WEBVTT

NOTE duration:"00:47:53"

NOTE recognizability:0.869

NOTE language:en-us

NOTE Confidence: 0.878123498518519

00:00:00.000 --> 00:00:01.398 Doctor Brown served for 9 years

NOTE Confidence: 0.878123498518519

 $00{:}00{:}01{.}398 \dashrightarrow 00{:}00{:}03{.}478$  as the chair of the Department of

NOTE Confidence: 0.878123498518519

 $00{:}00{:}03.478 \dashrightarrow 00{:}00{:}05.293$  Medicine at Vanderbilt Development of

NOTE Confidence: 0.878123498518519

 $00{:}00{:}05{.}293 \dashrightarrow 00{:}00{:}07{.}158$  infrastructure to promote the career

NOTE Confidence: 0.878123498518519

 $00:00:07.158 \longrightarrow 00:00:08.606$  success of physician scientists.

NOTE Confidence: 0.878123498518519

 $00:00:08.610 \longrightarrow 00:00:11.081$  She founded the Vanderbilt Master of Science

NOTE Confidence: 0.878123498518519

00:00:11.081 --> 00:00:12.989 and Clinical Investigation program in 2000,

NOTE Confidence: 0.878123498518519

 $00{:}00{:}12.990 \dashrightarrow 00{:}00{:}15.480$  served as associate Dean for clinical

NOTE Confidence: 0.878123498518519

 $00{:}00{:}15{.}480 \dashrightarrow 00{:}00{:}17{.}140$  and Translational Scientist development

NOTE Confidence: 0.878123498518519

 $00{:}00{:}17.199 \dashrightarrow 00{:}00{:}19.028$  at Vanderbilt from 2006 to 2010,

NOTE Confidence: 0.878123498518519

 $00{:}00{:}19{.}028 \dashrightarrow 00{:}00{:}21{.}518$  and is the director of the Division of

NOTE Confidence: 0.878123498518519

00:00:21.518 --> 00:00:23.957 Clinical Pharmacology from 2009 to 2010.

NOTE Confidence: 0.878123498518519

 $00{:}00{:}23.957 \dashrightarrow 00{:}00{:}25.902$ Doctor Brown's NIH funded research

00:00:25.902 --> 00:00:27.887 focuses on cardiovascular pharmacology

NOTE Confidence: 0.878123498518519

 $00:00:27.887 \dashrightarrow 00:00:30.717$  and vascular biology and humans.

NOTE Confidence: 0.878123498518519

 $00:00:30.720 \longrightarrow 00:00:32.352$  She's particularly interested in

NOTE Confidence: 0.878123498518519

 $00:00:32.352 \rightarrow 00:00:33.984$  understanding the mechanisms of

NOTE Confidence: 0.878123498518519

 $00:00:33.984 \rightarrow 00:00:35.240$  antihypertensive and antidiabetic

NOTE Confidence: 0.878123498518519

 $00:00:35.240 \rightarrow 00:00:37.200$  drugs that are peptidase inhibitors,

NOTE Confidence: 0.878123498518519

 $00:00:37.200 \rightarrow 00:00:39.332$  including the angiotensin converting

NOTE Confidence: 0.878123498518519

00:00:39.332 --> 00:00:40.398 enzyme inhibitors,

NOTE Confidence: 0.878123498518519

00:00:40.400 --> 00:00:42.884 dipeptidyl peptidase 4 inhibitors,

NOTE Confidence: 0.878123498518519

 $00:00:42.884 \rightarrow 00:00:44.747$  and neprilysin inhibitors.

NOTE Confidence: 0.878123498518519

 $00{:}00{:}44.750 \dashrightarrow 00{:}00{:}46.470$  Our group has a loose stated not only

NOTE Confidence: 0.878123498518519

 $00:00:46.470 \rightarrow 00:00:48.229$  how these drugs decrease inflammation,

NOTE Confidence: 0.878123498518519

00:00:48.230 --> 00:00:48.994 enhance fibrinolysis,

NOTE Confidence: 0.878123498518519

 $00:00:48.994 \longrightarrow 00:00:50.904$  the breakdown of blood clots,

NOTE Confidence: 0.878123498518519

 $00:00:50.910 \dashrightarrow 00:00:52.150$  and improve glucose homeostasis,

NOTE Confidence: 0.878123498518519

 $00:00:52.150 \rightarrow 00:00:54.377$  but also how they interact with one

 $00:00:54.377 \longrightarrow 00:00:56.249$  another and sometimes cause side effects.

NOTE Confidence: 0.878123498518519

 $00{:}00{:}56.250 \dashrightarrow 00{:}00{:}57.902$  This understanding leads to

NOTE Confidence: 0.878123498518519

 $00:00:57.902 \rightarrow 00:00:59.554$  optimizing outcomes in patients

NOTE Confidence: 0.878123498518519

 $00:00:59.554 \rightarrow 00:01:01.139$  with hypertension and diabetes.

NOTE Confidence: 0.878123498518519

 $00:01:01.140 \longrightarrow 00:01:03.604$  Doctor Brown received her AB in molecular

NOTE Confidence: 0.878123498518519

 $00:01:03.604 \rightarrow 00:01:05.272$  biophysics and biochemistry from Yale

NOTE Confidence: 0.878123498518519

 $00:01:05.272 \dashrightarrow 00:01:07.218$  and her MD from Harvard Medical School.

NOTE Confidence: 0.878123498518519

 $00:01:07.220 \longrightarrow 00:01:08.760$  She completed her clinical training

NOTE Confidence: 0.878123498518519

 $00:01:08.760 \longrightarrow 00:01:10.300$  at a fellowship in clinical

NOTE Confidence: 0.878123498518519

00:01:10.357 --> 00:01:12.217 pharmacology at Vanderbilt University.

NOTE Confidence: 0.878123498518519

 $00:01:12.220 \rightarrow 00:01:14.236$  Doctor Brown is a fellow of the American

NOTE Confidence: 0.878123498518519

00:01:14.236 --> 00:01:15.528 Association for the Advancement of

NOTE Confidence: 0.878123498518519

00:01:15.528 --> 00:01:17.257 Science and a member of the American

NOTE Confidence: 0.878123498518519

00:01:17.309 --> 00:01:18.837 Society of Clinical Investigation,

NOTE Confidence: 0.878123498518519

 $00:01:18.840 \rightarrow 00:01:20.860$  the Association of American Physicians,

00:01:20.860 --> 00:01:22.560 the National Academy of Medicine,

NOTE Confidence: 0.878123498518519

 $00{:}01{:}22.560 \dashrightarrow 00{:}01{:}24.045$  and the American Academy of

NOTE Confidence: 0.878123498518519

 $00{:}01{:}24.045 \dashrightarrow 00{:}01{:}24.936$  Arts and Sciences.

NOTE Confidence: 0.878123498518519

 $00{:}01{:}24{.}940 \dashrightarrow 00{:}01{:}26{.}508$  She is a master of the American

NOTE Confidence: 0.878123498518519

 $00:01:26.508 \dashrightarrow 00:01:27.902$  College of Physicians and a Fellow

NOTE Confidence: 0.878123498518519

 $00:01:27.902 \rightarrow 00:01:29.252$  of the Royal College of Physicians.

NOTE Confidence: 0.878123498518519

 $00:01:29.260 \longrightarrow 00:01:30.590$  She has served on the

NOTE Confidence: 0.878123498518519

00:01:30.590 --> 00:01:31.388 National advisory Research.

NOTE Confidence: 0.878123498518519

00:01:31.390 --> 00:01:33.076 Resources Council and the National Heart,

NOTE Confidence: 0.878123498518519

00:01:33.080 --> 00:01:34.820 lung and Blood Advisory Council of

NOTE Confidence: 0.878123498518519

 $00{:}01{:}34.820 \dashrightarrow 00{:}01{:}36.360$  the National Institutes of Health.

NOTE Confidence: 0.878123498518519

 $00:01:36.360 \rightarrow 00:01:38.184$  Doctor Brown currently serves on the

NOTE Confidence: 0.878123498518519

00:01:38.184 --> 00:01:39.728 Visiting committee for Harvard Medical

NOTE Confidence: 0.878123498518519

00:01:39.728 --> 00:01:41.133 School and the External Advisory

NOTE Confidence: 0.878123498518519

 $00{:}01{:}41{.}133 \dashrightarrow 00{:}01{:}42{.}958$  Board for the Harvard MIT Health

NOTE Confidence: 0.878123498518519

00:01:42.958 --> 00:01:44.258 Sciences and Technology program.

- NOTE Confidence: 0.878123498518519
- 00:01:44.260 --> 00:01:44.639 Finally,
- NOTE Confidence: 0.878123498518519
- $00:01:44.639 \rightarrow 00:01:47.292$  she's a member of the Scientific Advisory
- NOTE Confidence: 0.878123498518519
- 00:01:47.292 --> 00:01:49.639 Board for Alnylam Pharmaceuticals.
- NOTE Confidence: 0.878123498518519
- 00:01:49.640 --> 00:01:50.858 Thank you very much, Dean Brown,
- NOTE Confidence: 0.878123498518519
- $00{:}01{:}50.860 \dashrightarrow 00{:}01{:}52.330$  and cheers to take away.
- NOTE Confidence: 0.776611345
- 00:01:52.840 --> 00:01:54.286 Thank you. Ariel and I will
- NOTE Confidence: 0.776611345
- $00:01:54.286 \longrightarrow 00:01:55.250$  share some slides here.
- NOTE Confidence: 0.866126308
- $00:02:02.920 \longrightarrow 00:02:05.423$  Can you all see those? Great.
- NOTE Confidence: 0.866126308
- $00{:}02{:}05{.}423 \dashrightarrow 00{:}02{:}07{.}404$  So thank you for the invitation to
- NOTE Confidence: 0.866126308
- $00:02:07.404 \dashrightarrow 00:02:09.505$  speak and and for those of you who
- NOTE Confidence: 0.866126308
- 00:02:09.505 00:02:11.318 have seen the state of the school,
- NOTE Confidence: 0.866126308
- $00:02:11.320 \longrightarrow 00:02:13.120$  there will be some repetition,
- NOTE Confidence: 0.866126308
- $00:02:13.120 \longrightarrow 00:02:16.090$  but some some updates as well.
- NOTE Confidence: 0.866126308
- $00:02:16.090 \longrightarrow 00:02:18.442$  And the title of this is really
- NOTE Confidence: 0.866126308
- $00:02:18.442 \longrightarrow 00:02:20.857$  to think with you about how we
- NOTE Confidence: 0.866126308

 $00:02:20.857 \rightarrow 00:02:24.299$  become all that we can, we can be.

NOTE Confidence: 0.866126308

 $00{:}02{:}24{.}299 \dashrightarrow 00{:}02{:}27{.}857$  And I will start by reminding

NOTE Confidence: 0.866126308

 $00{:}02{:}27.860 \dashrightarrow 00{:}02{:}30.245$  of our mission statement because

NOTE Confidence: 0.866126308

 $00:02:30.245 \rightarrow 00:02:33.175$  everything that I'm going to talk

NOTE Confidence: 0.866126308

 $00:02:33.175 \longrightarrow 00:02:35.460$  to about today really derives.

NOTE Confidence: 0.866126308

 $00:02:35.460 \longrightarrow 00:02:37.052$  From this Commission first,

NOTE Confidence: 0.866126308

 $00{:}02{:}37.052 \dashrightarrow 00{:}02{:}39.440$  that we educate and nurture creative

NOTE Confidence: 0.866126308

00:02:39.506 --> 00:02:42.008 leaders in medicine and science by

NOTE Confidence: 0.866126308

 $00{:}02{:}42.008 \dashrightarrow 00{:}02{:}43.676$  promoting curiosity and critical

NOTE Confidence: 0.866126308

00:02:43.739 --> 00:02:45.824 inquiry in an inclusive environment

NOTE Confidence: 0.866126308

 $00:02:45.824 \rightarrow 00:02:47.909$  which is enriched by diversity.

NOTE Confidence: 0.866126308

00:02:47.910 - > 00:02:49.815 Also that we advanced discovery

NOTE Confidence: 0.866126308

00:02:49.815 --> 00:02:51.339 and innovation fostered by

NOTE Confidence: 0.866126308

 $00:02:51.339 \rightarrow 00:02:52.686$  partnerships across the university

NOTE Confidence: 0.866126308

 $00:02:52.686 \rightarrow 00:02:54.793$  and our local community as well as

NOTE Confidence: 0.866126308

 $00:02:54.849 \rightarrow 00:02:56.569$  other institutions in the world.

- NOTE Confidence: 0.866126308
- $00{:}02{:}56{.}570 \dashrightarrow 00{:}02{:}58{.}620$  And that we care for
- NOTE Confidence: 0.866126308
- $00:02:58.620 \rightarrow 00:02:59.850$  patients with compassion,
- NOTE Confidence: 0.866126308
- $00{:}02{:}59{.}850 \dashrightarrow 00{:}03{:}01{.}520$  but also commit to improving
- NOTE Confidence: 0.866126308
- $00:03:01.520 \longrightarrow 00:03:03.190$  the health of all people.
- NOTE Confidence: 0.866126308
- $00:03:03.190 \rightarrow 00:03:06.054$  So as I think about the strategic planning.
- NOTE Confidence: 0.866126308
- $00:03:06.060 \rightarrow 00:03:08.949$  That we've done over the last 2 1/2 years,
- NOTE Confidence: 0.866126308
- $00{:}03{:}08{.}950 \dashrightarrow 00{:}03{:}11{.}704$  often in specific areas like education
- NOTE Confidence: 0.866126308
- $00:03:11.704 \rightarrow 00:03:14.430$  or research or clinical enterprise.
- NOTE Confidence: 0.866126308
- $00:03:14.430 \longrightarrow 00:03:16.210$  There are several cross cutting
- NOTE Confidence: 0.866126308
- $00:03:16.210 \longrightarrow 00:03:18.419$  themes that I'd like to highlight
- NOTE Confidence: 0.866126308
- $00:03:18.419 \rightarrow 00:03:20.800$  as we talked today and the first
- NOTE Confidence: 0.866126308
- $00{:}03{:}20.800 \dashrightarrow 00{:}03{:}22.660$  is this creation of an environment
- NOTE Confidence: 0.866126308
- $00:03:22.660 \rightarrow 00:03:25.004$  of inclusive excellence where every
- NOTE Confidence: 0.866126308
- $00{:}03{:}25{.}004 \dashrightarrow 00{:}03{:}27{.}266$  member of our Community can thrive.
- NOTE Confidence: 0.866126308
- $00:03:27.270 \longrightarrow 00:03:29.366$  And to which we can continue to
- NOTE Confidence: 0.866126308

 $00:03:29.366 \longrightarrow 00:03:31.382$  recruit the best talent in the world.

NOTE Confidence: 0.866126308

 $00{:}03{:}31{.}390 \dashrightarrow 00{:}03{:}34{.}186$  We have a mazing people at Yale,

NOTE Confidence: 0.866126308

00:03:34.190 --> 00:03:36.620 and much of our investments over

NOTE Confidence: 0.866126308

 $00:03:36.620 \rightarrow 00:03:39.573$  the last few years is creating a

NOTE Confidence: 0.866126308

 $00{:}03{:}39{.}573 \dashrightarrow 00{:}03{:}41{.}778$  culture that enables people to

NOTE Confidence: 0.866126308

 $00{:}03{:}41.778 \dashrightarrow 00{:}03{:}43.566$  reach their full potential.

NOTE Confidence: 0.866126308

 $00{:}03{:}43{.}570 \dashrightarrow 00{:}03{:}45{.}922$  And I'll talk a lot about how we

NOTE Confidence: 0.866126308

 $00:03:45.922 \rightarrow 00:03:48.260$  are working on climate and how we're

NOTE Confidence: 0.866126308

 $00{:}03{:}48.260 \dashrightarrow 00{:}03{:}51.220$  working on career development.

NOTE Confidence: 0.866126308

 $00:03:51.220 \dashrightarrow 00:03:53.922$  A second cross cutting theme is the

NOTE Confidence: 0.866126308

 $00:03:53.922 \rightarrow 00:03:56.460$  notion of breaking down silos across NOTE Confidence: 0.866126308

00:03:56.460 --> 00:03:58.640 departments between the school and NOTE Confidence: 0.866126308

00:03:58.640 --> 00:04:01.300 our Yale New Haven Health system,

NOTE Confidence: 0.866126308

 $00{:}04{:}01{.}300 \dashrightarrow 00{:}04{:}04{.}348$  between the school and our other

NOTE Confidence: 0.866126308

 $00{:}04{:}04{.}348 \dashrightarrow 00{:}04{:}06{.}320$  collaborators and the institution

NOTE Confidence: 0.866126308

 $00:04:06.320 \longrightarrow 00:04:07.640$  in the university.

- NOTE Confidence: 0.866126308
- $00{:}04{:}07{.}640 \dashrightarrow 00{:}04{:}09{.}400$  And by doing this,
- NOTE Confidence: 0.866126308
- $00:04:09.400 \longrightarrow 00:04:11.290$  how we promote interdisciplinary research
- NOTE Confidence: 0.866126308
- $00:04:11.290 \rightarrow 00:04:13.920$  to increase the impact of our science.
- NOTE Confidence: 0.866126308
- $00:04:13.920 \rightarrow 00:04:16.170$  Our science has always been excellent.
- NOTE Confidence: 0.866126308
- 00:04:16.170 --> 00:04:18.558 But we can do higher impact
- NOTE Confidence: 0.866126308
- $00:04:18.558 \rightarrow 00:04:20.150$  science through doing this.
- NOTE Confidence: 0.866126308
- $00:04:20.150 \longrightarrow 00:04:23.942$  Related to that is building resources
- NOTE Confidence: 0.866126308
- $00:04:23.942 \rightarrow 00:04:26.470$  that serve biomedical discovery.
- NOTE Confidence: 0.866126308
- 00:04:26.470 --> 00:04:28.465 So as a School of Medicine,
- NOTE Confidence: 0.866126308
- $00:04:28.470 \longrightarrow 00:04:30.680$  we are always thinking about
- NOTE Confidence: 0.866126308
- $00:04:30.680 \longrightarrow 00:04:31.564$  recruiting talent,
- NOTE Confidence: 0.866126308
- $00{:}04{:}31{.}570 \dashrightarrow 00{:}04{:}34{.}514$  but we also need to build the cross
- NOTE Confidence: 0.866126308
- $00:04:34.514 \rightarrow 00:04:36.438$  cutting resources that enable discoveries.
- NOTE Confidence: 0.866126308
- $00{:}04{:}36{.}438 \dashrightarrow 00{:}04{:}39{.}210$  And so we'll talk about some of
- NOTE Confidence: 0.866126308
- $00{:}04{:}39{.}285 \dashrightarrow 00{:}04{:}41{.}480$  our investments in those areas.
- NOTE Confidence: 0.866126308

- $00:04:41.480 \longrightarrow 00:04:42.899$  And then lastly,
- NOTE Confidence: 0.866126308
- 00:04:42.899 --> 00:04:45.264 you know our clinical mission
- NOTE Confidence: 0.866126308
- $00:04:45.264 \longrightarrow 00:04:47.100$  is extremely important.
- NOTE Confidence: 0.866126308
- $00:04:47.100 \longrightarrow 00:04:49.320$  We provide care often for underserved
- NOTE Confidence: 0.866126308
- $00:04:49.320 \longrightarrow 00:04:51.811$  in our community and we do that
- NOTE Confidence: 0.866126308
- $00:04:51.811 \rightarrow 00:04:53.689$  in our partnership with the owner
- NOTE Confidence: 0.866126308
- $00:04:53.689 \longrightarrow 00:04:55.633$  even health system and we are
- NOTE Confidence: 0.866126308
- $00:04:55.633 \rightarrow 00:04:57.198$  working a great deal on,
- NOTE Confidence: 0.866126308
- $00{:}04{:}57{.}200 \dashrightarrow 00{:}04{:}59{.}894$  on aligning to become the premier
- NOTE Confidence: 0.866126308
- $00:04:59.894 \rightarrow 00:05:02.508$  academic health system that we can be.
- NOTE Confidence: 0.866126308
- $00:05:02.510 \longrightarrow 00:05:04.190$  So we'll talk a little bit about leadership.
- NOTE Confidence: 0.866126308
- 00:05:04.190 -> 00:05:06.584 As I say we we are in the business
- NOTE Confidence: 0.866126308
- $00:05:06.584 \longrightarrow 00:05:08.835$  of recruiting talent and that
- NOTE Confidence: 0.866126308
- $00:05:08.835 \rightarrow 00:05:10.810$  means both excellence in research,
- NOTE Confidence: 0.866126308
- $00:05:10.810 \rightarrow 00:05:12.398$  education and clinical work,
- NOTE Confidence: 0.866126308
- $00:05:12.398 \rightarrow 00:05:15.208$  but also people who share the values

- NOTE Confidence: 0.866126308
- $00:05:15.208 \dashrightarrow 00:05:17.665$  of our school and who are leaders.
- NOTE Confidence: 0.866126308
- $00{:}05{:}17.670 \dashrightarrow 00{:}05{:}19.430$  This highlights some recent
- NOTE Confidence: 0.866126308
- $00:05:19.430 \longrightarrow 00:05:22.070$  recruitments over the last few years,
- NOTE Confidence: 0.844637143333334
- $00:05:22.070 \dashrightarrow 00:05:24.527$  most recently for example Eric Weiner and
- NOTE Confidence: 0.844637143333334
- $00:05:24.527 \rightarrow 00:05:27.105$  joined us in February as the director
- NOTE Confidence: 0.844637143333334
- $00{:}05{:}27.105 \dashrightarrow 00{:}05{:}28.982$  of our Cancer Center investments
- NOTE Confidence: 0.844637143333334
- 00:05:28.982 --> 00:05:31.816 in some of our research centers.
- NOTE Confidence: 0.844637143333334
- 00:05:31.816 --> 00:05:34.188 Leadership Anton Bennett in
- NOTE Confidence: 0.844637143333334
- $00:05:34.188 \rightarrow 00:05:36.560$  molecular and systems metabolism,
- NOTE Confidence: 0.844637143333334
- 00:05:36.560 --> 00:05:38.308 Carlos Fernandez Hernando in
- NOTE Confidence: 0.844637143333334
- $00:05:38.308 \rightarrow 00:05:40.056$  vascular biology and Therapeutics,
- NOTE Confidence: 0.844637143333334
- $00{:}05{:}40{.}060 \dashrightarrow 00{:}05{:}42{.}694$  and Akiko Osaki leading a new
- NOTE Confidence: 0.844637143333334
- $00:05:42.694 \rightarrow 00:05:45.270$  Center for infection and immunity.
- NOTE Confidence: 0.844637143333334
- $00{:}05{:}45{.}270 \dashrightarrow 00{:}05{:}48{.}375$  We've also recruited leaders both
- NOTE Confidence: 0.844637143333334
- $00:05:48.375 \rightarrow 00:05:51.480$  internally and externally into deputy
- NOTE Confidence: 0.844637143333334

 $00:05:51.568 \rightarrow 00:05:53.926$  Deans roles and I would highlight

NOTE Confidence: 0.844637143333334

 $00:05:53.926 \dashrightarrow 00:05:56.598$  these three Bob Rorbach who is leading

NOTE Confidence: 0.844637143333334

 $00{:}05{:}56{.}598 \dashrightarrow 00{:}05{:}59{.}148$  our efforts in professionalism and

NOTE Confidence: 0.844637143333334

 $00:05:59.148 \rightarrow 00:06:01.188$  leadership development and really

NOTE Confidence: 0.844637143333334

 $00{:}06{:}01{.}257 \dashrightarrow 00{:}06{:}03{.}201$  establishing an infrastructure where

NOTE Confidence: 0.844637143333334

00:06:03.201 -> 00:06:05.702 we can recognize when a faculty

NOTE Confidence: 0.844637143333334

 $00{:}06{:}05{.}702 \dashrightarrow 00{:}06{:}07{.}634$  member or a staff member or even

NOTE Confidence: 0.844637143333334

 $00:06:07.634 \rightarrow 00:06:10.057$  a student are struggling with

NOTE Confidence: 0.844637143333334

 $00{:}06{:}10.057 \dashrightarrow 00{:}06{:}11.617$  issues around professionalism.

NOTE Confidence: 0.844637143333334

 $00:06:11.620 \rightarrow 00:06:14.000$  We can recognize that early

NOTE Confidence: 0.844637143333334

00:06:14.000 --> 00:06:15.428 make early interventions.

NOTE Confidence: 0.844637143333334

 $00:06:15.430 \rightarrow 00:06:20.986$  To really change our culture overall.

NOTE Confidence: 0.844637143333334

 $00:06:20.990 \dashrightarrow 00:06:23.846$  Dante's joined us a little over a

NOTE Confidence: 0.844637143333334

 $00:06:23.846 \rightarrow 00:06:27.389$  year ago from UT Southwestern and is

NOTE Confidence: 0.844637143333334

 $00:06:27.389 \rightarrow 00:06:30.169$  bringing new processes and analytics

NOTE Confidence: 0.844637143333334

 $00:06:30.169 \rightarrow 00:06:32.753$  that enable efficiencies and less,

- NOTE Confidence: 0.844637143333334
- $00:06:32.753 \longrightarrow 00:06:34.166$  I would say.
- NOTE Confidence: 0.90751085125
- $00:06:36.480 \longrightarrow 00:06:39.342$  Bureaucracy for our faculty and then
- NOTE Confidence: 0.90751085125
- $00:06:39.342 \rightarrow 00:06:41.299$  most recently, doctor Peggy McGovern
- NOTE Confidence: 0.90751085125
- $00{:}06{:}41.299 \dashrightarrow 00{:}06{:}44.100$  has joined us as CEO of Yale Medicine
- NOTE Confidence: 0.90751085125
- $00:06:44.100 \rightarrow 00:06:46.900$  and is our Deputy for Clinical Affairs.
- NOTE Confidence: 0.90751085125
- $00{:}06{:}46{.}900 \dashrightarrow 00{:}06{:}49{.}224$  And we'll talk about what that has
- NOTE Confidence: 0.90751085125
- $00:06:49.224 \rightarrow 00:06:51.140$  enabled in terms of alignment.
- NOTE Confidence: 0.90751085125
- $00:06:51.140 \longrightarrow 00:06:52.660$  In education, of course.
- NOTE Confidence: 0.90751085125
- 00:06:52.660 -> 00:06:54.560 John Francis joined us about
- NOTE Confidence: 0.90751085125
- 00:06:54.560 --> 00:06:56.957 November a year ago as our associate
- NOTE Confidence: 0.90751085125
- 00:06:56.957 --> 00:06:58.257 Dean for Student Affairs.
- NOTE Confidence: 0.90751085125
- $00:06:58.260 \dashrightarrow 00:07:00.170$  Veronica Chang assumed the position
- NOTE Confidence: 0.90751085125
- 00:07:00.170 --> 00:07:02.080 of assistant Dean for admissions,
- NOTE Confidence: 0.90751085125
- 00:07:02.080 --> 00:07:04.585 and Marietta Vasquez became associate
- NOTE Confidence: 0.90751085125
- $00{:}07{:}04.585 \dashrightarrow 00{:}07{:}07{.}090$  Dean for medical student diversity.
- NOTE Confidence: 0.90751085125

 $00{:}07{:}07{.}090 \dashrightarrow 00{:}07{:}09{.}130$  There are other things going on in the

NOTE Confidence: 0.90751085125

00:07:09.130 --> 00:07:10.671 campus outside the School of Medicine

NOTE Confidence: 0.90751085125

00:07:10.671 $\operatorname{-->}$ 00:07:12.630 that impact on the School of Medicine.

NOTE Confidence: 0.90751085125

 $00{:}07{:}12.630 \dashrightarrow 00{:}07{:}16.958$  And one is the creation of a free standing

NOTE Confidence: 0.90751085125

 $00{:}07{:}16.960 \dashrightarrow 00{:}07{:}18.675$  school of engineering and applied

NOTE Confidence: 0.90751085125

00:07:18.675 --> 00:07:20.810 science led by Dean Jeff Brock,

NOTE Confidence: 0.90751085125

 $00{:}07{:}20.810 \dashrightarrow 00{:}07{:}22.466$  who has been a tremendous partner,

NOTE Confidence: 0.90751085125

 $00{:}07{:}22.470 \dashrightarrow 00{:}07{:}24.558$  and I'll talk about that as I talk

NOTE Confidence: 0.90751085125

 $00{:}07{:}24.558$  -->  $00{:}07{:}25.750$  about biomedical informatics.

NOTE Confidence: 0.90751085125

 $00{:}07{:}25.750 \dashrightarrow 00{:}07{:}29.244$  And the other is the full separation

NOTE Confidence: 0.90751085125

00:07:29.244 --> 00:07:31.463 of the Yale School of Public Health,

NOTE Confidence: 0.90751085125

 $00{:}07{:}31.470 \dashrightarrow 00{:}07{:}33.278$  anticipated after the recruitment

NOTE Confidence: 0.90751085125

 $00{:}07{:}33.278 \dashrightarrow 00{:}07{:}36.470$  of the new Dean to become a self

NOTE Confidence: 0.90751085125

 $00{:}07{:}36.470$  -->  $00{:}07{:}37.505$  supporting and independent.

NOTE Confidence: 0.90751085125

 $00{:}07{:}37{.}510 \dashrightarrow 00{:}07{:}39{.}550$  Right now the School of Public

NOTE Confidence: 0.90751085125

 $00{:}07{:}39.550 \dashrightarrow 00{:}07{:}41.866$  Health is something in an in between

 $00{:}07{:}41.866 \dashrightarrow 00{:}07{:}43.931$  situation where it is has a Dean

NOTE Confidence: 0.90751085125

 $00{:}07{:}44.002 \dashrightarrow 00{:}07{:}45.637$  appointed by the President and

NOTE Confidence: 0.90751085125

00:07:45.637 --> 00:07:47.693 sets many of its own policies.

NOTE Confidence: 0.90751085125

 $00{:}07{:}47.693 \dashrightarrow 00{:}07{:}50.584$  But financially is acts as a department

NOTE Confidence: 0.90751085125

00:07:50.584 --> 00:07:53.700 in the School of Medicine and Melinda NOTE Confidence: 0.90751085125

 $00:07:53.700 \rightarrow 00:07:56.340$  Irwin has recently chaired a search

NOTE Confidence: 0.90751085125

 $00{:}07{:}56{.}340 \dashrightarrow 00{:}07{:}59{.}780$  and and there are finalists for that

NOTE Confidence: 0.90751085125

00:07:59.780 --> 00:08:02.260 permanent Dean's position and our

NOTE Confidence: 0.90751085125

 $00{:}08{:}02{.}340 \dashrightarrow 00{:}08{:}05{.}060$  interim Dean is Melinda Pettigrew.

NOTE Confidence: 0.90751085125

 $00{:}08{:}05{.}060 \dashrightarrow 00{:}08{:}08{.}404$  So one of the ways that we create

NOTE Confidence: 0.90751085125

 $00{:}08{:}08{.}404 \dashrightarrow 00{:}08{:}10.620$  an environment that is inclusive is

NOTE Confidence: 0.90751085125

 $00:08:10.620 \dashrightarrow 00:08:12.000$  by celebrating the accomplishments

NOTE Confidence: 0.90751085125

 $00{:}08{:}12.000 \dashrightarrow 00{:}08{:}13.200$  of our faculty.

NOTE Confidence: 0.90751085125

 $00{:}08{:}13.200 \dashrightarrow 00{:}08{:}15.790$  And we often do this with traditional

NOTE Confidence: 0.90751085125

00:08:15.790 --> 00:08:17.376 academic accomplishments as shown

 $00:08:17.376 \dashrightarrow 00:08:19.451$  here election into the American

NOTE Confidence: 0.90751085125

00:08:19.451 --> 00:08:21.111 Society for Clinical Investigation,

NOTE Confidence: 0.90751085125

00:08:21.120 --> 00:08:23.028 National Academy, etcetera.

NOTE Confidence: 0.90751085125

 $00:08:23.028 \longrightarrow 00:08:26.844$  Or large awards like the awards

NOTE Confidence: 0.90751085125

 $00:08:26.844 \rightarrow 00:08:30.102$  garnered by Doctor de Camilli and

NOTE Confidence: 0.90751085125

 $00:08:30.102 \rightarrow 00:08:33.660$  Doctor Ruttle and Doctor Cruz last year.

NOTE Confidence: 0.90751085125

 $00:08:33.660 \longrightarrow 00:08:34.731$  But it but.

NOTE Confidence: 0.90751085125

 $00:08:34.731 \rightarrow 00:08:37.230$  Also in the recognition by our peers

NOTE Confidence: 0.90751085125

 $00{:}08{:}37{.}305 \dashrightarrow 00{:}08{:}40{.}063$  and so I would highlight our faculty

NOTE Confidence: 0.90751085125

 $00{:}08{:}40.063 \dashrightarrow 00{:}08{:}42.362$  who were honored with distinguished

NOTE Confidence: 0.90751085125

 $00{:}08{:}42.362 \dashrightarrow 00{:}08{:}44.962$  Political career awards and Mike

NOTE Confidence: 0.90751085125

 $00{:}08{:}44{.}962 \dashrightarrow 00{:}08{:}48{.}165$  Katie who received the David Leffell

NOTE Confidence: 0.90751085125

 $00:08:48.165 \dashrightarrow 00:08:50.345$  Prize for Clinical Excellence.

NOTE Confidence: 0.90751085125

 $00:08:50.350 \dashrightarrow 00:08:54.238$  We are making an effort to be more

NOTE Confidence: 0.90751085125

 $00:08:54.238 \longrightarrow 00:08:57.065$  intentional about recognizing our staff

NOTE Confidence: 0.90751085125

 $00:08:57.065 \rightarrow 00:09:00.604$  who enable that mission that we started with.

 $00{:}09{:}00{.}610 \dashrightarrow 00{:}09{:}02{.}941$  So we had some who received the

NOTE Confidence: 0.90751085125

00:09:02.941 --> 00:09:05.094 Linda Lorimer award last year in

NOTE Confidence: 0.90751085125

 $00:09:05.094 \rightarrow 00:09:06.894$  the Department of Psychiatry and

NOTE Confidence: 0.90751085125

 $00:09:06.894 \rightarrow 00:09:09.584$  we've had three members of our staff

NOTE Confidence: 0.90751085125

 $00:09:09.584 \rightarrow 00:09:11.782$  recently complete the Emerge program,

NOTE Confidence: 0.90751085125

 $00:09:11.782 \rightarrow 00:09:14.500$  which is a leadership development program,

NOTE Confidence: 0.90751085125

 $00:09:14.500 \rightarrow 00:09:18.148$  again emphasizing career development.

NOTE Confidence: 0.90751085125

 $00{:}09{:}18.150 \dashrightarrow 00{:}09{:}20.570$  And we further communicate about

NOTE Confidence: 0.90751085125

 $00:09:20.570 \dashrightarrow 00:09:22.990$  the accomplishments of our faculty,

NOTE Confidence: 0.90751085125

 $00:09:22.990 \dashrightarrow 00:09:25.300$  staff and students through our

NOTE Confidence: 0.90751085125

00:09:25.300 - 00:09:27.148 weekly news and recognition.

NOTE Confidence: 0.90751085125

00:09:27.150 --> 00:09:28.470 This goes out to our school,

NOTE Confidence: 0.90751085125

 $00{:}09{:}28{.}470 \dashrightarrow 00{:}09{:}30{.}846$  but we also now send it

NOTE Confidence: 0.90751085125

 $00{:}09{:}30{.}846 \dashrightarrow 00{:}09{:}32{.}430$  to our peer institutions,

NOTE Confidence: 0.90751085125

 $00:09:32.430 \longrightarrow 00:09:32.970$  the Deans,

 $00:09:32.970 \longrightarrow 00:09:35.623$  and to our alumni as a way of of

NOTE Confidence: 0.90751085125

 $00:09:35.623 \dashrightarrow 00:09:36.883$  really highlighting everything

NOTE Confidence: 0.90751085125

 $00:09:36.883 \rightarrow 00:09:38.983$  that is going on here,

NOTE Confidence: 0.90751085125

 $00:09:38.990 \dashrightarrow 00:09:41.504$  because I think we've often been

NOTE Confidence: 0.90751085125

 $00:09:41.504 \longrightarrow 00:09:44.208$  a little bit shy to do that.

NOTE Confidence: 0.90751085125

 $00:09:44.210 \longrightarrow 00:09:46.195$  We actually track our communications

NOTE Confidence: 0.90751085125

 $00:09:46.195 \rightarrow 00:09:49.429$  to to know are we getting the word

NOTE Confidence: 0.90751085125

 $00:09:49.429 \rightarrow 00:09:52.159$  out about the impact of our faculty.

NOTE Confidence: 0.90751085125

 $00:09:52.160 \longrightarrow 00:09:54.552$  And so for example,

NOTE Confidence: 0.90751085125

 $00{:}09{:}54{.}552 \dashrightarrow 00{:}09{:}58{.}140$  if you Googled Ms and inflammation,

NOTE Confidence: 0.90751085125

 $00:09:58.140 \longrightarrow 00:10:01.090$  we had the top hit based on our one of

NOTE Confidence: 0.850598109285714

 $00:10:01.173 \longrightarrow 00:10:03.037$  the sometime second hit.

NOTE Confidence: 0.850598109285714

 $00{:}10{:}03.040 \dashrightarrow 00{:}10{:}05.140$  Our stories that related to COVID

NOTE Confidence: 0.850598109285714

 $00:10:05.140 \longrightarrow 00:10:07.458$  have brought many people to the to

NOTE Confidence: 0.850598109285714

 $00:10:07.458 \rightarrow 00:10:09.162$  our websites who are patients who

NOTE Confidence: 0.850598109285714

 $00{:}10{:}09{.}162 \dashrightarrow 00{:}10{:}11{.}200$  can be nefit from our healthcare.

 $00:10:11.200 \rightarrow 00:10:13.856$  And so these are some examples of efforts.

NOTE Confidence: 0.850598109285714

 $00{:}10{:}13.860 \dashrightarrow 00{:}10{:}18.398$  Not area. Let me turn it now to

NOTE Confidence: 0.850598109285714

 $00{:}10{:}18.398 \dashrightarrow 00{:}10{:}20.729$  education and this will look familiar.

NOTE Confidence: 0.850598109285714

00:10:20.730 --> 00:10:23.078 It's our incoming class,

NOTE Confidence: 0.850598109285714

 $00:10:23.078 \rightarrow 00:10:25.426$  which is just outstanding.

NOTE Confidence: 0.850598109285714

 $00{:}10{:}25{.}430 \dashrightarrow 00{:}10{:}28{.}650$  And we continue to recruit a diverse

NOTE Confidence: 0.850598109285714

 $00{:}10{:}28.650 \dashrightarrow 00{:}10{:}31.451$  group of students with about 24%

NOTE Confidence: 0.850598109285714

 $00:10:31.451 \rightarrow 00:10:33.856$  this year from groups traditionally

NOTE Confidence: 0.850598109285714

 $00:10:33.856 \rightarrow 00:10:35.780$  underrepresented in medicine and

NOTE Confidence: 0.850598109285714

 $00{:}10{:}35.854 \dashrightarrow 00{:}10{:}38.325$  slightly more women than men and with

NOTE Confidence: 0.850598109285714

 $00{:}10{:}38{.}330 \dashrightarrow 00{:}10{:}40{.}563$  many of our students having been born

NOTE Confidence: 0.850598109285714

 $00{:}10{:}40{.}563 \dashrightarrow 00{:}10{:}42{.}607$  outside the United States and roughly

NOTE Confidence: 0.850598109285714

00:10:42.607 --> 00:10:44.990 about 14% of our students being first

NOTE Confidence: 0.850598109285714

 $00{:}10{:}44.990 \dashrightarrow 00{:}10{:}46.830$  generation first in their family.

NOTE Confidence: 0.850598109285714

 $00{:}10{:}46.830 \dashrightarrow 00{:}10{:}49.398$  Complete a college education and as

 $00:10:49.398 \rightarrow 00:10:52.118$  you can see outstanding stores scores

NOTE Confidence: 0.850598109285714

 $00:10:52.118 \rightarrow 00:10:54.896$  and coming from the top institutions.

NOTE Confidence: 0.850598109285714

00:10:54.900 --> 00:10:57.355 I'm particularly pleased that our

NOTE Confidence: 0.850598109285714

00:10:57.355 - 00:10:59.860 students also when they leave here,

NOTE Confidence: 0.850598109285714

 $00:10:59.860 \longrightarrow 00:11:01.380$  if they leave here,

NOTE Confidence: 0.850598109285714

 $00:11:01.380 \dashrightarrow 00:11:04.376$  go to the top institutions as well.

NOTE Confidence: 0.850598109285714

 $00{:}11{:}04{.}380 \dashrightarrow 00{:}11{:}07{.}544$  And this is the example of where

NOTE Confidence: 0.850598109285714

 $00:11:07.544 \rightarrow 00:11:10.439$  our students went after this year.

NOTE Confidence: 0.850598109285714

00:11:10.440 --> 00:11:11.772 In the education room,

NOTE Confidence: 0.850598109285714

 $00:11:11.772 \rightarrow 00:11:14.153$  we are leading in in some particular

NOTE Confidence: 0.850598109285714

 $00{:}11{:}14{.}153 \dashrightarrow 00{:}11{:}16{.}961$  areas and and one is in the use of

NOTE Confidence: 0.850598109285714

00:11:17.033 --> 00:11:19.563 technology received again and annotation

NOTE Confidence: 0.850598109285714

 $00:11:19.563 \rightarrow 00:11:22.420$  as an Apple distinguished school for

NOTE Confidence: 0.850598109285714

 $00:11:22.420 \longrightarrow 00:11:25.048$  the the period of 2021 and 2024 and

NOTE Confidence: 0.850598109285714

 $00{:}11{:}25.048 \dashrightarrow 00{:}11{:}27.070$  you could see Mike Schwartz there.

NOTE Confidence: 0.850598109285714

 $00:11:27.070 \longrightarrow 00:11:29.960$  He's often led these efforts.

- NOTE Confidence: 0.850598109285714
- 00:11:29.960 --> 00:11:30.566 Umm.
- NOTE Confidence: 0.850598109285714
- 00:11:30.566 --> 00:11:32.990 Since Jessica Illuzzi came
- NOTE Confidence: 0.850598109285714
- 00:11:32.990 --> 00:11:35.526 in January of 2021,
- NOTE Confidence: 0.850598109285714
- $00{:}11{:}35{.}526 \dashrightarrow 00{:}11{:}39{.}998$  we've had she's engaged in taking a
- NOTE Confidence: 0.850598109285714
- $00:11:39.998 \longrightarrow 00:11:42.662$  look at our medical education programs
- NOTE Confidence: 0.850598109285714
- $00{:}11{:}42.662 \dashrightarrow 00{:}11{:}45.926$  and has recently led strategic planning
- NOTE Confidence: 0.850598109285714
- $00{:}11{:}45{.}926 \dashrightarrow 00{:}11{:}49{.}364$  that identified 3 cross cutting the mes.
- NOTE Confidence: 0.850598109285714
- $00:11:49.370 \longrightarrow 00:11:51.606$  The first is the.
- NOTE Confidence: 0.850598109285714
- 00:11:51.606 --> 00:11:54.960 Engagement of our students in attaining
- NOTE Confidence: 0.850598109285714
- $00:11:55.059 \rightarrow 00:11:57.648$  competency and and by that we mean,
- NOTE Confidence: 0.850598109285714
- 00:11:57.650 --> 00:11:58.912 you know,
- NOTE Confidence: 0.850598109285714
- $00{:}11{:}58{.}912 \dashrightarrow 00{:}12{:}02{.}698$  our medical students benefit from the
- NOTE Confidence: 0.850598109285714
- $00{:}12{:}02.698 \dashrightarrow 00{:}12{:}06.860$  Yale system in having a great deal of.
- NOTE Confidence: 0.850598109285714
- $00{:}12{:}06.860 \dashrightarrow 00{:}12{:}10.646$  Choice and the ability to tailor
- NOTE Confidence: 0.850598109285714
- $00:12:10.646 \longrightarrow 00:12:11.908$  your education.
- NOTE Confidence: 0.850598109285714

 $00:12:11.910 \longrightarrow 00:12:12.740$  And.

NOTE Confidence: 0.919426752352941

 $00{:}12{:}15{.}000 \dashrightarrow 00{:}12{:}16{.}962$  How you think about whether you're

NOTE Confidence: 0.919426752352941

 $00:12:16.962 \rightarrow 00:12:18.619$  achieving your goals is something

NOTE Confidence: 0.919426752352941

 $00:12:18.619 \longrightarrow 00:12:20.359$  that we'd like to work on.

NOTE Confidence: 0.919426752352941

 $00:12:20.360 \longrightarrow 00:12:21.660$  We don't have grades.

NOTE Confidence: 0.919426752352941

 $00{:}12{:}21.660 \dashrightarrow 00{:}12{:}23.610$  We believe that you are adults

NOTE Confidence: 0.919426752352941

 $00:12:23.679 \longrightarrow 00:12:25.366$  and you need to be able to.

NOTE Confidence: 0.8495241375

 $00:12:27.750 \longrightarrow 00:12:28.962$  Do self evaluation.

NOTE Confidence: 0.8495241375

00:12:28.962 --> 00:12:30.982 It's part of lifelong learning

NOTE Confidence: 0.8495241375

 $00:12:30.982 \rightarrow 00:12:33.209$  and so developing systems,

NOTE Confidence: 0.8495241375

 $00:12:33.210 \longrightarrow 00:12:34.464$  including coaching systems

NOTE Confidence: 0.8495241375

 $00:12:34.464 \longrightarrow 00:12:37.390$  that allow you to do that is

NOTE Confidence: 0.8495241375

 $00:12:37.474 \longrightarrow 00:12:39.529$  one of the strategic goals.

NOTE Confidence: 0.8495241375

00:12:39.530 --> 00:12:41.306 Included in that, as I mentioned,

NOTE Confidence: 0.8495241375

 $00{:}12{:}41{.}310 \dashrightarrow 00{:}12{:}45{.}078$  our coaches and so a little more hands-on.

NOTE Confidence: 0.905493047857143

 $00:12:48.090 \rightarrow 00:12:50.715$  Ability to to get input beyond what

 $00:12:50.715 \rightarrow 00:12:53.880$  you have now with the advisor program.

NOTE Confidence: 0.905493047857143

 $00:12:53.880 \rightarrow 00:12:55.806$  The second domain is enhancing faculty

NOTE Confidence: 0.905493047857143

 $00:12:55.806 \rightarrow 00:12:57.520$  engagement in the educational mission.

NOTE Confidence: 0.905493047857143

 $00{:}12{:}57{.}520 \dashrightarrow 00{:}12{:}59{.}712$  And Jessica and others have done a lot

NOTE Confidence: 0.905493047857143

 $00{:}12{:}59{.}712 \dashrightarrow 00{:}13{:}02{.}463$  of work in the last year making sure

NOTE Confidence: 0.905493047857143

 $00:13:02.463 \longrightarrow 00:13:04.374$  that we're adequately rewarding our

NOTE Confidence: 0.905493047857143

 $00:13:04.374 \rightarrow 00:13:06.459$  faculty for their educational efforts,

NOTE Confidence: 0.905493047857143

 $00:13:06.460 \longrightarrow 00:13:09.874$  including changing how we fund effort

NOTE Confidence: 0.905493047857143

 $00:13:09.874 \longrightarrow 00:13:13.100$  for education and most recently,

NOTE Confidence: 0.905493047857143

 $00:13:13.100 \rightarrow 00:13:16.010$  changing our definitions of our promotion

NOTE Confidence: 0.905493047857143

 $00:13:16.010 \rightarrow 00:13:19.158$  tracks in the faculty handbook that still

NOTE Confidence: 0.905493047857143

 $00:13:19.158 \rightarrow 00:13:22.800$  has yet to be approved by the corporation,

NOTE Confidence: 0.905493047857143

 $00{:}13{:}22.800 \dashrightarrow 00{:}13{:}24.453$  but to acknowledge.

NOTE Confidence: 0.905493047857143

 $00{:}13{:}24{.}453 \dashrightarrow 00{:}13{:}27{.}446$  Work that is innovative in

NOTE Confidence: 0.905493047857143

 $00{:}13{:}27.446 \dashrightarrow 00{:}13{:}29.450$  leading educational programs,

 $00:13:29.450 \longrightarrow 00:13:32.426$  even when that work does not

NOTE Confidence: 0.905493047857143

00:13:32.430 --> 00:13:35.610 result in a scholarly production,

NOTE Confidence: 0.905493047857143

00:13:35.610 --> 00:13:37.605 although I think we can do much

NOTE Confidence: 0.905493047857143

 $00:13:37.605 \rightarrow 00:13:39.887$  better again in getting the word out

NOTE Confidence: 0.905493047857143

 $00:13:39.887 \rightarrow 00:13:41.927$  about the innovation going on here.

NOTE Confidence: 0.905493047857143

 $00:13:41.930 \longrightarrow 00:13:45.176$  And then building an environment that NOTE Confidence: 0.905493047857143

 $00:13:45.176 \rightarrow 00:13:48.620$  is more inclusive and by doing things

NOTE Confidence: 0.905493047857143

 $00:13:48.620 \rightarrow 00:13:51.350$  like creating colleges for the students.

NOTE Confidence: 0.905493047857143

 $00:13:51.350 \rightarrow 00:13:53.654$  I know many of you have been engaged

NOTE Confidence: 0.905493047857143

 $00:13:53.654 \rightarrow 00:13:55.767$  in this work and others of you

NOTE Confidence: 0.905493047857143

 $00{:}13{:}55{.}767 \dashrightarrow 00{:}13{:}58{.}030$  will be engaged in the next phase.

NOTE Confidence: 0.905493047857143

00:13:58.030 --> 00:14:01.340 We are coming up just a year away on a

NOTE Confidence: 0.905493047857143

 $00{:}14{:}01{.}437 \dashrightarrow 00{:}14{:}04{.}656$  visit from LCME and I'm very grateful to

NOTE Confidence: 0.905493047857143

 $00:14:04.656 \rightarrow 00:14:08.057$  our students who have completed a self study.

NOTE Confidence: 0.905493047857143

 $00:14:08.060 \longrightarrow 00:14:09.865$  We've been working on our

NOTE Confidence: 0.905493047857143

 $00:14:09.865 \rightarrow 00:14:12.060$  DCI and now of course the.

00:14:12.060 --> 00:14:14.484 The Self Study group is reviewing

NOTE Confidence: 0.905493047857143

 $00:14:14.484 \longrightarrow 00:14:15.696$  all those materials.

NOTE Confidence: 0.905493047857143

 $00:14:15.700 \longrightarrow 00:14:18.358$  This is a lot of work.

NOTE Confidence: 0.905493047857143

 $00:14:18.360 \longrightarrow 00:14:20.403$  I hope that it is a labor of love

NOTE Confidence: 0.905493047857143

 $00:14:20.403 \rightarrow 00:14:22.717$  for those of you who are involved it.

NOTE Confidence: 0.905493047857143

 $00{:}14{:}22.720 \dashrightarrow 00{:}14{:}23.680$  It is,

NOTE Confidence: 0.905493047857143

00:14:23.680 --> 00:14:24.640 you know,

NOTE Confidence: 0.905493047857143

 $00:14:24.640 \rightarrow 00:14:27.040$  obviously important to be accredited,

NOTE Confidence: 0.905493047857143

 $00{:}14{:}27.040 \dashrightarrow 00{:}14{:}29.856$  but it's more important in that it gives

NOTE Confidence: 0.905493047857143

 $00{:}14{:}29{.}856 \dashrightarrow 00{:}14{:}32{.}503$  us time to reflect and think about

NOTE Confidence: 0.905493047857143

 $00{:}14{:}32{.}503 \dashrightarrow 00{:}14{:}35{.}399$  where we can continue to innovate and

NOTE Confidence: 0.905493047857143

 $00{:}14{:}35{.}399 \dashrightarrow 00{:}14{:}38{.}255$  and provide the best medical education.

NOTE Confidence: 0.905493047857143

00:14:38.260 --> 00:14:40.960 Turning to culture and climate,

NOTE Confidence: 0.905493047857143

 $00{:}14{:}40{.}960 \dashrightarrow 00{:}14{:}44{.}984$  one of the hallmarks of our

NOTE Confidence: 0.905493047857143

00:14:44.984 --> 00:14:47.000 efforts to develop faculty,

 $00:14:47.000 \longrightarrow 00:14:49.387$  but also to develop in particular those

NOTE Confidence: 0.905493047857143

 $00{:}14{:}49{.}387 \dashrightarrow 00{:}14{:}52{.}340$  who have been underrepresented in medicine,

NOTE Confidence: 0.905493047857143

 $00:14:52.340 \longrightarrow 00:14:54.881$  is to make sure that we are

NOTE Confidence: 0.905493047857143

 $00:14:54.881 \rightarrow 00:14:57.039$  meeting with faculty early enough,

NOTE Confidence: 0.905493047857143

 $00:14:57.040 \longrightarrow 00:14:59.149$  identifying their needs,

NOTE Confidence: 0.905493047857143

 $00:14:59.149 \longrightarrow 00:15:01.258$  helping reduce barriers.

NOTE Confidence: 0.905493047857143

 $00:15:01.260 \longrightarrow 00:15:03.241$  One of the things that I've heard

NOTE Confidence: 0.905493047857143

 $00:15:03.241 \rightarrow 00:15:05.260$  most often when I've had listening

NOTE Confidence: 0.905493047857143

 $00:15:05.260 \rightarrow 00:15:07.374$  meetings with faculty is they.

NOTE Confidence: 0.905493047857143

 $00:15:07.374 \rightarrow 00:15:10.122$  They feel like they don't always

NOTE Confidence: 0.905493047857143

 $00:15:10.122 \longrightarrow 00:15:12.995$  get as much input as they need.

NOTE Confidence: 0.905493047857143

00:15:13.000 --> 00:15:16.059 Many of our departments have annual reviews,

NOTE Confidence: 0.905493047857143

 $00{:}15{:}16.060 \dashrightarrow 00{:}15{:}18.853$  but when you look at whether they're

NOTE Confidence: 0.905493047857143

 $00{:}15{:}18.853 \dashrightarrow 00{:}15{:}20.852$  really happening and whether they're

NOTE Confidence: 0.905493047857143

 $00:15:20.852 \rightarrow 00:15:22.476$  as useful as they need to be,

NOTE Confidence: 0.905493047857143

 $00:15:22.480 \longrightarrow 00:15:24.316$  in some cases they have not.

- NOTE Confidence: 0.905493047857143
- $00:15:24.320 \rightarrow 00:15:26.360$  So we've worked to standardize this.
- NOTE Confidence: 0.905493047857143
- $00{:}15{:}26{.}360 \dashrightarrow 00{:}15{:}28{.}664$  The group that's on the right
- NOTE Confidence: 0.905493047857143
- $00{:}15{:}28.664 \dashrightarrow 00{:}15{:}31.106$  there has been involved in an
- NOTE Confidence: 0.905493047857143
- $00:15:31.106 \rightarrow 00:15:33.176$  iterative process with input from.
- NOTE Confidence: 0.905493047857143
- $00{:}15{:}33{.}180 \dashrightarrow 00{:}15{:}35{.}605$  Departments that that piloted a
- NOTE Confidence: 0.905493047857143
- $00{:}15{:}35{.}605 \dashrightarrow 00{:}15{:}39{.}451$  form that can be used as part of
- NOTE Confidence: 0.905493047857143
- $00{:}15{:}39{.}451 \dashrightarrow 00{:}15{:}41{.}803$  the annual meeting and this we've
- NOTE Confidence: 0.905493047857143
- 00:15:41.803 --> 00:15:43.508 had very positive feedback and
- NOTE Confidence: 0.905493047857143
- $00{:}15{:}43.508 \dashrightarrow 00{:}15{:}45.592$  that people really felt that they
- NOTE Confidence: 0.905493047857143
- $00:15:45.592 \rightarrow 00:15:47.267$  received input that was helpful
- NOTE Confidence: 0.905493047857143
- $00:15:47.267 \longrightarrow 00:15:49.158$  in their career development.
- NOTE Confidence: 0.905493047857143
- $00{:}15{:}49{.}160 \dashrightarrow 00{:}15{:}51{.}552$  So we are going live with this as
- NOTE Confidence: 0.905493047857143
- $00{:}15{:}51{.}552 \dashrightarrow 00{:}15{:}54{.}417$  of this month for this this academic
- NOTE Confidence: 0.905493047857143
- 00:15:54.417 --> 00:15:57.088 year and asking our departments to
- NOTE Confidence: 0.905493047857143
- $00{:}15{:}57{.}088 \dashrightarrow 00{:}15{:}59{.}524$  reach some goals in completing this.
- NOTE Confidence: 0.905493047857143

 $00:15:59.530 \rightarrow 00:16:03.350$  The formal diversity and inclusion

NOTE Confidence: 0.905493047857143

 $00:16:03.350 \longrightarrow 00:16:07.529$  strategic plans are online at the office

NOTE Confidence: 0.905493047857143

 $00{:}16{:}07{.}529 \dashrightarrow 00{:}16{:}10{.}930$  of EI and they include many features,

NOTE Confidence: 0.905493047857143

 $00:16:10.930 \rightarrow 00:16:13.240$  again focused on active retention

NOTE Confidence: 0.905493047857143

 $00:16:13.240 \longrightarrow 00:16:16.709$  of our faculty as well as recruiting

NOTE Confidence: 0.854840801818182

 $00{:}16{:}16{.}710 \dashrightarrow 00{:}16{:}19{.}150$  retention of our students into

NOTE Confidence: 0.854840801818182

 $00:16:19.150 \rightarrow 00:16:22.310$  trainees and our trainees into faculty.

NOTE Confidence: 0.854840801818182

 $00:16:22.310 \rightarrow 00:16:23.780$  One of the things that we've wanted

NOTE Confidence: 0.854840801818182

 $00:16:23.780 \longrightarrow 00:16:25.612$  to do is have some discipline around

NOTE Confidence: 0.854840801818182

 $00:16:25.612 \longrightarrow 00:16:27.334$  this work so that everyone isn't

NOTE Confidence: 0.854840801818182

 $00:16:27.383 \rightarrow 00:16:29.245$  reinventing the wheel and part of that.

NOTE Confidence: 0.854840801818182

 $00:16:29.250 \rightarrow 00:16:31.262$  Is sharing best practices,

NOTE Confidence: 0.854840801818182

 $00{:}16{:}31{.}262 \dashrightarrow 00{:}16{:}36{.}420$  and so we've gathered a committee of.

NOTE Confidence: 0.854840801818182

 $00:16:36.420 \rightarrow 00:16:38.300$  University vice chairs and champions.

NOTE Confidence: 0.854840801818182

 $00:16:38.300 \rightarrow 00:16:40.974$  It's led by Darren Matamore and the

NOTE Confidence: 0.854840801818182

 $00{:}16{:}40{.}974 \dashrightarrow 00{:}16{:}44{.}040$  goals there are to collect data that we

 $00:16:44.040 \rightarrow 00:16:46.860$  can use to make continual improvement.

NOTE Confidence: 0.854840801818182

 $00:16:46.860 \rightarrow 00:16:49.434$  I present data at our state of the school

NOTE Confidence: 0.854840801818182

 $00:16:49.434 \rightarrow 00:16:51.656$  such as this that I'm showing here.

NOTE Confidence: 0.854840801818182

 $00:16:51.660 \longrightarrow 00:16:53.868$  This just shows the growth in

NOTE Confidence: 0.854840801818182

 $00{:}16{:}53.868 \dashrightarrow 00{:}16{:}55.340$  representation of those groups

NOTE Confidence: 0.854840801818182

 $00:16:55.408 \rightarrow 00:16:57.152$  traditionally underrepresented in medicine

NOTE Confidence: 0.854840801818182

 $00:16:57.152 \rightarrow 00:17:00.140$  in the school over year over year.

NOTE Confidence: 0.854840801818182

 $00:17:00.140 \longrightarrow 00:17:01.743$  It was at 5 year intervals in

NOTE Confidence: 0.854840801818182

 $00:17:01.743 \longrightarrow 00:17:02.760$  the first few bars,

NOTE Confidence: 0.854840801818182

 $00:17:02.760 \longrightarrow 00:17:05.480$  but now year over year showing that we

NOTE Confidence: 0.854840801818182

 $00:17:05.480 \rightarrow 00:17:08.555$  are seeing progress in recruiting and in

NOTE Confidence: 0.854840801818182

 $00{:}17{:}08.555 \dashrightarrow 00{:}17{:}10.880$  promoting to the associate professor.

NOTE Confidence: 0.854840801818182

 $00{:}17{:}10.880 \dashrightarrow 00{:}17{:}13.407$  Now we have to work on promoting

NOTE Confidence: 0.854840801818182

 $00{:}17{:}13.407 \dashrightarrow 00{:}17{:}15.731$  to the professor level and similar

NOTE Confidence: 0.854840801818182

 $00{:}17{:}15{.}731 \dashrightarrow 00{:}17{:}18{.}366$  data for our women. In medicine.

 $00:17:18.366 \rightarrow 00:17:22.132$  And starting to show new data that

NOTE Confidence: 0.854840801818182

 $00{:}17{:}22.140 \dashrightarrow 00{:}17{:}24.303$  to to look at other things other

NOTE Confidence: 0.854840801818182

 $00:17:24.303 \rightarrow 00:17:25.979$  than just numbers of faculty,

NOTE Confidence: 0.854840801818182

 $00:17:25.980 \rightarrow 00:17:30.439$  but including things like among our faculty,

NOTE Confidence: 0.854840801818182

 $00:17:30.440 \longrightarrow 00:17:31.811$  among our professors,

NOTE Confidence: 0.854840801818182

 $00:17:31.811 \rightarrow 00:17:34.096$  what proportion of our professorships

NOTE Confidence: 0.854840801818182

 $00:17:34.096 \rightarrow 00:17:36.672$  are endowed shares are held by

NOTE Confidence: 0.854840801818182

 $00:17:36.672 \rightarrow 00:17:38.268$  women or those underrepresented

NOTE Confidence: 0.854840801818182

 $00{:}17{:}38.268 \dashrightarrow 00{:}17{:}39.969$  in minority and medicine.

NOTE Confidence: 0.854840801818182

 $00:17:39.970 \longrightarrow 00:17:42.556$  And you can see that for the

NOTE Confidence: 0.854840801818182

00:17:42.556 --> 00:17:43.422 underrepresented medicine,

NOTE Confidence: 0.854840801818182

 $00:17:43.422 \rightarrow 00:17:46.020$  it's actually a higher portion than

NOTE Confidence: 0.854840801818182

 $00{:}17{:}46.089 \dashrightarrow 00{:}17{:}48.315$  the than the denominator about the

NOTE Confidence: 0.854840801818182

 $00{:}17{:}48.315 \dashrightarrow 00{:}17{:}50.518$  same for about equivalent to the

NOTE Confidence: 0.854840801818182

 $00{:}17{:}50{.}518 \dashrightarrow 00{:}17{:}52{.}468$  number of women who are professors.

NOTE Confidence: 0.854840801818182

 $00:17:52.470 \rightarrow 00:17:54.182$  So we're consciously looking

- NOTE Confidence: 0.854840801818182
- $00:17:54.182 \longrightarrow 00:17:56.322$  at those sorts of things.
- NOTE Confidence: 0.854840801818182
- 00:17:56.330 --> 00:17:58.498 We are also doing a lot of work,
- NOTE Confidence: 0.854840801818182
- $00{:}17{:}58{.}500 \dashrightarrow 00{:}18{:}01{.}100$  or as I said around.
- NOTE Confidence: 0.854840801818182
- $00:18:01.100 \longrightarrow 00:18:04.136$  Our environment and how do we
- NOTE Confidence: 0.854840801818182
- $00{:}18{:}04{.}136 \dashrightarrow 00{:}18{:}07{.}790$  respond if someone is noted to have
- NOTE Confidence: 0.854840801818182
- $00:18:07.790 \longrightarrow 00:18:09.850$  struggling with with behavioral
- NOTE Confidence: 0.854840801818182
- $00:18:09.850 \longrightarrow 00:18:12.840$  issues or those kinds of things.
- NOTE Confidence: 0.854840801818182
- 00:18:12.840 --> 00:18:16.800 Those of you haven't go to the LAPD
- NOTE Confidence: 0.854840801818182
- $00{:}18{:}16.800 \dashrightarrow 00{:}18{:}19.532$  website and and read the processes
- NOTE Confidence: 0.854840801818182
- $00:18:19.532 \longrightarrow 00:18:21.908$  that we use were very dedicated
- NOTE Confidence: 0.854840801818182
- $00:18:21.908 \rightarrow 00:18:24.388$  to making it feasible for somebody
- NOTE Confidence: 0.854840801818182
- $00{:}18{:}24{.}388 \dashrightarrow 00{:}18{:}26{.}806$  to come forward without fear of
- NOTE Confidence: 0.854840801818182
- $00{:}18{:}26.885 \dashrightarrow 00{:}18{:}29.202$  retaliation and to follow up and to
- NOTE Confidence: 0.854840801818182
- $00{:}18{:}29{.}202 \dashrightarrow 00{:}18{:}31{.}580$  try to get follow up to those who have.
- NOTE Confidence: 0.854840801818182
- $00:18:31.580 \longrightarrow 00:18:32.340$  Move forward,
- NOTE Confidence: 0.854840801818182

 $00:18:32.340 \longrightarrow 00:18:34.620$  we're also tracking what kinds of

NOTE Confidence: 0.854840801818182

 $00{:}18{:}34{.}620 \dashrightarrow 00{:}18{:}37{.}130$  things we're seeing and these are data

NOTE Confidence: 0.854840801818182

 $00:18:37.130 \rightarrow 00:18:39.510$  from Bob Rohrbaugh over the last year.

NOTE Confidence: 0.854840801818182

 $00:18:39.510 \rightarrow 00:18:42.422$  And you can see the pie chart there

NOTE Confidence: 0.854840801818182

00:18:42.422 $\operatorname{-->}$ 00:18:45.196 that 77% of the concerns that are

NOTE Confidence: 0.854840801818182

 $00:18:45.196 \rightarrow 00:18:46.800$  expressed are around professionalism.

NOTE Confidence: 0.854840801818182

00:18:46.800 --> 00:18:48.306 And I'll go into more detail,

NOTE Confidence: 0.854840801818182

 $00:18:48.310 \longrightarrow 00:18:51.467$  about 13% are around what I would

NOTE Confidence: 0.854840801818182

 $00{:}18{:}51{.}467 \dashrightarrow 00{:}18{:}54{.}268$  call climate within a within a unit.

NOTE Confidence: 0.854840801818182

 $00:18:54.270 \longrightarrow 00:18:56.310$  About 3% are related to sexual

NOTE Confidence: 0.854840801818182

00:18:56.310 --> 00:18:57.670 harassment or Title 9,

NOTE Confidence: 0.854840801818182

 $00:18:57.670 \longrightarrow 00:19:00.016$  I should say Title 9 issues

NOTE Confidence: 0.854840801818182

 $00:19:00.020 \longrightarrow 00:19:01.815$  and those sorts of things, so.

NOTE Confidence: 0.854840801818182

00:19:01.815 --> 00:19:04.490 Looking drilling down in the

NOTE Confidence: 0.854840801818182

 $00:19:04.490 \rightarrow 00:19:05.958$  professionalism categories disruptive

NOTE Confidence: 0.854840801818182

00:19:05.958 --> 00:19:07.948 or inappropriate behavior is by

 $00{:}19{:}07{.}948 \dashrightarrow 00{:}19{:}10{.}793$  far the that the farthest the most

NOTE Confidence: 0.854840801818182

 $00{:}19{:}10.793 \dashrightarrow 00{:}19{:}13.145$  prevalent and this is sometimes you

NOTE Confidence: 0.854840801818182

 $00:19:13.145 \rightarrow 00:19:15.916$  know things in the category of anger

NOTE Confidence: 0.854840801818182

 $00:19:15.916 \rightarrow 00:19:19.538$  management those sorts of things and.

NOTE Confidence: 0.854840801818182

 $00{:}19{:}19{.}538 \dashrightarrow 00{:}19{:}22{.}766$  Recognizing this early and and finding

NOTE Confidence: 0.854840801818182

 $00{:}19{:}22.766 \dashrightarrow 00{:}19{:}26.239$  often that there are underlying issues

NOTE Confidence: 0.854840801818182

 $00:19:26.239 \rightarrow 00:19:29.179$  either in somebody's personal life

NOTE Confidence: 0.854840801818182

 $00:19:29.179 \rightarrow 00:19:32.078$  or frustrations that are ongoing

NOTE Confidence: 0.854840801818182

 $00:19:32.078 \longrightarrow 00:19:33.809$  in the environment.

NOTE Confidence: 0.854840801818182

00:19:33.810 --> 00:19:35.778 So correcting those things,

NOTE Confidence: 0.854840801818182

00:19:35.778 --> 00:19:38.238 but then also giving faculty

NOTE Confidence: 0.854840801818182

 $00:19:38.238 \rightarrow 00:19:41.114$  coaching to help them improve and

NOTE Confidence: 0.854840801818182

00:19:41.114 --> 00:19:43.419 change before something more serious

NOTE Confidence: 0.889621498095238

 $00{:}19{:}43{.}504 \dashrightarrow 00{:}19{:}46{.}162$  happens. Some of these happen in the

NOTE Confidence: 0.889621498095238

 $00{:}19{:}46.162 \dashrightarrow 00{:}19{:}47.530$  student and training environment.

 $00:19:47.530 \longrightarrow 00:19:49.415$  Some of them are related

NOTE Confidence: 0.889621498095238

 $00:19:49.415 \longrightarrow 00:19:50.908$  to compliance issues. Few.

NOTE Confidence: 0.889621498095238

00:19:50.908 --> 00:19:52.698 Related to harassment or bullying,

NOTE Confidence: 0.889621498095238

 $00:19:52.700 \rightarrow 00:19:55.100$  so you can see the categorization.

NOTE Confidence: 0.889621498095238

 $00{:}19{:}55{.}100 \dashrightarrow 00{:}19{:}56{.}913$  I'll point out that there are some

NOTE Confidence: 0.889621498095238

 $00{:}19{:}56{.}913 \dashrightarrow 00{:}19{:}58{.}608$  that are sexual misconduct and

NOTE Confidence: 0.889621498095238

 $00{:}19{:}58{.}608 \dashrightarrow 00{:}20{:}00{.}580$  har assment that we're seeing but that

NOTE Confidence: 0.889621498095238

 $00:20:00.580 \longrightarrow 00:20:02.910$  are not in the Title 9 category.

NOTE Confidence: 0.889621498095238

 $00:20:02.910 \longrightarrow 00:20:04.968$  In other words, where the Title 9

NOTE Confidence: 0.889621498095238

 $00{:}20{:}04{.}968 \dashrightarrow 00{:}20{:}06{.}907$  Office has said this is not has

NOTE Confidence: 0.889621498095238

 $00{:}20{:}06{.}907 \dashrightarrow 00{:}20{:}09{.}196$  not reached a level for our office.

NOTE Confidence: 0.889621498095238

 $00{:}20{:}09{.}200 \dashrightarrow 00{:}20{:}13{.}043$  So we will make efforts to start to to

NOTE Confidence: 0.889621498095238

 $00:20:13.043 \rightarrow 00:20:17.535$  get this information out a little bit more.

NOTE Confidence: 0.889621498095238

 $00:20:17.540 \rightarrow 00:20:20.000$  Again, creating an inclusive environment,

NOTE Confidence: 0.889621498095238

 $00:20:20.000 \rightarrow 00:20:22.320$  paying attention to the needs of our faculty.

NOTE Confidence: 0.889621498095238

00:20:22.320 --> 00:20:24.588 A common need for our faculty

- NOTE Confidence: 0.889621498095238
- 00:20:24.588 --> 00:20:26.780 is support for child rearing,
- NOTE Confidence: 0.889621498095238
- $00{:}20{:}26.780 \dashrightarrow 00{:}20{:}30.092$  and in the past year we have increased
- NOTE Confidence: 0.889621498095238
- $00{:}20{:}30.092 \dashrightarrow 00{:}20{:}33.240$  extended our time for a paid leave for
- NOTE Confidence: 0.889621498095238
- 00:20:33.240 --> 00:20:36.278 child rearing from 8 weeks to 12 weeks,
- NOTE Confidence: 0.889621498095238
- $00:20:36.280 \rightarrow 00:20:40.480$  in part leveraging a new Connecticut law.
- NOTE Confidence: 0.889621498095238
- $00:20:40.480 \rightarrow 00:20:43.196$  This is not easy because it creates
- NOTE Confidence: 0.889621498095238
- $00:20:43.196 \longrightarrow 00:20:45.240$  other stresses in the system,
- NOTE Confidence: 0.889621498095238
- $00:20:45.240 \longrightarrow 00:20:46.830$  for example, making sure that.
- NOTE Confidence: 0.889621498095238
- $00:20:46.830 \rightarrow 00:20:50.520$  We can provide adequate clinical
- NOTE Confidence: 0.889621498095238
- $00:20:50.520 \rightarrow 00:20:52.844$  coverage when we have small units that
- NOTE Confidence: 0.889621498095238
- 00:20:52.844 --> 00:20:54.979 have just a small number of faculty.
- NOTE Confidence: 0.889621498095238
- 00:20:54.980 --> 00:20:57.941 So we are recently convening a committee
- NOTE Confidence: 0.889621498095238
- $00{:}20{:}57{.}941 \dashrightarrow 00{:}21{:}00{.}982$  of members of FAC and administrators to
- NOTE Confidence: 0.889621498095238
- $00:21:00.982 \rightarrow 00:21:04.540$  think through how do we have consistency,
- NOTE Confidence: 0.889621498095238
- $00{:}21{:}04{.}540 \dashrightarrow 00{:}21{:}07{.}544$  consistent policies around such
- NOTE Confidence: 0.889621498095238

00:21:07.544 --> 00:21:09.797 issues across departments.

NOTE Confidence: 0.889621498095238

 $00:21:09.800 \rightarrow 00:21:14.138$  And then we have for many years now since

NOTE Confidence: 0.889621498095238

00:21:14.138 --> 00:21:17.979 2014 tracked gaps in salary between.

NOTE Confidence: 0.889621498095238

00:21:17.980 --> 00:21:20.434 Between our male and female faculty

NOTE Confidence: 0.889621498095238

 $00{:}21{:}20{.}434 \dashrightarrow 00{:}21{:}23{.}975$  members and where we see this is in our

NOTE Confidence: 0.889621498095238

 $00{:}21{:}23.975 \dashrightarrow 00{:}21{:}26.540$  clinical departments as you can see here,

NOTE Confidence: 0.889621498095238

 $00:21:26.540 \rightarrow 00:21:27.868$  perhaps the closing gap,

NOTE Confidence: 0.889621498095238

 $00:21:27.868 \rightarrow 00:21:29.860$  but we also changed our methodology

NOTE Confidence: 0.889621498095238

 $00{:}21{:}29{.}918 \dashrightarrow 00{:}21{:}30{.}858$  in the last year.

NOTE Confidence: 0.889621498095238

 $00{:}21{:}30.860 \dashrightarrow 00{:}21{:}32{.}974$  And you can see the variance variables

NOTE Confidence: 0.889621498095238

 $00{:}21{:}32{.}974 \dashrightarrow 00{:}21{:}35{.}152$  that go into this multivariate regression

NOTE Confidence: 0.889621498095238

 $00:21:35.152 \rightarrow 00:21:37.570$  analysis and see those things that

NOTE Confidence: 0.889621498095238

 $00:21:37.570 \longrightarrow 00:21:39.775$  have the biggest impact on salary by

NOTE Confidence: 0.889621498095238

00:21:39.775 --> 00:21:41.906 far and away it's your subspecialty.

NOTE Confidence: 0.889621498095238

 $00:21:41.906 \rightarrow 00:21:45.287$  So what is the double AMC median

NOTE Confidence: 0.889621498095238

 $00:21:45.287 \rightarrow 00:21:46.859$  salary for someone,

- NOTE Confidence: 0.889621498095238
- $00:21:46.860 \longrightarrow 00:21:49.050$  but there are other things that.
- NOTE Confidence: 0.889621498095238
- 00:21:49.050 --> 00:21:50.778 Obviously it you know how much
- NOTE Confidence: 0.889621498095238
- $00:21:50.778 \rightarrow 00:21:52.876$  political work you do have an impact
- NOTE Confidence: 0.889621498095238
- $00:21:52.876 \rightarrow 00:21:54.934$  and so these things are all controlled
- NOTE Confidence: 0.889621498095238
- $00:21:54.993 \rightarrow 00:21:56.769$  for and yet we still have a gap.
- NOTE Confidence: 0.889621498095238
- $00{:}21{:}56{.}770 \dashrightarrow 00{:}21{:}59{.}322$  What we do with these data are look
- NOTE Confidence: 0.889621498095238
- $00:21:59.322 \longrightarrow 00:22:01.002$  department by department and what
- NOTE Confidence: 0.889621498095238
- $00{:}22{:}01{.}002 \dashrightarrow 00{:}22{:}03{.}610$  we've found is that when we do that
- NOTE Confidence: 0.889621498095238
- 00:22:03.610 --> 00:22:06.602 we are able to bring a department that
- NOTE Confidence: 0.889621498095238
- $00{:}22{:}06{.}602 \dashrightarrow 00{:}22{:}09{.}631$  may have gotten out of line back into
- NOTE Confidence: 0.889621498095238
- $00{:}22{:}09{.}631 \dashrightarrow 00{:}22{:}12{.}940$  line back to zero and and we in the
- NOTE Confidence: 0.889621498095238
- 00:22:12.940 --> 00:22:15.585 process often identify systemic issues
- NOTE Confidence: 0.889621498095238
- $00{:}22{:}15.585 \dashrightarrow 00{:}22{:}19.455$  that we can address across departments.
- NOTE Confidence: 0.889621498095238
- 00:22:19.460 --> 00:22:22.060 And this is just the the example of
- NOTE Confidence: 0.889621498095238
- $00{:}22{:}22{.}060 \dashrightarrow 00{:}22{:}24{.}594$  how we look at this by department
- NOTE Confidence: 0.889621498095238

 $00:22:24.594 \rightarrow 00:22:27.138$  and you can see this department was

NOTE Confidence: 0.889621498095238

 $00{:}22{:}27{.}138 \dashrightarrow 00{:}22{:}29{.}700$  one that we focused on this year.

NOTE Confidence: 0.889621498095238

00:22:29.700 --> 00:22:32.548 I would point out that one of these

NOTE Confidence: 0.889621498095238

 $00:22:32.548 \rightarrow 00:22:34.084$  departments that is at around zero

NOTE Confidence: 0.889621498095238

 $00{:}22{:}34.084 \dashrightarrow 00{:}22{:}35.941$  was one that had a very large gap

NOTE Confidence: 0.889621498095238

 $00{:}22{:}35{.}941 \dashrightarrow 00{:}22{:}37{.}460$  in salary just a few years ago.

NOTE Confidence: 0.9421421375

 $00{:}22{:}39{.}910 \dashrightarrow 00{:}22{:}42{.}638$  Let me turn now to our research mission.

NOTE Confidence: 0.9421421375

 $00{:}22{:}42.640 \dashrightarrow 00{:}22{:}45.268$  You know one of the questions is how do

NOTE Confidence: 0.9421421375

 $00{:}22{:}45{.}268 \dashrightarrow 00{:}22{:}47{.}964$  you track your success in research and

NOTE Confidence: 0.9421421375

00:22:47.964 --> 00:22:50.469 ultimately you want to track impact.

NOTE Confidence: 0.9421421375

 $00{:}22{:}50{.}470 \dashrightarrow 00{:}22{:}53{.}908$  It's the number of drugs that you bring to,

NOTE Confidence: 0.9421421375

 $00:22:53.910 \longrightarrow 00:22:57.190$  to patients or the number

NOTE Confidence: 0.9421421375

 $00:22:57.190 \longrightarrow 00:22:59.118$  of deaths that you prevent.

NOTE Confidence: 0.9421421375

 $00:22:59.118 \longrightarrow 00:23:01.330$  Those are very long-term things to track

NOTE Confidence: 0.9421421375

00:23:01.330 -> 00:23:03.346 and you know we are now have drugs

NOTE Confidence: 0.9421421375

 $00:23:03.346 \rightarrow 00:23:05.726$  coming to market that are based on basic

- NOTE Confidence: 0.9421421375
- $00:23:05.726 \rightarrow 00:23:08.560$  science research that was done 30 years ago.

 $00:23:08.560 \rightarrow 00:23:11.062$  So we often track leading indicators

NOTE Confidence: 0.9421421375

00:23:11.062 --> 00:23:13.113 like NIH funding shown here

NOTE Confidence: 0.9421421375

00:23:13.113 - > 00:23:15.276 and you can see we're in that,

NOTE Confidence: 0.9421421375

 $00:23:15.280 \longrightarrow 00:23:16.570$  you know, tightly.

NOTE Confidence: 0.779322168928571

 $00{:}23{:}19{.}220 \dashrightarrow 00{:}23{:}21{.}548$  Clustered group in the four to 8 range

NOTE Confidence: 0.779322168928571

 $00{:}23{:}21{.}548 \dashrightarrow 00{:}23{:}24{.}020$  and we bounce around between there.

NOTE Confidence: 0.779322168928571

 $00:23:24.020 \rightarrow 00:23:27.098$  I would say we tend to be very high

NOTE Confidence: 0.779322168928571

 $00{:}23{:}27.098 \dashrightarrow 00{:}23{:}30.140$  in the number of single investigator

NOTE Confidence: 0.779322168928571

 $00:23:30.140 \longrightarrow 00:23:33.470$  grants and that's a hard way to.

NOTE Confidence: 0.779322168928571

 $00{:}23{:}33{.}470 \dashrightarrow 00{:}23{:}36{.}683$  Have large, have as big an NIH budget as

NOTE Confidence: 0.779322168928571

 $00{:}23{:}36{.}683 \dashrightarrow 00{:}23{:}40{.}039$  we have and so we've been emphasizing.

NOTE Confidence: 0.779322168928571

 $00:23:40.040 \longrightarrow 00:23:41.652$  Again, interdisciplinary large grants

NOTE Confidence: 0.779322168928571

 $00{:}23{:}41.652 \dashrightarrow 00{:}23{:}44.423$  and then this just shows the data

NOTE Confidence: 0.779322168928571

 $00{:}23{:}44{.}423 \dashrightarrow 00{:}23{:}46{.}432$  by department and I think you know

 $00:23:46.432 \longrightarrow 00:23:48.752$  you can see that about half of our

NOTE Confidence: 0.779322168928571

 $00{:}23{:}48.752 \dashrightarrow 00{:}23{:}50.889$  departments are in the top ten in

NOTE Confidence: 0.779322168928571

00:23:50.889 --> 00:23:52.884 NIH funding and you know many are NOTE Confidence: 0.779322168928571

 $00:23:52.884 \longrightarrow 00:23:55.477$  year over year in the top one or two

NOTE Confidence: 0.779322168928571

 $00:23:55.477 \rightarrow 00:23:57.170$  such as psychiatry and medicine.

NOTE Confidence: 0.779322168928571

 $00{:}23{:}57{.}170 \dashrightarrow 00{:}24{:}00{.}145$  Our faculty of course also do research

NOTE Confidence: 0.779322168928571

 $00{:}24{:}00{.}145 \dashrightarrow 00{:}24{:}03{.}750$  at the VA and it's a it's not an

NOTE Confidence: 0.779322168928571

 $00{:}24{:}03.750 \dashrightarrow 00{:}24{:}05.733$  insignificant amount and the VA

NOTE Confidence: 0.779322168928571

 $00{:}24{:}05{.}733 \dashrightarrow 00{:}24{:}09{.}770$  research program is a really wonderful.

NOTE Confidence: 0.779322168928571

00:24:09.770 --> 00:24:10.342 Resource,

NOTE Confidence: 0.779322168928571

 $00{:}24{:}10{.}342 \dashrightarrow 00{:}24{:}13{.}202$  particularly for new investigators to

NOTE Confidence: 0.779322168928571

 $00:24:13.202 \rightarrow 00:24:17.009$  to maximize their chance of getting funded.

NOTE Confidence: 0.779322168928571

 $00{:}24{:}17.010 \dashrightarrow 00{:}24{:}20.272$  There are pressures on our research program

NOTE Confidence: 0.779322168928571

 $00{:}24{:}20{.}272$  -->  $00{:}24{:}22{.}350$  beyond just getting funding support.

NOTE Confidence: 0.779322168928571

 $00{:}24{:}22{.}350 \dashrightarrow 00{:}24{:}25{.}070$  One of those has been a decline in

NOTE Confidence: 0.779322168928571

 $00:24:25.146 \longrightarrow 00:24:27.708$  the number of graduate students and

- NOTE Confidence: 0.779322168928571
- $00:24:27.708 \longrightarrow 00:24:29.852$  and postdoctoral fellows who of
- NOTE Confidence: 0.779322168928571
- $00:24:29.852 \longrightarrow 00:24:32.024$  course are the future of discovery.
- NOTE Confidence: 0.779322168928571
- $00:24:32.030 \longrightarrow 00:24:33.730$  And there are several factors
- NOTE Confidence: 0.779322168928571
- $00:24:33.730 \longrightarrow 00:24:35.430$  that have come to bear.
- NOTE Confidence: 0.779322168928571
- $00{:}24{:}35{.}430 \dashrightarrow 00{:}24{:}40.772$  One is the influence of recent
- NOTE Confidence: 0.779322168928571
- $00{:}24{:}40.772 \dashrightarrow 00{:}24{:}43.982$  governmental policies around certain visa
- NOTE Confidence: 0.779322168928571
- $00:24:43.982 \longrightarrow 00:24:47.130$  holders and particularly from China.
- NOTE Confidence: 0.779322168928571
- $00:24:47.130 \longrightarrow 00:24:49.296$  The other is that we had,
- NOTE Confidence: 0.779322168928571
- $00{:}24{:}49{.}300 \dashrightarrow 00{:}24{:}51{.}729$  we had a number of training grants
- NOTE Confidence: 0.779322168928571
- $00:24:51.729 \longrightarrow 00:24:54.553$  going through an NIH institute that is
- NOTE Confidence: 0.779322168928571
- $00:24:54.553 \rightarrow 00:24:57.121$  decreasing the number of training grants.
- NOTE Confidence: 0.779322168928571
- $00{:}24{:}57{.}130 \dashrightarrow 00{:}24{:}59{.}140$  So as an interim solution,
- NOTE Confidence: 0.779322168928571
- $00{:}24{:}59{.}140 \dashrightarrow 00{:}25{:}01{.}120$  the School of Medicine along with
- NOTE Confidence: 0.779322168928571
- $00{:}25{:}01{.}120 \dashrightarrow 00{:}25{:}03{.}269$  the Graduate School is funding slots
- NOTE Confidence: 0.779322168928571
- $00:25:03.270 \longrightarrow 00:25:06.348$  to maintain our ability to train
- NOTE Confidence: 0.779322168928571

 $00:25:06.348 \rightarrow 00:25:08.400$  graduate students and postdoctoral

NOTE Confidence: 0.779322168928571

00:25:08.476 --> 00:25:10.906 fellows while we come up with

NOTE Confidence: 0.779322168928571

 $00:25:10.906 \rightarrow 00:25:13.070$  other solutions to fund slots,

NOTE Confidence: 0.779322168928571

00:25:13.070 -> 00:25:15.486 such as through endowment

NOTE Confidence: 0.779322168928571

 $00{:}25{:}15.486 \dashrightarrow 00{:}25{:}17.298$  or through collaborations.

NOTE Confidence: 0.779322168928571

 $00:25:17.300 \rightarrow 00:25:20.527$  With industry and those sorts of things.

NOTE Confidence: 0.779322168928571

 $00:25:20.530 \rightarrow 00:25:23.827$  We are working to increase the diversity

NOTE Confidence: 0.779322168928571

 $00:25:23.827 \rightarrow 00:25:26.154$  of our postdoctoral fellows as well.

NOTE Confidence: 0.779322168928571

 $00{:}25{:}26{.}154 \dashrightarrow 00{:}25{:}28{.}616$  And one of the things that we

NOTE Confidence: 0.779322168928571

 $00{:}25{:}28.616 \dashrightarrow 00{:}25{:}30.721$  appreciate is that often the best

NOTE Confidence: 0.779322168928571

 $00:25:30.721 \longrightarrow 00:25:33.360$  way to grow talent is to invest

NOTE Confidence: 0.779322168928571

 $00:25:33.449 \rightarrow 00:25:36.239$  early and then retain that talent.

NOTE Confidence: 0.779322168928571

 $00:25:36.240 \longrightarrow 00:25:37.155$  And so you,

NOTE Confidence: 0.779322168928571

 $00{:}25{:}37{.}155 \dashrightarrow 00{:}25{:}38{.}985$  fat Levy and Kristen Brennan are

NOTE Confidence: 0.779322168928571

00:25:38.985 --> 00:25:40.788 leading a new program called

NOTE Confidence: 0.779322168928571

00:25:40.788 --> 00:25:42.224 the Science Fellows Program,

 $00{:}25{:}42{.}230 \dashrightarrow 00{:}25{:}45{.}809$  which creates the ability to recruit

NOTE Confidence: 0.779322168928571

 $00:25:45.809 \rightarrow 00:25:47.805$  those superb postdoctoral fellows

NOTE Confidence: 0.779322168928571

 $00{:}25{:}47.805 \dashrightarrow 00{:}25{:}50.862$  and groom them for transition to

NOTE Confidence: 0.779322168928571

 $00:25:50.862 \rightarrow 00:25:52.830$  independence as faculty members.

NOTE Confidence: 0.779322168928571

 $00:25:52.830 \rightarrow 00:25:55.147$  This is envisioned to be cluster hires,

NOTE Confidence: 0.779322168928571

 $00:25:55.150 \rightarrow 00:25:57.537$  so that you're bringing in two or

NOTE Confidence: 0.779322168928571

 $00{:}25{:}57{.}537 \dashrightarrow 00{:}26{:}00{.}125$  three or four fellows at the same

NOTE Confidence: 0.779322168928571

 $00{:}26{:}00{.}125 \dashrightarrow 00{:}26{:}02{.}860$  time who are working in related areas.

NOTE Confidence: 0.779322168928571

 $00{:}26{:}02{.}860 \dashrightarrow 00{:}26{:}06{.}004$  We are also spending a lot of effort

NOTE Confidence: 0.779322168928571

 $00:26:06.004 \rightarrow 00:26:08.919$  on enabling our physician scientists.

NOTE Confidence: 0.779322168928571

00:26:08.920 --> 00:26:12.016 This effort has been led by Keith Tote,

NOTE Confidence: 0.779322168928571

 $00{:}26{:}12.020 \dashrightarrow 00{:}26{:}15.604$  but also Nee Addy and Nick Click

NOTE Confidence: 0.779322168928571

 $00{:}26{:}15.604 \dashrightarrow 00{:}26{:}19.240$  Light who have created huge resources,

NOTE Confidence: 0.779322168928571

 $00{:}26{:}19{.}240 \dashrightarrow 00{:}26{:}21{.}990$  both salary support for people

NOTE Confidence: 0.779322168928571

 $00:26:21.990 \longrightarrow 00:26:23.640$  beginning their careers,

 $00:26:23.640 \rightarrow 00:26:25.692$  mechanisms to make sure that mentorship

NOTE Confidence: 0.779322168928571

00:26:25.692 --> 00:26:26.376 is working,

NOTE Confidence: 0.779322168928571

00:26:26.380 --> 00:26:28.620 access to grant writing resources,

NOTE Confidence: 0.779322168928571

 $00:26:28.620 \rightarrow 00:26:30.489$  and the creation of the Janeway Society,

NOTE Confidence: 0.779322168928571

 $00:26:30.490 \longrightarrow 00:26:33.352$  which brings together all of our

NOTE Confidence: 0.779322168928571

00:26:33.352 --> 00:26:34.306 junior faculty.

NOTE Confidence: 0.779322168928571

 $00{:}26{:}34{.}310 \dashrightarrow 00{:}26{:}37{.}846$  To talk about how one starts a research

NOTE Confidence: 0.779322168928571

 $00:26:37.846 \longrightarrow 00:26:39.362$  program. What are the barriers?

NOTE Confidence: 0.779322168928571

 $00:26:39.362 \longrightarrow 00:26:40.177$  What? How?

NOTE Confidence: 0.779322168928571

 $00:26:40.177 \rightarrow 00:26:43.459$  How does one navigate those barriers?

NOTE Confidence: 0.779322168928571

 $00{:}26{:}43.460 \dashrightarrow 00{:}26{:}45.230$  We've created a successful grant

NOTE Confidence: 0.779322168928571

 $00{:}26{:}45{.}230 \dashrightarrow 00{:}26{:}47{.}402$  library so that those who are

NOTE Confidence: 0.779322168928571

 $00{:}26{:}47{.}402 \dashrightarrow 00{:}26{:}49{.}107$  submitting grants can can learn

NOTE Confidence: 0.779322168928571

 $00{:}26{:}49{.}107 \dashrightarrow 00{:}26{:}50{.}471$  from others who have

NOTE Confidence: 0.888262390869565

 $00{:}26{:}50{.}541 \dashrightarrow 00{:}26{:}52{.}248$  submitted successful grants.

NOTE Confidence: 0.888262390869565

 $00:26:52.250 \rightarrow 00:26:54.218$  And this is just the types of grants

- NOTE Confidence: 0.888262390869565
- $00:26:54.218 \rightarrow 00:26:56.138$  that are included in that library.
- NOTE Confidence: 0.888262390869565
- $00:26:56.140 \longrightarrow 00:26:58.051$  And it it could not happen without
- NOTE Confidence: 0.888262390869565
- $00:26:58.051 \rightarrow 00:26:59.797$  the generosity of our faculty who
- NOTE Confidence: 0.888262390869565
- $00:26:59.797 \rightarrow 00:27:01.543$  are willing to share their grants,
- NOTE Confidence: 0.888262390869565
- $00:27:01.550 \rightarrow 00:27:03.962$  including those that were not initially
- NOTE Confidence: 0.888262390869565
- $00{:}27{:}03{.}962 \dashrightarrow 00{:}27{:}06{.}592$  funded and then got funded so we
- NOTE Confidence: 0.888262390869565
- $00:27:06.592 \rightarrow 00:27:09.291$  can see how they responded to it,
- NOTE Confidence: 0.888262390869565
- $00{:}27{:}09{.}291 \dashrightarrow 00{:}27{:}13{.}246$  to the comments from reviewers.
- NOTE Confidence: 0.888262390869565
- $00{:}27{:}13.250 \dashrightarrow 00{:}27{:}15.554$  They have also developed mock study
- NOTE Confidence: 0.888262390869565
- $00:27:15.554 \rightarrow 00:27:17.547$  sections and again the generosity
- NOTE Confidence: 0.888262390869565
- 00:27:17.547 --> 00:27:19.887 of many faculty who who participate
- NOTE Confidence: 0.888262390869565
- $00:27:19.887 \longrightarrow 00:27:22.359$  in those and review grants together.
- NOTE Confidence: 0.888262390869565
- $00{:}27{:}22{.}359 \dashrightarrow 00{:}27{:}24{.}573$  And that ensures that when some one
- NOTE Confidence: 0.888262390869565
- $00{:}27{:}24{.}573 \dashrightarrow 00{:}27{:}26{.}739$  then finally submits the grant to
- NOTE Confidence: 0.888262390869565
- 00:27:26.739 --> 00:27:28.404 the National Institutes of Health,
- NOTE Confidence: 0.888262390869565

 $00:27:28.410 \longrightarrow 00:27:29.838$  it is the best possible grant

NOTE Confidence: 0.888262390869565

 $00{:}27{:}29{.}838 \dashrightarrow 00{:}27{:}31{.}300$  that could go out the door.

NOTE Confidence: 0.888262390869565

 $00{:}27{:}31{.}300 \dashrightarrow 00{:}27{:}35{.}262$  And that enables them to get be more

NOTE Confidence: 0.888262390869565

 $00:27:35.262 \rightarrow 00:27:37.614$  likely to be funded the first time

NOTE Confidence: 0.888262390869565

 $00:27:37.614 \rightarrow 00:27:40.240$  through and shorten that time to funding.

NOTE Confidence: 0.888262390869565

 $00{:}27{:}40.240 \dashrightarrow 00{:}27{:}42.536$ Linda Bockenstedt has led an an effort

NOTE Confidence: 0.888262390869565

 $00:27:42.536 \longrightarrow 00:27:44.999$  to look at our research faculty.

NOTE Confidence: 0.888262390869565

00:27:45.000 - 00:27:47.450 This is a track that is fundamental

NOTE Confidence: 0.888262390869565

 $00:27:47.450 \longrightarrow 00:27:49.180$  to many research programs.

NOTE Confidence: 0.888262390869565

 $00:27:49.180 \longrightarrow 00:27:51.762$  These are our faculty who have

NOTE Confidence: 0.888262390869565

 $00:27:51.762 \longrightarrow 00:27:53.530$  particular expertise in methods

NOTE Confidence: 0.888262390869565

 $00:27:53.530 \longrightarrow 00:27:56.702$  but perhaps don't desire to have an

NOTE Confidence: 0.888262390869565

 $00:27:56.702 \rightarrow 00:27:58.470$  independent research program and

NOTE Confidence: 0.888262390869565

 $00:27:58.470 \rightarrow 00:28:00.800$  the stresses of writing grants.

NOTE Confidence: 0.888262390869565

 $00{:}28{:}00{.}800 \dashrightarrow 00{:}28{:}02{.}789$  And but the issue that we have with this

NOTE Confidence: 0.888262390869565

 $00:28:02.789 \rightarrow 00:28:04.788$  track is that it's used in different ways,

- NOTE Confidence: 0.888262390869565
- $00{:}28{:}04.790 \dashrightarrow 00{:}28{:}06.605$  and there's often a disconnect
- NOTE Confidence: 0.888262390869565
- $00:28:06.605 \rightarrow 00:28:08.874$  between the expectations of a faculty
- NOTE Confidence: 0.888262390869565
- $00:28:08.874 \rightarrow 00:28:10.839$  member and the expectations of.
- NOTE Confidence: 0.888262390869565
- $00:28:10.840 \longrightarrow 00:28:11.971$  Their principal investigator.
- NOTE Confidence: 0.888262390869565
- 00:28:11.971 --> 00:28:13.856 So that committee has made
- NOTE Confidence: 0.888262390869565
- 00:28:13.856 --> 00:28:15.770 a number of recommendations.
- NOTE Confidence: 0.888262390869565
- $00:28:15.770 \rightarrow 00:28:17.858$  One is to clarify those expectations,
- NOTE Confidence: 0.888262390869565
- $00:28:17.860 \longrightarrow 00:28:20.752$  expectations at the outset of the
- NOTE Confidence: 0.888262390869565
- $00{:}28{:}20.752 \dashrightarrow 00{:}28{:}23.379$  standard offer letter to create
- NOTE Confidence: 0.888262390869565
- $00:28:23.379 \longrightarrow 00:28:26.429$  individual pathways within this track
- NOTE Confidence: 0.888262390869565
- $00:28:26.430 \longrightarrow 00:28:28.075$  to do a better job of mentoring
- NOTE Confidence: 0.888262390869565
- $00{:}28{:}28{.}075 \dashrightarrow 00{:}28{:}29{.}260$  this group of faculty,
- NOTE Confidence: 0.888262390869565
- $00:28:29.260 \rightarrow 00:28:32.172$  including using a form like the F
- NOTE Confidence: 0.888262390869565
- $00{:}28{:}32{.}172 \dashrightarrow 00{:}28{:}34{.}944$  DAC that we've developed and so
- NOTE Confidence: 0.888262390869565
- $00:28:34.944 \longrightarrow 00:28:36.906$  that we're in the process of
- NOTE Confidence: 0.888262390869565

- $00:28:36.906 \rightarrow 00:28:38.598$  implementing those sorts of things.
- NOTE Confidence: 0.888262390869565
- 00:28:38.600 --> 00:28:38.931 Again,
- NOTE Confidence: 0.888262390869565
- $00:28:38.931 \longrightarrow 00:28:41.248$  as a way to increase the types
- NOTE Confidence: 0.888262390869565
- $00:28:41.248 \rightarrow 00:28:43.159$  of faculty we're developing,
- NOTE Confidence: 0.888262390869565
- $00{:}28{:}43.160 \dashrightarrow 00{:}28{:}45.456$  we have had an effort in biomedical
- NOTE Confidence: 0.888262390869565
- 00:28:45.456 --> 00:28:46.112 data science.
- NOTE Confidence: 0.888262390869565
- $00:28:46.120 \rightarrow 00:28:48.058$  There's a real shortage of people
- NOTE Confidence: 0.888262390869565
- $00:28:48.058 \rightarrow 00:28:50.000$  who have expertise in this area.
- NOTE Confidence: 0.888262390869565
- $00:28:50.000 \rightarrow 00:28:51.596$  The students who are interested in this,
- NOTE Confidence: 0.888262390869565
- 00:28:51.600 --> 00:28:53.922 I would encourage you to pursue
- NOTE Confidence: 0.888262390869565
- $00{:}28{:}53{.}922 \dashrightarrow 00{:}28{:}54{.}696$  those interests.
- NOTE Confidence: 0.888262390869565
- $00:28:54.700 \rightarrow 00:28:57.164$  But this is a program in collaboration
- NOTE Confidence: 0.888262390869565
- $00:28:57.164 \rightarrow 00:28:59.484$  with Burner Ingelheim where we have
- NOTE Confidence: 0.888262390869565
- $00:28:59.484 \rightarrow 00:29:02.196$  grown it actually more rapidly than
- NOTE Confidence: 0.888262390869565
- $00:29:02.196 \longrightarrow 00:29:04.404$  anticipated because it's been so
- NOTE Confidence: 0.888262390869565
- $00:29:04.404 \longrightarrow 00:29:06.449$  successful and each student has

- NOTE Confidence: 0.888262390869565
- $00:29:06.449 \longrightarrow 00:29:07.630$  reach fellow has.
- NOTE Confidence: 0.888262390869565
- $00:29:07.630 \longrightarrow 00:29:09.830$  Mentor within the university and
- NOTE Confidence: 0.888262390869565
- 00:29:09.830 --> 00:29:12.030 a mentor within Barringer Anaheim,
- NOTE Confidence: 0.888262390869565
- $00:29:12.030 \rightarrow 00:29:15.550$  allowing them to cross fertilize.
- NOTE Confidence: 0.888262390869565
- 00:29:15.550 --> 00:29:17.910 We have also recently recruited
- NOTE Confidence: 0.888262390869565
- 00:29:17.910 --> 00:29:19.326 Lucilla Ana Machado,
- NOTE Confidence: 0.888262390869565
- 00:29:19.330 --> 00:29:20.992 a member of the National Academy
- NOTE Confidence: 0.888262390869565
- $00{:}29{:}20{.}992 \dashrightarrow 00{:}29{:}23{.}228$  of Medicine to lead what will start
- NOTE Confidence: 0.888262390869565
- $00:29:23.228 \longrightarrow 00:29:25.013$  as a freestanding section of
- NOTE Confidence: 0.888262390869565
- $00:29:25.013 \rightarrow 00:29:26.689$  biomedical informatics and data science,
- NOTE Confidence: 0.888262390869565
- $00:29:26.690 \rightarrow 00:29:30.488$  but evolve into a new department.
- NOTE Confidence: 0.888262390869565
- 00:29:30.490 --> 00:29:34.009 And Lucilla has been on campus quite a bit,
- NOTE Confidence: 0.888262390869565
- 00:29:34.010 --> 00:29:36.590 will be here today and tomorrow
- NOTE Confidence: 0.888262390869565
- $00{:}29{:}36{.}590 \dashrightarrow 00{:}29{:}37{.}504$  really working.
- NOTE Confidence: 0.888262390869565
- $00{:}29{:}37{.}504 \dashrightarrow 00{:}29{:}40{.}703$  And how we build better support for
- NOTE Confidence: 0.888262390869565

00:29:40.703 --> 00:29:42.806 our faculty, our students,

NOTE Confidence: 0.888262390869565

 $00{:}29{:}42.806 \dashrightarrow 00{:}29{:}45.046$  in terms of biomedical informatics.

NOTE Confidence: 0.888262390869565

 $00{:}29{:}45.050 \dashrightarrow 00{:}29{:}47.430$  And I'm aware that our students are

NOTE Confidence: 0.888262390869565

00:29:47.430 --> 00:29:49.030 frustrated about access to J DAT,

NOTE Confidence: 0.888262390869565

 $00:29:49.030 \rightarrow 00:29:51.557$  and this is something that we still

NOTE Confidence: 0.888262390869565

 $00{:}29{:}51{.}557 \dashrightarrow 00{:}29{:}53{.}699$  will be able to help with.

NOTE Confidence: 0.888262390869565

 $00{:}29{:}53.700 \dashrightarrow 00{:}29{:}57.780$  We are in in the realm of cross

NOTE Confidence: 0.888262390869565

 $00:29:57.780 \longrightarrow 00:29:58.800$  cutting research.

NOTE Confidence: 0.888262390869565

 $00{:}29{:}58.800 \dashrightarrow 00{:}30{:}00{.}935$  We recently stood up a Yale Center

NOTE Confidence: 0.888262390869565

 $00{:}30{:}00{.}935 \dashrightarrow 00{:}30{:}02{.}679$  for Brain and Mind Health.

NOTE Confidence: 0.880998875555556

 $00:30:02.680 \longrightarrow 00:30:04.690$  As you know, we have very

NOTE Confidence: 0.880998875555556

 $00:30:04.690 \longrightarrow 00:30:05.695$  strong neuroscience here.

NOTE Confidence: 0.880998875555556

 $00{:}30{:}05{.}700 \dashrightarrow 00{:}30{:}08{.}275$  The Woosah Institute was created

NOTE Confidence: 0.880998875555556

00:30:08.275 - 00:30:10.335 to study human cognition.

NOTE Confidence: 0.880998875555556

 $00{:}30{:}10{.}340 \dashrightarrow 00{:}30{:}12{.}595$ Yale New Haven Health System

NOTE Confidence: 0.880998875555556

00:30:12.595 - 00:30:14.850 is building a new neuroscience

- NOTE Confidence: 0.880998875555556
- $00:30:14.931 \longrightarrow 00:30:17.379$  tower for clinical neuroscience.
- NOTE Confidence: 0.880998875555556
- $00{:}30{:}17.380 \dashrightarrow 00{:}30{:}21.900$  And there was a real need to create.
- NOTE Confidence: 0.880998875555556
- 00:30:21.900 --> 00:30:23.696 Mechanisms to bring discovery
- NOTE Confidence: 0.880998875555556
- $00:30:23.696 \rightarrow 00:30:25.941$  into trials for our patients
- NOTE Confidence: 0.880998875555556
- $00{:}30{:}25{.}941 \dashrightarrow 00{:}30{:}28{.}419$  and to learn from our patients.
- NOTE Confidence: 0.880998875555556
- 00:30:28.420 --> 00:30:32.046 And so this group of five faculty
- NOTE Confidence: 0.880998875555556
- 00:30:32.046 --> 00:30:33.600 members representing neurosurgery,
- NOTE Confidence: 0.880998875555556
- 00:30:33.600 --> 00:30:36.300 the Child Study Center,
- NOTE Confidence: 0.880998875555556
- $00:30:36.300 \longrightarrow 00:30:38.325$  psychiatry and neurology.
- NOTE Confidence: 0.880998875555556
- $00:30:38.330 \longrightarrow 00:30:39.870$  Interviewed all of the stakeholders,
- NOTE Confidence: 0.880998875555556
- $00:30:39.870 \longrightarrow 00:30:42.096$  convened a retreat,
- NOTE Confidence: 0.880998875555556
- $00:30:42.096 \rightarrow 00:30:45.064$  strategic retreat and conceived
- NOTE Confidence: 0.880998875555556
- $00:30:45.064 \rightarrow 00:30:47.290$  of this center,
- NOTE Confidence: 0.880998875555556
- $00{:}30{:}47.290 \dashrightarrow 00{:}30{:}50.422$  which will create resources and bring
- NOTE Confidence: 0.880998875555556
- $00{:}30{:}50{.}422 \dashrightarrow 00{:}30{:}53{.}114$  people here to translate discovery
- NOTE Confidence: 0.880998875555556

 $00:30:53.114 \longrightarrow 00:30:56.216$  into our into the clinical realm.

NOTE Confidence: 0.880998875555556

 $00:30:56.220 \rightarrow 00:30:58.180$  We have some roadblocks in that area.

NOTE Confidence: 0.880998875555556

 $00:30:58.180 \longrightarrow 00:31:01.372$  One is that our our contracting

NOTE Confidence: 0.880998875555556

 $00:31:01.372 \longrightarrow 00:31:04.123$  and our time to initiation

NOTE Confidence: 0.880998875555556

 $00:31:04.123 \longrightarrow 00:31:06.928$  of clinical trials is slow.

NOTE Confidence: 0.880998875555556

 $00:31:06.930 \longrightarrow 00:31:08.280$  Just the goal is that this

NOTE Confidence: 0.880998875555556

 $00:31:08.280 \longrightarrow 00:31:09.460$  would happen within 90 days.

NOTE Confidence: 0.880998875555556

 $00:31:09.460 \rightarrow 00:31:11.329$  You can see over this two year

NOTE Confidence: 0.880998875555556

 $00:31:11.329 \rightarrow 00:31:13.385$  period that the vast majority of

NOTE Confidence: 0.880998875555556

 $00:31:13.385 \rightarrow 00:31:15.380$  contracts and initiations took longer.

NOTE Confidence: 0.880998875555556

 $00:31:15.380 \rightarrow 00:31:17.020$  We have a group that's working on this.

NOTE Confidence: 0.880998875555556

 $00{:}31{:}17{.}020 \dashrightarrow 00{:}31{:}19{.}668$  We have some things that we need to

NOTE Confidence: 0.880998875555556

 $00:31:19.668 \dashrightarrow 00:31:21.862$  tweak within the School of Medicine

NOTE Confidence: 0.880998875555556

 $00:31:21.862 \longrightarrow 00:31:24.052$  before we can really fix this.

NOTE Confidence: 0.880998875555556

00:31:24.060 - 00:31:27.096 We're investing in, as I said,

NOTE Confidence: 0.880998875555556

 $00:31:27.100 \rightarrow 00:31:30.360$  resources to enable everybody's research.

- NOTE Confidence: 0.880998875555556
- 00:31:30.360 --> 00:31:32.200 One is a biorepository,
- NOTE Confidence: 0.880998875555556
- $00:31:32.200 \rightarrow 00:31:34.040$  where we're collecting samples
- NOTE Confidence: 0.880998875555556
- $00:31:34.040 \rightarrow 00:31:36.571$  from patients and keeping them
- NOTE Confidence: 0.880998875555556
- $00:31:36.571 \rightarrow 00:31:37.599$  stored appropriately,
- NOTE Confidence: 0.880998875555556
- $00:31:37.600 \rightarrow 00:31:40.020$  processed and stored appropriately so
- NOTE Confidence: 0.880998875555556
- $00:31:40.020 \rightarrow 00:31:42.440$  that investigators can access them.
- NOTE Confidence: 0.880998875555556
- $00:31:42.440 \longrightarrow 00:31:44.615$  Two of the higher technology
- NOTE Confidence: 0.880998875555556
- $00:31:44.615 \rightarrow 00:31:47.282$  cores that we are just standing
- NOTE Confidence: 0.880998875555556
- 00:31:47.282 --> 00:31:50.208 up is first A-fib SEM core,
- NOTE Confidence: 0.880998875555556
- $00:31:50.208 \rightarrow 00:31:53.400$  being led by Shanzu and song.
- NOTE Confidence: 0.880998875555556
- $00:31:53.400 \rightarrow 00:31:55.842$  Saying who we were very fortunate
- NOTE Confidence: 0.880998875555556
- $00{:}31{:}55{.}842 \dashrightarrow 00{:}31{:}58{.}466$  to recruit from Janelia Farm and
- NOTE Confidence: 0.880998875555556
- $00:31:58.466 \rightarrow 00:32:01.010$  who have developed mechanisms
- NOTE Confidence: 0.880998875555556
- $00{:}32{:}01{.}010 \dashrightarrow 00{:}32{:}05{.}210$  using fibs them to image cells down
- NOTE Confidence: 0.880998875555556
- $00:32:05.210 \longrightarrow 00:32:08.780$  to the to the for Micron level
- NOTE Confidence: 0.880998875555556

 $00:32:08.780 \rightarrow 00:32:10.560$  incredible resolution leading them

NOTE Confidence: 0.880998875555556

 $00:32:10.560 \longrightarrow 00:32:13.735$  to be able to publish for example

NOTE Confidence: 0.880998875555556

 $00:32:13.735 \longrightarrow 00:32:16.315$  in a collaborative group the the

NOTE Confidence: 0.880998875555556

 $00:32:16.315 \rightarrow 00:32:18.630$  connectome of the dress Drosophila

NOTE Confidence: 0.880998875555556

 $00:32:18.630 \rightarrow 00:32:21.000$  brain so really impressive work

NOTE Confidence: 0.880998875555556

 $00:32:21.000 \rightarrow 00:32:23.634$  and similarly a new Murphy.

NOTE Confidence: 0.880998875555556

00:32:23.634 --> 00:32:26.644 Multiplexed fish for transcriptome imaging,

NOTE Confidence: 0.880998875555556

 $00:32:26.650 \longrightarrow 00:32:28.730$  led by money dekmar that's

NOTE Confidence: 0.880998875555556

 $00:32:28.730 \dashrightarrow 00:32:31.730$  available to all of our resources.

NOTE Confidence: 0.9318676766666667

 $00:32:33.770 \rightarrow 00:32:36.584$  Ironically, at this point our research

NOTE Confidence: 0.9318676766666667

 $00:32:36.584 \rightarrow 00:32:39.149$  enterprise is not constrained by money,

NOTE Confidence: 0.9318676766666667

 $00:32:39.150 \rightarrow 00:32:44.166$  but by space. We have a space plan.

NOTE Confidence: 0.9318676766666667

 $00{:}32{:}44.170 \dashrightarrow 00{:}32{:}48.340$  In in place, and I would say we have it.

NOTE Confidence: 0.9318676766666667

 $00:32:48.340 \longrightarrow 00:32:50.905$  It's been somewhat frustrating because

NOTE Confidence: 0.9318676766666667

00:32:50.905 - 00:32:53.470 we are already behind schedule

NOTE Confidence: 0.9318676766666667

 $00:32:53.547 \rightarrow 00:32:56.313$  largely due to labor shortages and

- NOTE Confidence: 0.9318676766666667
- 00:32:56.313 --> 00:32:58.680 supply chain shortages post COVID.
- NOTE Confidence: 0.9318676766666667
- 00:32:58.680 00:33:01.160 We just had a walk through of 300,
- NOTE Confidence: 0.9318676766666667
- $00{:}33{:}01{.}160 \dashrightarrow 00{:}33{:}03{.}687$  George again this morning to think about
- NOTE Confidence: 0.9318676766666667
- $00:33:03.687 \rightarrow 00:33:06.957$  what we need to do to improve this building.
- NOTE Confidence: 0.9318676766666667
- $00:33:06.960 \longrightarrow 00:33:09.810$  But you can see that after we
- NOTE Confidence: 0.9318676766666667
- $00{:}33{:}09{.}810 \dashrightarrow 00{:}33{:}11{.}735$  complete renovations in this building
- NOTE Confidence: 0.9318676766666667
- $00:33:11.735 \longrightarrow 00:33:14.325$  and build out four floors and 100.
- NOTE Confidence: 0.9318676766666667
- 00:33:14.325 --> 00:33:16.350 College we will be building
- NOTE Confidence: 0.9318676766666667
- $00:33:16.350 \longrightarrow 00:33:18.710$  out floors in 101 college,
- NOTE Confidence: 0.9318676766666667
- $00:33:18.710 \dashrightarrow 00:33:21.860$  the School of Public Health will
- NOTE Confidence: 0.9318676766666667
- $00:33:21.860 \longrightarrow 00:33:24.430$  be consolidating some of its.
- NOTE Confidence: 0.9318676766666667
- $00:33:24.430 \longrightarrow 00:33:25.342$  Classroom space.
- NOTE Confidence: 0.9318676766666667
- $00:33:25.342 \longrightarrow 00:33:28.534$  We will have backfill space related to
- NOTE Confidence: 0.9318676766666667
- $00{:}33{:}28{.}534 \dashrightarrow 00{:}33{:}31{.}429$  this work that we can then renovate.
- NOTE Confidence: 0.9318676766666667
- $00:33:31.430 \longrightarrow 00:33:34.378$  This is the the.
- NOTE Confidence: 0.9318676766666667

 $00:33:34.380 \rightarrow 00:33:36.292$  Preparation for another building,

NOTE Confidence: 0.9318676766666667

00:33:36.292 --> 00:33:39.400 which is to move the School of

NOTE Confidence: 0.9318676766666667

 $00:33:39.400 \longrightarrow 00:33:42.420$  public health classrooms into 300

NOTE Confidence: 0.9318676766666667

 $00:33:42.420 \rightarrow 00:33:45.920$  George temporarily so that we can.

NOTE Confidence: 0.9318676766666667

 $00:33:45.920 \longrightarrow 00:33:49.756$  Plan for a new building in this

NOTE Confidence: 0.9318676766666667

 $00:33:49.760 \longrightarrow 00:33:51.670$  strip mall area that's that's

NOTE Confidence: 0.9318676766666667

 $00{:}33{:}51.670 \dashrightarrow 00{:}33{:}53.198$  now used for classrooms.

NOTE Confidence: 0.9318676766666667

 $00:33:53.200 \longrightarrow 00:33:54.370$  That will be very exciting.

NOTE Confidence: 0.9318676766666667

 $00{:}33{:}54{.}370 \dashrightarrow 00{:}33{:}56{.}757$  It will allow us to cross bridges

NOTE Confidence: 0.9318676766666667

 $00{:}33{:}56{.}757 \dashrightarrow 00{:}33{:}58{.}990$  here and what the students might

NOTE Confidence: 0.9318676766666667

 $00:33:58.990 \rightarrow 00:34:02.095$  observe is that then you start to see

NOTE Confidence: 0.9318676766666667

00:34:02.095 - 00:34:04.399 lines here over at Harkness Hall.

NOTE Confidence: 0.9318676766666667

 $00{:}34{:}04{.}400 \dashrightarrow 00{:}34{:}06{.}896$  I think all of us know that Harkness

NOTE Confidence: 0.9318676766666667

 $00{:}34{:}06{.}896 \dashrightarrow 00{:}34{:}09{.}645$  Hall is outlived its useful life and we

NOTE Confidence: 0.9318676766666667

 $00:34:09.645 \rightarrow 00:34:12.859$  have plans to to renovate that eventually.

NOTE Confidence: 0.9318676766666667

 $00:34:12.860 \rightarrow 00:34:15.839$  But you can see by the timeline that that's.

- NOTE Confidence: 0.9318676766666667
- $00:34:15.840 \rightarrow 00:34:20.089$  Getting passed when you guys are here.
- NOTE Confidence: 0.9318676766666667
- 00:34:20.090 --> 00:34:21.368 Even I hope for the MD,
- NOTE Confidence: 0.9318676766666667
- $00{:}34{:}21{.}370 \dashrightarrow 00{:}34{:}23{.}449$  PhD students who are on the call.
- NOTE Confidence: 0.9318676766666667
- $00{:}34{:}23{.}450 \dashrightarrow 00{:}34{:}23{.}982$  So.
- NOTE Confidence: 0.9318676766666667
- $00{:}34{:}23.982 \dashrightarrow 00{:}34{:}27.174$  We also this December will convene
- NOTE Confidence: 0.9318676766666667
- $00{:}34{:}27.174 \dashrightarrow 00{:}34{:}30.897$  for the first time a scientific
- NOTE Confidence: 0.9318676766666667
- 00:34:30.897 --> 00:34:33.589 Advisory Board comprised of,
- NOTE Confidence: 0.9318676766666667
- 00:34:33.590 -> 00:34:35.954 you know, Nobel laureate,
- NOTE Confidence: 0.9318676766666667
- $00:34:35.954 \longrightarrow 00:34:37.727$  several Lasker winners,
- NOTE Confidence: 0.9318676766666667
- $00:34:37.730 \longrightarrow 00:34:40.532$  leaders in industry and interestingly I
- NOTE Confidence: 0.9318676766666667
- $00:34:40.532 \rightarrow 00:34:44.447$  think all but one have a Yale association,
- NOTE Confidence: 0.9318676766666667
- $00{:}34{:}44{.}450 \dashrightarrow 00{:}34{:}46{.}010$  may be all of them do,
- NOTE Confidence: 0.9318676766666667
- $00{:}34{:}46.010 \dashrightarrow 00{:}34{:}47.810$  which was not something we know.
- NOTE Confidence: 0.9318676766666667
- $00{:}34{:}47.810 \dashrightarrow 00{:}34{:}49.924$  Charles Sawyers, I believe this is not,
- NOTE Confidence: 0.9318676766666667
- $00:34:49.930 \longrightarrow 00:34:51.526$  not something we intended to do,
- NOTE Confidence: 0.9318676766666667

 $00{:}34{:}51{.}530 \dashrightarrow 00{:}34{:}53{.}714$  but happened by chance and and so we're

NOTE Confidence: 0.9318676766666667

 $00{:}34{:}53{.}714 \dashrightarrow 00{:}34{:}55{.}508$  looking forward to seeking their advice.

NOTE Confidence: 0.9318676766666667

 $00{:}34{:}55{.}510 \dashrightarrow 00{:}34{:}59{.}800$  On how we can do things a little bit better.

NOTE Confidence: 0.9318676766666667

 $00:34:59.800 \rightarrow 00:35:02.596$  Lastly, looking at the clinical mission,

NOTE Confidence: 0.9318676766666667

 $00{:}35{:}02.600 \dashrightarrow 00{:}35{:}05.235$  you know what academic health

NOTE Confidence: 0.9318676766666667

 $00:35:05.235 \rightarrow 00:35:07.343$  systems have traditionally done.

NOTE Confidence: 0.9318676766666667

 $00:35:07.350 \rightarrow 00:35:10.584$  Is offer access to cutting edge care,

NOTE Confidence: 0.9318676766666667

 $00:35:10.590 \rightarrow 00:35:13.566$  whether that's chemotherapy or at Yale,

NOTE Confidence: 0.9318676766666667

 $00{:}35{:}13.570 \dashrightarrow 00{:}35{:}15.132$  you know.

NOTE Confidence: 0.9318676766666667

 $00:35:15.132 \rightarrow 00:35:18.256$  Closed loop insulin pumps,

NOTE Confidence: 0.9318676766666667

00:35:18.260 --> 00:35:19.616 transplant imaging,

NOTE Confidence: 0.9318676766666667

00:35:19.616 --> 00:35:20.294 etcetera.

NOTE Confidence: 0.9318676766666667

 $00{:}35{:}20.294 \dashrightarrow 00{:}35{:}23.684$  But what increasingly academic health

NOTE Confidence: 0.9318676766666667

 $00:35:23.684 \dashrightarrow 00:35:28.066$  systems are able to do is also offer

NOTE Confidence: 0.9318676766666667

 $00{:}35{:}28.066 \dashrightarrow 00{:}35{:}30.022$  population health that increases

NOTE Confidence: 0.9318676766666667

 $00:35:30.114 \rightarrow 00:35:33.120$  the health of our entire community.

 $00:35:33.120 \longrightarrow 00:35:36.900$  And we have amazing physician nurses

NOTE Confidence: 0.9318676766666667

 $00{:}35{:}36{.}900 \dashrightarrow 00{:}35{:}41{.}059$  staff in our academic health system.

NOTE Confidence: 0.9318676766666667

 $00:35:41.060 \rightarrow 00:35:44.140$  One piece of evidence for that is that

NOTE Confidence: 0.9318676766666667

 $00:35:44.140 \rightarrow 00:35:46.820$  we were among all of the hospitals in

NOTE Confidence: 0.9318676766666667

 $00:35:46.820 \longrightarrow 00:35:49.613$  the country in the top 24 for having

NOTE Confidence: 0.9318676766666667

 $00:35:49.613 \rightarrow 00:35:51.857$  the lowest mortality rate during COVID.

NOTE Confidence: 0.9318676766666667

 $00:35:51.857 \dashrightarrow 00:35:56.283$  And so I hold this out as an example of what

NOTE Confidence: 0.9318676766666667

 $00:35:56.283 \rightarrow 00:36:00.240$  we can do when we are all working together.

NOTE Confidence: 0.9318676766666667

00:36:00.240 --> 00:36:01.425 It is not,

NOTE Confidence: 0.9318676766666667

00:36:01.425 --> 00:36:01.820 however,

NOTE Confidence: 0.9318676766666667

 $00:36:01.820 \rightarrow 00:36:03.400$  always what we do,

NOTE Confidence: 0.9318676766666667

 $00:36:03.400 \rightarrow 00:36:07.276$  and although we offer excellent care,

NOTE Confidence: 0.9318676766666667

 $00:36:07.280 \longrightarrow 00:36:08.996$  we often offer it in silos

NOTE Confidence: 0.9318676766666667

00:36:08.996 --> 00:36:11.399 and not in a coordinated way,

NOTE Confidence: 0.9318676766666667

 $00:36:11.400 \longrightarrow 00:36:13.590$  and we also often don't

 $00:36:13.590 \rightarrow 00:36:15.780$  measure what we're doing so

NOTE Confidence: 0.802530335206896

 $00{:}36{:}15.780 \dashrightarrow 00{:}36{:}19.108$  this. Slide which shows where we are in

NOTE Confidence: 0.802530335206896

 $00{:}36{:}19.108 \dashrightarrow 00{:}36{:}22.375$  NIH ranking and has a number of NR not NOTE Confidence: 0.802530335206896

 $00{:}36{:}22{.}375 \dashrightarrow 00{:}36{:}25{.}233$  ranked and has a number of levels below

NOTE Confidence: 0.802530335206896

 $00{:}36{:}25{.}233 \dashrightarrow 00{:}36{:}29{.}621$ 10 is not what Yale School of Medicine

NOTE Confidence: 0.802530335206896

 $00{:}36{:}29{.}621$  -->  $00{:}36{:}32{.}540$  or you only Haven Health should a spire NOTE Confidence: 0.802530335206896

 $00{:}36{:}32.617 \dashrightarrow 00{:}36{:}35.177$  to and the reason for this is that.

NOTE Confidence: 0.802530335206896

00:36:35.180 - > 00:36:37.396 As I say, we are not working together.

NOTE Confidence: 0.802530335206896

 $00:36:37.400 \longrightarrow 00:36:39.520$  We're still working in silos.

NOTE Confidence: 0.802530335206896

 $00:36:39.520 \dashrightarrow 00:36:42.095$  We have tremendous opportunity when

NOTE Confidence: 0.802530335206896

 $00:36:42.095 \rightarrow 00:36:45.411$  you look at where we are represented

NOTE Confidence: 0.802530335206896

 $00{:}36{:}45{.}411 \dashrightarrow 00{:}36{:}47{.}496$  across the state of Connecticut.

NOTE Confidence: 0.802530335206896

00:36:47.500 --> 00:36:50.200 The state of Connecticut has demographics

NOTE Confidence: 0.802530335206896

 $00:36:50.200 \rightarrow 00:36:53.008$  that mirror the rest of the country

NOTE Confidence: 0.802530335206896

 $00:36:53.008 \dashrightarrow 00:36:55.701$  and we have both some of the wealthiest

NOTE Confidence: 0.802530335206896

 $00:36:55.701 \rightarrow 00:36:59.181$  communities in the country as well as the

 $00:36:59.181 \rightarrow 00:37:03.118$  largest disparities in income in the country.

NOTE Confidence: 0.802530335206896

 $00{:}37{:}03{.}120 \dashrightarrow 00{:}37{:}04{.}434$  So as a.

NOTE Confidence: 0.802530335206896

 $00:37:04.434 \longrightarrow 00:37:07.062$  Place where we can have impact

NOTE Confidence: 0.802530335206896

 $00:37:07.070 \rightarrow 00:37:10.430$  across a diverse set of communities.

NOTE Confidence: 0.802530335206896

 $00:37:10.430 \longrightarrow 00:37:13.174$  This is a wonderful place to be.

NOTE Confidence: 0.802530335206896

 $00{:}37{:}13.180 \dashrightarrow 00{:}37{:}16.078$  And so we need to realize that ability to

NOTE Confidence: 0.802530335206896

 $00:37:16.078 \rightarrow 00:37:18.897$  improve health across all of our communities.

NOTE Confidence: 0.802530335206896

 $00:37:18.900 \rightarrow 00:37:21.048$  We also have a financial relationship

NOTE Confidence: 0.802530335206896

 $00:37:21.048 \rightarrow 00:37:22.480$  with our clinical enterprise.

NOTE Confidence: 0.802530335206896

 $00:37:22.480 \rightarrow 00:37:25.595$  We we support our research and our

NOTE Confidence: 0.802530335206896

 $00{:}37{:}25{.}595 \dashrightarrow 00{:}37{:}28{.}513$  educational mission in part through our

NOTE Confidence: 0.802530335206896

 $00:37:28.513 \rightarrow 00:37:31.013$  revenues from the clinical enterprise

NOTE Confidence: 0.802530335206896

 $00:37:31.013 \rightarrow 00:37:34.042$  and those have been growing and we

NOTE Confidence: 0.802530335206896

 $00{:}37{:}34.042 \dashrightarrow 00{:}37{:}36.247$  expect that they will not continue

NOTE Confidence: 0.802530335206896

 $00{:}37{:}36{.}247 \dashrightarrow 00{:}37{:}37{.}976$  to grow at that same rate rate.

 $00:37:37.980 \longrightarrow 00:37:39.978$  So we have to work smarter.

NOTE Confidence: 0.802530335206896

 $00{:}37{:}39{.}980 \dashrightarrow 00{:}37{:}42{.}356$  One of the reasons is that we have an

NOTE Confidence: 0.802530335206896

 $00:37:42.356 \rightarrow 00:37:45.610$  aging population and more of our

NOTE Confidence: 0.802530335206896

 $00:37:45.610 \rightarrow 00:37:48.990$  older patients are shifting from commercial.

NOTE Confidence: 0.802530335206896

 $00:37:48.990 \rightarrow 00:37:51.468$  Insurance tends to pay better to Medicare,

NOTE Confidence: 0.802530335206896

 $00:37:51.470 \rightarrow 00:37:54.270$  where hospitals often lose money

NOTE Confidence: 0.802530335206896

 $00:37:54.270 \longrightarrow 00:37:56.480$  on the care of patients.

NOTE Confidence: 0.802530335206896

 $00{:}37{:}56.480 \dashrightarrow 00{:}37{:}59.000$  We also have lost some patients that

NOTE Confidence: 0.802530335206896

 $00:37:59.000 \dashrightarrow 00:38:01.621$  we think are the patients we should

NOTE Confidence: 0.802530335206896

 $00:38:01.621 \longrightarrow 00:38:04.120$  see that is the patients in in.

NOTE Confidence: 0.802530335206896

 $00:38:04.120 \rightarrow 00:38:05.748$  Requiring tertiary and quaternary

NOTE Confidence: 0.802530335206896

 $00:38:05.748 \longrightarrow 00:38:08.572$  care to hospitals that we feel are

NOTE Confidence: 0.802530335206896

 $00:38:08.572 \rightarrow 00:38:10.480$  less equipped to care for them,

NOTE Confidence: 0.802530335206896

 $00{:}38{:}10.480 \dashrightarrow 00{:}38{:}12.965$  and so we need to reverse that.

NOTE Confidence: 0.802530335206896

 $00:38:12.970 \rightarrow 00:38:16.282$  So we are engaging in a significant

NOTE Confidence: 0.802530335206896

 $00:38:16.282 \rightarrow 00:38:18.266$  effort around realigning this,

 $00{:}38{:}18{.}270 \dashrightarrow 00{:}38{:}21{.}526$  the School of Medicine and Neal New Haven

NOTE Confidence: 0.802530335206896

00:38:21.526 --> 00:38:24.566 Health system as an academic health system.

NOTE Confidence: 0.802530335206896

 $00:38:24.570 \longrightarrow 00:38:27.020$  Very grateful to have the

NOTE Confidence: 0.802530335206896

00:38:27.020 --> 00:38:28.980 partnership of Chris O'Connor,

NOTE Confidence: 0.802530335206896

 $00:38:28.980 \rightarrow 00:38:32.380$  the CEO for Yale New Haven Health System.

NOTE Confidence: 0.802530335206896

 $00{:}38{:}32{.}380 \dashrightarrow 00{:}38{:}36{.}187$  And a number of people have been working on

NOTE Confidence: 0.802530335206896

 $00{:}38{:}36{.}187 \dashrightarrow 00{:}38{:}39{.}772$  this for the first time in memorable history.

NOTE Confidence: 0.802530335206896

 $00:38:39.772 \rightarrow 00:38:44.014$  We are developing a shared strategic plan.

NOTE Confidence: 0.802530335206896

 $00{:}38{:}44.020 \dashrightarrow 00{:}38{:}46.348$  And one of the things that I would

NOTE Confidence: 0.802530335206896

 $00:38:46.348 \rightarrow 00:38:48.365$  highlight is these are the pillars

NOTE Confidence: 0.802530335206896

 $00:38:48.365 \longrightarrow 00:38:50.817$  that the group has identified and in

NOTE Confidence: 0.802530335206896

 $00{:}38{:}50{.}817 \dashrightarrow 00{:}38{:}52{.}839$  the highest ranking both among our,

NOTE Confidence: 0.802530335206896

00:38:52.840 --> 00:38:53.264 our.

NOTE Confidence: 0.802530335206896

 $00:38:53.264 \dashrightarrow 00:38:55.808$  With medicine colleagues on this committee,

NOTE Confidence: 0.802530335206896

 $00{:}38{:}55{.}810 \dashrightarrow 00{:}38{:}58{.}594$  but also among our hospital members

 $00:38:58.594 \rightarrow 00:38:59.986$  of this committee,

NOTE Confidence: 0.802530335206896

00:38:59.990 --> 00:39:02.430 leading Edge research was important

NOTE Confidence: 0.802530335206896

 $00:39:02.430 \longrightarrow 00:39:05.829$  and and and actually came out on top.

NOTE Confidence: 0.802530335206896

00:39:05.830 --> 00:39:08.620 But providing access to our patients,

NOTE Confidence: 0.802530335206896

00:39:08.620 --> 00:39:09.146 you know,

NOTE Confidence: 0.802530335206896

 $00:39:09.146 \longrightarrow 00:39:10.987$  you can provide the best possible care,

NOTE Confidence: 0.802530335206896

00:39:10.990 - 00:39:12.705 but if a patient can't access it,

NOTE Confidence: 0.802530335206896

 $00:39:12.710 \longrightarrow 00:39:15.668$  it doesn't do them any good.

NOTE Confidence: 0.802530335206896

 $00:39:15.670 \rightarrow 00:39:18.178$  Providing exceptional value that

NOTE Confidence: 0.802530335206896

 $00:39:18.178 \longrightarrow 00:39:21.940$  that allows all in the community

NOTE Confidence: 0.802530335206896

 $00:39:22.037 \longrightarrow 00:39:25.913$  to be nefit and then of course

NOTE Confidence: 0.802530335206896

 $00{:}39{:}25{.}913$  -->  $00{:}39{:}28{.}497$  cultivating our educational missions.

NOTE Confidence: 0.802530335206896

 $00:39:28.500 \rightarrow 00:39:31.724$  And so you'll see some of the cross

NOTE Confidence: 0.802530335206896

 $00:39:31.724 \rightarrow 00:39:33.620$  cutting foundational elements here.

NOTE Confidence: 0.802530335206896

 $00:39:33.620 \longrightarrow 00:39:36.080$  We also are doing some work,

NOTE Confidence: 0.802530335206896

 $00:39:36.080 \longrightarrow 00:39:38.334$  although I think this is an area

- NOTE Confidence: 0.802530335206896
- $00:39:38.334 \dashrightarrow 00:39:41.469$  that we have much more work to do to
- NOTE Confidence: 0.802530335206896
- $00:39:41.469 \longrightarrow 00:39:44.980$  coordinate our operations where we have.
- NOTE Confidence: 0.88834508
- $00:39:44.980 \rightarrow 00:39:46.560$  We're not working in parallel,
- NOTE Confidence: 0.88834508
- $00:39:46.560 \rightarrow 00:39:47.796$  but we're working together.
- NOTE Confidence: 0.88834508
- $00:39:47.796 \longrightarrow 00:39:49.980$  So once we have that strategic plan,
- NOTE Confidence: 0.88834508
- $00:39:49.980 \longrightarrow 00:39:51.748$  we're following the same
- NOTE Confidence: 0.88834508
- 00:39:51.748 --> 00:39:53.074 data we're following.
- NOTE Confidence: 0.88834508
- $00:39:53.080 \dashrightarrow 00:39:55.235$  We're not having duplication of
- NOTE Confidence: 0.88834508
- $00{:}39{:}55{.}235 \dashrightarrow 00{:}39{:}58{.}242$  things that will allow us to provide
- NOTE Confidence: 0.88834508
- $00:39:58.242 \longrightarrow 00:40:00.564$  better service and also to be.
- NOTE Confidence: 0.88085484
- 00:40:02.790 --> 00:40:04.788 To lower expenses, frankly and and
- NOTE Confidence: 0.88085484
- $00{:}40{:}04.788 \dashrightarrow 00{:}40{:}07.170$  these are some of the people that
- NOTE Confidence: 0.88085484
- $00:40:07.170 \longrightarrow 00:40:09.132$  will be involved in that work.
- NOTE Confidence: 0.88085484
- $00{:}40{:}09{.}140 \dashrightarrow 00{:}40{:}11.674$  And then we're thinking about how we NOTE Confidence: 0.88085484
- $00:40:11.674 \rightarrow 00:40:14.675$  align the physician practice plan beyond NOTE Confidence: 0.88085484

 $00:40:14.675 \rightarrow 00:40:17.310$  medicine with the employed practice

NOTE Confidence: 0.88085484

00:40:17.385 --> 00:40:20.577 plan NE Medical Group so that we are

NOTE Confidence: 0.88085484

 $00{:}40{:}20.577 \dashrightarrow 00{:}40{:}22.983$  working together and that a patient

NOTE Confidence: 0.88085484

 $00:40:22.983 \rightarrow 00:40:25.670$  is getting care that is seamless and

NOTE Confidence: 0.88085484

 $00{:}40{:}25.670$  -->  $00{:}40{:}28.330$  not fragmented and we have some very.

NOTE Confidence: 0.876654262222222

 $00:40:30.340 \longrightarrow 00:40:32.280$  Significant work that you'll hear

NOTE Confidence: 0.876654262222222

 $00{:}40{:}32.280 \dashrightarrow 00{:}40{:}34.540$  about within the next two months

NOTE Confidence: 0.876654262222222

 $00:40:34.540 \longrightarrow 00:40:37.340$  or so in which we're going to do

NOTE Confidence: 0.876654262222222

 $00{:}40{:}37{.}429 \dashrightarrow 00{:}40{.}117$  this and and stay tuned for that.

NOTE Confidence: 0.876654262222222

 $00:40:40.120 \longrightarrow 00:40:43.300$  Lastly, we have to.

NOTE Confidence: 0.876654262222222

 $00{:}40{:}43{.}300 \dashrightarrow 00{:}40{:}45{.}624$  Make our funds flow between the hospital

NOTE Confidence: 0.876654262222222

 $00{:}40{:}45{.}624 \dashrightarrow 00{:}40{:}47{.}958$  and the School of Medicine rational.

NOTE Confidence: 0.876654262222222

 $00:40:47.960 \longrightarrow 00:40:50.760$  This is a cartoon of the many,

NOTE Confidence: 0.876654262222222

 $00:40:50.760 \rightarrow 00:40:54.015$  many agreements we have back and forth,

NOTE Confidence: 0.876654262222222

 $00:40:54.020 \longrightarrow 00:40:55.193$  which is crazy.

NOTE Confidence: 0.876654262222222

 $00:40:55.193 \rightarrow 00:40:58.372$  And so we're thinking about how do we

 $00{:}40{:}58.372 \dashrightarrow 00{:}41{:}00.899$  create a fund flow model that aligns

NOTE Confidence: 0.876654262222222

 $00{:}41{:}00{.}899 \dashrightarrow 00{:}41{:}03{.}173$  incentives and where people get paid

NOTE Confidence: 0.876654262222222

00:41:03.173 --> 00:41:06.297 for their work and and it's not a one

NOTE Confidence: 0.876654262222222

 $00:41:06.297 \rightarrow 00:41:08.004$  off negotiation where it's fairly

NOTE Confidence: 0.876654262222222

 $00{:}41{:}08.004 \dashrightarrow 00{:}41{:}10.158$  formulaic and those things have a

NOTE Confidence: 0.876654262222222

 $00{:}41{:}10.158 \dashrightarrow 00{:}41{:}13.128$  huge impact on our ability to fund.

NOTE Confidence: 0.876654262222222

 $00{:}41{:}13.128 \dashrightarrow 00{:}41{:}15.488$  An educational system for example,

NOTE Confidence: 0.876654262222222

 $00:41:15.490 \longrightarrow 00:41:17.490$  and fund our research,

NOTE Confidence: 0.876654262222222

 $00:41:17.490 \longrightarrow 00:41:20.444$  just say a little bit about finance.

NOTE Confidence: 0.876654262222222

 $00{:}41{:}20{.}450 \dashrightarrow 00{:}41{:}23{.}979$  I mentioned that Arnie Donton joined

NOTE Confidence: 0.876654262222222

00:41:23.979 --> 00:41:29.370 in July of 2021 and discovered

NOTE Confidence: 0.876654262222222

 $00:41:29.370 \longrightarrow 00:41:31.690$  why we recruited him,

NOTE Confidence: 0.876654262222222

 $00{:}41{:}31{.}690 \dashrightarrow 00{:}41{:}33{.}754$  which is that we have a lot of

NOTE Confidence: 0.876654262222222

 $00{:}41{:}33.754 \dashrightarrow 00{:}41{:}36.120$  work to do around getting seamless

NOTE Confidence: 0.876654262222222

 $00{:}41{:}36{.}120 \dashrightarrow 00{:}41{:}38{.}345$  processes in place and analytics

 $00:41:38.350 \longrightarrow 00:41:39.930$  to enable our core missions.

NOTE Confidence: 0.876654262222222

 $00:41:39.930 \longrightarrow 00:41:42.912$  And so this is his mission

NOTE Confidence: 0.876654262222222

 $00:41:42.912 \longrightarrow 00:41:44.403$  statement and vision.

NOTE Confidence: 0.876654262222222

00:41:44.410 --> 00:41:46.330 But when there's been

NOTE Confidence: 0.876654262222222

 $00:41:46.330 \longrightarrow 00:41:48.250$  failure of those processes,

NOTE Confidence: 0.876654262222222

 $00:41:48.250 \rightarrow 00:41:51.690$  it has pretty dramatic consequences.

NOTE Confidence: 0.876654262222222

 $00:41:51.690 \rightarrow 00:41:53.834$  And so some of you are aware that

NOTE Confidence: 0.876654262222222

 $00{:}41{:}53{.}834 \dashrightarrow 00{:}41{:}56{.}245$  we had a \$40 million the ft over a

NOTE Confidence: 0.876654262222222

 $00:41:56.245 \longrightarrow 00:41:58.567$  period of about 10 years dating back

NOTE Confidence: 0.876654262222222

 $00:41:58.567 \longrightarrow 00:42:01.003$  to 2012 in one of our departments.

NOTE Confidence: 0.876654262222222

 $00{:}42{:}01{.}010 \dashrightarrow 00{:}42{:}03{.}836$  That cannot happen unless you have

NOTE Confidence: 0.876654262222222

 $00{:}42{:}03{.}836 \dashrightarrow 00{:}42{:}07{.}098$  failure in many places in the system.

NOTE Confidence: 0.876654262222222

 $00:42:07.098 \longrightarrow 00:42:09.408$  It's it's not unlike this,

NOTE Confidence: 0.876654262222222

 $00:42:09.410 \longrightarrow 00:42:11.727$  the safety analysis we do in the

NOTE Confidence: 0.876654262222222

 $00{:}42{:}11.727 \dashrightarrow 00{:}42{:}14.137$  hospital when there's been an adverse event.

NOTE Confidence: 0.876654262222222

 $00:42:14.140 \longrightarrow 00:42:16.642$  And so it was everything from

 $00:42:16.642 \rightarrow 00:42:19.101$  oversight of individuals to how we

NOTE Confidence: 0.876654262222222

 $00{:}42{:}19{.}101 \dashrightarrow 00{:}42{:}21{.}607$  train people to how the controls work

NOTE Confidence: 0.876654262222222

 $00{:}42{:}21.607 \dashrightarrow 00{:}42{:}23.834$  that some of which are centralized

NOTE Confidence: 0.876654262222222

 $00:42:23.834 \longrightarrow 00:42:26.370$  to how we could see the data.

NOTE Confidence: 0.876654262222222

 $00{:}42{:}26{.}370 \dashrightarrow 00{:}42{:}29{.}944$  And one of the things that our work in

NOTE Confidence: 0.876654262222222

 $00{:}42{:}29{.}944 \dashrightarrow 00{:}42{:}32{.}554$  correcting these has highlighted

NOTE Confidence: 0.876654262222222

 $00{:}42{:}32{.}554 \dashrightarrow 00{:}42{:}35{.}636$  is around climate and the fact that

NOTE Confidence: 0.876654262222222

00:42:35.636 --> 00:42:38.694 many of us don't feel like it's our

NOTE Confidence: 0.876654262222222

 $00{:}42{:}38.694 \dashrightarrow 00{:}42{:}40.916$  job to to pay attention to these things.

NOTE Confidence: 0.876654262222222

 $00:42:40.920 \longrightarrow 00:42:44.166$  And it does seem mundane and.

NOTE Confidence: 0.876654262222222

00:42:44.170 --> 00:42:45.665 It doesn't seem like it's

NOTE Confidence: 0.876654262222222

00:42:45.665 --> 00:42:47.390 directly related to what you do,

NOTE Confidence: 0.876654262222222

 $00:42:47.390 \longrightarrow 00:42:49.127$  but I will tell you that it it is.

NOTE Confidence: 0.876654262222222

00:42:49.130 --> 00:42:50.314 And so you know,

NOTE Confidence: 0.876654262222222

 $00:42:50.314 \longrightarrow 00:42:52.090$  these are some of the things

 $00:42:52.157 \longrightarrow 00:42:55.350$  that we've heard from.

NOTE Confidence: 0.876654262222222

 $00:42:55.350 \longrightarrow 00:42:56.586$  Senior faculty sometimes.

NOTE Confidence: 0.876654262222222

00:42:56.586 --> 00:43:00.210 And my favorite is do you know who I am?

NOTE Confidence: 0.876654262222222

00:43:00.210 --> 00:43:00.966 And you know,

NOTE Confidence: 0.876654262222222

 $00{:}43{:}00{.}966 \dashrightarrow 00{:}43{:}01{.}974$  there's an arrogance associated

NOTE Confidence: 0.876654262222222

 $00{:}43{:}01{.}974 \dashrightarrow 00{:}43{:}03{.}445$  with that that should never be

NOTE Confidence: 0.876654262222222

00:43:03.445 --> 00:43:04.789 part of Yale School of Medicine.

NOTE Confidence: 0.876654262222222

 $00:43:04.790 \longrightarrow 00:43:06.886$  And it goes back to what we were

NOTE Confidence: 0.876654262222222

 $00:43:06.886 \rightarrow 00:43:08.779$  talking about around professionalism.

NOTE Confidence: 0.876654262222222

00:43:08.780 --> 00:43:10.190 While we're talking about money,

NOTE Confidence: 0.876654262222222

00:43:10.190 --> 00:43:12.654 I will mention that we are in

NOTE Confidence: 0.876654262222222

 $00:43:12.654 \rightarrow 00:43:15.389$  the midst of a capital campaign.

NOTE Confidence: 0.876654262222222

 $00{:}43{:}15{.}390 \dashrightarrow 00{:}43{:}18{.}334$  One of the goals of that campaign is

NOTE Confidence: 0.876654262222222

 $00:43:18.334 \rightarrow 00:43:21.358$  to raise money for financial aid to

NOTE Confidence: 0.876654262222222

 $00:43:21.358 \longrightarrow 00:43:25.322$  make our School of Medicine truly debt free.

NOTE Confidence: 0.876654262222222

 $00:43:25.322 \longrightarrow 00:43:29.410$  We have had a decline in our.

- NOTE Confidence: 0.876654262222222
- $00:43:29.410 \longrightarrow 00:43:32.458$  That of our students are median
- NOTE Confidence: 0.876654262222222
- $00{:}43{:}32{.}458 \dashrightarrow 00{:}43{:}35{.}469$  debt of our students is around
- NOTE Confidence: 0.876654262222222
- 00:43:35.469 --> 00:43:38.126 in this past year 79,000 compared
- NOTE Confidence: 0.876654262222222
- $00:43:38.126 \longrightarrow 00:43:40.366$  to a much higher number.
- NOTE Confidence: 0.876654262222222
- 00:43:40.370 --> 00:43:43.560 Average is more like 110,000 I believe
- NOTE Confidence: 0.876654262222222
- $00{:}43{:}43{.}560 \dashrightarrow 00{:}43{:}46{.}700$  compared to a national average of about 204.
- NOTE Confidence: 0.876654262222222
- $00{:}43{:}46.700 \dashrightarrow 00{:}43{:}49.160$  That should get the median should
- NOTE Confidence: 0.876654262222222
- $00:43:49.160 \longrightarrow 00:43:51.968$  get closer to 60 as we start
- NOTE Confidence: 0.876654262222222
- $00:43:51.968 \rightarrow 00:43:53.464$  to realize the capping,
- NOTE Confidence: 0.845571401428571
- $00:43:53.470 \rightarrow 00:43:55.486$  the benefit of capping the unit loan.
- NOTE Confidence: 0.845571401428571
- $00:43:55.490 \longrightarrow 00:43:57.996$  But of course we'd like to get
- NOTE Confidence: 0.845571401428571
- $00{:}43{:}57{.}996 \dashrightarrow 00{:}44{:}00{.}287$  that number down to zero and so.
- NOTE Confidence: 0.845571401428571
- $00{:}44{:}00{.}290 \dashrightarrow 00{:}44{:}03{.}395$  We we also have an opportunity to match funds
- NOTE Confidence: 0.845571401428571
- $00{:}44{:}03{.}395 \dashrightarrow 00{:}44{:}06{.}360$  and create a quasi endowment to do that.
- NOTE Confidence: 0.845571401428571
- $00{:}44{:}06{.}360 \dashrightarrow 00{:}44{:}08{.}936$  This takes time, but but it's a high
- NOTE Confidence: 0.845571401428571

00:44:08.936 --> 00:44:11.060 priority in our capital campaign.

NOTE Confidence: 0.845571401428571

 $00:44:11.060 \rightarrow 00:44:13.571$  And just to show you that we are starting

NOTE Confidence: 0.845571401428571

 $00:44:13.571 \rightarrow 00:44:16.149$  to reap the benefits of that campaign.

NOTE Confidence: 0.845571401428571

 $00:44:16.150 \longrightarrow 00:44:18.856$  With an increase in in funding

NOTE Confidence: 0.845571401428571

 $00:44:18.856 \longrightarrow 00:44:21.300$  over the last three years.

NOTE Confidence: 0.845571401428571

 $00{:}44{:}21{.}300 \dashrightarrow 00{:}44{:}24{.}120$  So I've talked about a lot of specific

NOTE Confidence: 0.845571401428571

 $00:44:24.120 \longrightarrow 00:44:26.820$  elements around the three missions.

NOTE Confidence: 0.845571401428571

 $00:44:26.820 \longrightarrow 00:44:28.140$  I would add the 4th mission,

NOTE Confidence: 0.845571401428571

 $00:44:28.140 \rightarrow 00:44:30.336$  which is how we develop people,

NOTE Confidence: 0.845571401428571

 $00:44:30.340 \longrightarrow 00:44:31.740$  whether it's our students

NOTE Confidence: 0.845571401428571

 $00:44:31.740 \longrightarrow 00:44:33.490$  or trainees or our faculty.

NOTE Confidence: 0.845571401428571

 $00{:}44{:}33{.}490 \dashrightarrow 00{:}44{:}35{.}422$  And I've shared with you some cross

NOTE Confidence: 0.845571401428571

 $00{:}44{:}35{.}422 \dashrightarrow 00{:}44{:}36{.}995$  cutting themes about how we will

NOTE Confidence: 0.845571401428571

 $00{:}44{:}36{.}995 \dashrightarrow 00{:}44{:}38{.}375$  do that to realize our vision.

NOTE Confidence: 0.845571401428571

 $00:44:38.380 \rightarrow 00:44:40.375$  I think we've allowed plenty of time

NOTE Confidence: 0.845571401428571

 $00:44:40.375 \dashrightarrow 00:44:42.347$  for questions and I will stop sharing.

00:44:46.430 --> 00:44:48.244 Thank you so very much, Dean Brown.

NOTE Confidence: 0.952542216

 $00{:}44{:}48{.}244 \dashrightarrow 00{:}44{:}50{.}660$  If anyone has any questions, it's viewing.

NOTE Confidence: 0.952542216

 $00:44:50.660 \rightarrow 00:44:52.496$  I haven't seen any so far, but there

NOTE Confidence: 0.952542216

 $00:44:52.496 \rightarrow 00:44:55.090$  is an in the bottom part in the chat.

NOTE Confidence: 0.952542216

 $00{:}44{:}55{.}090 \dashrightarrow 00{:}44{:}57{.}400$  There should be a question and answer

NOTE Confidence: 0.952542216

00:44:57.400 --> 00:44:59.696 area and people can put in their

NOTE Confidence: 0.952542216

 $00:44:59.696 \rightarrow 00:45:03.500$  questions and we can try to answer them.

NOTE Confidence: 0.952542216

 $00:45:03.500 \longrightarrow 00:45:05.006$  Not seeing anything so far you.

NOTE Confidence: 0.823486682

00:45:06.730 --> 00:45:08.954 People may may want to take a a

NOTE Confidence: 0.823486682

 $00:45:08.954 \longrightarrow 00:45:11.060$  lunch break, so that's OK too.

NOTE Confidence: 0.87899498

 $00{:}45{:}21{.}900 \dashrightarrow 00{:}45{:}23{.}106$  While we're waiting to see if

NOTE Confidence: 0.87899498

 $00:45:23.106 \rightarrow 00:45:24.200$  anyone does have some questions

NOTE Confidence: 0.87899498

 $00:45:24.200 \longrightarrow 00:45:25.415$  that they'd like to submit,

NOTE Confidence: 0.87899498

 $00{:}45{:}25{.}420 \dashrightarrow 00{:}45{:}26{.}680$  I'd just like to take the time

NOTE Confidence: 0.87899498

 $00{:}45{:}26.680 \dashrightarrow 00{:}45{:}27.808$  to thank you, Dean Brown,

 $00:45:27.808 \rightarrow 00:45:29.278$  again for coming and speaking.

NOTE Confidence: 0.87899498

 $00{:}45{:}29{.}280 \dashrightarrow 00{:}45{:}31{.}032$  It's always a pleasure to get to work

NOTE Confidence: 0.87899498

 $00{:}45{:}31{.}032 \dashrightarrow 00{:}45{:}33{.}018$  with you and to get to see all the

NOTE Confidence: 0.87899498

00:45:33.018 --> 00:45:34.396 fantastic work that you and everyone

NOTE Confidence: 0.87899498

 $00:45:34.396 \longrightarrow 00:45:36.254$  here is doing to try to further the

NOTE Confidence: 0.87899498

 $00{:}45{:}36{.}254 \dashrightarrow 00{:}45{:}37{.}524$  training and the opportunities and

NOTE Confidence: 0.87899498

 $00{:}45{:}37{.}524 \dashrightarrow 00{:}45{:}39{.}119$  the culture here at the schools.

NOTE Confidence: 0.87899498

 $00:45:39.120 \rightarrow 00:45:39.622$  Very inspiring.

NOTE Confidence: 0.87899498

 $00{:}45{:}39{.}622 \dashrightarrow 00{:}45{:}40{.}877$  So thank you very much.

NOTE Confidence: 0.767497572

 $00:45:40.890 \longrightarrow 00:45:43.860$  You have a great team. So.

NOTE Confidence: 0.767497572

 $00{:}45{:}43.860 \dashrightarrow 00{:}45{:}46.614$  And and I and again thank you as you

NOTE Confidence: 0.767497572

00:45:46.614 --> 00:45:49.017 know because we meet in the MSC,

NOTE Confidence: 0.767497572

 $00:45:49.020 \rightarrow 00:45:52.496$  but I I think that. You know,

NOTE Confidence: 0.767497572

 $00:45:52.496 \longrightarrow 00:45:54.404$  one of the philosophies of the

NOTE Confidence: 0.767497572

 $00:45:54.404 \rightarrow 00:45:56.540$  old system is that you are future,

NOTE Confidence: 0.767497572

 $00:45:56.540 \rightarrow 00:45:58.358$  future colleagues and you very much,

- NOTE Confidence: 0.767497572
- $00:45:58.360 \longrightarrow 00:45:59.710$  the students are very much

 $00{:}45{:}59{.}710 \dashrightarrow 00{:}46{:}01{.}310$  been part of this effort. So.

NOTE Confidence: 0.8402384

 $00:46:02.170 \longrightarrow 00:46:04.178$  Yes, that is. I very much felt that

NOTE Confidence: 0.8402384

 $00:46:04.178 \rightarrow 00:46:05.989$  and experience that myself and I know

NOTE Confidence: 0.8402384

 $00:46:05.989 \rightarrow 00:46:07.550$  many of my other classmates have,

NOTE Confidence: 0.8402384

 $00:46:07.550 \longrightarrow 00:46:09.840$  so we're very excited about.

NOTE Confidence: 0.816836038666667

 $00:46:11.370 \longrightarrow 00:46:12.250$  Question in the chat,

NOTE Confidence: 0.816836038666667

 $00:46:12.250 \longrightarrow 00:46:13.570$  do you have any thoughts on

NOTE Confidence: 0.8168360386666667

00:46:13.623 --> 00:46:14.838 the future Yale Health CEO?

NOTE Confidence: 0.816836038666667

 $00:46:14.840 \longrightarrow 00:46:17.104$  So many of you may have seen the

NOTE Confidence: 0.816836038666667

 $00{:}46{:}17.104 \dashrightarrow 00{:}46{:}18.700$  announcement that Paul Jennison is

NOTE Confidence: 0.816836038666667

 $00:46:18.700 \longrightarrow 00:46:20.638$  stepping down and there's now a

NOTE Confidence: 0.816836038666667

 $00:46:20.638 \longrightarrow 00:46:23.940$  national search for that position.

NOTE Confidence: 0.816836038666667

00:46:23.940 --> 00:46:27.500 I I and Peg McGovern, our CEO of your

NOTE Confidence: 0.816836038666667

 $00{:}46{:}27.500 \dashrightarrow 00{:}46{:}29.270$  medicine is on that search committee.

 $00:46:29.270 \rightarrow 00:46:31.376$  I think we have tremendous opportunity.

NOTE Confidence: 0.816836038666667

00:46:31.380 --> 00:46:33.672 It's a, it's a little bit

NOTE Confidence: 0.816836038666667

 $00:46:33.672 \longrightarrow 00:46:36.100$  unusual to have a separate.

NOTE Confidence: 0.816836038666667

00:46:36.100 --> 00:46:39.876 To have the health plan for the

NOTE Confidence: 0.816836038666667

 $00:46:39.876 \rightarrow 00:46:42.300$  university separate from the faculty

NOTE Confidence: 0.816836038666667

 $00:46:42.300 \rightarrow 00:46:45.980$  practice plan to the extent that they are,

NOTE Confidence: 0.816836038666667

 $00{:}46{:}45{.}980 \dashrightarrow 00{:}46{:}48{.}270$  and I think we can.

NOTE Confidence: 0.816836038666667

 $00{:}46{:}48{.}270 \dashrightarrow 00{:}46{:}50{.}923$  We can work when the new leader

NOTE Confidence: 0.816836038666667

 $00:46:50.923 \longrightarrow 00:46:54.196$  is in place in ways that will

NOTE Confidence: 0.816836038666667

 $00:46:54.196 \rightarrow 00:46:56.240$  increase efficiency and access

NOTE Confidence: 0.816836038666667

 $00{:}46{:}56{.}240 \dashrightarrow 00{:}46{:}58{.}416$  again for our university community,

NOTE Confidence: 0.816836038666667

 $00:46:58.416 \longrightarrow 00:47:01.090$  at the same time making sure that

NOTE Confidence: 0.816836038666667

 $00:47:01.163 \longrightarrow 00:47:03.008$  we're providing the best value

NOTE Confidence: 0.816836038666667

 $00{:}47{:}03.008 \dashrightarrow 00{:}47{:}05.380$  care about based care that we can.

NOTE Confidence: 0.898731578181818

 $00{:}47{:}24.300 \dashrightarrow 00{:}47{:}25.794$  You don't see any more questions

NOTE Confidence: 0.898731578181818

 $00:47:25.794 \rightarrow 00:47:27.200$  coming in at the moment,

 $00:47:27.200 \longrightarrow 00:47:29.000$  but for the MSC perspectives,

NOTE Confidence: 0.898731578181818

 $00:47:29.000 \rightarrow 00:47:31.024$  our theme this year is equity and access

NOTE Confidence: 0.898731578181818

00:47:31.024 --> 00:47:33.140 and it's fantastic just how much of

NOTE Confidence: 0.898731578181818

 $00{:}47{:}33.140 \dashrightarrow 00{:}47{:}35.035$  the schools principals align with that

NOTE Confidence: 0.898731578181818

 $00:47:35.035 \rightarrow 00:47:37.023$  based on what you've been speaking about

NOTE Confidence: 0.898731578181818

 $00{:}47{:}37{.}023 \dashrightarrow 00{:}47{:}38{.}760$  today and what our experiences have been.

NOTE Confidence: 0.898731578181818

 $00{:}47{:}38{.}760 \dashrightarrow 00{:}47{:}41{.}352$  So would like to tune in the future.

NOTE Confidence: 0.898731578181818

 $00{:}47{:}41{.}360 \dashrightarrow 00{:}47{:}42{.}890$  We will be trying to continue on that theme

NOTE Confidence: 0.586695354285714

 $00{:}47{:}43.520 \dashrightarrow 00{:}47{:}45.110$  and look forward to the future

NOTE Confidence: 0.586695354285714

 $00:47:45.110 \longrightarrow 00:47:46.139$  conversations. Thank you everybody.

NOTE Confidence: 0.8899604075

 $00:47:46.460 \longrightarrow 00:47:47.188$  Thank you so much.
