NOTE Confidence: 0.8974495

00:00:00.000 --> 00:00:02.256 Hello, my name is Randy Bindra.

NOTE Confidence: 0.8974495

00:00:02.260 --> 00:00:03.922 I'm a professor of the rapeutic radiology

NOTE Confidence: 0.8974495

 $00:00:03.922 \longrightarrow 00:00:05.649$ at the Yale School of Medicine.

NOTE Confidence: 0.8974495

00:00:05.650 --> 00:00:07.348 My main focus is adult and

NOTE Confidence: 0.8974495

 $00:00:07.348 \longrightarrow 00:00:08.197$ pediatric brain tumors.

NOTE Confidence: 0.8974495

 $00:00:08.200 \longrightarrow 00:00:09.936$ A lot of our decisions to treat

NOTE Confidence: 0.8974495

 $00:00:09.936 \longrightarrow 00:00:11.828$ what we treat our based on the

NOTE Confidence: 0.8974495

 $00{:}00{:}11.828 \dashrightarrow 00{:}00{:}13.454$ training that we've had and some

NOTE Confidence: 0.8974495

 $00{:}00{:}13.510 \dashrightarrow 00{:}00{:}15.280$ of our own personal experiences.

NOTE Confidence: 0.8974495

 $00:00:15.280 \longrightarrow 00:00:16.690$ When I was a resident,

NOTE Confidence: 0.8974495

 $00{:}00{:}16.690 \dashrightarrow 00{:}00{:}18.954$ I was exposed to a number of patients,

NOTE Confidence: 0.8974495

 $00{:}00{:}18.960 \dashrightarrow 00{:}00{:}20.070$ specifically small children

NOTE Confidence: 0.8974495

 $00:00:20.070 \longrightarrow 00:00:21.550$ that had brain tumors.

NOTE Confidence: 0.8974495

 $00:00:21.550 \longrightarrow 00:00:23.470$ And it was those experiences that

NOTE Confidence: 0.8974495

 $00{:}00{:}23.470 \dashrightarrow 00{:}00{:}25.675$ shaped my interest in pursuing novel

NOTE Confidence: 0.8974495

 $00:00:25.675 \longrightarrow 00:00:27.835$ treatment options for those patients.

NOTE Confidence: 0.8974495

 $00:00:27.840 \longrightarrow 00:00:29.919$ I think it's important for patients to

NOTE Confidence: 0.8974495

 $00:00:29.919 \longrightarrow 00:00:31.996$ know that when they come to see us,

NOTE Confidence: 0.8974495

00:00:32.000 --> 00:00:33.656 that they're really treated like family.

NOTE Confidence: 0.8974495

 $00:00:33.660 \longrightarrow 00:00:34.868$ We're available 24/7 really

NOTE Confidence: 0.8974495

 $00:00:34.868 \longrightarrow 00:00:37.270$ working all the time as a team to

NOTE Confidence: 0.8974495

 $00{:}00{:}37.270 \longrightarrow 00{:}00{:}38.842$ make sure that they get better

NOTE Confidence: 0.8974495

 $00:00:38.842 \longrightarrow 00:00:40.859$ and get to where they need to be.

NOTE Confidence: 0.8974495

 $00{:}00{:}40.860 \dashrightarrow 00{:}00{:}42.576$ We often recommend that a patient

NOTE Confidence: 0.8974495

 $00:00:42.576 \longrightarrow 00:00:44.019$ bring family members who can

NOTE Confidence: 0.8974495

00:00:44.019 --> 00:00:45.741 take notes 'cause it can be very

NOTE Confidence: 0.8974495

00:00:45.741 --> 00:00:47.228 difficult for that first console,

NOTE Confidence: 0.8974495

 $00:00:47.230 \longrightarrow 00:00:48.938$ but we're often able to spend a

NOTE Confidence: 0.8974495

 $00:00:48.938 \longrightarrow 00:00:50.648$ fair amount of time going through

NOTE Confidence: 0.8974495

00:00:50.648 --> 00:00:52.490 all the details with the patient,

NOTE Confidence: 0.8974495

 $00{:}00{:}52.490 \dashrightarrow 00{:}00{:}54.429$ even if they can only come alone.

NOTE Confidence: 0.8974495

 $00:00:54.430 \longrightarrow 00:00:56.062$ Our laboratory is focus on developing

NOTE Confidence: 0.8974495

 $00:00:56.062 \longrightarrow 00:00:57.480$ novel therapeutics for brain tumors,

NOTE Confidence: 0.8974495

 $00:00:57.480 \longrightarrow 00:00:59.412$ and in particular are very interested in

NOTE Confidence: 0.8974495

 $00:00:59.412 \longrightarrow 00:01:00.630$ translating those therapeutics directly.

NOTE Confidence: 0.8974495

 $00:01:00.630 \longrightarrow 00:01:01.563$ Into the clinic.

NOTE Confidence: 0.8974495

 $00:01:01.563 \dashrightarrow 00:01:04.309$ For the patients that we see here at Yale.

NOTE Confidence: 0.8974495

 $00:01:04.310 \longrightarrow 00:01:05.462$ Our laboratory and clinical

NOTE Confidence: 0.8974495

00:01:05.462 --> 00:01:06.326 practice are very,

NOTE Confidence: 0.8974495

 $00{:}01{:}06.330 \dashrightarrow 00{:}01{:}08.148$ very much intertwined in that we

NOTE Confidence: 0.8974495

 $00{:}01{:}08.148 \dashrightarrow 00{:}01{:}09.969$ love to translate work from the

NOTE Confidence: 0.8974495

 $00{:}01{:}09.969 \dashrightarrow 00{:}01{:}11.619$ bench to the bed side and from

NOTE Confidence: 0.8974495

 $00:01:11.619 \longrightarrow 00:01:12.950$ the bedside to the bench.

NOTE Confidence: 0.8974495

 $00:01:12.950 \longrightarrow 00:01:13.424$ I'm very,

NOTE Confidence: 0.8974495

 $00:01:13.424 \longrightarrow 00:01:14.846$ very excited about what lies ahead

NOTE Confidence: 0.8974495

 $00:01:14.846 \longrightarrow 00:01:16.460$ for brain tumor research and

NOTE Confidence: 0.8974495

 $00:01:16.460 \longrightarrow 00:01:17.555$ novel the rapeutics development.

NOTE Confidence: 0.8974495

 $00:01:17.560 \longrightarrow 00:01:19.252$ We now understand so many things

NOTE Confidence: 0.8974495

 $00{:}01{:}19.252 \dashrightarrow 00{:}01{:}21.524$ that we didn't know before and one of

NOTE Confidence: 0.8974495

 $00:01:21.524 \longrightarrow 00:01:23.513$ the cost of making great strides in

NOTE Confidence: 0.8974495

 $00:01:23.513 \longrightarrow 00:01:25.620$ the survival for patients with brain tumors.
