NOTE Confidence: 0.857680022716522

00:00:00.000 --> 00:00:02.681 Thank you for agreeing to do our

NOTE Confidence: 0.857680022716522

00:00:02.681 --> 00:00:05.398 get to know a caregiver series

NOTE Confidence: 0.857680022716522

00:00:05.398 --> 00:00:08.480 in my pleasure. Thank you. It's a

NOTE Confidence: 0.857680022716522

00:00:08.480 --> 00:00:09.680 lot of fun

NOTE Confidence: 0.857680022716522

00:00:09.680 --> 00:00:12.880 so you know I wanted to take a

NOTE Confidence: 0.857680022716522

00:00:12.880 --> 00:00:15.680 minute to ask you a few questions

NOTE Confidence: 0.857680022716522

00:00:15.680 --> 00:00:17.740 and starting out with where

NOTE Confidence: 0.857680022716522

00:00:17.740 --> 00:00:20.080 you're from and how you grew

NOTE Confidence: 0.857680022716522

00:00:20.080 --> 00:00:21.680 up. Sure, uhm. I

NOTE Confidence: 0.857680022716522

00:00:21.680 --> 00:00:25.157 was born in New York City, but I raised.

NOTE Confidence: 0.857680022716522

00:00:25.157 --> 00:00:27.670 I was raised mostly in Connecticut so

NOTE Confidence: 0.857680022716522

00:00:27.743 --> 00:00:30.485 I consider myself a Connecticut native.

NOTE Confidence: 0.857680022716522

00:00:30.490 --> 00:00:33.026 An an eye my whole my whole life.

NOTE Confidence: 0.857680022716522

00:00:33.030 --> 00:00:34.610 I grew up in Connecticut,

NOTE Confidence: 0.857680022716522
00:00:34.610 --> 00:00:36.125 from kindergarten through through high
NOTE Confidence: 0.857680022716522
00:00:36.125 --> 00:00:38.419 school and moved away at various points.
NOTE Confidence: 0.857680022716522
00:00:38.420 --> 00:00:41.264 But I'm now back right where I grew up,
NOTE Confidence: 0.857680022716522
00:00:41.270 --> 00:00:45.320 so it's a lot of fun. And
NOTE Confidence: 0.899333894252777
00:00:45.320 --> 00:00:47.390 tell me a little bit about
NOTE Confidence: 0.899333894252777
00:00:47.390 --> 00:00:50.134 your family. Are you? How many siblings do
NOTE Confidence: 0.899333894252777
00:00:50.140 --> 00:00:51.169 you have anything?
NOTE Confidence: 0.899333894252777
00:00:51.169 --> 00:00:52.884 Yeah, I have a brother.
NOTE Confidence: 0.899333894252777
00:00:52.890 --> 00:00:54.960 Um parents have a small family,
NOTE Confidence: 0.899333894252777
00:00:54.960 --> 00:00:57.186 uh, we always grow up with dogs
NOTE Confidence: 0.899333894252777
00:00:57.186 --> 00:00:59.768 and a big dog person. And uh,
NOTE Confidence: 0.899333894252777
00:00:59.768 --> 00:01:02.176 I'm the only position in my family.
NOTE Confidence: 0.899333894252777
00:01:02.180 --> 00:01:03.900 Only percentage medison or healthcare.
NOTE Confidence: 0.899333894252777
00:01:03.900 --> 00:01:07.490 Uhm, so that's something that I enjoy. And
NOTE Confidence: 0.899730920791626
00:01:07.490 --> 00:01:08.390 so tell me about
NOTE Confidence: 0.899730920791626

00:01:08.390 --> 00:01:09.962 the decision to go into Medison
NOTE Confidence: 0.899730920791626

00:01:09.962 --> 00:01:11.756 like how old were you when you
NOTE Confidence: 0.899730920791626

00:01:11.756 --> 00:01:13.366 knew you wanted to be a doctor
NOTE Confidence: 0.899730920791626

00:01:13.422 --> 00:01:14.760 and and why did you chat?
NOTE Confidence: 0.899730920791626

00:01:14.760 --> 00:01:16.350 I think I always knew
NOTE Confidence: 0.904614508152008

00:01:16.350 --> 00:01:18.576 even when I was a little kid.
NOTE Confidence: 0.904614508152008

00:01:18.580 --> 00:01:20.677 I would say I wanted to be a doctor
NOTE Confidence: 0.904614508152008

00:01:20.677 --> 00:01:22.997 and maybe not even fully obviously
NOTE Confidence: 0.904614508152008

00:01:22.997 --> 00:01:24.617 understanding what that meant.
NOTE Confidence: 0.904614508152008

00:01:24.620 --> 00:01:26.210 But I love science. I.
NOTE Confidence: 0.904614508152008

00:01:26.210 --> 00:01:28.746 I think you know, in a classic way.
NOTE Confidence: 0.904614508152008

00:01:28.750 --> 00:01:30.682 I probably had really great mentors
NOTE Confidence: 0.904614508152008

00:01:30.682 --> 00:01:32.250 through my college and uhm,
NOTE Confidence: 0.904614508152008

00:01:32.250 --> 00:01:34.476 you know high school in elementary school,
NOTE Confidence: 0.904614508152008

00:01:34.480 --> 00:01:36.070 you know, going back far,
NOTE Confidence: 0.904614508152008

00:01:36.070 --> 00:01:38.606 and but I really have always loved science.

NOTE Confidence: 0.904614508152008
00:01:38.610 --> 00:01:40.858 I think is what drove me to to
NOTE Confidence: 0.904614508152008
00:01:40.858 --> 00:01:43.057 medicine and probably just with that.
NOTE Confidence: 0.904614508152008
00:01:43.060 --> 00:01:44.675 I think the ability to
NOTE Confidence: 0.904614508152008
00:01:44.675 --> 00:01:46.290 work with people you know.
NOTE Confidence: 0.904614508152008
00:01:46.290 --> 00:01:48.030 An an probably is what drew
NOTE Confidence: 0.904614508152008
00:01:48.030 --> 00:01:49.580 me to Madison the most.
NOTE Confidence: 0.904461562633514
00:01:49.580 --> 00:01:51.410 Where did you end up going
NOTE Confidence: 0.904461562633514
00:01:51.410 --> 00:01:53.169 to medical school I went to
NOTE Confidence: 0.904461562633514
00:01:53.170 --> 00:01:55.562 medical school in Ireland an when I when
NOTE Confidence: 0.904461562633514
00:01:55.562 --> 00:01:58.247 I got there by when I was in college,
NOTE Confidence: 0.904461562633514
00:01:58.250 --> 00:02:01.250 I had spent a semester abroad in Dublin.
NOTE Confidence: 0.904461562633514
00:02:01.250 --> 00:02:04.184 And I had a great time and I felt
NOTE Confidence: 0.904461562633514
00:02:04.184 --> 00:02:07.153 really drawn to the country and I am
NOTE Confidence: 0.904461562633514
00:02:07.153 --> 00:02:09.872 have some Irish background in May and
NOTE Confidence: 0.904461562633514
00:02:09.872 --> 00:02:12.892 I would just wanted to go back and
NOTE Confidence: 0.904461562633514

00:02:12.892 --> 00:02:15.058 I had a really wonderful opportunity
NOTE Confidence: 0.904461562633514

00:02:15.058 --> 00:02:17.270 to take part in medical school
NOTE Confidence: 0.904461562633514

00:02:17.270 --> 00:02:19.810 there with a program or about half.
NOTE Confidence: 0.904461562633514

00:02:19.810 --> 00:02:21.886 My classmates were from North America
NOTE Confidence: 0.904461562633514

00:02:21.886 --> 00:02:24.909 and the rest of the students were Irish.
NOTE Confidence: 0.904461562633514

00:02:24.910 --> 00:02:28.160 An amazing experience. That sounds
NOTE Confidence: 0.881601750850677

00:02:28.160 --> 00:02:30.968 really amazing and what a cool
NOTE Confidence: 0.881601750850677

00:02:30.968 --> 00:02:33.610 way to learn about Medison
NOTE Confidence: 0.885244566202164

00:02:33.610 --> 00:02:35.382 in another country. Absolutely,
NOTE Confidence: 0.885244566202164

00:02:35.382 --> 00:02:38.555 uhm and the the you know there
NOTE Confidence: 0.885244566202164

00:02:38.555 --> 00:02:41.123 was a really strong emphasis upon
NOTE Confidence: 0.885244566202164

00:02:41.123 --> 00:02:43.468 just your your history taking
NOTE Confidence: 0.885244566202164

00:02:43.468 --> 00:02:45.923 our speaking to patients and
NOTE Confidence: 0.885244566202164

00:02:45.923 --> 00:02:48.100 your physical exam skills and.
NOTE Confidence: 0.885244566202164

00:02:48.100 --> 00:02:51.660 An it was spent time is it was amazing.
NOTE Confidence: 0.885244566202164

00:02:51.660 --> 00:02:53.774 I keeping a great touch with them.

NOTE Confidence: 0.885244566202164
00:02:53.780 --> 00:02:55.684 My colleagues from there.
NOTE Confidence: 0.885244566202164
00:02:55.684 --> 00:02:58.000 So it was fantastic. And
NOTE Confidence: 0.938076555728912
00:02:58.000 --> 00:03:00.030 so from after medical school,
NOTE Confidence: 0.938076555728912
00:03:00.030 --> 00:03:03.270 then you chose to go into internal medicine,
NOTE Confidence: 0.938076555728912
00:03:03.270 --> 00:03:05.300 residency and then ultimately Hematology,
NOTE Confidence: 0.938076555728912
00:03:05.300 --> 00:03:07.330 Oncology, Fellowship talk a little
NOTE Confidence: 0.938076555728912
00:03:07.330 --> 00:03:10.198 bit about those decisions and an
NOTE Confidence: 0.938076555728912
00:03:10.198 --> 00:03:12.110 any formative experiences that
NOTE Confidence: 0.938076555728912
00:03:12.188 --> 00:03:14.390 helped you decide what to do.
NOTE Confidence: 0.938076555728912
00:03:14.390 --> 00:03:15.870 Yeah, I had a really, really
NOTE Confidence: 0.903937041759491
00:03:15.870 --> 00:03:17.322 great mentors. UM, I I wanted
NOTE Confidence: 0.903937041759491
00:03:17.322 --> 00:03:19.080 to be back in the New York.
NOTE Confidence: 0.903937041759491
00:03:19.080 --> 00:03:21.739 I wanted to be in New York City so I did my
NOTE Confidence: 0.903937041759491
00:03:21.739 --> 00:03:24.152 residency training in the Bronx, which was.
NOTE Confidence: 0.903937041759491
00:03:24.152 --> 00:03:27.121 So cool, because there is just, uh,
NOTE Confidence: 0.903937041759491

00:03:27.121 --> 00:03:30.280 it's such a diverse place to work and I
NOTE Confidence: 0.903937041759491

00:03:30.367 --> 00:03:33.797 had the opportunity to have patience from.
NOTE Confidence: 0.903937041759491

00:03:33.800 --> 00:03:36.480 Number of different ethnic backgrounds,
NOTE Confidence: 0.903937041759491

00:03:36.480 --> 00:03:37.552 socioeconomic backgrounds,
NOTE Confidence: 0.903937041759491

00:03:37.552 --> 00:03:39.696 which was really rewarding.
NOTE Confidence: 0.903937041759491

00:03:39.700 --> 00:03:43.996 I learned so much an I think I
NOTE Confidence: 0.903937041759491

00:03:43.996 --> 00:03:46.444 ultimately chose. Palazhi based on.
NOTE Confidence: 0.903937041759491

00:03:46.444 --> 00:03:49.192 And you have family members who
NOTE Confidence: 0.903937041759491

00:03:49.192 --> 00:03:52.078 had a history of breast cancer.
NOTE Confidence: 0.903937041759491

00:03:52.080 --> 00:03:54.775 So I think that had some element,
NOTE Confidence: 0.903937041759491

00:03:54.780 --> 00:03:55.496 of course.
NOTE Confidence: 0.903937041759491

00:03:55.496 --> 00:03:58.002 But I think also again just really
NOTE Confidence: 0.903937041759491

00:03:58.002 --> 00:04:00.190 great mentorship along the way.
NOTE Confidence: 0.903937041759491

00:04:00.190 --> 00:04:02.612 I also realized that I was entering
NOTE Confidence: 0.903937041759491

00:04:02.612 --> 00:04:05.220 oncology at a unique time I think
NOTE Confidence: 0.903937041759491

00:04:05.220 --> 00:04:07.984 when the field is really wrapping your

NOTE Confidence: 0.903937041759491

00:04:07.984 --> 00:04:10.648 rapidly changing very positive way and.

NOTE Confidence: 0.903937041759491

00:04:10.650 --> 00:04:13.540 Our knowledge science was changing.

NOTE Confidence: 0.903937041759491

00:04:13.540 --> 00:04:16.095 And. Any every day.

NOTE Confidence: 0.903937041759491

00:04:16.095 --> 00:04:18.450 I think you know we get new information

NOTE Confidence: 0.903937041759491

00:04:18.450 --> 00:04:20.610 about how to diagnose things,

NOTE Confidence: 0.903937041759491

00:04:20.610 --> 00:04:22.766 treat cancer and I just thought I

NOTE Confidence: 0.903937041759491

00:04:22.766 --> 00:04:25.192 want to be involved in this this

NOTE Confidence: 0.903937041759491

00:04:25.192 --> 00:04:27.718 exciting time and so that was a

NOTE Confidence: 0.903937041759491

00:04:27.718 --> 00:04:29.578 large part of what drew mean.

NOTE Confidence: 0.903937041759491

00:04:29.580 --> 00:04:32.559 Oncology and then of course I think we have.

NOTE Confidence: 0.903937041759491

00:04:32.560 --> 00:04:36.196 It's a unique field to where we get to.

NOTE Confidence: 0.903937041759491

00:04:36.200 --> 00:04:37.628 Really get to know our patience.

NOTE Confidence: 0.903937041759491

00:04:37.630 --> 00:04:38.084 You know,

NOTE Confidence: 0.903937041759491

00:04:38.084 --> 00:04:39.673 on a human level and I remember

NOTE Confidence: 0.903937041759491

00:04:39.673 --> 00:04:41.660 one of my mentors at the Times that

NOTE Confidence: 0.903937041759491

00:04:41.660 --> 00:04:43.137 will think about you know what
NOTE Confidence: 0.903937041759491

00:04:43.137 --> 00:04:44.761 kind of patients who do you want
NOTE Confidence: 0.903937041759491

00:04:44.770 --> 00:04:45.722 to be sitting across?
NOTE Confidence: 0.903937041759491

00:04:45.722 --> 00:04:46.198 You know,
NOTE Confidence: 0.903937041759491

00:04:46.200 --> 00:04:48.048 in the room with and what kind of
NOTE Confidence: 0.903937041759491

00:04:48.048 --> 00:04:49.715 conversations do you want to be having
NOTE Confidence: 0.903937041759491

00:04:49.715 --> 00:04:51.429 and that really somehow just that stuck?
NOTE Confidence: 0.903937041759491

00:04:51.430 --> 00:04:53.158 And it's something I've never forgotten
NOTE Confidence: 0.903937041759491

00:04:53.158 --> 00:04:55.391 and I and I just realized that this
NOTE Confidence: 0.903937041759491

00:04:55.391 --> 00:04:57.658 is what I think I was meant to do.
NOTE Confidence: 0.903937041759491

00:04:57.660 --> 00:04:59.259 It's a privilege
NOTE Confidence: 0.873842656612396

00:04:59.260 --> 00:05:03.003 to sit across from a patient dealing
NOTE Confidence: 0.873842656612396

00:05:03.003 --> 00:05:05.198 with cancer. Absolutely. I mean
NOTE Confidence: 0.90860378742218

00:05:05.200 --> 00:05:08.460 it is such. It is such a privilege to to
NOTE Confidence: 0.90860378742218

00:05:08.544 --> 00:05:11.968 get to be involved in the medical aspects.
NOTE Confidence: 0.90860378742218
