

Sanding?

Protect yourself and co-workers

Safety glasses or goggles - protect eyes from dust and fumes

Respirator with HEPA/N95 Cartridges or Filtering Facepiece - protects you from inhaling dust

LEV Sander – reduces workshop dust by 90%

Gloves – protect your skin from dust

Coveralls – keep dust off your street clothes

If possible, use Wet Sanding.

Wash hands thoroughly with soap and water before eating, drinking or smoking!
