

Yale School of Medicine, Department of Internal Medicine, Section of Geriatrics

Seeking Clinician Educator at the Assistant/Associate Professor Level

The Section of Geriatrics, Department of Internal Medicine, Yale University School of Medicine, is seeking a well-trained clinician educator at the Assistant Professor or Associate Professor level. Geriatric clinical fellowship training is required. This position will be focused on the clinical care of older adults in a variety of settings and on geriatric education and training of medical students, residents, and fellows. This includes clinical care and education on the YNHH in-patient acute care for the elderly unit, inpatient and outpatient geriatric consult service, and in the expanding clinical programs throughout the Yale New Haven Health system. The candidate will also develop, implement, or participate in educational or curricular scholarship.

Interested individuals should submit a letter of interest, curriculum vitae, and the names and contact information of three external references. **Apply online only at:**
<http://apply.interfolio.com/95324>

Review of applications will commence immediately and continue until the position is filled.

Yale University is an Affirmative Action/Equal Opportunity employer. Yale values diversity among its students, staff, and faculty and strongly welcomes applications from women, persons with disabilities, protected veterans, and underrepresented minorities.
