<b>Patient Types</b>										
Well Infant/well child	1	Full Participation	Aquifer	Indirect	Out					
Adult physical exam	1	Full Participation	Aquifer	Indirect	Out					
<b>Clinical Conditions</b>										
Cardiac issue (e.g., murmur, HTN, CHF, chest pain)	1	Full Participation	Aquifer	Indirect	Out					
Gastroenterologic issue (e.g., abdominal pain, N/V, diarrhea, constipation)	1	Full Participation	Aquifer	Indirect	Out					
Endocrinologic issue (e.g., growth abnormality, diabetes mellitus, thyroid, weight management)	1	Full Participation	Aquifer	Indirect	Out					
Hematologic issue (e.g., anemia, thrombocytopenia, leukocytosis)	1	Full Participation	Aquifer	Indirect	Out					
Neurologic issue (e.g., headache, dizziness, tremor, numbness, neuropathy)	1	Full Participation	Aquifer	Indirect	Out					
Pulmonary issue (e.g., asthma, COPD, dyspnea)	1	Full Participation	Aquifer	Indirect	Out					
Rheumatologic issue (e.g., arthritis, low back pain)	1	Full Participation	Aquifer	Indirect	Out					
Infectious disease issue (e.g., URI, UTI)	1	Full Participation	Aquifer	Indirect	Out					
Psychological issue (e.g., ADHD, anxiety, depression)	1	Full Participation	Aquifer	Indirect	Out					
Social issue (e.g., Developmental/school, financial, food, violence)	1	Full Participation	Aquifer	Indirect	Out					
Preventative care issue (e.g., vaccination, screening for cancer, tobacco, alcohol)	1	Full Participation	Aquifer	Indirect	Out					

**Full Participation (FP)**, student participated in key aspects of the encounter; **Assisted Participation (AP)**, student was present for the entirety of the encounter and participated in some but not all of the key aspects of the encounter; **Simulation (S)**, key aspects of the encounter using a simulator or standardized patient; **Observed (O)**, student was present for the entirety of the encounter and did not actively participate in the encounter.

**Direct Supervision**, the supervising physician is physically present with the student and the patient; **Indirect Supervision**, the supervising physician is not physically present with the student and the patient but is immediately available to provide direct supervision upon request, thus requiring that the supervising physician remain physically present within the hospital or other site of patient care. (Being with a student on a Telehealth visit can also count as direct or indirect supervision.)

**Observed History and Exam**

History/Date	Supervising Clinician (SC)	Supervising Clinician initialed	Clinical Setting: Inpatient (I), Outpatient (O)	Site/Team	Chief Complaint

Student Reflection on learning and areas for improvement:

Full (F)/Focused (FO) Exam & Date	Supervising Clinician	Supervising Clinician initialed	Clinical Setting: Inpatient (I), Outpatient (O)	Site/Team	Chief Complaint
