

WEBVTT

NOTE duration:"00:55:12.3630000"

NOTE language:en-us

NOTE Confidence: 0.82034034

00:00:00.000 --> 00:00:01.700 Thanks so much to everybody

NOTE Confidence: 0.82034034

00:00:01.700 --> 00:00:03.060 who's tuned in today.

NOTE Confidence: 0.82034034

00:00:03.060 --> 00:00:04.730 My name is Tracy Raven.

NOTE Confidence: 0.82034034

00:00:04.730 --> 00:00:06.470 I'm the director of the Office

NOTE Confidence: 0.82034034

00:00:06.470 --> 00:00:08.100 of Global Health and the

NOTE Confidence: 0.82034034

00:00:08.100 --> 00:00:09.740 Department of Internal Medicine.

NOTE Confidence: 0.82034034

00:00:09.740 --> 00:00:11.738 An as part of our Global

NOTE Confidence: 0.82034034

00:00:11.738 --> 00:00:12.737 Health week activities.

NOTE Confidence: 0.82034034

00:00:12.740 --> 00:00:14.480 An really excited today to be

NOTE Confidence: 0.82034034

00:00:14.480 --> 00:00:16.428 able to introduce two of our

NOTE Confidence: 0.82034034

00:00:16.428 --> 00:00:17.884 fantastic third year residents

NOTE Confidence: 0.82034034

00:00:17.884 --> 00:00:19.736 in the traditional program who

NOTE Confidence: 0.82034034

00:00:19.736 --> 00:00:21.746 are members of the global health

NOTE Confidence: 0.82034034

00:00:21.746 --> 00:00:23.095 and equity distinction pathway.

NOTE Confidence: 0.82034034

00:00:23.095 --> 00:00:24.770 Aiden Milner and Becky Osborne,

NOTE Confidence: 0.82034034

00:00:24.770 --> 00:00:26.094 both Becky and Aiden,

NOTE Confidence: 0.82034034

00:00:26.094 --> 00:00:27.749 had the opportunity this year

NOTE Confidence: 0.82034034

00:00:27.749 --> 00:00:29.859 to two pilot along with two

NOTE Confidence: 0.82034034

00:00:29.859 --> 00:00:31.574 other residents in the program.

NOTE Confidence: 0.82034034

00:00:31.580 --> 00:00:32.840 Highlighting a local global

NOTE Confidence: 0.82034034

00:00:32.840 --> 00:00:33.785 health elective experience,

NOTE Confidence: 0.82034034

00:00:33.790 --> 00:00:35.494 and I'm thrilled that they were

NOTE Confidence: 0.82034034

00:00:35.494 --> 00:00:37.399 willing to share this with with

NOTE Confidence: 0.82034034

00:00:37.399 --> 00:00:38.827 everybody here this afternoon,

NOTE Confidence: 0.82034034

00:00:38.830 --> 00:00:41.238 so I'm going to go ahead and turn

NOTE Confidence: 0.82034034

00:00:41.238 --> 00:00:43.548 the screen over to Becky and Aiden.

NOTE Confidence: 0.82034034

00:00:43.550 --> 00:00:44.810 Thanks so much, guys.

NOTE Confidence: 0.789179

00:00:46.550 --> 00:00:49.466 Thanks Doctor Raven so I'm Becky

NOTE Confidence: 0.789179

00:00:49.466 --> 00:00:52.199 for anyone that doesn't know me.

NOTE Confidence: 0.789179

00:00:52.200 --> 00:00:54.816 So Aidan and I had this really cool
NOTE Confidence: 0.789179

00:00:54.816 --> 00:00:56.788 opportunity over the last few months.
NOTE Confidence: 0.789179

00:00:56.790 --> 00:00:58.425 Aidan did his local health
NOTE Confidence: 0.789179

00:00:58.425 --> 00:00:59.733 elective in the fall,
NOTE Confidence: 0.789179

00:00:59.740 --> 00:01:02.036 and I did mine in the winter,
NOTE Confidence: 0.789179

00:01:02.040 --> 00:01:03.937 but this was during the time that
NOTE Confidence: 0.789179

00:01:03.937 --> 00:01:06.763 we were both supposed to be on our
NOTE Confidence: 0.789179

00:01:06.763 --> 00:01:07.933 international health electives,
NOTE Confidence: 0.789179

00:01:07.940 --> 00:01:09.908 which were obviously cancelled because of,
NOTE Confidence: 0.789179

00:01:09.910 --> 00:01:11.550 you, know, the global pandemic,
NOTE Confidence: 0.789179

00:01:11.550 --> 00:01:13.934 but ended up being like one of the
NOTE Confidence: 0.789179

00:01:13.934 --> 00:01:15.835 probably probably one of my favorite
NOTE Confidence: 0.789179

00:01:15.835 --> 00:01:17.385 moments of residency was doing
NOTE Confidence: 0.789179

00:01:17.385 --> 00:01:19.418 this local global health elective,
NOTE Confidence: 0.789179

00:01:19.420 --> 00:01:22.489 and so we're super excited to talk about it.
NOTE Confidence: 0.789179

00:01:22.490 --> 00:01:24.878 With everybody here just kind of

NOTE Confidence: 0.789179
00:01:24.878 --> 00:01:26.886 run through some objectives of
NOTE Confidence: 0.789179
00:01:26.886 --> 00:01:28.986 what we'll be talking about today.
NOTE Confidence: 0.789179
00:01:28.990 --> 00:01:31.462 So we wanted to share some
NOTE Confidence: 0.789179
00:01:31.462 --> 00:01:33.110 highlights of our elective.
NOTE Confidence: 0.789179
00:01:33.110 --> 00:01:35.684 Also wanted to discuss how persons
NOTE Confidence: 0.789179
00:01:35.684 --> 00:01:36.971 experiencing homelessness interact
NOTE Confidence: 0.789179
00:01:36.971 --> 00:01:38.994 with the health care system
NOTE Confidence: 0.789179
00:01:38.994 --> 00:01:40.530 identify some unique barriers,
NOTE Confidence: 0.789179
00:01:40.530 --> 00:01:42.710 understand how principles of harm
NOTE Confidence: 0.789179
00:01:42.710 --> 00:01:45.666 reduction are carried out in our New
NOTE Confidence: 0.789179
00:01:45.666 --> 00:01:48.474 Haven community and then also to apply the
NOTE Confidence: 0.789179
00:01:48.553 --> 00:01:51.647 principles of global health to local health.
NOTE Confidence: 0.789179
00:01:51.650 --> 00:01:52.883 Talk about community,
NOTE Confidence: 0.789179
00:01:52.883 --> 00:01:54.116 engagement, health disparities,
NOTE Confidence: 0.789179
00:01:54.120 --> 00:01:56.400 interprofessional approach and
NOTE Confidence: 0.789179

00:01:56.400 --> 00:01:57.920 social justice.
NOTE Confidence: 0.789179

00:01:57.920 --> 00:02:01.232 So I first just wanted to touch kind of
NOTE Confidence: 0.789179

00:02:01.232 --> 00:02:04.269 briefly on this concept of global health,
NOTE Confidence: 0.789179

00:02:04.270 --> 00:02:08.560 being somewhat synonymous with local health.
NOTE Confidence: 0.789179

00:02:08.560 --> 00:02:11.180 And by that I mean that you know you think
NOTE Confidence: 0.789179

00:02:11.245 --> 00:02:13.674 about the core tenets of global health,
NOTE Confidence: 0.789179

00:02:13.680 --> 00:02:15.480 some of which are public health,
NOTE Confidence: 0.789179

00:02:15.480 --> 00:02:16.632 local community engagement,
NOTE Confidence: 0.789179

00:02:16.632 --> 00:02:18.168 and these are really.
NOTE Confidence: 0.789179

00:02:18.170 --> 00:02:20.508 Knowledge bases in skill sets that are
NOTE Confidence: 0.789179

00:02:20.508 --> 00:02:22.379 transferable to our own community.
NOTE Confidence: 0.789179

00:02:22.380 --> 00:02:25.071 I used to kind of think of global health
NOTE Confidence: 0.789179

00:02:25.071 --> 00:02:27.648 being like public health somewhere else,
NOTE Confidence: 0.789179

00:02:27.650 --> 00:02:28.700 but it's not.
NOTE Confidence: 0.789179

00:02:28.700 --> 00:02:29.400 I mean,
NOTE Confidence: 0.789179

00:02:29.400 --> 00:02:31.160 we have vulnerable populations everywhere.

NOTE Confidence: 0.789179
00:02:31.160 --> 00:02:32.872 There are similar disparities
NOTE Confidence: 0.789179
00:02:32.872 --> 00:02:35.012 in our own community here.
NOTE Confidence: 0.789179
00:02:35.020 --> 00:02:36.760 I'm.
NOTE Confidence: 0.789179
00:02:36.760 --> 00:02:39.379 And you know a lot of the public health
NOTE Confidence: 0.789179
00:02:39.379 --> 00:02:41.219 challenges that are faced around the
NOTE Confidence: 0.789179
00:02:41.219 --> 00:02:43.699 world are also faced here in in New Haven.
NOTE Confidence: 0.789179
00:02:43.700 --> 00:02:47.288 And I want to put up this photo of the New
NOTE Confidence: 0.789179
00:02:47.288 --> 00:02:50.263 Haven Green just to kind of highlight.
NOTE Confidence: 0.789179
00:02:50.270 --> 00:02:52.237 A story so that when I when
NOTE Confidence: 0.789179
00:02:52.237 --> 00:02:53.500 I first moved here,
NOTE Confidence: 0.789179
00:02:53.500 --> 00:02:55.509 I moved from the Midwest and really
NOTE Confidence: 0.789179
00:02:55.509 --> 00:02:57.619 didn't know too much about New Haven.
NOTE Confidence: 0.789179
00:02:57.620 --> 00:02:59.636 An every morning I would bike down
NOTE Confidence: 0.789179
00:02:59.636 --> 00:03:01.712 College Street and on my right would
NOTE Confidence: 0.789179
00:03:01.712 --> 00:03:03.794 be this like beautiful Castle which was
NOTE Confidence: 0.789179

00:03:03.794 --> 00:03:05.558 the Yale freshman dormitories and on
NOTE Confidence: 0.789179

00:03:05.558 --> 00:03:08.198 my left would be the New Haven Green Man.
NOTE Confidence: 0.789179

00:03:08.200 --> 00:03:10.573 I remember just biking down early in
NOTE Confidence: 0.789179

00:03:10.573 --> 00:03:13.058 the morning to work and seeing like.
NOTE Confidence: 0.789179

00:03:13.060 --> 00:03:14.570 Just this weird juxtaposition of
NOTE Confidence: 0.789179

00:03:14.570 --> 00:03:16.724 this castle on my right and then
NOTE Confidence: 0.789179

00:03:16.724 --> 00:03:18.189 people sleeping on the green.
NOTE Confidence: 0.789179

00:03:18.190 --> 00:03:20.304 A lot of homeless people you know,
NOTE Confidence: 0.789179

00:03:20.310 --> 00:03:23.110 staying living on the green.
NOTE Confidence: 0.789179

00:03:23.110 --> 00:03:24.420 I think that there's just,
NOTE Confidence: 0.789179

00:03:24.420 --> 00:03:24.992 you know,
NOTE Confidence: 0.789179

00:03:24.992 --> 00:03:26.708 there's such a stark divide between
NOTE Confidence: 0.789179

00:03:26.708 --> 00:03:28.880 the Yale community in the town and
NOTE Confidence: 0.789179

00:03:28.880 --> 00:03:30.420 this elective really helped too.
NOTE Confidence: 0.789179

00:03:30.420 --> 00:03:33.122 I'm sort of just exposed both 8
NOTE Confidence: 0.789179

00:03:33.122 --> 00:03:36.640 and a 9/2 a lot more in New Haven.

NOTE Confidence: 0.789179

00:03:36.640 --> 00:03:37.579 So our experience,

NOTE Confidence: 0.789179

00:03:37.579 --> 00:03:39.770 our AG experience in New Haven was

NOTE Confidence: 0.789179

00:03:39.830 --> 00:03:41.769 really diverse in both Aiden and I

NOTE Confidence: 0.789179

00:03:41.769 --> 00:03:44.826 had a little bit separate or we had a

NOTE Confidence: 0.789179

00:03:44.826 --> 00:03:46.266 slightly different experiences based

NOTE Confidence: 0.81601584

00:03:46.270 --> 00:03:48.196 on what we were interested in.

NOTE Confidence: 0.81601584

00:03:48.200 --> 00:03:50.202 I particularly wanted to do a little

NOTE Confidence: 0.81601584

00:03:50.202 --> 00:03:52.500 bit more with addiction aid and did a

NOTE Confidence: 0.81601584

00:03:52.500 --> 00:03:54.769 little bit more with the Street Medicine

NOTE Confidence: 0.81601584

00:03:54.769 --> 00:03:56.854 group and with incarcerated health.

NOTE Confidence: 0.81601584

00:03:56.860 --> 00:03:59.107 So we did St Medicine with Cornell,

NOTE Confidence: 0.81601584

00:03:59.110 --> 00:04:00.055 Scott Hill health.

NOTE Confidence: 0.81601584

00:04:00.055 --> 00:04:02.260 We did a methadone clinic at the

NOTE Confidence: 0.81601584

00:04:02.328 --> 00:04:04.118 New Haven Correctional Center and

NOTE Confidence: 0.81601584

00:04:04.118 --> 00:04:06.350 we'll talk about each of these.

NOTE Confidence: 0.81601584

00:04:06.350 --> 00:04:08.438 A little bit more in depth,
NOTE Confidence: 0.81601584

00:04:08.440 --> 00:04:10.318 but I did the addiction recovery
NOTE Confidence: 0.81601584

00:04:10.318 --> 00:04:12.390 clinic on the Nathan Smith even
NOTE Confidence: 0.81601584

00:04:12.390 --> 00:04:14.280 did the transitions clinic and
NOTE Confidence: 0.81601584

00:04:14.280 --> 00:04:15.414 then syringe services.
NOTE Confidence: 0.81601584

00:04:15.420 --> 00:04:17.513 The mobile health van as well as
NOTE Confidence: 0.81601584

00:04:17.513 --> 00:04:19.260 some online learning opportunities.
NOTE Confidence: 0.7435878

00:04:21.760 --> 00:04:23.228 Eating dinner? Yeah, I'll
NOTE Confidence: 0.7435878

00:04:23.230 --> 00:04:27.534 take it away. Can you guys hear me?
NOTE Confidence: 0.7435878

00:04:27.540 --> 00:04:31.790 Yeah, right OK so thanks Becky.
NOTE Confidence: 0.7435878

00:04:31.790 --> 00:04:35.130 Yeah, so for those of you that don't know me,
NOTE Confidence: 0.7435878

00:04:35.130 --> 00:04:37.210 I made in one of the third years
NOTE Confidence: 0.7435878

00:04:37.210 --> 00:04:39.139 in the traditional program.
NOTE Confidence: 0.7435878

00:04:39.140 --> 00:04:41.394 Is Becky mentioned I had a particular
NOTE Confidence: 0.7435878

00:04:41.394 --> 00:04:43.444 interest in understanding a little bit
NOTE Confidence: 0.7435878

00:04:43.444 --> 00:04:44.816 more about incarceration medicine,

NOTE Confidence: 0.7435878

00:04:44.820 --> 00:04:46.878 both pre and then while incarcerated and

NOTE Confidence: 0.7435878

00:04:46.878 --> 00:04:49.490 then also in the post incarceration period.

NOTE Confidence: 0.7435878

00:04:49.490 --> 00:04:51.500 As folks we enter the community.

NOTE Confidence: 0.7435878

00:04:51.500 --> 00:04:53.355 So it's kind of difficult to talk

NOTE Confidence: 0.7435878

00:04:53.355 --> 00:04:55.007 about medicine in the incarcerated

NOTE Confidence: 0.7435878

00:04:55.007 --> 00:04:57.007 setting without talking about substance

NOTE Confidence: 0.7435878

00:04:57.007 --> 00:04:58.839 use and specifically opioid use.

NOTE Confidence: 0.7435878

00:04:58.840 --> 00:05:01.304 We both had the opportunity to go to

NOTE Confidence: 0.7435878

00:05:01.304 --> 00:05:03.808 the New Haven Correctional Center.

NOTE Confidence: 0.7435878

00:05:03.810 --> 00:05:06.216 And work with Doctor Altys in

NOTE Confidence: 0.7435878

00:05:06.216 --> 00:05:07.820 his work with methadone,

NOTE Confidence: 0.7435878

00:05:07.820 --> 00:05:09.288 prescribing in the jail.

NOTE Confidence: 0.7435878

00:05:09.288 --> 00:05:11.490 So little bit of background about

NOTE Confidence: 0.7435878

00:05:11.559 --> 00:05:13.839 incarceration is relation to opioid.

NOTE Confidence: 0.7435878

00:05:13.840 --> 00:05:17.485 Use is really that the two are sort of

NOTE Confidence: 0.7435878

00:05:17.485 --> 00:05:20.246 intertwined and a lot of different ways,
NOTE Confidence: 0.7435878

00:05:20.250 --> 00:05:22.945 but up to 20% of incarcerated people
NOTE Confidence: 0.7435878

00:05:22.945 --> 00:05:25.221 meet the criteria for opioid use
NOTE Confidence: 0.7435878

00:05:25.221 --> 00:05:27.664 disorder and in the absence of any
NOTE Confidence: 0.7435878

00:05:27.742 --> 00:05:30.037 sort of treatment while incarcerated
NOTE Confidence: 0.7435878

00:05:30.037 --> 00:05:31.873 the risk for relapse.
NOTE Confidence: 0.7435878

00:05:31.880 --> 00:05:34.030 Appan community entry is just.
NOTE Confidence: 0.7435878

00:05:34.030 --> 00:05:34.338 Astounding.
NOTE Confidence: 0.7435878

00:05:34.338 --> 00:05:36.446 It's 85 to 90% within a year.
NOTE Confidence: 0.7435878

00:05:36.446 --> 00:05:38.198 And really the majority of that
NOTE Confidence: 0.7435878

00:05:38.198 --> 00:05:40.167 is within the first two weeks.
NOTE Confidence: 0.7435878

00:05:40.170 --> 00:05:42.090 And along with that opioid overdose
NOTE Confidence: 0.7435878

00:05:42.090 --> 00:05:44.361 is the leading direct cause of death
NOTE Confidence: 0.7435878

00:05:44.361 --> 00:05:46.215 in the two weeks that immediately
NOTE Confidence: 0.7435878

00:05:46.215 --> 00:05:48.157 follow re-entry into the community.
NOTE Confidence: 0.7435878

00:05:48.160 --> 00:05:49.140 So in despite you know,

NOTE Confidence: 0.7435878

00:05:49.140 --> 00:05:50.460 the strong evidence that I think

NOTE Confidence: 0.7435878

00:05:50.460 --> 00:05:52.040 a lot of us have learned.

NOTE Confidence: 0.7435878

00:05:52.040 --> 00:05:54.056 Either in our educational half days

NOTE Confidence: 0.7435878

00:05:54.056 --> 00:05:56.490 or in other parts of the hospital.

NOTE Confidence: 0.7435878

00:05:56.490 --> 00:05:58.632 Strong evidence for use of opioid

NOTE Confidence: 0.7435878

00:05:58.632 --> 00:06:00.250 agonist therapy less than 5%

NOTE Confidence: 0.7435878

00:06:00.250 --> 00:06:02.254 of people who are referred for

NOTE Confidence: 0.7435878

00:06:02.254 --> 00:06:03.996 opiate use disorder treatment in

NOTE Confidence: 0.7435878

00:06:03.996 --> 00:06:05.376 the criminal justice system.

NOTE Confidence: 0.7435878

00:06:05.380 --> 00:06:08.112 Receive it and then 1% of individuals

NOTE Confidence: 0.7435878

00:06:08.112 --> 00:06:11.178 in jails needing methadone receive it.

NOTE Confidence: 0.7435878

00:06:11.180 --> 00:06:12.540 So methadone programs have

NOTE Confidence: 0.7435878

00:06:12.540 --> 00:06:13.560 expanded very slowly,

NOTE Confidence: 0.7435878

00:06:13.560 --> 00:06:15.940 and they continue to very low coverage.

NOTE Confidence: 0.7435878

00:06:15.940 --> 00:06:19.340 Only about 30 to 50% of the prisons offer it,

NOTE Confidence: 0.7435878

00:06:19.340 --> 00:06:21.458 and then about 2.2 million people

NOTE Confidence: 0.7435878

00:06:21.458 --> 00:06:23.572 within the United States have the

NOTE Confidence: 0.7435878

00:06:23.572 --> 00:06:25.798 opioid use disorder and more than 50%,

NOTE Confidence: 0.7435878

00:06:25.800 --> 00:06:26.480 you know,

NOTE Confidence: 0.7435878

00:06:26.480 --> 00:06:29.250 50 to 70% will cycle through the criminal

NOTE Confidence: 0.7435878

00:06:29.250 --> 00:06:31.240 justice system at some point in.

NOTE Confidence: 0.7435878

00:06:31.240 --> 00:06:33.580 This provides a really remarkable

NOTE Confidence: 0.7435878

00:06:33.580 --> 00:06:35.452 opportunity to screen patients

NOTE Confidence: 0.7435878

00:06:35.452 --> 00:06:37.709 and then also treat patients.

NOTE Confidence: 0.7435878

00:06:37.710 --> 00:06:39.460 So so as I mentioned,

NOTE Confidence: 0.7435878

00:06:39.460 --> 00:06:41.210 we both got the opportunity

NOTE Confidence: 0.7435878

00:06:41.210 --> 00:06:42.960 to work with Doctor Altys,

NOTE Confidence: 0.7435878

00:06:42.960 --> 00:06:44.740 who does really pretty remarkable

NOTE Confidence: 0.7435878

00:06:44.740 --> 00:06:46.940 work in the New Haven Correctional

NOTE Confidence: 0.7435878

00:06:46.940 --> 00:06:49.390 Center and some of his goals is

NOTE Confidence: 0.7435878

00:06:49.390 --> 00:06:51.709 that this is a high turnover jail.

NOTE Confidence: 0.7435878

00:06:51.710 --> 00:06:53.042 So just for clarity,

NOTE Confidence: 0.7435878

00:06:53.042 --> 00:06:55.560 jail in prison or two different things.

NOTE Confidence: 0.7435878

00:06:55.560 --> 00:06:57.732 So jail really involves people who

NOTE Confidence: 0.7435878

00:06:57.732 --> 00:07:00.108 are not yet sentence or pre trial.

NOTE Confidence: 0.7435878

00:07:00.110 --> 00:07:02.210 So specifically this is a jail,

NOTE Confidence: 0.7435878

00:07:02.210 --> 00:07:04.660 so it involves a really high turnover.

NOTE Confidence: 0.7435878

00:07:04.660 --> 00:07:07.061 People can be there weeks to months

NOTE Confidence: 0.7435878

00:07:07.061 --> 00:07:09.220 rather than serving longer sentences.

NOTE Confidence: 0.7435878

00:07:09.220 --> 00:07:11.579 When patients come in off the street,

NOTE Confidence: 0.7435878

00:07:11.580 --> 00:07:13.936 or if they've been arrested, they don't.

NOTE Confidence: 0.7435878

00:07:13.936 --> 00:07:14.950 They haven't been.

NOTE Confidence: 0.7435878

00:07:14.950 --> 00:07:16.635 Some people haven't been started

NOTE Confidence: 0.7435878

00:07:16.635 --> 00:07:17.309 on treatment.

NOTE Confidence: 0.7435878

00:07:17.310 --> 00:07:18.995 Others have been obtaining opioids

NOTE Confidence: 0.7435878

00:07:18.995 --> 00:07:20.680 or methadone from the street,

NOTE Confidence: 0.7435878

00:07:20.680 --> 00:07:22.540 and they will either go into
NOTE Confidence: 0.7435878

00:07:22.540 --> 00:07:23.780 detox or they can
NOTE Confidence: 0.8134441

00:07:23.847 --> 00:07:25.059 go into treatment.
NOTE Confidence: 0.8134441

00:07:25.060 --> 00:07:27.160 So the goal of this program that
NOTE Confidence: 0.8134441

00:07:27.160 --> 00:07:29.526 they have there is to really rapidly
NOTE Confidence: 0.8134441

00:07:29.526 --> 00:07:31.626 identify people as they enter Jalen
NOTE Confidence: 0.8134441

00:07:31.693 --> 00:07:33.817 before they have time to withdraw.
NOTE Confidence: 0.8134441

00:07:33.820 --> 00:07:35.140 Be started on methadone.
NOTE Confidence: 0.8134441

00:07:35.140 --> 00:07:37.986 This has been sort of a long process
NOTE Confidence: 0.8134441

00:07:37.986 --> 00:07:40.765 that Doctor LT's been fighting for and.
NOTE Confidence: 0.8134441

00:07:40.770 --> 00:07:43.426 They've been scaling it up over the last.
NOTE Confidence: 0.8134441

00:07:43.430 --> 00:07:46.094 You know, over the last couple of years,
NOTE Confidence: 0.8134441

00:07:46.100 --> 00:07:47.610 and initially we're only allowed
NOTE Confidence: 0.8134441

00:07:47.610 --> 00:07:49.760 to see up to 30 patients,
NOTE Confidence: 0.8134441

00:07:49.760 --> 00:07:51.758 and now they're seeing over 90.
NOTE Confidence: 0.8134441

00:07:51.760 --> 00:07:53.420 They continually continue to expand,

NOTE Confidence: 0.8134441

00:07:53.420 --> 00:07:54.752 continue to identify patients,

NOTE Confidence: 0.8134441

00:07:54.752 --> 00:07:56.417 and continue to get treatment.

NOTE Confidence: 0.8229225

00:07:59.010 --> 00:08:00.670 So some of the reflections.

NOTE Confidence: 0.8229225

00:08:00.670 --> 00:08:02.320 So this is, you know,

NOTE Confidence: 0.8229225

00:08:02.320 --> 00:08:04.637 as I mentioned in the first slide,

NOTE Confidence: 0.8229225

00:08:04.640 --> 00:08:06.190 there's a really significant prevalence

NOTE Confidence: 0.8229225

00:08:06.190 --> 00:08:08.153 of opioid use disorder with throughout

NOTE Confidence: 0.8229225

00:08:08.153 --> 00:08:09.597 the criminal justice system,

NOTE Confidence: 0.8229225

00:08:09.600 --> 00:08:11.514 and we really had a really

NOTE Confidence: 0.8229225

00:08:11.514 --> 00:08:12.790 unique experience of starting

NOTE Confidence: 0.8229225

00:08:12.856 --> 00:08:14.566 patients on methadone in jail.

NOTE Confidence: 0.8229225

00:08:14.570 --> 00:08:15.714 A lot of inmates,

NOTE Confidence: 0.8229225

00:08:15.714 --> 00:08:17.857 most inmates have not had any regular

NOTE Confidence: 0.8229225

00:08:17.857 --> 00:08:19.682 health care prior to interacting

NOTE Confidence: 0.8229225

00:08:19.682 --> 00:08:22.178 with Doctor LT's in the group there,

NOTE Confidence: 0.8229225

00:08:22.180 --> 00:08:25.036 and they have not really ever discussed

NOTE Confidence: 0.8229225

00:08:25.036 --> 00:08:27.280 their addiction with the physician.

NOTE Confidence: 0.8229225

00:08:27.280 --> 00:08:28.270 So you know,

NOTE Confidence: 0.8229225

00:08:28.270 --> 00:08:29.920 unfortunately this to tie it

NOTE Confidence: 0.8229225

00:08:29.920 --> 00:08:32.205 into what a lot of US deal

NOTE Confidence: 0.8229225

00:08:32.205 --> 00:08:33.760 with in the outpatient setting.

NOTE Confidence: 0.8229225

00:08:33.760 --> 00:08:35.482 I kind of heard multiple multiple

NOTE Confidence: 0.8229225

00:08:35.482 --> 00:08:37.673 stories during my time there of patients

NOTE Confidence: 0.8229225

00:08:37.673 --> 00:08:39.313 who unfortunately source started on

NOTE Confidence: 0.8229225

00:08:39.313 --> 00:08:41.210 opioids in the outpatient setting,

NOTE Confidence: 0.8229225

00:08:41.210 --> 00:08:43.466 either after a surgery or some kind of

NOTE Confidence: 0.8229225

00:08:43.466 --> 00:08:45.750 pain an they were abruptly stopped.

NOTE Confidence: 0.8229225

00:08:45.750 --> 00:08:46.731 At some point.

NOTE Confidence: 0.8229225

00:08:46.731 --> 00:08:48.366 You know someone's been on

NOTE Confidence: 0.8229225

00:08:48.366 --> 00:08:49.640 opioids for too long.

NOTE Confidence: 0.8229225

00:08:49.640 --> 00:08:51.404 There's haven't been plugged in with

NOTE Confidence: 0.8229225

00:08:51.404 --> 00:08:53.696 pain clinic or just for whatever reason

NOTE Confidence: 0.8229225

00:08:53.696 --> 00:08:55.466 that opioids are stopped abruptly.

NOTE Confidence: 0.8229225

00:08:55.470 --> 00:08:57.144 So patients in order to avoid

NOTE Confidence: 0.8229225

00:08:57.144 --> 00:08:58.765 withdrawal or when they start

NOTE Confidence: 0.8229225

00:08:58.765 --> 00:09:00.537 experiencing symptoms of withdrawal.

NOTE Confidence: 0.8229225

00:09:00.540 --> 00:09:02.550 They'll go to obtain either illicit

NOTE Confidence: 0.8229225

00:09:02.550 --> 00:09:04.266 opioids or start using heroin

NOTE Confidence: 0.8229225

00:09:04.266 --> 00:09:06.150 prior to any sort of treatment.

NOTE Confidence: 0.8229225

00:09:06.150 --> 00:09:09.450 So again, this a lot of people will come in,

NOTE Confidence: 0.8229225

00:09:09.450 --> 00:09:11.100 and they'll have used opioids

NOTE Confidence: 0.8229225

00:09:11.100 --> 00:09:12.420 in the outpatient setting,

NOTE Confidence: 0.8229225

00:09:12.420 --> 00:09:14.625 and then they won't have been plugged

NOTE Confidence: 0.8229225

00:09:14.625 --> 00:09:17.192 in with a provider an you know won't

NOTE Confidence: 0.8229225

00:09:17.192 --> 00:09:19.680 be on a stable dose of methadone,

NOTE Confidence: 0.8229225

00:09:19.680 --> 00:09:21.780 or they'll be using other illicit

NOTE Confidence: 0.8229225

00:09:21.780 --> 00:09:23.685 opioids or heroin and will
NOTE Confidence: 0.8229225

00:09:23.685 --> 00:09:25.417 go through withdrawal period.
NOTE Confidence: 0.8229225

00:09:25.420 --> 00:09:27.170 So in one of the really important
NOTE Confidence: 0.8229225

00:09:27.170 --> 00:09:29.122 things that I think to take away from
NOTE Confidence: 0.8229225

00:09:29.122 --> 00:09:30.959 all of this is that it's really,
NOTE Confidence: 0.8229225

00:09:30.960 --> 00:09:31.464 you know,
NOTE Confidence: 0.8229225

00:09:31.464 --> 00:09:32.976 opioid use disorder and treating it.
NOTE Confidence: 0.8229225

00:09:32.980 --> 00:09:34.751 Especially in you know when it comes
NOTE Confidence: 0.8229225

00:09:34.751 --> 00:09:36.756 into jails and in the hospital as well.
NOTE Confidence: 0.8229225

00:09:36.760 --> 00:09:38.517 There's a lot of stigma around it,
NOTE Confidence: 0.8229225

00:09:38.520 --> 00:09:40.032 but it's really just like any
NOTE Confidence: 0.8229225

00:09:40.032 --> 00:09:40.788 other medical condition.
NOTE Confidence: 0.8229225

00:09:40.790 --> 00:09:41.244 You know,
NOTE Confidence: 0.8229225

00:09:41.244 --> 00:09:42.606 Doctor LTS really liking it a
NOTE Confidence: 0.8229225

00:09:42.606 --> 00:09:43.560 lot to diabetes,
NOTE Confidence: 0.8229225

00:09:43.560 --> 00:09:45.552 and you wouldn't let a diabetic enter jail

NOTE Confidence: 0.8229225

00:09:45.552 --> 00:09:47.598 and not get the right dose of insulin.

NOTE Confidence: 0.8229225

00:09:47.600 --> 00:09:48.860 You know that would be.

NOTE Confidence: 0.8229225

00:09:48.860 --> 00:09:50.868 That would be a terrible thing to do,

NOTE Confidence: 0.8229225

00:09:50.870 --> 00:09:52.998 so they need to really get on methadone

NOTE Confidence: 0.8229225

00:09:52.998 --> 00:09:54.900 quickly and be at a good stable dose.

NOTE Confidence: 0.8229225

00:09:54.900 --> 00:09:56.564 And it's really critical.

NOTE Confidence: 0.8229225

00:09:56.564 --> 00:09:59.060 Especially as it going through their

NOTE Confidence: 0.8229225

00:09:59.131 --> 00:10:01.763 time in jail to maintain therapy and

NOTE Confidence: 0.8229225

00:10:01.763 --> 00:10:03.900 after they re-enter the community.

NOTE Confidence: 0.8229225

00:10:03.900 --> 00:10:04.869 As I mentioned,

NOTE Confidence: 0.8229225

00:10:04.869 --> 00:10:07.130 a lot of people will will relapse

NOTE Confidence: 0.8229225

00:10:07.206 --> 00:10:08.658 within the first year.

NOTE Confidence: 0.8229225

00:10:08.660 --> 00:10:11.030 You know up to 80% plus patients

NOTE Confidence: 0.8229225

00:10:11.030 --> 00:10:13.040 will relapse within the first year

NOTE Confidence: 0.8229225

00:10:13.040 --> 00:10:15.456 a lot within the first two weeks,

NOTE Confidence: 0.8229225

00:10:15.460 --> 00:10:17.756 so being on a really stable dose an
NOTE Confidence: 0.8229225

00:10:17.756 --> 00:10:19.562 appropriate dose is really important
NOTE Confidence: 0.8229225

00:10:19.562 --> 00:10:21.914 to maintain therapy after community reentry.
NOTE Confidence: 0.8229225

00:10:21.920 --> 00:10:24.181 And we know there's been a lot
NOTE Confidence: 0.8229225

00:10:24.181 --> 00:10:26.000 of published on this topic,
NOTE Confidence: 0.8229225

00:10:26.000 --> 00:10:27.360 but specifically in doctoral
NOTE Confidence: 0.8229225

00:10:27.360 --> 00:10:28.380 thesis project practice.
NOTE Confidence: 0.8229225

00:10:28.380 --> 00:10:30.080 What he tries to work,
NOTE Confidence: 0.8229225

00:10:30.080 --> 00:10:32.425 too is after patients are able to
NOTE Confidence: 0.8229225

00:10:32.425 --> 00:10:35.545 get to a a dose of 80 milligrams
NOTE Confidence: 0.8229225

00:10:35.545 --> 00:10:37.173 or higher that really.
NOTE Confidence: 0.8229225

00:10:37.180 --> 00:10:39.140 Helps their likelihood of maintaining
NOTE Confidence: 0.8229225

00:10:39.140 --> 00:10:41.100 treatment after they leave the
NOTE Confidence: 0.8425797

00:10:41.159 --> 00:10:42.463 hospital after they leave
NOTE Confidence: 0.8425797

00:10:42.463 --> 00:10:44.093 the justice system up to,
NOTE Confidence: 0.8425797

00:10:44.100 --> 00:10:46.278 you know, within the first year,

NOTE Confidence: 0.8425797

00:10:46.280 --> 00:10:47.860 especially to I think it's

NOTE Confidence: 0.8425797

00:10:47.860 --> 00:10:49.440 you know a good significant

NOTE Confidence: 0.8425797

00:10:49.505 --> 00:10:51.145 portion of patients continuing

NOTE Confidence: 0.8425797

00:10:51.145 --> 00:10:53.195 treatment after they leave jail.

NOTE Confidence: 0.8425797

00:10:53.200 --> 00:10:55.734 If they're on 80 milligrams or higher.

NOTE Confidence: 0.7891805

00:10:57.930 --> 00:10:59.658 And sort of overlapping the two.

NOTE Confidence: 0.7891805

00:10:59.660 --> 00:11:01.562 So both while incarcerated and then

NOTE Confidence: 0.7891805

00:11:01.562 --> 00:11:03.111 the post incarceration period after

NOTE Confidence: 0.7891805

00:11:03.111 --> 00:11:04.943 re-entry is kind of ties into some of

NOTE Confidence: 0.7891805

00:11:04.943 --> 00:11:06.453 the experiences that I specifically

NOTE Confidence: 0.7891805

00:11:06.453 --> 00:11:08.295 had in the Nathan Smith clinic.

NOTE Confidence: 0.7891805

00:11:08.300 --> 00:11:11.180 I know Betty and Becky and I were both there,

NOTE Confidence: 0.7891805

00:11:11.180 --> 00:11:13.610 but I work with Doctor Mayer who's also done

NOTE Confidence: 0.7891805

00:11:13.610 --> 00:11:16.355 a lot of work in the criminal legal system,

NOTE Confidence: 0.7891805

00:11:16.360 --> 00:11:19.678 and she's seen a lot of patience.

NOTE Confidence: 0.7891805

00:11:19.680 --> 00:11:23.112 In her prior work with patients who were
NOTE Confidence: 0.7891805

00:11:23.112 --> 00:11:26.216 incarcerated and she now works at the Nathan
NOTE Confidence: 0.7891805

00:11:26.216 --> 00:11:29.397 Smith clinic where a lot of her panel have.
NOTE Confidence: 0.7891805

00:11:29.400 --> 00:11:31.745 Both opioid use disorder as well as
NOTE Confidence: 0.7891805

00:11:31.745 --> 00:11:34.321 have a history of incarceration as well
NOTE Confidence: 0.7891805

00:11:34.321 --> 00:11:36.980 as our patients living with HIV AIDS,
NOTE Confidence: 0.7891805

00:11:36.980 --> 00:11:39.192 and you know, it's a really remarkable
NOTE Confidence: 0.7891805

00:11:39.192 --> 00:11:41.299 clinic model that they have there
NOTE Confidence: 0.7891805

00:11:41.299 --> 00:11:42.767 where infectious disease physicians
NOTE Confidence: 0.7891805

00:11:42.767 --> 00:11:45.278 work as their primary care physicians,
NOTE Confidence: 0.7891805

00:11:45.280 --> 00:11:47.604 but they really have a really integrated
NOTE Confidence: 0.7891805

00:11:47.604 --> 00:11:49.260 system that involves psychiatry.
NOTE Confidence: 0.7891805

00:11:49.260 --> 00:11:50.032 Behavioral health.
NOTE Confidence: 0.7891805

00:11:50.032 --> 00:11:52.348 Because of the significant prevalence of
NOTE Confidence: 0.7891805

00:11:52.348 --> 00:11:54.877 PTSD and depression in this population.
NOTE Confidence: 0.7891805

00:11:54.880 --> 00:11:56.980 And they'll do treatment for

NOTE Confidence: 0.7891805

00:11:56.980 --> 00:11:58.240 substance use disorders,

NOTE Confidence: 0.7891805

00:11:58.240 --> 00:11:59.512 including Suboxone initiation,

NOTE Confidence: 0.7891805

00:11:59.512 --> 00:12:02.860 as well as counseling right there on site.

NOTE Confidence: 0.84641445

00:12:05.430 --> 00:12:07.966 OK, and then shifting gears a little bit,

NOTE Confidence: 0.84641445

00:12:07.970 --> 00:12:10.021 I'm going to start talking about our

NOTE Confidence: 0.84641445

00:12:10.021 --> 00:12:12.109 experience with the street medicine folks.

NOTE Confidence: 0.84641445

00:12:12.110 --> 00:12:14.567 We both spend a lot of time with this

NOTE Confidence: 0.84641445

00:12:14.567 --> 00:12:17.314 team and just kind of a little bit of

NOTE Confidence: 0.84641445

00:12:17.314 --> 00:12:19.739 background on what street medicine means.

NOTE Confidence: 0.84641445

00:12:19.740 --> 00:12:21.980 So these are programs that have been

NOTE Confidence: 0.84641445

00:12:21.980 --> 00:12:23.930 heavily expanded over the last several

NOTE Confidence: 0.84641445

00:12:23.930 --> 00:12:26.093 years and many large cities in America.

NOTE Confidence: 0.84641445

00:12:26.100 --> 00:12:27.735 But essentially St Medicine programs

NOTE Confidence: 0.84641445

00:12:27.735 --> 00:12:30.119 are set up to provide medical care

NOTE Confidence: 0.84641445

00:12:30.119 --> 00:12:32.183 for unsheltered people in those with

NOTE Confidence: 0.84641445

00:12:32.183 --> 00:12:34.285 poor access to health care and the
NOTE Confidence: 0.84641445

00:12:34.285 --> 00:12:36.276 whole idea of St Medicine is really
NOTE Confidence: 0.84641445

00:12:36.276 --> 00:12:37.866 meeting people where they are.
NOTE Confidence: 0.84641445

00:12:37.870 --> 00:12:39.490 It's going, you know?
NOTE Confidence: 0.84641445

00:12:39.490 --> 00:12:40.300 These are.
NOTE Confidence: 0.84641445

00:12:40.300 --> 00:12:42.358 Extremely vulnerable people and you know,
NOTE Confidence: 0.84641445

00:12:42.360 --> 00:12:44.322 they often don't aren't able to
NOTE Confidence: 0.84641445

00:12:44.322 --> 00:12:46.489 get into a primary care doctor.
NOTE Confidence: 0.84641445

00:12:46.490 --> 00:12:48.210 They often utilized the emergency
NOTE Confidence: 0.84641445

00:12:48.210 --> 00:12:49.930 room as their primary care,
NOTE Confidence: 0.84641445

00:12:49.930 --> 00:12:52.250 and it's really just going out to where
NOTE Confidence: 0.84641445

00:12:52.250 --> 00:12:54.877 these folks are meeting them and building
NOTE Confidence: 0.84641445

00:12:54.877 --> 00:12:56.469 these relationships and overtime.
NOTE Confidence: 0.84641445

00:12:56.470 --> 00:12:58.190 It really emphasizes this serious
NOTE Confidence: 0.84641445

00:12:58.190 --> 00:12:59.910 investment in the Community because,
NOTE Confidence: 0.84641445

00:12:59.910 --> 00:13:03.060 you know, often takes years.

NOTE Confidence: 0.84641445

00:13:03.060 --> 00:13:05.012 A lot of time to build up these

NOTE Confidence: 0.84641445

00:13:05.012 --> 00:13:06.631 relationships to have a trusting

NOTE Confidence: 0.84641445

00:13:06.631 --> 00:13:08.059 relationship with these patients.

NOTE Confidence: 0.8848332

00:13:10.260 --> 00:13:12.159 So in terms of kind of where where we

NOTE Confidence: 0.8848332

00:13:12.159 --> 00:13:13.938 went with the street medicine crew,

NOTE Confidence: 0.8848332

00:13:13.940 --> 00:13:16.568 we were all over the place.

NOTE Confidence: 0.8848332

00:13:16.570 --> 00:13:18.538 We're so just kind of talk

NOTE Confidence: 0.8848332

00:13:18.538 --> 00:13:20.504 through some of these, you know,

NOTE Confidence: 0.8848332

00:13:20.504 --> 00:13:22.466 places that we we had visited.

NOTE Confidence: 0.8848332

00:13:22.470 --> 00:13:24.318 We did some outreach on the

NOTE Confidence: 0.8848332

00:13:24.318 --> 00:13:26.653 green where we would go with the

NOTE Confidence: 0.8848332

00:13:26.653 --> 00:13:28.378 Cornell Scott Hill Health team,

NOTE Confidence: 0.8848332

00:13:28.380 --> 00:13:30.408 which I guess I'll briefly just

NOTE Confidence: 0.8848332

00:13:30.408 --> 00:13:32.639 can't tell you who the team is.

NOTE Confidence: 0.8848332

00:13:32.640 --> 00:13:34.280 It's that the street medicine

NOTE Confidence: 0.8848332

00:13:34.280 --> 00:13:35.920 team is composed of there.
NOTE Confidence: 0.8848332

00:13:35.920 --> 00:13:37.560 There's two different APR ends,
NOTE Confidence: 0.8848332

00:13:37.560 --> 00:13:39.528 an infill that lead the team.
NOTE Confidence: 0.8848332

00:13:39.530 --> 00:13:41.402 And then there's also a group
NOTE Confidence: 0.8848332

00:13:41.402 --> 00:13:43.140 of social workers and nurses,
NOTE Confidence: 0.8848332

00:13:43.140 --> 00:13:44.448 and any given time.
NOTE Confidence: 0.8848332

00:13:44.448 --> 00:13:45.756 There's usually 1A PRN,
NOTE Confidence: 0.8848332

00:13:45.760 --> 00:13:47.760 one nurse and one social
NOTE Confidence: 0.8848332

00:13:47.760 --> 00:13:49.760 worker who are going out.
NOTE Confidence: 0.8848332

00:13:49.760 --> 00:13:52.344 To host these kind of just St clinics,
NOTE Confidence: 0.8848332

00:13:52.350 --> 00:13:53.985 essentially where most people in
NOTE Confidence: 0.8848332

00:13:53.985 --> 00:13:55.989 the community know them and they
NOTE Confidence: 0.8848332

00:13:55.989 --> 00:13:57.855 also wear jackets that say Cornell,
NOTE Confidence: 0.8848332

00:13:57.860 --> 00:13:58.829 Scott Hill Health,
NOTE Confidence: 0.8848332

00:13:58.829 --> 00:14:00.444 St Outreach team and and
NOTE Confidence: 0.8848332

00:14:00.444 --> 00:14:01.420 people recognize them,

NOTE Confidence: 0.8848332

00:14:01.420 --> 00:14:03.400 know them and know where they

NOTE Confidence: 0.8848332

00:14:03.400 --> 00:14:05.388 said they have set times like

NOTE Confidence: 0.8848332

00:14:05.388 --> 00:14:07.756 you know will be on the green at

NOTE Confidence: 0.8848332

00:14:07.827 --> 00:14:10.165 Thursday at 4:00 PM and so people.

NOTE Confidence: 0.8848332

00:14:10.170 --> 00:14:12.284 It's almost a clinic where people no

NOTE Confidence: 0.8848332

00:14:12.284 --> 00:14:14.596 one to show up and have expectations

NOTE Confidence: 0.8848332

00:14:14.596 --> 00:14:16.980 of when they can get medical care.

NOTE Confidence: 0.8848332

00:14:16.980 --> 00:14:18.918 So we went to the green.

NOTE Confidence: 0.8848332

00:14:18.920 --> 00:14:20.600 We also went to encampments

NOTE Confidence: 0.8848332

00:14:20.600 --> 00:14:22.280 in East Rock Park so.

NOTE Confidence: 0.8848332

00:14:22.280 --> 00:14:24.854 And I've I've hiked up used rocks so many

NOTE Confidence: 0.8848332

00:14:24.854 --> 00:14:27.265 times and never knew that these existed.

NOTE Confidence: 0.8848332

00:14:27.270 --> 00:14:29.167 I just I never looked but kind

NOTE Confidence: 0.8848332

00:14:29.167 --> 00:14:31.100 of behind the like soccer fields

NOTE Confidence: 0.8848332

00:14:31.100 --> 00:14:33.200 or baseball fields by the river.

NOTE Confidence: 0.8848332

00:14:33.200 --> 00:14:35.377 If you if you walk down there,
NOTE Confidence: 0.8848332

00:14:35.380 --> 00:14:36.652 there's many encampments that
NOTE Confidence: 0.8848332

00:14:36.652 --> 00:14:38.912 are set up where there was one
NOTE Confidence: 0.8848332

00:14:38.912 --> 00:14:40.377 or two people living there.
NOTE Confidence: 0.8848332

00:14:40.380 --> 00:14:42.557 When we actually visited in the winter.
NOTE Confidence: 0.8848332

00:14:42.560 --> 00:14:44.975 But in the summer is a lot
NOTE Confidence: 0.8848332

00:14:44.975 --> 00:14:47.020 more people do stay there.
NOTE Confidence: 0.8848332

00:14:47.020 --> 00:14:49.162 There's also an area in Fairhaven
NOTE Confidence: 0.8848332

00:14:49.162 --> 00:14:50.590 where there's a McDonald's.
NOTE Confidence: 0.8848332

00:14:50.590 --> 00:14:51.966 They actually before COVID.
NOTE Confidence: 0.8848332

00:14:51.966 --> 00:14:53.686 They were actually like doing
NOTE Confidence: 0.8848332

00:14:53.686 --> 00:14:55.589 clinic in the McDonald's sometimes,
NOTE Confidence: 0.8848332

00:14:55.590 --> 00:14:58.607 but they set up in the parking
NOTE Confidence: 0.8848332

00:14:58.607 --> 00:15:01.151 lot and specifically they set up
NOTE Confidence: 0.8848332

00:15:01.151 --> 00:15:03.479 on like Friday mornings at 6:00
NOTE Confidence: 0.8848332

00:15:03.479 --> 00:15:05.989 AM or something very early.

NOTE Confidence: 0.8848332

00:15:05.990 --> 00:15:08.814 A lot of times they see sex workers

NOTE Confidence: 0.8848332

00:15:08.814 --> 00:15:11.416 in this parking lot and people

NOTE Confidence: 0.8848332

00:15:11.416 --> 00:15:14.128 know exactly where to meet them.

NOTE Confidence: 0.8848332

00:15:14.130 --> 00:15:16.946 We also went to some of the hotels,

NOTE Confidence: 0.8848332

00:15:16.950 --> 00:15:19.379 so during COVID they shut down the

NOTE Confidence: 0.8848332

00:15:19.379 --> 00:15:21.539 previous shelters and opened up hotels.

NOTE Confidence: 0.8848332

00:15:21.540 --> 00:15:23.640 There were at least two hotels

NOTE Confidence: 0.8848332

00:15:23.640 --> 00:15:26.158 that were sort of down by like

NOTE Confidence: 0.8848332

00:15:26.158 --> 00:15:28.246 Long Wharf that had opened up,

NOTE Confidence: 0.8848332

00:15:28.250 --> 00:15:30.714 which I'll talk about a bit later.

NOTE Confidence: 0.8848332

00:15:30.720 --> 00:15:32.838 We also went to soup kitchens,

NOTE Confidence: 0.8848332

00:15:32.840 --> 00:15:36.260 several in downtown New Haven.

NOTE Confidence: 0.8848332

00:15:36.260 --> 00:15:38.241 A motel in Westville was one location

NOTE Confidence: 0.8848332

00:15:38.241 --> 00:15:40.416 I went to we we essentially just

NOTE Confidence: 0.8848332

00:15:40.416 --> 00:15:42.300 heard from word of mouth that

NOTE Confidence: 0.8848332

00:15:42.362 --> 00:15:44.217 there was a sex worker that had
NOTE Confidence: 0.8848332

00:15:44.217 --> 00:15:46.375 been beat up by some guy and she
NOTE Confidence: 0.8848332

00:15:46.375 --> 00:15:48.108 and her boyfriend were in pretty
NOTE Confidence: 0.8848332

00:15:48.108 --> 00:15:50.299 bad shape and they were staying in
NOTE Confidence: 0.8848332

00:15:50.299 --> 00:15:52.318 this motel and so we actually we.
NOTE Confidence: 0.8848332

00:15:52.320 --> 00:15:54.091 We found the name of the motel
NOTE Confidence: 0.8848332

00:15:54.091 --> 00:15:56.230 and went out and met them and
NOTE Confidence: 0.8848332

00:15:56.230 --> 00:15:57.870 did this like very comprehensive,
NOTE Confidence: 0.8848332

00:15:57.870 --> 00:15:58.608 urgent visit.
NOTE Confidence: 0.8848332

00:15:58.608 --> 00:16:01.560 Primary care visit in their motel room which
NOTE Confidence: 0.8591626

00:16:01.631 --> 00:16:03.476 was a really cool experience.
NOTE Confidence: 0.8591626

00:16:03.480 --> 00:16:05.489 Warming shelters I had opened up during
NOTE Confidence: 0.8591626

00:16:05.489 --> 00:16:07.335 the winter and then midnight runs all
NOTE Confidence: 0.8591626

00:16:07.335 --> 00:16:09.379 at 8 and talk about a little bit.
NOTE Confidence: 0.86474174

00:16:10.400 --> 00:16:11.732 Yeah, so midnight runs.
NOTE Confidence: 0.86474174

00:16:11.732 --> 00:16:13.064 Is this really interesting?

NOTE Confidence: 0.86474174

00:16:13.070 --> 00:16:14.765 That's done pretty much every

NOTE Confidence: 0.86474174

00:16:14.765 --> 00:16:16.460 other Friday evening between like

NOTE Confidence: 0.86474174

00:16:16.518 --> 00:16:18.078 7:30 or 10:30 eleven o'clock.

NOTE Confidence: 0.86474174

00:16:18.080 --> 00:16:19.336 Really, whenever they're done,

NOTE Confidence: 0.86474174

00:16:19.336 --> 00:16:20.592 which takes place really

NOTE Confidence: 0.86474174

00:16:20.592 --> 00:16:22.090 at all these locations.

NOTE Confidence: 0.86474174

00:16:22.090 --> 00:16:22.864 But at night.

NOTE Confidence: 0.86474174

00:16:22.864 --> 00:16:25.419 So a lot of times it's as big as

NOTE Confidence: 0.86474174

00:16:25.419 --> 00:16:27.109 Becky mentioned that the team

NOTE Confidence: 0.86474174

00:16:27.109 --> 00:16:29.440 knows where to find their their

NOTE Confidence: 0.86474174

00:16:29.440 --> 00:16:31.104 clients and their patients,

NOTE Confidence: 0.86474174

00:16:31.110 --> 00:16:32.988 but sometimes it's not easy to

NOTE Confidence: 0.86474174

00:16:32.988 --> 00:16:34.780 find people during the daytime.

NOTE Confidence: 0.86474174

00:16:34.780 --> 00:16:36.796 Sometimes it's easier to find them

NOTE Confidence: 0.86474174

00:16:36.796 --> 00:16:39.239 at night or also to address specific

NOTE Confidence: 0.86474174

00:16:39.239 --> 00:16:41.640 things that come up at night so.
NOTE Confidence: 0.86474174

00:16:41.640 --> 00:16:43.500 I had the opportunity to
NOTE Confidence: 0.86474174

00:16:43.500 --> 00:16:45.360 go on one Midnight Run,
NOTE Confidence: 0.86474174

00:16:45.360 --> 00:16:46.990 which was effectively a walk
NOTE Confidence: 0.86474174

00:16:46.990 --> 00:16:49.135 around several of the more highly
NOTE Confidence: 0.86474174

00:16:49.135 --> 00:16:50.939 trafficked blocks of Fairhaven,
NOTE Confidence: 0.86474174

00:16:50.940 --> 00:16:53.537 just to see if anyone needed it.
NOTE Confidence: 0.86474174

00:16:53.540 --> 00:16:55.032 Had any medical concerns,
NOTE Confidence: 0.86474174

00:16:55.032 --> 00:16:55.778 you know,
NOTE Confidence: 0.86474174

00:16:55.780 --> 00:16:59.920 handing out clean needles and syringes.
NOTE Confidence: 0.86474174

00:16:59.920 --> 00:17:01.740 Really just seeing if anyone needed anything.
NOTE Confidence: 0.86474174

00:17:01.740 --> 00:17:04.080 It actually seemed to be a pretty calm night,
NOTE Confidence: 0.86474174

00:17:04.080 --> 00:17:05.984 but a lot of times it seems like
NOTE Confidence: 0.86474174

00:17:05.984 --> 00:17:08.155 there's a lot of things that people need
NOTE Confidence: 0.86474174

00:17:08.155 --> 00:17:10.836 and there's a lot of people out at that time,
NOTE Confidence: 0.86474174

00:17:10.840 --> 00:17:12.784 even honestly more so than there was during

NOTE Confidence: 0.86474174

00:17:12.784 --> 00:17:15.000 the day when those are pretty cold evening,

NOTE Confidence: 0.86474174

00:17:15.000 --> 00:17:17.133 and we we also went back to try and

NOTE Confidence: 0.86474174

00:17:17.133 --> 00:17:19.423 find a couple of a couple of people who

NOTE Confidence: 0.86474174

00:17:19.423 --> 00:17:21.757 we were unable to find during the day,

NOTE Confidence: 0.86474174

00:17:21.760 --> 00:17:23.320 went to their homes to see

NOTE Confidence: 0.86474174

00:17:23.320 --> 00:17:26.050 if they were there, but.

NOTE Confidence: 0.86474174

00:17:26.050 --> 00:17:26.950 The remarkable experience to

NOTE Confidence: 0.86474174

00:17:26.950 --> 00:17:28.610 be able to go around at night.

NOTE Confidence: 0.86474174

00:17:28.610 --> 00:17:30.707 It's kind of puts a different spin on things,

NOTE Confidence: 0.86474174

00:17:30.710 --> 00:17:32.222 but we really go around to a lot

NOTE Confidence: 0.86474174

00:17:32.222 --> 00:17:33.896 of the same locations with a big

NOTE Confidence: 0.86474174

00:17:33.896 --> 00:17:35.696 focus on Fairhaven to see if there's

NOTE Confidence: 0.86474174

00:17:35.696 --> 00:17:37.226 anything that we can help with.

NOTE Confidence: 0.81262875

00:17:38.820 --> 00:17:40.195 I'm just going to answer

NOTE Confidence: 0.81262875

00:17:40.195 --> 00:17:41.570 just saw the chat question.

NOTE Confidence: 0.81262875

00:17:41.570 --> 00:17:43.136 Sorry Andrew, I saw your question
NOTE Confidence: 0.81262875

00:17:43.136 --> 00:17:44.600 about why there's under address,
NOTE Confidence: 0.81262875

00:17:44.600 --> 00:17:45.970 mental opioid use disorder in
NOTE Confidence: 0.81262875

00:17:45.970 --> 00:17:47.066 the criminal justice system.
NOTE Confidence: 0.81262875

00:17:47.070 --> 00:17:48.062 From what I read,
NOTE Confidence: 0.81262875

00:17:48.062 --> 00:17:50.650 some of this was like a review from 2008.
NOTE Confidence: 0.81262875

00:17:50.650 --> 00:17:53.116 They had served a lot of the directores of
NOTE Confidence: 0.81262875

00:17:53.116 --> 00:17:55.314 prisons and the number one issue was cost.
NOTE Confidence: 0.81262875

00:17:55.320 --> 00:17:57.312 I think that a lot of people is
NOTE Confidence: 0.81262875

00:17:57.312 --> 00:17:59.446 just it's expensive to put in place.
NOTE Confidence: 0.81262875

00:17:59.450 --> 00:18:01.328 A methadone clinic and also they
NOTE Confidence: 0.81262875

00:18:01.328 --> 00:18:03.740 have to get some sort of specific.
NOTE Confidence: 0.81262875

00:18:03.740 --> 00:18:06.305 Like I don't know that there is some sort
NOTE Confidence: 0.81262875

00:18:06.305 --> 00:18:09.257 of legal loopholes or clinic certification.
NOTE Confidence: 0.81262875

00:18:09.260 --> 00:18:11.825 I'm not the right person to ask about this,
NOTE Confidence: 0.81262875

00:18:11.830 --> 00:18:13.250 but in order to actually

NOTE Confidence: 0.81262875

00:18:13.250 --> 00:18:14.386 establish the methadone clinic,

NOTE Confidence: 0.81262875

00:18:14.390 --> 00:18:15.820 it's not the same thing.

NOTE Confidence: 0.81262875

00:18:15.820 --> 00:18:18.100 It's just like setting up a, you know,

NOTE Confidence: 0.81262875

00:18:18.100 --> 00:18:20.380 a diabetes or endocrine clinic in a prison.

NOTE Confidence: 0.81262875

00:18:20.380 --> 00:18:23.216 It's a lot more tricky, and so I think

NOTE Confidence: 0.81262875

00:18:23.216 --> 00:18:25.340 because it's very difficult people just.

NOTE Confidence: 0.81262875

00:18:25.340 --> 00:18:26.590 Don't do it as much.

NOTE Confidence: 0.81262875

00:18:26.590 --> 00:18:27.337 I don't know.

NOTE Confidence: 0.81262875

00:18:27.337 --> 00:18:29.080 Even if you had any other insight

NOTE Confidence: 0.83469

00:18:29.080 --> 00:18:30.574 that was kind of my understanding

NOTE Confidence: 0.83469

00:18:30.574 --> 00:18:31.570 from the same thing.

NOTE Confidence: 0.83469

00:18:31.570 --> 00:18:33.554 I do notice that Doctor Altise is here.

NOTE Confidence: 0.83469

00:18:33.560 --> 00:18:36.150 I'm not sure if used.

NOTE Confidence: 0.83469

00:18:36.150 --> 00:18:38.316 Able to speak further to that,

NOTE Confidence: 0.83469

00:18:38.320 --> 00:18:39.409 or if you're.

NOTE Confidence: 0.8735979

00:18:40.950 --> 00:18:42.078 Yeah, no I
NOTE Confidence: 0.8735979

00:18:42.080 --> 00:18:45.088 would. I would be happy to you all.
NOTE Confidence: 0.8735979

00:18:45.090 --> 00:18:47.490 Have done a really wonderful presentation
NOTE Confidence: 0.8735979

00:18:47.490 --> 00:18:50.540 and just want to say that it's sort
NOTE Confidence: 0.8735979

00:18:50.540 --> 00:18:52.610 of a multi level complex issue.
NOTE Confidence: 0.8735979

00:18:52.610 --> 00:18:54.490 There are issues with one,
NOTE Confidence: 0.8735979

00:18:54.490 --> 00:18:55.994 whether the institutions even
NOTE Confidence: 0.8735979

00:18:55.994 --> 00:18:58.250 believe it's part of their mandate,
NOTE Confidence: 0.8735979

00:18:58.250 --> 00:19:00.130 so it's not just cost.
NOTE Confidence: 0.8735979

00:19:00.130 --> 00:19:01.890 Methadone is probably like \$0.06
NOTE Confidence: 0.8735979

00:19:01.890 --> 00:19:04.640 a day in terms of a medication,
NOTE Confidence: 0.8735979

00:19:04.640 --> 00:19:06.515 but there are some impediments
NOTE Confidence: 0.8735979

00:19:06.515 --> 00:19:08.015 that can be overcome.
NOTE Confidence: 0.8735979

00:19:08.020 --> 00:19:10.575 There's has because of the great need
NOTE Confidence: 0.8735979

00:19:10.575 --> 00:19:13.398 in the overdose potential after release.
NOTE Confidence: 0.8735979

00:19:13.400 --> 00:19:15.500 As places are starting to develop

NOTE Confidence: 0.8735979

00:19:15.500 --> 00:19:16.900 these programs there coming

NOTE Confidence: 0.8735979

00:19:16.963 --> 00:19:18.399 up with different models,

NOTE Confidence: 0.8735979

00:19:18.400 --> 00:19:20.521 there's the what I call the intrinsic

NOTE Confidence: 0.8735979

00:19:20.521 --> 00:19:22.691 model where they actually homegrow the

NOTE Confidence: 0.8735979

00:19:22.691 --> 00:19:24.686 methadone program within the prison

NOTE Confidence: 0.8735979

00:19:24.686 --> 00:19:26.968 that requires all those licensing and

NOTE Confidence: 0.8735979

00:19:26.968 --> 00:19:28.748 other sorts of regulatory things.

NOTE Confidence: 0.8735979

00:19:28.750 --> 00:19:30.540 Becky that you're talking about,

NOTE Confidence: 0.8735979

00:19:30.540 --> 00:19:32.556 so the paperwork and all of

NOTE Confidence: 0.8735979

00:19:32.556 --> 00:19:34.460 those other sorts of things.

NOTE Confidence: 0.8735979

00:19:34.460 --> 00:19:35.116 There's the,

NOTE Confidence: 0.8735979

00:19:35.116 --> 00:19:36.756 there's the model where people

NOTE Confidence: 0.8735979

00:19:36.756 --> 00:19:38.390 bring in the methadone,

NOTE Confidence: 0.8735979

00:19:38.390 --> 00:19:40.791 which is the model that is currently

NOTE Confidence: 0.8735979

00:19:40.791 --> 00:19:42.320 in the Connecticut system,

NOTE Confidence: 0.8735979

00:19:42.320 --> 00:19:43.340 so they've got.

NOTE Confidence: 0.8735979

00:19:43.340 --> 00:19:44.700 External providers who actually

NOTE Confidence: 0.8735979

00:19:44.700 --> 00:19:46.400 bring in the medication,

NOTE Confidence: 0.8735979

00:19:46.400 --> 00:19:48.572 then there's the logistics of actually

NOTE Confidence: 0.8735979

00:19:48.572 --> 00:19:50.020 carrying a controlled substances

NOTE Confidence: 0.8735979

00:19:50.072 --> 00:19:52.004 through the doors and stuff like that,

NOTE Confidence: 0.8735979

00:19:52.010 --> 00:19:53.654 and then that model is evolving

NOTE Confidence: 0.8735979

00:19:53.654 --> 00:19:55.503 to where the external person is

NOTE Confidence: 0.8735979

00:19:55.503 --> 00:19:56.891 actually building within prison

NOTE Confidence: 0.8735979

00:19:56.891 --> 00:19:58.691 methadone clinics so that those

NOTE Confidence: 0.8735979

00:19:58.691 --> 00:20:00.119 are licensed independent clinics

NOTE Confidence: 0.8735979

00:20:00.119 --> 00:20:01.904 which just happened last week.

NOTE Confidence: 0.8735979

00:20:01.910 --> 00:20:04.550 So you all didn't get to see that,

NOTE Confidence: 0.8735979

00:20:04.550 --> 00:20:06.503 and so there are those sorts of

NOTE Confidence: 0.8735979

00:20:06.503 --> 00:20:08.838 what I call system level barriers.

NOTE Confidence: 0.8735979

00:20:08.840 --> 00:20:10.425 There are barriers with regard

NOTE Confidence: 0.8735979

00:20:10.425 --> 00:20:12.469 to staff staff think that you're

NOTE Confidence: 0.8735979

00:20:12.469 --> 00:20:14.077 treating one addiction trading

NOTE Confidence: 0.8735979

00:20:14.077 --> 00:20:15.685 one addiction for another.

NOTE Confidence: 0.8735979

00:20:15.690 --> 00:20:17.120 So they have impeded it.

NOTE Confidence: 0.8735979

00:20:17.120 --> 00:20:19.038 Make make some cases made it absolutely

NOTE Confidence: 0.8735979

00:20:19.038 --> 00:20:20.540 impossible to run the programs,

NOTE Confidence: 0.8735979

00:20:20.540 --> 00:20:21.965 kept people from being able

NOTE Confidence: 0.8735979

00:20:21.965 --> 00:20:23.390 to move within the prison,

NOTE Confidence: 0.8735979

00:20:23.390 --> 00:20:25.308 setting the feeling of that you know

NOTE Confidence: 0.8735979

00:20:25.308 --> 00:20:26.989 people are undeserving an the idea

NOTE Confidence: 0.8735979

00:20:26.989 --> 00:20:28.334 that you punish people appropriately

NOTE Confidence: 0.8735979

00:20:28.334 --> 00:20:30.227 by making them go through withdrawals.

NOTE Confidence: 0.8735979

00:20:30.230 --> 00:20:31.650 So there are multiple levels.

NOTE Confidence: 0.8735979

00:20:31.650 --> 00:20:33.285 And then there's the patients

NOTE Confidence: 0.8735979

00:20:33.285 --> 00:20:35.286 themselves who are fearful of coming

NOTE Confidence: 0.8735979

00:20:35.286 --> 00:20:37.421 into the program and trying to figure
NOTE Confidence: 0.8735979

00:20:37.421 --> 00:20:39.356 out what's going to happen to me if
NOTE Confidence: 0.8735979

00:20:39.356 --> 00:20:41.256 I don't get a linkage sort of program,
NOTE Confidence: 0.8735979

00:20:41.256 --> 00:20:44.187 or if I have to move from prison to prison.
NOTE Confidence: 0.8735979

00:20:44.190 --> 00:20:45.615 So there are multiple multi
NOTE Confidence: 0.8735979

00:20:45.615 --> 00:20:47.040 level factors that go into,
NOTE Confidence: 0.8735979

00:20:47.040 --> 00:20:48.760 but you're presenting a really.
NOTE Confidence: 0.8735979

00:20:48.760 --> 00:20:51.016 A wonderful overview of what's happening,
NOTE Confidence: 0.8735979

00:20:51.020 --> 00:20:53.645 but there's a lot going on there.
NOTE Confidence: 0.891095186666667

00:20:54.810 --> 00:20:56.388 Thank you. Give
NOTE Confidence: 0.78203756

00:20:56.390 --> 00:20:58.472 it super helpful. Somebody else had
NOTE Confidence: 0.78203756

00:20:58.472 --> 00:21:01.306 asked what is in place for these
NOTE Confidence: 0.78203756

00:21:01.306 --> 00:21:03.138 patients to receive medications.
NOTE Confidence: 0.78203756

00:21:03.140 --> 00:21:04.640 It's a big issue.
NOTE Confidence: 0.78203756

00:21:04.640 --> 00:21:07.899 You know that the team does carry some,
NOTE Confidence: 0.78203756

00:21:07.900 --> 00:21:11.076 just like over the counter meds with them.

NOTE Confidence: 0.78203756

00:21:11.080 --> 00:21:14.248 They also are able to carry like Narcan,

NOTE Confidence: 0.78203756

00:21:14.250 --> 00:21:18.684 ceftriaxone. What else toradol

NOTE Confidence: 0.78203756

00:21:18.684 --> 00:21:22.932 shots did they have very limited?

NOTE Confidence: 0.78203756

00:21:22.940 --> 00:21:25.054 You know amount of medications with them,

NOTE Confidence: 0.78203756

00:21:25.060 --> 00:21:27.076 but it's so they also do carry

NOTE Confidence: 0.78203756

00:21:27.076 --> 00:21:28.999 a laptop with access to epic,

NOTE Confidence: 0.78203756

00:21:29.000 --> 00:21:30.818 and they often just, you know,

NOTE Confidence: 0.78203756

00:21:30.820 --> 00:21:32.638 call in medications to a pharmacy

NOTE Confidence: 0.78203756

00:21:32.638 --> 00:21:33.850 that's across the street.

NOTE Confidence: 0.78203756

00:21:33.850 --> 00:21:35.668 Or you know the nearest pharmacy.

NOTE Confidence: 0.78203756

00:21:35.670 --> 00:21:38.561 But it's a big issue of getting

NOTE Confidence: 0.78203756

00:21:38.561 --> 00:21:39.800 these patients medications.

NOTE Confidence: 0.78203756

00:21:39.800 --> 00:21:40.130 You

NOTE Confidence: 0.80537385

00:21:40.130 --> 00:21:42.342 might you might see on some of

NOTE Confidence: 0.80537385

00:21:42.342 --> 00:21:44.410 your patients that you admit there

NOTE Confidence: 0.80537385

00:21:44.410 --> 00:21:46.504 may be notes from the medical
NOTE Confidence: 0.80537385

00:21:46.504 --> 00:21:48.599 outreach team by either Phil or an,
NOTE Confidence: 0.80537385

00:21:48.600 --> 00:21:50.538 and those are those are notes
NOTE Confidence: 0.80537385

00:21:50.538 --> 00:21:52.190 from the Street Medicine team.
NOTE Confidence: 0.80537385

00:21:52.190 --> 00:21:54.140 But yeah, it's a tough situation.
NOTE Confidence: 0.87201416

00:21:56.450 --> 00:22:00.034 I guess I can talk about Tent City.
NOTE Confidence: 0.87201416

00:22:00.040 --> 00:22:02.760 So we were able to go to this
NOTE Confidence: 0.87201416

00:22:02.760 --> 00:22:04.539 really remarkable place in New
NOTE Confidence: 0.87201416

00:22:04.539 --> 00:22:06.919 Haven that we did not know existed
NOTE Confidence: 0.87201416

00:22:06.998 --> 00:22:09.388 before this before this elective,
NOTE Confidence: 0.87201416

00:22:09.390 --> 00:22:11.260 which is called Tent City,
NOTE Confidence: 0.87201416

00:22:11.260 --> 00:22:13.504 which is actually a really remarkable
NOTE Confidence: 0.87201416

00:22:13.504 --> 00:22:15.000 little community of homeless,
NOTE Confidence: 0.87201416

00:22:15.000 --> 00:22:16.870 homeless people who function in
NOTE Confidence: 0.87201416

00:22:16.870 --> 00:22:18.740 this community of resource sharing,
NOTE Confidence: 0.87201416

00:22:18.740 --> 00:22:20.462 security and support.

NOTE Confidence: 0.87201416

00:22:20.462 --> 00:22:23.906 So they have this really remarkable.

NOTE Confidence: 0.87201416

00:22:23.910 --> 00:22:25.992 Community where they have a set

NOTE Confidence: 0.87201416

00:22:25.992 --> 00:22:28.432 number of Members you know they built

NOTE Confidence: 0.87201416

00:22:28.432 --> 00:22:30.721 members in and out and they really

NOTE Confidence: 0.87201416

00:22:30.796 --> 00:22:32.956 work together to share resources.

NOTE Confidence: 0.87201416

00:22:32.960 --> 00:22:35.550 And they have this pretty cool like

NOTE Confidence: 0.87201416

00:22:35.550 --> 00:22:38.301 solar panel setup that they are able to

NOTE Confidence: 0.87201416

00:22:38.301 --> 00:22:40.920 work into making into a phone charger.

NOTE Confidence: 0.87201416

00:22:40.920 --> 00:22:44.178 You know they have a whole like kitchen area.

NOTE Confidence: 0.87201416

00:22:44.180 --> 00:22:48.219 They have this whole space of tents.

NOTE Confidence: 0.87201416

00:22:48.220 --> 00:22:49.948 And so it's just a really.

NOTE Confidence: 0.87201416

00:22:49.950 --> 00:22:51.400 It's kind of famous within

NOTE Confidence: 0.87201416

00:22:51.400 --> 00:22:52.270 within that sphere,

NOTE Confidence: 0.87201416

00:22:52.270 --> 00:22:53.740 so it was really interesting

NOTE Confidence: 0.87201416

00:22:53.740 --> 00:22:55.729 for us to be able to see.

NOTE Confidence: 0.87201416

00:22:55.730 --> 00:22:57.760 And there was when I went there,
NOTE Confidence: 0.87201416

00:22:57.760 --> 00:23:01.770 there was only a couple of people there, but.
NOTE Confidence: 0.87201416

00:23:01.770 --> 00:23:02.484 All work together,
NOTE Confidence: 0.87201416

00:23:02.484 --> 00:23:03.912 both for everyone's health as well.
NOTE Confidence: 0.87201416

00:23:03.920 --> 00:23:05.354 You know they share him warmers
NOTE Confidence: 0.87201416

00:23:05.354 --> 00:23:06.310 and things like that,
NOTE Confidence: 0.87201416

00:23:06.310 --> 00:23:08.214 so it's a very cool thing to see.
NOTE Confidence: 0.84833133

00:23:12.300 --> 00:23:14.435 And then just kind of talking through,
NOTE Confidence: 0.84833133

00:23:14.440 --> 00:23:16.270 you know, some are our reflections
NOTE Confidence: 0.84833133

00:23:16.270 --> 00:23:17.810 and thoughts about doing this.
NOTE Confidence: 0.84833133

00:23:17.810 --> 00:23:20.740 You know St medicine elective.
NOTE Confidence: 0.84833133

00:23:20.740 --> 00:23:22.360 It really just underscored how massive
NOTE Confidence: 0.84833133

00:23:22.360 --> 00:23:24.649 the need is for mental health services.
NOTE Confidence: 0.84833133

00:23:24.650 --> 00:23:26.402 There is now a street psychiatry
NOTE Confidence: 0.84833133

00:23:26.402 --> 00:23:28.237 team with the Yale psychiatrist who
NOTE Confidence: 0.84833133

00:23:28.237 --> 00:23:30.661 is wonderful and does a lot of good,

NOTE Confidence: 0.84833133

00:23:30.670 --> 00:23:33.529 but there's. You know, so,

NOTE Confidence: 0.84833133

00:23:33.529 --> 00:23:36.140 so many of these patients have significant

NOTE Confidence: 0.84833133

00:23:36.216 --> 00:23:39.016 mental health problems and it's it's just,

NOTE Confidence: 0.84833133

00:23:39.020 --> 00:23:41.360 you know, a very underserved community.

NOTE Confidence: 0.84833133

00:23:41.360 --> 00:23:43.997 We also talked a lot about how New Haven

NOTE Confidence: 0.84833133

00:23:43.997 --> 00:23:46.188 really underestimated the homeless

NOTE Confidence: 0.84833133

00:23:46.188 --> 00:23:50.586 population, especially when it came to COVID.

NOTE Confidence: 0.84833133

00:23:50.590 --> 00:23:53.330 They essentially were asked or

NOTE Confidence: 0.84833133

00:23:53.330 --> 00:23:57.110 had to decide how many homeless.

NOTE Confidence: 0.84833133

00:23:57.110 --> 00:23:58.382 Folks, were, you know,

NOTE Confidence: 0.84833133

00:23:58.382 --> 00:24:00.290 going to be needing shelter during

NOTE Confidence: 0.84833133

00:24:00.348 --> 00:24:02.484 the winter in order to know how many

NOTE Confidence: 0.84833133

00:24:02.484 --> 00:24:04.787 hotel rooms took to book and they had

NOTE Confidence: 0.84833133

00:24:04.787 --> 00:24:06.604 estimated about 100 hotel rooms that

NOTE Confidence: 0.84833133

00:24:06.604 --> 00:24:08.626 would be needed when there's like

NOTE Confidence: 0.84833133

00:24:08.626 --> 00:24:10.736 certainly more than 400 people who are

NOTE Confidence: 0.84833133

00:24:10.736 --> 00:24:12.944 living on the streets or or have been

NOTE Confidence: 0.84833133

00:24:12.944 --> 00:24:15.051 homeless in the last year in New Haven.

NOTE Confidence: 0.84833133

00:24:15.051 --> 00:24:17.760 And so we ran into this a lot where

NOTE Confidence: 0.84833133

00:24:17.832 --> 00:24:20.064 there are keeping people who were

NOTE Confidence: 0.84833133

00:24:20.064 --> 00:24:22.419 unable to get into the hotels.

NOTE Confidence: 0.84833133

00:24:22.420 --> 00:24:24.868 People have been kicked out of

NOTE Confidence: 0.84833133

00:24:24.868 --> 00:24:28.390 the hotels for having, you know.

NOTE Confidence: 0.84833133

00:24:28.390 --> 00:24:29.750 Have I don't know.

NOTE Confidence: 0.84833133

00:24:29.750 --> 00:24:31.450 They have extremely strict drug

NOTE Confidence: 0.84833133

00:24:31.450 --> 00:24:32.867 policy is and also like.

NOTE Confidence: 0.84833133

00:24:32.870 --> 00:24:34.634 If anybody had gotten into any

NOTE Confidence: 0.84833133

00:24:34.634 --> 00:24:36.421 sort of arguments with a roommate

NOTE Confidence: 0.84833133

00:24:36.421 --> 00:24:38.360 and there were a lot of politics

NOTE Confidence: 0.84833133

00:24:38.360 --> 00:24:40.205 within the hotels themselves and

NOTE Confidence: 0.84833133

00:24:40.205 --> 00:24:42.090 also just really underscored how

NOTE Confidence: 0.84833133

00:24:42.090 --> 00:24:43.064 important interprofessional teams

NOTE Confidence: 0.84833133

00:24:43.064 --> 00:24:45.440 are in terms of just relying on the

NOTE Confidence: 0.84833133

00:24:45.495 --> 00:24:47.397 social workers and the nurses for

NOTE Confidence: 0.84833133

00:24:47.397 --> 00:24:49.067 the outreach and coordination for

NOTE Confidence: 0.84833133

00:24:49.067 --> 00:24:50.787 getting people to their appointments.

NOTE Confidence: 0.84833133

00:24:50.790 --> 00:24:53.030 I mean, they, they were just phenomenal,

NOTE Confidence: 0.84833133

00:24:53.030 --> 00:24:55.151 and they know the community so well

NOTE Confidence: 0.84833133

00:24:55.151 --> 00:24:57.510 and it was just a delay working,

NOTE Confidence: 0.84833133

00:24:57.510 --> 00:24:59.780 working with them very closely.

NOTE Confidence: 0.84833133

00:24:59.780 --> 00:25:01.796 I'm and then you know things.

NOTE Confidence: 0.84833133

00:25:01.800 --> 00:25:04.635 I just don't think about and terms of what

NOTE Confidence: 0.84833133

00:25:04.635 --> 00:25:07.509 what people need and what people you know,

NOTE Confidence: 0.84833133

00:25:07.510 --> 00:25:08.854 appreciate or socks underwear

NOTE Confidence: 0.84833133

00:25:08.854 --> 00:25:10.198 ensures in hand warmers.

NOTE Confidence: 0.84833133

00:25:10.200 --> 00:25:12.704 Somebody had told me when I was on

NOTE Confidence: 0.84833133

00:25:12.704 --> 00:25:14.892 the selected that they always keep
NOTE Confidence: 0.84833133

00:25:14.892 --> 00:25:17.130 insurers and hand warmers in their
NOTE Confidence: 0.84833133

00:25:17.200 --> 00:25:19.600 car in their glove box at all times.
NOTE Confidence: 0.84833133

00:25:19.600 --> 00:25:21.892 So when they see somebody on
NOTE Confidence: 0.84833133

00:25:21.892 --> 00:25:23.980 the street you know who's.
NOTE Confidence: 0.84833133

00:25:23.980 --> 00:25:25.835 Posted up on the corner they always
NOTE Confidence: 0.84833133

00:25:25.835 --> 00:25:27.180 have something to give them,
NOTE Confidence: 0.84833133

00:25:27.180 --> 00:25:29.052 which I thought was a really great idea
NOTE Confidence: 0.84833133

00:25:29.052 --> 00:25:30.982 and I started keeping hand warmers and
NOTE Confidence: 0.84833133

00:25:30.982 --> 00:25:33.329 I think it's you know it's very simple.
NOTE Confidence: 0.84833133

00:25:33.330 --> 00:25:34.932 Easy thing you can do that
NOTE Confidence: 0.84833133

00:25:34.932 --> 00:25:36.000 is very much appreciated.
NOTE Confidence: 0.8384131

00:25:38.780 --> 00:25:40.572 These are just a few photos that
NOTE Confidence: 0.8384131

00:25:40.572 --> 00:25:42.563 I found on line of the street
NOTE Confidence: 0.8384131

00:25:42.563 --> 00:25:44.309 medicine team and sort of what
NOTE Confidence: 0.8384131

00:25:44.376 --> 00:25:46.398 their clinics end up looking like.

NOTE Confidence: 0.8384131

00:25:46.400 --> 00:25:49.064 This was at a soup kitchen that was

NOTE Confidence: 0.8384131

00:25:49.064 --> 00:25:51.666 downtown where they set up a set of a tent,

NOTE Confidence: 0.8384131

00:25:51.670 --> 00:25:53.700 but usually the team is just is

NOTE Confidence: 0.8384131

00:25:53.700 --> 00:25:55.906 just out on the street and this

NOTE Confidence: 0.8384131

00:25:55.906 --> 00:25:58.130 is Phil who's the who's the APR

NOTE Confidence: 0.8384131

00:25:58.130 --> 00:26:00.162 and it does a lot of the work.

NOTE Confidence: 0.798945

00:26:03.410 --> 00:26:06.266 Alright, so also the opportunity to work with

NOTE Confidence: 0.798945

00:26:06.266 --> 00:26:08.597 Doctor Puglisi in our transitions clinic,

NOTE Confidence: 0.798945

00:26:08.600 --> 00:26:10.826 which is a network of clinics,

NOTE Confidence: 0.798945

00:26:10.830 --> 00:26:14.169 but they have they have one here and now.

NOTE Confidence: 0.798945

00:26:14.170 --> 00:26:16.025 The same building as the

NOTE Confidence: 0.798945

00:26:16.025 --> 00:26:17.880 NH PCC and it's really.

NOTE Confidence: 0.798945

00:26:17.880 --> 00:26:20.106 It's an enhanced primary care for

NOTE Confidence: 0.798945

00:26:20.106 --> 00:26:21.590 people released from incarceration.

NOTE Confidence: 0.798945

00:26:21.590 --> 00:26:23.816 And again it's part of this

NOTE Confidence: 0.798945

00:26:23.816 --> 00:26:25.300 national network and really,
NOTE Confidence: 0.798945

00:26:25.300 --> 00:26:26.976 the model here is,
NOTE Confidence: 0.798945

00:26:26.976 --> 00:26:29.071 it's a multidisciplinary approach with
NOTE Confidence: 0.798945

00:26:29.071 --> 00:26:31.466 integrated legal services as well as
NOTE Confidence: 0.798945

00:26:31.466 --> 00:26:33.376 a dedicated community health worker.
NOTE Confidence: 0.798945

00:26:33.380 --> 00:26:35.654 Which there are there were two
NOTE Confidence: 0.798945

00:26:35.654 --> 00:26:37.590 that we primarily worked with.
NOTE Confidence: 0.798945

00:26:37.590 --> 00:26:40.245 In this I had a lot of opportunities because
NOTE Confidence: 0.798945

00:26:40.245 --> 00:26:42.516 they're their reach is much more so than
NOTE Confidence: 0.798945

00:26:42.516 --> 00:26:44.700 just within the clinic building itself.
NOTE Confidence: 0.798945

00:26:44.700 --> 00:26:46.578 It's really in terms of getting
NOTE Confidence: 0.798945

00:26:46.578 --> 00:26:48.477 people from halfway houses into the
NOTE Confidence: 0.798945

00:26:48.477 --> 00:26:50.253 clinic and then outside the clinic.
NOTE Confidence: 0.798945

00:26:50.260 --> 00:26:51.380 Also in community engagement.
NOTE Confidence: 0.798945

00:26:51.380 --> 00:26:53.826 So I was able to go to Walter
NOTE Confidence: 0.798945

00:26:53.826 --> 00:26:54.888 Brooks halfway House,

NOTE Confidence: 0.798945

00:26:54.890 --> 00:26:57.410 which is a men's halfway house.

NOTE Confidence: 0.798945

00:26:57.410 --> 00:26:59.496 Just down the street from the hospital.

NOTE Confidence: 0.798945

00:26:59.500 --> 00:27:01.300 I went there with Jerry Smart,

NOTE Confidence: 0.798945

00:27:01.300 --> 00:27:03.094 who's one of these one of

NOTE Confidence: 0.798945

00:27:03.094 --> 00:27:04.290 the community health workers?

NOTE Confidence: 0.798945

00:27:04.290 --> 00:27:06.257 And really the goal of his halfway

NOTE Confidence: 0.798945

00:27:06.257 --> 00:27:08.092 houses to facilitate stable housing for

NOTE Confidence: 0.798945

00:27:08.092 --> 00:27:09.964 their clients as well as employment.

NOTE Confidence: 0.798945

00:27:09.970 --> 00:27:11.970 And it also serves as a great entry

NOTE Confidence: 0.798945

00:27:11.970 --> 00:27:13.559 point into Transitions Clinic.

NOTE Confidence: 0.798945

00:27:13.560 --> 00:27:15.646 So we went there and just looked,

NOTE Confidence: 0.798945

00:27:15.650 --> 00:27:16.228 you know,

NOTE Confidence: 0.798945

00:27:16.228 --> 00:27:18.540 talked with the folks who work there and

NOTE Confidence: 0.798945

00:27:18.600 --> 00:27:21.024 ask if there's any new people have joined.

NOTE Confidence: 0.798945

00:27:21.030 --> 00:27:22.495 It was really interesting time

NOTE Confidence: 0.798945

00:27:22.495 --> 00:27:24.614 because there wasn't a whole lot of
NOTE Confidence: 0.798945

00:27:24.614 --> 00:27:26.104 movement just because there wasn't.
NOTE Confidence: 0.798945

00:27:26.110 --> 00:27:28.096 It was during Kovit and there's.
NOTE Confidence: 0.798945

00:27:28.100 --> 00:27:29.906 Not an opportunity really for people
NOTE Confidence: 0.798945

00:27:29.906 --> 00:27:32.002 to get stable housing and the halfway
NOTE Confidence: 0.798945

00:27:32.002 --> 00:27:33.664 house itself was only at wasn't.
NOTE Confidence: 0.798945

00:27:33.670 --> 00:27:35.714 Was that like 70% or so capacity.
NOTE Confidence: 0.798945

00:27:35.720 --> 00:27:37.268 Just because they had to have
NOTE Confidence: 0.798945

00:27:37.268 --> 00:27:38.940 the right amount of distancing.
NOTE Confidence: 0.798945

00:27:38.940 --> 00:27:40.572 So there wasn't as much movement
NOTE Confidence: 0.798945

00:27:40.572 --> 00:27:42.346 into and out of the halfway
NOTE Confidence: 0.798945

00:27:42.346 --> 00:27:44.218 houses there are at other times,
NOTE Confidence: 0.798945

00:27:44.220 --> 00:27:46.033 so there wasn't a lot of opportunity
NOTE Confidence: 0.798945

00:27:46.033 --> 00:27:48.473 for us to sort of accrue any new
NOTE Confidence: 0.798945

00:27:48.473 --> 00:27:50.078 members of the transitions clinic,
NOTE Confidence: 0.798945

00:27:50.080 --> 00:27:52.201 and it really left to a kind

NOTE Confidence: 0.798945

00:27:52.201 --> 00:27:54.468 of a sort of a not a halt,

NOTE Confidence: 0.798945

00:27:54.470 --> 00:27:56.409 but like a little bit of a

NOTE Confidence: 0.798945

00:27:56.409 --> 00:27:58.129 slowing in the ability for.

NOTE Confidence: 0.798945

00:27:58.130 --> 00:27:59.560 For these people to get,

NOTE Confidence: 0.798945

00:27:59.560 --> 00:28:00.992 you know appropriate care,

NOTE Confidence: 0.798945

00:28:00.992 --> 00:28:03.598 but I also was able to work

NOTE Confidence: 0.798945

00:28:03.598 --> 00:28:05.488 in the clinic itself here.

NOTE Confidence: 0.798945

00:28:05.490 --> 00:28:07.722 And was able to see a sort of a

NOTE Confidence: 0.798945

00:28:07.722 --> 00:28:09.648 standard intake which goes through.

NOTE Confidence: 0.798945

00:28:09.650 --> 00:28:10.541 As I mentioned,

NOTE Confidence: 0.798945

00:28:10.541 --> 00:28:11.729 this multiple disciplinary approach.

NOTE Confidence: 0.798945

00:28:11.730 --> 00:28:13.683 So first Jerry would talk with the

NOTE Confidence: 0.798945

00:28:13.683 --> 00:28:15.888 patient and look for any critical issues,

NOTE Confidence: 0.798945

00:28:15.890 --> 00:28:17.375 including any need for identification

NOTE Confidence: 0.798945

00:28:17.375 --> 00:28:18.860 or any assistance with clothing.

NOTE Confidence: 0.798945

00:28:18.860 --> 00:28:20.948 And it was both in this and with work
NOTE Confidence: 0.798945

00:28:20.948 --> 00:28:23.094 with some of the other groups that
NOTE Confidence: 0.798945

00:28:23.094 --> 00:28:25.390 aren't really mentioned in this presentation,
NOTE Confidence: 0.798945

00:28:25.390 --> 00:28:27.076 that one of the biggest things
NOTE Confidence: 0.798945

00:28:27.076 --> 00:28:28.949 that we can do for people,
NOTE Confidence: 0.798945

00:28:28.950 --> 00:28:30.206 especially home homeless individuals
NOTE Confidence: 0.798945

00:28:30.206 --> 00:28:32.810 when they if they come to us in clinic.
NOTE Confidence: 0.798945

00:28:32.810 --> 00:28:35.186 A lot of times they need a doctor's
NOTE Confidence: 0.798945

00:28:35.186 --> 00:28:37.060 note that says that they are
NOTE Confidence: 0.798945

00:28:37.060 --> 00:28:38.565 who they say they are.
NOTE Confidence: 0.798945

00:28:38.570 --> 00:28:40.306 Just to verify their identity so that
NOTE Confidence: 0.798945

00:28:40.306 --> 00:28:42.339 they can get an actual identification,
NOTE Confidence: 0.8635674

00:28:42.340 --> 00:28:44.244 and one of the people that we
NOTE Confidence: 0.8635674

00:28:44.244 --> 00:28:46.316 saw in clinic that they did need
NOTE Confidence: 0.8635674

00:28:46.316 --> 00:28:48.098 that and it's just as simple
NOTE Confidence: 0.8635674

00:28:48.169 --> 00:28:49.879 as as you writing a letter.

NOTE Confidence: 0.8635674

00:28:49.880 --> 00:28:51.064 Sort of, you know,

NOTE Confidence: 0.8635674

00:28:51.064 --> 00:28:53.070 not there's no specific format to it,

NOTE Confidence: 0.8635674

00:28:53.070 --> 00:28:55.310 just saying that you know you saw

NOTE Confidence: 0.8635674

00:28:55.310 --> 00:28:57.517 this person and they are in fact

NOTE Confidence: 0.8635674

00:28:57.517 --> 00:28:59.834 they are who their name says they are

NOTE Confidence: 0.8635674

00:28:59.834 --> 00:29:02.165 so they can go and get an ID which

NOTE Confidence: 0.8635674

00:29:02.165 --> 00:29:04.930 really holds up a lot of critical

NOTE Confidence: 0.8635674

00:29:04.930 --> 00:29:06.810 elements including stable housing.

NOTE Confidence: 0.8635674

00:29:06.810 --> 00:29:08.130 So, but after that,

NOTE Confidence: 0.8635674

00:29:08.130 --> 00:29:09.450 that sort of intake.

NOTE Confidence: 0.8635674

00:29:09.450 --> 00:29:11.045 There's also a structured intake

NOTE Confidence: 0.8635674

00:29:11.045 --> 00:29:13.031 by the integrated pro bono legal

NOTE Confidence: 0.8635674

00:29:13.031 --> 00:29:14.706 team who assist patient with

NOTE Confidence: 0.8635674

00:29:14.706 --> 00:29:16.046 any pressing legal matters.

NOTE Confidence: 0.8635674

00:29:16.050 --> 00:29:18.282 Sort of helps to establish any

NOTE Confidence: 0.8635674

00:29:18.282 --> 00:29:20.858 barriers to employment and any sort of
NOTE Confidence: 0.8635674

00:29:20.858 --> 00:29:23.231 barriers to housing that may be ongoing.
NOTE Confidence: 0.8635674

00:29:23.240 --> 00:29:25.148 And then there's the medical visit,
NOTE Confidence: 0.8635674

00:29:25.150 --> 00:29:27.376 which I'll talk about a little bit
NOTE Confidence: 0.8635674

00:29:27.376 --> 00:29:29.600 more in depth on the next slide,
NOTE Confidence: 0.8635674

00:29:29.600 --> 00:29:31.190 but also along with this,
NOTE Confidence: 0.8635674

00:29:31.190 --> 00:29:32.306 as we talked about,
NOTE Confidence: 0.8635674

00:29:32.306 --> 00:29:33.701 there's the really deep connection
NOTE Confidence: 0.8635674

00:29:33.701 --> 00:29:35.528 between the incarcerated and post
NOTE Confidence: 0.8635674

00:29:35.528 --> 00:29:36.895 incarceration community, an opioid use.
NOTE Confidence: 0.8635674

00:29:36.895 --> 00:29:39.326 So it a lot of times it involves discussion
NOTE Confidence: 0.8635674

00:29:39.326 --> 00:29:41.676 and consideration of Suboxone initiation,
NOTE Confidence: 0.8635674

00:29:41.680 --> 00:29:42.952 which they can do,
NOTE Confidence: 0.8635674

00:29:42.952 --> 00:29:43.906 and then again,
NOTE Confidence: 0.8635674

00:29:43.910 --> 00:29:45.500 as Becky mentioned, you know,
NOTE Confidence: 0.8635674

00:29:45.500 --> 00:29:47.090 it's really important behavioral health,

NOTE Confidence: 0.8635674

00:29:47.090 --> 00:29:48.896 and you know the core abilities

NOTE Confidence: 0.8635674

00:29:48.896 --> 00:29:50.826 that patients have for my mental

NOTE Confidence: 0.8635674

00:29:50.826 --> 00:29:52.496 health standpoint is really key,

NOTE Confidence: 0.8635674

00:29:52.500 --> 00:29:54.845 and so there's a lot of referrals.

NOTE Confidence: 0.8635674

00:29:54.850 --> 00:29:56.080 Behavioral health specialists.

NOTE Confidence: 0.81868184

00:29:58.300 --> 00:30:00.166 Yes, Christina there is a mechanism,

NOTE Confidence: 0.81868184

00:30:00.170 --> 00:30:02.354 so you can just shoot a message.

NOTE Confidence: 0.81868184

00:30:02.360 --> 00:30:03.296 Honestly, the doctor,

NOTE Confidence: 0.81868184

00:30:03.296 --> 00:30:05.480 Puglisi or to Jerry Smart as well.

NOTE Confidence: 0.81868184

00:30:05.480 --> 00:30:07.251 I actually had a patient at the

NOTE Confidence: 0.81868184

00:30:07.251 --> 00:30:09.440 PCC who I thought would be really

NOTE Confidence: 0.81868184

00:30:09.440 --> 00:30:11.480 appropriate for this and I just

NOTE Confidence: 0.81868184

00:30:11.547 --> 00:30:13.587 sent a message to Doctor Puglisi.

NOTE Confidence: 0.81868184

00:30:13.590 --> 00:30:15.862 This is when we were back at the

NOTE Confidence: 0.81868184

00:30:15.862 --> 00:30:17.921 other clinic and then they can work

NOTE Confidence: 0.81868184

00:30:17.921 --> 00:30:20.486 with Jerry to get them to get them
NOTE Confidence: 0.81868184

00:30:20.486 --> 00:30:22.634 plugged in with the transitions clinic.
NOTE Confidence: 0.81868184

00:30:22.640 --> 00:30:25.128 And so I was able to do that.
NOTE Confidence: 0.81868184

00:30:25.130 --> 00:30:27.002 I actually don't think that this
NOTE Confidence: 0.81868184

00:30:27.002 --> 00:30:28.223 individual followed up, but.
NOTE Confidence: 0.81868184

00:30:28.223 --> 00:30:29.072 It was, uh,
NOTE Confidence: 0.81868184

00:30:29.072 --> 00:30:30.960 they worked very **** ** and getting
NOTE Confidence: 0.81868184

00:30:30.960 --> 00:30:33.180 them to come and see them in clinic.
NOTE Confidence: 0.81868184

00:30:33.180 --> 00:30:35.070 So it's just as simple as that.
NOTE Confidence: 0.82476556

00:30:37.180 --> 00:30:39.268 So as I mentioned, some of my thoughts
NOTE Confidence: 0.82476556

00:30:39.268 --> 00:30:41.578 on the transitions clinic, you know.
NOTE Confidence: 0.82476556

00:30:41.578 --> 00:30:43.462 Again, it really is this incredible
NOTE Confidence: 0.82476556

00:30:43.462 --> 00:30:44.090 multidisciplinary approach,
NOTE Confidence: 0.82476556

00:30:44.090 --> 00:30:45.968 both from Transitions Clinic as well.
NOTE Confidence: 0.82476556

00:30:45.970 --> 00:30:48.161 As we mentioned with the Street Medicine
NOTE Confidence: 0.82476556

00:30:48.161 --> 00:30:50.580 team, it really requires a lot of efforts

NOTE Confidence: 0.82476556

00:30:50.580 --> 00:30:52.303 from multiple different avenues, so.

NOTE Confidence: 0.82476556

00:30:52.303 --> 00:30:54.118 Patients leaving incarceration have high

NOTE Confidence: 0.82476556

00:30:54.118 --> 00:30:56.810 rates of not only opioid use disorder,

NOTE Confidence: 0.82476556

00:30:56.810 --> 00:30:59.099 but also a lot of chronic and

NOTE Confidence: 0.82476556

00:30:59.099 --> 00:31:00.588 communicable diseases, including hep C.

NOTE Confidence: 0.82476556

00:31:00.588 --> 00:31:03.241 HIV, as I sort of alluded to with the

NOTE Confidence: 0.82476556

00:31:03.241 --> 00:31:05.523 work in the Nathan Smith Nathan Smith

NOTE Confidence: 0.82476556

00:31:05.523 --> 00:31:08.124 Clinic and there is a significant price

NOTE Confidence: 0.82476556

00:31:08.124 --> 00:31:10.254 prevalence of mental health and mental

NOTE Confidence: 0.82476556

00:31:10.254 --> 00:31:12.216 illness and again about you know,

NOTE Confidence: 0.82476556

00:31:12.220 --> 00:31:14.586 65 plus percent will have some history

NOTE Confidence: 0.82476556

00:31:14.586 --> 00:31:16.696 of substance use this initial history

NOTE Confidence: 0.82476556

00:31:16.696 --> 00:31:19.104 as opposed to when we would usually

NOTE Confidence: 0.82476556

00:31:19.170 --> 00:31:21.193 do you know a new patient visit

NOTE Confidence: 0.82476556

00:31:21.193 --> 00:31:23.556 where we really drill in on the.

NOTE Confidence: 0.82476556

00:31:23.556 --> 00:31:25.426 Their blood pressure and their
NOTE Confidence: 0.82476556

00:31:25.426 --> 00:31:27.279 diabetes and things like that.
NOTE Confidence: 0.82476556

00:31:27.280 --> 00:31:27.595 Really.
NOTE Confidence: 0.82476556

00:31:27.595 --> 00:31:29.800 The intake here really focused on a
NOTE Confidence: 0.82476556

00:31:29.800 --> 00:31:31.834 lot of emotional and psychological
NOTE Confidence: 0.82476556

00:31:31.834 --> 00:31:34.516 questions along as along with drilling
NOTE Confidence: 0.82476556

00:31:34.516 --> 00:31:36.824 into physical trauma as well as
NOTE Confidence: 0.82476556

00:31:36.824 --> 00:31:38.968 emotional trauma and sexual as well.
NOTE Confidence: 0.82476556

00:31:38.968 --> 00:31:41.056 And it also involves a really
NOTE Confidence: 0.82476556

00:31:41.056 --> 00:31:43.159 detailed overview of their substance,
NOTE Confidence: 0.82476556

00:31:43.160 --> 00:31:43.844 use history,
NOTE Confidence: 0.82476556

00:31:43.844 --> 00:31:46.238 and it's really how all of these
NOTE Confidence: 0.82476556

00:31:46.238 --> 00:31:48.449 different factors affected their lives,
NOTE Confidence: 0.82476556

00:31:48.450 --> 00:31:50.340 interacted with their time spent,
NOTE Confidence: 0.82476556

00:31:50.340 --> 00:31:52.255 incarcerated and surgically sort of
NOTE Confidence: 0.82476556

00:31:52.255 --> 00:31:54.170 very poignantly pointed out this.

NOTE Confidence: 0.82476556

00:31:54.170 --> 00:31:56.345 Incarceration is really treated as

NOTE Confidence: 0.82476556

00:31:56.345 --> 00:31:58.990 a time dependent exposure in terms

NOTE Confidence: 0.82476556

00:31:58.990 --> 00:32:00.990 of development of substance use

NOTE Confidence: 0.82476556

00:32:00.990 --> 00:32:03.511 disorders as well as PTSD, depression,

NOTE Confidence: 0.82476556

00:32:03.511 --> 00:32:06.517 a lot of mental health concerns.

NOTE Confidence: 0.82476556

00:32:06.520 --> 00:32:08.356 And then also had the opportunity

NOTE Confidence: 0.82476556

00:32:08.356 --> 00:32:10.764 to work with some of the community

NOTE Confidence: 0.82476556

00:32:10.764 --> 00:32:12.624 outreach that is done through

NOTE Confidence: 0.82476556

00:32:12.624 --> 00:32:14.400 the Transitions Clinic umbrella.

NOTE Confidence: 0.82476556

00:32:14.400 --> 00:32:16.899 And this was specifically as it was.

NOTE Confidence: 0.82476556

00:32:16.900 --> 00:32:18.690 You know, around October, November,

NOTE Confidence: 0.82476556

00:32:18.690 --> 00:32:20.480 we worked with the Community,

NOTE Confidence: 0.82476556

00:32:20.480 --> 00:32:21.912 COVID ambassadors were also,

NOTE Confidence: 0.82476556

00:32:21.912 --> 00:32:22.628 you know,

NOTE Confidence: 0.82476556

00:32:22.630 --> 00:32:25.185 patients of the transitions clinic and we

NOTE Confidence: 0.82476556

00:32:25.185 --> 00:32:28.106 would meet with them weekly on the green

NOTE Confidence: 0.82476556

00:32:28.106 --> 00:32:30.509 and talk about various aspects of COVID.

NOTE Confidence: 0.82476556

00:32:30.510 --> 00:32:32.628 Whether it's you know the importance

NOTE Confidence: 0.82476556

00:32:32.628 --> 00:32:34.807 of masking the importance of quarantine

NOTE Confidence: 0.82476556

00:32:34.807 --> 00:32:37.060 of testing, where to get tested?

NOTE Confidence: 0.82476556

00:32:37.060 --> 00:32:38.985 When vaccine started to become,

NOTE Confidence: 0.82476556

00:32:38.990 --> 00:32:39.602 you know,

NOTE Confidence: 0.82476556

00:32:39.602 --> 00:32:42.050 started to come into the news a bit

NOTE Confidence: 0.82476556

00:32:42.127 --> 00:32:44.654 more during the ends of their trials

NOTE Confidence: 0.82476556

00:32:44.654 --> 00:32:46.898 and the approval of the vaccines.

NOTE Confidence: 0.82476556

00:32:46.900 --> 00:32:48.868 We also talked about the vaccines

NOTE Confidence: 0.82476556

00:32:48.868 --> 00:32:51.075 and the importance of vaccines and

NOTE Confidence: 0.82476556

00:32:51.075 --> 00:32:53.160 sort of addressing vaccine hesitancy

NOTE Confidence: 0.82476556

00:32:53.160 --> 00:32:55.298 within the Community and what we

NOTE Confidence: 0.82476556

00:32:55.298 --> 00:32:57.216 did was meet every week with these

NOTE Confidence: 0.82476556

00:32:57.220 --> 00:32:59.195 community COVID ambassadors and sort

NOTE Confidence: 0.82476556

00:32:59.195 --> 00:33:01.855 of educate and empower them and also

NOTE Confidence: 0.82476556

00:33:01.855 --> 00:33:03.709 reimburse them for their time and

NOTE Confidence: 0.82476556

00:33:03.709 --> 00:33:06.593 sort of have them then go out into the

NOTE Confidence: 0.82476556

00:33:06.593 --> 00:33:08.252 community and spread this information.

NOTE Confidence: 0.82476556

00:33:08.252 --> 00:33:10.744 Their own local communities to try and

NOTE Confidence: 0.82476556

00:33:10.744 --> 00:33:13.080 increase the education within the community.

NOTE Confidence: 0.82476556

00:33:13.080 --> 00:33:16.350 About COVID from multiple different aspects.

NOTE Confidence: 0.82476556

00:33:16.350 --> 00:33:17.664 So it's really remarkable that you

NOTE Confidence: 0.82476556

00:33:17.664 --> 00:33:19.682 know that both the way that they bring

NOTE Confidence: 0.82476556

00:33:19.682 --> 00:33:20.778 patients into transitions clinic,

NOTE Confidence: 0.82476556

00:33:20.780 --> 00:33:22.250 what they do while they're there,

NOTE Confidence: 0.82476556

00:33:22.250 --> 00:33:23.776 and then also how they reach out

NOTE Confidence: 0.82476556

00:33:23.776 --> 00:33:25.209 to the to the community.

NOTE Confidence: 0.8291171

00:33:29.330 --> 00:33:31.731 And another up to that we had that

NOTE Confidence: 0.8291171

00:33:31.731 --> 00:33:34.139 I had was to work with the Community

NOTE Confidence: 0.8291171

00:33:34.139 --> 00:33:35.558 Healthcare van, which was wonderful.
NOTE Confidence: 0.8291171

00:33:35.558 --> 00:33:38.200 So I don't know if any of you have
NOTE Confidence: 0.8291171

00:33:38.200 --> 00:33:39.825 had experience with this ban.
NOTE Confidence: 0.8291171

00:33:39.830 --> 00:33:41.630 Any other residents on the call.
NOTE Confidence: 0.8291171

00:33:41.630 --> 00:33:44.442 But I knew about it and I had no idea really
NOTE Confidence: 0.8291171

00:33:44.442 --> 00:33:47.025 what services they are able to provide.
NOTE Confidence: 0.8291171

00:33:47.030 --> 00:33:49.757 So this is a van that goes around New
NOTE Confidence: 0.8291171

00:33:49.757 --> 00:33:52.736 Haven and parks the days I was with that it
NOTE Confidence: 0.8291171

00:33:52.736 --> 00:33:55.709 was parked down in the Hill neighborhood.
NOTE Confidence: 0.8291171

00:33:55.710 --> 00:33:57.160 And essentially it just functioned
NOTE Confidence: 0.8291171

00:33:57.160 --> 00:33:58.320 as a walking clinic.
NOTE Confidence: 0.8291171

00:33:58.320 --> 00:34:00.350 It was somewhat limited because of COVID.
NOTE Confidence: 0.8291171

00:34:00.350 --> 00:34:02.380 We were doing flu shots that day,
NOTE Confidence: 0.8291171

00:34:02.380 --> 00:34:04.480 but also saw a couple urgent visits
NOTE Confidence: 0.8291171

00:34:04.480 --> 00:34:06.951 and we Park Park the van and then
NOTE Confidence: 0.8291171

00:34:06.951 --> 00:34:09.031 two of the social workers that work

NOTE Confidence: 0.8291171

00:34:09.031 --> 00:34:11.370 on the van were able to go out and

NOTE Confidence: 0.8291171

00:34:11.370 --> 00:34:13.400 just chat with people on the street,

NOTE Confidence: 0.8291171

00:34:13.400 --> 00:34:15.430 convince them to get a flu shot,

NOTE Confidence: 0.8291171

00:34:15.430 --> 00:34:17.411 talk with people who then came on

NOTE Confidence: 0.8291171

00:34:17.411 --> 00:34:19.489 and you know got their flu shot.

NOTE Confidence: 0.8291171

00:34:19.490 --> 00:34:20.734 Have their questions answered.

NOTE Confidence: 0.8291171

00:34:20.734 --> 00:34:22.947 They also do mother baby visits after

NOTE Confidence: 0.8291171

00:34:22.947 --> 00:34:24.427 people are believed the hospital

NOTE Confidence: 0.8291171

00:34:24.427 --> 00:34:26.565 for people that have a hard time

NOTE Confidence: 0.8291171

00:34:26.565 --> 00:34:27.769 getting to their appointments.

NOTE Confidence: 0.8291171

00:34:27.770 --> 00:34:29.246 And it was just.

NOTE Confidence: 0.8291171

00:34:29.246 --> 00:34:31.460 It was a really wonderful experience.

NOTE Confidence: 0.8291171

00:34:31.460 --> 00:34:33.674 This is really to who runs

NOTE Confidence: 0.8291171

00:34:33.674 --> 00:34:35.150 the syringe services van,

NOTE Confidence: 0.8291171

00:34:35.150 --> 00:34:37.733 which I wish I had a photograph

NOTE Confidence: 0.8291171

00:34:37.733 --> 00:34:38.840 'cause it's amazing.
NOTE Confidence: 0.8291171

00:34:38.840 --> 00:34:39.680 So really,
NOTE Confidence: 0.8291171

00:34:39.680 --> 00:34:42.200 to really to drives this white
NOTE Confidence: 0.8291171

00:34:42.200 --> 00:34:43.510 unmarked van that.
NOTE Confidence: 0.8291171

00:34:43.510 --> 00:34:45.766 One of the doors opens up and it
NOTE Confidence: 0.8291171

00:34:45.766 --> 00:34:47.849 just has this like incredibly,
NOTE Confidence: 0.8291171

00:34:47.850 --> 00:34:50.120 beautifully organized.
NOTE Confidence: 0.8291171

00:34:50.120 --> 00:34:51.850 I always containers with like
NOTE Confidence: 0.8291171

00:34:51.850 --> 00:34:53.580 syringes and needles and condoms,
NOTE Confidence: 0.8291171

00:34:53.580 --> 00:34:55.306 and these fentanyl test strips
NOTE Confidence: 0.8291171

00:34:55.306 --> 00:34:57.382 and just like it's this really
NOTE Confidence: 0.8291171

00:34:57.382 --> 00:34:58.074 wonderful resource.
NOTE Confidence: 0.8291171

00:34:58.080 --> 00:35:01.095 And he he he gets these text messages from
NOTE Confidence: 0.8291171

00:35:01.095 --> 00:35:03.956 people in the community that will say like,
NOTE Confidence: 0.8291171

00:35:03.960 --> 00:35:06.084 hey can you come basically like
NOTE Confidence: 0.8291171

00:35:06.084 --> 00:35:08.109 making small orders asking like hey,

NOTE Confidence: 0.8291171

00:35:08.110 --> 00:35:09.840 can you come drop off?

NOTE Confidence: 0.8291171

00:35:09.840 --> 00:35:11.570 You know 1520 syringes or

NOTE Confidence: 0.8291171

00:35:11.570 --> 00:35:13.300 needles and he drives around?

NOTE Confidence: 0.8291171

00:35:13.300 --> 00:35:15.708 He's able to do that and has just

NOTE Confidence: 0.8291171

00:35:15.708 --> 00:35:18.073 done like a tremendous job with

NOTE Confidence: 0.8291171

00:35:18.073 --> 00:35:20.178 harm reduction in the community.

NOTE Confidence: 0.8291171

00:35:20.180 --> 00:35:22.421 This is I don't know if these are the

NOTE Confidence: 0.8291171

00:35:22.421 --> 00:35:24.720 actual fentanyl test strips that they use.

NOTE Confidence: 0.8291171

00:35:24.720 --> 00:35:27.000 These are just ones that I found online,

NOTE Confidence: 0.8291171

00:35:27.000 --> 00:35:29.232 but it's a concept that I didn't know

NOTE Confidence: 0.8291171

00:35:29.232 --> 00:35:31.195 even existed and it's very cool where

NOTE Confidence: 0.8291171

00:35:31.195 --> 00:35:33.183 people are able to test their product

NOTE Confidence: 0.8291171

00:35:33.183 --> 00:35:35.227 to see if there's fentanyl in it.

NOTE Confidence: 0.8291171

00:35:35.230 --> 00:35:37.494 In order to gauge how much to use.

NOTE Confidence: 0.8291171

00:35:37.500 --> 00:35:39.516 And also he was saying that drug

NOTE Confidence: 0.8291171

00:35:39.516 --> 00:35:41.259 dealers will use this to know
NOTE Confidence: 0.8291171

00:35:41.259 --> 00:35:42.619 whether or not you know,
NOTE Confidence: 0.8291171

00:35:42.620 --> 00:35:44.685 especially people of you who want to
NOTE Confidence: 0.8291171

00:35:44.685 --> 00:35:46.449 avoid selling fentanyl in order to
NOTE Confidence: 0.8291171

00:35:46.449 --> 00:35:48.099 protect their clientele will often use
NOTE Confidence: 0.8291171

00:35:48.099 --> 00:35:50.429 this to determine whether or not the product.
NOTE Confidence: 0.8291171

00:35:50.430 --> 00:35:52.158 They've purchased has fentanyl in it.
NOTE Confidence: 0.88207674

00:35:55.560 --> 00:35:58.590 So along with all these.
NOTE Confidence: 0.85095793

00:35:58.590 --> 00:36:00.256 These activities that we did in person,
NOTE Confidence: 0.85095793

00:36:00.260 --> 00:36:01.940 we also had the opportunity for some,
NOTE Confidence: 0.85095793

00:36:01.940 --> 00:36:03.715 some online learning and I'll
NOTE Confidence: 0.85095793

00:36:03.715 --> 00:36:05.880 highlight a couple of them here.
NOTE Confidence: 0.85095793

00:36:05.880 --> 00:36:08.088 One that we both took part in was
NOTE Confidence: 0.85095793

00:36:08.088 --> 00:36:09.531 this clinical Tropical Medicine
NOTE Confidence: 0.85095793

00:36:09.531 --> 00:36:11.179 and global health curriculum
NOTE Confidence: 0.85095793

00:36:11.179 --> 00:36:13.420 that's done through the Universe,

NOTE Confidence: 0.85095793

00:36:13.420 --> 00:36:14.449 University of Minnesota.

NOTE Confidence: 0.85095793

00:36:14.449 --> 00:36:17.313 An what it offers is it offers the

NOTE Confidence: 0.85095793

00:36:17.313 --> 00:36:19.278 opportunity to get a certificate

NOTE Confidence: 0.85095793

00:36:19.278 --> 00:36:21.370 of completion for clinical Tropical

NOTE Confidence: 0.85095793

00:36:21.370 --> 00:36:23.170 Medicine and global health.

NOTE Confidence: 0.85095793

00:36:23.170 --> 00:36:24.600 That involves doing these seven

NOTE Confidence: 0.85095793

00:36:24.600 --> 00:36:26.641 online courses in an in person course

NOTE Confidence: 0.85095793

00:36:26.641 --> 00:36:28.573 that in total totality is like 200

NOTE Confidence: 0.85095793

00:36:28.573 --> 00:36:30.519 plus hours worth of course material.

NOTE Confidence: 0.85095793

00:36:30.520 --> 00:36:32.616 But what we focus on for this is

NOTE Confidence: 0.85095793

00:36:32.616 --> 00:36:35.318 we each were able to do one one of

NOTE Confidence: 0.85095793

00:36:35.318 --> 00:36:37.280 them online courses that they have,

NOTE Confidence: 0.85095793

00:36:37.280 --> 00:36:39.926 so you wouldn't be doing all seven of them,

NOTE Confidence: 0.85095793

00:36:39.930 --> 00:36:42.274 but you would be doing one of them.

NOTE Confidence: 0.85095793

00:36:42.280 --> 00:36:43.750 As you can see here.

NOTE Confidence: 0.85095793

00:36:43.750 --> 00:36:46.172 There I've listed out this is just
NOTE Confidence: 0.85095793

00:36:46.172 --> 00:36:48.749 from their website that you know the
NOTE Confidence: 0.85095793

00:36:48.749 --> 00:36:50.945 seven different options that you have.
NOTE Confidence: 0.85095793

00:36:50.950 --> 00:36:52.098 I did public health.
NOTE Confidence: 0.85095793

00:36:52.098 --> 00:36:53.533 I'm not sure which one.
NOTE Confidence: 0.85095793

00:36:53.540 --> 00:36:54.692 What you worked with?
NOTE Confidence: 0.85095793

00:36:54.692 --> 00:36:54.980 Becky,
NOTE Confidence: 0.78486997

00:36:54.980 --> 00:36:57.000 but parasites, so it's OK. So there
NOTE Confidence: 0.78486997

00:36:57.000 --> 00:37:00.978 you go so you can do whatever you want.
NOTE Confidence: 0.78486997

00:37:00.980 --> 00:37:02.840 So you can do it, you know,
NOTE Confidence: 0.78486997

00:37:02.840 --> 00:37:04.165 complete at your own time.
NOTE Confidence: 0.78486997

00:37:04.170 --> 00:37:06.298 There are a ton of modules within it,
NOTE Confidence: 0.78486997

00:37:06.300 --> 00:37:07.360 a lot of information,
NOTE Confidence: 0.78486997

00:37:07.360 --> 00:37:08.155 really useful stuff.
NOTE Confidence: 0.78486997

00:37:08.160 --> 00:37:10.554 Not a lot of statistics and things as well,
NOTE Confidence: 0.78486997

00:37:10.560 --> 00:37:12.576 but really a lot of a lot of

NOTE Confidence: 0.78486997

00:37:12.576 --> 00:37:14.009 great things to go through.

NOTE Confidence: 0.78486997

00:37:14.010 --> 00:37:15.946 And then I also listen to a few

NOTE Confidence: 0.78486997

00:37:15.946 --> 00:37:17.634 lectures that were posted on the

NOTE Confidence: 0.78486997

00:37:17.634 --> 00:37:19.069 yellows do for global health.

NOTE Confidence: 0.78486997

00:37:19.070 --> 00:37:20.612 It's a really sort of everyone

NOTE Confidence: 0.78486997

00:37:20.612 --> 00:37:21.990 can just go to this.

NOTE Confidence: 0.78486997

00:37:21.990 --> 00:37:24.450 It's why I just looked up by GH and they

NOTE Confidence: 0.78486997

00:37:24.520 --> 00:37:27.049 post a lot of events that they have into,

NOTE Confidence: 0.78486997

00:37:27.050 --> 00:37:28.830 including guest speakers and lectures

NOTE Confidence: 0.78486997

00:37:28.830 --> 00:37:31.030 and things like that I heard.

NOTE Confidence: 0.78486997

00:37:31.030 --> 00:37:33.158 Doctor Fouchy give a give a talk on

NOTE Confidence: 0.78486997

00:37:33.158 --> 00:37:35.018 COVID back on it back in October,

NOTE Confidence: 0.78486997

00:37:35.020 --> 00:37:36.616 November that was hosted by Yale.

NOTE Confidence: 0.78486997

00:37:36.620 --> 00:37:38.168 I think they've had John Kerry

NOTE Confidence: 0.78486997

00:37:38.168 --> 00:37:39.540 come and talk as well,

NOTE Confidence: 0.78486997

00:37:39.540 --> 00:37:41.604 so there are a lot of really awesome
NOTE Confidence: 0.78486997

00:37:41.604 --> 00:37:42.842 opportunities and it's just as
NOTE Confidence: 0.78486997

00:37:42.842 --> 00:37:44.186 simple as going to the website
NOTE Confidence: 0.78486997

00:37:44.186 --> 00:37:45.659 and registering for anything.
NOTE Confidence: 0.81398255

00:37:49.710 --> 00:37:52.410 And then I was able to do a few days
NOTE Confidence: 0.81398255

00:37:52.487 --> 00:37:55.161 at the A RC addiction recovery clinic
NOTE Confidence: 0.81398255

00:37:55.161 --> 00:37:57.739 which is over at the at the PCC,
NOTE Confidence: 0.81398255

00:37:57.740 --> 00:37:59.552 but no Longworth building so this
NOTE Confidence: 0.81398255

00:37:59.552 --> 00:38:01.489 is something that the YPC residents
NOTE Confidence: 0.81398255

00:38:01.489 --> 00:38:03.505 have had much more experience with.
NOTE Confidence: 0.81398255

00:38:03.510 --> 00:38:05.841 I don't, I don't think that many
NOTE Confidence: 0.81398255

00:38:05.841 --> 00:38:07.200 traditional residents have really
NOTE Confidence: 0.81398255

00:38:07.200 --> 00:38:09.608 rotated or spent much time in the clinic,
NOTE Confidence: 0.81398255

00:38:09.610 --> 00:38:11.857 but it was a really wonderful experience.
NOTE Confidence: 0.81398255

00:38:11.860 --> 00:38:13.460 So it's staffed by YPC.
NOTE Confidence: 0.81398255

00:38:13.460 --> 00:38:14.696 An addiction to faculty.

NOTE Confidence: 0.81398255

00:38:14.696 --> 00:38:17.003 And it's a clinic is able to

NOTE Confidence: 0.81398255

00:38:17.003 --> 00:38:18.948 provide frequent visits for patients

NOTE Confidence: 0.81398255

00:38:18.948 --> 00:38:20.504 with substance use and.

NOTE Confidence: 0.81398255

00:38:20.510 --> 00:38:22.246 What I said primarily it was treatment

NOTE Confidence: 0.81398255

00:38:22.246 --> 00:38:23.888 for opioid use disorder and alcohol

NOTE Confidence: 0.81398255

00:38:23.888 --> 00:38:25.574 use disorder and just notably it.

NOTE Confidence: 0.81398255

00:38:25.580 --> 00:38:26.920 It's not a methadone clinic,

NOTE Confidence: 0.81398255

00:38:26.920 --> 00:38:30.021 you know patients that are still on

NOTE Confidence: 0.81398255

00:38:30.021 --> 00:38:32.179 methadone still usually go to APT.

NOTE Confidence: 0.81398255

00:38:32.180 --> 00:38:35.068 But it was nice in that you know I

NOTE Confidence: 0.81398255

00:38:35.068 --> 00:38:37.608 learned a lot from the addiction.

NOTE Confidence: 0.81398255

00:38:37.610 --> 00:38:39.770 I worked with an addiction medicine

NOTE Confidence: 0.81398255

00:38:39.770 --> 00:38:42.336 fellow there and got to see how

NOTE Confidence: 0.81398255

00:38:42.336 --> 00:38:43.395 she counsels patients.

NOTE Confidence: 0.81398255

00:38:43.400 --> 00:38:45.934 And I was really surprised by you.

NOTE Confidence: 0.81398255

00:38:45.940 --> 00:38:48.356 Know she tells all of her patients who
NOTE Confidence: 0.81398255

00:38:48.356 --> 00:38:50.837 use any substances that they buy off
NOTE Confidence: 0.81398255

00:38:50.837 --> 00:38:53.900 the street from cocaine to opiates obviously,
NOTE Confidence: 0.81398255

00:38:53.900 --> 00:38:56.294 and also even even like pressed pills
NOTE Confidence: 0.81398255

00:38:56.294 --> 00:38:58.608 that everything is laced with fentanyl.
NOTE Confidence: 0.81398255

00:38:58.610 --> 00:39:00.900 Now like they're seeing just
NOTE Confidence: 0.81398255

00:39:00.900 --> 00:39:02.732 so much fentanyl lacing.
NOTE Confidence: 0.81398255

00:39:02.740 --> 00:39:04.602 And so she did a really amazing
NOTE Confidence: 0.81398255

00:39:04.602 --> 00:39:05.910 job warning the patient.
NOTE Confidence: 0.81398255

00:39:05.910 --> 00:39:06.735 Or you know,
NOTE Confidence: 0.81398255

00:39:06.735 --> 00:39:08.385 just educating patients on the fact
NOTE Confidence: 0.81398255

00:39:08.385 --> 00:39:10.226 that even if you're using cocaine,
NOTE Confidence: 0.81398255

00:39:10.230 --> 00:39:12.470 that you buy off the street and you
NOTE Confidence: 0.81398255

00:39:12.470 --> 00:39:14.260 haven't used cocaine in 10 years,
NOTE Confidence: 0.81398255

00:39:14.260 --> 00:39:15.124 you know there.
NOTE Confidence: 0.81398255

00:39:15.124 --> 00:39:17.140 There's still a good chance of that.

NOTE Confidence: 0.81398255
00:39:17.140 --> 00:39:18.580 Cocaine could be laced with
NOTE Confidence: 0.81398255
00:39:18.580 --> 00:39:20.020 fentanyl here in New Haven.
NOTE Confidence: 0.81398255
00:39:20.020 --> 00:39:21.460 And just to note something
NOTE Confidence: 0.81398255
00:39:21.460 --> 00:39:22.900 that I always forget about.
NOTE Confidence: 0.81398255
00:39:22.900 --> 00:39:25.483 And I don't think I knew as an intern.
NOTE Confidence: 0.81398255
00:39:25.490 --> 00:39:28.073 But fentanyl does not show up on a standard.
NOTE Confidence: 0.81398255
00:39:28.080 --> 00:39:30.384 You talk that you send from the hospital,
NOTE Confidence: 0.81398255
00:39:30.390 --> 00:39:31.865 you have to specifically send
NOTE Confidence: 0.81398255
00:39:31.865 --> 00:39:33.840 urine fentanyl for it to show up.
NOTE Confidence: 0.8197049
00:39:36.940 --> 00:39:38.460 And then how to refer?
NOTE Confidence: 0.8197049
00:39:38.460 --> 00:39:40.483 So if anybody is looking to refer
NOTE Confidence: 0.8197049
00:39:40.483 --> 00:39:42.089 their patients to this clinic,
NOTE Confidence: 0.8197049
00:39:42.090 --> 00:39:43.908 which I think is just like
NOTE Confidence: 0.8197049
00:39:43.908 --> 00:39:44.817 an incredible resource,
NOTE Confidence: 0.8197049
00:39:44.820 --> 00:39:47.236 you know I, my clinic at the VA.
NOTE Confidence: 0.8197049

00:39:47.240 --> 00:39:49.664 And so I'm in a little different position,

NOTE Confidence: 0.8197049

00:39:49.670 --> 00:39:51.770 but I I know that we don't

NOTE Confidence: 0.8197049

00:39:51.770 --> 00:39:53.300 often have timed to vote.

NOTE Confidence: 0.8197049

00:39:53.300 --> 00:39:54.592 These patients are automatically

NOTE Confidence: 0.8197049

00:39:54.592 --> 00:39:56.207 complicated and you don't have

NOTE Confidence: 0.8197049

00:39:56.207 --> 00:39:58.146 1520 minutes to sit down and really

NOTE Confidence: 0.8197049

00:39:58.146 --> 00:39:59.670 talk about someone's use disorder.

NOTE Confidence: 0.8197049

00:39:59.670 --> 00:40:01.458 This clinic is just like a

NOTE Confidence: 0.8197049

00:40:01.458 --> 00:40:03.000 really great resource for that.

NOTE Confidence: 0.8197049

00:40:03.000 --> 00:40:05.853 And so here is where you can message to.

NOTE Confidence: 0.8197049

00:40:05.860 --> 00:40:06.715 For your patient,

NOTE Confidence: 0.8197049

00:40:06.715 --> 00:40:08.425 or Steve Holt is also the

NOTE Confidence: 0.8197049

00:40:08.425 --> 00:40:09.539 director of the clinic.

NOTE Confidence: 0.84239346

00:40:12.530 --> 00:40:13.990 And then even talked about

NOTE Confidence: 0.84239346

00:40:13.990 --> 00:40:15.450 this a little bit earlier.

NOTE Confidence: 0.84239346

00:40:15.450 --> 00:40:17.058 But just like some opportunities that

NOTE Confidence: 0.84239346

00:40:17.058 --> 00:40:18.660 we had within community engagement,

NOTE Confidence: 0.84239346

00:40:18.660 --> 00:40:20.627 I know Aiden was able to go

NOTE Confidence: 0.84239346

00:40:20.627 --> 00:40:22.460 to the green and you know,

NOTE Confidence: 0.84239346

00:40:22.460 --> 00:40:24.206 talk about vaccinations and COVID etc.

NOTE Confidence: 0.84239346

00:40:24.210 --> 00:40:25.962 But I was also able to

NOTE Confidence: 0.84239346

00:40:25.962 --> 00:40:27.130 watch the Hill documentary,

NOTE Confidence: 0.84239346

00:40:27.130 --> 00:40:29.167 which I know several of you watched.

NOTE Confidence: 0.84239346

00:40:29.170 --> 00:40:30.630 I'm sure with the traditional

NOTE Confidence: 0.84239346

00:40:30.630 --> 00:40:32.384 program that put on, you know,

NOTE Confidence: 0.84239346

00:40:32.384 --> 00:40:34.136 a screening night for the hill,

NOTE Confidence: 0.84239346

00:40:34.140 --> 00:40:36.768 but that was for anyone that didn't watch it.

NOTE Confidence: 0.84239346

00:40:36.770 --> 00:40:38.818 You know this is a story about a

NOTE Confidence: 0.84239346

00:40:38.818 --> 00:40:40.559 neighborhood in the Hill neighborhood.

NOTE Confidence: 0.84239346

00:40:40.560 --> 00:40:41.736 There was a street.

NOTE Confidence: 0.84239346

00:40:41.736 --> 00:40:44.100 That was just adjacent to the hospital,

NOTE Confidence: 0.84239346

00:40:44.100 --> 00:40:46.080 essentially where they bulldozed and evicted.

NOTE Confidence: 0.84239346

00:40:46.080 --> 00:40:47.720 I don't know. 4040 homes.

NOTE Confidence: 0.84239346

00:40:47.720 --> 00:40:49.370 I can't remember the number,

NOTE Confidence: 0.84239346

00:40:49.370 --> 00:40:53.150 but it in order to build a new school and

NOTE Confidence: 0.84239346

00:40:53.245 --> 00:40:57.117 just all the politics that went behind it.

NOTE Confidence: 0.84239346

00:40:57.120 --> 00:40:59.059 It was very eye opening and a

NOTE Confidence: 0.84239346

00:40:59.059 --> 00:41:00.440 very interesting film to watch.

NOTE Confidence: 0.84239346

00:41:00.440 --> 00:41:01.830 We also just had time.

NOTE Confidence: 0.84239346

00:41:01.830 --> 00:41:02.382 You know,

NOTE Confidence: 0.84239346

00:41:02.382 --> 00:41:04.314 there were several days where there weren't.

NOTE Confidence: 0.84239346

00:41:04.320 --> 00:41:06.112 I was with the street Medicine team

NOTE Confidence: 0.84239346

00:41:06.112 --> 00:41:07.963 and maybe there wasn't a lot going

NOTE Confidence: 0.84239346

00:41:07.963 --> 00:41:09.499 on or people didn't have medical

NOTE Confidence: 0.84239346

00:41:09.558 --> 00:41:11.400 concerns and we just walked around

NOTE Confidence: 0.84239346

00:41:11.400 --> 00:41:12.902 Fairhaven or walked around different

NOTE Confidence: 0.84239346

00:41:12.902 --> 00:41:13.990 neighborhoods and just chatted

NOTE Confidence: 0.84239346
00:41:13.990 --> 00:41:15.680 with people caught up with people,
NOTE Confidence: 0.84239346
00:41:15.680 --> 00:41:19.310 asked how their kids are doing, and.
NOTE Confidence: 0.84239346
00:41:19.310 --> 00:41:21.170 It was a very nice experience
NOTE Confidence: 0.84239346
00:41:21.170 --> 00:41:22.100 because you know,
NOTE Confidence: 0.84239346
00:41:22.100 --> 00:41:23.795 I think that throughout residency
NOTE Confidence: 0.84239346
00:41:23.795 --> 00:41:25.814 we never really have the time
NOTE Confidence: 0.84239346
00:41:25.814 --> 00:41:27.368 to just sit down and like,
NOTE Confidence: 0.84239346
00:41:27.370 --> 00:41:28.610 listen to someone story.
NOTE Confidence: 0.84239346
00:41:28.610 --> 00:41:30.222 You know, we think we do,
NOTE Confidence: 0.84239346
00:41:30.222 --> 00:41:32.229 but in the back of your head
NOTE Confidence: 0.84239346
00:41:32.229 --> 00:41:33.567 you're always thinking,
NOTE Confidence: 0.84239346
00:41:33.570 --> 00:41:34.560 Oh my God,
NOTE Confidence: 0.84239346
00:41:34.560 --> 00:41:36.540 I have a discharge summary to
NOTE Confidence: 0.84239346
00:41:36.540 --> 00:41:38.527 write or I have to check on.
NOTE Confidence: 0.84239346
00:41:38.530 --> 00:41:40.168 You know this person's labs or
NOTE Confidence: 0.84239346

00:41:40.168 --> 00:41:42.016 there are so many more conflicting
NOTE Confidence: 0.84239346

00:41:42.016 --> 00:41:44.104 issues going on in the hospital.
NOTE Confidence: 0.84239346

00:41:44.110 --> 00:41:45.970 But this was just a really,
NOTE Confidence: 0.84239346

00:41:45.970 --> 00:41:48.340 really nice experience to just.
NOTE Confidence: 0.84239346

00:41:48.340 --> 00:41:50.664 Almost be a Med student and just
NOTE Confidence: 0.84239346

00:41:50.664 --> 00:41:53.327 kind of just sit back and absorb
NOTE Confidence: 0.84239346

00:41:53.327 --> 00:41:55.715 everything like a sponge and just,
NOTE Confidence: 0.84239346

00:41:55.720 --> 00:41:56.446 you know,
NOTE Confidence: 0.84239346

00:41:56.446 --> 00:41:59.780 be able to listen to people an it was.
NOTE Confidence: 0.84239346

00:41:59.780 --> 00:42:03.160 It was very refreshing.
NOTE Confidence: 0.84239346

00:42:03.160 --> 00:42:06.067 So in the last like couple minutes we have,
NOTE Confidence: 0.84239346

00:42:06.070 --> 00:42:08.646 we just wanted to talk through a case.
NOTE Confidence: 0.84239346

00:42:08.650 --> 00:42:10.588 This is a made up case,
NOTE Confidence: 0.84239346

00:42:10.590 --> 00:42:12.844 but it's something similar to I think.
NOTE Confidence: 0.84239346

00:42:12.850 --> 00:42:15.104 I think many of us would have,
NOTE Confidence: 0.84239346

00:42:15.110 --> 00:42:15.950 you know,

NOTE Confidence: 0.84239346

00:42:15.950 --> 00:42:17.630 similar patients when you're

NOTE Confidence: 0.84239346

00:42:17.630 --> 00:42:19.900 on fitkin or Verde etc so.

NOTE Confidence: 0.84239346

00:42:19.900 --> 00:42:22.726 This is a 45 year old gentleman who is

NOTE Confidence: 0.84239346

00:42:22.726 --> 00:42:25.239 history of opioid use and Ivy drug use.

NOTE Confidence: 0.84239346

00:42:25.240 --> 00:42:27.118 He was admitted after an accidental

NOTE Confidence: 0.84239346

00:42:27.118 --> 00:42:28.057 over accidental overdose.

NOTE Confidence: 0.84239346

00:42:28.060 --> 00:42:30.204 He was in Ark and intimated in the

NOTE Confidence: 0.84239346

00:42:30.204 --> 00:42:32.569 field and then admitted for a Narcan

NOTE Confidence: 0.84239346

00:42:32.569 --> 00:42:34.334 drip and withdrawal on examine.

NOTE Confidence: 0.84239346

00:42:34.340 --> 00:42:36.796 They make you use node to have a

NOTE Confidence: 0.84239346

00:42:36.796 --> 00:42:39.050 black eschar in his right first toe,

NOTE Confidence: 0.84239346

00:42:39.050 --> 00:42:40.940 without Cellulitis overlying in the X.

NOTE Confidence: 0.84239346

00:42:40.940 --> 00:42:42.540 Ray showed early osteomyelitis,

NOTE Confidence: 0.84239346

00:42:42.540 --> 00:42:45.303 so you konsult I deem they're asking

NOTE Confidence: 0.84239346

00:42:45.303 --> 00:42:47.663 for a bone biopsy and they did not

NOTE Confidence: 0.84239346

00:42:47.663 --> 00:42:49.927 yet start her money into biotics.

NOTE Confidence: 0.84239346

00:42:49.930 --> 00:42:51.676 And then he gets transferred to

NOTE Confidence: 0.84239346

00:42:51.676 --> 00:42:54.299 fit in at 5:25 PM and you contact

NOTE Confidence: 0.84239346

00:42:54.299 --> 00:42:56.387 social work right before they leave,

NOTE Confidence: 0.85828805

00:42:56.390 --> 00:42:58.938 and they say he's living with friends

NOTE Confidence: 0.85828805

00:42:58.938 --> 00:43:01.530 or staying on the green overnight.

NOTE Confidence: 0.85828805

00:43:01.530 --> 00:43:03.840 And then around 9:00 PM you're getting

NOTE Confidence: 0.85828805

00:43:03.840 --> 00:43:05.473 other admissions and this patient

NOTE Confidence: 0.85828805

00:43:05.473 --> 00:43:07.510 is now asking to leave the hospital

NOTE Confidence: 0.85828805

00:43:07.510 --> 00:43:09.875 and you're not totally sure if they

NOTE Confidence: 0.85828805

00:43:09.875 --> 00:43:11.539 have capacity because you're not

NOTE Confidence: 0.85828805

00:43:11.539 --> 00:43:13.134 sure if they're still withdrawing

NOTE Confidence: 0.85828805

00:43:13.134 --> 00:43:15.419 or you know what what's going on.

NOTE Confidence: 0.85828805

00:43:15.420 --> 00:43:16.506 You have psych.

NOTE Confidence: 0.85828805

00:43:16.506 --> 00:43:18.316 Go evaluate your internal psychiatry

NOTE Confidence: 0.85828805

00:43:18.316 --> 00:43:20.891 intern and she goes and evaluates and

NOTE Confidence: 0.85828805

00:43:20.891 --> 00:43:23.043 has the attending psychiatrist come with

NOTE Confidence: 0.85828805

00:43:23.043 --> 00:43:25.206 her and said the patient has capacity.

NOTE Confidence: 0.85828805

00:43:25.210 --> 00:43:27.178 So I guess her question here is just

NOTE Confidence: 0.85828805

00:43:27.178 --> 00:43:29.423 what are your biggest concerns with this

NOTE Confidence: 0.85828805

00:43:29.423 --> 00:43:31.450 patient and with patients like this.

NOTE Confidence: 0.8567103

00:43:39.240 --> 00:43:40.983 It's OK, it's OK. I know it's

NOTE Confidence: 0.8567103

00:43:40.983 --> 00:43:42.978 kind of late in the presentation.

NOTE Confidence: 0.8567103

00:43:42.980 --> 00:43:44.940 I think your concern would be that

NOTE Confidence: 0.8567103

00:43:44.940 --> 00:43:46.514 they're just going to go right

NOTE Confidence: 0.8567103

00:43:46.514 --> 00:43:48.103 back to the green and use again

NOTE Confidence: 0.8567103

00:43:48.157 --> 00:43:49.897 because they're so uncomfortable.

NOTE Confidence: 0.8567103

00:43:49.900 --> 00:43:51.050 Perhaps in their withdrawal.

NOTE Confidence: 0.8982017

00:43:54.160 --> 00:43:56.267 Yeah, exactly, I think that that is.

NOTE Confidence: 0.8982017

00:43:56.270 --> 00:43:58.783 That is like the key is just

NOTE Confidence: 0.8982017

00:43:58.783 --> 00:44:00.942 really thinking like why are they

NOTE Confidence: 0.8982017

00:44:00.942 --> 00:44:02.946 leaving and what can you do?
NOTE Confidence: 0.8982017

00:44:02.950 --> 00:44:04.732 To address why they want to
NOTE Confidence: 0.8982017

00:44:04.732 --> 00:44:07.000 leave and if any of that has
NOTE Confidence: 0.8982017

00:44:07.000 --> 00:44:08.685 to do with their withdrawal,
NOTE Confidence: 0.8982017

00:44:08.690 --> 00:44:10.275 are you under treating their
NOTE Confidence: 0.8982017

00:44:10.275 --> 00:44:12.217 withdrawal or are they having just
NOTE Confidence: 0.8982017

00:44:12.217 --> 00:44:13.987 severe cravings and desire to use
NOTE Confidence: 0.8982017

00:44:13.987 --> 00:44:16.029 and you haven't considered you know,
NOTE Confidence: 0.8982017

00:44:16.030 --> 00:44:17.938 starting them on treatment for this?
NOTE Confidence: 0.8982017

00:44:17.940 --> 00:44:21.438 Is it a complex social situation?
NOTE Confidence: 0.8982017

00:44:21.440 --> 00:44:23.636 You know, are they worried about?
NOTE Confidence: 0.8982017

00:44:23.640 --> 00:44:24.666 Paying a bill?
NOTE Confidence: 0.8982017

00:44:24.666 --> 00:44:27.060 Or are they worried about getting home
NOTE Confidence: 0.8982017

00:44:27.132 --> 00:44:29.612 in order to do something you know things
NOTE Confidence: 0.8982017

00:44:29.612 --> 00:44:32.366 just to really think about into address.
NOTE Confidence: 0.8982017

00:44:32.370 --> 00:44:35.230 And I think we just sort of wanted to leave

NOTE Confidence: 0.8982017

00:44:35.298 --> 00:44:37.953 you with a couple of pearls in terms of,

NOTE Confidence: 0.8982017

00:44:37.960 --> 00:44:39.962 you know when you think about patients

NOTE Confidence: 0.8982017

00:44:39.962 --> 00:44:42.367 like this who want to leave the hospital.

NOTE Confidence: 0.8982017

00:44:42.370 --> 00:44:45.016 Just what can you do in order to really

NOTE Confidence: 0.8982017

00:44:45.016 --> 00:44:47.655 make it as safe a discharge as you can,

NOTE Confidence: 0.8982017

00:44:47.660 --> 00:44:49.704 and it feels really

NOTE Confidence: 0.8982017

00:44:49.704 --> 00:44:51.237 challenging often because.

NOTE Confidence: 0.8982017

00:44:51.240 --> 00:44:51.764 You know,

NOTE Confidence: 0.8982017

00:44:51.764 --> 00:44:53.074 and it never feels like

NOTE Confidence: 0.8982017

00:44:53.074 --> 00:44:54.510 a very safe discharge.

NOTE Confidence: 0.8982017

00:44:54.510 --> 00:44:56.913 But there are things that you can do that

NOTE Confidence: 0.8982017

00:44:56.913 --> 00:44:59.560 can reduce the harm of their leaving early,

NOTE Confidence: 0.8982017

00:44:59.560 --> 00:45:00.608 so harm reduction practices.

NOTE Confidence: 0.8982017

00:45:00.608 --> 00:45:02.556 These are practices that seek to reduce

NOTE Confidence: 0.8982017

00:45:02.556 --> 00:45:03.864 adverse health consequences that

NOTE Confidence: 0.8982017

00:45:03.864 --> 00:45:05.499 could come from unhealthy behaviors,
NOTE Confidence: 0.8982017

00:45:05.500 --> 00:45:07.558 but assuming that patient will likely
NOTE Confidence: 0.8982017

00:45:07.558 --> 00:45:09.449 continue these behaviors and so things
NOTE Confidence: 0.8982017

00:45:09.449 --> 00:45:11.281 you can do along the lines of harm
NOTE Confidence: 0.8982017

00:45:11.336 --> 00:45:13.178 reduction is prescribed Narcan and you
NOTE Confidence: 0.8982017

00:45:13.178 --> 00:45:17.010 can show the patient how to use Narcan.
NOTE Confidence: 0.8982017

00:45:17.010 --> 00:45:19.665 You know one thing that I find very helpful.
NOTE Confidence: 0.8982017

00:45:19.670 --> 00:45:22.316 I saw recently that an ID note had left.
NOTE Confidence: 0.8982017

00:45:22.320 --> 00:45:24.090 You know, this is the patient
NOTE Confidence: 0.8982017

00:45:24.090 --> 00:45:25.270 that was similar situation.
NOTE Confidence: 0.8982017

00:45:25.270 --> 00:45:26.450 The patient had been,
NOTE Confidence: 0.8982017

00:45:26.450 --> 00:45:27.040 you know,
NOTE Confidence: 0.8982017

00:45:27.040 --> 00:45:28.810 saying that they want to leave.
NOTE Confidence: 0.8982017

00:45:28.810 --> 00:45:30.285 They are requesting to leave
NOTE Confidence: 0.8982017

00:45:30.285 --> 00:45:31.760 and obviously you know it.
NOTE Confidence: 0.8982017

00:45:31.760 --> 00:45:33.205 You don't necessarily want to

NOTE Confidence: 0.8982017

00:45:33.205 --> 00:45:35.300 put a patient with osteo on PO

NOTE Confidence: 0.8982017

00:45:35.300 --> 00:45:37.070 antibiotics and you'd rather have Ivy.

NOTE Confidence: 0.8982017

00:45:37.070 --> 00:45:38.840 But if they're going to leave,

NOTE Confidence: 0.8982017

00:45:38.840 --> 00:45:41.200 you know it's always useful to ask ID

NOTE Confidence: 0.8982017

00:45:41.200 --> 00:45:43.560 like hey, if if they have to leave,

NOTE Confidence: 0.8982017

00:45:43.560 --> 00:45:45.366 what is a PEO option and then

NOTE Confidence: 0.8982017

00:45:45.366 --> 00:45:46.556 also getting addiction medicine

NOTE Confidence: 0.8982017

00:45:46.556 --> 00:45:47.988 involved sooner than later.

NOTE Confidence: 0.8982017

00:45:47.990 --> 00:45:49.460 Is is always very key.

NOTE Confidence: 0.8638795

00:45:51.700 --> 00:45:53.470 Something very helpful is to get

NOTE Confidence: 0.8638795

00:45:53.470 --> 00:45:55.666 their meds to beds and so like

NOTE Confidence: 0.8638795

00:45:55.666 --> 00:45:57.256 like somebody had asked earlier,

NOTE Confidence: 0.8638795

00:45:57.260 --> 00:45:58.800 you know how do these

NOTE Confidence: 0.8638795

00:45:58.800 --> 00:46:00.032 patients get medications it?

NOTE Confidence: 0.8638795

00:46:00.040 --> 00:46:01.033 It's really hard.

NOTE Confidence: 0.8638795

00:46:01.033 --> 00:46:03.019 You know when you discharge somebody

NOTE Confidence: 0.8638795

00:46:03.019 --> 00:46:05.127 from the hospital who is not living

NOTE Confidence: 0.8638795

00:46:05.127 --> 00:46:06.926 in stable housing or is homeless

NOTE Confidence: 0.8638795

00:46:06.926 --> 00:46:08.708 and you give them the prescriptions

NOTE Confidence: 0.8638795

00:46:08.708 --> 00:46:11.278 to go to a CVS you know a mile away

NOTE Confidence: 0.8638795

00:46:11.278 --> 00:46:13.637 to pick up their albuterol inhaler.

NOTE Confidence: 0.8638795

00:46:13.640 --> 00:46:15.866 Like what are the odds that they're

NOTE Confidence: 0.8638795

00:46:15.866 --> 00:46:17.967 going to be able to do that?

NOTE Confidence: 0.8638795

00:46:17.970 --> 00:46:19.890 There are so many other more

NOTE Confidence: 0.8638795

00:46:19.890 --> 00:46:21.170 pressing issues for them.

NOTE Confidence: 0.8638795

00:46:21.170 --> 00:46:23.610 In their life that that that's a very

NOTE Confidence: 0.8638795

00:46:23.610 --> 00:46:25.208 difficult thing to ask somebody.

NOTE Confidence: 0.8638795

00:46:25.210 --> 00:46:27.443 And so the same reveals apothecary that

NOTE Confidence: 0.8638795

00:46:27.443 --> 00:46:29.877 I think it's under Epic as the wine,

NOTE Confidence: 0.8638795

00:46:29.880 --> 00:46:31.120 age, age, apothecary forget.

NOTE Confidence: 0.8638795

00:46:31.120 --> 00:46:32.670 But if you prescribe your

NOTE Confidence: 0.8638795

00:46:32.670 --> 00:46:33.918 medications to that apothecary,

NOTE Confidence: 0.8638795

00:46:33.920 --> 00:46:36.470 you can call the night before

NOTE Confidence: 0.8638795

00:46:36.470 --> 00:46:38.670 and have them brought over.

NOTE Confidence: 0.8638795

00:46:38.670 --> 00:46:42.870 Looking at the chat meds to beds, yeah.

NOTE Confidence: 0.8638795

00:46:42.870 --> 00:46:44.844 And so you know, getting those anime.

NOTE Confidence: 0.8638795

00:46:44.850 --> 00:46:46.548 I've done it the same day,

NOTE Confidence: 0.8638795

00:46:46.550 --> 00:46:48.194 but I think it's often easier

NOTE Confidence: 0.8638795

00:46:48.194 --> 00:46:50.508 if you can do it the day before.

NOTE Confidence: 0.8638795

00:46:50.510 --> 00:46:51.188 But it is.

NOTE Confidence: 0.8638795

00:46:51.188 --> 00:46:52.770 It is very helpful to be able

NOTE Confidence: 0.8638795

00:46:52.829 --> 00:46:54.761 to get those medications to the

NOTE Confidence: 0.8638795

00:46:54.761 --> 00:46:56.450 patient's bed before they leave.

NOTE Confidence: 0.8638795

00:46:56.450 --> 00:46:58.148 Think if you do it the

NOTE Confidence: 0.858096

00:46:58.150 --> 00:47:00.679 same day they can usually get it to the

NOTE Confidence: 0.858096

00:47:00.679 --> 00:47:02.679 patient's bedside in about 2 ish hours.

NOTE Confidence: 0.858096

00:47:02.680 --> 00:47:05.227 If you. If you do it the same day.
NOTE Confidence: 0.53486633

00:47:06.820 --> 00:47:10.670 Nice. And then they will also
NOTE Confidence: 0.53486633

00:47:10.670 --> 00:47:13.022 do I bring in the chat that they
NOTE Confidence: 0.53486633

00:47:13.022 --> 00:47:14.807 also do supplies and glucometers?
NOTE Confidence: 0.53486633

00:47:14.810 --> 00:47:17.678 Yeah, that's that's great to know.
NOTE Confidence: 0.53486633

00:47:17.680 --> 00:47:19.948 And then, in terms of discharging somebody,
NOTE Confidence: 0.53486633

00:47:19.950 --> 00:47:22.434 who is your, you know someone to the street
NOTE Confidence: 0.53486633

00:47:22.434 --> 00:47:24.810 or somebody who has unstable housing.
NOTE Confidence: 0.53486633

00:47:24.810 --> 00:47:27.573 So you can always tell them that they can
NOTE Confidence: 0.53486633

00:47:27.573 --> 00:47:29.990 always follow up at liberty safe haven.
NOTE Confidence: 0.53486633

00:47:29.990 --> 00:47:32.258 That's on State Street on Monday mornings.
NOTE Confidence: 0.53486633

00:47:32.260 --> 00:47:34.850 An anagram is the contact there, and you
NOTE Confidence: 0.53486633

00:47:34.850 --> 00:47:38.990 can always shoot her a message, an epic.
NOTE Confidence: 0.53486633

00:47:38.990 --> 00:47:43.197 In the social worker should really be.
NOTE Confidence: 0.53486633

00:47:43.200 --> 00:47:44.910 You know your closest ally
NOTE Confidence: 0.53486633

00:47:44.910 --> 00:47:45.936 in these situations,

NOTE Confidence: 0.53486633

00:47:45.940 --> 00:47:47.655 and you can always inquire

NOTE Confidence: 0.53486633

00:47:47.655 --> 00:47:49.027 about medical respite programs.

NOTE Confidence: 0.53486633

00:47:49.030 --> 00:47:51.445 There are some programs that offer temporary

NOTE Confidence: 0.53486633

00:47:51.445 --> 00:47:53.488 housing for patients that have medical.

NOTE Confidence: 0.53486633

00:47:53.490 --> 00:47:57.276 Medical issues were leaving the hospital.

NOTE Confidence: 0.53486633

00:47:57.280 --> 00:47:58.888 You know that incentive to possibly

NOTE Confidence: 0.53486633

00:47:58.888 --> 00:48:00.584 get into a medical respite program

NOTE Confidence: 0.53486633

00:48:00.584 --> 00:48:02.306 could be raising a sick patient

NOTE Confidence: 0.53486633

00:48:02.306 --> 00:48:04.129 would stay in the hospital as well,

NOTE Confidence: 0.53486633

00:48:04.130 --> 00:48:06.407 and then Sarah Jacobs is one of the social

NOTE Confidence: 0.53486633

00:48:06.407 --> 00:48:08.322 workers here at Yale who works really

NOTE Confidence: 0.53486633

00:48:08.322 --> 00:48:10.159 closely with the street Medicine team.

NOTE Confidence: 0.53486633

00:48:10.160 --> 00:48:12.350 And so.

NOTE Confidence: 0.53486633

00:48:12.350 --> 00:48:13.715 For any questions or concerns

NOTE Confidence: 0.53486633

00:48:13.715 --> 00:48:14.534 about these patients,

NOTE Confidence: 0.53486633

00:48:14.540 --> 00:48:17.006 she would be a really great resource to have.

NOTE Confidence: 0.87829757

00:48:20.160 --> 00:48:21.980 It didn't do anything else to add,

NOTE Confidence: 0.87829757

00:48:21.980 --> 00:48:24.789 I think. No, yeah, well,

NOTE Confidence: 0.87829757

00:48:24.789 --> 00:48:27.253 we just wanted to say thank you so

NOTE Confidence: 0.87829757

00:48:27.253 --> 00:48:29.654 much to Doctor Shannon Dr Raven for

NOTE Confidence: 0.87829757

00:48:29.654 --> 00:48:31.410 putting together this collective.

NOTE Confidence: 0.87829757

00:48:31.410 --> 00:48:33.456 It was like we said earlier.

NOTE Confidence: 0.87829757

00:48:33.460 --> 00:48:35.875 I mean it was a wonderful experience

NOTE Confidence: 0.87829757

00:48:35.875 --> 00:48:38.567 and I think we both learned a lot.

NOTE Confidence: 0.8408655

00:48:41.510 --> 00:48:43.060 But thank you so much,

NOTE Confidence: 0.8408655

00:48:43.060 --> 00:48:44.920 Becky and Aiden for this fantastic

NOTE Confidence: 0.8408655

00:48:44.920 --> 00:48:46.082 presentation, I think, well,

NOTE Confidence: 0.8408655

00:48:46.082 --> 00:48:48.070 I think you've done a phenomenal job

NOTE Confidence: 0.8408655

00:48:48.128 --> 00:48:50.186 of sort of describing the experience.

NOTE Confidence: 0.8408655

00:48:50.190 --> 00:48:52.535 I think Sheila and I both enjoyed

NOTE Confidence: 0.8408655

00:48:52.535 --> 00:48:54.232 opportunities to debrief with you

NOTE Confidence: 0.8408655

00:48:54.232 --> 00:48:56.134 and the other residents doing the

NOTE Confidence: 0.8408655

00:48:56.134 --> 00:48:58.158 electives on a weekly basis and to

NOTE Confidence: 0.8408655

00:48:58.158 --> 00:49:00.068 really hear in real time about what

NOTE Confidence: 0.8408655

00:49:00.068 --> 00:49:01.802 you were learning and how impactful

NOTE Confidence: 0.8408655

00:49:01.802 --> 00:49:03.829 so many of these experiences were.

NOTE Confidence: 0.8408655

00:49:03.830 --> 00:49:05.690 And wondering just in the last

NOTE Confidence: 0.8408655

00:49:05.690 --> 00:49:06.620 couple of minutes,

NOTE Confidence: 0.8408655

00:49:06.620 --> 00:49:08.480 if you guys would mind commenting,

NOTE Confidence: 0.8408655

00:49:08.480 --> 00:49:09.820 you know, we we.

NOTE Confidence: 0.8408655

00:49:09.820 --> 00:49:12.132 Framed this as a local global health

NOTE Confidence: 0.8408655

00:49:12.132 --> 00:49:14.484 elective to take the place of the

NOTE Confidence: 0.8408655

00:49:14.484 --> 00:49:15.789 international health electives that

NOTE Confidence: 0.8408655

00:49:15.789 --> 00:49:18.276 you guys were both supposed to be on

NOTE Confidence: 0.8408655

00:49:18.276 --> 00:49:20.118 and just hearing what you've shared.

NOTE Confidence: 0.8408655

00:49:20.120 --> 00:49:20.704 You know,

NOTE Confidence: 0.8408655

00:49:20.704 --> 00:49:22.456 I think something that's very similar
NOTE Confidence: 0.8408655

00:49:22.456 --> 00:49:24.719 to what I hear from residents coming
NOTE Confidence: 0.8408655

00:49:24.719 --> 00:49:26.339 back from from our international
NOTE Confidence: 0.8408655

00:49:26.398 --> 00:49:28.073 partners sites are these themes
NOTE Confidence: 0.8408655

00:49:28.073 --> 00:49:30.062 around having an opportunity to really
NOTE Confidence: 0.8408655

00:49:30.062 --> 00:49:31.622 understand the context of what's
NOTE Confidence: 0.8408655

00:49:31.622 --> 00:49:33.929 going on for the patients you know?
NOTE Confidence: 0.8408655

00:49:33.930 --> 00:49:35.850 Arriving in a new medical culture,
NOTE Confidence: 0.8408655

00:49:35.850 --> 00:49:37.054 a new social culture,
NOTE Confidence: 0.8408655

00:49:37.054 --> 00:49:38.860 an really sort of having this
NOTE Confidence: 0.8408655

00:49:38.922 --> 00:49:40.986 chance to try to understand things,
NOTE Confidence: 0.8408655

00:49:40.990 --> 00:49:41.941 and having that.
NOTE Confidence: 0.8408655

00:49:41.941 --> 00:49:43.843 Sort of trigger thoughts on how
NOTE Confidence: 0.8408655

00:49:43.843 --> 00:49:45.759 they might change their practice
NOTE Confidence: 0.8408655

00:49:45.759 --> 00:49:48.057 going forward and I'm just wondering
NOTE Confidence: 0.8408655

00:49:48.123 --> 00:49:50.227 if either of you would be able to

NOTE Confidence: 0.8408655

00:49:50.227 --> 00:49:51.964 comment on sort of that parallel

NOTE Confidence: 0.8408655

00:49:51.964 --> 00:49:54.177 between sort of what you had hoped

NOTE Confidence: 0.8408655

00:49:54.177 --> 00:49:56.205 to get out of an international

NOTE Confidence: 0.8408655

00:49:56.205 --> 00:49:58.184 experience and sort of how how

NOTE Confidence: 0.8408655

00:49:58.184 --> 00:49:59.689 this experience met or didn't

NOTE Confidence: 0.8408655

00:49:59.689 --> 00:50:01.248 meet some of those expectations.

NOTE Confidence: 0.8503004

00:50:03.320 --> 00:50:05.744 Yeah, so I think I'm speaking to that.

NOTE Confidence: 0.8503004

00:50:05.750 --> 00:50:08.300 The you know when you go when we were both

NOTE Confidence: 0.8503004

00:50:08.365 --> 00:50:10.920 hoping to go to an international location,

NOTE Confidence: 0.8503004

00:50:10.920 --> 00:50:12.744 I think you may look forward

NOTE Confidence: 0.8503004

00:50:12.744 --> 00:50:13.960 to experiencing new cultures,

NOTE Confidence: 0.8503004

00:50:13.960 --> 00:50:16.150 new communities and really learning from

NOTE Confidence: 0.8503004

00:50:16.150 --> 00:50:18.828 them and sort of broadening your view

NOTE Confidence: 0.8503004

00:50:18.828 --> 00:50:21.516 on medicine along with health care and.

NOTE Confidence: 0.8503004

00:50:21.520 --> 00:50:22.648 No, through the different

NOTE Confidence: 0.8503004

00:50:22.648 --> 00:50:23.776 experiences that we had,
NOTE Confidence: 0.8503004

00:50:23.780 --> 00:50:24.924 whether it's with incarceration,
NOTE Confidence: 0.8503004

00:50:24.924 --> 00:50:26.900 medicine or if the street medicine team,
NOTE Confidence: 0.8503004

00:50:26.900 --> 00:50:28.502 it really is a completely new
NOTE Confidence: 0.8503004

00:50:28.502 --> 00:50:30.514 environment as far as you know what
NOTE Confidence: 0.8503004

00:50:30.514 --> 00:50:31.989 we're used to participating in,
NOTE Confidence: 0.8503004

00:50:31.990 --> 00:50:34.254 whether it's our clinic here or you know,
NOTE Confidence: 0.8503004

00:50:34.260 --> 00:50:35.670 especially on the inpatient side,
NOTE Confidence: 0.8503004

00:50:35.670 --> 00:50:37.926 you really are just in your little bubble,
NOTE Confidence: 0.8503004

00:50:37.930 --> 00:50:40.342 I guess, and you don't really see the broader
NOTE Confidence: 0.8503004

00:50:40.342 --> 00:50:42.457 scope of everything going on around you.
NOTE Confidence: 0.8503004

00:50:42.460 --> 00:50:44.908 And I think both of our eyes were really
NOTE Confidence: 0.8503004

00:50:44.908 --> 00:50:47.265 opened by all the experiences that we had.
NOTE Confidence: 0.8503004

00:50:47.270 --> 00:50:49.270 I know is Becky mentioned, you know,
NOTE Confidence: 0.8503004

00:50:49.270 --> 00:50:51.920 I also keep hand warmers in my car now.
NOTE Confidence: 0.8503004

00:50:51.920 --> 00:50:52.763 At all times,

NOTE Confidence: 0.8503004

00:50:52.763 --> 00:50:54.449 and I think that the allowed

NOTE Confidence: 0.8503004

00:50:54.449 --> 00:50:56.436 the lessons that we learned by,

NOTE Confidence: 0.8503004

00:50:56.440 --> 00:50:57.092 you know,

NOTE Confidence: 0.8503004

00:50:57.092 --> 00:50:59.048 going around with the street Medicine

NOTE Confidence: 0.8503004

00:50:59.048 --> 00:51:01.071 team and seeing what kind of things

NOTE Confidence: 0.8503004

00:51:01.071 --> 00:51:03.347 they try and do in terms of harm

NOTE Confidence: 0.8503004

00:51:03.347 --> 00:51:05.159 reduction and trying to get plugged

NOTE Confidence: 0.8503004

00:51:05.159 --> 00:51:07.270 in with people and trying to keep,

NOTE Confidence: 0.8503004

00:51:07.270 --> 00:51:07.810 you know,

NOTE Confidence: 0.8503004

00:51:07.810 --> 00:51:09.970 keep on top of become allies with with

NOTE Confidence: 0.8503004

00:51:10.027 --> 00:51:12.386 their patients is something that we don't.

NOTE Confidence: 0.8503004

00:51:12.390 --> 00:51:14.238 A lot of times think about when

NOTE Confidence: 0.8503004

00:51:14.238 --> 00:51:15.999 we're on the inpatient side,

NOTE Confidence: 0.8503004

00:51:16.000 --> 00:51:17.204 and especially when trying

NOTE Confidence: 0.8503004

00:51:17.204 --> 00:51:18.107 to discharge people.

NOTE Confidence: 0.8503004

00:51:18.110 --> 00:51:20.238 Both of us were really struck by a
NOTE Confidence: 0.8503004

00:51:20.238 --> 00:51:22.621 couple of stories of people who are
NOTE Confidence: 0.8503004

00:51:22.621 --> 00:51:24.406 discharged from the hospital and.
NOTE Confidence: 0.8503004

00:51:24.410 --> 00:51:24.916 You know,
NOTE Confidence: 0.8503004

00:51:24.916 --> 00:51:26.940 of course they didn't go to the pharmacy
NOTE Confidence: 0.8503004

00:51:26.996 --> 00:51:28.670 that they prescribe the meds too.
NOTE Confidence: 0.8503004

00:51:28.670 --> 00:51:29.995 Of course they didn't pick
NOTE Confidence: 0.8503004

00:51:29.995 --> 00:51:31.055 anything up like that's.
NOTE Confidence: 0.8503004

00:51:31.060 --> 00:51:32.656 They prescribe them to this pharmacy,
NOTE Confidence: 0.8503004

00:51:32.660 --> 00:51:34.424 but we know that they know this
NOTE Confidence: 0.8503004

00:51:34.424 --> 00:51:36.333 person hangs out on this corner and
NOTE Confidence: 0.8503004

00:51:36.333 --> 00:51:37.971 this pharmacy is closest to that.
NOTE Confidence: 0.8503004

00:51:37.980 --> 00:51:39.576 So a lot of really unique
NOTE Confidence: 0.8503004

00:51:39.576 --> 00:51:40.640 experiences that we had,
NOTE Confidence: 0.8503004

00:51:40.640 --> 00:51:41.970 and I think it is,
NOTE Confidence: 0.8503004

00:51:41.970 --> 00:51:44.355 you know you really liking it to it being,

NOTE Confidence: 0.8503004

00:51:44.360 --> 00:51:44.836 you know,

NOTE Confidence: 0.8503004

00:51:44.836 --> 00:51:46.502 a really sort of a different culture

NOTE Confidence: 0.8503004

00:51:46.502 --> 00:51:48.294 in different community that you don't

NOTE Confidence: 0.8503004

00:51:48.294 --> 00:51:50.479 really get to interact with all the time.

NOTE Confidence: 0.8961247

00:51:52.670 --> 00:51:55.700 Yeah, I agree with everything

NOTE Confidence: 0.8961247

00:51:55.700 --> 00:51:59.202 that you said I. I was once really

NOTE Confidence: 0.8961247

00:51:59.202 --> 00:52:00.810 struck by Philip said to me.

NOTE Confidence: 0.8961247

00:52:00.810 --> 00:52:02.922 He was like it's like we

NOTE Confidence: 0.8961247

00:52:02.922 --> 00:52:04.690 were standing outside of the.

NOTE Confidence: 0.8961247

00:52:04.690 --> 00:52:06.363 One of the soup kitchens and people

NOTE Confidence: 0.8961247

00:52:06.363 --> 00:52:08.252 were all eating and kind of chatting

NOTE Confidence: 0.8961247

00:52:08.252 --> 00:52:09.657 and then eventually before right

NOTE Confidence: 0.8961247

00:52:09.657 --> 00:52:11.087 before they were about to leave

NOTE Confidence: 0.8961247

00:52:11.087 --> 00:52:12.925 would come over and be like, oh Phil.

NOTE Confidence: 0.8961247

00:52:12.925 --> 00:52:14.940 I have this horrible Abscess on my back.

NOTE Confidence: 0.8961247

00:52:14.940 --> 00:52:16.431 Or, you know, they would wait until
NOTE Confidence: 0.8961247

00:52:16.431 --> 00:52:18.244 the end to really address the medical
NOTE Confidence: 0.8961247

00:52:18.244 --> 00:52:19.936 problems and he was talking about,
NOTE Confidence: 0.8961247

00:52:19.940 --> 00:52:21.190 like Maslow's hierarchy of needs.
NOTE Confidence: 0.8961247

00:52:21.190 --> 00:52:22.940 And he was saying, like you know,
NOTE Confidence: 0.8961247

00:52:22.940 --> 00:52:24.564 people need in order for them to
NOTE Confidence: 0.8961247

00:52:24.564 --> 00:52:25.690 address their medical problems.
NOTE Confidence: 0.8961247

00:52:25.690 --> 00:52:26.401 They need to.
NOTE Confidence: 0.8961247

00:52:26.401 --> 00:52:28.440 They first need to address their own safety,
NOTE Confidence: 0.8961247

00:52:28.440 --> 00:52:28.940 their own.
NOTE Confidence: 0.8961247

00:52:28.940 --> 00:52:30.440 You know they have to eat.
NOTE Confidence: 0.8961247

00:52:30.440 --> 00:52:31.742 They have to have housing and
NOTE Confidence: 0.8961247

00:52:31.742 --> 00:52:33.517 a lot of times you know those
NOTE Confidence: 0.8961247

00:52:33.517 --> 00:52:34.947 priorities come first before they
NOTE Confidence: 0.8961247

00:52:34.947 --> 00:52:36.848 even care about their health and so.
NOTE Confidence: 0.8961247

00:52:36.850 --> 00:52:39.784 Which makes sense and I I think that really.

NOTE Confidence: 0.8961247

00:52:39.790 --> 00:52:41.295 Changed the way I often think about.

NOTE Confidence: 0.8961247

00:52:41.300 --> 00:52:42.380 Sometimes you know, I think,

NOTE Confidence: 0.8961247

00:52:42.380 --> 00:52:45.692 like Oh my God, how could you let this?

NOTE Confidence: 0.8961247

00:52:45.700 --> 00:52:47.765 You know, go on for so long.

NOTE Confidence: 0.8961247

00:52:47.770 --> 00:52:49.540 You know you've had this infection.

NOTE Confidence: 0.8961247

00:52:49.540 --> 00:52:51.010 You've had this, you know.

NOTE Confidence: 0.8961247

00:52:51.010 --> 00:52:53.075 We've had this problem for so long,

NOTE Confidence: 0.8961247

00:52:53.080 --> 00:52:55.145 and it's so easy to forget about

NOTE Confidence: 0.8961247

00:52:55.145 --> 00:52:56.622 the fact that, like that's,

NOTE Confidence: 0.8961247

00:52:56.622 --> 00:52:58.398 that's one of their absolute lowest

NOTE Confidence: 0.8961247

00:52:58.398 --> 00:52:59.608 priorities when people don't

NOTE Confidence: 0.8961247

00:52:59.608 --> 00:53:00.748 have any stable housing,

NOTE Confidence: 0.8961247

00:53:00.750 --> 00:53:02.808 it is reiterated how just housing is.

NOTE Confidence: 0.8961247

00:53:02.810 --> 00:53:04.784 I mean housing is health and it's

NOTE Confidence: 0.8961247

00:53:04.784 --> 00:53:06.650 it's critical to good health care.

NOTE Confidence: 0.85134465

00:53:09.370 --> 00:53:11.082 Thanks so much to both of you and
NOTE Confidence: 0.85134465

00:53:11.082 --> 00:53:13.255 I think I mean even in this last
NOTE Confidence: 0.85134465

00:53:13.255 --> 00:53:14.775 piece you've just highlighted some
NOTE Confidence: 0.85134465

00:53:14.775 --> 00:53:16.131 really concrete takeaways that
NOTE Confidence: 0.85134465

00:53:16.131 --> 00:53:18.086 anybody can implement in your time.
NOTE Confidence: 0.85134465

00:53:18.086 --> 00:53:19.366 Working on the inpatient wards
NOTE Confidence: 0.85134465

00:53:19.366 --> 00:53:21.060 just even sort of asking patients
NOTE Confidence: 0.85134465

00:53:21.060 --> 00:53:22.615 about which pharmacy you know,
NOTE Confidence: 0.85134465

00:53:22.620 --> 00:53:25.020 the one that's in the computer might not
NOTE Confidence: 0.85134465

00:53:25.020 --> 00:53:26.954 necessarily be the one that makes the
NOTE Confidence: 0.85134465

00:53:26.954 --> 00:53:29.108 most sense to be sending their meds too,
NOTE Confidence: 0.85134465

00:53:29.110 --> 00:53:30.982 and certainly even thinking about whether
NOTE Confidence: 0.85134465

00:53:30.982 --> 00:53:33.012 they can afford whatever copay or afford
NOTE Confidence: 0.85134465

00:53:33.012 --> 00:53:34.727 to pick up the medication before you
NOTE Confidence: 0.85134465

00:53:34.782 --> 00:53:36.714 send them out to really important pieces.
NOTE Confidence: 0.85134465

00:53:36.720 --> 00:53:38.848 And as Sheila put in the chat.

NOTE Confidence: 0.85134465

00:53:38.850 --> 00:53:40.538 You know, every week when we would talk

NOTE Confidence: 0.85134465

00:53:40.538 --> 00:53:42.579 with you guys we were so jealous that of

NOTE Confidence: 0.85134465

00:53:42.579 --> 00:53:44.228 all the experiences that you were having,

NOTE Confidence: 0.85134465

00:53:44.230 --> 00:53:45.710 I think we told you this over and

NOTE Confidence: 0.85134465

00:53:45.710 --> 00:53:47.396 over again that you know these were

NOTE Confidence: 0.85134465

00:53:47.396 --> 00:53:48.661 all experiences and colleagues that

NOTE Confidence: 0.85134465

00:53:48.707 --> 00:53:50.268 you had the opportunity to work with,

NOTE Confidence: 0.85134465

00:53:50.270 --> 00:53:51.390 that we have been wanting

NOTE Confidence: 0.85134465

00:53:51.390 --> 00:53:52.510 to work with for years.

NOTE Confidence: 0.85134465

00:53:52.510 --> 00:53:54.553 So so glad to be able to pull this

NOTE Confidence: 0.85134465

00:53:54.553 --> 00:53:56.318 together for residents to experience.

NOTE Confidence: 0.85134465

00:53:56.320 --> 00:53:59.032 I'm so I think I don't see any

NOTE Confidence: 0.85134465

00:53:59.032 --> 00:54:01.057 other questions in the chat so

NOTE Confidence: 0.85134465

00:54:01.057 --> 00:54:03.480 maybe will end just a minute early.

NOTE Confidence: 0.85134465

00:54:03.480 --> 00:54:06.220 I want to just put up a quick quick slide

NOTE Confidence: 0.85134465

00:54:06.294 --> 00:54:08.919 two to promote our global health day
NOTE Confidence: 0.85134465

00:54:08.919 --> 00:54:11.320 activities for next week for tomorrow.
NOTE Confidence: 0.85134465

00:54:11.320 --> 00:54:13.336 Rather said tomorrow is Global Health
NOTE Confidence: 0.85134465

00:54:13.336 --> 00:54:15.419 Day in the Department of Medicine.
NOTE Confidence: 0.85134465

00:54:15.420 --> 00:54:17.800 We have some really exciting things planned.
NOTE Confidence: 0.85134465

00:54:17.800 --> 00:54:19.991 Doctor Askar Rastegar is going to be
NOTE Confidence: 0.85134465

00:54:19.991 --> 00:54:22.100 giving grand rounds tomorrow at 8:30
NOTE Confidence: 0.85134465

00:54:22.100 --> 00:54:23.945 talking about building human resources
NOTE Confidence: 0.85134465

00:54:23.945 --> 00:54:26.177 for health and his personal journey
NOTE Confidence: 0.85134465

00:54:26.177 --> 00:54:28.325 will have a fantastic panel discussion.
NOTE Confidence: 0.85134465

00:54:28.330 --> 00:54:31.760 At noon this is a QR code to sign on.
NOTE Confidence: 0.85134465

00:54:31.760 --> 00:54:33.874 I know that both sets of chiefs
NOTE Confidence: 0.85134465

00:54:33.874 --> 00:54:35.991 are going to be organizing this
NOTE Confidence: 0.85134465

00:54:35.991 --> 00:54:38.277 in for groups on both campuses,
NOTE Confidence: 0.85134465

00:54:38.280 --> 00:54:39.995 but I'm really excited about
NOTE Confidence: 0.85134465

00:54:39.995 --> 00:54:41.710 our panel discussion at noon.

NOTE Confidence: 0.85134465

00:54:41.710 --> 00:54:43.106 Talking about colleagues around

NOTE Confidence: 0.85134465

00:54:43.106 --> 00:54:45.200 the medical campus who are engaged

NOTE Confidence: 0.85134465

00:54:45.256 --> 00:54:46.901 in global health capacity building

NOTE Confidence: 0.85134465

00:54:46.901 --> 00:54:48.217 efforts now and then.

NOTE Confidence: 0.85134465

00:54:48.220 --> 00:54:50.460 Tomorrow night we'll have our fifth annual

NOTE Confidence: 0.85134465

00:54:50.460 --> 00:54:52.000 refugee Health education conference.

NOTE Confidence: 0.85134465

00:54:52.000 --> 00:54:53.328 It's a shorter version.

NOTE Confidence: 0.85134465

00:54:53.328 --> 00:54:56.460 It's just an hour and a half this year,

NOTE Confidence: 0.85134465

00:54:56.460 --> 00:54:58.959 but focusing on sort of COVID updates.

NOTE Confidence: 0.85134465

00:54:58.960 --> 00:55:00.245 Related to physical and mental

NOTE Confidence: 0.85134465

00:55:00.245 --> 00:55:01.016 health of refugees.

NOTE Confidence: 0.85134465

00:55:01.020 --> 00:55:02.988 So I hope that folks on the call

NOTE Confidence: 0.85134465

00:55:02.988 --> 00:55:05.149 will be able to join us for those.

NOTE Confidence: 0.85134465

00:55:05.150 --> 00:55:06.879 So thanks so much again to Becky

NOTE Confidence: 0.85134465

00:55:06.879 --> 00:55:08.470 and Aidan for presenting and to

NOTE Confidence: 0.85134465

00:55:08.470 --> 00:55:10.048 all of you for joining us.

NOTE Confidence: 0.85134465

00:55:10.050 --> 00:55:12.360 Have a great rest of your day.
