NOTE duration: "00:03:56.074"

NOTE Confidence: 0.9599252

00:00:04.240 --> 00:00:05.200 I think there's really a

NOTE Confidence: 0.9599252

00:00:05.200 --> 00:00:06.799 great sense of pride in

NOTE Confidence: 0.9599252

00:00:06.799 --> 00:00:08.880 our training program. We've been

NOTE Confidence: 0.9599252

00:00:08.880 --> 00:00:10.480 around for many decades and

NOTE Confidence: 0.9599252

00:00:10.480 --> 00:00:12.435 we've produced many exceptional pathologists,

NOTE Confidence: 0.9410645

00:00:12.995 --> 00:00:14.035 many of whom stay on

NOTE Confidence: 0.9410645

00:00:14.035 --> 00:00:15.415 as faculty here at Yale,

NOTE Confidence: 0.9992676

00:00:15.795 --> 00:00:16.695 including myself.

NOTE Confidence: 0.9834682

00:00:17.235 --> 00:00:19.155 Residents at Yale are not

NOTE Confidence: 0.9834682

00:00:19.155 --> 00:00:20.595 here just to focus on

NOTE Confidence: 0.9834682

00:00:20.595 --> 00:00:21.895 succeeding through a very

NOTE Confidence: 0.9680664

00:00:22.275 --> 00:00:24.675 demanding training program, but also

NOTE Confidence: 0.9680664

00:00:24.675 --> 00:00:26.135 they do feel they belong.

NOTE Confidence: 0.9942738

00:00:26.730 --> 00:00:27.949 We have a really incredible

NOTE Confidence: 0.9942738

00:00:28.010 --> 00:00:29.770 group of faculty who are
NOTE Confidence: 0.9942738

00:00:29.770 --> 00:00:30.270 international
NOTE Confidence: 0.97060925

00:00:30.650 --> 00:00:32.409 and national leaders in their
NOTE Confidence: 0.97060925

00:00:32.409 --> 00:00:34.649 fields. They supervise our residents
NOTE Confidence: 0.97060925

00:00:34.649 --> 00:00:35.470 one on one,
NOTE Confidence: 0.99581206

00:00:35.850 --> 00:00:37.290 and so you're really training
NOTE Confidence: 0.99581206

00:00:37.290 --> 00:00:38.650 with the best when you're
NOTE Confidence: 0.99581206

00:00:38.650 --> 00:00:39.470 here at Yale.
NOTE Confidence: 0.99820966

00:00:40.095 --> 00:00:40.495 A lot of the faculty
NOTE Confidence: 0.99820966

00:00:40.495 --> 00:00:40.995 members
NOTE Confidence: 0.9505005

00:00:41.534 --> 00:00:43.534 are very, very funny, especially
NOTE Confidence: 0.9505005

00:00:43.534 --> 00:00:45.135 during sign out, and I
NOTE Confidence: 0.9505005

00:00:45.135 --> 00:00:46.915 think that just builds more
NOTE Confidence: 0.9505005

00:00:47.055 --> 00:00:48.354 kind of like this camaraderie
NOTE Confidence: 0.94210684

00:00:48.895 --> 00:00:50.675 and this very close bond
NOTE Confidence: 0.94210684

00:00:50.815 --> 00:00:52.015 that allows you to ask

NOTE Confidence: 0.94210684

00:00:52.015 --> 00:00:53.730 questions, to learn, to train,

NOTE Confidence: 0.94210684

00:00:54.130 --> 00:00:55.570 train, and to actually, you

NOTE Confidence: 0.94210684

00:00:55.570 --> 00:00:56.950 know, receive feedback.

NOTE Confidence: 0.97982854

00:00:57.890 --> 00:00:59.250 So the other thing that

NOTE Confidence: 0.97982854

00:00:59.250 --> 00:01:00.850 really makes our training program

NOTE Confidence: 0.97982854

00:01:00.850 --> 00:01:01.730 excellent is we have a

NOTE Confidence: 0.97982854

00:01:01.730 --> 00:01:03.570 really outstanding breadth of material

NOTE Confidence: 0.97982854

00:01:03.570 --> 00:01:04.450 to train with here at

NOTE Confidence: 0.97982854

00:01:04.450 --> 00:01:05.745 Yale. We have a huge

NOTE Confidence: 0.97982854

00:01:05.985 --> 00:01:07.345 volume of cases and a

NOTE Confidence: 0.97982854

00:01:07.345 --> 00:01:09.105 diverse variety of cases in

NOTE Confidence: 0.97982854

00:01:09.105 --> 00:01:10.725 addition to outreach and consult

NOTE Confidence: 0.88652885

00:01:11.105 --> 00:01:12.785 and the psychology material that

NOTE Confidence: 0.88652885

00:01:12.785 --> 00:01:14.165 we diagnose every year.

NOTE Confidence: 0.96977097

00:01:14.944 --> 00:01:16.225 I knew that the program

NOTE Confidence: 0.96977097

00:01:16.225 --> 00:01:17.605 had, like, a very strong
NOTE Confidence: 0.96977097
00:01:17.825 --> 00:01:18.325 curriculum.
NOTE Confidence: 0.9671195
00:01:18.950 --> 00:01:20.310 It had a very strong
NOTE Confidence: 0.9671195
00:01:20.310 --> 00:01:21.270 AP side. It had a
NOTE Confidence: 0.9671195
00:01:21.270 --> 00:01:22.810 very strong CP side.
NOTE Confidence: 0.97366333
00:01:23.110 --> 00:01:24.630 And it just called to
NOTE Confidence: 0.97366333
00:01:24.630 --> 00:01:25.369 me. It was
NOTE Confidence: 0.9640625
00:01:25.670 --> 00:01:27.270 part of what I wanted
NOTE Confidence: 0.9640625
00:01:27.270 --> 00:01:28.729 out of a residency program.
NOTE Confidence: 0.9847982
00:01:30.470 --> 00:01:31.844 Our residents have a great
NOTE Confidence: 0.9847982
00:01:31.844 --> 00:01:33.365 variety of opportunities to get
NOTE Confidence: 0.9847982
00:01:33.365 --> 00:01:34.965 involved in research and present
NOTE Confidence: 0.9847982
00:01:34.965 --> 00:01:36.084 their work. We have more
NOTE Confidence: 0.9847982
00:01:36.084 --> 00:01:38.584 than seventy clinically active faculty
NOTE Confidence: 0.9847982
00:01:38.725 --> 00:01:40.825 across anatomic and clinical pathology.
NOTE Confidence: 0.96379745
00:01:41.604 --> 00:01:43.865 They routinely present at national

NOTE Confidence: 0.96379745
00:01:44.005 --> 00:01:44.700 and international
NOTE Confidence: 0.880188
00:01:46.619 --> 00:01:47.820 meetings our residents get to
NOTE Confidence: 0.880188
00:01:47.820 --> 00:01:48.860 go to is the United
NOTE Confidence: 0.880188
00:01:48.860 --> 00:01:50.299 States and Canadian Academy of
NOTE Confidence: 0.880188
00:01:50.299 --> 00:01:50.799 Pathology
NOTE Confidence: 0.9216064
00:01:51.180 --> 00:01:53.259 annually. And we're always well
NOTE Confidence: 0.9216064
00:01:53.259 --> 00:01:54.619 represented there. One of the
NOTE Confidence: 0.9216064
00:01:54.619 --> 00:01:55.920 things that I really appreciate
NOTE Confidence: 0.9216064
00:01:56.140 --> 00:01:58.079 about Yale is how accessible
NOTE Confidence: 0.99741906
00:01:58.539 --> 00:02:00.445 research opportunities are from the
NOTE Confidence: 0.99741906
00:02:00.445 --> 00:02:01.265 very beginning.
NOTE Confidence: 0.96981376
00:02:01.885 --> 00:02:03.565 We have opportunities across the
NOTE Confidence: 0.96981376
00:02:03.565 --> 00:02:05.965 spectrum from basic science to
NOTE Confidence: 0.96981376
00:02:05.965 --> 00:02:07.985 translational and clinical research.
NOTE Confidence: 0.97572994
00:02:08.925 --> 00:02:10.125 And I think what that
NOTE Confidence: 0.97572994

00:02:10.125 --> 00:02:11.665 makes all of that possible
NOTE Confidence: 0.97572994

00:02:11.885 --> 00:02:12.945 is really mentorship.
NOTE Confidence: 0.93859863

00:02:13.680 --> 00:02:15.200 Because early on in residency
NOTE Confidence: 0.93859863

00:02:15.200 --> 00:02:16.160 you are paired with a
NOTE Confidence: 0.93859863

00:02:16.160 --> 00:02:17.139 faculty mentor,
NOTE Confidence: 0.9621861

00:02:17.519 --> 00:02:18.800 but you are never limited
NOTE Confidence: 0.9621861

00:02:18.800 --> 00:02:20.560 to just one. And when
NOTE Confidence: 0.9621861

00:02:20.560 --> 00:02:22.160 your interest evolves, you are
NOTE Confidence: 0.9621861

00:02:22.160 --> 00:02:23.280 encouraged to work with other
NOTE Confidence: 0.9621861

00:02:23.280 --> 00:02:24.800 faculties that are leaders in
NOTE Confidence: 0.9621861

00:02:24.800 --> 00:02:26.160 the field and they are
NOTE Confidence: 0.9621861

00:02:26.160 --> 00:02:27.905 invested in your success. I
NOTE Confidence: 0.9786192

00:02:28.365 --> 00:02:29.084 think one of the big
NOTE Confidence: 0.9786192

00:02:29.084 --> 00:02:30.125 things in addition to what
NOTE Confidence: 0.9786192

00:02:30.125 --> 00:02:32.044 I've already mentioned are really
NOTE Confidence: 0.9786192

00:02:32.044 --> 00:02:33.885 the combination of exceptional training

NOTE Confidence: 0.9786192

00:02:33.885 --> 00:02:34.685 you can get in our

NOTE Confidence: 0.9786192

00:02:34.685 --> 00:02:37.025 program across both anatomic pathology

NOTE Confidence: 0.9786192

00:02:37.084 --> 00:02:38.305 and laboratory medicine.

NOTE Confidence: 0.9889003

00:02:38.764 --> 00:02:40.320 That's quite unique about us,

NOTE Confidence: 0.9889003

00:02:40.560 --> 00:02:42.080 because we have really dedicated

NOTE Confidence: 0.9889003

00:02:42.080 --> 00:02:43.919 faculty in both areas who

NOTE Confidence: 0.9889003

00:02:43.919 --> 00:02:45.120 are focused and have the

NOTE Confidence: 0.9889003

00:02:45.120 --> 00:02:46.400 resources to be working in

NOTE Confidence: 0.9889003

00:02:46.400 --> 00:02:47.380 both those areas.

NOTE Confidence: 0.9683974

00:02:47.680 --> 00:02:48.639 And the way the lab

NOTE Confidence: 0.9683974

00:02:48.639 --> 00:02:50.020 medicine training is built,

NOTE Confidence: 0.9492798

00:02:50.400 --> 00:02:52.320 highly engages our residents in

NOTE Confidence: 0.9492798

00:02:52.320 --> 00:02:53.760 that area just as in

NOTE Confidence: 0.9492798

00:02:53.760 --> 00:02:54.820 anatomic pathology.

NOTE Confidence: 0.98376465

00:02:57.544 --> 00:02:59.224 I love living and working

NOTE Confidence: 0.98376465

00:02:59.224 --> 00:03:00.044 in New Haven.
NOTE Confidence: 0.97722983

00:03:00.425 --> 00:03:02.345 It's a highly walkable city
NOTE Confidence: 0.97722983

00:03:02.345 --> 00:03:03.785 that affords me the opportunity
NOTE Confidence: 0.97722983

00:03:03.785 --> 00:03:05.325 to do many different cultural
NOTE Confidence: 0.97722983

00:03:05.385 --> 00:03:08.105 experiences. There's always something that
NOTE Confidence: 0.97722983

00:03:08.105 --> 00:03:09.800 you find that is fun.
NOTE Confidence: 0.97722983

00:03:10.020 --> 00:03:11.639 There's always something to do.
NOTE Confidence: 0.992806

00:03:12.099 --> 00:03:13.940 I feel like having this,
NOTE Confidence: 0.992806

00:03:13.940 --> 00:03:15.860 you know, outside of work
NOTE Confidence: 0.992806

00:03:15.860 --> 00:03:17.880 experience with your fellow residents
NOTE Confidence: 0.93863934

00:03:18.500 --> 00:03:20.760 and also with maybe another
NOTE Confidence: 0.93863934

00:03:20.819 --> 00:03:21.319 attending,
NOTE Confidence: 0.9719238

00:03:22.180 --> 00:03:23.480 or maybe the fellows
NOTE Confidence: 0.9116211

00:03:23.940 --> 00:03:25.295 is really nice. It gives
NOTE Confidence: 0.9116211

00:03:25.295 --> 00:03:26.815 you a little bit more
NOTE Confidence: 0.9116211

00:03:26.815 --> 00:03:27.315 life,

NOTE Confidence: 0.9141032
00:03:27.695 --> 00:03:28.735 you know, it it makes
NOTE Confidence: 0.9141032
00:03:28.735 --> 00:03:30.195 it feel more alive.
NOTE Confidence: 0.9821533
00:03:30.495 --> 00:03:32.014 And it was that sense
NOTE Confidence: 0.9821533
00:03:32.014 --> 00:03:33.215 of community and that sense
NOTE Confidence: 0.9821533
00:03:33.215 --> 00:03:35.375 of belonging and that long
NOTE Confidence: 0.9821533
00:03:35.375 --> 00:03:37.395 term investments in one another
NOTE Confidence: 0.9722358
00:03:37.775 --> 00:03:39.215 that really set this program
NOTE Confidence: 0.9722358
00:03:39.215 --> 00:03:40.470 apart for me. I think
NOTE Confidence: 0.9722358
00:03:40.470 --> 00:03:41.670 personally I can say that
NOTE Confidence: 0.9722358
00:03:41.670 --> 00:03:43.270 there's really no greater reward
NOTE Confidence: 0.9722358
00:03:43.270 --> 00:03:44.950 than ushering in and supporting
NOTE Confidence: 0.9722358
00:03:44.950 --> 00:03:46.570 the next generation of pathologists
NOTE Confidence: 0.9722358
00:03:46.710 --> 00:03:47.830 and watching them grow and
NOTE Confidence: 0.9722358
00:03:47.830 --> 00:03:48.330 thrive,
NOTE Confidence: 0.9996745
00:03:48.790 --> 00:03:49.750 over the course of their
NOTE Confidence: 0.9996745

00:03:49.750 --> 00:03:50.250 training.
