NOTE Confidence: 0.936954918947368

00:00:00.000 --> 00:00:02.360 OK. I'm going to do share screen and

NOTE Confidence: 0.936954918947368

00:00:02.360 --> 00:00:05.115 I'm going to share the desktop because

NOTE Confidence: 0.936954918947368

00:00:05.115 --> 00:00:07.140 there's so many presentations. OK.

NOTE Confidence: 0.936954918947368

00:00:07.140 --> 00:00:10.880 We think pretty strongly that I'll

NOTE Confidence: 0.936954918947368

00:00:11.400 --> 00:00:16.640 log out at the end. Let's quit that.

NOTE Confidence: 0.8144628

00:00:18.240 --> 00:00:22.280 All right here, here.

NOTE Confidence: 0.932512418461539

00:00:24.840 --> 00:00:26.744 And because This is why I don't

NOTE Confidence: 0.932512418461539

00:00:26.744 --> 00:00:28.840 want to log in as host, because

NOTE Confidence: 0.932512418461539

00:00:28.840 --> 00:00:32.278 what I want to do here, I want to

NOTE Confidence: 0.6088587

00:00:34.200 --> 00:00:34.440 hold

NOTE Confidence: 0.70782605

00:00:38.320 --> 00:00:38.680 on join.

NOTE Confidence: 0.930190094

00:00:41.240 --> 00:00:42.720 I want to join that,

NOTE Confidence: 0.943607955

00:00:49.080 --> 00:00:50.196 oh, you didn't start the webinar.

NOTE Confidence: 0.943607955

00:00:50.200 --> 00:00:51.862 Yeah, I'm just going to start
NOTE Confidence: 0.943607955

00:00:51.862 --> 00:00:53.878 it now because I need to check.
NOTE Confidence: 0.943607955

00:00:53.880 --> 00:00:54.639 Some things here.
NOTE Confidence: 0.943607955

00:00:54.639 --> 00:00:56.560 I'm going to start the webinar okay
NOTE Confidence: 0.873097632

00:01:02.080 --> 00:01:05.188 and so I think it's the webinar
NOTE Confidence: 0.873097632

00:01:05.188 --> 00:01:07.198 create a problem. I do this
NOTE Confidence: 0.873097632

00:01:07.198 --> 00:01:08.554 all the time but not webinars.
NOTE Confidence: 0.94025373

00:01:19.200 --> 00:01:22.950 Here we go. We're fine and we're
NOTE Confidence: 0.94025373

00:01:22.950 --> 00:01:25.680 going to there we go check 1-2
NOTE Confidence: 0.87119948

00:01:27.720 --> 00:01:28.960 and the audio is there.
NOTE Confidence: 0.944278878

00:01:33.400 --> 00:01:37.440 I'm going to leave. Goodbye. All right.
NOTE Confidence: 0.944278878

00:01:37.440 --> 00:01:38.960 What I will do is I will hide
NOTE Confidence: 0.94025356

00:01:40.320 --> 00:01:42.480 this. I will
NOTE Confidence: 0.946004097142857

00:01:42.480 --> 00:01:46.183 take that away. And we'll minimize this and
NOTE Confidence: 0.946004097142857

00:01:46.183 --> 00:01:48.470 it's out of your way. All right. So now
NOTE Confidence: 0.939135444444445

00:01:52.510 --> 00:01:53.166 just advance it yet.

NOTE Confidence: 0.939135444444445
00:01:53.166 --> 00:01:53.986 Because let me show you.
NOTE Confidence: 0.939135444444445
00:01:53.990 --> 00:01:57.246 Because. Because okay,
NOTE Confidence: 0.939135444444445
00:01:57.246 --> 00:02:00.950 just get to the end.
NOTE Confidence: 0.939135444444445
00:02:00.950 --> 00:02:01.830 Go right back to there.
NOTE Confidence: 0.8952204375
00:02:04.510 --> 00:02:06.830 Well, you hit Escape. It brings up Zoom.
NOTE Confidence: 0.8952204375
00:02:06.830 --> 00:02:08.670 That's right, Zoom gets involved.
NOTE Confidence: 0.8952204375
00:02:08.670 --> 00:02:09.935 And then it's a nightmare
NOTE Confidence: 0.8952204375
00:02:09.935 --> 00:02:11.108 to you can get back to it,
NOTE Confidence: 0.8952204375
00:02:11.110 --> 00:02:14.060 but it's just a nightmare. Just.
NOTE Confidence: 0.8952204375
00:02:14.060 --> 00:02:17.324 Somebody accidentally does that.
NOTE Confidence: 0.8952204375
00:02:17.324 --> 00:02:19.412 Well, it's a matter if if somebody
NOTE Confidence: 0.8952204375
00:02:19.412 --> 00:02:20.792 else actually does it, just click.
NOTE Confidence: 0.8952204375
00:02:20.792 --> 00:02:22.388 Because basically what you want to
NOTE Confidence: 0.8952204375
00:02:22.388 --> 00:02:24.457 do is you want to bring it forward,
NOTE Confidence: 0.8952204375
00:02:24.460 --> 00:02:28.499 you want to bring the PowerPoint forward.
NOTE Confidence: 0.8952204375

00:02:28.500 --> 00:02:32.044 So if we go there, you go here,
NOTE Confidence: 0.8952204375

00:02:32.044 --> 00:02:34.332 press escape, it brings this up.
NOTE Confidence: 0.8952204375

00:02:34.332 --> 00:02:35.659 You don't want to do that. You
NOTE Confidence: 0.9402536

00:02:39.500 --> 00:02:41.676 got to click on the PowerPoint to bring
NOTE Confidence: 0.9402536

00:02:41.676 --> 00:02:44.260 it forward and then you can hit escape.
NOTE Confidence: 0.9402536

00:02:44.260 --> 00:02:47.056 Okay, we'll go back through that again.
NOTE Confidence: 0.9318674333333333

00:02:49.940 --> 00:02:51.700 Just hide it. There we go. There.
NOTE Confidence: 0.9318674333333333

00:02:51.700 --> 00:02:54.565 Boom, hit Escape. That comes up.
NOTE Confidence: 0.9318674333333333

00:02:54.565 --> 00:02:56.490 But then what you do is just
NOTE Confidence: 0.9318674333333333

00:02:56.556 --> 00:02:58.506 need to bring PowerPoint forward
NOTE Confidence: 0.9318674333333333

00:02:58.506 --> 00:03:00.456 and then press escape again.
NOTE Confidence: 0.9318674333333333

00:03:00.460 --> 00:03:01.924 Because it's zoom,
NOTE Confidence: 0.9318674333333333

00:03:01.924 --> 00:03:05.512 it just adds an element that go away.
NOTE Confidence: 0.9318674333333333

00:03:05.512 --> 00:03:06.816 All right, you're good.
NOTE Confidence: 0.7850388

00:03:12.190 --> 00:03:12.750 More modern?
NOTE Confidence: 0.941027707692308

00:03:16.590 --> 00:03:18.116 Yeah. I mean, I'm going to talk

NOTE Confidence: 0.941027707692308
00:03:18.116 --> 00:03:19.748 about life with the beginning today.
NOTE Confidence: 0.941027707692308
00:03:19.750 --> 00:03:22.210 Probably. Most people don't
NOTE Confidence: 0.941027707692308
00:03:22.210 --> 00:03:25.285 even haven't heard that turn.
NOTE Confidence: 0.941027707692308
00:03:25.290 --> 00:03:26.530 But it still has you, general.
NOTE Confidence: 0.950317
00:03:35.530 --> 00:03:36.490 Yeah, we're still trying
NOTE Confidence: 0.9201268
00:03:40.850 --> 00:03:40.970 to
NOTE Confidence: 0.9905706
00:03:46.690 --> 00:03:47.090 understand.
NOTE Confidence: 0.7954328
00:03:50.100 --> 00:03:52.860 I'm looking well,
NOTE Confidence: 0.9352219
00:03:58.540 --> 00:03:58.900 I'm glad.
NOTE Confidence: 0.60054696
00:04:30.220 --> 00:04:30.500 Alright.
NOTE Confidence: 0.25221425
00:05:31.030 --> 00:05:31.150 Yeah.
NOTE Confidence: 0.39994606
00:05:48.510 --> 00:05:49.070 It is.
NOTE Confidence: 0.425172225
00:07:37.530 --> 00:07:39.928 She could. But what if
NOTE Confidence: 0.943608066666667
00:07:46.330 --> 00:07:46.768 you think about?
NOTE Confidence: 0.22235405
00:07:59.490 --> 00:07:59.570 The.
NOTE Confidence: 0.2150829

00:09:13.970 --> 00:09:14.090 But.
NOTE Confidence: 0.41242737
00:09:36.510 --> 00:09:36.630 Yeah.
NOTE Confidence: 0.22056504
00:09:58.650 --> 00:09:58.770 Right.
NOTE Confidence: 0.9402536
00:11:24.700 --> 00:11:24.900 Very
NOTE Confidence: 0.9905706
00:11:32.770 --> 00:11:33.130 intrested.
