00:00:30.580 --> 00:00:33.244 To decide what you want to do in residency.

NOTE Confidence: 0.8985843

00:00:35.320 --> 00:00:37.450 We have a number of elective
NOTE Confidence: 0.8985843

00:00:37.450 --> 00:00:39.190 and sub internships which are
NOTE Confidence: 0.8985843

00:00:39.260 --> 00:00:42.224 rather unique such as an interventional
NOTE Confidence: 0.8985843

00:00:42.224 --> 00:00:43.706 radiology elective psychiatry
NOTE Confidence: 0.8985843

00:00:43.706 --> 00:00:45.882 elective in which students go with

NOTE Confidence: 0.8985843

00:00:48.284 --> 00:00:50.244 with patients in their homes.
NOTE Confidence: 0.8985843

00:00:50.250 --> 00:00:52.854 So we have built these electives which
NOTE Confidence: 0.8985843

00:00:52.854 --> 00:00:55.759 have a very wide range of purposes,
NOTE Confidence: 0.8985843

00:00:55.760 --> 00:00:58.520 but also access to a very wide range
NOTE Confidence: 0.8985843

00:00:58.520 --> 00:01:00.868 of patients and social situations.
NOTE Confidence: 0.8556068

00:01:02.230 --> 00:01:03.410 So the clerkship experience for
NOTE Confidence: 0.8556068

00:01:03.410 --> 00:01:05.430 me is one of the most gratifying,
NOTE Confidence: 0.8556068

00:01:05.430 --> 00:01:07.062 definitely one of the most enjoyable
NOTE Confidence: 0.8556068

00:01:07.062 --> 00:01:08.640 experiences of the entire time here.
NOTE Confidence: 0.8556068

00:01:08.640 --> 00:01:09.464 Being a Med student,

NOTE Confidence: 0.8556068

00:01:09.464 --> 00:01:11.669 you begin to apply a lot of the information

NOTE Confidence: 0.8556068

00:01:11.669 --> 00:01:13.204 you learned during the preclinical

NOTE Confidence: 0.8556068

00:01:13.204 --> 00:01:14.779 curriculum to the actual patients.

NOTE Confidence: 0.8556068

00:01:14.780 --> 00:01:16.382 And you know, that's why we

NOTE Confidence: 0.8556068

00:01:16.382 --> 00:01:17.450 went to medical school.

NOTE Confidence: 0.8556068

00:01:17.450 --> 00:01:19.590 That's why we wanted to pursue this career.
