NOTE Confidence: 0.891288528888889

00:00:02.005 --> 00:00:03.609 all the speakers today.

NOTE Confidence: 0.891288528888889

00:00:03.610 --> 00:00:05.074 These were really wonderful

NOTE Confidence: 0.891288528888889

00:00:05.074 --> 00:00:07.270 presentations and give you a sense

NOTE Confidence: 0.891288528888889

00:00:07.335 --> 00:00:10.054 of the the life and innovation

NOTE Confidence: 0.891288528888889

00:00:10.054 --> 00:00:13.009 and excitement in clinical and

NOTE Confidence: 0.891288528888889

00:00:13.009 --> 00:00:15.607 translational research here at Yale.

NOTE Confidence: 0.891288528888889

00:00:15.610 --> 00:00:21.140 And I. I also want to acknowledge

NOTE Confidence: 0.891288528888889

00:00:21.140 --> 00:00:23.807 that the that this symposium was

NOTE Confidence: 0.891288528888889

00:00:23.807 --> 00:00:26.585 planned in collaboration with my my

NOTE Confidence: 0.891288528888889

00:00:26.585 --> 00:00:28.980 compadre and partner in in crime.

NOTE Confidence: 0.891288528888889

00:00:28.980 --> 00:00:31.446 Brian Brian Smith does say crime,

NOTE Confidence: 0.891288528888889

00:00:31.450 --> 00:00:33.620 I mean clinical research Brian

NOTE Confidence: 0.891288528888889

00:00:33.620 --> 00:00:36.314 Smith and he wanted to be  
NOTE Confidence: 0.891288528888889

00:00:36.314 --> 00:00:38.499 here today presenting to you,  
NOTE Confidence: 0.891288528888889

00:00:38.500 --> 00:00:41.800 but unfortunately wasn't able to participate.  
NOTE Confidence: 0.891288528888889

00:00:41.800 --> 00:00:45.418 He and I had planned a joint presentation to  
NOTE Confidence: 0.891288528888889

00:00:45.418 --> 00:00:49.572 give you a 10,000 foot view of of YCI and.  
NOTE Confidence: 0.891288528888889

00:00:49.572 --> 00:00:51.630 Clinical research where?  
NOTE Confidence: 0.891288528888889

00:00:51.630 --> 00:00:52.406 A little bit behind,  
NOTE Confidence: 0.891288528888889

00:00:52.406 --> 00:00:55.000 so I'm going to give you an 18,000 foot  
NOTE Confidence: 0.891288528888889

00:00:55.000 --> 00:00:59.550 view of clinical research in NYC I.  
NOTE Confidence: 0.891288528888889

00:00:59.550 --> 00:01:01.440 So the first thing to know about  
NOTE Confidence: 0.891288528888889

00:01:01.440 --> 00:01:03.609 Ricci is it's a university resource.  
NOTE Confidence: 0.891288528888889

00:01:03.610 --> 00:01:05.655 The various schools and components  
NOTE Confidence: 0.891288528888889

00:01:05.655 --> 00:01:08.157 of the university all can take  
NOTE Confidence: 0.891288528888889

00:01:08.157 --> 00:01:10.515 advantage of YCI and we try to  
NOTE Confidence: 0.891288528888889

00:01:10.515 --> 00:01:11.783 support people across campus.  
NOTE Confidence: 0.891288528888889

00:01:11.790 --> 00:01:13.722 We have a number of partnerships with

NOTE Confidence: 0.891288528888889  
00:01:13.722 --> 00:01:15.989 all of the institutions that the  
NOTE Confidence: 0.891288528888889  
00:01:15.989 --> 00:01:18.289 medical school partnerships partners with,  
NOTE Confidence: 0.891288528888889  
00:01:18.290 --> 00:01:20.270 such as Yellow Haven health system,  
NOTE Confidence: 0.891288528888889  
00:01:20.270 --> 00:01:23.546 the VA and and Community collaborators.  
NOTE Confidence: 0.891288528888889  
00:01:23.550 --> 00:01:24.686 As you can see,  
NOTE Confidence: 0.891288528888889  
00:01:24.686 --> 00:01:26.390 there are a variety of components  
NOTE Confidence: 0.891288528888889  
00:01:26.449 --> 00:01:28.014 people talk about the complexity  
NOTE Confidence: 0.891288528888889  
00:01:28.014 --> 00:01:29.579 of why CI and that's.  
NOTE Confidence: 0.891288528888889  
00:01:29.580 --> 00:01:31.794 Aren't because we're doing so much  
NOTE Confidence: 0.891288528888889  
00:01:31.794 --> 00:01:34.557 and that we have teams of people  
NOTE Confidence: 0.891288528888889  
00:01:34.557 --> 00:01:36.987 working on each aspect of the  
NOTE Confidence: 0.891288528888889  
00:01:36.987 --> 00:01:39.130 components that are outlined here.  
NOTE Confidence: 0.891288528888889  
00:01:39.130 --> 00:01:41.680 You already heard that we provide  
NOTE Confidence: 0.891288528888889  
00:01:41.680 --> 00:01:43.880 support to research across the  
NOTE Confidence: 0.891288528888889  
00:01:43.880 --> 00:01:46.430 state of Connecticut in a variety  
NOTE Confidence: 0.891288528888889

00:01:46.430 --> 00:01:47.705 of different contexts.  
NOTE Confidence: 0.891288528888889

00:01:47.710 --> 00:01:50.132 And one of the important things is  
NOTE Confidence: 0.891288528888889

00:01:50.132 --> 00:01:53.910 that that that we try to provide  
NOTE Confidence: 0.891288528888889

00:01:53.910 --> 00:01:56.190 support to diverse Community  
NOTE Confidence: 0.891288528888889

00:01:56.190 --> 00:01:58.470 communities across the state,  
NOTE Confidence: 0.891288528888889

00:01:58.470 --> 00:02:00.870 and some of the success in that is  
NOTE Confidence: 0.891288528888889

00:02:00.870 --> 00:02:03.157 that the composition of our research  
NOTE Confidence: 0.891288528888889

00:02:03.157 --> 00:02:05.581 studies mirrors that of of the  
NOTE Confidence: 0.891288528888889

00:02:05.658 --> 00:02:08.448 composition of the state of Connecticut.  
NOTE Confidence: 0.891288528888889

00:02:08.450 --> 00:02:10.648 One of the things that people want  
NOTE Confidence: 0.891288528888889

00:02:10.648 --> 00:02:13.136 most from ICI is just a little leg  
NOTE Confidence: 0.891288528888889

00:02:13.136 --> 00:02:15.023 up to get their research project  
NOTE Confidence: 0.891288528888889

00:02:15.023 --> 00:02:17.452 started and we have a variety of  
NOTE Confidence: 0.891288528888889

00:02:17.452 --> 00:02:19.527 pilot grants that are provided.  
NOTE Confidence: 0.891288528888889

00:02:19.527 --> 00:02:22.281 We've provided over \$5 million to  
NOTE Confidence: 0.891288528888889

00:02:22.281 --> 00:02:25.332 over 138 recipients across different

NOTE Confidence: 0.891288528888889

00:02:25.332 --> 00:02:29.042 schools and those hundred those grants

NOTE Confidence: 0.891288528888889

00:02:29.042 --> 00:02:34.530 have led to 159 grants over 316 publications.

NOTE Confidence: 0.891288528888889

00:02:34.530 --> 00:02:38.065 We have 6 categories of pilot grants.

NOTE Confidence: 0.891288528888889

00:02:38.070 --> 00:02:39.573 Some of those.

NOTE Confidence: 0.891288528888889

00:02:39.573 --> 00:02:41.577 They are specifically oriented

NOTE Confidence: 0.891288528888889

00:02:41.577 --> 00:02:43.776 towards supporting junior faculty

NOTE Confidence: 0.891288528888889

00:02:43.776 --> 00:02:45.654 community engaged research

NOTE Confidence: 0.891288528888889

00:02:45.654 --> 00:02:48.158 translational research team science.

NOTE Confidence: 0.891288528888889

00:02:48.160 --> 00:02:50.260 As you heard about earlier today,

NOTE Confidence: 0.891288528888889

00:02:50.260 --> 00:02:53.236 research across the lifespan and taking

NOTE Confidence: 0.891288528888889

00:02:53.236 --> 00:02:56.833 advantage of some of our particular cores.

NOTE Confidence: 0.891288528888889

00:02:56.833 --> 00:02:58.325 Strong research cores such

NOTE Confidence: 0.891288528888889

00:02:58.325 --> 00:02:59.817 as the imaging core.

NOTE Confidence: 0.779621766666667

00:03:02.280 --> 00:03:04.737 I I'm going to for the sake of brevity,

NOTE Confidence: 0.779621766666667

00:03:04.740 --> 00:03:06.735 just make the two most

NOTE Confidence: 0.779621766666667

00:03:06.735 --> 00:03:08.730 important points on this slide.  
NOTE Confidence: 0.779621766666667

00:03:08.730 --> 00:03:10.938 The first is that there is a limited  
NOTE Confidence: 0.779621766666667

00:03:10.938 --> 00:03:13.011 competition, small gradual grant  
NOTE Confidence: 0.779621766666667

00:03:13.011 --> 00:03:15.996 award through the CSA Awards.  
NOTE Confidence: 0.779621766666667

00:03:16.000 --> 00:03:19.888 The in R3 award and the next deadline  
NOTE Confidence: 0.779621766666667

00:03:19.888 --> 00:03:24.370 is June 17th, 2022 for those awards.  
NOTE Confidence: 0.779621766666667

00:03:24.370 --> 00:03:26.120 And to enhance the capability  
NOTE Confidence: 0.779621766666667

00:03:26.120 --> 00:03:28.650 of the CTA KL 2 scholars.  
NOTE Confidence: 0.779621766666667

00:03:28.650 --> 00:03:29.679 In other words,  
NOTE Confidence: 0.779621766666667

00:03:29.679 --> 00:03:31.394 the ones CI scholars to.  
NOTE Confidence: 0.745845586923077

00:03:33.870 --> 00:03:37.014 And recipients of diversity and reentry  
NOTE Confidence: 0.745845586923077

00:03:37.014 --> 00:03:40.999 supplements to to get pilot research going.  
NOTE Confidence: 0.745845586923077

00:03:41.000 --> 00:03:45.480 Also, there's a limited competition. Also,  
NOTE Confidence: 0.745845586923077

00:03:45.480 --> 00:03:49.146 supplements to promote diverse and health.  
NOTE Confidence: 0.745845586923077

00:03:49.150 --> 00:03:51.442 Promote diversity and health related research  
NOTE Confidence: 0.745845586923077

00:03:51.442 --> 00:03:54.310 and that deadline is coming up in November.

NOTE Confidence: 0.745845586923077  
00:03:54.310 --> 00:03:55.710 If you're interested in  
NOTE Confidence: 0.745845586923077  
00:03:55.710 --> 00:03:57.110 either of these programs,  
NOTE Confidence: 0.745845586923077  
00:03:57.110 --> 00:03:59.891 please do not hesitate to reach out to us  
NOTE Confidence: 0.745845586923077  
00:03:59.891 --> 00:04:02.674 and we can help help you get connected.  
NOTE Confidence: 0.745845586923077  
00:04:02.680 --> 00:04:05.670 There will be a new award I'm I'm not going  
NOTE Confidence: 0.745845586923077  
00:04:05.739 --> 00:04:08.520 to go into this detail the the whole YC.  
NOTE Confidence: 0.745845586923077  
00:04:08.520 --> 00:04:12.832 I grant the CTS a grant has been  
NOTE Confidence: 0.745845586923077  
00:04:12.832 --> 00:04:15.761 restructured and a new grant  
NOTE Confidence: 0.745845586923077  
00:04:15.761 --> 00:04:17.966 mechanism has been introduced,  
NOTE Confidence: 0.745845586923077  
00:04:17.966 --> 00:04:22.240 but we do not, we we we do not.  
NOTE Confidence: 0.745845586923077  
00:04:22.240 --> 00:04:24.396 We're not currently funded by that mechanism,  
NOTE Confidence: 0.745845586923077  
00:04:24.400 --> 00:04:27.846 but we we will be going in for those  
NOTE Confidence: 0.745845586923077  
00:04:27.846 --> 00:04:30.030 kinds of grants in the future.  
NOTE Confidence: 0.745845586923077  
00:04:30.030 --> 00:04:31.606 There's a a program,  
NOTE Confidence: 0.745845586923077  
00:04:31.606 --> 00:04:32.788 supported through NCATS,  
NOTE Confidence: 0.745845586923077

00:04:32.790 --> 00:04:35.370 which is the sponsoring organization

NOTE Confidence: 0.745845586923077

00:04:35.370 --> 00:04:38.830 for why CI one program that's an

NOTE Confidence: 0.745845586923077

00:04:38.830 --> 00:04:41.110 R21 program in rare diseases,

NOTE Confidence: 0.745845586923077

00:04:41.110 --> 00:04:42.120 another one,

NOTE Confidence: 0.745845586923077

00:04:42.120 --> 00:04:45.046 an earlier phase program for called

NOTE Confidence: 0.745845586923077

00:04:45.046 --> 00:04:47.818 an RO 3 grant for rare diseases

NOTE Confidence: 0.745845586923077

00:04:47.818 --> 00:04:50.590 and and essentially why CI can

NOTE Confidence: 0.745845586923077

00:04:50.590 --> 00:04:53.865 help people get to get connected to

NOTE Confidence: 0.745845586923077

00:04:53.865 --> 00:04:56.610 these to these kinds of awards,

NOTE Confidence: 0.745845586923077

00:04:56.610 --> 00:04:58.278 even though they're not

NOTE Confidence: 0.745845586923077

00:04:58.278 --> 00:04:59.946 awarded directly at you.

NOTE Confidence: 0.745845586923077

00:04:59.950 --> 00:05:02.275 And they'll they'll be a

NOTE Confidence: 0.745845586923077

00:05:02.275 --> 00:05:04.600 call for a proposal soon.

NOTE Confidence: 0.745845586923077

00:05:04.600 --> 00:05:05.354 For example,

NOTE Confidence: 0.745845586923077

00:05:05.354 --> 00:05:06.862 for a coordinating Center

NOTE Confidence: 0.745845586923077

00:05:06.862 --> 00:05:08.970 for a rare disease network,

NOTE Confidence: 0.745845586923077  
00:05:08.970 --> 00:05:11.270 which is usually for programs  
NOTE Confidence: 0.745845586923077  
00:05:11.270 --> 00:05:13.570 that are relatively more mature  
NOTE Confidence: 0.745845586923077  
00:05:13.646 --> 00:05:17.490 and have the ability to to.  
NOTE Confidence: 0.745845586923077  
00:05:17.490 --> 00:05:18.474 Lead Multicentered initiatives  
NOTE Confidence: 0.745845586923077  
00:05:18.474 --> 00:05:20.442 along the lines of what you  
NOTE Confidence: 0.745845586923077  
00:05:20.442 --> 00:05:22.000 heard from Doctor Mcpartland.  
NOTE Confidence: 0.9187718933333333  
00:05:24.760 --> 00:05:28.105 It is frequently the case that multi  
NOTE Confidence: 0.9187718933333333  
00:05:28.105 --> 00:05:31.135 center grants are are supported through  
NOTE Confidence: 0.9187718933333333  
00:05:31.135 --> 00:05:34.328 mcats and then faculty at Yale are  
NOTE Confidence: 0.9187718933333333  
00:05:34.328 --> 00:05:38.160 invited to join or apply to be local site  
NOTE Confidence: 0.9187718933333333  
00:05:38.160 --> 00:05:40.560 investigators and multicenter studies.  
NOTE Confidence: 0.9187718933333333

NOTE Confidence: 0.498717921666667

00:06:20.580 --> 00:06:22.878 The YCI scholars, the K awardees,  
NOTE Confidence: 0.498717921666667

00:06:22.880 --> 00:06:24.764 the people who get career development  
NOTE Confidence: 0.498717921666667

00:06:24.764 --> 00:06:26.370 support that you've heard about,  
NOTE Confidence: 0.498717921666667

00:06:26.370 --> 00:06:28.666 have done extraordinarily well.  
NOTE Confidence: 0.498717921666667

00:06:28.666 --> 00:06:31.584 98% of them are still in engaged in research.

NOTE Confidence: 0.498717921666667  
00:06:31.590 --> 00:06:33.926 They've generated \$900 million

NOTE Confidence: 0.498717921666667  
00:06:37.142 --> 00:06:42.704 So, So what you've heard from our K awardees,  
NOTE Confidence: 0.498717921666667  
00:06:42.704 --> 00:06:45.886 the YCI scholars and former Y CI  
NOTE Confidence: 0.498717921666667  
00:06:45.886 --> 00:06:48.260 scholars has been generally true.  
NOTE Confidence: 0.498717921666667  
00:06:48.260 --> 00:06:50.180 And as you've heard,  
NOTE Confidence: 0.498717921666667  
00:06:50.180 --> 00:06:52.994 there are a number of programs  
NOTE Confidence: 0.498717921666667  
00:06:52.994 --> 00:06:55.389 that are associated with YC I,  
NOTE Confidence: 0.498717921666667  
00:06:55.390 --> 00:06:58.120 which are ongoing in our community and  
NOTE Confidence: 0.498717921666667  
00:06:58.120 --> 00:07:01.749 intended to help people to develop and kick  
NOTE Confidence: 0.498717921666667  
00:07:01.749 --> 00:07:04.129 start their developing research careers.  
NOTE Confidence: 0.498717921666667  
00:07:04.130 --> 00:07:06.098 One of those is the national  
NOTE Confidence: 0.498717921666667  
00:07:06.098 --> 00:07:07.082 Clinical Scholars program.  
NOTE Confidence: 0.498717921666667  
00:07:07.090 --> 00:07:09.436 Again, the most important bit of  
NOTE Confidence: 0.498717921666667  
00:07:09.436 --> 00:07:11.718 information you need to know is  
NOTE Confidence: 0.498717921666667

00:07:11.718 --> 00:07:13.965 that the jet deadline is July 15th  
NOTE Confidence: 0.498717921666667

00:07:13.965 --> 00:07:16.390 for those for those applications,  
NOTE Confidence: 0.498717921666667

00:07:16.390 --> 00:07:17.958 the investigative medicine program,  
NOTE Confidence: 0.498717921666667

00:07:17.958 --> 00:07:19.526 which is a PhD.  
NOTE Confidence: 0.498717921666667

00:07:19.530 --> 00:07:21.622 Program for clinician scientists,  
NOTE Confidence: 0.498717921666667

00:07:21.622 --> 00:07:24.760 and again the the most important  
NOTE Confidence: 0.498717921666667

00:07:24.845 --> 00:07:27.317 thing you need to know that  
NOTE Confidence: 0.498717921666667

00:07:27.317 --> 00:07:29.439 that deadline is January 2023.  
NOTE Confidence: 0.498717921666667

00:07:29.439 --> 00:07:31.784 People in the investigative medicine  
NOTE Confidence: 0.498717921666667

00:07:31.784 --> 00:07:34.998 program are often people who have completed  
NOTE Confidence: 0.498717921666667

00:07:35.000 --> 00:07:36.800 not only completed medical training,  
NOTE Confidence: 0.498717921666667

00:07:36.800 --> 00:07:39.314 but are either often in the  
NOTE Confidence: 0.498717921666667

00:07:39.314 --> 00:07:41.554 residency or fellowship program or  
NOTE Confidence: 0.498717921666667

00:07:41.554 --> 00:07:43.490 post residency post fellowship,  
NOTE Confidence: 0.498717921666667

00:07:43.490 --> 00:07:46.718 and it's an opportunity to really  
NOTE Confidence: 0.498717921666667

00:07:46.720 --> 00:07:51.940 transition to a research intensive career.

NOTE Confidence: 0.498717921666667

00:07:51.940 --> 00:07:54.155 NYC also funds predoctoral training

NOTE Confidence: 0.498717921666667

00:07:54.155 --> 00:07:56.967 and provides a great community of

NOTE Confidence: 0.498717921666667

00:07:56.967 --> 00:07:59.079 Predoctoral training in clinical

NOTE Confidence: 0.498717921666667

00:07:59.079 --> 00:08:00.663 and translational research.

NOTE Confidence: 0.498717921666667

00:08:00.670 --> 00:08:03.562 And then there are the YC

NOTE Confidence: 0.498717921666667

00:08:03.562 --> 00:08:05.008 I postdoctoral grants.

NOTE Confidence: 0.498717921666667

00:08:05.010 --> 00:08:07.809 The Predoctoral applications

NOTE Confidence: 0.498717921666667

00:08:07.810 --> 00:08:10.498 are due very soon, April 8th,

NOTE Confidence: 0.498717921666667

00:08:10.500 --> 00:08:12.960 as are the postdoctoral grants.

NOTE Confidence: 0.822457065833333

00:08:15.980 --> 00:08:17.651 Again, additional funding.

NOTE Confidence: 0.822457065833333

00:08:17.651 --> 00:08:20.993 There's the Doris Duke Fund to

NOTE Confidence: 0.822457065833333

00:08:20.993 --> 00:08:23.390 retain clinical scientists.

NOTE Confidence: 0.822457065833333

00:08:23.390 --> 00:08:27.302 And to these are support early

NOTE Confidence: 0.822457065833333

00:08:27.302 --> 00:08:30.307 career physician scientists who face

NOTE Confidence: 0.822457065833333

00:08:30.307 --> 00:08:31.498 significant caregiving demands.

NOTE Confidence: 0.822457065833333

00:08:31.498 --> 00:08:33.932 In other words, family demands  
NOTE Confidence: 0.822457065833333

00:08:33.932 --> 00:08:37.037 and the next application cycle  
NOTE Confidence: 0.822457065833333

00:08:37.037 --> 00:08:40.592 will probably be in in early 2023  
NOTE Confidence: 0.822457065833333

00:08:40.592 --> 00:08:43.484 and then the YCI Scholar Awards,  
NOTE Confidence: 0.822457065833333

00:08:43.490 --> 00:08:44.880 which which probably most of  
NOTE Confidence: 0.822457065833333

00:08:44.880 --> 00:08:45.992 you are very familiar,  
NOTE Confidence: 0.822457065833333

00:08:46.000 --> 00:08:48.611 which are the typical grants that are  
NOTE Confidence: 0.822457065833333

00:08:48.611 --> 00:08:50.916 submitted and funded through YMCA to  
NOTE Confidence: 0.822457065833333

00:08:50.916 --> 00:08:53.527 provide pilot funding that I was referred.  
NOTE Confidence: 0.822457065833333

00:08:53.530 --> 00:08:56.960 For trying to eat earlier.  
NOTE Confidence: 0.822457065833333

00:08:56.960 --> 00:08:58.590 You've heard a lot about  
NOTE Confidence: 0.822457065833333

00:08:58.590 --> 00:08:59.568 the cultural ambassadors.  
NOTE Confidence: 0.822457065833333

00:08:59.570 --> 00:09:00.886 It's a wonderful program,  
NOTE Confidence: 0.822457065833333

00:09:00.886 --> 00:09:03.760 and we're so proud to to have such  
NOTE Confidence: 0.822457065833333

00:09:03.760 --> 00:09:05.835 wonderful collaborations that makes all  
NOTE Confidence: 0.822457065833333

00:09:05.835 --> 00:09:08.526 the work that we do so much better.

NOTE Confidence: 0.822457065833333

00:09:08.530 --> 00:09:10.874 One of the one of the big challenges

NOTE Confidence: 0.822457065833333

00:09:10.874 --> 00:09:13.139 that people face in in initiating

NOTE Confidence: 0.822457065833333

00:09:13.139 --> 00:09:15.154 clinical and translational research is

NOTE Confidence: 0.822457065833333

00:09:15.154 --> 00:09:17.457 often to get biostatistical support,

NOTE Confidence: 0.822457065833333

00:09:17.460 --> 00:09:19.488 or sometimes bioinformatics support

NOTE Confidence: 0.822457065833333

00:09:19.488 --> 00:09:22.530 and the Yale Center for Analytical

NOTE Confidence: 0.822457065833333

00:09:22.603 --> 00:09:25.208 Sciences or WICAST provides support.

NOTE Confidence: 0.822457065833333

00:09:25.210 --> 00:09:26.590 It's stretched very thin.

NOTE Confidence: 0.822457065833333

00:09:26.590 --> 00:09:28.660 It's providing support to a large

NOTE Confidence: 0.822457065833333

00:09:28.718 --> 00:09:30.506 number of people and we're trying

NOTE Confidence: 0.822457065833333

00:09:30.506 --> 00:09:32.887 to figure out how to optimize the

NOTE Confidence: 0.822457065833333

00:09:32.887 --> 00:09:35.143 utilization and support for that resource.

NOTE Confidence: 0.822457065833333

00:09:35.150 --> 00:09:37.340 We recognize that for some people

NOTE Confidence: 0.822457065833333

00:09:37.340 --> 00:09:38.800 it's hard to get.

NOTE Confidence: 0.822457065833333

00:09:38.800 --> 00:09:40.124 The support you need,

NOTE Confidence: 0.822457065833333

00:09:40.124 --> 00:09:42.903 but you should know that a lot of  
NOTE Confidence: 0.822457065833333

00:09:42.903 --> 00:09:45.416 people are are are are utilizing the  
NOTE Confidence: 0.822457065833333

00:09:45.416 --> 00:09:47.828 resource and and and and we try to  
NOTE Confidence: 0.822457065833333

00:09:47.828 --> 00:09:49.877 support as many people as possible.  
NOTE Confidence: 0.822457065833333

00:09:49.877 --> 00:09:51.473 COVID obviously presented us  
NOTE Confidence: 0.822457065833333

00:09:51.473 --> 00:09:53.640 with a number of challenges.  
NOTE Confidence: 0.822457065833333

00:09:53.640 --> 00:09:59.340 One of those was that the HRU unit in the  
NOTE Confidence: 0.822457065833333

00:09:59.340 --> 00:10:03.680 East pavilion was used for treating patients,  
NOTE Confidence: 0.822457065833333

00:10:03.680 --> 00:10:06.488 so our research number of inpatient  
NOTE Confidence: 0.822457065833333

00:10:06.488 --> 00:10:08.969 research beds has declined and so.  
NOTE Confidence: 0.822457065833333

00:10:08.970 --> 00:10:12.959 What we're trying to do to to respond  
NOTE Confidence: 0.822457065833333

00:10:12.959 --> 00:10:16.990 to that is to create an equivalent  
NOTE Confidence: 0.822457065833333

00:10:16.990 --> 00:10:18.810 resource in two places,  
NOTE Confidence: 0.822457065833333

00:10:18.810 --> 00:10:20.982 one in the Yale Physicians Building  
NOTE Confidence: 0.822457065833333

00:10:20.982 --> 00:10:22.430 1 in Masonic Care.  
NOTE Confidence: 0.822457065833333

00:10:22.430 --> 00:10:24.442 These we, we hope,

NOTE Confidence: 0.822457065833333

00:10:24.442 --> 00:10:25.448 will will,

NOTE Confidence: 0.822457065833333

00:10:25.450 --> 00:10:29.209 will be available in the upcoming year.

NOTE Confidence: 0.822457065833333

00:10:29.210 --> 00:10:30.059 As you know,

NOTE Confidence: 0.822457065833333

00:10:30.059 --> 00:10:32.040 we have the two churches S clinical

NOTE Confidence: 0.822457065833333

00:10:32.105 --> 00:10:34.121 resources which continue to be available

NOTE Confidence: 0.822457065833333

00:10:34.121 --> 00:10:37.008 and have been as busy or busier than ever.

NOTE Confidence: 0.822457065833333

00:10:37.010 --> 00:10:38.966 As you heard from Tisha's data.

NOTE Confidence: 0.822457065833333

00:10:38.970 --> 00:10:42.730 Earlier we have an open and active CRC

NOTE Confidence: 0.822457065833333

00:10:42.730 --> 00:10:45.518 providing support to clinical research.

NOTE Confidence: 0.822457065833333

00:10:45.520 --> 00:10:48.880 It's currently it's at the West Campus site.

NOTE Confidence: 0.822457065833333

00:10:48.880 --> 00:10:50.704 It's supporting COVID research.

NOTE Confidence: 0.822457065833333

00:10:50.704 --> 00:10:53.914 It's also supporting research in needing in

NOTE Confidence: 0.822457065833333

00:10:53.914 --> 00:10:56.356 with research rooms that need ventilation,

NOTE Confidence: 0.822457065833333

00:10:56.360 --> 00:11:00.119 such as research that might involve vaping

NOTE Confidence: 0.822457065833333

00:11:00.119 --> 00:11:03.640 or smoke inhalation or or related topics,

NOTE Confidence: 0.822457065833333

00:11:03.640 --> 00:11:06.513 and for those of us who were  
NOTE Confidence: 0.822457065833333

00:11:06.513 --> 00:11:08.778 in the chairs meeting today,  
NOTE Confidence: 0.822457065833333

00:11:08.780 --> 00:11:10.580 we heard about a new research.  
NOTE Confidence: 0.822457065833333

00:11:10.580 --> 00:11:10.997 Building,  
NOTE Confidence: 0.822457065833333

00:11:10.997 --> 00:11:13.499 which is planned for the space  
NOTE Confidence: 0.822457065833333

00:11:13.499 --> 00:11:15.983 across the street from Boyer and  
NOTE Confidence: 0.822457065833333
