NOTE duration:"00:04:38"

NOTE recognizability:0.922

NOTE language:en-us

NOTE Confidence: 0.9165798375

00:00:02.160 --> 00:00:04.896 I would have never dreamed of

NOTE Confidence: 0.9165798375

00:00:04.896 --> 00:00:08.080 having a child on the spectrum.

NOTE Confidence: 0.9165798375

00:00:08.080 --> 00:00:12.076 I didn't know much about autism.

NOTE Confidence: 0.9165798375

00:00:12.080 --> 00:00:13.840 It really changed our worlds.

NOTE Confidence: 0.95031714

00:00:16.800 --> 00:00:20.320 Being a part of the Mcpartland lab has really

NOTE Confidence: 0.95031711

00:00:20.320 --> 00:00:23.146 made myself and our family feel

NOTE Confidence: 0.95031711

00:00:23.146 --> 00:00:26.270 connected with others other families.

NOTE Confidence: 0.95031711

00:00:26.270 --> 00:00:29.828 It creates a well in which we can

NOTE Confidence: 0.95031711

00:00:29.828 --> 00:00:31.857 all share our personal stories and

NOTE Confidence: 0.95031711

00:00:31.857 --> 00:00:34.017 and teach the world from them.

NOTE Confidence: 0.945844377777778

00:00:40.060 --> 00:00:41.590 There's a lot of information

NOTE Confidence: 0.945844377777778

00:00:41.590 --> 00:00:42.814 out there about autism.

NOTE Confidence: 0.945844377777778

00:00:42.820 --> 00:00:45.175 It may be very confusing

NOTE Confidence: 0.945844377777778

00:00:45.175 --> 00:00:47.059 and difficult to determine.
NOTE Confidence: 0.945844377777778

00:00:47.060 --> 00:00:48.680 The best course of action
NOTE Confidence: 0.945844377777778

00:00:48.680 --> 00:00:50.300 to take for these families,
NOTE Confidence: 0.945844377777778

00:00:50.300 --> 00:00:52.920 it's very beneficial to participate
NOTE Confidence: 0.945844377777778

00:00:52.920 --> 00:00:55.497 in research because in the
NOTE Confidence: 0.945844377777778

00:00:55.497 --> 00:00:57.882 Mcpartland lab you get connected
NOTE Confidence: 0.945844377777778

00:00:57.882 --> 00:01:00.405 to clinicians who have very
NOTE Confidence: 0.945844377777778

00:01:00.405 --> 00:01:02.936 specific expertise in autism and
NOTE Confidence: 0.945844377777778

00:01:02.936 --> 00:01:04.916 the best type of interventions
NOTE Confidence: 0.945844377777778

00:01:04.916 --> 00:01:06.500 and treatments to recommend.
NOTE Confidence: 0.945844377777778

00:01:06.500 --> 00:01:08.318 That can be very helpful to
NOTE Confidence: 0.945844377777778

00:01:08.318 --> 00:01:09.959 parents who are trying to
NOTE Confidence: 0.945844377777778

00:01:09.959 --> 00:01:11.779 navigate a very difficult system.
NOTE Confidence: 0.887434412666667

00:01:12.420 --> 00:01:14.095 Many people think about a
NOTE Confidence: 0.887434412666667

00:01:14.095 --> 00:01:15.770 research study and they think
NOTE Confidence: 0.887434412666667

00:01:15.835 --> 00:01:17.420 doctors and lab codes and.

NOTE Confidence: 0.887434412666667
00:01:17.420 --> 00:01:18.707 Sterile procedures, really.
NOTE Confidence: 0.887434412666667
00:01:18.707 --> 00:01:20.852 Coming to participate in research
NOTE Confidence: 0.887434412666667
00:01:20.852 --> 00:01:23.245 in our lab is a lot more like
NOTE Confidence: 0.887434412666667
00:01:23.245 --> 00:01:27.140 going to a school or a camp.
NOTE Confidence: 0.887434412666667
00:01:27.140 --> 00:01:29.226 There's a lot of people who are
NOTE Confidence: 0.887434412666667
00:01:29.226 --> 00:01:30.509 very enthusiastic about playing
NOTE Confidence: 0.887434412666667
00:01:30.509 --> 00:01:32.179 with your children or meeting
NOTE Confidence: 0.94276945
00:01:32.180 --> 00:01:35.060 you, talking with you.
NOTE Confidence: 0.94276945
00:01:35.060 --> 00:01:37.492 I think at the beginning I was a
NOTE Confidence: 0.94276945
00:01:37.492 --> 00:01:39.557 little bit skeptical about having
NOTE Confidence: 0.94276945
00:01:39.557 --> 00:01:41.857 our son involved in research.
NOTE Confidence: 0.94276945
00:01:41.860 --> 00:01:43.093 You know, what is this going to be like?
NOTE Confidence: 0.94276945
00:01:43.100 --> 00:01:46.096 Is this going to cause him anxiety?
NOTE Confidence: 0.94276945
00:01:46.100 --> 00:01:48.578 But that was not the case.
NOTE Confidence: 0.94276945
00:01:48.580 --> 00:01:52.099 After when we got to know the staff here,
NOTE Confidence: 0.94276945

00:01:52.100 --> 00:01:54.660 they just prepared our son
NOTE Confidence: 0.94276945

00:01:54.660 --> 00:01:57.220 and ourselves for each visit.
NOTE Confidence: 0.94276945

00:01:57.220 --> 00:01:59.500 Everything was very private.
NOTE Confidence: 0.931778461904762

00:01:59.780 --> 00:02:02.335 Every child that comes in has a
NOTE Confidence: 0.931778461904762

00:02:02.335 --> 00:02:04.787 team dedicated to them for the day
NOTE Confidence: 0.931778461904762

00:02:04.787 --> 00:02:07.160 and the visit is all about them.
NOTE Confidence: 0.931778461904762

00:02:07.160 --> 00:02:09.080 We make sure that we make it as
NOTE Confidence: 0.931778461904762

00:02:09.080 --> 00:02:11.078 fun as possible for the child.
NOTE Confidence: 0.931778461904762

00:02:11.080 --> 00:02:13.272 They were able to just give him
NOTE Confidence: 0.931778461904762

00:02:13.272 --> 00:02:14.912 that warmth and that security
NOTE Confidence: 0.916744134666667

00:02:14.920 --> 00:02:17.544 and and just help him plan for the
NOTE Confidence: 0.916744134666667

00:02:17.544 --> 00:02:19.997 visits so we knew what to expect.
NOTE Confidence: 0.916744134666667

00:02:20.000 --> 00:02:22.776 And everyone here has been just so kind
NOTE Confidence: 0.916744134666667

00:02:22.776 --> 00:02:26.200 and so friendly and so great with our son.
NOTE Confidence: 0.92683568

00:02:29.320 --> 00:02:29.839 One of the
NOTE Confidence: 0.943989300526316

00:02:29.840 --> 00:02:32.222 things that many families find very

NOTE Confidence: 0.943989300526316
00:02:32.222 --> 00:02:34.198 special about participating in research
NOTE Confidence: 0.943989300526316
00:02:34.198 --> 00:02:36.766 is that you become part of a community.
NOTE Confidence: 0.943989300526316
00:02:36.770 --> 00:02:38.090 A community of people who
NOTE Confidence: 0.943989300526316
00:02:38.090 --> 00:02:39.530 have similar challenges,
NOTE Confidence: 0.943989300526316
00:02:39.530 --> 00:02:41.450 who have similar concerns,
NOTE Confidence: 0.943989300526316
00:02:41.450 --> 00:02:43.192 similar values, similar goals.
NOTE Confidence: 0.943989300526316
00:02:43.192 --> 00:02:46.209 You get to share your family story.
NOTE Confidence: 0.943989300526316
00:02:46.210 --> 00:02:49.382 You get to share with people who who get it,
NOTE Confidence: 0.943989300526316
00:02:49.382 --> 00:02:52.130 who really understand the needs of families.
NOTE Confidence: 0.884334056666667
00:02:52.850 --> 00:02:57.458 So research can really give us the tools to.
NOTE Confidence: 0.884334056666667
00:02:57.460 --> 00:02:59.175 Empower our families to change
NOTE Confidence: 0.884334056666667
00:02:59.175 --> 00:03:01.574 in the ways where they want to
NOTE Confidence: 0.884334056666667
00:03:01.574 --> 00:03:03.737 change to help them in their lives.
NOTE Confidence: 0.884334056666667
00:03:03.740 --> 00:03:06.564 The kind of information that we get can
NOTE Confidence: 0.884334056666667
00:03:06.564 --> 00:03:09.457 be very useful for planning therapy,
NOTE Confidence: 0.884334056666667

00:03:09.460 --> 00:03:10.537 for planning school.
NOTE Confidence: 0.884334056666667

00:03:10.537 --> 00:03:13.050 When a person comes in to do
NOTE Confidence: 0.884334056666667

00:03:13.127 --> 00:03:15.380 a research study in our lab,
NOTE Confidence: 0.884334056666667

00:03:15.380 --> 00:03:17.450 they're going to be working with
NOTE Confidence: 0.884334056666667

00:03:17.450 --> 00:03:19.813 the very same doctors that are the
NOTE Confidence: 0.884334056666667

00:03:19.813 --> 00:03:21.649 doctors that they would see if
NOTE Confidence: 0.884334056666667

00:03:21.649 --> 00:03:23.875 they came into one of the clinics.
NOTE Confidence: 0.884334056666667

00:03:23.880 --> 00:03:25.896 At Yale, the difference here is
NOTE Confidence: 0.884334056666667

00:03:25.896 --> 00:03:27.798 that we're paying you to come and
NOTE Confidence: 0.884334056666667

00:03:27.798 --> 00:03:29.392 work with us instead of you or your
NOTE Confidence: 0.884334056666667

00:03:29.392 --> 00:03:30.838 insurance paying to see a doctor.
NOTE Confidence: 0.938492997

00:03:38.000 --> 00:03:39.936 We are now in a place where some
NOTE Confidence: 0.938492997

00:03:39.936 --> 00:03:42.286 of the tools that we're trying to
NOTE Confidence: 0.938492997

00:03:42.286 --> 00:03:44.086 develop to help autistic people
NOTE Confidence: 0.938492997

00:03:44.152 --> 00:03:46.384 are further along than they are
NOTE Confidence: 0.938492997

00:03:46.384 --> 00:03:47.872 anywhere else in psychiatry,

NOTE Confidence: 0.938492997
00:03:47.880 --> 00:03:49.240 which is a is a milestone that
NOTE Confidence: 0.938492997
00:03:49.240 --> 00:03:51.160 we're extremely excited about.
NOTE Confidence: 0.93824092
00:03:54.970 --> 00:03:56.250 This is a great example
NOTE Confidence: 0.9301902
00:03:56.330 --> 00:03:57.210 of the way that
NOTE Confidence: 0.963734866666667
00:03:57.210 --> 00:03:58.488 a scientific partnership
NOTE Confidence: 0.89579186
00:03:58.650 --> 00:04:01.450 between the lamp, between families,
NOTE Confidence: 0.89579186
00:04:01.450 --> 00:04:03.122 between autistic people can
NOTE Confidence: 0.89579186
00:04:03.122 --> 00:04:05.212 really produce learning that can
NOTE Confidence: 0.89579186
00:04:05.212 --> 00:04:07.365 make a difference in a big way.
NOTE Confidence: 0.89267488
00:04:10.090 --> 00:04:13.770 I want to participate in research
NOTE Confidence: 0.93270605
00:04:13.770 --> 00:04:15.090 that is going to
NOTE Confidence: 0.94780115
00:04:15.090 --> 00:04:16.450 change the way society
NOTE Confidence: 0.941930833333333
00:04:16.450 --> 00:04:19.450 sees our children, and I really
NOTE Confidence: 0.946962508333333
00:04:19.450 --> 00:04:22.690 want society to. Be more understanding
NOTE Confidence: 0.884399226470588
00:04:22.850 --> 00:04:25.218 and accepting because I want a great life
NOTE Confidence: 0.884399226470588

00:04:25.218 --> 00:04:27.925 for our child and and for all of families.
