3 00:00:03.339 --> 00:00:06.299 colleagues and I could not be more proud of all  
4 00:00:06.299 --> 00:00:10.740 that you've accomplished during your time here  
and how you approached your work with passion,  
5 00:00:10.740 --> 00:00:12.810 With Curiosity, with commitment and with  
resilience,  
6 00:00:12.810 --> 00:00:14.589 particularly during these past few months.  
7 00:00:14.589 --> 00:00:16.359 The spring is obviously not how  
8 00:00:16.359 --> 00:00:19.620 any of us would have imagined your time at  
YSPH  
9 00:00:19.620 --> 00:00:22.870 concluding, but it reminds us that the impor-  
tance and the urgency  
10 00:00:22.870 --> 00:00:26.129 of the work that you're now prepared to take  
on, promoting  
11 00:00:26.129 --> 00:00:28.199 the health of populations in our communities,  
12 00:00:28.199 --> 00:00:29.390 our country, and our  
13 00:00:29.390 --> 00:00:30.980 world. The challenges are great.  
14 00:00:30.980 --> 00:00:32.789 But you're up to the task and  
15 00:00:32.789 --> 00:00:35.899 we look forward to watching your achievements  
in the years to come.
