NOTE Confidence: 0.9121208

00:00:00.000 --> 00:00:02.910 Hi, my name is Marianne Davies.

NOTE Confidence: 0.9121208

00:00:02.910 --> 00:00:04.905 I'm an oncology nurse practitioner

NOTE Confidence: 0.9121208

00:00:04.905 --> 00:00:06.900 practicing at Smilow Cancer Hospital.

NOTE Confidence: 0.9121208

00:00:06.900 --> 00:00:09.300 My specialty is thoracic medical oncology.

NOTE Confidence: 0.9121208

00:00:09.300 --> 00:00:11.694 In addition to my work at

NOTE Confidence: 0.9121208

00:00:11.694 --> 00:00:13.290 the Smilow Cancer Hospital,

NOTE Confidence: 0.9121208

00:00:13.290 --> 00:00:15.714 I'm also on faculty at the Yale School

NOTE Confidence: 0.9121208

00:00:15.714 --> 00:00:18.425 of Nursing Teaching and coordinating the

NOTE Confidence: 0.9121208

00:00:18.425 --> 00:00:20.465 oncology Nurse Practitioner program.

NOTE Confidence: 0.9121208

00:00:20.470 --> 00:00:22.942 Getting the next generation of nurse

NOTE Confidence: 0.9121208

00:00:22.942 --> 00:00:25.260 practitioners ready to practice at smilow.

NOTE Confidence: 0.9121208

00:00:25.260 --> 00:00:28.028 A few years ago, I made a decision

NOTE Confidence: 0.9121208

00:00:28.028 --> 00:00:30.528 to expand my clinical footprint.

NOTE Confidence: 0.9121208

00:00:30.530 --> 00:00:31.841 In medical oncology,
NOTE Confidence: 0.9121208

00:00:31.841 --> 00:00:34.463 there were actually unique needs in
NOTE Confidence: 0.9121208

00:00:34.463 --> 00:00:37.197 other solid tumor areas that had
NOTE Confidence: 0.9121208

00:00:37.197 --> 00:00:38.973 expanding practices or clinical
NOTE Confidence: 0.9121208

00:00:38.973 --> 00:00:41.398 care needs for specific reasons.
NOTE Confidence: 0.9121208

00:00:41.400 --> 00:00:44.095 So I began to see patients for
NOTE Confidence: 0.9121208

00:00:44.095 --> 00:00:46.947 blocks of time with other diseases
NOTE Confidence: 0.9121208

00:00:46.947 --> 00:00:49.553 such as Gu malignancies, Melanoma,
NOTE Confidence: 0.9121208

00:00:49.553 --> 00:00:51.818 renal cell and GI cancers.
NOTE Confidence: 0.9121208

00:00:51.820 --> 00:00:54.316 This provided a unique opportunity for
NOTE Confidence: 0.9121208

00:00:54.316 --> 00:00:57.613 me to look at best practices across
NOTE Confidence: 0.9121208

00:00:57.613 --> 00:01:00.709 solid tumor and have an opportunity.
NOTE Confidence: 0.9121208

00:01:00.710 --> 00:01:02.615 To incorporate those best practices
NOTE Confidence: 0.9121208

00:01:02.615 --> 00:01:04.139 across the different clinics,
NOTE Confidence: 0.9121208

00:01:04.140 --> 00:01:06.426 and because of my years of
NOTE Confidence: 0.9121208

00:01:06.426 --> 00:01:07.569 experience at Smilow,

NOTE Confidence: 0.9121208

00:01:07.570 --> 00:01:09.838 had I had a good understanding of

NOTE Confidence: 0.9121208

00:01:09.838 --> 00:01:12.282 the systems that would allow us to

NOTE Confidence: 0.9121208

00:01:12.282 --> 00:01:14.382 enhance those best practices that in

NOTE Confidence: 0.9121208

00:01:14.454 --> 00:01:17.178 the long run improve overall patient

NOTE Confidence: 0.9121208

00:01:17.178 --> 00:01:18.994 outcomes across medical oncology.

NOTE Confidence: 0.9121208

00:01:19.000 --> 00:01:21.208 I think the greatest motivator for

NOTE Confidence: 0.9121208

00:01:21.208 --> 00:01:23.888 practice really is the patients we have

NOTE Confidence: 0.9121208

00:01:23.888 --> 00:01:26.174 a unique opportunity to meet patients

NOTE Confidence: 0.9121208

00:01:26.174 --> 00:01:28.906 from the time of their diagnosis through

NOTE Confidence: 0.9121208

00:01:28.906 --> 00:01:30.894 the trajectory of their illness.

NOTE Confidence: 0.9121208

00:01:30.894 --> 00:01:32.750 We really develop unique,

NOTE Confidence: 0.9121208

00:01:32.750 --> 00:01:34.410 close relationships with the

NOTE Confidence: 0.9121208

00:01:34.410 --> 00:01:36.070 patients and their families,

NOTE Confidence: 0.9121208

00:01:36.070 --> 00:01:38.056 and we have an opportunity to

NOTE Confidence: 0.9121208

00:01:38.056 --> 00:01:40.056 assist them at many different

NOTE Confidence: 0.9121208

00:01:40.056 --> 00:01:41.880 treatment decision points.
NOTE Confidence: 0.9121208

00:01:41.880 --> 00:01:44.610 So they are the greatest motivator and
NOTE Confidence: 0.9121208

00:01:44.610 --> 00:01:46.673 also the opportunity to participate
NOTE Confidence: 0.9121208

00:01:46.673 --> 00:01:49.133 in clinical trials where we have
NOTE Confidence: 0.9121208

00:01:49.133 --> 00:01:51.315 certainly seen the advances and
NOTE Confidence: 0.9121208

00:01:51.315 --> 00:01:53.465 movement of new treatment strategies
NOTE Confidence: 0.9121208

00:01:53.465 --> 00:01:56.362 forward and so that really is
NOTE Confidence: 0.9121208

00:01:56.362 --> 00:01:58.394 quite a unique opportunity.
NOTE Confidence: 0.9121208

00:01:58.400 --> 00:02:00.602 The other part that is really
NOTE Confidence: 0.9121208

00:02:00.602 --> 00:02:02.518 motivating is having an opportunity
NOTE Confidence: 0.9121208

00:02:02.518 --> 00:02:05.510 to work in an academic center where I
NOTE Confidence: 0.9121208

00:02:05.510 --> 00:02:08.624 have a chance to help mentor the next
NOTE Confidence: 0.9121208

00:02:08.624 --> 00:02:10.150 generation of oncology practitioners.
