GUIDELINE FOR STUDENT PHYSICAL EXAM VIDEO RECORDING

Technology has been provided in the Physical Exam Suite rooms that enable students to record their practice of physical exam skills. This can be used for student's personal review or to review with a faculty member for feedback. It is important that the use of this technology be used only for these intended purposes. The following outlines the guidelines to be adhered to when utilizing this technology.

Students are entitled to make video recordings of themselves for self-education purposes only. Student learners should exercise the highest level of integrity, ethics, objectivity and mutual respect in their behavior when recording in the Physical Exam Suites (1607 C. 4.)* Recordings must be used solely for the individual's own personal study.

Students may not transfer or share recordings without the express written consent of all parties participating in the video. Users are responsible for maintaining the security of and are presumed to be responsible for any activity carried out (1607 E.)* and are responsible for any and all content (1607 G.)*.

Recording technology should not be used for any other types of activities, such as blogs, videos for presentations, the 4th year show or any other type of student-run activities. If there is a question about, or request for use of this technology for other than the uses specified above, the request should be sent to the Associate Dean for Curriculum for consideration and written permission.

Any violation of these guidelines may be referred to the Progress Committee for consideration of disciplinary action. Complaints or legal liability for unlawful use may result in University discipline or may be subject to criminal prosecution, civil liability, or both for unlawful use (16067.3 E.)*

*These guidelines are in accordance with the Yale University Information Technology Appropriate Use Policy 1607.
