

WEBVTT

NOTE duration:"00:02:11.4350000"

NOTE language:en-us

NOTE Confidence: 0.982980395384615

00:00:00.000 --> 00:00:02.060 My name is Tara Sanft.

NOTE Confidence: 0.982980395384615

00:00:02.060 --> 00:00:06.520 I am the director of the survivorship clinic.

NOTE Confidence: 0.982980395384615

00:00:06.520 --> 00:00:09.070 I am the chief Patient Experience

NOTE Confidence: 0.982980395384615

00:00:09.070 --> 00:00:11.678 officer at Smilow Cancer Hospital and

NOTE Confidence: 0.982980395384615

00:00:11.678 --> 00:00:14.583 I am also a breast medical oncologist.

NOTE Confidence: 0.982980395384615

00:00:14.590 --> 00:00:17.180 I treat patients who have been diagnosed

NOTE Confidence: 0.982980395384615

00:00:17.180 --> 00:00:19.925 with breast cancer and I see survivors

NOTE Confidence: 0.982980395384615

00:00:19.925 --> 00:00:21.880 of multiple different disease types.

NOTE Confidence: 0.982980395384615

00:00:21.880 --> 00:00:23.406 I feel like it's a privilege to

NOTE Confidence: 0.982980395384615

00:00:23.406 --> 00:00:25.173 take care of patients who've been

NOTE Confidence: 0.982980395384615

00:00:25.173 --> 00:00:26.589 diagnosed with breast cancer.

NOTE Confidence: 0.982980395384615

00:00:26.590 --> 00:00:29.369 The relationship is very intimate and you

NOTE Confidence: 0.982980395384615

00:00:29.369 --> 00:00:32.665 get to help someone through what may be

NOTE Confidence: 0.982980395384615

00:00:32.665 --> 00:00:35.589 the most difficult time in their life.

NOTE Confidence: 0.982980395384615

00:00:35.590 --> 00:00:36.796 That being said,

NOTE Confidence: 0.982980395384615

00:00:36.796 --> 00:00:40.177 I feel like it is true that breast

NOTE Confidence: 0.982980395384615

00:00:40.177 --> 00:00:42.997 cancer can be a very hopeful.

NOTE Confidence: 0.982980395384615

00:00:43.000 --> 00:00:45.520 Diagnosis in that our cure rates and

NOTE Confidence: 0.982980395384615

00:00:45.520 --> 00:00:47.980 our survival rates are incredibly high,

NOTE Confidence: 0.982980395384615

00:00:47.980 --> 00:00:51.010 and it's a privilege to help

NOTE Confidence: 0.982980395384615

00:00:51.010 --> 00:00:53.030 women walk through those.

NOTE Confidence: 0.982980395384615

00:00:53.030 --> 00:00:54.830 Times in their life when they

NOTE Confidence: 0.982980395384615

00:00:54.830 --> 00:00:56.670 may be most vulnerable or afraid.

NOTE Confidence: 0.982980395384615

00:00:56.670 --> 00:00:58.350 First visits are a chance for

NOTE Confidence: 0.982980395384615

00:00:58.350 --> 00:01:00.610 us to get to know each other.

NOTE Confidence: 0.982980395384615

00:01:00.610 --> 00:01:02.392 I like to start by understanding

NOTE Confidence: 0.982980395384615

00:01:02.392 --> 00:01:04.248 what the patient has been told

NOTE Confidence: 0.982980395384615

00:01:04.248 --> 00:01:06.060 and what they're hoping to cover.

NOTE Confidence: 0.982980395384615

00:01:06.060 --> 00:01:07.824 Drain the visit if they bring

NOTE Confidence: 0.982980395384615

00:01:07.824 --> 00:01:09.390 a loved one with them,
NOTE Confidence: 0.982980395384615

00:01:09.390 --> 00:01:11.130 it's often very helpful to have
NOTE Confidence: 0.982980395384615

00:01:11.130 --> 00:01:13.466 a second pair of ears because the
NOTE Confidence: 0.982980395384615

00:01:13.466 --> 00:01:15.680 conversations can get a little bit
NOTE Confidence: 0.982980395384615

00:01:15.680 --> 00:01:17.769 technical and it can be hard to absorb
NOTE Confidence: 0.982980395384615

00:01:17.769 --> 00:01:19.515 all of the information my research
NOTE Confidence: 0.982980395384615

00:01:19.515 --> 00:01:21.585 focuses on healthy diet and exercise
NOTE Confidence: 0.982980395384615

00:01:21.585 --> 00:01:23.379 during and after cancer treatment.
NOTE Confidence: 0.982980395384615

00:01:23.380 --> 00:01:25.333 I have a study right now looking
NOTE Confidence: 0.982980395384615

00:01:25.333 --> 00:01:27.654 at a healthy diet and exercise
NOTE Confidence: 0.982980395384615

00:01:27.654 --> 00:01:29.542 intervention offered right after
NOTE Confidence: 0.982980395384615

00:01:29.542 --> 00:01:31.830 diagnosis before starting chemotherapy.
NOTE Confidence: 0.982980395384615

00:01:31.830 --> 00:01:34.026 We are understanding whether or not
NOTE Confidence: 0.982980395384615

00:01:34.026 --> 00:01:35.951 this intervention helps women complete
NOTE Confidence: 0.982980395384615

00:01:35.951 --> 00:01:37.966 chemotherapy in an easier fashion.
NOTE Confidence: 0.982980395384615

00:01:37.970 --> 00:01:40.182 I would like my patients to know

NOTE Confidence: 0.982980395384615
00:01:40.182 --> 00:01:42.498 that my passion is actually in
NOTE Confidence: 0.982980395384615
00:01:42.498 --> 00:01:44.234 communication and healthcare and
NOTE Confidence: 0.982980395384615
00:01:44.234 --> 00:01:46.770 that I'm committed to creating a
NOTE Confidence: 0.982980395384615
00:01:46.770 --> 00:01:48.710 relationship with each and every
NOTE Confidence: 0.982980395384615
00:01:48.710 --> 00:01:52.178 patient that I see and so is my team.
NOTE Confidence: 0.982980395384615
00:01:52.180 --> 00:01:54.844 We are part of a multidisciplinary
NOTE Confidence: 0.982980395384615
00:01:54.844 --> 00:01:57.083 team that provides comprehensive Breast
NOTE Confidence: 0.982980395384615
00:01:57.083 --> 00:01:59.465 Cancer Care and survivorship care and
NOTE Confidence: 0.982980395384615
00:01:59.465 --> 00:02:02.120 we look forward to meeting with each.
NOTE Confidence: 0.982980395384615
00:02:02.120 --> 00:02:03.690 Individual and getting to know
NOTE Confidence: 0.982980395384615
00:02:03.690 --> 00:02:05.680 each person as a human being.
