016101818182
00:47:16.760 --> 00:47:19.530 and if they can go viral to quote UN quote,
NOTE Confidence: 0.745016101818182
00:47:19.530 --> 00:47:21.132 sell something like,
NOTE Confidence: 0.745016101818182
00:47:21.132 --> 00:47:23.268 let's fight ecological anxiety,
NOTE Confidence: 0.745016101818182
00:47:23.270 --> 00:47:25.850 or let's deal with stigma.
NOTE Confidence: 0.745016101818182
00:47:25.850 --> 00:47:27.608 That could be a wonderful thing.
NOTE Confidence: 0.745016101818182
00:47:27.610 --> 00:47:30.770 It's not just selling cars or video games,
NOTE Confidence: 0.745016101818182
00:47:30.770 --> 00:47:32.438 it's selling health related
NOTE Confidence: 0.745016101818182
00:47:32.438 --> 00:47:34.523 products that we're doing here.
NOTE Confidence: 0.745016101818182
00:47:34.530 --> 00:47:36.495 So let me introduce you
NOTE Confidence: 0.745016101818182
00:47:36.495 --> 00:47:38.067 to Camille 100 seconds,
NOTE Confidence: 0.745016101818182
00:47:38.070 --> 00:47:39.250 let me alert you.
NOTE Confidence: 0.745016101818182
00:47:39.250 --> 00:47:41.020 This is a high intensity video.
NOTE Confidence: 0.745016101818182
00:47:41.020 --> 00:47:42.728 So in case you were feeling sleepy,
NOTE Confidence: 0.745016101818182
00:47:42.730 --> 00:47:43.159 here we go.
NOTE Confidence: 0.954750652

00:47:45.760 --> 00:47:47.040 Hi, my name is Camille,
NOTE Confidence: 0.954750652

00:47:47.040 --> 00:47:49.352 I'm 16 and I'm sick and tired of
NOTE Confidence: 0.954750652

00:47:49.352 --> 00:47:51.024 people ignoring climate change and
NOTE Confidence: 0.954750652

00:47:51.024 --> 00:47:53.082 global warming to the point where
NOTE Confidence: 0.954750652

00:47:53.082 --> 00:47:55.177 it's really been messing with me.
NOTE Confidence: 0.954750652

00:47:55.180 --> 00:47:57.804 I've been so sad and depressed and just
NOTE Confidence: 0.954750652

00:47:57.804 --> 00:47:59.943 feeling so helpless but all that's
NOTE Confidence: 0.954750652

00:47:59.943 --> 00:48:02.490 changed now I'm gonna tell you how
NOTE Confidence: 0.954750652

00:48:02.490 --> 00:48:04.614 I went from frustrated and helpless
NOTE Confidence: 0.954750652

00:48:04.614 --> 00:48:06.637 to hopeful and full of purpose.
NOTE Confidence: 0.954750652

00:48:06.637 --> 00:48:08.870 I'm sure you don't need a reminder,
NOTE Confidence: 0.954750652

00:48:08.870 --> 00:48:11.450 but our world is rapidly warming,
NOTE Confidence: 0.954750652

00:48:11.450 --> 00:48:13.996 which leads to glacier melts and
NOTE Confidence: 0.954750652

00:48:13.996 --> 00:48:17.826 floods and hurricanes and fires.
NOTE Confidence: 0.954750652

00:48:17.830 --> 00:48:19.468 And after seeing all of this,
NOTE Confidence: 0.954750652

00:48:19.470 --> 00:48:22.788 I just felt so helpless and sad.

NOTE Confidence: 0.954750652

00:48:22.790 --> 00:48:24.962 'cause you see all these big

NOTE Confidence: 0.954750652

00:48:24.962 --> 00:48:26.786 corporations and politicians who have

NOTE Confidence: 0.954750652

00:48:26.786 --> 00:48:28.970 the power not doing anything to help.

NOTE Confidence: 0.954750652

00:48:28.970 --> 00:48:32.512 And after having maybe a little baby

NOTE Confidence: 0.954750652

00:48:32.512 --> 00:48:34.784 meltdown, I realized it has to be me.

NOTE Confidence: 0.954750652

00:48:34.790 --> 00:48:38.589 It has to be us, you and me.

NOTE Confidence: 0.954750652

00:48:38.589 --> 00:48:40.608 Gen Z baby.

NOTE Confidence: 0.954750652

00:48:40.610 --> 00:48:42.185 We gotta be the change and I

NOTE Confidence: 0.954750652

00:48:42.185 --> 00:48:43.690 know it's like what can little

NOTE Confidence: 0.954750652

00:48:43.690 --> 00:48:45.489 me who lives in my parents house?

NOTE Confidence: 0.954750652

00:48:45.490 --> 00:48:47.150 Do there's actually so many

NOTE Confidence: 0.954750652

00:48:47.150 --> 00:48:49.050 actionable things that we can do.

NOTE Confidence: 0.954750652

00:48:49.050 --> 00:48:50.082 First things first,

NOTE Confidence: 0.954750652

00:48:50.082 --> 00:48:52.490 a lot of our electricity uses coal

NOTE Confidence: 0.954750652

00:48:52.563 --> 00:48:54.560 gas oil which release CO2 into the

NOTE Confidence: 0.954750652

00:48:54.560 --> 00:48:55.970 environment and contribute to global warming.

NOTE Confidence: 0.954750652

00:48:55.970 --> 00:48:58.595 So to reduce our use of electricity,

NOTE Confidence: 0.954750652

00:48:58.600 --> 00:49:01.860 maybe try washing your laundry on cold.

NOTE Confidence: 0.954750652

00:49:01.860 --> 00:49:04.716 Or air dryer clothes instead of using

NOTE Confidence: 0.954750652

00:49:04.716 --> 00:49:06.842 the dryer and the things that I just

NOTE Confidence: 0.954750652

00:49:06.842 --> 00:49:08.299 mentioned are kind of solo things,

NOTE Confidence: 0.954750652

00:49:08.300 --> 00:49:09.826 but I realized that there must be

NOTE Confidence: 0.954750652

00:49:09.826 --> 00:49:11.157 people feeling the same way as me.

NOTE Confidence: 0.954750652

00:49:11.160 --> 00:49:12.807 So I started a group at my school and

NOTE Confidence: 0.954750652

00:49:12.807 --> 00:49:14.576 not only did I make a bunch of friends

NOTE Confidence: 0.954750652

00:49:14.576 --> 00:49:16.036 who have the same goals as I do,

NOTE Confidence: 0.954750652

00:49:16.040 --> 00:49:17.790 but together we were actually

NOTE Confidence: 0.954750652

00:49:17.790 --> 00:49:19.540 able to make visible changes.

NOTE Confidence: 0.954750652

00:49:19.540 --> 00:49:20.860 We got solar panels applied

NOTE Confidence: 0.954750652

00:49:20.860 --> 00:49:22.180 to my high school roof.

NOTE Confidence: 0.954750652

00:49:22.180 --> 00:49:23.788 We got the mayor to add more bike

NOTE Confidence: 0.954750652

00:49:23.788 --> 00:49:25.676 lanes to our town and plant more trees,

NOTE Confidence: 0.954750652

00:49:25.680 --> 00:49:27.947 and that's just the beginning and

NOTE Confidence: 0.954750652

00:49:27.947 --> 00:49:30.403 I just want you to know that it's

NOTE Confidence: 0.954750652

00:49:30.403 --> 00:49:32.190 possible we can make a change.

NOTE Confidence: 0.954750652

00:49:32.190 --> 00:49:34.646 I believe that you can be the change.

NOTE Confidence: 0.954750652

00:49:34.650 --> 00:49:35.758 You could do this.

NOTE Confidence: 0.3058408875

00:49:38.370 --> 00:49:40.428 So hi, my name is Camille.

NOTE Confidence: 0.886056735

00:49:40.720 --> 00:49:43.852 This study is soon to be starting and I

NOTE Confidence: 0.886056735

00:49:43.852 --> 00:49:47.215 want to thank again the collaboration with

NOTE Confidence: 0.886056735

00:49:47.220 --> 00:49:52.190 Lilia across the ocean and with Camille.

NOTE Confidence: 0.886056735

00:49:52.190 --> 00:49:54.602 Let me now pass it to the last segment,

NOTE Confidence: 0.886056735

00:49:54.610 --> 00:49:56.430 and now that you understand a little

NOTE Confidence: 0.886056735

00:49:56.430 --> 00:49:58.311 bit of the methodology that we're

NOTE Confidence: 0.886056735

00:49:58.311 --> 00:50:00.399 using with videos to conduct these

NOTE Confidence: 0.886056735

00:50:00.399 --> 00:50:02.248 large randomized control trials,

NOTE Confidence: 0.886056735

00:50:02.250 --> 00:50:05.514 let me introduce you to the very soon

NOTE Confidence: 0.886056735

00:50:05.514 --> 00:50:09.400 to be doctor Justin Halloran. Thank

NOTE Confidence: 0.741062902857143

00:50:09.410 --> 00:50:12.212 you Doctor Martin as Doctor Martin

NOTE Confidence: 0.741062902857143

00:50:12.212 --> 00:50:13.712 mentioned 4th year student I

NOTE Confidence: 0.741062902857143

00:50:13.712 --> 00:50:15.633 guess 50 year if you count the

NOTE Confidence: 0.741062902857143

00:50:15.633 --> 00:50:17.523 extra research yard took we're as

NOTE Confidence: 0.741062902857143

00:50:17.523 --> 00:50:19.619 fortunate to work with Doctor Martin.

NOTE Confidence: 0.741062902857143

00:50:19.620 --> 00:50:20.840 Originally I started with the

NOTE Confidence: 0.741062902857143

00:50:20.840 --> 00:50:21.816 Yale Pediatric Gender Program,

NOTE Confidence: 0.741062902857143

00:50:21.820 --> 00:50:22.912 doing a survey data,

NOTE Confidence: 0.741062902857143

00:50:22.912 --> 00:50:24.946 and in the past year I've been

NOTE Confidence: 0.741062902857143

00:50:24.946 --> 00:50:26.938 able to work more closely with

NOTE Confidence: 0.741062902857143

00:50:26.938 --> 00:50:28.903 Doctor Martin's work with the

NOTE Confidence: 0.741062902857143

00:50:28.903 --> 00:50:30.256 standardized patient program.

NOTE Confidence: 0.741062902857143

00:50:30.260 --> 00:50:31.465 Contrast with my previous research

NOTE Confidence: 0.741062902857143

00:50:31.465 --> 00:50:33.115 is that now I'm actually able to

NOTE Confidence: 0.741062902857143
00:50:33.115 --> 00:50:34.315 engage a little bit more closely
NOTE Confidence: 0.741062902857143
00:50:34.315 --> 00:50:35.496 with the communities I'm hoping
NOTE Confidence: 0.741062902857143
00:50:35.496 --> 00:50:37.085 to serve that being transgender
NOTE Confidence: 0.741062902857143
00:50:37.085 --> 00:50:39.126 youth and non binary youth.
NOTE Confidence: 0.741062902857143
00:50:39.126 --> 00:50:41.280 And again this reflects Doctor Martin's
NOTE Confidence: 0.741062902857143
00:50:41.341 --> 00:50:43.516 philosophy that he mentioned earlier.
NOTE Confidence: 0.741062902857143
00:50:43.520 --> 00:50:44.840 Nothing about me without me,
NOTE Confidence: 0.741062902857143
00:50:44.840 --> 00:50:46.828 so really trying to engage in the
NOTE Confidence: 0.741062902857143
00:50:46.828 --> 00:50:48.140 communities that we're serving.
NOTE Confidence: 0.741062902857143
00:50:48.140 --> 00:50:51.339 Uhm, and so the first study that
NOTE Confidence: 0.741062902857143
00:50:51.339 --> 00:50:53.308 I'll discuss at the next slide
NOTE Confidence: 0.741062902857143
00:50:53.308 --> 00:50:54.880 might seem a little bit familiar.
NOTE Confidence: 0.741062902857143
00:50:54.880 --> 00:50:57.478 It's a similar project to what
NOTE Confidence: 0.741062902857143
00:50:57.478 --> 00:50:59.210 Doctor Martin highlighted earlier,
NOTE Confidence: 0.741062902857143
00:50:59.210 --> 00:51:01.280 essentially doing an arc to see
NOTE Confidence: 0.741062902857143

00:51:01.280 --> 00:51:03.715 if this social contact video can
NOTE Confidence: 0.741062902857143

00:51:03.715 --> 00:51:05.679 affect attitudes towards depression.
NOTE Confidence: 0.741062902857143

00:51:05.680 --> 00:51:07.857 And this is just published in JAMA
NOTE Confidence: 0.741062902857143

00:51:07.860 --> 00:51:09.980 and what we're looking at here was not
NOTE Confidence: 0.741062902857143

00:51:09.980 --> 00:51:12.299 just a question related stigma among
NOTE Confidence: 0.741062902857143

00:51:12.299 --> 00:51:14.459 adolescents but transphobia as well,
NOTE Confidence: 0.741062902857143

00:51:14.460 --> 00:51:16.644 and what we did was we had simulated
NOTE Confidence: 0.741062902857143

00:51:16.644 --> 00:51:17.779 participants Parker and Monica,
NOTE Confidence: 0.741062902857143

00:51:17.780 --> 00:51:19.730 who will be introducing shortly.
NOTE Confidence: 0.741062902857143

00:51:19.730 --> 00:51:21.250 My dad scripts identified themselves
NOTE Confidence: 0.741062902857143

00:51:21.250 --> 00:51:22.770 as transgender and related that
NOTE Confidence: 0.741062902857143

00:51:22.816 --> 00:51:23.710 to their experience,
NOTE Confidence: 0.741062902857143

00:51:23.710 --> 00:51:25.770 so seeking mental health care.
NOTE Confidence: 0.741062902857143

00:51:25.770 --> 00:51:27.276 Now these were scripts because we
NOTE Confidence: 0.741062902857143

00:51:27.276 --> 00:51:29.232 wanted to be able to correlate them
NOTE Confidence: 0.741062902857143

00:51:29.232 --> 00:51:31.032 with the experience that was highlighted

NOTE Confidence: 0.741062902857143
00:51:31.032 --> 00:51:33.207 by the cisgender simulated participants,
NOTE Confidence: 0.741062902857143
00:51:33.210 --> 00:51:35.079 but they were able to add some
NOTE Confidence: 0.741062902857143
00:51:35.079 --> 00:51:36.750 of their own flavor to it.
NOTE Confidence: 0.741062902857143
00:51:36.750 --> 00:51:38.398 We have a team member who has some
NOTE Confidence: 0.741062902857143
00:51:38.398 --> 00:51:39.544 lived experience and was able to
NOTE Confidence: 0.741062902857143
00:51:39.544 --> 00:51:40.808 write the scripts and so we were
NOTE Confidence: 0.741062902857143
00:51:40.808 --> 00:51:42.224 really able to try and bring in some
NOTE Confidence: 0.741062902857143
00:51:42.224 --> 00:51:44.082 of their actual genuine experiences
NOTE Confidence: 0.741062902857143
00:51:44.082 --> 00:51:47.093 as we introduced them and we had
NOTE Confidence: 0.741062902857143
00:51:47.093 --> 00:51:49.307 very encouraging data even though we
NOTE Confidence: 0.741062902857143
00:51:49.307 --> 00:51:51.470 weren't able to have them engage face
NOTE Confidence: 0.741062902857143
00:51:51.529 --> 00:51:53.489 to face with survey participants,
NOTE Confidence: 0.741062902857143
00:51:53.490 --> 00:51:55.296 we found that we were able to
NOTE Confidence: 0.741062902857143
00:51:55.296 --> 00:51:55.812 reduce transphobia.
NOTE Confidence: 0.741062902857143
00:51:55.820 --> 00:51:57.776 And also reducing the same process,
NOTE Confidence: 0.741062902857143

00:51:57.780 --> 00:51:59.744 depression related stigma and
NOTE Confidence: 0.741062902857143

00:51:59.744 --> 00:52:02.199 this was particularly true for
NOTE Confidence: 0.741062902857143

00:52:02.199 --> 00:52:03.640 heterosexual participants,
NOTE Confidence: 0.741062902857143

00:52:03.640 --> 00:52:05.544 whereas maybe we hit a little bit of
NOTE Confidence: 0.741062902857143

00:52:05.544 --> 00:52:07.241 a ceiling effect with patients who
NOTE Confidence: 0.741062902857143

00:52:07.241 --> 00:52:09.560 identified as part of the queer community.
NOTE Confidence: 0.741062902857143

00:52:09.560 --> 00:52:11.352 I think for me the take home message
NOTE Confidence: 0.741062902857143

00:52:11.352 --> 00:52:12.927 there is that this might provide
NOTE Confidence: 0.741062902857143

00:52:12.927 --> 00:52:14.541 a really effective Ave to have
NOTE Confidence: 0.741062902857143

00:52:14.591 --> 00:52:16.537 people work with people and get some
NOTE Confidence: 0.741062902857143

00:52:16.537 --> 00:52:18.268 contact with people in different
NOTE Confidence: 0.741062902857143

00:52:18.268 --> 00:52:20.488 communities from theirs and breakdown
NOTE Confidence: 0.741062902857143

00:52:20.488 --> 00:52:22.520 some of those barriers.
NOTE Confidence: 0.741062902857143

00:52:22.520 --> 00:52:23.038 In addition,
NOTE Confidence: 0.741062902857143

00:52:23.038 --> 00:52:24.851 we are also able to work with
NOTE Confidence: 0.741062902857143

00:52:24.851 --> 00:52:26.647 Parker and Monica on another study.

NOTE Confidence: 0.741062902857143
00:52:26.650 --> 00:52:28.186 In this one Parker and Monica,
NOTE Confidence: 0.741062902857143
00:52:28.190 --> 00:52:30.157 we're actually asked to give some of
NOTE Confidence: 0.741062902857143
00:52:30.157 --> 00:52:31.810 their own perspectives and experiences.
NOTE Confidence: 0.741062902857143
00:52:31.810 --> 00:52:33.826 Being trans teens not just about
NOTE Confidence: 0.741062902857143
00:52:33.826 --> 00:52:35.610 their own stories and lives,
NOTE Confidence: 0.741062902857143
00:52:35.610 --> 00:52:36.810 but also about their perspectives
NOTE Confidence: 0.741062902857143
00:52:36.810 --> 00:52:38.010 on some of these issues.
NOTE Confidence: 0.741062902857143
00:52:38.010 --> 00:52:38.988 More globally speaking,
NOTE Confidence: 0.741062902857143
00:52:38.988 --> 00:52:41.270 and what we use those videos for
NOTE Confidence: 0.741062902857143
00:52:41.330 --> 00:52:43.367 was a study in which we introduced
NOTE Confidence: 0.741062902857143
00:52:43.367 --> 00:52:45.191 those videos to trainees in the
NOTE Confidence: 0.741062902857143
00:52:45.191 --> 00:52:46.973 health professions to try and get
NOTE Confidence: 0.741062902857143
00:52:46.973 --> 00:52:49.601 a sense of how we can best bolster
NOTE Confidence: 0.741062902857143
00:52:49.601 --> 00:52:50.600 our education on
NOTE Confidence: 0.900073200833333
00:52:50.675 --> 00:52:52.856 these topics. The intervention there,
NOTE Confidence: 0.900073200833333

00:52:52.856 --> 00:52:55.016 plus inclusion or exclusion of
NOTE Confidence: 0.900073200833333

00:52:55.016 --> 00:52:57.168 videos of Parker and Monica.
NOTE Confidence: 0.900073200833333

00:52:57.170 --> 00:52:58.724 Uh, and while we're still completing
NOTE Confidence: 0.900073200833333

00:52:58.724 --> 00:53:00.439 our data analysis and doctor Martin,
NOTE Confidence: 0.900073200833333

00:53:00.440 --> 00:53:02.610 I have just met prior to this to discuss it,
NOTE Confidence: 0.900073200833333

00:53:02.610 --> 00:53:04.266 and we've gotten very encouraging results
NOTE Confidence: 0.900073200833333

00:53:04.266 --> 00:53:06.444 so far that seemed to indicate a long
NOTE Confidence: 0.900073200833333

00:53:06.444 --> 00:53:07.986 lasting benefit from the inclusion of
NOTE Confidence: 0.900073200833333

00:53:08.038 --> 00:53:09.970 those experiences in the didactic session.
NOTE Confidence: 0.900073200833333

00:53:09.970 --> 00:53:11.695 With surveys showing that trainees
NOTE Confidence: 0.900073200833333

00:53:11.695 --> 00:53:12.730 reported increased warmth,
NOTE Confidence: 0.900073200833333

00:53:12.730 --> 00:53:14.830 warmth towards trans and gender
NOTE Confidence: 0.900073200833333

00:53:14.830 --> 00:53:15.670 diverse people,
NOTE Confidence: 0.900073200833333

00:53:15.670 --> 00:53:17.368 even though again Parker Monica were
NOTE Confidence: 0.900073200833333

00:53:17.368 --> 00:53:19.470 not able to present live and in person
NOTE Confidence: 0.900073200833333

00:53:19.470 --> 00:53:21.890 and the benefit to that is pretty huge,

NOTE Confidence: 0.900073200833333
00:53:21.890 --> 00:53:24.543 given that that allows us to disseminate
NOTE Confidence: 0.900073200833333
00:53:24.543 --> 00:53:26.490 these materials much more widely.
NOTE Confidence: 0.900073200833333
00:53:26.490 --> 00:53:27.154 And and with that,
NOTE Confidence: 0.900073200833333
00:53:27.154 --> 00:53:28.643 I'd just like to take a moment to
NOTE Confidence: 0.900073200833333
00:53:28.643 --> 00:53:29.993 actually watch some videos of Parker
NOTE Confidence: 0.900073200833333
00:53:29.993 --> 00:53:31.439 Monica and have them introduce a
NOTE Confidence: 0.900073200833333
00:53:31.439 --> 00:53:32.624 little bit their own experience.
NOTE Confidence: 0.900073200833333
00:53:32.630 --> 00:53:33.359 Thanks, doctor Martin.
NOTE Confidence: 0.42476077
00:53:40.230 --> 00:53:44.028 I am a transgender male.
NOTE Confidence: 0.42476077
00:53:44.030 --> 00:53:46.080 And for the longest time.
NOTE Confidence: 0.877029770666667
00:53:48.260 --> 00:53:51.820 I felt like I was in the wrong
NOTE Confidence: 0.877029770666667
00:53:51.820 --> 00:53:55.687 body and that there was no escape.
NOTE Confidence: 0.877029770666667
00:53:55.690 --> 00:53:59.763 I felt trapped and like there was no way out.
NOTE Confidence: 0.877029770666667
00:53:59.770 --> 00:54:01.316 Honestly, I felt worthless.
NOTE Confidence: 0.877029770666667
00:54:01.316 --> 00:54:05.364 Yeah, kind of like a disappointment in ways.
NOTE Confidence: 0.877029770666667

00:54:05.370 --> 00:54:08.555 Once my grades started to drop especially.
NOTE Confidence: 0.877029770666667

00:54:08.560 --> 00:54:10.678 And my parents didn't know why,
NOTE Confidence: 0.877029770666667

00:54:10.680 --> 00:54:11.770 'cause I wouldn't tell them.
NOTE Confidence: 0.688517103333333

00:54:13.810 --> 00:54:16.840 That's when I started to have.
NOTE Confidence: 0.688517103333333

00:54:16.840 --> 00:54:21.960 Dark thoughts recital thoughts.
NOTE Confidence: 0.688517103333333

00:54:21.960 --> 00:54:24.258 And I knew.
NOTE Confidence: 0.688517103333333

00:54:24.260 --> 00:54:28.200 I had to tell my parents and so I did.
NOTE Confidence: 0.688517103333333

00:54:28.200 --> 00:54:31.432 And they took me to a pediatrician who
NOTE Confidence: 0.688517103333333

00:54:31.432 --> 00:54:34.540 referred me to a psychiatrist psychiatrist,
NOTE Confidence: 0.688517103333333

00:54:34.540 --> 00:54:37.448 diagnosed me with depression.
NOTE Confidence: 0.688517103333333

00:54:37.450 --> 00:54:40.199 Which came mostly from not being
NOTE Confidence: 0.688517103333333

00:54:40.200 --> 00:54:43.191 able to be my true self and not
NOTE Confidence: 0.688517103333333

00:54:43.191 --> 00:54:44.946 being able to express myself.
NOTE Confidence: 0.40442866

00:54:48.560 --> 00:54:50.629 Thank you know we have Monica you next.
NOTE Confidence: 0.680447025

00:54:56.400 --> 00:54:59.498 The feelings of guilt and fear have lifted.
NOTE Confidence: 0.680447025

00:54:59.500 --> 00:55:01.736 I've really started to find more

NOTE Confidence: 0.680447025

00:55:01.736 --> 00:55:04.559 joy in life again, and I've really

NOTE Confidence: 0.680447025

00:55:04.560 --> 00:55:06.792 begun to understand that there's

NOTE Confidence: 0.680447025

00:55:06.792 --> 00:55:08.268 nothing wrong with me expressing my

NOTE Confidence: 0.91895367

00:55:08.280 --> 00:55:09.876 true gender if I had to

NOTE Confidence: 0.91895367

00:55:09.876 --> 00:55:11.420 give a piece of advice

NOTE Confidence: 0.918103628888889

00:55:11.600 --> 00:55:14.600 to anyone who's going through something

NOTE Confidence: 0.918103628888889

00:55:14.600 --> 00:55:17.164 similar to what I went through and

NOTE Confidence: 0.918103628888889

00:55:17.164 --> 00:55:18.494 what I'm currently going through.

NOTE Confidence: 0.918103628888889

00:55:18.500 --> 00:55:20.710 It's that not only should

NOTE Confidence: 0.918103628888889

00:55:20.710 --> 00:55:22.840 you talk to a therapist and.

NOTE Confidence: 0.918103628888889

00:55:22.840 --> 00:55:25.888 Psychiatrist but I also highly encourage

NOTE Confidence: 0.899232413333333

00:55:25.900 --> 00:55:28.305 you to. Talk with your

NOTE Confidence: 0.899232413333333

00:55:28.305 --> 00:55:29.560 friends. There's nothing

NOTE Confidence: 0.928424621

00:55:29.570 --> 00:55:30.690 wrong with reaching out,

NOTE Confidence: 0.928424621

00:55:30.690 --> 00:55:32.370 and as a matter of fact,

NOTE Confidence: 0.928424621

00:55:32.370 --> 00:55:34.388 you're incredibly brave and strong
NOTE Confidence: 0.928424621

00:55:34.390 --> 00:55:36.370 for even taking those steps.
NOTE Confidence: 0.93109778

00:55:39.220 --> 00:55:42.055 Thank you Monica, and let me pass it now.
NOTE Confidence: 0.93109778

00:55:42.060 --> 00:55:45.246 Onto Jill, the second of our
NOTE Confidence: 0.93109778

00:55:45.246 --> 00:55:47.370 simulated participants who's joining
NOTE Confidence: 0.93109778

00:55:47.453 --> 00:55:49.648 us this evening. Jill take it away.
NOTE Confidence: 0.65355905

00:55:50.240 --> 00:55:52.360 Thanks Andre. So I'm sorry.
NOTE Confidence: 0.65355905

00:55:52.360 --> 00:55:54.747 I mean those videos make me cry.
NOTE Confidence: 0.65355905

00:55:54.750 --> 00:55:57.315 I promise I'm going to cry but hi everyone,
NOTE Confidence: 0.65355905

00:55:57.320 --> 00:55:58.955 I'm Jillian Celentano.
NOTE Confidence: 0.65355905

00:55:58.955 --> 00:56:00.590 She her pronouns.
NOTE Confidence: 0.65355905

00:56:00.590 --> 00:56:02.400 I am a transgender woman.
NOTE Confidence: 0.65355905

00:56:02.400 --> 00:56:07.470 I I transition started my transition in 2015.
NOTE Confidence: 0.65355905

00:56:07.470 --> 00:56:09.310 And that was an awakening.
NOTE Confidence: 0.65355905

00:56:09.310 --> 00:56:11.300 I went back to school.
NOTE Confidence: 0.65355905

00:56:11.300 --> 00:56:13.454 I'm right now earning my masters

NOTE Confidence: 0.65355905

00:56:13.454 --> 00:56:15.674 in social work and I will

NOTE Confidence: 0.65355905

00:56:15.674 --> 00:56:17.434 be graduating in five weeks.

NOTE Confidence: 0.65355905

00:56:17.440 --> 00:56:20.030 But what brought me here is why I did a

NOTE Confidence: 0.65355905

00:56:20.103 --> 00:56:22.896 two year internship at the agenda program.

NOTE Confidence: 0.65355905

00:56:22.900 --> 00:56:23.872 I'm an advocate.

NOTE Confidence: 0.65355905

00:56:23.872 --> 00:56:26.566 I'm a speaker and through all that I

NOTE Confidence: 0.65355905

00:56:26.566 --> 00:56:28.738 got the pleasure of meeting Andres

NOTE Confidence: 0.65355905

00:56:28.738 --> 00:56:30.969 and getting involved with the SP

NOTE Confidence: 0.65355905

00:56:30.969 --> 00:56:32.769 program because we are definitely

NOTE Confidence: 0.65355905

00:56:32.769 --> 00:56:34.875 under rated with the medical community

NOTE Confidence: 0.65355905

00:56:34.875 --> 00:56:36.990 and how we're treated and look.

NOTE Confidence: 0.65355905

00:56:36.990 --> 00:56:38.598 I never. I'm not an actor.

NOTE Confidence: 0.65355905

00:56:38.600 --> 00:56:40.456 I never acted a day in my life,

NOTE Confidence: 0.65355905

00:56:40.460 --> 00:56:42.580 but bringing my lived experience.

NOTE Confidence: 0.65355905

00:56:42.580 --> 00:56:44.242 It is what brought me here

NOTE Confidence: 0.65355905

00:56:44.242 --> 00:56:45.580 and I absolutely loved it.

NOTE Confidence: 0.65355905

00:56:45.580 --> 00:56:47.176 Then I heard this study I'm

NOTE Confidence: 0.65355905

00:56:47.176 --> 00:56:48.690 going out with these videos.

NOTE Confidence: 0.65355905

00:56:48.690 --> 00:56:51.186 And I know Andre was looking

NOTE Confidence: 0.65355905

00:56:51.186 --> 00:56:52.434 for some authentic,

NOTE Confidence: 0.65355905

00:56:52.440 --> 00:56:53.226 you know,

NOTE Confidence: 0.65355905

00:56:53.226 --> 00:56:55.191 people on some transgender youth

NOTE Confidence: 0.65355905

00:56:55.191 --> 00:56:59.236 and I run two youth groups and this

NOTE Confidence: 0.65355905

00:56:59.236 --> 00:57:01.798 is where it was great to introduce

NOTE Confidence: 0.65355905

00:57:01.798 --> 00:57:04.195 Parker and then Monica is also been

NOTE Confidence: 0.65355905

00:57:04.195 --> 00:57:08.574 a huge part of my youth group and so

NOTE Confidence: 0.65355905

00:57:08.574 --> 00:57:11.826 we are able to bring them in and look.

NOTE Confidence: 0.65355905

00:57:11.826 --> 00:57:13.170 They're not actors either.

NOTE Confidence: 0.65355905

00:57:13.170 --> 00:57:15.022 But you know what bringing in your

NOTE Confidence: 0.65355905

00:57:15.022 --> 00:57:16.582 life experience that that's all

NOTE Confidence: 0.65355905

00:57:16.582 --> 00:57:18.879 you need are your lived experience.

NOTE Confidence: 0.65355905

00:57:18.880 --> 00:57:21.216 And it was so amazing when the scripts

NOTE Confidence: 0.65355905

00:57:21.216 --> 00:57:23.840 were being written they kept were keep.

NOTE Confidence: 0.65355905

00:57:23.840 --> 00:57:25.952 We kept rewriting them because Monica

NOTE Confidence: 0.65355905

00:57:25.952 --> 00:57:28.120 and Parker were writing the scripts.

NOTE Confidence: 0.65355905

00:57:28.120 --> 00:57:30.196 You know, they started one and

NOTE Confidence: 0.65355905

00:57:30.196 --> 00:57:31.580 just by their experiences.

NOTE Confidence: 0.65355905

00:57:31.580 --> 00:57:33.700 So it was so powerful.

NOTE Confidence: 0.65355905

00:57:33.700 --> 00:57:36.076 And so I told them I coached him.

NOTE Confidence: 0.65355905

00:57:36.080 --> 00:57:37.000 Come on, just bring in,

NOTE Confidence: 0.65355905

00:57:37.000 --> 00:57:40.312 tell your stories and as you can see so

NOTE Confidence: 0.65355905

00:57:40.312 --> 00:57:43.018 authentic and again they are not actors,

NOTE Confidence: 0.65355905

00:57:43.020 --> 00:57:45.140 this they're just being themselves.

NOTE Confidence: 0.65355905

00:57:45.140 --> 00:57:48.346 So I was delighted to see that.

NOTE Confidence: 0.65355905

00:57:48.350 --> 00:57:51.681 You know being trans I I talked

NOTE Confidence: 0.65355905

00:57:51.681 --> 00:57:52.789 about yesterday versus today.

NOTE Confidence: 0.65355905

00:57:52.790 --> 00:57:54.806 You know, growing up as I couldn't
NOTE Confidence: 0.65355905

00:57:54.806 --> 00:57:56.510 say a word until along,
NOTE Confidence: 0.65355905

00:57:56.510 --> 00:57:58.155 you know, until I was later on.
NOTE Confidence: 0.65355905

00:57:58.160 --> 00:57:59.580 But I I'm gonna fight.
NOTE Confidence: 0.65355905

00:57:59.580 --> 00:58:01.100 This is why I'm going back to school.
NOTE Confidence: 0.65355905

00:58:01.100 --> 00:58:03.692 I'm being a therapist for the trans for
NOTE Confidence: 0.65355905

00:58:03.692 --> 00:58:06.436 trans youth and I'm going to fight for them.
NOTE Confidence: 0.65355905

00:58:06.440 --> 00:58:08.928 Everything I can do for them to make
NOTE Confidence: 0.65355905

00:58:08.928 --> 00:58:10.642 their lives a little bit easier.
NOTE Confidence: 0.65355905

00:58:10.642 --> 00:58:12.899 I hope you know hope too and I
NOTE Confidence: 0.65355905

00:58:12.899 --> 00:58:14.284 see a lot of improvements,
NOTE Confidence: 0.65355905

00:58:14.290 --> 00:58:15.994 but I also see a lot of scary
NOTE Confidence: 0.65355905

00:58:15.994 --> 00:58:17.672 things like these laws that are
NOTE Confidence: 0.65355905

00:58:17.672 --> 00:58:18.868 being introduced in Texas.
NOTE Confidence: 0.65355905

00:58:18.870 --> 00:58:19.650 In Florida,
NOTE Confidence: 0.65355905

00:58:19.650 --> 00:58:21.600 you know every time something

NOTE Confidence: 0.65355905

00:58:21.600 --> 00:58:22.770 like that happens,

NOTE Confidence: 0.65355905

00:58:22.770 --> 00:58:24.730 a little piece of me dies inside and

NOTE Confidence: 0.65355905

00:58:24.730 --> 00:58:26.770 probably for a lot of the trans population.

NOTE Confidence: 0.65355905

00:58:26.770 --> 00:58:28.888 That's what happens.

NOTE Confidence: 0.65355905

00:58:28.888 --> 00:58:30.300 So anyway,

NOTE Confidence: 0.65355905

00:58:30.300 --> 00:58:32.404 all this together I could talk all night,

NOTE Confidence: 0.65355905

00:58:32.410 --> 00:58:34.370 but I'm not going to,

NOTE Confidence: 0.65355905

00:58:34.370 --> 00:58:37.420 but I do want to say like this

NOTE Confidence: 0.65355905

00:58:37.420 --> 00:58:39.310 cannot be done.

NOTE Confidence: 0.65355905

00:58:39.310 --> 00:58:41.704 None of these kiddos can be part of this

NOTE Confidence: 0.65355905

00:58:41.710 --> 00:58:44.206 without a supportive parent or parents.

NOTE Confidence: 0.84782279

00:58:44.210 --> 00:58:46.954 So so important. And I I always

NOTE Confidence: 0.84782279

00:58:46.954 --> 00:58:49.020 emphasize this to everybody.

NOTE Confidence: 0.84782279

00:58:49.020 --> 00:58:50.940 So with that being said,

NOTE Confidence: 0.84782279

00:58:50.940 --> 00:58:53.828 I want to turn this right over to

NOTE Confidence: 0.84782279

00:58:53.828 --> 00:58:56.198 a supportive parent Carol who is.
NOTE Confidence: 0.84782279

00:58:56.200 --> 00:58:58.282 I cannot say enough words about
NOTE Confidence: 0.84782279

00:58:58.282 --> 00:59:00.150 her and absolutely amazing person.
NOTE Confidence: 0.837607253333334

00:59:01.620 --> 00:59:04.890 Oh, thank you. Thank you Jillian.
NOTE Confidence: 0.837607253333334

00:59:04.890 --> 00:59:06.548 I just wanted to describe
NOTE Confidence: 0.928453823846154

00:59:06.880 --> 00:59:10.536 how much my daughter Monica got out of
NOTE Confidence: 0.928453823846154

00:59:10.536 --> 00:59:13.288 participating in the research project.
NOTE Confidence: 0.928453823846154

00:59:13.290 --> 00:59:16.056 Destigmatizing transgender use.
NOTE Confidence: 0.928453823846154

00:59:16.056 --> 00:59:19.380 So she was nervous at first
NOTE Confidence: 0.928453823846154

00:59:19.380 --> 00:59:20.948 because she's not an actor,
NOTE Confidence: 0.928453823846154

00:59:20.948 --> 00:59:23.664 but the team really emphasized that they
NOTE Confidence: 0.928453823846154

00:59:23.664 --> 00:59:25.860 wanted somebody with lived experience.
NOTE Confidence: 0.928453823846154

00:59:25.860 --> 00:59:27.685 Someone who really understood what
NOTE Confidence: 0.928453823846154

00:59:27.685 --> 00:59:30.779 it's like to be a transgender girl,
NOTE Confidence: 0.928453823846154

00:59:30.780 --> 00:59:32.934 and they gave her the opportunity
NOTE Confidence: 0.928453823846154

00:59:32.934 --> 00:59:34.370 to collaborate with Jillian.

NOTE Confidence: 0.928453823846154
00:59:34.370 --> 00:59:36.506 And with Parker on the scripts,
NOTE Confidence: 0.928453823846154
00:59:36.510 --> 00:59:41.319 so they really reflected her feelings and
NOTE Confidence: 0.928453823846154
00:59:41.319 --> 00:59:45.670 her experiences as a transgender teen.
NOTE Confidence: 0.928453823846154
00:59:45.670 --> 00:59:48.315 She really talked about how she identified
NOTE Confidence: 0.928453823846154
00:59:48.315 --> 00:59:51.609 with the isolation that her character feels,
NOTE Confidence: 0.928453823846154
00:59:51.610 --> 00:59:53.950 and in another part of the
NOTE Confidence: 0.928453823846154
00:59:53.950 --> 00:59:55.852 video Monica talks about.
NOTE Confidence: 0.928453823846154
00:59:55.852 --> 00:59:58.810 She says, even when I approached teachers,
NOTE Confidence: 0.928453823846154
00:59:58.810 --> 01:00:00.926 they did not understand.
NOTE Confidence: 0.928453823846154
01:00:00.926 --> 01:00:04.553 I felt like nobody understood me and.
NOTE Confidence: 0.928453823846154
01:00:04.553 --> 01:00:06.934 My daughter realizes that she
NOTE Confidence: 0.928453823846154
01:00:06.934 --> 01:00:09.196 attends a supportive school and she
NOTE Confidence: 0.928453823846154
01:00:09.196 --> 01:00:11.658 lives in an accepting community,
NOTE Confidence: 0.928453823846154
01:00:11.660 --> 01:00:15.711 but so many transgender teens don't and I
NOTE Confidence: 0.928453823846154
01:00:15.711 --> 01:00:18.679 just want to echo Jillian in saying that,
NOTE Confidence: 0.928453823846154

01:00:18.680 --> 01:00:21.206 I think the trends in this
NOTE Confidence: 0.928453823846154

01:00:21.206 --> 01:00:22.469 country are alarming.
NOTE Confidence: 0.928453823846154

01:00:22.470 --> 01:00:26.288 It really breaks my heart that there are
NOTE Confidence: 0.928453823846154

01:00:26.288 --> 01:00:28.803 state legislatures pushing to classify
NOTE Confidence: 0.928453823846154

01:00:28.803 --> 01:00:31.857 gender affirming healthcare as child abuse.
NOTE Confidence: 0.928453823846154

01:00:31.860 --> 01:00:35.097 I I can't imagine what it would be like to
NOTE Confidence: 0.928453823846154

01:00:35.097 --> 01:00:38.278 be criminalized for helping my daughter.
NOTE Confidence: 0.928453823846154

01:00:38.280 --> 01:00:40.490 So I.
NOTE Confidence: 0.928453823846154

01:00:40.490 --> 01:00:43.530 Admire the team for doing this
NOTE Confidence: 0.928453823846154

01:00:43.530 --> 01:00:45.563 research and I admire Monica for
NOTE Confidence: 0.928453823846154

01:00:45.563 --> 01:00:47.408 stepping forward because she really
NOTE Confidence: 0.928453823846154

01:00:47.408 --> 01:00:49.690 wanted to help fight transphobia.
NOTE Confidence: 0.928453823846154

01:00:49.690 --> 01:00:52.582 And she really wanted to help
NOTE Confidence: 0.928453823846154

01:00:52.582 --> 01:00:55.080 humanize transgender youth and do
NOTE Confidence: 0.928453823846154

01:00:55.080 --> 01:00:57.530 that by describing their struggles
NOTE Confidence: 0.928453823846154

01:00:57.530 --> 01:01:00.534 and describing how they can get

NOTE Confidence: 0.928453823846154
01:01:00.534 --> 01:01:03.426 better and encouraging others to get
NOTE Confidence: 0.928453823846154
01:01:03.426 --> 01:01:05.584 treatment which is so important.
NOTE Confidence: 0.928453823846154
01:01:05.584 --> 01:01:08.370 And I'd also like to say that
NOTE Confidence: 0.928453823846154
01:01:08.457 --> 01:01:10.875 the shoot day itself was so.
NOTE Confidence: 0.928453823846154
01:01:10.880 --> 01:01:11.344 Exciting,
NOTE Confidence: 0.928453823846154
01:01:11.344 --> 01:01:13.664 she was thrilled to interact
NOTE Confidence: 0.928453823846154
01:01:13.664 --> 01:01:15.056 with the doctors.
NOTE Confidence: 0.928453823846154
01:01:15.060 --> 01:01:18.105 She was delighted to say her lines
NOTE Confidence: 0.928453823846154
01:01:18.105 --> 01:01:21.646 on camera and it actually ended up
NOTE Confidence: 0.928453823846154
01:01:21.646 --> 01:01:24.856 humanizing the doctors because I think
NOTE Confidence: 0.928453823846154
01:01:24.950 --> 01:01:28.580 we were expecting maybe cold clinicians.
NOTE Confidence: 0.928453823846154
01:01:28.580 --> 01:01:36.040 But the team was so warm and so effusive.
NOTE Confidence: 0.928453823846154
01:01:36.040 --> 01:01:37.000 By the end of the shoot,
NOTE Confidence: 0.928453823846154
01:01:37.000 --> 01:01:39.540 they were giving each other
NOTE Confidence: 0.928453823846154
01:01:39.540 --> 01:01:42.913 high fives and they thanked her
NOTE Confidence: 0.928453823846154

01:01:42.913 --> 01:01:45.130 profusely for participating.
NOTE Confidence: 0.928453823846154

01:01:45.130 --> 01:01:49.410 It was so validating for her she
NOTE Confidence: 0.928453823846154

01:01:49.410 --> 01:01:52.063 felt so valuable and it was so
NOTE Confidence: 0.928453823846154

01:01:52.063 --> 01:01:55.302 uplifting for her to know that she's
NOTE Confidence: 0.928453823846154

01:01:55.302 --> 01:01:57.318 helping other transgender youth.
NOTE Confidence: 0.919436003333333

01:01:58.170 --> 01:01:59.436 So I just want to thank
NOTE Confidence: 0.934859541428571

01:01:59.450 --> 01:02:03.200 the team for giving my daughter
NOTE Confidence: 0.934859541428571

01:02:03.200 --> 01:02:05.700 this opportunity to participate
NOTE Confidence: 0.934859541428571

01:02:05.807 --> 01:02:09.136 in such important research and to
NOTE Confidence: 0.934859541428571

01:02:09.136 --> 01:02:12.120 have a chance to to help and make
NOTE Confidence: 0.934859541428571

01:02:12.217 --> 01:02:14.378 a difference. Thank you so much.
NOTE Confidence: 0.93714260882353

01:02:15.990 --> 01:02:18.846 Carol, thank you so much and thank you
NOTE Confidence: 0.93714260882353

01:02:18.846 --> 01:02:21.347 for reminding us what it is that we do,
NOTE Confidence: 0.93714260882353

01:02:21.350 --> 01:02:23.630 what it's all about, it's families,
NOTE Confidence: 0.93714260882353

01:02:23.630 --> 01:02:25.106 it's children. It's patience.
NOTE Confidence: 0.93714260882353

01:02:25.106 --> 01:02:28.032 I wanna pass it on in the time

NOTE Confidence: 0.93714260882353

01:02:28.032 --> 01:02:29.940 that we have for Q&A rather

NOTE Confidence: 0.93714260882353

01:02:29.940 --> 01:02:32.318 than me being the talking head.

NOTE Confidence: 0.93714260882353

01:02:32.320 --> 01:02:36.288 I want this two very soon to be

NOTE Confidence: 0.93714260882353

01:02:36.288 --> 01:02:37.830 doctors to take it from here.

NOTE Confidence: 0.93714260882353

01:02:37.830 --> 01:02:41.785 So please, Alex and Justin takes up,

NOTE Confidence: 0.93714260882353

01:02:41.790 --> 01:02:43.176 take us, take us from here.

NOTE Confidence: 0.701788575

01:02:45.580 --> 01:02:48.695 Sure, so I will start with the

NOTE Confidence: 0.701788575

01:02:48.695 --> 01:02:50.430 first comment that was actually

NOTE Confidence: 0.881818825

01:02:50.496 --> 01:02:51.740 posted in the chat,

NOTE Confidence: 0.881818825

01:02:51.740 --> 01:02:54.038 and it's referring actually to my

NOTE Confidence: 0.881818825

01:02:54.038 --> 01:02:57.243 project and one of the videos in my

NOTE Confidence: 0.881818825

01:02:57.243 --> 01:02:59.631 project in which we discussed puberty

NOTE Confidence: 0.881818825

01:02:59.710 --> 01:03:01.972 with our Jacob our simulated patient,

NOTE Confidence: 0.881818825

01:03:01.972 --> 01:03:04.951 and he mentions in the video feeling

NOTE Confidence: 0.881818825

01:03:04.951 --> 01:03:07.674 like his mother is hovering and that

NOTE Confidence: 0.881818825

01:03:07.674 --> 01:03:10.659 that was a difficult issue for him and
NOTE Confidence: 0.881818825

01:03:10.660 --> 01:03:12.342 it was mentioned in the comment that
NOTE Confidence: 0.881818825

01:03:12.342 --> 01:03:14.430 that we didn't address in the video.
NOTE Confidence: 0.881818825

01:03:14.430 --> 01:03:15.730 His concern about his hovering
NOTE Confidence: 0.881818825

01:03:15.730 --> 01:03:17.586 mother and I'd like to say thank
NOTE Confidence: 0.881818825

01:03:17.586 --> 01:03:18.846 you for pointing that out.
NOTE Confidence: 0.881818825

01:03:18.850 --> 01:03:19.134 Unfortunately,
NOTE Confidence: 0.881818825

01:03:19.134 --> 01:03:21.406 in the interest of time for this event,
NOTE Confidence: 0.881818825

01:03:21.410 --> 01:03:23.125 we had shortened all of the video
NOTE Confidence: 0.881818825

01:03:23.125 --> 01:03:25.230 clips that we showed you significantly,
NOTE Confidence: 0.881818825

01:03:25.230 --> 01:03:27.925 so in the full length video clip,
NOTE Confidence: 0.881818825

01:03:27.930 --> 01:03:30.142 which is for that section closer to
NOTE Confidence: 0.881818825

01:03:30.142 --> 01:03:31.988 5 minutes instead of one minute.
NOTE Confidence: 0.881818825

01:03:31.990 --> 01:03:33.720 We really thoroughly explored those
NOTE Confidence: 0.881818825

01:03:33.720 --> 01:03:35.927 emotions for him and really explored
NOTE Confidence: 0.881818825

01:03:35.927 --> 01:03:38.618 his experience of obtaining new

NOTE Confidence: 0.881818825

01:03:38.618 --> 01:03:41.042 independence and how to really have

NOTE Confidence: 0.881818825

01:03:41.042 --> 01:03:43.197 conversations with his mom about his

NOTE Confidence: 0.881818825

01:03:43.197 --> 01:03:45.600 feelings of new independence and and really.

NOTE Confidence: 0.881818825

01:03:45.600 --> 01:03:46.216 You know,

NOTE Confidence: 0.881818825

01:03:46.216 --> 01:03:48.064 begin to advocate for himself as

NOTE Confidence: 0.881818825

01:03:48.064 --> 01:03:49.839 he's reaching that age of puberty.

NOTE Confidence: 0.881818825

01:03:49.840 --> 01:03:51.424 But I'll also open the Florida

NOTE Confidence: 0.881818825

01:03:51.424 --> 01:03:52.480 doctor knows it's too,

NOTE Confidence: 0.881818825

01:03:52.480 --> 01:03:53.803 and key to add anything you wanted to add

NOTE Confidence: 0.97649214

01:03:53.820 --> 01:03:54.910 about that comment as well.

NOTE Confidence: 0.925666118333333

01:03:58.710 --> 01:04:00.096 No, I think you explained that

NOTE Confidence: 0.861395226666667

01:04:00.110 --> 01:04:01.238 beautifully. Alex, thanks.

NOTE Confidence: 0.900499631818182

01:04:02.690 --> 01:04:04.718 Alex, before we go to the

NOTE Confidence: 0.900499631818182

01:04:04.718 --> 01:04:06.530 next question may I take.

NOTE Confidence: 0.900499631818182

01:04:06.530 --> 01:04:08.450 A moment to ask you what what has

NOTE Confidence: 0.900499631818182

01:04:08.450 --> 01:04:09.989 your education at Yale School of
NOTE Confidence: 0.900499631818182

01:04:09.989 --> 01:04:11.489 Medicine been like and would you
NOTE Confidence: 0.900499631818182

01:04:11.548 --> 01:04:12.918 do it again or tell us about that?
NOTE Confidence: 0.898713816666667

01:04:14.280 --> 01:04:16.500 Oh sure, I'm I'm happy to talk about
NOTE Confidence: 0.898713816666667

01:04:16.500 --> 01:04:18.878 this because my answer is 1000%.
NOTE Confidence: 0.898713816666667

01:04:18.878 --> 01:04:20.118 I would do it again.
NOTE Confidence: 0.898713816666667

01:04:20.120 --> 01:04:22.693 I have deeply loved
NOTE Confidence: 0.898713816666667

01:04:22.693 --> 01:04:24.558 dedication and I got here.
NOTE Confidence: 0.898713816666667

01:04:24.560 --> 01:04:25.820 I've felt that since the day
NOTE Confidence: 0.898713816666667

01:04:25.820 --> 01:04:26.920 I walked through the door,
NOTE Confidence: 0.898713816666667

01:04:26.920 --> 01:04:29.434 I've been met with educators throughout
NOTE Confidence: 0.898713816666667

01:04:29.434 --> 01:04:31.946 all four years who just care so deeply
NOTE Confidence: 0.898713816666667

01:04:31.946 --> 01:04:33.870 about my experience as a student.
NOTE Confidence: 0.898713816666667

01:04:33.870 --> 01:04:35.858 And I've felt very privileged to have
NOTE Confidence: 0.898713816666667

01:04:35.858 --> 01:04:38.564 been in that environment and to train in
NOTE Confidence: 0.898713816666667

01:04:38.564 --> 01:04:40.270 that environment from Doctor Talwalkar

NOTE Confidence: 0.898713816666667
01:04:40.270 --> 01:04:42.580 in year one to meeting Doctor Martin.
NOTE Confidence: 0.898713816666667
01:04:42.580 --> 01:04:44.749 More on the wards and in the clinical years.
NOTE Confidence: 0.898713816666667
01:04:44.750 --> 01:04:46.380 Conductor knows it's everyone has
NOTE Confidence: 0.898713816666667
01:04:46.380 --> 01:04:48.386 just cared so deeply about the
NOTE Confidence: 0.898713816666667
01:04:48.386 --> 01:04:50.426 experience of the student and on
NOTE Confidence: 0.898713816666667
01:04:50.426 --> 01:04:52.366 the topic of simulated participants.
NOTE Confidence: 0.898713816666667
01:04:52.370 --> 01:04:54.602 I've been part of many of the clinical
NOTE Confidence: 0.898713816666667
01:04:54.602 --> 01:04:56.021 skills workshops that involve those
NOTE Confidence: 0.898713816666667
01:04:56.021 --> 01:04:57.904 and have found every single one of
NOTE Confidence: 0.898713816666667
01:04:57.956 --> 01:05:00.268 those to be some of the most rich
NOTE Confidence: 0.898713816666667
01:05:00.268 --> 01:05:02.104 educational experiences I've had here.
NOTE Confidence: 0.898713816666667
01:05:02.104 --> 01:05:04.612 The the emotion that the simulated
NOTE Confidence: 0.898713816666667
01:05:04.612 --> 01:05:06.861 participants bring and the training that
NOTE Confidence: 0.898713816666667
01:05:06.861 --> 01:05:09.578 I get in the environment that it it
NOTE Confidence: 0.898713816666667
01:05:09.578 --> 01:05:11.936 happens in where I feel OK making mistakes.
NOTE Confidence: 0.898713816666667

01:05:11.936 --> 01:05:13.592 I've had many times where I've
NOTE Confidence: 0.898713816666667

01:05:13.592 --> 01:05:15.398 had to rewind or take a timeout.
NOTE Confidence: 0.898713816666667

01:05:15.400 --> 01:05:18.105 In process and really think about my
NOTE Confidence: 0.898713816666667

01:05:18.105 --> 01:05:20.223 words and and how to really go forth
NOTE Confidence: 0.898713816666667

01:05:20.223 --> 01:05:21.968 as hopefully a quality physician who
NOTE Confidence: 0.898713816666667

01:05:21.968 --> 01:05:23.912 will make my patients feel heard.
NOTE Confidence: 0.61660784

01:05:26.200 --> 01:05:30.046 Excellent. Justin yeah no.
NOTE Confidence: 0.61660784

01:05:30.046 --> 01:05:31.498 I definitely echo that.
NOTE Confidence: 0.691174922222222

01:05:31.500 --> 01:05:34.036 I feel very lucky to have come to
NOTE Confidence: 0.691174922222222

01:05:34.036 --> 01:05:36.495 yell anything globally and also in
NOTE Confidence: 0.691174922222222

01:05:36.495 --> 01:05:39.290 terms of the single inpatient program.
NOTE Confidence: 0.691174922222222

01:05:39.290 --> 01:05:42.069 I think it's been effusively warm and
NOTE Confidence: 0.691174922222222

01:05:42.069 --> 01:05:44.100 supportive community the entire time.
NOTE Confidence: 0.691174922222222

01:05:44.100 --> 01:05:46.102 I was recently part of the capstone
NOTE Confidence: 0.691174922222222

01:05:46.102 --> 01:05:48.079 course that Doctor Talwalkar mentioned,
NOTE Confidence: 0.691174922222222

01:05:48.080 --> 01:05:49.880 in which we had some recent

NOTE Confidence: 0.6911749222222222

01:05:49.880 --> 01:05:51.752 simulated patient, sorry,

NOTE Confidence: 0.6911749222222222

01:05:51.752 --> 01:05:55.568 simulated participant experiences.

NOTE Confidence: 0.6911749222222222

01:05:55.570 --> 01:05:57.378 And similarly felt it to be an incredibly

NOTE Confidence: 0.6911749222222222

01:05:57.378 --> 01:05:58.919 warm and supportive environment,

NOTE Confidence: 0.6911749222222222

01:05:58.920 --> 01:06:00.920 despite the fact that now we're moving into

NOTE Confidence: 0.6911749222222222

01:06:00.920 --> 01:06:02.399 discussing some more difficult topics.

NOTE Confidence: 0.6911749222222222

01:06:02.400 --> 01:06:04.884 For example, my role was notifying

NOTE Confidence: 0.6911749222222222

01:06:04.884 --> 01:06:07.210 a parent that their child had passed

NOTE Confidence: 0.6911749222222222

01:06:07.210 --> 01:06:09.520 away in this same way to experience,

NOTE Confidence: 0.6911749222222222

01:06:09.520 --> 01:06:11.690 which was a pretty emotionally

NOTE Confidence: 0.6911749222222222

01:06:11.690 --> 01:06:12.558 embracing thing.

NOTE Confidence: 0.6911749222222222

01:06:12.560 --> 01:06:14.528 Just because the actors again who

NOTE Confidence: 0.6911749222222222

01:06:14.528 --> 01:06:16.818 participate in this program are so effective.

NOTE Confidence: 0.6911749222222222

01:06:16.820 --> 01:06:18.820 But we still have the support of our

NOTE Confidence: 0.6911749222222222

01:06:18.820 --> 01:06:20.621 classmates and our faculty to debrief

NOTE Confidence: 0.6911749222222222

01:06:20.621 --> 01:06:22.176 afterwards and unpack that inside.
NOTE Confidence: 0.6911749222222222

01:06:22.180 --> 01:06:23.315 I think it's been incredibly
NOTE Confidence: 0.6911749222222222

01:06:23.315 --> 01:06:23.769 great experience
NOTE Confidence: 0.849522778

01:06:25.020 --> 01:06:26.790 well? Thank you both for sharing
NOTE Confidence: 0.849522778

01:06:26.790 --> 01:06:27.970 of your lived experience.
NOTE Confidence: 0.849522778

01:06:27.970 --> 01:06:29.752 I know that those of us who are in
NOTE Confidence: 0.849522778

01:06:29.752 --> 01:06:31.480 this line of business are largely
NOTE Confidence: 0.849522778

01:06:31.480 --> 01:06:32.955 because not only our patients
NOTE Confidence: 0.849522778

01:06:33.006 --> 01:06:34.426 but because of our students.
NOTE Confidence: 0.849522778

01:06:34.430 --> 01:06:36.862 You you bring so much life to what
NOTE Confidence: 0.849522778

01:06:36.862 --> 01:06:39.276 we do and I know Justin there's other
NOTE Confidence: 0.849522778

01:06:39.276 --> 01:06:41.420 questions that you have been collecting.
NOTE Confidence: 0.849522778

01:06:41.420 --> 01:06:42.878 Do you wanna take one more
NOTE Confidence: 0.849522778

01:06:42.878 --> 01:06:43.850 and then Doctor Schwartz?
NOTE Confidence: 0.849522778

01:06:43.850 --> 01:06:45.128 You will tell us when to
NOTE Confidence: 0.849522778

01:06:45.128 --> 01:06:46.409 pass it back on to you,

NOTE Confidence: 0.849522778
01:06:46.410 --> 01:06:47.364 but I think we may have
NOTE Confidence: 0.849522778
01:06:47.364 --> 01:06:48.240 a question or two more.
NOTE Confidence: 0.773562165789474
01:06:48.970 --> 01:06:49.596 Yep, absolutely.
NOTE Confidence: 0.773562165789474
01:06:49.596 --> 01:06:51.161 And again please feel free
NOTE Confidence: 0.773562165789474
01:06:51.161 --> 01:06:53.077 to add any questions in the
NOTE Confidence: 0.773562165789474
01:06:53.077 --> 01:06:54.895 chat that we're happy to read.
NOTE Confidence: 0.773562165789474
01:06:54.900 --> 01:06:56.692 I was hoping to hear a little bit
NOTE Confidence: 0.773562165789474
01:06:56.692 --> 01:06:58.259 about what the group feels like.
NOTE Confidence: 0.773562165789474
01:06:58.260 --> 01:06:59.710 Yale's SP program has over
NOTE Confidence: 0.773562165789474
01:06:59.710 --> 01:07:01.521 programs that maybe they had it
NOTE Confidence: 0.773562165789474
01:07:01.521 --> 01:07:03.056 seen at other peer institutions,
NOTE Confidence: 0.773562165789474
01:07:03.060 --> 01:07:04.416 or maybe even how it's changed
NOTE Confidence: 0.773562165789474
01:07:04.416 --> 01:07:06.234 in the past few years and what
NOTE Confidence: 0.773562165789474
01:07:06.234 --> 01:07:07.674 strengths you think it's gained.
NOTE Confidence: 0.642310388
01:07:10.470 --> 01:07:13.490 And I wonder, Betsy Beth,
NOTE Confidence: 0.642310388

01:07:13.490 --> 01:07:15.370 your your camera is off.
NOTE Confidence: 0.642310388

01:07:15.370 --> 01:07:17.863 I wonder if I could pass it on to
NOTE Confidence: 0.642310388

01:07:17.863 --> 01:07:20.313 you because you're an experienced
NOTE Confidence: 0.642310388

01:07:20.313 --> 01:07:22.856 actor and you've worked in
NOTE Confidence: 0.642310388

01:07:22.856 --> 01:07:24.368 some competing institutions,
NOTE Confidence: 0.642310388

01:07:24.370 --> 01:07:25.654 the name of which are going
NOTE Confidence: 0.642310388

01:07:25.654 --> 01:07:26.510 to be remain secret,
NOTE Confidence: 0.642310388

01:07:26.510 --> 01:07:27.910 but tell us, what do you think?
NOTE Confidence: 0.71676075

01:07:30.480 --> 01:07:31.484 I'm trying to gather my
NOTE Confidence: 0.71676075

01:07:31.484 --> 01:07:32.328 thoughts on that question.
NOTE Confidence: 0.71676075

01:07:32.330 --> 01:07:34.737 Uhm, well, let me give you a clue.
NOTE Confidence: 0.71676075

01:07:34.740 --> 01:07:36.556 Do you want to talk about your role
NOTE Confidence: 0.71676075

01:07:36.556 --> 01:07:38.502 as a simulated versus as standardized
NOTE Confidence: 0.71676075

01:07:38.502 --> 01:07:40.650 patient and some of the things
NOTE Confidence: 0.71676075

01:07:40.707 --> 01:07:42.651 that we've done there where you've
NOTE Confidence: 0.71676075

01:07:42.651 --> 01:07:43.756 taken some real interesting roles?

NOTE Confidence: 0.71676075
01:07:43.756 --> 01:07:45.480 Do you want to come and maybe on that?
NOTE Confidence: 0.71676075
01:07:45.480 --> 01:07:46.170 Or anything else?
NOTE Confidence: 0.81342933333333
01:07:48.320 --> 01:07:52.280 So you did? Sorry yeah so.
NOTE Confidence: 0.81342933333333
01:07:52.280 --> 01:07:54.580 I'm a simulated versus standardized
NOTE Confidence: 0.81342933333333
01:07:54.580 --> 01:07:57.446 stuff it to me my in my head.
NOTE Confidence: 0.81342933333333
01:07:57.450 --> 01:07:58.390 I'm still getting used
NOTE Confidence: 0.81342933333333
01:07:58.390 --> 01:07:59.330 to the language itself,
NOTE Confidence: 0.81342933333333
01:07:59.330 --> 01:08:03.893 but the experience of it is.
NOTE Confidence: 0.81342933333333
01:08:03.893 --> 01:08:08.425 Really I. Gather my words here.
NOTE Confidence: 0.81342933333333
01:08:08.425 --> 01:08:11.400 I appreciate the way that
NOTE Confidence: 0.81342933333333
01:08:11.400 --> 01:08:14.496 they prep us here at Yale.
NOTE Confidence: 0.81342933333333
01:08:14.500 --> 01:08:18.287 I really appreciate that we are given
NOTE Confidence: 0.81342933333333
01:08:18.287 --> 01:08:20.988 materials beforehand given the workshop
NOTE Confidence: 0.81342933333333
01:08:20.988 --> 01:08:23.964 beforehand and all that stuff and.
NOTE Confidence: 0.81342933333333
01:08:23.970 --> 01:08:25.564 They may they take the time to
NOTE Confidence: 0.81342933333333

01:08:25.564 --> 01:08:27.113 make sure that we understand what
NOTE Confidence: 0.8134293333333333

01:08:27.113 --> 01:08:29.129 our role is for this for that
NOTE Confidence: 0.8134293333333333

01:08:29.129 --> 01:08:30.910 specific workshop or specific event,
NOTE Confidence: 0.8134293333333333

01:08:30.910 --> 01:08:32.725 because every workshop and event
NOTE Confidence: 0.8134293333333333

01:08:32.725 --> 01:08:34.656 is very different and the role you
NOTE Confidence: 0.8134293333333333

01:08:34.656 --> 01:08:36.700 might be taking on is very different,
NOTE Confidence: 0.8134293333333333

01:08:36.700 --> 01:08:38.884 and I love the research they brought,
NOTE Confidence: 0.8134293333333333

01:08:38.890 --> 01:08:41.536 they bring to it to help us
NOTE Confidence: 0.8134293333333333

01:08:41.536 --> 01:08:43.210 understand what we're doing.
NOTE Confidence: 0.8134293333333333

01:08:43.210 --> 01:08:46.423 And then I appreciate the day off as well.
NOTE Confidence: 0.8134293333333333

01:08:46.430 --> 01:08:49.180 I feel like Yale specifically
NOTE Confidence: 0.8134293333333333

01:08:49.180 --> 01:08:51.380 when it comes to.
NOTE Confidence: 0.8134293333333333

01:08:51.380 --> 01:08:54.785 The way it functions the day of
NOTE Confidence: 0.8134293333333333

01:08:54.785 --> 01:08:57.395 it just feels. Safe for everyone.
NOTE Confidence: 0.8134293333333333

01:08:57.395 --> 01:08:59.165 I feel like everyone feels comfortable.
NOTE Confidence: 0.8134293333333333

01:08:59.170 --> 01:09:01.442 Every like students patience

NOTE Confidence: 0.8134293333333333
01:09:01.442 --> 01:09:03.146 organizers everyone involved.
NOTE Confidence: 0.8134293333333333
01:09:03.150 --> 01:09:04.886 Feels like OK, we know what we're doing.
NOTE Confidence: 0.8134293333333333
01:09:04.890 --> 01:09:06.936 We know the structure we know
NOTE Confidence: 0.8134293333333333
01:09:06.936 --> 01:09:08.692 what's gonna happen and you know
NOTE Confidence: 0.8134293333333333
01:09:08.692 --> 01:09:10.156 of course it's always going to
NOTE Confidence: 0.8134293333333333
01:09:10.156 --> 01:09:13.278 be surprises and I feel like.
NOTE Confidence: 0.8134293333333333
01:09:13.278 --> 01:09:15.960 It's always handled well and
NOTE Confidence: 0.957041001666667
01:09:15.970 --> 01:09:18.076 I feel like as the patient
NOTE Confidence: 0.9379789775
01:09:18.110 --> 01:09:21.298 or as the participant.
NOTE Confidence: 0.9379789775
01:09:21.300 --> 01:09:24.246 Even though we are given parameters,
NOTE Confidence: 0.9379789775
01:09:24.250 --> 01:09:26.800 there is still some freedom.
NOTE Confidence: 0.9379789775
01:09:26.800 --> 01:09:29.472 What we say and and in that encounter
NOTE Confidence: 0.9379789775
01:09:29.472 --> 01:09:32.524 which I feel like is more realistic and
NOTE Confidence: 0.9379789775
01:09:32.524 --> 01:09:34.288 other organizations that I work with.
NOTE Confidence: 0.9379789775
01:09:34.290 --> 01:09:36.090 Sometimes it feels like it's a little bit
NOTE Confidence: 0.9379789775

01:09:36.090 --> 01:09:38.492 too structured, which you know can't.
NOTE Confidence: 0.9379789775

01:09:38.492 --> 01:09:40.260 There is there is some benefit to that as
NOTE Confidence: 0.9379789775

01:09:40.260 --> 01:09:43.507 well, but I do appreciate that there is.
NOTE Confidence: 0.9379789775

01:09:43.510 --> 01:09:47.238 Uh. The the balance of both where there is.
NOTE Confidence: 0.9379789775

01:09:47.240 --> 01:09:48.964 There are some, some,
NOTE Confidence: 0.9379789775

01:09:48.964 --> 01:09:50.257 some standardized situations,
NOTE Confidence: 0.9379789775

01:09:50.260 --> 01:09:52.096 but also a lot of simulated
NOTE Confidence: 0.9379789775

01:09:52.100 --> 01:09:56.246 situations where it allows for more.
NOTE Confidence: 0.9379789775

01:09:56.250 --> 01:09:59.239 Uh, I guess freedom and also more
NOTE Confidence: 0.9379789775

01:09:59.239 --> 01:10:01.470 realism or realistic situations.
NOTE Confidence: 0.9379789775

01:10:01.470 --> 01:10:03.038 The language that comes out of us
NOTE Confidence: 0.9379789775

01:10:03.038 --> 01:10:04.938 is going to, you know, be real.
NOTE Confidence: 0.810717242

01:10:06.240 --> 01:10:07.520 Thank you Betsy, Beth,
NOTE Confidence: 0.810717242

01:10:07.520 --> 01:10:10.910 and I see that we have on tap and I hope
NOTE Confidence: 0.810717242

01:10:10.998 --> 01:10:14.416 he will be OK with my reaching out to him,
NOTE Confidence: 0.810717242

01:10:14.416 --> 01:10:16.480 but someone who has taught all of us.

NOTE Confidence: 0.810717242

01:10:16.480 --> 01:10:18.739 I know one of my dear teachers and I

NOTE Confidence: 0.810717242

01:10:18.739 --> 01:10:20.869 think I speak for all of us is August

NOTE Confidence: 0.810717242

01:10:20.869 --> 01:10:23.312 14 and I see his name here and I'm

NOTE Confidence: 0.810717242

01:10:23.312 --> 01:10:25.140 hoping that August could turn his camera

NOTE Confidence: 0.810717242

01:10:25.140 --> 01:10:27.537 on and say a word or two because he

NOTE Confidence: 0.810717242

01:10:27.537 --> 01:10:29.848 has been part of this program in in

NOTE Confidence: 0.810717242

01:10:29.848 --> 01:10:31.878 many capacities for for a long time.

NOTE Confidence: 0.810717242

01:10:31.880 --> 01:10:33.120 August I see you there,

NOTE Confidence: 0.810717242

01:10:33.120 --> 01:10:36.090 but you're mute and I don't see your camera.

NOTE Confidence: 0.810717242

01:10:36.090 --> 01:10:39.835 Let's hope that he can join us.

NOTE Confidence: 0.810717242

01:10:39.840 --> 01:10:42.072 And while he gathers his thoughts

NOTE Confidence: 0.810717242

01:10:42.072 --> 01:10:43.560 and hopefully joins us,

NOTE Confidence: 0.810717242

01:10:43.560 --> 01:10:46.076 let me pass it to either Doctor

NOTE Confidence: 0.810717242

01:10:46.076 --> 01:10:48.652 Schwartz or Doctor Illuzzi if we can't.

NOTE Confidence: 0.810717242

01:10:48.660 --> 01:10:50.032 If we don't hear from August in

NOTE Confidence: 0.810717242

01:10:50.032 --> 01:10:50.850 a minute or two.
NOTE Confidence: 0.89167144

01:10:52.310 --> 01:10:53.530 Waiting for August, could you?
NOTE Confidence: 0.89167144

01:10:53.530 --> 01:10:56.295 There's a question in the chat about
NOTE Confidence: 0.89167144

01:10:56.295 --> 01:10:58.769 whether the actors are paid and do
NOTE Confidence: 0.89167144

01:10:58.769 --> 01:11:00.888 they only do in prompt to acting?
NOTE Confidence: 0.89167144

01:11:00.888 --> 01:11:03.930 And how are they taught to be a patient?
NOTE Confidence: 0.89167144

01:11:03.930 --> 01:11:05.720 Could you address that? No,
NOTE Confidence: 0.675945236

01:11:05.730 --> 01:11:08.150 absolutely. It's a great question.
NOTE Confidence: 0.675945236

01:11:08.150 --> 01:11:10.649 Yes, all of our actors are paid.
NOTE Confidence: 0.675945236

01:11:10.650 --> 01:11:14.694 We pay not only for the time on camera all
NOTE Confidence: 0.675945236

01:11:14.694 --> 01:11:17.326 the time during interactions disclosure, both
NOTE Confidence: 0.675945236

01:11:17.326 --> 01:11:20.750 Betsy Beth and Jillian are not doing this,
NOTE Confidence: 0.675945236

01:11:20.750 --> 01:11:22.150 just out of the goodness of their heart.
NOTE Confidence: 0.675945236

01:11:22.150 --> 01:11:24.130 They are. Getting paid now.
NOTE Confidence: 0.675945236

01:11:24.130 --> 01:11:25.202 They are getting paid
NOTE Confidence: 0.675945236

01:11:25.202 --> 01:11:26.274 for all their activities.

NOTE Confidence: 0.675945236

01:11:26.280 --> 01:11:27.072 We compensate them.

NOTE Confidence: 0.675945236

01:11:27.072 --> 01:11:28.392 We know that they're professionals

NOTE Confidence: 0.675945236

01:11:28.392 --> 01:11:30.019 and just like we're professionals.

NOTE Confidence: 0.675945236

01:11:30.020 --> 01:11:31.046 They are professionals.

NOTE Confidence: 0.675945236

01:11:31.046 --> 01:11:33.440 We always compensate them not only as

NOTE Confidence: 0.675945236

01:11:33.496 --> 01:11:35.848 they say for the time during the activity,

NOTE Confidence: 0.675945236

01:11:35.850 --> 01:11:37.920 but preparing for the activity

NOTE Confidence: 0.675945236

01:11:37.920 --> 01:11:39.990 which can take considerable time.

NOTE Confidence: 0.675945236

01:11:39.990 --> 01:11:42.276 And there's a whole process on

NOTE Confidence: 0.675945236

01:11:42.276 --> 01:11:45.211 training our actors who come to us

NOTE Confidence: 0.675945236

01:11:45.211 --> 01:11:46.987 as professionally trained actors.

NOTE Confidence: 0.675945236

01:11:46.990 --> 01:11:49.190 We make very few exceptions,

NOTE Confidence: 0.675945236

01:11:49.190 --> 01:11:51.622 most of them have a lot of experience

NOTE Confidence: 0.675945236

01:11:51.622 --> 01:11:53.040 already. And what we do is.

NOTE Confidence: 0.675945236

01:11:53.040 --> 01:11:55.637 Tweak some of their skills to the

NOTE Confidence: 0.675945236

01:11:55.637 --> 01:11:57.499 medical scenario and they are
NOTE Confidence: 0.675945236

01:11:57.499 --> 01:11:59.364 eminently brilliant and adaptable and
NOTE Confidence: 0.675945236

01:11:59.364 --> 01:12:02.110 it is just a joy to work with them.
NOTE Confidence: 0.8131971425

01:12:04.870 --> 01:12:08.417 If I may, Andreas, I'd like to
NOTE Confidence: 0.8131971425

01:12:08.417 --> 01:12:11.826 comment on a few of those items.
NOTE Confidence: 0.8131971425

01:12:11.830 --> 01:12:14.126 You know, one of the things I'd
NOTE Confidence: 0.8131971425

01:12:14.126 --> 01:12:17.366 like to point out is that one of our
NOTE Confidence: 0.8131971425

01:12:17.366 --> 01:12:19.579 very innovative programs in using
NOTE Confidence: 0.8131971425

01:12:19.579 --> 01:12:23.730 simulated participants is using.
NOTE Confidence: 0.8131971425

01:12:23.730 --> 01:12:26.110 Actors it to teach our students
NOTE Confidence: 0.8131971425

01:12:26.110 --> 01:12:28.304 how to engage and share decision
NOTE Confidence: 0.8131971425

01:12:28.304 --> 01:12:30.218 making and that currently is
NOTE Confidence: 0.8131971425

01:12:30.218 --> 01:12:32.330 located in the OB GYN clerkship.
NOTE Confidence: 0.8131971425

01:12:32.330 --> 01:12:33.420 But as you can imagine,
NOTE Confidence: 0.8131971425

01:12:33.420 --> 01:12:36.775 engaging with patients when they
NOTE Confidence: 0.8131971425

01:12:36.775 --> 01:12:39.459 face very difficult decisions.

NOTE Confidence: 0.8131971425

01:12:39.460 --> 01:12:41.992 Taking into account their values and

NOTE Confidence: 0.8131971425

01:12:41.992 --> 01:12:43.680 preferences and what's important

NOTE Confidence: 0.8131971425

01:12:43.745 --> 01:12:45.929 to them and helping them decide you

NOTE Confidence: 0.8131971425

01:12:45.929 --> 01:12:48.098 know in certain cases whether to

NOTE Confidence: 0.8131971425

01:12:48.098 --> 01:12:50.048 pursue surgery or medical therapy,

NOTE Confidence: 0.8131971425

01:12:50.050 --> 01:12:52.878 or how to respond to challenging situations.

NOTE Confidence: 0.8131971425

01:12:52.880 --> 01:12:54.875 You know it's a very special skill

NOTE Confidence: 0.8131971425

01:12:54.875 --> 01:12:57.588 and our all of our Yale students are

NOTE Confidence: 0.8131971425

01:12:57.588 --> 01:12:59.760 given the opportunity to practice that,

NOTE Confidence: 0.8131971425

01:12:59.760 --> 01:13:01.762 and I would like to point out

NOTE Confidence: 0.8131971425

01:13:01.762 --> 01:13:03.897 that the reason why we were able

NOTE Confidence: 0.8131971425

01:13:03.897 --> 01:13:05.412 to begin that program now.

NOTE Confidence: 0.8131971425

01:13:05.420 --> 01:13:06.878 I think over 10 years ago,

NOTE Confidence: 0.8131971425

01:13:06.880 --> 01:13:10.670 was because of a donor.

NOTE Confidence: 0.8131971425

01:13:10.670 --> 01:13:14.600 Alumni who came forward and you know,

NOTE Confidence: 0.8131971425

01:13:14.600 --> 01:13:16.475 contributed funds for us to
NOTE Confidence: 0.8131971425

01:13:16.475 --> 01:13:18.350 develop a program like that,
NOTE Confidence: 0.8131971425

01:13:18.350 --> 01:13:20.782 and so that's how we were first able
NOTE Confidence: 0.8131971425

01:13:20.782 --> 01:13:23.219 to begin to pay some of the actors.
NOTE Confidence: 0.8131971425

01:13:23.220 --> 01:13:26.167 And now in the more recent past,
NOTE Confidence: 0.8131971425

01:13:26.170 --> 01:13:28.522 we've developed a program to teach
NOTE Confidence: 0.8131971425

01:13:28.522 --> 01:13:31.590 students how to take difficult histories.
NOTE Confidence: 0.8131971425

01:13:31.590 --> 01:13:32.104 You know,
NOTE Confidence: 0.8131971425

01:13:32.104 --> 01:13:33.903 potentially you know what about a patient?
NOTE Confidence: 0.8131971425

01:13:33.910 --> 01:13:36.930 That may be a victim of sex
NOTE Confidence: 0.8131971425

01:13:36.930 --> 01:13:39.530 trafficking or a patient who's
NOTE Confidence: 0.8131971425

01:13:39.530 --> 01:13:41.090 experiencing domestic violence.
NOTE Confidence: 0.8131971425

01:13:41.090 --> 01:13:43.575 We've set up scenarios like that in
NOTE Confidence: 0.8131971425

01:13:43.575 --> 01:13:45.475 the clinical skills program with
NOTE Confidence: 0.8131971425

01:13:45.475 --> 01:13:47.761 with Doctor Talacre and the students
NOTE Confidence: 0.8131971425

01:13:47.761 --> 01:13:49.924 also talk about how formative

NOTE Confidence: 0.8131971425

01:13:49.924 --> 01:13:51.696 those experiences have been.

NOTE Confidence: 0.837968161904762

01:13:55.700 --> 01:13:59.524 So I'd like to wrap up by thanking

NOTE Confidence: 0.837968161904762

01:13:59.524 --> 01:14:03.393 Andreas and all of the presenters for

NOTE Confidence: 0.837968161904762

01:14:03.393 --> 01:14:07.038 such an amazing glimpse into the program.

NOTE Confidence: 0.837968161904762

01:14:07.038 --> 01:14:09.964 I think this is really a remarkable

NOTE Confidence: 0.837968161904762

01:14:09.964 --> 01:14:11.999 effort that you all put on,

NOTE Confidence: 0.837968161904762

01:14:12.000 --> 01:14:13.560 and I think our students are

NOTE Confidence: 0.837968161904762

01:14:13.560 --> 01:14:15.458 appreciative as we can hear from the

NOTE Confidence: 0.837968161904762

01:14:15.458 --> 01:14:17.320 students who are part of this program,

NOTE Confidence: 0.837968161904762

01:14:17.320 --> 01:14:19.960 but also went through it.

NOTE Confidence: 0.837968161904762

01:14:19.960 --> 01:14:21.720 And so I I want to thank you

NOTE Confidence: 0.837968161904762

01:14:21.720 --> 01:14:23.627 all for giving us this glimpse.

NOTE Confidence: 0.837968161904762

01:14:23.630 --> 01:14:25.430 I also want to emphasize.

NOTE Confidence: 0.837968161904762

01:14:25.430 --> 01:14:27.140 And as we think about innovation,

NOTE Confidence: 0.837968161904762

01:14:27.140 --> 01:14:28.690 that Yale School of Medicine,

NOTE Confidence: 0.837968161904762

01:14:28.690 --> 01:14:30.958 but it's not always about technology.
NOTE Confidence: 0.837968161904762

01:14:30.960 --> 01:14:33.290 So there's clearly technology here.
NOTE Confidence: 0.837968161904762

01:14:33.290 --> 01:14:35.481 But but I think what an important
NOTE Confidence: 0.837968161904762

01:14:35.481 --> 01:14:38.227 part of our program is to think
NOTE Confidence: 0.837968161904762

01:14:38.227 --> 01:14:39.963 about innovations in pedagogy.
NOTE Confidence: 0.837968161904762

01:14:39.970 --> 01:14:42.924 How technology can support that or not.
NOTE Confidence: 0.837968161904762

01:14:42.930 --> 01:14:45.247 But I hope you see from this
NOTE Confidence: 0.837968161904762

01:14:45.247 --> 01:14:47.003 the technology isn't always the
NOTE Confidence: 0.837968161904762

01:14:47.003 --> 01:14:49.418 innovation that comes out to be the
NOTE Confidence: 0.837968161904762

01:14:49.418 --> 01:14:51.587 best educator for our students.
NOTE Confidence: 0.837968161904762

01:14:51.590 --> 01:14:53.948 So thank you again to everybody
NOTE Confidence: 0.837968161904762

01:14:53.948 --> 01:14:55.127 for participating tonight.
NOTE Confidence: 0.837968161904762

01:14:55.130 --> 01:14:56.990 And thank you to everybody.
