NOTE duration:"00:02:58.6880000"

NOTE language:en-us

NOTE Confidence: 0.78668594

00:00:00.000 --> 00:00:03.934 I'm Harry is Laney, and I'm advancing.

NOTE Confidence: 0.78668594

00:00:03.940 --> 00:00:06.915 Tosca ****** as part of the Yale

NOTE Confidence: 0.78668594

00:00:06.915 --> 00:00:08.684 Gastroenterology Department and we

NOTE Confidence: 0.78668594

00:00:08.684 --> 00:00:11.234 treat a variety of patients with

NOTE Confidence: 0.78668594

00:00:11.234 --> 00:00:12.994 gastrointestinal problems in our

NOTE Confidence: 0.78668594

00:00:12.994 --> 00:00:15.280 field of advancement. OSCA, P.

NOTE Confidence: 0.78668594

00:00:15.280 --> 00:00:18.400 We're usually faced with a fairly

NOTE Confidence: 0.78668594

00:00:18.400 --> 00:00:21.470 focused question that often deals with.

NOTE Confidence: 0.78668594

00:00:21.470 --> 00:00:23.588 A diagnostic problem looking at getting

NOTE Confidence: 0.78668594

00:00:23.588 --> 00:00:26.190 a biopsy or a sampling or getting

NOTE Confidence: 0.78668594

00:00:26.190 --> 00:00:28.801 more information or seeing if we can

NOTE Confidence: 0.78668594

00:00:28.872 --> 00:00:30.576 possibly treat something completely

NOTE Confidence: 0.78668594

00:00:30.576 --> 00:00:33.834 through the scope so we look to have

NOTE Confidence: 0.78668594

00:00:33.834 --> 00:00:36.263 as much information up to that point

NOTE Confidence: 0.78668594

00:00:36.263 --> 00:00:38.767 as possible and then formulate a plan

NOTE Confidence: 0.78668594

00:00:38.767 --> 00:00:41.602 as part of a multidisciplinary team to

NOTE Confidence: 0.78668594

00:00:41.602 --> 00:00:44.801 see how we can provide some answers.

NOTE Confidence: 0.78668594

00:00:44.810 --> 00:00:47.682 We always find it helpful to have caregiver

NOTE Confidence: 0.78668594

00:00:47.682 --> 00:00:50.647 or family member present during a meeting.

NOTE Confidence: 0.78668594

00:00:50.650 --> 00:00:52.522 They often can provide.

NOTE Confidence: 0.78668594

00:00:52.522 --> 00:00:53.926 Important historical information

NOTE Confidence: 0.78668594

00:00:53.926 --> 00:00:56.280 about symptoms or prior testing.

NOTE Confidence: 0.78668594

00:00:56.280 --> 00:00:58.695 If we are performing a

NOTE Confidence: 0.78668594

00:00:58.695 --> 00:01:00.144 procedure after sedation,

NOTE Confidence: 0.78668594

00:01:00.150 --> 00:01:02.929 it's necessary to have a ride home

NOTE Confidence: 0.78668594

00:01:02.929 --> 00:01:06.334 an when we discuss the results after

NOTE Confidence: 0.78668594

00:01:06.334 --> 00:01:09.514 procedure is often helpful to have

NOTE Confidence: 0.78668594

00:01:09.604 --> 00:01:12.622 another person there to help remember

NOTE Confidence: 0.78668594

00:01:12.622 --> 00:01:15.616 some of the details if needed.

NOTE Confidence: 0.78668594

00:01:15.616 --> 00:01:19.032 The part of endoscopy that I enjoy

NOTE Confidence: 0.78668594

00:01:19.032 --> 00:01:22.495 the most is having a visual

NOTE Confidence: 0.78668594

00:01:22.495 --> 00:01:24.795 representation of a problem.

NOTE Confidence: 0.78668594

00:01:24.800 --> 00:01:26.850 And the chance to to

NOTE Confidence: 0.78668594

00:01:26.850 --> 00:01:28.490 make an immediate impact,

NOTE Confidence: 0.78668594

00:01:28.490 --> 00:01:31.633 either with a diagnosis and in many

NOTE Confidence: 0.78668594

00:01:31.633 --> 00:01:33.831 cases potentially with the treatment

NOTE Confidence: 0.78668594

00:01:33.831 --> 00:01:36.927 that can remove a problem such as an

NOTE Confidence: 0.78668594

00:01:37.005 --> 00:01:39.560 early cancer or polyp of the say,

NOTE Confidence: 0.78668594

00:01:39.560 --> 00:01:41.332 esophagus, stomach or colon.

NOTE Confidence: 0.78668594

00:01:41.332 --> 00:01:43.547 Part of the Smilow advanced

NOTE Confidence: 0.78668594

00:01:43.547 --> 00:01:45.884 Endoscopy Team we work as part

NOTE Confidence: 0.78668594

00:01:45.884 --> 00:01:47.344 of a multidisciplinary team.

NOTE Confidence: 0.78668594

00:01:47.350 --> 00:01:50.707 So many of the questions that we face have

NOTE Confidence: 0.78668594

00:01:50.707 --> 00:01:54.399 to do with the question of something that.

NOTE Confidence: 0.78668594

00:01:54.400 --> 00:01:55.729 Could be precancerous,

NOTE Confidence: 0.78668594

00:01:55.729 --> 00:01:59.130 or what the current state of something is,

NOTE Confidence: 0.78668594

00:01:59.130 --> 00:02:01.874 so it's it's a great pleasure to work

NOTE Confidence: 0.78668594

00:02:01.874 --> 00:02:04.375 as part of a multidisciplinary team

NOTE Confidence: 0.78668594

00:02:04.375 --> 00:02:07.827 of variety of very expert and talented

NOTE Confidence: 0.78668594

00:02:07.827 --> 00:02:09.450 physicians, including surgeons,

NOTE Confidence: 0.78668594

00:02:09.450 --> 00:02:10.310 radiologists, pathologists,

NOTE Confidence: 0.78668594

00:02:10.310 --> 00:02:11.170 an oncologist.

NOTE Confidence: 0.78668594

00:02:11.170 --> 00:02:13.893 So knowing that the patient is getting

NOTE Confidence: 0.78668594

00:02:13.893 --> 00:02:16.876 the best care possible and it's going

NOTE Confidence: 0.78668594

00:02:16.876 --> 00:02:19.480 to have the best outcomes possible

NOTE Confidence: 0.78668594

00:02:19.559 --> 00:02:22.779 from each specialty is is really rewarding.

NOTE Confidence: 0.78668594

00:02:22.780 --> 00:02:25.510 My research interests center around.

NOTE Confidence: 0.78668594

00:02:25.510 --> 00:02:29.654 Advance into Osca P in the care of

NOTE Confidence: 0.78668594

00:02:29.654 --> 00:02:33.278 patients with problems that we treat,

NOTE Confidence: 0.78668594

00:02:33.280 --> 00:02:37.136 so we have a variety of ongoing research

NOTE Confidence: 0.78668594

00:02:37.136 --> 00:02:40.069 studies that involve sometimes the

NOTE Confidence: 0.78668594

00:02:40.069 --> 00:02:43.825 details of the performance of endoscopy,

NOTE Confidence: 0.78668594

00:02:43.830 --> 00:02:47.295 applying new technology or new

NOTE Confidence: 0.78668594

00:02:47.295 --> 00:02:50.067 techniques and also optimizing.

NOTE Confidence: 0.78668594

00:02:50.070 --> 00:02:51.660 The techniques that we used to

NOTE Confidence: 0.78668594

00:02:51.660 --> 00:02:53.450 get the best results for patients.
