Internal Request for CD34 + Cells

Please fill out the information below in order to receive vials containing CD34+ selected cells. Return this form to Ping-xia Zhang for review. She will check the vial availability and charge the COA number. **Please allow 48 hours for requests to be processed.** The charge for CD34 cells is $227.25 per million cells.

We are able to provide these cells to you at a reduced cost due to support provided by the Cooperative Centers of Excellence in Hematology (NIDDK Grant # DK106829). **Please acknowledge this grant in any publications that include research made possible with these cells, and please send citation information on any such publications to us so that we can reference those in our grant renewal application.**

Request Information

Name of Principle Investigator: ______________________________________________________

Email: _________________________________________________________________________

Phone Number: __________________________________________________________________

Research Purpose for Use of CD34+ Cells: ____________________________________________________________________

Name of Requestor (if different from PI): _____________________________________________

Phone Number: __________________________________________________________________

Charging Instructions (COA): ______________________________________________________

Number of vials requested: Concentration CD34/Vial: ______________________________________

Released by: __________________________ Date: __________________________

**By signing this form below, you agree to the stipulation that these cells are to be used for research only and will not be infused into humans and acknowledge that grant support in any publications which include research made possible with these cells.**

Principle Investigator/ Researcher __________________________________________ Signature _______ Date __________________________
