

YALE SCHOOL OF MEDICINE SUMMER RESEARCH PROGRAM

Yale School of Medicine Summer Research Program is a free, residential 8-week research experience for medical students to participate in cutting-edge research in various fields. Each student will be matched with a faculty mentor, work on an independent research project, and participate in the life of the lab.

This program will accept up to 15 medical students. This program is open to medical students from the following institutions: Meharry Medical College, Morehouse School of Medicine, Ponce School of Medicine, San Juan Bautista School of Medicine, Universidad Central del Caribe School of Medicine and University of Puerto Rico School of Medicine.

PROGRAM DATES: MAY 31 - JULY 26, 2024
