Vial Request for CD34 + Cells

Please fill out the information below in order to receive vials containing CD34+ selected cells. Return this form to Ping-xia Zheng for review. She will check the vial availability and charge the PTAEO number. **Please allow 48 hours for requests to be processed. The charge for CD34 cells is $392.54 per million cells.**

We are able to provide these cells to you at a greatly reduced fee because of partial funding support provided by Cooperative Centers of Excellence in Hematology NIDDK Grant # DK106829. ***Please acknowledge that grant support in any publications that include research made possible with these cells, and please send citation information on any such publications to us so that we can reference those in our grant renewal application.***
