Stress Reduction Study for Partners of Early Stage Dementia

If you are married or in a committed relationship, are at least 60 years old, and you live with a partner who has early stage dementia, you may be eligible to participate in a study geared towards lowering daily stress and supporting you in your relationship. Participation involves three short visits over the phone. During the visits, we will teach you a stress reduction technique and ask you and your partner to complete a brief survey over the phone or by mail. Compensation up to $200 per couple.

To learn more or to see if you are eligible to participate, please contact Kathleen Williams at (203) 641-5373 or email her at kathleen.williams@yale.edu.
Does your partner have early stage dementia?
