| PGY 5 | \$76,201 |
| PGY 6 | \$80,012 |
| PGY 7 | \$84,012 |
| PGY 8 | \$88,213 |

Vacation

2-4 weeks, at the discretion of the department and its needs.

Professional Leave

Professional leaves are determined at the discretion of the department on an individual basis due to need.

Family/Medical Leave of Absence

It is the policy of Yale-New Haven Hospital to grant a leave of absence to employees who are absent from work due to physical or mental disability, parental needs for newborn or child adoption, or the serious illness of a family member. The hospital is interested in ensuring that parental and family leaves of absence are granted in order to allow an employee personal time to meet family and parental needs. Under this policy, a family/medical leave of absence (FMLA) may be granted for a period up to 16 weeks during a 24-month period for all eligible house staff. Under some circumstances, additional time may be available if more than 12 months have elapsed since the beginning of the last FMLA. The leave may be paid, unpaid, or a combination, and is reserved for purposes of either child adoption, care of a newborn infant, the serious illness of a child, spouse, or parent, parent-in-law, or medical leave of absence for an employee who is absent from work due to a physical or mental illness or disability. It is the intention of the hospital to comply with the Federal Family and Medical Leave Act of 1993, as well as applicable federal or state statutes.

Long Term Disability

The hospital has a disability insurance program that provides individual coverage to a resident/fellow while employed at Yale-New Haven Hospital. This insurance provides salary continuation up to age 65 for eligible house staff once extended sick leave benefits cease. The residents/fellows (policy owners) may continue this policy after leaving Yale-New Haven Hospital. The plan provides total disability, partial disability, future purchase option, indexing, portability, and billing discounts.

Professional Liability

Yale-New Haven Hospital provides its residents and fellows with professional liability insurance coverage for professional activities performed within the scope of hospital-assigned duties. The insurance coverage is provided by Yale-New Haven Hospital while the resident/fellow is functioning within the medical center; however, insurance may be provided by an affiliate hospital if the resident/fellow is on rotation at that hospital. Insurance coverage generally is not provided for personal activities, like moonlighting.

Insurance coverage is provided for the duration of graduate medical training, but may exclude periods during which the resident is assigned exclusively to non-clinical duties, like bench research. The insurance pays for the costs of legal defense, settlements and awards, and will protect the resident against awards from claims reported or filed after the completion of the residency as long as the case involves acts or omissions undertaken within the scope of the residency program.

Parking

Secure on-site parking in the Air Rights Garage is provided to house staff at a subsidized rate through payroll deductions.
