WEBVTT

NOTE duration: "00:14:18.774"

NOTE Confidence: 0.97597873

00:00:00.160 --> 00:00:01.360 Oh, thank you very much,

NOTE Confidence: 0.97597873

00:00:01.520 --> 00:00:02.560 Tracy and Sheila for the

NOTE Confidence: 0.97597873

00:00:02.560 --> 00:00:04.080 invitation. I mean, I I

NOTE Confidence: 0.97597873

00:00:04.080 --> 00:00:05.519 I really feel very proud

NOTE Confidence: 0.97597873

00:00:05.519 --> 00:00:06.019 of,

NOTE Confidence: 0.92937493

00:00:06.399 --> 00:00:08.240 the things that are, the

NOTE Confidence: 0.92937493

00:00:08.480 --> 00:00:10.179 all the experiences, and congratulations

NOTE Confidence: 0.92937493

00:00:10.320 --> 00:00:11.599 to all the scholars because,

NOTE Confidence: 0.92937493

00:00:11.599 --> 00:00:12.639 really, I learned a lot

NOTE Confidence: 0.92937493

00:00:12.639 --> 00:00:14.325 today, and and this is

NOTE Confidence: 0.92937493

00:00:14.325 --> 00:00:16.265 real the real yield footprint

NOTE Confidence: 0.92937493

00:00:16.324 --> 00:00:18.085 around the world and and

NOTE Confidence: 0.92937493

00:00:18.085 --> 00:00:19.045 here in the in our

NOTE Confidence: 0.92937493

00:00:19.045 --> 00:00:21.064 country. So, really congratulations.

NOTE Confidence: 0.914967

00:00:23.044 --> 00:00:24.324 I'm gonna you guys can

NOTE Confidence: 0.914967

00:00:24.324 --> 00:00:25.605 see my slides, and can

NOTE Confidence: 0.914967

00:00:25.605 --> 00:00:26.664 hear me correctly?

NOTE Confidence: 0.9997081

00:00:27.430 --> 00:00:28.650 Everything looks great.

NOTE Confidence: 0.99691117

00:00:28.950 --> 00:00:29.450 Excellent.

NOTE Confidence: 0.98326993

00:00:29.990 --> 00:00:30.490 So,

NOTE Confidence: 0.99739105

00:00:31.350 --> 00:00:32.870 I'm gonna I'm gonna talk

NOTE Confidence: 0.99739105

00:00:32.870 --> 00:00:33.370 about,

NOTE Confidence: 0.8545996

00:00:33.830 --> 00:00:35.909 this partnership between Yale Heaven

NOTE Confidence: 0.8545996

00:00:36.070 --> 00:00:38.390 Health and Yale, University and

NOTE Confidence: 0.8545996

00:00:38.390 --> 00:00:39.850 Fundacion Santa Fe Agota.

NOTE Confidence: 0.95026004

00:00:40.205 --> 00:00:41.725 It's a partnership to improve,

NOTE Confidence: 0.95026004

00:00:42.045 --> 00:00:43.585 care and education.

NOTE Confidence: 0.9891195

00:00:45.085 --> 00:00:46.604 Fundacion Santa Fe Agota is

NOTE Confidence: 0.9891195

00:00:46.604 --> 00:00:47.325 a private,

NOTE Confidence: 0.9798238

00:00:47.805 --> 00:00:48.864 nonprofit institution

NOTE Confidence: 0.95678777

00:00:49.245 --> 00:00:51.184 established in nineteen seventy two,

NOTE Confidence: 0.95678777

00:00:51.245 --> 00:00:53.184 actually, by two Colombians

NOTE Confidence: 0.8782

00:00:54.649 --> 00:00:56.250 who traveled to, here to

NOTE Confidence: 0.8782

00:00:56.250 --> 00:00:56.910 New Haven.

NOTE Confidence: 0.8509971

00:00:57.530 --> 00:00:58.829 They train as physicians.

NOTE Confidence: 0.8786264

00:00:59.289 --> 00:01:00.890 They graduated and then return,

NOTE Confidence: 0.8786264

00:01:01.210 --> 00:01:02.989 to, to, Columbia

NOTE Confidence: 0.934682

00:01:03.610 --> 00:01:04.810 and with the dream of

NOTE Confidence: 0.934682

00:01:04.810 --> 00:01:06.090 creating a hospital just like

NOTE Confidence: 0.934682

00:01:06.090 --> 00:01:07.290 Yale New Haven Hospital, but

NOTE Confidence: 0.934682

00:01:07.290 --> 00:01:08.365 in the middle of the

NOTE Confidence: 0.934682

00:01:08.365 --> 00:01:09.725 Andes Mountains just because in

NOTE Confidence: 0.934682

00:01:09.725 --> 00:01:10.685 a especially in a time

NOTE Confidence: 0.934682

00:01:10.685 --> 00:01:11.804 in which where a lot

NOTE Confidence: 0.934682

00:01:11.804 --> 00:01:12.925 of people in South America,

NOTE Confidence: 0.934682

00:01:12.925 --> 00:01:13.645 a lot of people in

NOTE Confidence: 0.934682

00:01:13.645 --> 00:01:14.765 Colombia, it was impossible to

NOTE Confidence: 0.934682

00:01:14.765 --> 00:01:16.685 get the latest treatments or

NOTE Confidence: 0.934682

00:01:16.685 --> 00:01:17.645 or access to the best

NOTE Confidence: 0.934682

00:01:17.645 --> 00:01:18.145 technologies.

NOTE Confidence: 0.9618352

00:01:18.604 --> 00:01:20.125 So it's really a dream.

NOTE Confidence: 0.9618352

00:01:20.125 --> 00:01:20.865 It's really,

NOTE Confidence: 0.95359683

00:01:21.484 --> 00:01:23.800 something that as the superior

NOTE Confidence: 0.95359683

00:01:23.860 --> 00:01:25.060 purpose actually is to lead

NOTE Confidence: 0.95359683

00:01:25.060 --> 00:01:26.500 and to influence positively the

NOTE Confidence: 0.95359683

00:01:26.500 --> 00:01:27.940 health sector in Colombia and

NOTE Confidence: 0.95359683

00:01:27.940 --> 00:01:29.240 the region. Latin America

NOTE Confidence: 0.94453686

00:01:29.540 --> 00:01:30.580 nowadays is one of the

NOTE Confidence: 0.94453686

00:01:30.580 --> 00:01:32.520 best hospitals in Latin America

NOTE Confidence: 0.9938568

00:01:32.819 --> 00:01:34.340 in order to contribute the

NOTE Confidence: 0.9938568

00:01:34.340 --> 00:01:36.200 well-being of individuals and communities.

NOTE Confidence: 0.97277313

00:01:37.545 --> 00:01:39.145 Basically, they they want to

NOTE Confidence: 0.97277313

00:01:39.145 --> 00:01:40.665 provide the most efficacious and

NOTE Confidence: 0.97277313

00:01:40.665 --> 00:01:41.944 safe health care. And a

NOTE Confidence: 0.97277313

00:01:41.944 --> 00:01:42.825 lot a lot and and

NOTE Confidence: 0.97277313

00:01:42.825 --> 00:01:43.705 now that we're talking in

NOTE Confidence: 0.97277313

00:01:43.705 --> 00:01:45.645 global health about reciprocal innovation,

NOTE Confidence: 0.97277313

00:01:45.705 --> 00:01:46.665 there are a lot of

NOTE Confidence: 0.97277313

00:01:46.665 --> 00:01:48.665 things in patient safety, in

NOTE Confidence: 0.97277313

00:01:48.665 --> 00:01:50.185 patient centered care that actually

NOTE Confidence: 0.97277313

00:01:50.185 --> 00:01:51.979 we can learn from them,

NOTE Confidence: 0.97277313

00:01:51.979 --> 00:01:53.180 that actually we can try

NOTE Confidence: 0.97277313

00:01:53.180 --> 00:01:53.579 to,

NOTE Confidence: 0.97494256

00:01:54.060 --> 00:01:55.920 apply here. It's a beautiful

NOTE Confidence: 0.97494256

00:01:56.060 --> 00:01:57.500 hospital in the middle of

NOTE Confidence: 0.97494256

00:01:57.500 --> 00:01:59.119 Los Angeles mountains. They have,

NOTE Confidence: 0.97861284

00:01:59.659 --> 00:02:01.759 very modern, like, beautiful interior

NOTE Confidence: 0.97861284

00:02:01.820 --> 00:02:02.880 gardens. I mean,

NOTE Confidence: 0.7917608

00:02:03.659 --> 00:02:04.570 they, really,

NOTE Confidence: 0.878248

00:02:05.785 --> 00:02:06.905 the with ex patient experience

NOTE Confidence: 0.878248

00:02:06.905 --> 00:02:08.665 is unique. Their medical model

NOTE Confidence: 0.878248

00:02:08.665 --> 00:02:10.445 is based on autonomy, professionalism,

NOTE Confidence: 0.97332335

00:02:10.905 --> 00:02:11.885 and and trust.

NOTE Confidence: 0.91063726

00:02:12.345 --> 00:02:14.185 They have this medical model

NOTE Confidence: 0.91063726

00:02:14.185 --> 00:02:15.544 white book is like a

NOTE Confidence: 0.91063726

00:02:15.625 --> 00:02:17.005 really like a like a

NOTE Confidence: 0.91063726

00:02:17.225 --> 00:02:18.845 a book where they explain

NOTE Confidence: 0.91063726

00:02:18.870 --> 00:02:20.389 and and really represents the

NOTE Confidence: 0.91063726

00:02:20.389 --> 00:02:22.330 therapeutic expression of their culture.

NOTE Confidence: 0.97713125

00:02:23.269 --> 00:02:24.389 Each chapter of this group

NOTE Confidence: 0.97713125

00:02:24.389 --> 00:02:25.909 represents the ingredients of this

NOTE Confidence: 0.97713125

00:02:25.909 --> 00:02:27.930 unique model with scientific, humanitarian,

NOTE Confidence: 0.9758733

00:02:28.950 --> 00:02:31.030 philanthropic approach. And you'll remember

NOTE Confidence: 0.9758733

00:02:31.030 --> 00:02:32.230 that once you step in

NOTE Confidence: 0.9758733

00:02:32.230 --> 00:02:34.155 this hospital, you're gonna feel

NOTE Confidence: 0.9758733

00:02:34.155 --> 00:02:35.135 that, like,

NOTE Confidence: 0.9782768

00:02:35.755 --> 00:02:37.755 wellness environment and everybody trying

NOTE Confidence: 0.9782768

00:02:37.755 --> 00:02:38.955 to work for the patients

NOTE Confidence: 0.9782768

00:02:38.955 --> 00:02:39.455 and,

NOTE Confidence: 0.98299646

00:02:39.995 --> 00:02:41.435 but, like, with the best

NOTE Confidence: 0.98299646

00:02:41.435 --> 00:02:42.955 technology and the best access

NOTE Confidence: 0.98299646

00:02:42.955 --> 00:02:43.695 to science.

NOTE Confidence: 0.9810144

00:02:44.315 --> 00:02:45.435 So it's a it's a

NOTE Confidence: 0.9810144

00:02:45.435 --> 00:02:46.495 it's a big institution.

NOTE Confidence: 0.89032936

00:02:47.720 --> 00:02:48.220 It's,

NOTE Confidence: 0.7833748

00:02:48.840 --> 00:02:49.319 two,

NOTE Confidence: 0.8601715

00:02:49.880 --> 00:02:50.840 really, they they have two

NOTE Confidence: 0.8601715

00:02:50.840 --> 00:02:52.080 hospitals, one in the main

NOTE Confidence: 0.8601715

00:02:52.360 --> 00:02:53.560 in the capital city of

NOTE Confidence: 0.8601715

00:02:53.560 --> 00:02:54.919 Colombia in Bogota and another

NOTE Confidence: 0.8601715

00:02:54.919 --> 00:02:55.740 one in Cartagena.

NOTE Confidence: 0.9767723

00:02:56.840 --> 00:02:58.680 Almost five thousand employees, thirty

NOTE Confidence: 0.9767723

00:02:58.680 --> 00:02:59.180 million,

NOTE Confidence: 0.95947874

00:02:59.560 --> 00:03:00.300 in revenue,

NOTE Confidence: 0.9341314

00:03:01.114 --> 00:03:02.734 almost four hundred beds.

NOTE Confidence: 0.8701335

00:03:03.594 --> 00:03:04.415 They have,

NOTE Confidence: 0.94519544

00:03:04.875 --> 00:03:06.334 a university and academic,

NOTE Confidence: 0.94737595

00:03:06.794 --> 00:03:07.834 affiliations with,

NOTE Confidence: 0.9900287

00:03:08.155 --> 00:03:09.754 University of Los Angeles and

NOTE Confidence: 0.9900287

00:03:09.754 --> 00:03:11.055 University of Rosario.

NOTE Confidence: 0.9807437

00:03:11.355 --> 00:03:12.234 This is a picture of

NOTE Confidence: 0.9807437

00:03:12.234 --> 00:03:13.935 the hospital in in Bogota,

NOTE Confidence: 0.9961909

00:03:14.510 --> 00:03:15.389 and this is a picture

NOTE Confidence: 0.9961909

00:03:15.389 --> 00:03:16.689 of the hospital in Cartagena

NOTE Confidence: 0.87713593

00:03:17.069 --> 00:03:18.909 where actually also where students

NOTE Confidence: 0.87713593

00:03:18.909 --> 00:03:21.090 can have, access to. Cartagena

NOTE Confidence: 0.87713593

00:03:21.230 --> 00:03:22.609 is is a beautiful city,

NOTE Confidence: 0.9800462

00:03:23.150 --> 00:03:24.030 in the north part of

NOTE Confidence: 0.9800462

00:03:24.030 --> 00:03:24.530 Colombia.

NOTE Confidence: 0.9882849

00:03:24.989 --> 00:03:26.189 If you have read Gabriel

NOTE Confidence: 0.9882849

00:03:26.189 --> 00:03:27.090 Garcia Marquez,

NOTE Confidence: 0.93016136

00:03:27.549 --> 00:03:29.345 is this Colombian Caribbean is

NOTE Confidence: 0.93016136

00:03:29.345 --> 00:03:30.385 where all this is his

NOTE Confidence: 0.93016136

00:03:30.385 --> 00:03:32.705 stories happen. So beautiful city

NOTE Confidence: 0.93016136

00:03:32.705 --> 00:03:33.605 to to visit.

NOTE Confidence: 0.9766243

00:03:34.864 --> 00:03:35.745 So this is a map

NOTE Confidence: 0.9766243

00:03:35.745 --> 00:03:37.345 of Colombia. So, again, the

NOTE Confidence: 0.9766243

00:03:37.345 --> 00:03:38.545 the the main hospital is

NOTE Confidence: 0.9766243

00:03:38.545 --> 00:03:39.504 located in the middle of

NOTE Confidence: 0.9766243

00:03:39.504 --> 00:03:40.944 the Andes Mountains in the

NOTE Confidence: 0.9766243

00:03:40.944 --> 00:03:42.405 center of the of the

NOTE Confidence: 0.9766243

00:03:42.510 --> 00:03:43.709 of the country. Here in

NOTE Confidence: 0.9766243

00:03:43.709 --> 00:03:45.489 the north, you have Cartagena

NOTE Confidence: 0.977504

00:03:46.269 --> 00:03:47.810 and the Caribbean here.

NOTE Confidence: 0.88454854

00:03:48.189 --> 00:03:50.209 Colombia is a very biodiverse,

NOTE Confidence: 0.99814236

00:03:50.909 --> 00:03:51.409 country.

NOTE Confidence: 0.9555159

00:03:52.349 --> 00:03:53.870 The weather really depends on

NOTE Confidence: 0.9555159

00:03:53.870 --> 00:03:55.724 how high the city is

NOTE Confidence: 0.9555159

00:03:55.724 --> 00:03:56.224 located,

NOTE Confidence: 0.94283426

00:03:56.525 --> 00:03:57.485 in the mountains. So for

NOTE Confidence: 0.94283426

00:03:57.485 --> 00:03:58.864 example, Bogota is

NOTE Confidence: 0.9097111

00:03:59.245 --> 00:04:00.765 is is cold. It's, like

NOTE Confidence: 0.9097111

00:04:00.765 --> 00:04:00.924 our

NOTE Confidence: 0.9798475

00:04:01.644 --> 00:04:02.685 that's the reason why my

NOTE Confidence: 0.9798475

00:04:02.685 --> 00:04:03.965 favorite I'm I'm originally from

NOTE Confidence: 0.9798475

00:04:03.965 --> 00:04:05.325 Colombia. I'm from Bogota. That's

NOTE Confidence: 0.9798475

00:04:05.325 --> 00:04:06.605 why my favorite season is

NOTE Confidence: 0.9798475

00:04:06.605 --> 00:04:07.885 the fall because it's pretty

NOTE Confidence: 0.9798475

00:04:07.885 --> 00:04:09.600 similar to to our current

NOTE Confidence: 0.9798475

00:04:09.600 --> 00:04:10.100 temperatures.

NOTE Confidence: 0.95875365

00:04:10.720 --> 00:04:11.600 Then in the north part,

NOTE Confidence: 0.95875365

00:04:11.600 --> 00:04:12.880 you have the Caribbean in

NOTE Confidence: 0.95875365

00:04:12.880 --> 00:04:14.000 the that you have the,

NOTE Confidence: 0.95875365

00:04:14.000 --> 00:04:16.160 like, the the beautiful sandy

NOTE Confidence: 0.95875365

00:04:16.160 --> 00:04:17.200 beaches and all that. Then

NOTE Confidence: 0.95875365

00:04:17.200 --> 00:04:18.480 you have the Pacific Ocean

NOTE Confidence: 0.95875365

00:04:18.480 --> 00:04:19.600 that is more like jungle

NOTE Confidence: 0.95875365

00:04:19.600 --> 00:04:20.960 directly going to the ocean

NOTE Confidence: 0.95875365

00:04:20.960 --> 00:04:22.535 with the black sand beach

NOTE Confidence: 0.95875365

00:04:22.695 --> 00:04:24.214 beaches. And and then you

NOTE Confidence: 0.95875365

00:04:24.214 --> 00:04:25.735 have the the the great,

NOTE Confidence: 0.95875365

00:04:25.975 --> 00:04:26.714 the flatland,

NOTE Confidence: 0.9978853

00:04:27.095 --> 00:04:27.895 and then you have the

NOTE Confidence: 0.9978853

00:04:27.895 --> 00:04:28.875 Amazon region

NOTE Confidence: 0.9503929

00:04:29.255 --> 00:04:30.615 in the in the south

NOTE Confidence: 0.9503929

00:04:30.615 --> 00:04:32.055 part of Colombia. Now because

NOTE Confidence: 0.9503929

00:04:32.055 --> 00:04:33.255 it's the leading institution in

NOTE Confidence: 0.9503929

00:04:33.255 --> 00:04:34.775 the country, they they have

NOTE Confidence: 0.9503929

00:04:34.854 --> 00:04:36.214 all these are different,

NOTE Confidence: 0.9640466

00:04:37.330 --> 00:04:39.169 programs that they have around.

NOTE Confidence: 0.9640466

00:04:39.169 --> 00:04:41.250 And and and and, basically,

NOTE Confidence: 0.9640466

00:04:41.250 --> 00:04:42.710 you can tailor your visit

NOTE Confidence: 0.9775529

00:04:43.169 --> 00:04:44.630 depending on your interest.

NOTE Confidence: 0.40382892

00:04:46.770 --> 00:04:47.270 And

NOTE Confidence: 0.8956006

00:04:47.729 --> 00:04:48.529 we have had,

NOTE Confidence: 0.9325014

00:04:49.235 --> 00:04:51.075 they have, for example, programs

NOTE Confidence: 0.9325014

00:04:51.075 --> 00:04:52.295 in disease.

NOTE Confidence: 0.99224746

00:04:52.675 --> 00:04:54.135 They have programs in malaria.

NOTE Confidence: 0.99224746

00:04:54.195 --> 00:04:55.575 They have programs in dengue.

NOTE Confidence: 0.93931335

00:04:56.835 --> 00:04:58.214 So when we created this

NOTE Confidence: 0.93931335

00:04:58.514 --> 00:05:00.915 relationship, the mission was to

NOTE Confidence: 0.93931335

00:05:00.915 --> 00:05:01.975 to to find

NOTE Confidence: 0.70002294

00:05:02.675 --> 00:05:03.335 a sympathetic,

NOTE Confidence: 0.760748

00:05:06.490 --> 00:05:06.990 to,

NOTE Confidence: 0.8224344

00:05:07.290 --> 00:05:08.350 like, a sympathetic

NOTE Confidence: 0.68871856

00:05:09.610 --> 00:05:10.110 relationship,

NOTE Confidence: 0.99873215

00:05:10.730 --> 00:05:11.550 to accelerate

NOTE Confidence: 0.9332184

00:05:11.930 --> 00:05:13.450 the development of their medical

NOTE Confidence: 0.9332184

00:05:13.450 --> 00:05:15.310 and surgical experts to field

NOTE Confidence: 0.9332184

00:05:15.450 --> 00:05:16.350 their own countries,

NOTE Confidence: 0.9993912

00:05:16.810 --> 00:05:17.470 to engage

NOTE Confidence: 0.9442732

00:05:17.770 --> 00:05:19.665 and share research training with

NOTE Confidence: 0.9442732

00:05:19.665 --> 00:05:21.505 emphasis on patient care and

NOTE Confidence: 0.9442732

00:05:21.505 --> 00:05:22.005 initiatives.

NOTE Confidence: 0.90580994

00:05:22.545 --> 00:05:23.505 Like, the vision of all

NOTE Confidence: 0.90580994

00:05:23.505 --> 00:05:25.365 these relationship is to,

NOTE Confidence: 0.9891221

00:05:25.904 --> 00:05:26.945 to create this long term

NOTE Confidence: 0.9891221

00:05:26.945 --> 00:05:27.445 relationship,

NOTE Confidence: 0.9836695

00:05:29.185 --> 00:05:31.105 providing and trying to to

NOTE Confidence: 0.9836695

00:05:31.105 --> 00:05:32.305 to fight against the brain

NOTE Confidence: 0.9836695

00:05:32.305 --> 00:05:33.640 drain. Basically, the idea is

NOTE Confidence: 0.9836695

00:05:33.640 --> 00:05:34.600 to invest in people and

NOTE Confidence: 0.9836695

00:05:34.600 --> 00:05:36.220 activities rather than in buildings.

NOTE Confidence: 0.92559874

00:05:36.839 --> 00:05:38.040 And, basically, we want to

NOTE Confidence: 0.92559874

00:05:38.040 --> 00:05:39.640 be the trainers who train

NOTE Confidence: 0.92559874

00:05:39.640 --> 00:05:40.839 the trainers and and be

NOTE Confidence: 0.92559874

00:05:40.839 --> 00:05:42.200 in education the the the

NOTE Confidence: 0.92559874

00:05:42.200 --> 00:05:43.960 the the key aspect of

NOTE Confidence: 0.92559874

00:05:43.960 --> 00:05:45.100 the of this relationship.

NOTE Confidence: 0.9442611

00:05:45.654 --> 00:05:46.615 So a little bit of

NOTE Confidence: 0.9442611

00:05:46.615 --> 00:05:48.635 the history. So Alfonso Sguerra

NOTE Confidence: 0.9442611

00:05:48.695 --> 00:05:50.535 and Josepilic Patino were the

NOTE Confidence: 0.9442611

00:05:50.535 --> 00:05:52.055 two Colombians who actually came

NOTE Confidence: 0.9442611

00:05:52.055 --> 00:05:53.335 here to New Haven. They

NOTE Confidence: 0.9442611

00:05:53.335 --> 00:05:54.395 trained at Yale,

NOTE Confidence: 0.95235705

00:05:54.695 --> 00:05:55.975 and then they returned to

NOTE Confidence: 0.95235705

00:05:55.975 --> 00:05:57.415 Colombia and had this at

NOTE Confidence: 0.95235705

00:05:57.415 --> 00:05:58.779 that time, when they when

NOTE Confidence: 0.95235705

00:05:58.779 --> 00:05:59.979 they used to talk about

NOTE Confidence: 0.95235705

00:05:59.979 --> 00:06:01.339 it, it was impossible. It's

NOTE Confidence: 0.95235705

00:06:01.339 --> 00:06:02.860 like you're not gonna ever

NOTE Confidence: 0.95235705

00:06:02.860 --> 00:06:03.900 be able to do that.

NOTE Confidence: 0.95235705

00:06:03.900 --> 00:06:05.279 And and, actually,

NOTE Confidence: 0.96697193

00:06:06.220 --> 00:06:06.720 they,

NOTE Confidence: 0.9596806

00:06:07.180 --> 00:06:08.380 they were able to reproduce

NOTE Confidence: 0.9596806

00:06:08.380 --> 00:06:10.220 a Yale hospital medical model

NOTE Confidence: 0.9596806

00:06:10.220 --> 00:06:10.960 in Bogota.

NOTE Confidence: 0.90007454

00:06:11.835 --> 00:06:13.435 They founded La Fundacion in

NOTE Confidence: 0.90007454

00:06:13.435 --> 00:06:15.195 nineteen seventy two. And for

NOTE Confidence: 0.90007454

00:06:15.195 --> 00:06:16.475 years from nineteen seventy two

NOTE Confidence: 0.90007454

00:06:16.475 --> 00:06:17.435 to two thousand fifteen, there

NOTE Confidence: 0.90007454

00:06:17.435 --> 00:06:18.555 was this relationship, but there

NOTE Confidence: 0.90007454

00:06:18.555 --> 00:06:19.675 was no, like, an official

NOTE Confidence: 0.90007454

00:06:19.835 --> 00:06:21.115 nothing in paper. Now it

NOTE Confidence: 0.90007454

00:06:21.115 --> 00:06:22.395 was an unofficial collaboration. So

NOTE Confidence: 0.90007454

00:06:22.395 --> 00:06:23.775 actually in two thousand fifteen,

NOTE Confidence: 0.9433347

00:06:24.620 --> 00:06:26.080 thanks to our Yale cardiovascular

16

NOTE Confidence: 0.9433347

00:06:26.220 --> 00:06:27.200 global health initiative,

NOTE Confidence: 0.9754285

00:06:27.580 --> 00:06:28.940 we were able to start

NOTE Confidence: 0.9754285

00:06:28.940 --> 00:06:30.160 this, relationship

NOTE Confidence: 0.83493817

00:06:30.540 --> 00:06:32.880 with highly specialized cardiology consultation

NOTE Confidence: 0.83493817

00:06:33.020 --> 00:06:34.240 and no cost in,

NOTE Confidence: 0.94172424

00:06:34.620 --> 00:06:36.620 low income and underserved communities

NOTE Confidence: 0.94172424

00:06:36.620 --> 00:06:38.044 in Colombia. And we were

NOTE Confidence: 0.94172424

00:06:38.044 --> 00:06:39.884 able to create a a

NOTE Confidence: 0.94172424

00:06:39.884 --> 00:06:40.944 symposium that,

NOTE Confidence: 0.89796555

00:06:42.205 --> 00:06:43.964 a cardiologist imposing every year

NOTE Confidence: 0.89796555

00:06:43.964 --> 00:06:45.745 with, attendees from La Fondacion

NOTE Confidence: 0.89796555

00:06:45.964 --> 00:06:47.485 and and and Yale. And,

NOTE Confidence: 0.89796555

00:06:47.485 --> 00:06:48.685 also, we created a cardiac

NOTE Confidence: 0.89796555

00:06:48.685 --> 00:06:50.044 imaging website that help us

NOTE Confidence: 0.89796555

00:06:50.044 --> 00:06:51.245 to teach students all around

NOTE Confidence: 0.89796555

00:06:51.245 --> 00:06:52.310 the world. And

NOTE Confidence: 0.71790063

00:06:53.410 --> 00:06:53.910 in,

NOTE Confidence: 0.9931407

00:06:54.930 --> 00:06:55.430 also,

NOTE Confidence: 0.99895215

00:06:56.210 --> 00:06:56.710 we

NOTE Confidence: 0.93426424

00:06:57.570 --> 00:06:59.169 signed this official agreement between

NOTE Confidence: 0.93426424

00:06:59.169 --> 00:07:00.770 Yale and La Fondacion. And

NOTE Confidence: 0.93426424

00:07:00.770 --> 00:07:02.450 since then, actually, Yale students

NOTE Confidence: 0.93426424

00:07:02.450 --> 00:07:03.730 have been able to go

NOTE Confidence: 0.93426424

00:07:03.730 --> 00:07:05.669 to to La Fondacion.

NOTE Confidence: 0.95614135

00:07:06.014 --> 00:07:07.455 Great experiences from them, very

NOTE Confidence: 0.95614135

00:07:07.455 --> 00:07:09.214 similar to what, what the

NOTE Confidence: 0.95614135

00:07:09.214 --> 00:07:10.755 scholars, told us today.

NOTE Confidence: 0.9604734

00:07:11.695 --> 00:07:12.975 One thing that I learned

NOTE Confidence: 0.9604734

00:07:12.975 --> 00:07:14.095 is that and and, actually,

NOTE Confidence: 0.9604734

00:07:14.095 --> 00:07:15.055 I'm very happy to see

NOTE Confidence: 0.9604734

00:07:15.055 --> 00:07:16.255 is is that everything is

00:07:16.255 --> 00:07:17.294 about the experience and the

00:07:17.294 --> 00:07:18.970 people that that you meet

00:07:18.970 --> 00:07:20.250 and how you can actually

00:07:20.250 --> 00:07:21.770 then with those experiences actually

00:07:21.770 --> 00:07:23.310 influence your career and

00:07:23.930 --> 00:07:25.050 and change the way how

00:07:25.050 --> 00:07:26.570 you see medicine. Just just

00:07:26.570 --> 00:07:27.530 the fact that you go

00:07:27.530 --> 00:07:28.810 and, you go and see

00:07:28.810 --> 00:07:30.090 how medicine is practiced in

00:07:30.090 --> 00:07:31.470 another place is unique.

00:07:33.765 --> 00:07:34.805 Now when we were trying

00:07:34.805 --> 00:07:36.805 to, like, figure out this

00:07:36.805 --> 00:07:38.725 relationship, we compare medical mission

00:07:38.725 --> 00:07:40.565 models. So, definitely, we didn't

00:07:40.565 --> 00:07:41.685 want to do this rescue.

NOTE Confidence: 0.96331125

00:07:41.685 --> 00:07:42.645 We didn't want to bring

NOTE Confidence: 0.96331125

00:07:42.645 --> 00:07:43.685 sick patients to a North

NOTE Confidence: 0.96331125

00:07:43.685 --> 00:07:45.525 American hospital. We didn't want

NOTE Confidence: 0.96331125

00:07:45.525 --> 00:07:47.420 to bring operating teams to

NOTE Confidence: 0.96331125

00:07:47.420 --> 00:07:48.860 a local site without any

NOTE Confidence: 0.96331125

00:07:48.860 --> 00:07:49.920 teaching or training.

NOTE Confidence: 0.88737

00:07:50.540 --> 00:07:52.620 Then, other models, they they

NOTE Confidence: 0.88737

00:07:52.620 --> 00:07:54.880 base their relationship in in

NOTE Confidence: 0.92741793

00:07:55.180 --> 00:07:56.620 in some teaching experience, but,

NOTE Confidence: 0.92741793

00:07:56.620 --> 00:07:57.660 I mean, not like a

NOTE Confidence: 0.92741793

00:07:57.660 --> 00:07:59.340 long term relationship. And, definitely,

NOTE Confidence: 0.92741793

00:07:59.340 --> 00:08:00.300 we don't want to build

NOTE Confidence: 0.92741793

00:08:00.300 --> 00:08:01.095 a Yale Hospital

NOTE Confidence: 0.8958888

00:08:02.215 --> 00:08:02.548 in Columbia. Right? This is

NOTE Confidence: 0.8958888

00:08:02.548 --> 00:08:02.881 colonization, so we don't we

NOTE Confidence: 0.8958888

00:08:02.881 --> 00:08:03.215 don't want to, what, do

NOTE Confidence: 0.8958888

00:08:03.215 --> 00:08:03.548 that. We want to to

NOTE Confidence: 0.8958888

00:08:03.548 --> 00:08:04.055 have a this reciprocal relationship

NOTE Confidence: 0.8958888

00:08:04.055 --> 00:08:04.535 when we have a long

NOTE Confidence: 0.8958888

00:08:04.535 --> 00:08:05.275 term commitment. We base

NOTE Confidence: 0.8964913

00:08:05.575 --> 00:08:06.935 our relationship in a, education

NOTE Confidence: 0.8964913

00:08:06.935 --> 00:08:08.555 exchange of personnel,

NOTE Confidence: 0.9108686

00:08:14.280 --> 00:08:16.600 like from attendings, students, and

NOTE Confidence: 0.9108686

00:08:16.600 --> 00:08:18.360 now internal medicine residents and

NOTE Confidence: 0.9108686

00:08:18.360 --> 00:08:19.880 fellows. I'm very I'm very,

NOTE Confidence: 0.9108686

00:08:19.880 --> 00:08:21.000 very excited for this next

NOTE Confidence: 0.9108686

00:08:21.000 --> 00:08:23.020 step and and and mentoring.

NOTE Confidence: 0.96580917

00:08:23.480 --> 00:08:25.340 Why we're why we're different?

NOTE Confidence: 0.9374293

00:08:25.640 --> 00:08:26.140 Because,

NOTE Confidence: 0.94546086

00:08:26.824 --> 00:08:28.345 we base the success of

NOTE Confidence: 0.94546086

00:08:28.345 --> 00:08:30.125 this program in trust, empathy,

NOTE Confidence: 0.94546086

00:08:30.185 --> 00:08:31.485 commitment, sustainability,

NOTE Confidence: 0.95886874

00:08:31.865 --> 00:08:33.865 and financial transparency. So there

NOTE Confidence: 0.95886874

00:08:33.865 --> 00:08:35.785 is no transactional I mean,

NOTE Confidence: 0.95886874

00:08:35.785 --> 00:08:37.065 La Fundacion is not paying

NOTE Confidence: 0.95886874

00:08:37.065 --> 00:08:38.105 Yale. Yale is not paying

NOTE Confidence: 0.95886874

00:08:38.105 --> 00:08:39.645 for La Fundacion. This really

NOTE Confidence: 0.95886874

00:08:39.705 --> 00:08:40.985 is something that we want

NOTE Confidence: 0.95886874

00:08:40.985 --> 00:08:41.485 to,

NOTE Confidence: 0.909759

00:08:42.010 --> 00:08:43.050 in twenty years, see done

NOTE Confidence: 0.909759

00:08:43.050 --> 00:08:43.850 and be very proud we'll

NOTE Confidence: 0.909759

00:08:43.850 --> 00:08:44.730 be very proud of what

NOTE Confidence: 0.909759

00:08:44.730 --> 00:08:46.250 we did. So we base

NOTE Confidence: 0.909759

00:08:46.250 --> 00:08:48.250 our modalities of interaction in

NOTE Confidence: 0.909759

00:08:48.250 --> 00:08:50.029 mentoring in this reciprocal,

NOTE Confidence: 0.9725227

00:08:50.570 --> 00:08:52.410 clinical exchange when that we

NOTE Confidence: 0.9725227

00:08:52.410 --> 00:08:54.315 started already with physicians and

NOTE Confidence: 0.9725227

00:08:54.315 --> 00:08:55.355 with the students, and now

NOTE Confidence: 0.9725227

00:08:55.355 --> 00:08:56.395 this next step is very

NOTE Confidence: 0.9725227

00:08:56.395 --> 00:08:58.095 exciting with residents and fellows.

NOTE Confidence: 0.66133106

00:08:58.635 --> 00:08:59.695 And telemedicine,

NOTE Confidence: 0.8244446

00:09:00.475 --> 00:09:02.335 we can we have we

NOTE Confidence: 0.90849835

00:09:03.355 --> 00:09:04.554 we have been doing these

NOTE Confidence: 0.90849835

00:09:04.554 --> 00:09:05.054 conferences

NOTE Confidence: 0.94610864

00:09:05.434 --> 00:09:05.934 and

NOTE Confidence: 0.66618013

00:09:06.795 --> 00:09:07.455 and symposiums.

NOTE Confidence: 0.97931004

00:09:08.235 --> 00:09:08.735 Also,

NOTE Confidence: 0.8960988

00:09:11.309 --> 00:09:12.830 we started to do research

NOTE Confidence: 0.8960988

00:09:12.830 --> 00:09:14.589 together, but we're we're our

NOTE Confidence: 0.8960988

00:09:14.589 --> 00:09:16.270 Colombian and South American physicians

NOTE Confidence: 0.8960988

00:09:16.270 --> 00:09:17.870 are actually the the first

NOTE Confidence: 0.8960988

00:09:17.870 --> 00:09:18.370 authors,

NOTE Confidence: 0.98104525

00:09:18.750 --> 00:09:20.429 and we actually opened, like,

NOTE Confidence: 0.98104525

00:09:20.429 --> 00:09:21.550 a new platform for them

NOTE Confidence: 0.98104525

00:09:21.550 --> 00:09:22.589 to to to share their

NOTE Confidence: 0.98104525

00:09:22.589 --> 00:09:23.089 research.

NOTE Confidence: 0.5333746

00:09:23.655 --> 00:09:24.155 And

NOTE Confidence: 0.5913025

00:09:24.855 --> 00:09:25.835 I raise a collaboration

NOTE Confidence: 0.94796866

00:09:26.215 --> 00:09:28.155 that that are mutually beneficial

NOTE Confidence: 0.94796866

00:09:28.295 --> 00:09:29.735 in learning, access to new

NOTE Confidence: 0.94796866

00:09:29.735 --> 00:09:31.915 ideas, clinical trials, novel,

NOTE Confidence: 0.90042025

00:09:33.175 --> 00:09:35.415 patients, basically, as you a

NOTE Confidence: 0.90042025

00:09:35.415 --> 00:09:36.135 lot of the of the

NOTE Confidence: 0.90042025

00:09:36.135 --> 00:09:37.675 presentations today. I mean,

NOTE Confidence: 0.9480585

00:09:38.215 --> 00:09:38.535 the

NOTE Confidence: 0.9638204

00:09:39.519 --> 00:09:41.040 when you are abroad or

NOTE Confidence: 0.9638204

00:09:41.040 --> 00:09:42.480 with limited resources, I mean,

NOTE Confidence: 0.9638204

00:09:42.480 --> 00:09:43.440 sometimes you have to be

NOTE Confidence: 0.9638204

00:09:43.440 --> 00:09:44.480 very creative in the way

NOTE Confidence: 0.9638204

00:09:44.480 --> 00:09:45.839 how you, take care of

NOTE Confidence: 0.9638204

00:09:45.839 --> 00:09:46.339 patients.

NOTE Confidence: 0.98388207

00:09:46.880 --> 00:09:48.480 So what are we trying

NOTE Confidence: 0.98388207

00:09:48.480 --> 00:09:50.100 to accomplish? We want to,

NOTE Confidence: 0.9210858

00:09:51.200 --> 00:09:53.300 establish this education without immigration,

NOTE Confidence: 0.9210858

00:09:53.565 --> 00:09:54.565 stop the brain drain from

NOTE Confidence: 0.9210858

00:09:54.565 --> 00:09:55.745 a lot of these countries,

NOTE Confidence: 0.9210858

00:09:55.965 --> 00:09:57.985 have this, improve their reciprocal

NOTE Confidence: 0.9210858

00:09:58.045 --> 00:10:00.365 innovations, and hopefully get, we

NOTE Confidence: 0.9210858

00:10:00.684 --> 00:10:02.225 when we establish these relationships,

NOTE Confidence: 0.9210858

00:10:02.285 --> 00:10:04.045 we're trying to stop the

NOTE Confidence: 0.9210858

00:10:04.045 --> 00:10:04.485 the,

NOTE Confidence: 0.8628043

00:10:04.925 --> 00:10:06.465 and and be able to

NOTE Confidence: 0.92901963

25

00:10:08.040 --> 00:10:08.540 recreate,

NOTE Confidence: 0.89996415

00:10:08.920 --> 00:10:10.440 like, a relationship with we

NOTE Confidence: 0.89996415

00:10:10.440 --> 00:10:11.640 are both partners, and we

NOTE Confidence: 0.89996415

00:10:11.640 --> 00:10:13.179 can learn from each other

NOTE Confidence: 0.89996415

00:10:13.320 --> 00:10:14.840 similar to what I have

NOTE Confidence: 0.89996415

00:10:14.840 --> 00:10:15.580 learned today.

NOTE Confidence: 0.92591214

00:10:16.040 --> 00:10:18.040 Inspire new generations, abandon the

NOTE Confidence: 0.92591214

00:10:18.040 --> 00:10:19.880 concept of mission. Now we

NOTE Confidence: 0.92591214

00:10:19.880 --> 00:10:21.204 we we want to to

NOTE Confidence: 0.92591214

00:10:21.204 --> 00:10:21.865 do this,

NOTE Confidence: 0.9929809

00:10:22.245 --> 00:10:23.304 long term collaboration

NOTE Confidence: 0.81640565

00:10:23.764 --> 00:10:25.445 and also this, abandon these

NOTE Confidence: 0.81640565

00:10:25.445 --> 00:10:26.584 transactional models.

NOTE Confidence: 0.89235497

00:10:27.125 --> 00:10:28.404 So now what we're trying

NOTE Confidence: 0.89235497

00:10:28.404 --> 00:10:29.845 to do is, promote more

NOTE Confidence: 0.89235497

00:10:29.845 --> 00:10:31.625 interactions with and help professionals

NOTE Confidence: 0.89235497

00:10:31.925 --> 00:10:33.605 from both institutions at liberal

NOTE Confidence: 0.89235497

00:10:33.605 --> 00:10:35.845 levels in education, research, and

NOTE Confidence: 0.89235497

00:10:35.845 --> 00:10:36.665 patient care.

NOTE Confidence: 0.91897273

00:10:37.040 --> 00:10:38.400 And we started with cardiology

NOTE Confidence: 0.91897273

00:10:38.400 --> 00:10:40.000 and cardiovascular surgery. I'm an

NOTE Confidence: 0.91897273

00:10:40.080 --> 00:10:41.520 I'm a cardiologist. I'm an

NOTE Confidence: 0.91897273

00:10:41.520 --> 00:10:42.660 attending the our,

NOTE Confidence: 0.954529

00:10:43.120 --> 00:10:44.640 cardiology service, but now I

NOTE Confidence: 0.954529

00:10:44.640 --> 00:10:45.679 think it's time to to

NOTE Confidence: 0.954529

00:10:45.679 --> 00:10:46.960 expand it to other areas

NOTE Confidence: 0.954529

00:10:46.960 --> 00:10:48.800 of, in internal medicine and

NOTE Confidence: 0.954529

00:10:48.800 --> 00:10:50.020 other areas in medicine

NOTE Confidence: 0.91250634

00:10:50.355 --> 00:10:51.714 and really create this real

NOTE Confidence: 0.91250634

00:10:51.714 --> 00:10:53.955 international network of partners. So

NOTE Confidence: 0.91250634

00:10:53.955 --> 00:10:55.235 here we see as all

NOTE Confidence: 0.91250634

00:10:55.235 --> 00:10:56.295 the pictures of,

NOTE Confidence: 0.93533534

00:10:57.075 --> 00:10:58.595 here is Bob McNamara, very

NOTE Confidence: 0.93533534

00:10:58.595 --> 00:11:00.054 well known in the cardiology

NOTE Confidence: 0.93533534

00:11:00.115 --> 00:11:01.495 and the global health field.

NOTE Confidence: 0.88210845

00:11:01.955 --> 00:11:02.515 He is,

NOTE Confidence: 0.94697136

00:11:03.279 --> 00:11:04.980 we are carrying our portable

NOTE Confidence: 0.94697136

00:11:05.040 --> 00:11:06.820 echo cardiograms and doing,

NOTE Confidence: 0.9522547

00:11:08.160 --> 00:11:10.000 echoes in underserved communities in

NOTE Confidence: 0.9522547

00:11:10.000 --> 00:11:11.360 the middle of the Andes

NOTE Confidence: 0.9522547

00:11:11.360 --> 00:11:13.220 mountains without any cost.

NOTE Confidence: 0.6446128

00:11:14.640 --> 00:11:15.140 Always,

NOTE Confidence: 0.9604364

00:11:16.000 --> 00:11:18.080 teaching students from both Yale

NOTE Confidence: 0.9604364

00:11:18.080 --> 00:11:18.580 and

NOTE Confidence: 0.7577347

00:11:19.615 --> 00:11:20.115 and

NOTE Confidence: 0.83299494

00:11:20.495 --> 00:11:21.394 Santa Fe Agota.

NOTE Confidence: 0.8865448

00:11:22.255 --> 00:11:24.014 This area of Los Angeles

NOTE Confidence: 0.8865448

00:11:24.014 --> 00:11:25.774 mountains is very famous not

NOTE Confidence: 0.8865448

00:11:25.774 --> 00:11:27.774 only for the so Colombia

NOTE Confidence: 0.8865448

00:11:27.774 --> 00:11:28.574 is very famous, as you

NOTE Confidence: 0.8865448

00:11:28.574 --> 00:11:29.694 know, for the for the

NOTE Confidence: 0.8865448

00:11:29.694 --> 00:11:31.475 coffee, but actually, this,

NOTE Confidence: 0.91881365

00:11:32.654 --> 00:11:34.574 hospital is is close to

NOTE Confidence: 0.91881365

00:11:34.574 --> 00:11:34.950 the

NOTE Confidence: 0.92183816

00:11:35.590 --> 00:11:36.790 flower region. A lot of

NOTE Confidence: 0.92183816

00:11:36.790 --> 00:11:37.750 the flowers that actually we

NOTE Confidence: 0.92183816

00:11:37.750 --> 00:11:39.030 can we buy here in

NOTE Confidence: 0.92183816

00:11:39.030 --> 00:11:39.990 Stop and Shop and all

NOTE Confidence: 0.92183816

00:11:39.990 --> 00:11:41.670 the supermarkets. You pay attention,

NOTE Confidence: 0.92183816

00:11:41.670 --> 00:11:42.790 actually, they they come from

NOTE Confidence: 0.92183816

00:11:42.790 --> 00:11:43.290 Colombia.

NOTE Confidence: 0.94688284

00:11:43.670 --> 00:11:44.870 So, actually, we serve a

NOTE Confidence: 0.94688284

00:11:44.870 --> 00:11:46.710 lot of these, communities of

NOTE Confidence: 0.94688284

00:11:46.710 --> 00:11:48.405 the that that work in

NOTE Confidence: 0.94688284

00:11:48.405 --> 00:11:50.025 this, in these fields.

NOTE Confidence: 0.96889585

00:11:51.525 --> 00:11:53.125 Teaching the community, taking care

NOTE Confidence: 0.96889585

00:11:53.125 --> 00:11:53.705 of patients,

NOTE Confidence: 0.95211905

00:11:54.405 --> 00:11:55.285 and these are,

NOTE Confidence: 0.9766681

00:11:56.405 --> 00:11:57.605 some of the posters of

NOTE Confidence: 0.9766681

00:11:57.605 --> 00:11:58.105 the,

NOTE Confidence: 0.9838548

00:11:58.725 --> 00:11:59.845 of the meeting that we

NOTE Confidence: 0.9838548

00:11:59.845 --> 00:12:01.125 do every year in November.

NOTE Confidence: 0.9838548

00:12:01.125 --> 00:12:02.585 Actually, the next one is

NOTE Confidence: 0.9838548

00:12:02.880 --> 00:12:04.980 November twentieth. So we're gonna,

NOTE Confidence: 0.92916834

00:12:05.840 --> 00:12:07.040 travel. We always try to

NOTE Confidence: 0.92916834

00:12:07.040 --> 00:12:08.160 travel with a group of,

NOTE Confidence: 0.92916834

00:12:08.480 --> 00:12:10.080 physicians from here, from the

NOTE Confidence: 0.92916834

00:12:10.160 --> 00:12:12.160 our university and students and

NOTE Confidence: 0.92916834

00:12:12.160 --> 00:12:12.660 also,

NOTE Confidence: 0.92485183

00:12:13.920 --> 00:12:16.500 fellows and internal medicine residents.

NOTE Confidence: 0.92485183

00:12:16.575 --> 00:12:17.075 And,

NOTE Confidence: 0.9261019

00:12:18.575 --> 00:12:19.775 so here you have some

NOTE Confidence: 0.9261019

00:12:19.775 --> 00:12:21.235 familiar faces. For example,

NOTE Confidence: 0.89973706

00:12:21.775 --> 00:12:23.295 Sanju, who is now she

NOTE Confidence: 0.89973706

00:12:23.295 --> 00:12:24.495 was a a resident in

NOTE Confidence: 0.89973706

00:12:24.495 --> 00:12:25.695 internal medicine last year, and

NOTE Confidence: 0.89973706

00:12:25.695 --> 00:12:27.054 today is the chief. She

NOTE Confidence: 0.89973706

00:12:27.054 --> 00:12:27.554 was,

NOTE Confidence: 0.921298

00:12:27.934 --> 00:12:29.615 here doing a presentation about

NOTE Confidence: 0.921298

00:12:29.615 --> 00:12:31.635 pulmonary hypertension in high altitude.

NOTE Confidence: 0.7533501

00:12:32.070 --> 00:12:33.610 Colombo Bogota is,

NOTE Confidence: 0.9164947

00:12:34.309 --> 00:12:36.070 almost ten thousand feet about

NOTE Confidence: 0.9164947

00:12:36.070 --> 00:12:37.270 sea level, two thousand and

NOTE Confidence: 0.9164947

00:12:37.270 --> 00:12:38.470 six hundred meters about sea

NOTE Confidence: 0.9164947

00:12:38.470 --> 00:12:39.510 level. So a lot of

NOTE Confidence: 0.9164947

00:12:39.590 --> 00:12:40.170 I mean,

NOTE Confidence: 0.9208036

00:12:40.550 --> 00:12:41.830 it's not uncommon to see

NOTE Confidence: 0.9208036

00:12:41.830 --> 00:12:43.190 a high altitude sickness and

NOTE Confidence: 0.9208036

00:12:43.190 --> 00:12:45.255 pulmonary edema. Here is also

NOTE Confidence: 0.9208036

00:12:45.315 --> 00:12:46.834 familiar faces. I mean, everything

NOTE Confidence: 0.9208036

00:12:46.834 --> 00:12:49.334 from fellows, cardiology fellows, attendings,

NOTE Confidence: 0.5904322

00:12:50.755 --> 00:12:53.015 and residents participating in this,

NOTE Confidence: 0.9501931

00:12:53.635 --> 00:12:54.774 lectures and symposiums.

NOTE Confidence: 0.8673596

00:12:55.714 --> 00:12:56.915 And also now,

NOTE Confidence: 0.9314059

00:12:57.475 --> 00:12:58.834 we started to do research

NOTE Confidence: 0.9314059

00:12:58.834 --> 00:13:00.240 together. So we have a

NOTE Confidence: 0.9314059

00:13:00.240 --> 00:13:02.240 line of research about, screening

NOTE Confidence: 0.9314059

00:13:02.240 --> 00:13:03.920 for pulmonary hypertension and high

NOTE Confidence: 0.9314059

00:13:03.920 --> 00:13:05.360 altitudes in Los Angeles mountains

NOTE Confidence: 0.9314059

00:13:05.360 --> 00:13:06.020 in Colombia.

NOTE Confidence: 0.9086596

00:13:07.360 --> 00:13:09.280 Beautiful places, very close that

NOTE Confidence: 0.9086596

00:13:09.280 --> 00:13:10.320 you can visit. I mean,

NOTE Confidence: 0.9086596

00:13:10.559 --> 00:13:12.660 this is the Montserrat Monterrata

NOTE Confidence: 0.9086596

00:13:12.800 --> 00:13:13.605 here in the top.

NOTE Confidence: 0.97974926

00:13:14.084 --> 00:13:14.584 Montserrat

NOTE Confidence: 0.9065653

00:13:14.964 --> 00:13:16.885 mountain where you can actually

NOTE Confidence: 0.9065653

00:13:16.885 --> 00:13:18.505 hike or go there. Beautiful,

NOTE Confidence: 0.9861593

00:13:18.964 --> 00:13:20.485 views of the city. This

NOTE Confidence: 0.9861593

00:13:20.485 --> 00:13:22.005 is the the the team.

NOTE Confidence: 0.9861593

00:13:22.005 --> 00:13:22.985 We went to,

NOTE Confidence: 0.92838025

00:13:23.524 --> 00:13:25.125 place that was almost fifteen

NOTE Confidence: 0.92838025

00:13:25.125 --> 00:13:25.625 thousand

NOTE Confidence: 0.9303884

00:13:26.300 --> 00:13:27.660 feet above sea level, and

NOTE Confidence: 0.9303884

00:13:27.660 --> 00:13:28.620 we do we did a

NOTE Confidence: 0.9303884

00:13:28.620 --> 00:13:30.459 screening for pulmonary hypertension and

NOTE Confidence: 0.9303884

00:13:30.459 --> 00:13:32.300 and high altitude. And, again,

NOTE Confidence: 0.9303884

00:13:32.300 --> 00:13:33.759 here pictures of our

NOTE Confidence: 0.9417592

00:13:34.059 --> 00:13:35.040 students, sonographers,

NOTE Confidence: 0.9175531

00:13:35.579 --> 00:13:37.199 doing this, echocardiograms.

NOTE Confidence: 0.8938985

00:13:38.059 --> 00:13:38.559 So,

NOTE Confidence: 0.95874834

00:13:39.205 --> 00:13:40.645 we're very excited for for

NOTE Confidence: 0.95874834

00:13:40.645 --> 00:13:42.404 this, opportunity. I mean, I

NOTE Confidence: 0.95874834

00:13:42.404 --> 00:13:43.524 want to finish with this

NOTE Confidence: 0.95874834

00:13:43.524 --> 00:13:44.585 sentence from,

NOTE Confidence: 0.9265074

00:13:45.285 --> 00:13:46.565 Bob McNamara. This is the

NOTE Confidence: 0.9265074

00:13:46.565 --> 00:13:47.765 the science of medicine may

NOTE Confidence: 0.9265074

00:13:47.765 --> 00:13:49.285 be global, but the art

NOTE Confidence: 0.9265074

00:13:49.285 --> 00:13:51.304 of, on practice of medicine

NOTE Confidence: 0.9265074

00:13:51.365 --> 00:13:52.960 needs to be local. And

NOTE Confidence: 0.9265074

00:13:52.960 --> 00:13:54.400 that's kind of, we want

NOTE Confidence: 0.9265074

00:13:54.400 --> 00:13:56.260 to continue this, philosophy.

NOTE Confidence: 0.95857227

00:13:56.640 --> 00:13:57.920 And, again, I mean, I'm

NOTE Confidence: 0.95857227

00:13:57.920 --> 00:13:59.220 really, really excited

NOTE Confidence: 0.97660416

00:13:59.520 --> 00:14:00.800 that we're gonna have this

NOTE Confidence: 0.97660416

00:14:00.800 --> 00:14:02.500 next level of interaction

NOTE Confidence: 0.95188445

00:14:03.040 --> 00:14:04.640 now that our internal medicine

NOTE Confidence: 0.95188445

00:14:04.640 --> 00:14:05.940 residents and fellows,

NOTE Confidence: 0.87499243

00:14:06.559 --> 00:14:07.540 can have Colombia

NOTE Confidence: 0.9790259

00:14:07.895 --> 00:14:08.795 as one of their,

NOTE Confidence: 0.99391484

00:14:09.175 --> 00:14:10.554 sites to to rotate.

NOTE Confidence: 0.99977267

00:14:11.015 --> 00:14:11.995 Thank you very much.
