NOTE recognizability:0.927

NOTE language:en-us

NOTE Confidence: 0.9273029

 $00:00:00.000 \longrightarrow 00:00:01.155$ I'm Melissa mastriani.

NOTE Confidence: 0.9273029

 $00{:}00{:}01.155 \dashrightarrow 00{:}00{:}03.080$ I'm an associate professor at

NOTE Confidence: 0.9273029

 $00:00:03.080 \longrightarrow 00:00:06.158$ Yale and I am in the division of

NOTE Confidence: 0.9273029

00:00:06.158 --> 00:00:07.650 Plastic and Reconstructive Surgery.

NOTE Confidence: 0.9273029

00:00:07.650 --> 00:00:09.696 I treat primarily breast cancer patients,

NOTE Confidence: 0.9273029

 $00:00:09.700 \longrightarrow 00:00:12.045$ but any patient that needs any complex

NOTE Confidence: 0.9273029

 $00:00:12.045 \longrightarrow 00:00:13.787$ reconstruction after a cancer surgery

NOTE Confidence: 0.9273029

 $00:00:13.787 \longrightarrow 00:00:16.174$ might come my way through medical school.

NOTE Confidence: 0.9273029

00:00:16.180 --> 00:00:18.560 I tried to keep an open mind,

NOTE Confidence: 0.9273029

 $00{:}00{:}18.560 \dashrightarrow 00{:}00{:}21.094$ but in my undergraduate years I was

NOTE Confidence: 0.9273029

00:00:21.094 --> 00:00:23.790 very enamored with the idea of a surgery

NOTE Confidence: 0.9273029

 $00:00:23.790 \longrightarrow 00:00:26.409$ that could not only take away a disease,

NOTE Confidence: 0.9273029

 $00:00:26.410 \longrightarrow 00:00:27.922$ but also instantaneously.

NOTE Confidence: 0.9273029

 $00:00:27.922 \longrightarrow 00:00:31.450$ Restore form and function to somebody's life.

NOTE Confidence: 0.9273029

 $00:00:31.450 \longrightarrow 00:00:33.706$ I found myself the happiest in the operating

NOTE Confidence: 0.9273029

 $00{:}00{:}33.706 \dashrightarrow 00{:}00{:}36.165$ rooms where I could make a physical and

NOTE Confidence: 0.9273029

 $00:00:36.165 \longrightarrow 00:00:37.750$ immediate improvement on people's lives.

NOTE Confidence: 0.9273029

 $00:00:37.750 \longrightarrow 00:00:39.850$ So that's what drew me to surgery.

NOTE Confidence: 0.9273029

 $00:00:39.850 \longrightarrow 00:00:41.950$ There is no one size fits all,

NOTE Confidence: 0.9273029

 $00{:}00{:}41.950 \dashrightarrow 00{:}00{:}44.326$ so I work with my patients and find out

NOTE Confidence: 0.9273029

00:00:44.326 --> 00:00:46.791 about their lives to figure out how I

NOTE Confidence: 0.9273029

 $00:00:46.791 \longrightarrow 00:00:48.725$ can best reconstruct their breasts and

NOTE Confidence: 0.9273029

00:00:48.725 --> 00:00:50.944 get them back to living their lives.

NOTE Confidence: 0.9273029

 $00{:}00{:}50.950 \dashrightarrow 00{:}00{:}52.150$ Often times, patients are scared

NOTE Confidence: 0.9273029

 $00:00:52.150 \longrightarrow 00:00:53.950$ when they come to meet me.

NOTE Confidence: 0.9273029

 $00:00:53.950 \longrightarrow 00:00:55.750$ They've just gotten a cancer diagnosis.

NOTE Confidence: 0.9273029

 $00:00:55.750 \longrightarrow 00:00:56.910$ Their head is whirling.

NOTE Confidence: 0.9273029

 $00:00:56.910 \longrightarrow 00:00:59.662$ They probably have had a lot of other doctor

NOTE Confidence: 0.9273029

 $00:00:59.662 \longrightarrow 00:01:01.888$ appointments before they come to meet me.

NOTE Confidence: 0.9273029

 $00:01:01.890 \dashrightarrow 00:01:03.286$ Medical oncologist surgical oncologist.

NOTE Confidence: 0.9273029

 $00:01:03.286 \longrightarrow 00:01:06.189$ I like to be a breath of fresh air.

NOTE Confidence: 0.9273029

 $00:01:06.190 \longrightarrow 00:01:07.514$ I show them pictures.

NOTE Confidence: 0.9273029

 $00{:}01{:}07.514 \dashrightarrow 00{:}01{:}08.838$ I show them diagrams.

NOTE Confidence: 0.9273029

 $00{:}01{:}08.840 \dashrightarrow 00{:}01{:}11.486$ I let them hold an implant in their hand

NOTE Confidence: 0.9273029

 $00:01:11.486 \longrightarrow 00:01:14.467$ and we talk about what's important to them.

NOTE Confidence: 0.9273029

 $00:01:14.470 \longrightarrow 00:01:16.120$ We talk about scar placement.

NOTE Confidence: 0.9273029

 $00:01:16.120 \longrightarrow 00:01:18.106$ We talk about return to work.

NOTE Confidence: 0.9273029

00:01:18.110 --> 00:01:20.390 We talked about their recovery.

NOTE Confidence: 0.9273029

 $00{:}01{:}20.390 \dashrightarrow 00{:}01{:}22.838$ So a lot of women to prepare before

NOTE Confidence: 0.9273029

00:01:22.838 --> 00:01:23.979 your appointment with me.

NOTE Confidence: 0.9273029

00:01:23.980 --> 00:01:26.364 I'll tell them, just go on the Internet,

NOTE Confidence: 0.9273029

 $00:01:26.370 \longrightarrow 00:01:27.228$ do some research,

NOTE Confidence: 0.9273029

00:01:27.228 --> 00:01:28.944 talk to friends and family who

NOTE Confidence: 0.9273029

 $00:01:28.944 \longrightarrow 00:01:30.560$ may have had breast cancer.

NOTE Confidence: 0.9273029

00:01:30.560 --> 00:01:32.457 Find out you know maybe what you

NOTE Confidence: 0.9273029

 $00:01:32.457 \longrightarrow 00:01:33.850$ wouldn't have known otherwise.

NOTE Confidence: 0.9273029

 $00{:}01{:}33.850 \dashrightarrow 00{:}01{:}35.340$ Find out how people recovered

NOTE Confidence: 0.9273029

 $00:01:35.340 \longrightarrow 00:01:36.234$ from their surgeries,

NOTE Confidence: 0.9273029

 $00:01:36.240 \longrightarrow 00:01:37.730$ or fears that they would

NOTE Confidence: 0.9273029

 $00:01:37.730 \longrightarrow 00:01:38.922$ like to have addressed.

NOTE Confidence: 0.9273029

 $00{:}01{:}38.930 \dashrightarrow 00{:}01{:}41.216$ My current interests are innovation and

NOTE Confidence: 0.9273029

 $00:01:41.216 \longrightarrow 00:01:42.740$ technology and breast reconstruction.

NOTE Confidence: 0.9273029

 $00:01:42.740 \longrightarrow 00:01:44.270$ My hope is to make reconstruction

NOTE Confidence: 0.9273029

 $00:01:44.270 \longrightarrow 00:01:45.627$ an easier process for everybody

NOTE Confidence: 0.9273029

 $00{:}01{:}45.627 \dashrightarrow 00{:}01{:}47.057$ that comes through my door.
