WEBVTT

00:00:04.750 --> 00:00:06.738 Alright, so welcome everyone.

00:00:06.738 --> 00:00:10.340 So perhaps what we'll do to start.

00:00:10.340 --> 00:00:13.301 Yes, we have several of our residents

00:00:13.301 --> 00:00:15.290 and program leadership here.

00:00:15.290 --> 00:00:18.802 And so I will ask people

00:00:18.802 --> 00:00:20.650 to introduce themselves,

00:00:20.650 --> 00:00:23.968 tell us a bit about their position

00:00:23.968 --> 00:00:28.290 in the program and to share maybe 1.

00:00:28.290 --> 00:00:31.485 Feature of the program that they think is a

00:00:31.485 --> 00:00:34.149 particular standout that you should all know.

00:00:34.150 --> 00:00:38.540 So that's a wonderful so.

00:00:38.540 --> 00:00:39.308 Katie's akowski.

00:00:39.308 --> 00:00:42.380 I'm going to start with you because your.

00:00:42.380 --> 00:00:44.048 A professional recruiter at this point,

NOTE Confidence: 0.814256853636364

00:00:44.050 --> 00:00:45.586 one of our recruitment treatment chiefs.

NOTE Confidence: 0.814256853636364

00:00:45.590 --> 00:00:47.036 So you want to say hello.

NOTE Confidence: 0.84468773125

00:00:48.070 --> 00:00:51.238 Sure. So hi everyone. My name is Katie.

NOTE Confidence: 0.84468773125

00:00:51.240 --> 00:00:52.864 I'm one of the PG I4 residents

NOTE Confidence: 0.84468773125

00:00:52.864 --> 00:00:54.250 and as Doctor Miller said,

NOTE Confidence: 0.84468773125

00:00:54.250 --> 00:00:56.470 I'm one of the chief residents

NOTE Confidence: 0.84468773125

00:00:56.470 --> 00:00:59.990 for recruitment this year. And.

NOTE Confidence: 0.84468773125

00:00:59.990 --> 00:01:01.990 I forgot what else you said to say.

NOTE Confidence: 0.84468773125

00:01:01.990 --> 00:01:04.686 I'm going to be staying at yellows and

NOTE Confidence: 0.84468773125

00:01:04.686 --> 00:01:06.787 movement disorders fellow after this year.

NOTE Confidence: 0.84468773125

00:01:06.790 --> 00:01:10.998 Um, and then something about the program?

NOTE Confidence: 0.449368243

00:01:14.210 --> 00:01:21.360 Did you? There's so many. Umm.

NOTE Confidence: 0.449368243

00:01:21.360 --> 00:01:27.770 I think that. Our program.

NOTE Confidence: 0.449368243

00:01:27.770 --> 00:01:31.730 Kind of has a I'll pick something that isn't

NOTE Confidence: 0.449368243

00:01:31.730 --> 00:01:35.570 the people so someone else can say that.

NOTE Confidence: 0.449368243

00:01:35.570 --> 00:01:39.411 We kind of have the best of all worlds I

NOTE Confidence: 0.449368243

00:01:39.411 --> 00:01:43.195 think in terms of exposure to different types

NOTE Confidence: 0.449368243

00:01:43.195 --> 00:01:46.450 of patients and different types of neurology.

NOTE Confidence: 0.449368243

00:01:46.450 --> 00:01:51.238 So our hospital has a very large

NOTE Confidence: 0.449368243

00:01:51.238 --> 00:01:53.946 catchment area, so involving a good

NOTE Confidence: 0.449368243

00:01:53.946 --> 00:01:55.950 portion of the state of Connecticut.

NOTE Confidence: 0.449368243

00:01:55.950 --> 00:01:58.477 We get patients down in New York,

NOTE Confidence: 0.449368243

00:01:58.480 --> 00:02:00.488 you've been coming up from New York City.

NOTE Confidence: 0.449368243

00:02:00.490 --> 00:02:02.205 Patients from other parts of New England,

NOTE Confidence: 0.449368243

00:02:02.210 --> 00:02:03.428 Rhode Island, etcetera,

NOTE Confidence: 0.449368243

00:02:03.428 --> 00:02:05.458 all get kind of funneled.

NOTE Confidence: 0.449368243

00:02:05.460 --> 00:02:06.148 To Yale.

NOTE Confidence: 0.449368243

00:02:06.148 --> 00:02:08.900 So we see a really wide variety of

NOTE Confidence: 0.449368243

00:02:08.980 --> 00:02:12.180 patients from all different backgrounds.

NOTE Confidence: 0.449368243

00:02:12.180 --> 00:02:13.692 For that reason,

NOTE Confidence: 0.449368243

00:02:13.692 --> 00:02:16.716 our hospital functions as both like

00:02:16.716 --> 00:02:20.376 the only hospital really in New Haven.

00:02:20.380 --> 00:02:23.323 So it's both a private hospital as well as

00:02:23.323 --> 00:02:26.439 like the public safety net hospital as well.

00:02:26.440 --> 00:02:27.772 So we see everybody.

00:02:27.772 --> 00:02:29.770 We also work at the VA,

00:02:29.770 --> 00:02:33.346 so we get to work with the veteran

00:02:33.346 --> 00:02:34.630 population specifically too.

00:02:34.630 --> 00:02:37.759 So I think that's a really cool

00:02:37.759 --> 00:02:39.714 feature that probably not everywhere,

00:02:39.714 --> 00:02:41.594 especially in other big cities

00:02:41.594 --> 00:02:43.815 where there's a lot of different

00:02:43.815 --> 00:02:45.530 competing hospitals can experience.

00:02:46.430 --> 00:02:49.062 I think that's a that's an excellent example

00:02:49.062 --> 00:02:51.506 really stuck the landing on that one Katie.

00:02:51.510 --> 00:02:55.526 The I think that's not brought up enough

NOTE Confidence: 0.799409481875

00:02:55.526 --> 00:02:58.310 actually that part you know there are

NOTE Confidence: 0.799409481875

00:02:58.310 --> 00:03:00.322 certain large cities where people with

NOTE Confidence: 0.799409481875

00:03:00.322 --> 00:03:02.290 a certain type of problem or a certain

NOTE Confidence: 0.799409481875

00:03:02.346 --> 00:03:04.032 portion of the population goes one

NOTE Confidence: 0.799409481875

00:03:04.032 --> 00:03:05.738 place and that's their hospital and

NOTE Confidence: 0.799409481875

00:03:05.738 --> 00:03:07.600 other people go another place and and

NOTE Confidence: 0.799409481875

00:03:07.600 --> 00:03:10.285 one of the nice things about the other

NOTE Confidence: 0.799409481875

00:03:10.285 --> 00:03:12.030 Haven hospital system everybody comes

NOTE Confidence: 0.799409481875

00:03:12.030 --> 00:03:14.598 here and that that helps in terms of

NOTE Confidence: 0.799409481875

00:03:14.660 --> 00:03:16.820 diversity of patients that you see.

NOTE Confidence: 0.799409481875

00:03:16.820 --> 00:03:18.885 Uh, diversity of services that

NOTE Confidence: 0.799409481875

00:03:18.885 --> 00:03:21.160 we provide and and diversity of

NOTE Confidence: 0.799409481875

00:03:21.160 --> 00:03:22.816 conditions that you'll be exposed to.

NOTE Confidence: 0.799409481875

00:03:22.820 --> 00:03:25.060 So all of those things are great.

NOTE Confidence: 0.799409481875

00:03:25.060 --> 00:03:27.174 Chris, you're you're next on my list.

NOTE Confidence: 0.920211905

00:03:29.490 --> 00:03:30.578 Hi everybody, my name

NOTE Confidence: 0.712019178

00:03:30.590 --> 00:03:31.900 is Chris Gummerson. I am

NOTE Confidence: 0.66425609

00:03:31.910 --> 00:03:35.666 a PG I3 in the program.

NOTE Confidence: 0.66425609

00:03:35.670 --> 00:03:37.140 Gosh, I'm, I'm going to choose

NOTE Confidence: 0.66425609

00:03:37.140 --> 00:03:38.530 an element of the people,

NOTE Confidence: 0.66425609

00:03:38.530 --> 00:03:41.245 but I won't say just the people in

NOTE Confidence: 0.66425609

00:03:41.245 --> 00:03:44.245 terms of things that I I think really

NOTE Confidence: 0.66425609

00:03:44.245 --> 00:03:46.290 distinguish our residency program.

NOTE Confidence: 0.66425609

00:03:46.290 --> 00:03:47.430 And for me personally,

NOTE Confidence: 0.66425609

00:03:47.430 --> 00:03:48.570 just reflecting on institutions

NOTE Confidence: 0.66425609

00:03:48.570 --> 00:03:50.230 I've been at or different work

NOTE Confidence: 0.66425609

00:03:50.230 --> 00:03:51.274 environments I've been in,

NOTE Confidence: 0.66425609

00:03:51.280 --> 00:03:53.952 one of the things that I found most

NOTE Confidence: 0.66425609

00:03:53.952 --> 00:03:56.406 valuable and I think is truly a part

NOTE Confidence: 0.66425609

00:03:56.406 --> 00:03:59.016 of our culture as a program is the

NOTE Confidence: 0.66425609

00:03:59.016 --> 00:04:01.104 amount of support that we receive

NOTE Confidence: 0.66425609

00:04:01.110 --> 00:04:04.350 with respect specifically to feedback

NOTE Confidence: 0.66425609

00:04:04.350 --> 00:04:05.700 and other things that we might.

NOTE Confidence: 0.66425609

00:04:05.700 --> 00:04:07.320 Be experiencing as residents we

NOTE Confidence: 0.66425609

00:04:07.320 --> 00:04:09.253 have at least four faculty here

NOTE Confidence: 0.66425609

00:04:09.253 --> 00:04:11.010 on our open house tonight that I

NOTE Confidence: 0.66425609

00:04:11.010 --> 00:04:12.917 can see on our our gallery view.

NOTE Confidence: 0.66425609

00:04:12.920 --> 00:04:14.464 And I really truly mean it when I

NOTE Confidence: 0.66425609

00:04:14.464 --> 00:04:16.159 say if there is something that's been

NOTE Confidence: 0.66425609

00:04:16.159 --> 00:04:18.251 going on for that you need to talk

NOTE Confidence: 0.66425609

00:04:18.251 --> 00:04:19.817 about or have thoughts about with

NOTE Confidence: 0.66425609

00:04:19.817 --> 00:04:22.216 respect to your experience as a resident.

NOTE Confidence: 0.66425609

00:04:22.220 --> 00:04:24.420 There's no shortage of opportunities

NOTE Confidence: 0.66425609

00:04:24.420 --> 00:04:27.172 to voice those concerns or ideas

NOTE Confidence: 0.66425609

00:04:27.172 --> 00:04:29.562 suggestions questions and really truly

NOTE Confidence: 0.66425609

00:04:29.562 --> 00:04:32.728 I feel you're heard as a resident and

NOTE Confidence: 0.66425609

00:04:32.728 --> 00:04:35.153 that that that those thoughts and and.

NOTE Confidence: 0.66425609

00:04:35.153 --> 00:04:37.445 Reflections are really embedded

NOTE Confidence: 0.66425609

00:04:37.445 --> 00:04:41.130 into future aspects of the program,

NOTE Confidence: 0.66425609

00:04:41.130 --> 00:04:42.588 so I could go on and on about it,

NOTE Confidence: 0.66425609

00:04:42.590 --> 00:04:44.732 but I think that that really speaks

NOTE Confidence: 0.66425609

00:04:44.732 --> 00:04:47.272 to our culture as the people in our

NOTE Confidence: 0.66425609

00:04:47.272 --> 00:04:49.690 community really care about us as residents,

NOTE Confidence: 0.66425609

00:04:49.690 --> 00:04:52.618 as future colleagues and as learners.

NOTE Confidence: 0.841694148

00:04:54.330 --> 00:04:56.490 It's a really nice example, I must say.

NOTE Confidence: 0.841694148

00:04:56.490 --> 00:04:58.168 You know, I, I feel that I want to

NOTE Confidence: 0.841694148

00:04:58.168 --> 00:04:59.930 turn this too much into a love fest,

NOTE Confidence: 0.841694148

00:04:59.930 --> 00:05:01.786 but I have to say that I feel

NOTE Confidence: 0.841694148

00:05:01.786 --> 00:05:03.170 really supported by the residents.

NOTE Confidence: 0.841694148

00:05:03.170 --> 00:05:05.501 I can't tell you how many times

NOTE Confidence: 0.841694148

00:05:05.501 --> 00:05:07.120 residents have reached out to me

NOTE Confidence: 0.841694148

00:05:07.120 --> 00:05:09.073 when things are very busy and and

00:05:09.073 --> 00:05:10.629 have been looking out for you.

00:05:10.630 --> 00:05:11.930 And it's a special thing.

00:05:11.930 --> 00:05:12.870 It's a little humbling.

00:05:12.870 --> 00:05:16.200 So it right back at you, Christine.

00:05:16.200 --> 00:05:19.040 Mohammed, I have you next on the list.

00:05:21.030 --> 00:05:23.110 Hi, everyone. I'm Mohammed.

00:05:23.110 --> 00:05:25.710 I'm actually a prelim neurology.

00:05:25.710 --> 00:05:29.672 So I just started like a couple

00:05:29.672 --> 00:05:32.969 of months back and I think.

00:05:32.970 --> 00:05:36.540 The things that I like so to

00:05:36.540 --> 00:05:38.940 Katies and Chris's points.

00:05:38.940 --> 00:05:40.599 Of what they said about the people

00:05:40.599 --> 00:05:41.856 and the pathology, those are.

00:05:41.856 --> 00:05:43.494 Those were actually like the main

00:05:43.494 --> 00:05:45.010 reasons I chose the program.

00:05:45.010 --> 00:05:47.290 But since coming here everyone has

NOTE Confidence: 0.624296631666667

00:05:47.290 --> 00:05:50.285 been like so I've been mainly dealing

NOTE Confidence: 0.624296631666667

00:05:50.285 --> 00:05:52.620 with the internal Medicine department

NOTE Confidence: 0.624296631666667

00:05:52.620 --> 00:05:55.386 so far and everyone is so nice.

NOTE Confidence: 0.624296631666667

00:05:55.390 --> 00:05:57.706 Just like from the top down,

NOTE Confidence: 0.624296631666667

00:05:57.710 --> 00:05:58.408 like attendings,

NOTE Confidence: 0.624296631666667

00:05:58.408 --> 00:06:00.153 the residents that are working

NOTE Confidence: 0.624296631666667

00:06:00.153 --> 00:06:01.710 with the other interns,

NOTE Confidence: 0.624296631666667

00:06:01.710 --> 00:06:03.605 everyone is super nice and

NOTE Confidence: 0.624296631666667

00:06:03.605 --> 00:06:05.500 approachable and everyone has been

NOTE Confidence: 0.624296631666667

00:06:05.567 --> 00:06:07.478 like going out out of their way

NOTE Confidence: 0.624296631666667

00:06:07.478 --> 00:06:09.608 to like help throughout the year,

NOTE Confidence: 0.624296631666667

00:06:09.610 --> 00:06:11.829 especially like in the first few months

NOTE Confidence: 0.624296631666667

00:06:11.829 --> 00:06:13.690 where everything can be a bit hectic.

NOTE Confidence: 0.624296631666667

00:06:13.690 --> 00:06:17.158 So it's it's been really great.

NOTE Confidence: 0.624296631666667

00:06:17.160 --> 00:06:17.792 And yeah,

NOTE Confidence: 0.624296631666667

00:06:17.792 --> 00:06:20.700 I I actually do like New Haven a lot.

NOTE Confidence: 0.624296631666667

00:06:20.700 --> 00:06:23.136 So like this the the city itself,

NOTE Confidence: 0.624296631666667

00:06:23.140 --> 00:06:25.860 even though it's pretty small,

NOTE Confidence: 0.624296631666667

00:06:25.860 --> 00:06:28.324 I really like the architecture here and.

NOTE Confidence: 0.624296631666667

00:06:28.330 --> 00:06:30.801 Like the scenes and the ability to

NOTE Confidence: 0.624296631666667

00:06:30.801 --> 00:06:33.419 like nature and the New England fall,

NOTE Confidence: 0.624296631666667

00:06:33.420 --> 00:06:37.004 which is coming in soon, so all of that.

NOTE Confidence: 0.624296631666667

00:06:37.004 --> 00:06:38.599 Those are things I'd say.

NOTE Confidence: 0.848567198333333

00:06:39.400 --> 00:06:41.171 You know when one of the nice

NOTE Confidence: 0.848567198333333

00:06:41.171 --> 00:06:42.911 things that I'll point it out as

NOTE Confidence: 0.848567198333333

00:06:42.911 --> 00:06:44.935 a detail of our program we do have

NOTE Confidence: 0.848567198333333

00:06:44.935 --> 00:06:46.390 a secret preliminary program but

NOTE Confidence: 0.848567198333333

00:06:46.390 --> 00:06:47.992 there are 10 guaranteed spots.

NOTE Confidence: 0.848567198333333

00:06:47.992 --> 00:06:50.158 So everybody who matches to our

NOTE Confidence: 0.848567198333333

00:06:50.158 --> 00:06:52.257 program has a guaranteed spot in

NOTE Confidence: 0.848567198333333

00:06:52.257 --> 00:06:54.489 the prelim program and our prelims

NOTE Confidence: 0.848567198333333

00:06:54.489 --> 00:06:57.380 spend six weeks with us on service.

NOTE Confidence: 0.848567198333333

00:06:57.380 --> 00:07:00.035 So I've been seeing a lot of our GI

NOTE Confidence: 0.848567198333333

00:07:00.035 --> 00:07:02.470 ones around and they're all still

NOTE Confidence: 0.848567198333333

00:07:02.470 --> 00:07:05.001 smiling so and Mohammed was saying

NOTE Confidence: 0.848567198333333

00:07:05.001 --> 00:07:07.738 life is great so he's he's almost

NOTE Confidence: 0.848567198333333

00:07:07.738 --> 00:07:10.120 three months in at this point.

NOTE Confidence: 0.848567198333333

00:07:10.120 --> 00:07:13.180 It's a quarter of the year got as

NOTE Confidence: 0.848567198333333

00:07:13.180 --> 00:07:14.630 to the architecture Aaron knows

NOTE Confidence: 0.848567198333333

00:07:14.630 --> 00:07:16.744 I'm going to point to get to you

NOTE Confidence: 0.848567198333333

00:07:16.744 --> 00:07:18.390 next Aaron that when I'm on the

NOTE Confidence: 0.848567198333333

00:07:18.390 --> 00:07:20.077 consult service I really like to go

NOTE Confidence: 0.848567198333333

00:07:20.077 --> 00:07:22.452 to a particular stairwell in our

NOTE Confidence: 0.848567198333333

00:07:22.452 --> 00:07:25.923 N pavilion we have NE SW pavilions

NOTE Confidence: 0.848567198333333

00:07:25.923 --> 00:07:29.133 and there's one that looks directly

NOTE Confidence: 0.848567198333333

00:07:29.133 --> 00:07:31.798 N over the Yale campus and and up

NOTE Confidence: 0.848567198333333

00:07:31.798 --> 00:07:33.861 into Hamden into the sleeping Giant

NOTE Confidence: 0.848567198333333

00:07:33.861 --> 00:07:36.027 National Park and we usually pause

NOTE Confidence: 0.848567198333333

00:07:36.027 --> 00:07:38.359 and look there we we were looking.

NOTE Confidence: 0.848567198333333

00:07:38.360 --> 00:07:42.770 And was it West today to try to figure out?

NOTE Confidence: 0.848567198333333

00:07:42.770 --> 00:07:44.310 Architectural points and the

NOTE Confidence: 0.848567198333333

00:07:44.310 --> 00:07:45.465 architecture is fantastic.

NOTE Confidence: 0.848567198333333

00:07:45.470 --> 00:07:47.185 It really does allow you to appreciate

NOTE Confidence: 0.848567198333333

00:07:47.185 --> 00:07:48.630 the beauty of the community.

NOTE Confidence: 0.848567198333333

00:07:48.630 --> 00:07:53.160 It's it's really a nice. So Aaron.

NOTE Confidence: 0.848567198333333

00:07:53.160 --> 00:07:54.735 With that introduction, you can go next.

NOTE Confidence: 0.781875492

00:07:56.100 --> 00:07:56.892 Fair enough, yeah.

NOTE Confidence: 0.781875492

00:07:56.892 --> 00:07:58.212 Doctor Miller's been seeing a

NOTE Confidence: 0.781875492

00:07:58.212 --> 00:07:59.938 lot of me these last few weeks.

NOTE Confidence: 0.781875492

00:07:59.940 --> 00:08:01.249 Probably sick of me at this point,

NOTE Confidence: 0.781875492

00:08:01.250 --> 00:08:02.159 but we'll continue.

NOTE Confidence: 0.76731624

00:08:03.860 --> 00:08:08.450 Mcdo at this point. But you stories.

NOTE Confidence: 0.76731624

00:08:08.450 --> 00:08:10.109 For some background errands on the console

NOTE Confidence: 0.76731624

00:08:10.109 --> 00:08:11.868 service with me right now, it's been good.

NOTE Confidence: 0.690809679

00:08:14.830 --> 00:08:16.760 Just stamping out neurologic illness

NOTE Confidence: 0.690809679

00:08:16.760 --> 00:08:18.690 across young New Haven Hospital,

NOTE Confidence: 0.690809679

00:08:18.690 --> 00:08:21.028 but I'm one of the PDI fours,

NOTE Confidence: 0.690809679

00:08:21.030 --> 00:08:23.702 I'm my chief role this year is education

NOTE Confidence: 0.690809679

00:08:23.702 --> 00:08:25.753 and that's kind of what I wanted

NOTE Confidence: 0.690809679

00:08:25.753 --> 00:08:28.166 to say is 1 aspect of the program

NOTE Confidence: 0.690809679

00:08:28.166 --> 00:08:30.538 that I really have enjoyed, I think.

NOTE Confidence: 0.690809679

00:08:30.538 --> 00:08:33.130 And of all the programs I interviewed at

NOTE Confidence: 0.690809679

00:08:33.199 --> 00:08:35.775 education here is very much focused on.

NOTE Confidence: 0.690809679

00:08:35.780 --> 00:08:37.024 It's something that's talked

NOTE Confidence: 0.690809679

00:08:37.024 --> 00:08:37.957 about and discussed.

NOTE Confidence: 0.690809679

00:08:37.960 --> 00:08:40.036 We received lectures on it explicitly,

NOTE Confidence: 0.690809679

00:08:40.040 --> 00:08:41.433 which for me as somebody who wants

NOTE Confidence: 0.690809679

00:08:41.433 --> 00:08:43.140 to be an educator down the line,

NOTE Confidence: 0.690809679

00:08:43.140 --> 00:08:45.120 it's been an important site of

NOTE Confidence: 0.690809679

00:08:45.120 --> 00:08:49.415 growth and being able to have good

NOTE Confidence: 0.690809679

00:08:49.415 --> 00:08:53.280 models to see off of is very useful.

NOTE Confidence: 0.690809679

00:08:53.280 --> 00:08:55.672 And everybody on this call I have learned

NOTE Confidence: 0.690809679

00:08:55.672 --> 00:08:58.134 a ton from both in terms of neurology

NOTE Confidence: 0.690809679

00:08:58.134 --> 00:09:00.420 and also how to teach neurology,

NOTE Confidence: 0.690809679

00:09:00.420 --> 00:09:01.468 so I would say.

NOTE Confidence: 0.690809679

00:09:01.468 --> 00:09:02.778 That's something that is very

NOTE Confidence: 0.690809679

00:09:02.778 --> 00:09:04.594 present here and something that I

NOTE Confidence: 0.690809679

00:09:04.594 --> 00:09:05.798 particularly was looking forward

NOTE Confidence: 0.690809679

00:09:05.798 --> 00:09:07.339 to taking part in and have.

NOTE Confidence: 0.85881277625

00:09:09.260 --> 00:09:13.436 And on that note, we do have a neurology

NOTE Confidence: 0.85881277625

00:09:13.436 --> 00:09:15.332 education and we're changing the name

NOTE Confidence: 0.85881277625

00:09:15.332 --> 00:09:18.056 of it used to be the track but now I

NOTE Confidence: 0.85881277625

15

00:09:18.056 --> 00:09:20.248 think we're calling it the ohh, my gosh,

NOTE Confidence: 0.85881277625

00:09:20.248 --> 00:09:22.833 Sarah remind me distinction pathway,

NOTE Confidence: 0.85881277625

00:09:22.833 --> 00:09:24.711 sorry, we keep giving different names

NOTE Confidence: 0.85881277625

00:09:24.711 --> 00:09:26.308 and the the important distinction

NOTE Confidence: 0.85881277625

00:09:26.308 --> 00:09:28.724 with the new way is that that will

NOTE Confidence: 0.85881277625

00:09:28.780 --> 00:09:30.820 include some components that are within

NOTE Confidence: 0.85881277625

00:09:30.820 --> 00:09:33.420 neurology and some that within within

NOTE Confidence: 0.85881277625

00:09:33.420 --> 00:09:36.824 the entire institution and Sarah Schaefer

NOTE Confidence: 0.85881277625

00:09:36.824 --> 00:09:39.134 is our associate program director.

NOTE Confidence: 0.85881277625

00:09:39.140 --> 00:09:40.812 Who's responsible for the

NOTE Confidence: 0.85881277625

00:09:40.812 --> 00:09:41.648 distinction pathway?

NOTE Confidence: 0.85881277625

00:09:41.650 --> 00:09:43.130 So on that note, Sarah,

NOTE Confidence: 0.85881277625

00:09:43.130 --> 00:09:44.366 do you want to go next?

NOTE Confidence: 0.885282051428572

00:09:49.800 --> 00:09:51.480 I lost you for just a second.

NOTE Confidence: 0.885282051428572

00:09:51.480 --> 00:09:54.730 Did you call me out?

NOTE Confidence: 0.885282051428572

00:09:54.730 --> 00:09:57.250 OK, sorry I came on a little late.

NOTE Confidence: 0.885282051428572

00:09:57.250 --> 00:09:59.050 I just got back from Madrid,

NOTE Confidence: 0.885282051428572

00:09:59.050 --> 00:10:00.406 so I'm really tired.

NOTE Confidence: 0.885282051428572

00:10:00.406 --> 00:10:01.878 It's like 1:00 o'clock

NOTE Confidence: 0.946444965

00:10:01.890 --> 00:10:03.278 in the morning there.

NOTE Confidence: 0.903516231538462

00:10:04.050 --> 00:10:06.556 So excuse me if I'm a little

NOTE Confidence: 0.903516231538462

00:10:06.556 --> 00:10:09.430 bit not the sharpest right now,

NOTE Confidence: 0.903516231538462

00:10:09.430 --> 00:10:11.698 but Umm, let's see.

NOTE Confidence: 0.903516231538462

00:10:11.698 --> 00:10:14.752 I'm Sarah Schaefer, I'm the one of

NOTE Confidence: 0.903516231538462

00:10:14.752 --> 00:10:17.594 the AP's along with Vanessa and Jeff,

NOTE Confidence: 0.903516231538462

00:10:17.594 --> 00:10:21.050 and my main focus as an AP D is

NOTE Confidence: 0.903516231538462

00:10:21.158 --> 00:10:24.688 kind of curriculum and assessment.

NOTE Confidence: 0.903516231538462

00:10:24.690 --> 00:10:27.140 And I'm sure Vanessa and Jeff will

NOTE Confidence: 0.903516231538462

00:10:27.140 --> 00:10:29.497 tell you about what they're doing

NOTE Confidence: 0.903516231538462

00:10:29.497 --> 00:10:32.136 and what am I supposed to say?

NOTE Confidence: 0.903516231538462

00:10:32.140 --> 00:10:33.646 What I like best about New

NOTE Confidence: 0.903516231538462

00:10:33.646 --> 00:10:35.250 Haven or about the program.

NOTE Confidence: 0.79699685

00:10:37.300 --> 00:10:39.840 An element of the program

NOTE Confidence: 0.79699685

00:10:39.840 --> 00:10:41.860 that people might not know,

NOTE Confidence: 0.79699685

00:10:41.860 --> 00:10:43.876 or that might make us stand apart.

NOTE Confidence: 0.9646574

00:10:46.130 --> 00:10:47.460 OK. Umm.

NOTE Confidence: 0.8731437

00:10:49.000 --> 00:10:49.928 Well, I heard some

NOTE Confidence: 0.853353474

00:10:49.940 --> 00:10:51.566 of the answers that are like

NOTE Confidence: 0.853353474

00:10:51.566 --> 00:10:52.650 the most obvious question.

NOTE Confidence: 0.853353474

00:10:52.650 --> 00:10:53.736 I mean, I have to say.

NOTE Confidence: 0.853353474

00:10:53.740 --> 00:10:55.400 So I did residency here.

NOTE Confidence: 0.853353474

00:10:55.400 --> 00:10:58.088 I I've been here for 10 years.

NOTE Confidence: 0.853353474

00:10:58.088 --> 00:11:01.960 Just crazy. I'm old.

NOTE Confidence: 0.853353474

00:11:01.960 --> 00:11:05.120 For 10 years I did residency here

NOTE Confidence: 0.853353474

00:11:05.120 --> 00:11:08.214 and fellowship and and I I just,

NOTE Confidence: 0.853353474

00:11:08.214 --> 00:11:11.034 I came and interviewed and Yale

NOTE Confidence: 0.853353474

00:11:11.034 --> 00:11:13.226 was not at the top of my list.

NOTE Confidence: 0.853353474

00:11:13.230 --> 00:11:14.484 And then I interviewed and I

NOTE Confidence: 0.853353474

00:11:14.484 --> 00:11:15.873 walked out of the hospital and

NOTE Confidence: 0.853353474

00:11:15.873 --> 00:11:17.373 called my husband and was like,

NOTE Confidence: 0.853353474

00:11:17.380 --> 00:11:18.860 hey, do

NOTE Confidence: 0.904013537142857

00:11:18.870 --> 00:11:20.795 you want to move to New Haven?

NOTE Confidence: 0.904013537142857

00:11:20.800 --> 00:11:21.790 You know, I was like

NOTE Confidence: 0.87822098625

00:11:21.800 --> 00:11:25.808 one of those six sense kind of situations.

NOTE Confidence: 0.87822098625

00:11:25.810 --> 00:11:29.206 I think what I tell people is that at

NOTE Confidence: 0.87822098625

00:11:29.206 --> 00:11:32.009 that has turned out to be really true.

NOTE Confidence: 0.87822098625

00:11:32.010 --> 00:11:35.434 Is that not only are the people great

NOTE Confidence: 0.87822098625

00:11:35.434 --> 00:11:38.730 and they like to hang out and they're

NOTE Confidence: 0.87822098625

00:11:38.730 --> 00:11:40.528 they're fun to be around and they

NOTE Confidence: 0.87822098625

00:11:40.528 --> 00:11:42.807 make work a nice place to be and also

NOTE Confidence: 0.87822098625

00:11:42.807 --> 00:11:45.020 outside of work, a nice place to be,

NOTE Confidence: 0.87822098625

00:11:45.020 --> 00:11:47.000 like doing trivia nights or whatever.

NOTE Confidence: 0.87822098625

00:11:47.000 --> 00:11:48.890 With Katie Zuchowski, hi.

NOTE Confidence: 0.88065088875

00:11:50.910 --> 00:11:53.880 But also, you know, Yale Neurology

NOTE Confidence: 0.88065088875

00:11:53.880 --> 00:11:56.947 is just full of inspirational people,

NOTE Confidence: 0.88065088875

00:11:56.947 --> 00:11:59.569 people who want to make a

NOTE Confidence: 0.88065088875

00:11:59.569 --> 00:12:01.135 difference, make an impact,

NOTE Confidence: 0.88065088875

00:12:01.135 --> 00:12:04.280 not just learn the what but the why,

NOTE Confidence: 0.8441396325

00:12:04.290 --> 00:12:06.884 and really delve and understand

NOTE Confidence: 0.8441396325

00:12:06.884 --> 00:12:08.960 things at a whole nother level.

NOTE Confidence: 0.884093116

00:12:08.970 --> 00:12:12.555 And I felt like it was a rare program that

NOTE Confidence: 0.884093116

00:12:12.555 --> 00:12:15.225 had both of those features simultaneously.

NOTE Confidence: 0.622687624

00:12:17.690 --> 00:12:21.740 Fantastic, Sarah, that's really inspiring.

NOTE Confidence: 0.622687624

00:12:21.740 --> 00:12:23.480 Oh, on the on the point,

NOTE Confidence: 0.622687624

00:12:23.480 --> 00:12:25.020 and this is really important,

NOTE Confidence: 0.622687624

00:12:25.020 --> 00:12:27.117 I will do a sort of a formal thing,

NOTE Confidence: 0.622687624

00:12:27.120 --> 00:12:30.529 but some of you may ask a

NOTE Confidence: 0.622687624

00:12:30.529 --> 00:12:31.990 question about signaling.

NOTE Confidence: 0.622687624

00:12:31.990 --> 00:12:34.069 And my answer is I don't know.

NOTE Confidence: 0.622687624

00:12:34.070 --> 00:12:35.468 You know, whatever the question is,

NOTE Confidence: 0.622687624

00:12:35.470 --> 00:12:36.500 I don't know because this

NOTE Confidence: 0.622687624

00:12:36.500 --> 00:12:37.710 is the first year for it.

NOTE Confidence: 0.622687624

00:12:37.710 --> 00:12:38.870 We are participating in it.

NOTE Confidence: 0.622687624

00:12:38.870 --> 00:12:41.336 I have no idea how it's going to work.

NOTE Confidence: 0.622687624

00:12:41.340 --> 00:12:43.172 Other than to say,

NOTE Confidence: 0.622687624

00:12:43.172 --> 00:12:45.920 I think Sarah's case is instructive.

NOTE Confidence: 0.622687624

00:12:45.920 --> 00:12:47.184 If you don't signal,

NOTE Confidence: 0.622687624

00:12:47.184 --> 00:12:49.506 that's not going to exclude you from

NOTE Confidence: 0.622687624

00:12:49.506 --> 00:12:51.326 being invited for an interview.

NOTE Confidence: 0.622687624

00:12:51.330 --> 00:12:51.906 Far from it.

NOTE Confidence: 0.622687624

00:12:51.906 --> 00:12:52.290 You know,

NOTE Confidence: 0.622687624

00:12:52.290 --> 00:12:53.855 we understand that there's a

NOTE Confidence: 0.622687624

00:12:53.855 --> 00:12:55.420 certain number of signals that

NOTE Confidence: 0.622687624

00:12:55.482 --> 00:12:57.042 people have available to them and

NOTE Confidence: 0.622687624

00:12:57.042 --> 00:12:59.058 we are going to review all the

NOTE Confidence: 0.622687624

00:12:59.058 --> 00:13:00.583 applications in a holistic way.

NOTE Confidence: 0.622687624

00:13:00.590 --> 00:13:02.942 And we know that people change their

NOTE Confidence: 0.622687624

00:13:02.942 --> 00:13:05.780 minds and that there'll be a process

NOTE Confidence: 0.622687624

00:13:05.780 --> 00:13:08.426 that happens throughout the interview season.

NOTE Confidence: 0.622687624

00:13:08.430 --> 00:13:11.010 So don't fret that too much.

NOTE Confidence: 0.622687624

00:13:11.010 --> 00:13:13.506 I could understand why you might,

NOTE Confidence: 0.622687624

00:13:13.510 --> 00:13:15.178 but people change their minds,

NOTE Confidence: 0.622687624

00:13:15.180 --> 00:13:15.594 you kind of,

NOTE Confidence: 0.622687624

00:13:15.594 --> 00:13:16.008 you kind of.

NOTE Confidence: 0.622687624

00:13:16.010 --> 00:13:17.754 Have to come and meet us and we

NOTE Confidence: 0.622687624

00:13:17.754 --> 00:13:19.987 have to meet you and then the match

NOTE Confidence: 0.622687624

00:13:19.987 --> 00:13:21.792 with this magical engine that helps

NOTE Confidence: 0.622687624

00:13:21.792 --> 00:13:23.822 things be sorted out and and it's

NOTE Confidence: 0.622687624

00:13:23.822 --> 00:13:25.080 somehow all works out in the end.

NOTE Confidence: 0.622687624

00:13:25.080 --> 00:13:27.173 So I thought that's a great opportunity

NOTE Confidence: 0.622687624

00:13:27.173 --> 00:13:29.410 for me to at least mention that

NOTE Confidence: 0.622687624

00:13:29.410 --> 00:13:31.692 with Sarah's thing and and she said

NOTE Confidence: 0.622687624

00:13:31.692 --> 00:13:33.876 ten years in and has been doing

NOTE Confidence: 0.622687624

00:13:33.876 --> 00:13:35.684 really amazing things and it's I

NOTE Confidence: 0.622687624

00:13:35.684 --> 00:13:38.043 think I think it's fair for me to

NOTE Confidence: 0.622687624

00:13:38.043 --> 00:13:40.091 say it's been a great fit for you

NOTE Confidence: 0.622687624

00:13:40.166 --> 00:13:42.336 Sarah and your career trajectory.

NOTE Confidence: 0.622687624

00:13:42.340 --> 00:13:42.975 So,

NOTE Confidence: 0.622687624

00:13:42.975 --> 00:13:43.610 Melissa.

NOTE Confidence: 0.7392161

00:13:45.470 --> 00:13:46.910 The match knows.

NOTE Confidence: 0.44557446

00:13:51.030 --> 00:13:52.410 Hi. I'm also mayor scam,

NOTE Confidence: 0.44557446

00:13:52.410 --> 00:13:54.490 one of the PG floors.

NOTE Confidence: 0.44557446

00:13:54.490 --> 00:13:58.610 I am one of the current clinical chiefs.

NOTE Confidence: 0.44557446

00:13:58.610 --> 00:14:02.160 And I guess one of the things would be I

NOTE Confidence: 0.44557446

00:14:02.254 --> 00:14:06.530 mean I guess the culture of of our program.

NOTE Confidence: 0.44557446

00:14:06.530 --> 00:14:07.634 I mean I don't want to

NOTE Confidence: 0.44557446

00:14:07.634 --> 00:14:08.370 sound like everyone else.

NOTE Confidence: 0.44557446

00:14:08.370 --> 00:14:09.840 It's pretty sad but I think that's

NOTE Confidence: 0.44557446

00:14:09.840 --> 00:14:11.456 that is one of those things that

NOTE Confidence: 0.44557446

00:14:11.456 --> 00:14:13.137 even when you're on service so you

NOTE Confidence: 0.44557446

00:14:13.137 --> 00:14:14.740 can be on general senior stroke or

NOTE Confidence: 0.44557446

00:14:14.740 --> 00:14:16.655 whatnot and if you have a complex

NOTE Confidence: 0.44557446

00:14:16.655 --> 00:14:18.490 case you don't really you know,

NOTE Confidence: 0.44557446

00:14:18.490 --> 00:14:19.780 feel as though you can't

NOTE Confidence: 0.44557446

00:14:19.780 --> 00:14:21.070 call one of the like.

NOTE Confidence: 0.44557446

00:14:21.070 --> 00:14:24.568 Our specialists versus super sub specialists,

NOTE Confidence: 0.44557446

00:14:24.570 --> 00:14:26.340 you know, we have all our,

NOTE Confidence: 0.44557446

00:14:26.340 --> 00:14:28.315 our attendings numbers and everyone

NOTE Confidence: 0.44557446

00:14:28.315 --> 00:14:30.900 is so just agreeable to kind of,

NOTE Confidence: 0.44557446

00:14:30.900 --> 00:14:33.020 you know, guide you and help you and

NOTE Confidence: 0.44557446

00:14:33.020 --> 00:14:35.477 kind of help at your education process.

NOTE Confidence: 0.44557446

00:14:35.480 --> 00:14:38.280 It's pretty great, honestly.

NOTE Confidence: 0.44557446

00:14:38.280 --> 00:14:39.764 Also, we have food courts as well,

NOTE Confidence: 0.44557446

00:14:39.770 --> 00:14:41.543 so I guess that would be my second choice,

NOTE Confidence: 0.44557446

00:14:41.550 --> 00:14:42.630 my second thing to be

NOTE Confidence: 0.44557446

00:14:42.630 --> 00:14:43.278 different from everyone.

NOTE Confidence: 0.80549004375

00:14:45.150 --> 00:14:46.362 Excellent, excellent point.

NOTE Confidence: 0.80549004375

00:14:46.362 --> 00:14:48.382 I was hoping somebody would

NOTE Confidence: 0.80549004375

00:14:48.382 --> 00:14:49.920 mention the food carts.

NOTE Confidence: 0.80549004375

00:14:49.920 --> 00:14:51.372 One thing I'll mention about sort

NOTE Confidence: 0.80549004375

00:14:51.372 --> 00:14:53.100 of the people and the mentorship,

NOTE Confidence: 0.80549004375

00:14:53.100 --> 00:14:54.064 I'll tell you this.

NOTE Confidence: 0.80549004375

00:14:54.064 --> 00:14:55.510 I'll let some people answer the

NOTE Confidence: 0.80549004375

00:14:55.562 --> 00:14:57.186 food cart stuff in the chat because

NOTE Confidence: 0.80549004375

00:14:57.186 --> 00:14:58.950 this could go on for a while. But

NOTE Confidence: 0.8387288

00:15:01.080 --> 00:15:04.540 the. Mentorship doesn't stop when you

NOTE Confidence: 0.8387288

00:15:04.540 --> 00:15:06.400 finish residency and you're developing

NOTE Confidence: 0.8387288

00:15:06.454 --> 00:15:08.758 relationships that you have for a long time.

NOTE Confidence: 0.8387288

00:15:08.760 --> 00:15:10.748 And, and I can tell you just

NOTE Confidence: 0.8387288

00:15:10.748 --> 00:15:12.535 this weekend, just this weekend,

NOTE Confidence: 0.8387288

00:15:12.535 --> 00:15:16.150 I heard from four of my prior residents

NOTE Confidence: 0.8387288

00:15:16.150 --> 00:15:18.918 about totally different things.

NOTE Confidence: 0.8387288

00:15:18.920 --> 00:15:20.362 One wanted, wanted me to show a

NOTE Confidence: 0.8387288

00:15:20.362 --> 00:15:22.820 picture of her, her her new baby.

NOTE Confidence: 0.8387288

00:15:22.820 --> 00:15:25.580 Another was updating me on some

NOTE Confidence: 0.8387288

00:15:25.677 --> 00:15:28.119 things you know and so on.

NOTE Confidence: 0.8387288

00:15:28.120 --> 00:15:30.991 1/3 just reached out to say that she was

NOTE Confidence: 0.8387288

00:15:30.991 --> 00:15:34.434 I thinking of us and on a Sunday morning

NOTE Confidence: 0.8387288

00:15:34.434 --> 00:15:37.097 thinking of Jeff and I sort of take turns.

NOTE Confidence: 0.8387288

00:15:37.100 --> 00:15:39.300 It was Jeff's idea and

NOTE Confidence: 0.8387288

00:15:39.300 --> 00:15:42.468 sending out a Wellness.

NOTE Confidence: 0.8387288

00:15:42.470 --> 00:15:45.816 That missive letter on on Sunday mornings,

NOTE Confidence: 0.8387288

00:15:45.820 --> 00:15:46.660 the Wellness Weekly.

NOTE Confidence: 0.8387288

00:15:46.660 --> 00:15:49.000 And we never know if people read these.

NOTE Confidence: 0.8387288

00:15:49.000 --> 00:15:49.896 I have no idea.

NOTE Confidence: 0.8387288

00:15:49.896 --> 00:15:51.240 And actually one of our former

NOTE Confidence: 0.8387288

00:15:51.293 --> 00:15:53.239 residents reached out to say that she

NOTE Confidence: 0.8387288

00:15:53.239 --> 00:15:54.998 missed reading them on Sunday morning.

NOTE Confidence: 0.8387288

00:15:55.000 --> 00:15:56.917 So Jeff, I was going to tell you that

NOTE Confidence: 0.8387288

00:15:56.917 --> 00:15:58.789 I know that would warm your heart

NOTE Confidence: 0.8387288

00:15:58.789 --> 00:16:00.740 and you said your brainchild and.

NOTE Confidence: 0.8387288

00:16:00.740 --> 00:16:01.388 We put I,

NOTE Confidence: 0.8387288

00:16:01.388 --> 00:16:03.476 I know I could speak for Jeff when we

NOTE Confidence: 0.8387288

00:16:03.476 --> 00:16:05.556 put a lot of thought into these things,

NOTE Confidence: 0.8387288

00:16:05.560 --> 00:16:07.018 Jeff really does.

NOTE Confidence: 0.8387288

00:16:07.018 --> 00:16:08.476 So nice segue.

NOTE Confidence: 0.8387288

00:16:08.480 --> 00:16:08.872 Jeff,

NOTE Confidence: 0.8387288

00:16:08.872 --> 00:16:11.224 do you want to introduce yourself?

NOTE Confidence: 0.778162955

00:16:12.850 --> 00:16:14.290 So hey everybody, I'm Jeff Dewey.

NOTE Confidence: 0.778162955

00:16:14.290 --> 00:16:17.116 I'm also a residency and fellowship

NOTE Confidence: 0.778162955

00:16:17.116 --> 00:16:19.710 graduate from Yale and one of the

NOTE Confidence: 0.778162955

00:16:19.710 --> 00:16:20.890 associate program directors and

NOTE Confidence: 0.778162955

00:16:20.890 --> 00:16:22.590 really focus on Resident Wellness.

NOTE Confidence: 0.778162955

00:16:22.590 --> 00:16:24.252 I also direct the neurology clerkship

NOTE Confidence: 0.778162955

00:16:24.252 --> 00:16:26.648 and was in the medical education track

NOTE Confidence: 0.778162955

00:16:26.650 --> 00:16:28.990 when I was a resident and actually had

NOTE Confidence: 0.778162955

00:16:28.990 --> 00:16:30.430 a very similar experience to Sarah.

NOTE Confidence: 0.778162955

00:16:30.430 --> 00:16:33.510 Yale was one of my last interviews.

NOTE Confidence: 0.778162955

00:16:33.510 --> 00:16:34.598 Wasn't sure I was.

NOTE Confidence: 0.778162955

00:16:34.598 --> 00:16:36.764 I was going to feel about it and

NOTE Confidence: 0.778162955

00:16:36.764 --> 00:16:39.198 loved it from the moment I got here.

NOTE Confidence: 0.778162955

00:16:39.200 --> 00:16:41.076 And I think one of the unique

28

NOTE Confidence: 0.778162955

00:16:41.076 --> 00:16:43.078 things that has been touched on is,

NOTE Confidence: 0.778162955

00:16:43.080 --> 00:16:44.912 is really the New Haven area and the

NOTE Confidence: 0.778162955

00:16:44.912 --> 00:16:46.890 number of different ways you can live and

NOTE Confidence: 0.778162955

00:16:46.890 --> 00:16:49.017 things you can do in the New Haven area.

NOTE Confidence: 0.778162955

00:16:49.020 --> 00:16:51.652 So you can live downtown in an apartment

NOTE Confidence: 0.778162955

00:16:51.652 --> 00:16:54.558 with a grocery store on the 1st floor.

NOTE Confidence: 0.778162955

00:16:54.560 --> 00:16:55.160 You can live.

NOTE Confidence: 0.778162955

00:16:55.160 --> 00:16:56.799 I'm, I'm an example of someone who rented

NOTE Confidence: 0.778162955

00:16:56.799 --> 00:16:58.335 a house in the woods my first couple

NOTE Confidence: 0.778162955

00:16:58.335 --> 00:16:59.848 of years and then eventually bought a

NOTE Confidence: 0.778162955

00:16:59.848 --> 00:17:02.240 house out in the country where we have

NOTE Confidence: 0.778162955

00:17:02.240 --> 00:17:04.550 chickens and bees and fruit orchard

NOTE Confidence: 0.778162955

00:17:04.617 --> 00:17:07.340 and all sorts of things to distract us from,

NOTE Confidence: 0.778162955

00:17:07.340 --> 00:17:08.082 you know,

NOTE Confidence: 0.778162955

00:17:08.082 --> 00:17:09.937 the bustle of everyday life.

NOTE Confidence: 0.778162955

00:17:09.940 --> 00:17:10.860 And everything in between.

NOTE Confidence: 0.778162955

00:17:10.860 --> 00:17:12.010 And there's beautiful state parks,

NOTE Confidence: 0.778162955

00:17:12.010 --> 00:17:14.022 there's beaches, there's hiking,

NOTE Confidence: 0.778162955

00:17:14.022 --> 00:17:15.028 there's biking,

NOTE Confidence: 0.778162955

00:17:15.030 --> 00:17:16.632 there's the biking trail that runs

NOTE Confidence: 0.778162955

00:17:16.632 --> 00:17:18.689 all the way up to Massachusetts,

NOTE Confidence: 0.778162955

00:17:18.690 --> 00:17:20.363 and also also you can rollerblade on

NOTE Confidence: 0.778162955

00:17:20.363 --> 00:17:22.427 that trail if you're into inline skating,

NOTE Confidence: 0.778162955

00:17:22.430 --> 00:17:24.710 like me and our former resident Kevin Wilson.

NOTE Confidence: 0.778162955

00:17:24.710 --> 00:17:26.987 So there's there's a lot of stuff to do.

NOTE Confidence: 0.778162955

00:17:26.990 --> 00:17:28.210 But I was really pleasantly

NOTE Confidence: 0.778162955

00:17:28.210 --> 00:17:29.710 surprised by the New Haven area.

NOTE Confidence: 0.778162955

00:17:29.710 --> 00:17:31.649 I was living in Boston for 10

NOTE Confidence: 0.778162955

00:17:31.649 --> 00:17:33.653 years before I came here and

NOTE Confidence: 0.778162955

00:17:33.653 --> 00:17:35.129 was very comfortable there,

NOTE Confidence: 0.778162955

00:17:35.130 --> 00:17:36.252 but have really grown to love

NOTE Confidence: 0.778162955

00:17:36.252 --> 00:17:37.210 it here quite a bit.

NOTE Confidence: 0.778162955

00:17:37.210 --> 00:17:38.988 I don't see myself leaving anytime soon.

NOTE Confidence: 0.743281936

00:17:42.460 --> 00:17:44.828 Great place to live.

NOTE Confidence: 0.743281936

00:17:44.828 --> 00:17:46.860 Um, Anisha, you're next.

NOTE Confidence: 0.710013644

00:17:49.400 --> 00:17:51.550 OK. Hi. So I'm anisha.

NOTE Confidence: 0.710013644

00:17:51.550 --> 00:17:53.097 I'm also one of the G fours.

NOTE Confidence: 0.710013644

00:17:53.100 --> 00:17:55.236 I'm one of the scheduling chiefs.

NOTE Confidence: 0.710013644

00:17:55.240 --> 00:17:57.256 So the people dread calls from

NOTE Confidence: 0.710013644

00:17:57.256 --> 00:18:01.100 me for the most part, but.

NOTE Confidence: 0.710013644

00:18:01.100 --> 00:18:03.870 I think the thing that.

NOTE Confidence: 0.710013644

00:18:03.870 --> 00:18:05.781 I have kind of two that I

NOTE Confidence: 0.710013644

00:18:05.781 --> 00:18:07.190 think are mostly related.

NOTE Confidence: 0.710013644

00:18:07.190 --> 00:18:09.602 So we had talked about the

NOTE Confidence: 0.710013644

00:18:09.602 --> 00:18:10.808 education distinction pathway,

NOTE Confidence: 0.710013644

00:18:10.810 --> 00:18:12.238 but we have all,

NOTE Confidence: 0.710013644

00:18:12.238 --> 00:18:13.666 all other distinction pathways.

NOTE Confidence: 0.710013644

00:18:13.670 --> 00:18:15.294 And one in particular that I have

NOTE Confidence: 0.710013644

00:18:15.294 --> 00:18:17.311 been a part of and really liked about

NOTE Confidence: 0.710013644

00:18:17.311 --> 00:18:18.999 this program when I was interviewing

NOTE Confidence: 0.710013644

00:18:18.999 --> 00:18:20.849 is that there's this business,

NOTE Confidence: 0.710013644

00:18:20.850 --> 00:18:22.467 I don't know if it's called the

NOTE Confidence: 0.710013644

00:18:22.467 --> 00:18:23.160 business distinction pathway

NOTE Confidence: 0.710013644

00:18:23.202 --> 00:18:24.525 now or if it's still just like

NOTE Confidence: 0.710013644

00:18:24.525 --> 00:18:25.400 the business admin pathway

NOTE Confidence: 0.68233433

00:18:25.720 --> 00:18:26.965 for healthcare administration.

NOTE Confidence: 0.68233433

00:18:26.965 --> 00:18:28.625 But we're in talks,

NOTE Confidence: 0.68233433

00:18:28.630 --> 00:18:31.584 it may meld with the Qi distinction.

NOTE Confidence: 0.68233433

00:18:31.590 --> 00:18:33.788 There's sort of a process improvement Qi.

NOTE Confidence: 0.68233433

00:18:33.790 --> 00:18:35.500 Restriction pathway within the GM,

NOTE Confidence: 0.68233433

00:18:35.500 --> 00:18:36.370 so stay tuned,

NOTE Confidence: 0.68233433

00:18:36.370 --> 00:18:37.820 probably will know that that.

NOTE Confidence: 0.883542446

00:18:39.090 --> 00:18:41.030 Fair enough. But I was,

NOTE Confidence: 0.883542446

00:18:41.030 --> 00:18:42.878 I've always been really interested in

NOTE Confidence: 0.883542446

00:18:42.878 --> 00:18:44.779 business aspects of medicine and kind of

NOTE Confidence: 0.883542446

00:18:44.779 --> 00:18:46.690 learning more about how to run a practice,

NOTE Confidence: 0.883542446

00:18:46.690 --> 00:18:48.621 how to run a hospital, things like that.

NOTE Confidence: 0.883542446

00:18:48.621 --> 00:18:50.763 And so Yale has a great

NOTE Confidence: 0.883542446

00:18:50.763 --> 00:18:51.930 opportunity to do that.

NOTE Confidence: 0.883542446

00:18:51.930 --> 00:18:53.358 And then within our own department,

NOTE Confidence: 0.883542446

00:18:53.360 --> 00:18:57.334 doctor Kokar, who is one of our vice chairs.

NOTE Confidence: 0.883542446

00:18:57.334 --> 00:19:00.958 And also runs like the clinic,

NOTE Confidence: 0.883542446

00:19:00.960 --> 00:19:03.078 all the clinics beyond just neurology.

NOTE Confidence: 0.883542446

00:19:03.080 --> 00:19:05.078 But all of the the clinics in general is

NOTE Confidence: 0.883542446

00:19:05.078 --> 00:19:07.027 one of our neuromuscular specialists.

NOTE Confidence: 0.883542446

00:19:07.030 --> 00:19:07.990 And he's very accessible,

NOTE Confidence: 0.883542446

00:19:07.990 --> 00:19:09.430 always willing to chat with you.

NOTE Confidence: 0.883542446

00:19:09.430 --> 00:19:11.494 And so I've been involved with him and

NOTE Confidence: 0.883542446

00:19:11.494 --> 00:19:13.847 learned a lot more about like the business

NOTE Confidence: 0.883542446

00:19:13.847 --> 00:19:16.058 aspect of medicine and the CD underbelly

NOTE Confidence: 0.883542446

00:19:16.058 --> 00:19:17.996 of medicine that nobody talks about.

NOTE Confidence: 0.883542446

00:19:18.000 --> 00:19:20.247 And then also as part of that,

NOTE Confidence: 0.883542446

00:19:20.250 --> 00:19:22.056 I've been on a bunch of

NOTE Confidence: 0.883542446

00:19:22.056 --> 00:19:23.260 committees beyond the residency.

NOTE Confidence: 0.883542446

00:19:23.260 --> 00:19:24.716 So I've been on house staff committees,

NOTE Confidence: 0.883542446

00:19:24.720 --> 00:19:26.556 I've worked with the GM E

NOTE Confidence: 0.883542446

00:19:26.556 --> 00:19:27.780 and we're doctor Hewitt,

NOTE Confidence: 0.883542446

00:19:27.780 --> 00:19:28.920 who's the head of.

NOTE Confidence: 0.883542446

00:19:28.920 --> 00:19:31.389 Of the GE and a lot of really

NOTE Confidence: 0.883542446

00:19:31.390 --> 00:19:33.750 great opportunities to expand my

NOTE Confidence: 0.883542446

00:19:33.750 --> 00:19:36.110 knowledge base outside of neurology,

NOTE Confidence: 0.883542446

00:19:36.110 --> 00:19:38.300 which I really appreciated and

NOTE Confidence: 0.883542446

00:19:38.300 --> 00:19:41.370 wanted to have as a resident.

NOTE Confidence: 0.883542446

00:19:41.370 --> 00:19:42.466 So huge shout out,

NOTE Confidence: 0.883542446

00:19:42.466 --> 00:19:44.110 there's a lot of opportunities both

NOTE Confidence: 0.883542446

00:19:44.170 --> 00:19:45.850 within and outside of neurology

NOTE Confidence: 0.883542446

00:19:45.850 --> 00:19:47.530 for whatever you're interested in.

NOTE Confidence: 0.883542446

00:19:47.530 --> 00:19:49.216 You'll pretty much has everything that

NOTE Confidence: 0.93336929

00:19:49.230 --> 00:19:50.530 you could be looking for.

NOTE Confidence: 0.821297896

00:19:51.400 --> 00:19:54.764 I I have to uh anisha's being a

NOTE Confidence: 0.821297896

00:19:54.764 --> 00:19:56.920 little modest to not only served on,

NOTE Confidence: 0.821297896

00:19:56.920 --> 00:19:59.938 but was the President of the

NOTE Confidence: 0.821297896

00:19:59.940 --> 00:20:04.086 resident and fellow Senate which is.

NOTE Confidence: 0.821297896

00:20:04.090 --> 00:20:06.869 The representative body for what is it

NOTE Confidence: 0.821297896

00:20:06.870 --> 00:20:09.570 1500 training or something like that?

NOTE Confidence: 0.821297896

00:20:09.570 --> 00:20:11.148 I can't remember in within the

NOTE Confidence: 0.813614266

00:20:12.740 --> 00:20:14.344 1500 trainees, residents and

NOTE Confidence: 0.813614266

00:20:14.344 --> 00:20:16.750 fellows and of all the programs.

NOTE Confidence: 0.813614266

00:20:16.750 --> 00:20:18.526 So not just neurology but every

NOTE Confidence: 0.813614266

00:20:18.526 --> 00:20:20.237 every resident and fellow both at

NOTE Confidence: 0.813614266

00:20:20.237 --> 00:20:21.875 the Yale Main campus but also some

NOTE Confidence: 0.813614266

00:20:21.875 --> 00:20:23.451 of the satellite hospitals that

NOTE Confidence: 0.813614266

00:20:23.451 --> 00:20:25.383 includes the VA that includes SRC

NOTE Confidence: 0.813614266

00:20:25.390 --> 00:20:27.665 includes also includes the residents

NOTE Confidence: 0.813614266

00:20:27.665 --> 00:20:29.940 at Lake Bridgeport and Greenwich,

NOTE Confidence: 0.813614266

00:20:29.940 --> 00:20:32.404 and all within the Yale system who people

NOTE Confidence: 0.813614266

00:20:32.404 --> 00:20:34.240 don't necessarily always talk about. But.

NOTE Confidence: 0.898900519230769

00:20:34.840 --> 00:20:36.360 So for those of you who are interested

NOTE Confidence: 0.898900519230769

00:20:36.360 --> 00:20:37.938 in sort of leadership opportunities,

NOTE Confidence: 0.898900519230769

00:20:37.940 --> 00:20:38.864 the resident fellow Senate

NOTE Confidence: 0.898900519230769

00:20:38.864 --> 00:20:40.019 is actually really nice one.

NOTE Confidence: 0.898900519230769

00:20:40.020 --> 00:20:42.134 I know several of our other residents

NOTE Confidence: 0.898900519230769

00:20:42.134 --> 00:20:44.420 have been on committees within that

NOTE Confidence: 0.898900519230769

00:20:44.420 --> 00:20:47.428 Senate and we have a various affinity

NOTE Confidence: 0.898900519230769

00:20:47.428 --> 00:20:50.333 groups of various sorts that people

NOTE Confidence: 0.898900519230769

00:20:50.333 --> 00:20:52.882 have been participating in as well.

NOTE Confidence: 0.898900519230769

00:20:52.882 --> 00:20:54.058 And so it doesn't,

NOTE Confidence: 0.898900519230769

00:20:54.060 --> 00:20:55.860 it's not just about neurology,

NOTE Confidence: 0.898900519230769

00:20:55.860 --> 00:20:57.654 I think it's a really nice

NOTE Confidence: 0.898900519230769

00:20:57.654 --> 00:20:59.807 community in which to train even

NOTE Confidence: 0.898900519230769

00:20:59.807 --> 00:21:02.022 without neurology and some really

NOTE Confidence: 0.898900519230769

00:21:02.022 --> 00:21:03.730 amazing opportunities with that.

NOTE Confidence: 0.898900519230769

00:21:03.730 --> 00:21:05.382 And Vanessa is taking care of taking

NOTE Confidence: 0.898900519230769

00:21:05.382 --> 00:21:07.150 advantage of some of those opportunities.

NOTE Confidence: 0.898900519230769

00:21:07.150 --> 00:21:08.270 So Vanessa, you're next.

NOTE Confidence: 0.860238515

00:21:10.100 --> 00:21:10.928 Hi everyone. My name

NOTE Confidence: 0.785654748571429

00:21:10.940 --> 00:21:13.810 is Vanessa Cooper. I'm also an ex

NOTE Confidence: 0.785654748571429

00:21:13.810 --> 00:21:17.200 resident and fellow now faculty member.

NOTE Confidence: 0.785654748571429

00:21:17.200 --> 00:21:20.704 I have a focus in diversity and education,

NOTE Confidence: 0.785654748571429

37

00:21:20.710 --> 00:21:22.526 well mostly diversity recruitment.

NOTE Confidence: 0.785654748571429

00:21:22.526 --> 00:21:25.824 And I've been working very closely with the

NOTE Confidence: 0.785654748571429

00:21:25.824 --> 00:21:28.620 G&amp;E office as far as the ID I initiatives

NOTE Confidence: 0.785654748571429

00:21:28.620 --> 00:21:30.860 and reaching out to HB CU and doing a lot

NOTE Confidence: 0.785654748571429

00:21:30.922 --> 00:21:33.058 of recruitment stuff over the weekends,

NOTE Confidence: 0.785654748571429

00:21:33.060 --> 00:21:34.600 which have been really fun.

NOTE Confidence: 0.785654748571429

00:21:34.600 --> 00:21:37.050 And so I will say that a lot of

NOTE Confidence: 0.785654748571429

00:21:37.050 --> 00:21:38.200 things have already been covered.

NOTE Confidence: 0.785654748571429

00:21:38.200 --> 00:21:40.054 So I'll just talk about like the New Haven.

NOTE Confidence: 0.785654748571429

00:21:40.060 --> 00:21:41.752 Area. So I grew up in New York and

NOTE Confidence: 0.785654748571429

00:21:41.752 --> 00:21:43.416 I've always been in New York and I

NOTE Confidence: 0.785654748571429

00:21:43.416 --> 00:21:44.931 was a little bit apprehensive about

NOTE Confidence: 0.785654748571429

00:21:44.931 --> 00:21:46.926 moving to New Haven because I wasn't

NOTE Confidence: 0.785654748571429

00:21:46.930 --> 00:21:49.330 sure if there was many things to do.

NOTE Confidence: 0.785654748571429

00:21:49.330 --> 00:21:51.146 But I will say I'm a big foodie.

NOTE Confidence: 0.785654748571429

00:21:51.150 --> 00:21:53.299 So one, there's a lot of restaurants

NOTE Confidence: 0.785654748571429

00:21:53.299 --> 00:21:56.008 and a lot of things very close to

NOTE Confidence: 0.785654748571429

00:21:56.008 --> 00:21:57.421 the hospital where you don't have

NOTE Confidence: 0.785654748571429

00:21:57.421 --> 00:21:58.807 to make an effort after work.

NOTE Confidence: 0.785654748571429

00:21:58.810 --> 00:22:01.114 You can just walk very short

NOTE Confidence: 0.785654748571429

00:22:01.114 --> 00:22:03.110 distance and get happy hour.

NOTE Confidence: 0.785654748571429

00:22:03.110 --> 00:22:05.756 Now that I guess COVID is.

NOTE Confidence: 0.785654748571429

00:22:05.760 --> 00:22:07.100 In the back burner,

NOTE Confidence: 0.785654748571429

00:22:07.100 --> 00:22:08.440 but during my time,

NOTE Confidence: 0.785654748571429

00:22:08.440 --> 00:22:10.696 we're able to get happy hour.

NOTE Confidence: 0.785654748571429

00:22:10.700 --> 00:22:13.460 The GE Office holds a monthly

NOTE Confidence: 0.785654748571429

00:22:13.460 --> 00:22:15.400 mixer where you could actually

NOTE Confidence: 0.785654748571429

00:22:15.400 --> 00:22:17.602 meet with other residents and all

NOTE Confidence: 0.785654748571429

00:22:17.602 --> 00:22:19.380 other programs already paid for.

NOTE Confidence: 0.785654748571429

00:22:19.380 --> 00:22:21.020 And there's like appetizers

NOTE Confidence: 0.785654748571429

00:22:21.020 --> 00:22:22.660 and drinks and stuff.

NOTE Confidence: 0.785654748571429

00:22:22.660 --> 00:22:23.750 And it was like really nice

NOTE Confidence: 0.785654748571429

00:22:23.750 --> 00:22:25.050 because you're able to like,

NOTE Confidence: 0.785654748571429

00:22:25.050 --> 00:22:27.010 talk to other residents outside the hospital.

NOTE Confidence: 0.785654748571429

00:22:27.010 --> 00:22:29.098 And I really like that aspect of it.

NOTE Confidence: 0.785654748571429

00:22:29.100 --> 00:22:31.530 One thing for people that

NOTE Confidence: 0.785654748571429

00:22:31.530 --> 00:22:33.474 are coming with families,

NOTE Confidence: 0.785654748571429

00:22:33.480 --> 00:22:34.839 if you don't want to be in New Haven,

NOTE Confidence: 0.785654748571429

00:22:34.840 --> 00:22:36.435 there's a lot of suburban areas.

NOTE Confidence: 0.785654748571429

00:22:36.435 --> 00:22:39.506 I grew my family during training

NOTE Confidence: 0.785654748571429

00:22:39.506 --> 00:22:41.324 and I moved to the suburbs,

NOTE Confidence: 0.785654748571429

00:22:41.330 --> 00:22:45.264 and Connecticut has an amazing school system.

NOTE Confidence: 0.785654748571429

00:22:45.270 --> 00:22:47.388 So the schools here are great,

NOTE Confidence: 0.785654748571429

00:22:47.390 --> 00:22:48.478 the suburbs are great,

NOTE Confidence: 0.785654748571429

00:22:48.478 --> 00:22:50.438 and they're only about like 10 to

NOTE Confidence: 0.785654748571429

00:22:50.438 --> 00:22:52.064 15 minutes away from the hospital,

NOTE Confidence: 0.785654748571429

00:22:52.070 --> 00:22:53.830 so you're not really far.

NOTE Confidence: 0.785654748571429

00:22:53.830 --> 00:22:55.629 So I really like that about it.

NOTE Confidence: 0.785654748571429

00:22:55.630 --> 00:22:59.424 And also very affordable for the Northeast,

NOTE Confidence: 0.785654748571429

00:22:59.430 --> 00:23:00.099 I will say.

NOTE Confidence: 0.821503903333333

00:23:02.300 --> 00:23:05.438 Yeah, for for residents with families,

NOTE Confidence: 0.821503903333333

00:23:05.440 --> 00:23:07.036 childcare is reasonable

NOTE Confidence: 0.821503903333333

00:23:07.036 --> 00:23:08.940 compared to other locations,

NOTE Confidence: 0.821503903333333

00:23:08.940 --> 00:23:10.746 not, I'm not going to say cheap

NOTE Confidence: 0.821503903333333

00:23:10.746 --> 00:23:12.000 because it's definitely not that,

NOTE Confidence: 0.821503903333333

00:23:12.000 --> 00:23:13.710 but but reasonable and there

NOTE Confidence: 0.821503903333333

00:23:13.710 --> 00:23:15.078 are many good options.

NOTE Confidence: 0.821503903333333

00:23:15.080 --> 00:23:17.460 And my children go to public school.

NOTE Confidence: 0.821503903333333

00:23:17.460 --> 00:23:19.290 Sarah, Sarah, years do too.

NOTE Confidence: 0.821503903333333

00:23:19.290 --> 00:23:21.626 And the the public schools are just awesome.

NOTE Confidence: 0.821503903333333

00:23:21.630 --> 00:23:22.290 They're great.

NOTE Confidence: 0.821503903333333

00:23:22.290 --> 00:23:22.950 Great experience.

NOTE Confidence: 0.8661539

00:23:24.850 --> 00:23:25.990 Did I get everyone?

NOTE Confidence: 0.9466355

00:23:27.010 --> 00:23:27.320 OK.

NOTE Confidence: 0.79814693

00:23:28.870 --> 00:23:30.390 I think so. I

NOTE Confidence: 0.8334351

00:23:30.400 --> 00:23:33.330 believe you did. One more thing

NOTE Confidence: 0.6996617626666667

00:23:33.470 --> 00:23:36.200 ohh yeah please. So

NOTE Confidence: 0.85909438

00:23:36.610 --> 00:23:39.010 I also really enjoyed it.

NOTE Confidence: 0.85909438

00:23:39.010 --> 00:23:40.072 I don't think I looked for

NOTE Confidence: 0.85909438

00:23:40.072 --> 00:23:41.370 this when I was interviewing,

NOTE Confidence: 0.85909438

00:23:41.370 --> 00:23:43.350 but Yale and Doctor Bolorin,

NOTE Confidence: 0.85909438

00:23:43.350 --> 00:23:45.690 like the entire leadership really

NOTE Confidence: 0.85909438

00:23:45.690 --> 00:23:48.030 support you going to conferences

NOTE Confidence: 0.85909438

00:23:48.106 --> 00:23:50.586 and like attending conferences and.

NOTE Confidence: 0.85909438

00:23:50.590 --> 00:23:52.165 Doing research and kind of

NOTE Confidence: 0.85909438

00:23:52.165 --> 00:23:53.425 getting yourself out there,

NOTE Confidence: 0.85909438

00:23:53.430 --> 00:23:54.858 which can be difficult in residency

NOTE Confidence: 0.85909438

00:23:54.858 --> 00:23:56.057 because of the schedule and

NOTE Confidence: 0.85909438

00:23:56.057 --> 00:23:57.269 other things that are going on.

NOTE Confidence: 0.85909438

00:23:57.270 --> 00:23:59.825 So the department has and it's like

NOTE Confidence: 0.85909438

00:23:59.830 --> 00:24:02.566 $1000 that you can use for once in

NOTE Confidence: 0.85909438

00:24:02.566 --> 00:24:04.887 your training to go to a conference,

NOTE Confidence: 0.85909438

00:24:04.890 --> 00:24:05.876 but also.

NOTE Confidence: 0.85909438

00:24:05.876 --> 00:24:08.834 The GE Office provides an educational

NOTE Confidence: 0.85909438

00:24:08.834 --> 00:24:11.076 statement which was $1400 is now

NOTE Confidence: 0.85909438

00:24:11.076 --> 00:24:13.456 going up to I think it's 1800

NOTE Confidence: 0.85909438

00:24:13.456 --> 00:24:17.950 or nineteen 2000 and even 2000.

NOTE Confidence: 0.85909438

00:24:17.950 --> 00:24:19.894 2000, which is great and that's

NOTE Confidence: 0.85909438

00:24:19.894 --> 00:24:22.316 every year and we've always kind of

NOTE Confidence: 0.85909438

00:24:22.316 --> 00:24:24.434 been in talks about increasing that.

NOTE Confidence: 0.85909438

00:24:24.440 --> 00:24:26.127 So that was increased this path starting

NOTE Confidence: 0.85909438

00:24:26.127 --> 00:24:27.840 next year and it's probably going to

NOTE Confidence: 0.85909438

00:24:27.840 --> 00:24:29.530 be increasing in the future as well.

NOTE Confidence: 0.85909438

00:24:29.530 --> 00:24:31.042 But there's a lot of support for you to

NOTE Confidence: 0.85909438

00:24:31.042 --> 00:24:32.656 be able to travel and go other places.

NOTE Confidence: 0.85909438

00:24:32.660 --> 00:24:33.434 And then yes,

NOTE Confidence: 0.85909438

00:24:33.434 --> 00:24:34.466 as Jeff has said,

NOTE Confidence: 0.85909438

00:24:34.470 --> 00:24:36.829 the pay here is also really great.

NOTE Confidence: 0.85909438

00:24:36.830 --> 00:24:37.982 And you know,

NOTE Confidence: 0.85909438

00:24:37.982 --> 00:24:40.286 we're definitely the highest paid residents,

NOTE Confidence: 0.85909438

00:24:40.290 --> 00:24:41.424 I think if not in the country,

NOTE Confidence: 0.85909438

00:24:41.430 --> 00:24:43.649 definitely in the area and New Haven

NOTE Confidence: 0.85909438

00:24:43.649 --> 00:24:45.281 isn't that expensive like comparatively

NOTE Confidence: 0.85909438

00:24:45.281 --> 00:24:47.444 to Boston or New York or other.

NOTE Confidence: 0.85909438

00:24:47.450 --> 00:24:48.690 Big cities you can definitely

NOTE Confidence: 0.85909438

00:24:48.690 --> 00:24:50.173 live within your means and have

NOTE Confidence: 0.85909438

00:24:50.173 --> 00:24:51.538 like a nice life here in New

NOTE Confidence: 0.85909438

00:24:51.538 --> 00:24:52.857 Haven with the with the salary,

NOTE Confidence: 0.85909438

00:24:52.860 --> 00:24:54.720 but wanted to plug that.

NOTE Confidence: 0.85909438

00:24:54.720 --> 00:24:56.704 You can go to conferences which I enjoy.

NOTE Confidence: 0.862286182857143

00:24:58.480 --> 00:25:00.412 Yeah, it's, it's a really nice

NOTE Confidence: 0.862286182857143

00:25:00.412 --> 00:25:02.970 opportunity and anisha as the scheduling

NOTE Confidence: 0.862286182857143

00:25:02.970 --> 00:25:05.844 chief along with Victor or other

NOTE Confidence: 0.862286182857143

00:25:05.844 --> 00:25:08.619 scheduling chief has finagled away,

NOTE Confidence: 0.862286182857143

00:25:08.620 --> 00:25:11.049 which we hope to continue having all

NOTE Confidence: 0.862286182857143

00:25:11.049 --> 00:25:14.210 of our PY forests go to the AN comma.

NOTE Confidence: 0.862286182857143

00:25:14.210 --> 00:25:16.580 So this will be the first year we do that.

NOTE Confidence: 0.862286182857143

00:25:16.580 --> 00:25:17.470 We'll see how it goes.

NOTE Confidence: 0.862286182857143

00:25:17.470 --> 00:25:19.220 You guys have to behave.

NOTE Confidence: 0.862286182857143

00:25:19.220 --> 00:25:21.180 I think I've, I've told you that,

NOTE Confidence: 0.862286182857143

00:25:21.180 --> 00:25:22.176 but as long as you do,

NOTE Confidence: 0.862286182857143

00:25:22.180 --> 00:25:25.138 I think this will be OK.

NOTE Confidence: 0.862286182857143

00:25:25.140 --> 00:25:27.220 And then another, you know,

NOTE Confidence: 0.862286182857143

00:25:27.220 --> 00:25:29.160 newish thing that we've done,

NOTE Confidence: 0.862286182857143

00:25:29.160 --> 00:25:31.386 which I'll give we have several pieces

NOTE Confidence: 0.862286182857143

00:25:31.386 --> 00:25:33.879 by fours here credit for is a retreat,

NOTE Confidence: 0.862286182857143

00:25:33.880 --> 00:25:35.465 which I have gotten the

NOTE Confidence: 0.862286182857143

00:25:35.465 --> 00:25:36.416 commitment to continue.

NOTE Confidence: 0.862286182857143

00:25:36.420 --> 00:25:38.772 So this is a a retreat

NOTE Confidence: 0.862286182857143

00:25:38.772 --> 00:25:41.510 for the PG Y-3 residents.

NOTE Confidence: 0.862286182857143

00:25:41.510 --> 00:25:42.656 Into Peter 84 I think I

NOTE Confidence: 0.862286182857143

00:25:42.656 --> 00:25:43.730 might have broken up there,

NOTE Confidence: 0.862286182857143

00:25:43.730 --> 00:25:44.060 have I?

NOTE Confidence: 0.901961882

00:25:49.970 --> 00:25:50.780 You did a little bit.

NOTE Confidence: 0.627948768571429

00:25:52.600 --> 00:25:56.540 Retreat for the PDI three is going in.

NOTE Confidence: 0.7862165

00:25:56.540 --> 00:25:57.329 You're good now.

NOTE Confidence: 0.91145441

00:26:00.230 --> 00:26:03.090 All right, I have some slides.

NOTE Confidence: 0.45866337

00:26:07.330 --> 00:26:07.640 So.

NOTE Confidence: 0.84659368

00:26:10.040 --> 00:26:12.014 My kids might have turned out turned

NOTE Confidence: 0.84659368

00:26:12.014 --> 00:26:13.559 on Netflix here. Sorry about that.

NOTE Confidence: 0.62712996

00:26:19.520 --> 00:26:21.557 Well, while you're filling up the slides,

NOTE Confidence: 0.62712996

00:26:21.560 --> 00:26:23.849 we could also highlight the fact that

NOTE Confidence: 0.62712996

00:26:23.849 --> 00:26:25.825 you're very open to recommendations

NOTE Confidence: 0.62712996

00:26:25.825 --> 00:26:27.689 for improvement within the

NOTE Confidence: 0.62712996

00:26:27.689 --> 00:26:29.553 program and implementing those.

NOTE Confidence: 0.62712996

00:26:29.560 --> 00:26:32.368 So one of them being getting all the

NOTE Confidence: 0.62712996

00:26:32.368 --> 00:26:34.865 PGA Forest to be able to go to AN.

NOTE Confidence: 0.62712996

00:26:34.870 --> 00:26:37.187 We also need some improvements about our

NOTE Confidence: 0.62712996

00:26:37.187 --> 00:26:39.247 night shift rotations and other you know,

NOTE Confidence: 0.62712996

00:26:39.250 --> 00:26:41.080 things that our class or subsequent

NOTE Confidence: 0.62712996

00:26:41.080 --> 00:26:42.659 classes have felt very strongly

NOTE Confidence: 0.62712996

00:26:42.659 --> 00:26:44.489 about and that the leadership is

NOTE Confidence: 0.62712996

00:26:44.489 --> 00:26:46.510 always very open to hearing about it,

NOTE Confidence: 0.62712996

00:26:46.510 --> 00:26:48.106 hearing our suggestions and implementing a

NOTE Confidence: 0.62712996

00:26:48.106 --> 00:26:50.479 lot of them to make very positive changes.

NOTE Confidence: 0.62712996

00:26:50.480 --> 00:26:52.944 So even in our three years of

NOTE Confidence: 0.62712996

00:26:52.944 --> 00:26:54.000 being neurology residents,

NOTE Confidence: 0.62712996

00:26:54.000 --> 00:26:55.236 the program has really changed quite

NOTE Confidence: 0.62712996

00:26:55.236 --> 00:26:56.787 a bit and it's it's nice to see.

NOTE Confidence: 0.8334789

00:27:00.260 --> 00:27:01.070 Definitely.

NOTE Confidence: 0.909057056

00:27:02.810 --> 00:27:05.190 I was going to say that I have some slides,

NOTE Confidence: 0.909057056

00:27:05.190 --> 00:27:06.821 but maybe what I'll do is actually

NOTE Confidence: 0.909057056

00:27:06.821 --> 00:27:08.189 open things up to questions.

NOTE Confidence: 0.909057056

00:27:08.190 --> 00:27:09.170 So if you have questions,

NOTE Confidence: 0.909057056

00:27:09.170 --> 00:27:10.717 you can type them in the chat

NOTE Confidence: 0.909057056

00:27:10.717 --> 00:27:12.329 or you could raise your hands.

NOTE Confidence: 0.589811535

00:27:19.000 --> 00:27:20.970 All right, I'll start with Jesus.

NOTE Confidence: 0.860585756666667

00:27:22.290 --> 00:27:25.050 Hello. Uh, can you hear me?

NOTE Confidence: 0.860585756666667

00:27:25.050 --> 00:27:26.993 Yeah, hi, I'm here.

NOTE Confidence: 0.860585756666667

00:27:26.993 --> 00:27:29.100 So it's very nice to meet you.

NOTE Confidence: 0.860585756666667

00:27:29.100 --> 00:27:33.004 I I am currently doing research in in

NOTE Confidence: 0.860585756666667

00:27:33.004 --> 00:27:35.707 originative diseases at the University

NOTE Confidence: 0.860585756666667

00:27:35.707 --> 00:27:38.989 of Cincinnati and finishing my 6th

NOTE Confidence: 0.860585756666667

00:27:38.989 --> 00:27:42.226 OBSERVERSHIP in no specialties in neurology.

NOTE Confidence: 0.860585756666667

00:27:42.230 --> 00:27:44.870 So I don't see myself doing anything else.

NOTE Confidence: 0.860585756666667

00:27:44.870 --> 00:27:47.900 So regarding the the projects about

NOTE Confidence: 0.860585756666667

00:27:47.900 --> 00:27:50.950 Qi and I'm very interested on yeah,

NOTE Confidence: 0.860585756666667

00:27:50.950 --> 00:27:52.574 helping the underserved people.

NOTE Confidence: 0.860585756666667

00:27:52.574 --> 00:27:55.010 So I want to hear you.

NOTE Confidence: 0.860585756666667

00:27:55.010 --> 00:27:58.468 And all of you, what is the?

NOTE Confidence: 0.860585756666667

00:27:58.470 --> 00:28:03.175 How do you guys foster the creation of these

NOTE Confidence: 0.860585756666667

00:28:03.175 --> 00:28:05.656 projects for the underserved populations?

NOTE Confidence: 0.860585756666667

00:28:05.656 --> 00:28:08.266 And my second question is,

NOTE Confidence: 0.860585756666667

00:28:08.270 --> 00:28:10.805 any opportunities to go into

NOTE Confidence: 0.860585756666667

00:28:10.805 --> 00:28:12.326 the Palatucci fellowship?

NOTE Confidence: 0.860585756666667

00:28:12.330 --> 00:28:14.160 To health policy in from

NOTE Confidence: 0.860585756666667

00:28:14.160 --> 00:28:15.258 the neurology perspective,

NOTE Confidence: 0.860585756666667

00:28:15.260 --> 00:28:15.908 thank you very much.

NOTE Confidence: 0.90567102

00:28:20.640 --> 00:28:22.500 Anybody want to take that question?

NOTE Confidence: 0.5591448

00:28:28.100 --> 00:28:30.498 So one of the things we do

NOTE Confidence: 0.756009683333334

00:28:30.500 --> 00:28:32.450 to help. Sort of served the

NOTE Confidence: 0.756009683333334

00:28:32.450 --> 00:28:34.269 New Haven community as we are.

NOTE Confidence: 0.756009683333334

00:28:34.270 --> 00:28:35.442 We're responsible for neurologic

NOTE Confidence: 0.756009683333334

00:28:35.442 --> 00:28:37.200 care at one of the community

NOTE Confidence: 0.756009683333334

00:28:37.249 --> 00:28:38.689 health systems called Cornell,

NOTE Confidence: 0.756009683333334

00:28:38.690 --> 00:28:41.252 Scott Hill Health and that's a system

NOTE Confidence: 0.756009683333334

00:28:41.252 --> 00:28:43.139 that's really developed to serve

NOTE Confidence: 0.756009683333334

00:28:43.139 --> 00:28:44.579 underinsured and uninsured patients

NOTE Confidence: 0.756009683333334

00:28:44.579 --> 00:28:47.290 in the Yale and New Haven community.

NOTE Confidence: 0.756009683333334

00:28:47.290 --> 00:28:49.486 It's not officially part of Yale,

NOTE Confidence: 0.756009683333334

00:28:49.490 --> 00:28:51.947 but we have an agreement with them

NOTE Confidence: 0.756009683333334

00:28:51.947 --> 00:28:54.369 whereby our residents and I and Jeremy

NOTE Confidence: 0.756009683333334

00:28:54.369 --> 00:28:56.784 and Sarah provide a neurologic care and

NOTE Confidence: 0.756009683333334

00:28:56.784 --> 00:28:59.148 consultation to patients at that clinic.

NOTE Confidence: 0.756009683333334

00:28:59.150 --> 00:29:01.467 So we do see a fair number

NOTE Confidence: 0.756009683333334

00:29:01.467 --> 00:29:03.570 of uninsured or underinsured,

NOTE Confidence: 0.756009683333334

00:29:03.570 --> 00:29:04.108 non-english speaking.

NOTE Confidence: 0.756009683333334

00:29:04.108 --> 00:29:05.722 Questions and it's I think it's

NOTE Confidence: 0.756009683333334

00:29:05.722 --> 00:29:07.498 a good opportunity to do general

NOTE Confidence: 0.756009683333334

00:29:07.498 --> 00:29:08.686 neurology in the community.

NOTE Confidence: 0.756009683333334

00:29:08.690 --> 00:29:11.544 We see pretty much anything that a

NOTE Confidence: 0.756009683333334

00:29:11.544 --> 00:29:12.829 general neurologist would see there.

NOTE Confidence: 0.756009683333334

00:29:12.830 --> 00:29:15.007 So it's not you know just migraines

NOTE Confidence: 0.756009683333334

00:29:15.007 --> 00:29:16.689 or just neuropathy or whatever,

NOTE Confidence: 0.756009683333334

00:29:16.690 --> 00:29:17.950 it's it's a little bit of everything.

NOTE Confidence: 0.756009683333334

00:29:17.950 --> 00:29:20.400 So that's one opportunity that we have.

NOTE Confidence: 0.9137476925

00:29:22.020 --> 00:29:23.684 This is very exciting. Thank you so much.

NOTE Confidence: 0.748786216428572

00:29:23.990 --> 00:29:25.545 Also just to piggyback there's

00:29:25.545 --> 00:29:27.618 you can also be involved in

00:29:27.618 --> 00:29:28.977 like different organizations.

00:29:28.980 --> 00:29:30.480 One for example would be

00:29:30.480 --> 00:29:31.980 like stamp out the stroke.

00:29:31.980 --> 00:29:34.216 I'm part of the the board there

00:29:34.216 --> 00:29:35.588 and we go into the community and

00:29:35.588 --> 00:29:37.716 kind of have these you know,

00:29:37.716 --> 00:29:38.588 discussions with the community

00:29:38.588 --> 00:29:40.236 on what is a stroke and trying

00:29:40.236 --> 00:29:41.451 to provide some guidance and

00:29:41.451 --> 00:29:42.947 we're trying to do one like in

00:29:42.947 --> 00:29:43.912 Spanish and things like that.

00:29:43.920 --> 00:29:45.747 So I think it's very much like

00:29:45.747 --> 00:29:47.016 there's ample opportunity and it's

00:29:47.016 --> 00:29:48.521 kind of you know to in whatever

NOTE Confidence: 0.748786216428572

00:29:48.521 --> 00:29:50.139 field that you're interested in to,

NOTE Confidence: 0.748786216428572

00:29:50.140 --> 00:29:51.700 to reach out to those involved and there's

NOTE Confidence: 0.87981103

00:29:51.710 --> 00:29:53.700 always something that you can do. Hey,

NOTE Confidence: 0.859764341428572

00:29:53.710 --> 00:29:55.649 this is very, very inspiring right now.

NOTE Confidence: 0.859764341428572

00:29:55.650 --> 00:29:56.778 I'm doctor mariscal.

NOTE Confidence: 0.859764341428572

00:29:56.778 --> 00:29:58.658 Like when you mentioned about

NOTE Confidence: 0.859764341428572

00:29:58.658 --> 00:30:00.309 the different populations right

NOTE Confidence: 0.859764341428572

00:30:00.309 --> 00:30:02.404 now in University of Cincinnati,

NOTE Confidence: 0.859764341428572

00:30:02.410 --> 00:30:04.294 first see commentaries approaching

NOTE Confidence: 0.859764341428572

00:30:04.294 --> 00:30:07.120 dementia patients in Spanish and English.

NOTE Confidence: 0.859764341428572

00:30:07.120 --> 00:30:10.410 So we need to serve the underserved.

NOTE Confidence: 0.859764341428572

00:30:10.410 --> 00:30:11.578 So I'm very inspired.

NOTE Confidence: 0.859764341428572

00:30:11.578 --> 00:30:12.746 Thank you so much.

NOTE Confidence: 0.762602801428571

00:30:15.100 --> 00:30:16.402 Clayton, you're next.

NOTE Confidence: 0.762602801428571

00:30:16.402 --> 00:30:18.808 And then we'll answer Zachary's question,

NOTE Confidence: 0.762602801428571

00:30:18.808 --> 00:30:20.478 which probably deserves an airing.

NOTE Confidence: 0.762602801428571

00:30:20.480 --> 00:30:21.408 So Clinton, go ahead.

NOTE Confidence: 0.789687505333333

00:30:23.940 --> 00:30:25.656 Hey guys, I'm Clayton.

NOTE Confidence: 0.789687505333333

00:30:25.656 --> 00:30:27.801 You can probably see I'm

NOTE Confidence: 0.789687505333333

00:30:27.801 --> 00:30:30.136 from VCU in my corner here.

NOTE Confidence: 0.789687505333333

00:30:30.140 --> 00:30:34.135 So I looked at y'all's page on

NOTE Confidence: 0.789687505333333

00:30:34.135 --> 00:30:37.060 your website and I was just.

NOTE Confidence: 0.789687505333333

00:30:37.060 --> 00:30:38.840 Uh, don't take this the wrong way,

NOTE Confidence: 0.789687505333333

00:30:38.840 --> 00:30:40.779 but I was honestly kind of intimidated

NOTE Confidence: 0.789687505333333

00:30:40.780 --> 00:30:43.545 because the descriptions you all just

NOTE Confidence: 0.789687505333333

00:30:43.545 --> 00:30:46.968 seem so amazing and so accomplished and.

NOTE Confidence: 0.789687505333333

00:30:46.968 --> 00:30:49.160 A lot of it.

NOTE Confidence: 0.789687505333333

00:30:49.160 --> 00:30:51.264 A lot of you guys seem like you did a lot

NOTE Confidence: 0.789687505333333

00:30:51.264 --> 00:30:53.500 of research when you were in Med school.

NOTE Confidence: 0.789687505333333

00:30:53.500 --> 00:30:56.132 I haven't really gotten any

NOTE Confidence: 0.789687505333333

00:30:56.132 --> 00:30:58.184 publications despite my efforts.

NOTE Confidence: 0.789687505333333

00:30:58.184 --> 00:31:02.300 I just wanted to hear like how

NOTE Confidence: 0.789687505333333

00:31:02.300 --> 00:31:05.630 you holistically consider.

NOTE Confidence: 0.789687505333333

00:31:05.630 --> 00:31:07.138 Consider people and like

NOTE Confidence: 0.789687505333333

00:31:07.138 --> 00:31:08.646 how important research is.

NOTE Confidence: 0.789687505333333

00:31:08.650 --> 00:31:09.660 I mean, I know it's

NOTE Confidence: 0.949388775

00:31:09.710 --> 00:31:12.178 important to different programs

NOTE Confidence: 0.958540923333333

00:31:12.590 --> 00:31:14.546 for people who are coming in.

NOTE Confidence: 0.958540923333333

00:31:14.550 --> 00:31:15.850 That's something I'd be

NOTE Confidence: 0.958540923333333

00:31:15.850 --> 00:31:19.230 interested in there, but.

NOTE Confidence: 0.958540923333333

00:31:19.230 --> 00:31:21.896 Do you do you think you prefer

NOTE Confidence: 0.958540923333333

00:31:21.896 --> 00:31:23.600 people who have had research?

NOTE Confidence: 0.838125864615385

00:31:25.950 --> 00:31:27.876 Clayton, maybe I'll take this and

NOTE Confidence: 0.838125864615385

00:31:27.876 --> 00:31:29.908 then our residents can speak to it.

NOTE Confidence: 0.838125864615385

00:31:29.910 --> 00:31:31.728 Thank you for that question actually,

NOTE Confidence: 0.838125864615385

00:31:31.730 --> 00:31:36.088 I think. It was a very genuine and all

NOTE Confidence: 0.838125864615385

55

00:31:36.088 --> 00:31:38.984 I can share with you is and I share

NOTE Confidence: 0.838125864615385

00:31:38.984 --> 00:31:40.640 with the this with the residents.

NOTE Confidence: 0.838125864615385

00:31:40.640 --> 00:31:43.988 I continue to feel like an

NOTE Confidence: 0.838125864615385

00:31:43.988 --> 00:31:45.831 impostor frequently and that's

NOTE Confidence: 0.838125864615385

00:31:45.831 --> 00:31:48.820 kind of the nature of the beast,

NOTE Confidence: 0.838125864615385

00:31:48.820 --> 00:31:50.647 maybe being at a place like Yale,

NOTE Confidence: 0.838125864615385

00:31:50.650 --> 00:31:53.860 but also just being in medicine

NOTE Confidence: 0.838125864615385

00:31:53.860 --> 00:31:56.000 around very impressive people.

NOTE Confidence: 0.838125864615385

00:31:56.000 --> 00:31:58.940 And we you get better.

NOTE Confidence: 0.838125864615385

00:31:58.940 --> 00:32:00.040 What one gets better at

NOTE Confidence: 0.838125864615385

00:32:00.040 --> 00:32:00.920 dealing with the feeling,

NOTE Confidence: 0.838125864615385

00:32:00.920 --> 00:32:02.215 even though it never goes away and

NOTE Confidence: 0.838125864615385

00:32:02.215 --> 00:32:03.757 I'm sure our residents feel that way.

NOTE Confidence: 0.838125864615385

00:32:03.760 --> 00:32:06.038 And I really haven't asked too many.

NOTE Confidence: 0.838125864615385

00:32:06.038 --> 00:32:07.892 I haven't met too many people

NOTE Confidence: 0.838125864615385

00:32:07.892 --> 00:32:09.458 who don't feel that way.

NOTE Confidence: 0.838125864615385

00:32:09.460 --> 00:32:10.246 It's so funny.

NOTE Confidence: 0.838125864615385

00:32:10.246 --> 00:32:12.080 I was talking to our chairman about

NOTE Confidence: 0.838125864615385

00:32:12.134 --> 00:32:14.350 this and I can't remember we were having

NOTE Confidence: 0.838125864615385

00:32:14.350 --> 00:32:16.169 some trouble about this or that and.

NOTE Confidence: 0.838125864615385

00:32:16.170 --> 00:32:16.938 I said to him,

NOTE Confidence: 0.838125864615385

00:32:16.938 --> 00:32:18.770 sort of in a moment of desperation,

NOTE Confidence: 0.838125864615385

00:32:18.770 --> 00:32:20.198 I said, you know?

NOTE Confidence: 0.838125864615385

00:32:20.198 --> 00:32:22.680 Am I just making this all up?

NOTE Confidence: 0.838125864615385

00:32:22.680 --> 00:32:24.732 Is this, is this just a a show and

NOTE Confidence: 0.838125864615385

00:32:24.732 --> 00:32:26.599 there's really nothing to back it up?

NOTE Confidence: 0.838125864615385

00:32:26.600 --> 00:32:28.520 And he sort of positives like

NOTE Confidence: 0.838125864615385

00:32:28.520 --> 00:32:29.800 of course you are,

NOTE Confidence: 0.838125864615385

00:32:29.800 --> 00:32:30.796 and he's like, so am I.

NOTE Confidence: 0.838125864615385

00:32:30.800 --> 00:32:32.730 And he's like, nobody's figured me up yet.

NOTE Confidence: 0.838125864615385

00:32:32.730 --> 00:32:34.142 You know, I'm 65 years old,

NOTE Confidence: 0.838125864615385

00:32:34.142 --> 00:32:36.320 so I think we all have that feeling.

NOTE Confidence: 0.838125864615385

00:32:36.320 --> 00:32:38.329 So thank you for bringing that up.

NOTE Confidence: 0.838125864615385

00:32:38.330 --> 00:32:40.786 But it is not our intention to share

NOTE Confidence: 0.838125864615385

00:32:40.786 --> 00:32:42.598 those things to intimidate you,

NOTE Confidence: 0.838125864615385

00:32:42.600 --> 00:32:44.864 but rather to show you the kind of

NOTE Confidence: 0.838125864615385

00:32:44.864 --> 00:32:46.340 opportunities that anyone can have.

NOTE Confidence: 0.838125864615385

00:32:46.340 --> 00:32:48.148 And we're not looking,

NOTE Confidence: 0.838125864615385

00:32:48.148 --> 00:32:49.504 I'll say generally,

NOTE Confidence: 0.838125864615385

00:32:49.510 --> 00:32:51.550 we're not looking for any

NOTE Confidence: 0.838125864615385

00:32:51.550 --> 00:32:53.182 specific action or activity.

NOTE Confidence: 0.838125864615385

00:32:53.190 --> 00:32:55.250 We're looking for potential

NOTE Confidence: 0.838125864615385

00:32:55.250 --> 00:32:57.825 and the opportunities are here

NOTE Confidence: 0.838125864615385

00:32:57.825 --> 00:33:00.510 and we want the right person,

NOTE Confidence: 0.838125864615385

00:33:00.510 --> 00:33:02.300 not necessarily the right experience.

NOTE Confidence: 0.838125864615385

00:33:02.300 --> 00:33:04.442 So all of you have finished medical

NOTE Confidence: 0.838125864615385

00:33:04.442 --> 00:33:05.709 training and accredited places

NOTE Confidence: 0.838125864615385

00:33:05.709 --> 00:33:07.455 and have the background and we

NOTE Confidence: 0.838125864615385

00:33:07.455 --> 00:33:08.900 have our screening processes.

NOTE Confidence: 0.838125864615385

00:33:08.900 --> 00:33:10.804 For all of that.

NOTE Confidence: 0.838125864615385

00:33:10.804 --> 00:33:13.184 But we're looking for potential.

NOTE Confidence: 0.838125864615385

00:33:13.190 --> 00:33:13.482 And,

NOTE Confidence: 0.838125864615385

00:33:13.482 --> 00:33:14.066 you know,

NOTE Confidence: 0.838125864615385

00:33:14.066 --> 00:33:16.524 the other thing I would say is I've

NOTE Confidence: 0.838125864615385

00:33:16.524 --> 00:33:18.588 met very few residents who are

NOTE Confidence: 0.838125864615385

00:33:18.588 --> 00:33:20.860 doing exactly the same thing they

NOTE Confidence: 0.838125864615385

00:33:20.860 --> 00:33:22.470 intended when they first came in,

NOTE Confidence: 0.838125864615385

00:33:22.470 --> 00:33:24.828 you know, even five years later,

NOTE Confidence: 0.838125864615385

00:33:24.830 --> 00:33:26.664 I mean, and people change their minds.

NOTE Confidence: 0.838125864615385

00:33:26.670 --> 00:33:30.380 This happens and and so.

NOTE Confidence: 0.838125864615385

00:33:30.380 --> 00:33:32.180 Don't don't feel strongly about that.

NOTE Confidence: 0.838125864615385

00:33:32.180 --> 00:33:34.900 We do encourage scholarly work as a resident.

NOTE Confidence: 0.838125864615385

00:33:34.900 --> 00:33:36.592 We strongly encourage that because you

00:33:36.592 --> 00:33:38.197 should take advantage of the opportunities.

00:33:38.197 --> 00:33:39.542 But that doesn't mean publishing

00:33:39.542 --> 00:33:41.061 papers that can mean lots of

00:33:41.061 --> 00:33:42.236 different things can be leadership.

00:33:42.240 --> 00:33:43.540 It can mean educational work.

00:33:43.540 --> 00:33:45.094 It can be participating in one

00:33:45.094 --> 00:33:46.880 of the pathways or distinctions.

00:33:46.880 --> 00:33:48.872 It can be doing something with

00:33:48.872 --> 00:33:50.200 the resident fellow section,

00:33:50.200 --> 00:33:53.080 case reports or clinical reasoning cases,

00:33:53.080 --> 00:33:53.929 things like that.

00:33:53.929 --> 00:33:55.910 And the nice thing is you're in

00:33:55.975 --> 00:33:57.753 a place where you have lots of

00:33:57.753 --> 00:33:58.870 support to do that.

00:33:58.870 --> 00:34:00.316 Really amazing support to do that

NOTE Confidence: 0.838125864615385

00:34:00.316 --> 00:34:02.198 and people who just know how to help

NOTE Confidence: 0.838125864615385

00:34:02.198 --> 00:34:03.506 you get across the finish line,

NOTE Confidence: 0.838125864615385

00:34:03.510 --> 00:34:05.288 even if you haven't done that before.

NOTE Confidence: 0.838125864615385

00:34:05.290 --> 00:34:06.652 Did any of our residents want

NOTE Confidence: 0.838125864615385

00:34:06.652 --> 00:34:07.560 to speak to experiences

NOTE Confidence: 0.854223326521739

00:34:07.603 --> 00:34:09.311 of not doing much research and then

NOTE Confidence: 0.854223326521739

00:34:09.311 --> 00:34:10.729 doing something while they were here?

NOTE Confidence: 0.77452122875

00:34:15.620 --> 00:34:17.120 I'm not investing anymore.

NOTE Confidence: 0.77452122875

00:34:17.120 --> 00:34:20.256 But I will say when I applied Clayton,

NOTE Confidence: 0.77452122875

00:34:20.256 --> 00:34:23.690 I had 0 publications and I was very

NOTE Confidence: 0.77452122875

00:34:23.690 --> 00:34:27.103 straightforward about like I was not really

NOTE Confidence: 0.77452122875

00:34:27.103 --> 00:34:28.988 interested in research to be honest.

NOTE Confidence: 0.77452122875

00:34:28.988 --> 00:34:30.392 It was like not something that

NOTE Confidence: 0.77452122875

00:34:30.392 --> 00:34:31.946 I was passionate about and I

NOTE Confidence: 0.77452122875

00:34:31.946 --> 00:34:33.500 wasn't going to lie about it,

NOTE Confidence: 0.77452122875

00:34:33.500 --> 00:34:35.258 but I was passionate about other

NOTE Confidence: 0.77452122875

00:34:35.258 --> 00:34:37.560 things and that was what was important.

NOTE Confidence: 0.77452122875

00:34:37.560 --> 00:34:39.528 So I think that came across as well

NOTE Confidence: 0.77452122875

00:34:39.528 --> 00:34:42.128 as as well as being, you know,

NOTE Confidence: 0.77452122875

00:34:42.128 --> 00:34:43.940 strong clinically etcetera.

NOTE Confidence: 0.77452122875

00:34:43.940 --> 00:34:45.456 I will say though.

NOTE Confidence: 0.77452122875

00:34:45.456 --> 00:34:47.730 I was very passionate about headache.

NOTE Confidence: 0.77452122875

00:34:47.730 --> 00:34:49.863 So I went into headache medicine and I found,

NOTE Confidence: 0.77452122875

00:34:49.870 --> 00:34:51.730 like a really great mentor within

NOTE Confidence: 0.77452122875

00:34:51.730 --> 00:34:53.589 the department and we were able

NOTE Confidence: 0.77452122875

00:34:53.589 --> 00:34:54.994 to do a project together.

NOTE Confidence: 0.77452122875

00:34:55.000 --> 00:34:57.436 And yes, I end up having a

NOTE Confidence: 0.77452122875

00:34:57.436 --> 00:34:59.189 publication finally as a fellow.

NOTE Confidence: 0.77452122875

00:34:59.190 --> 00:35:00.758 But I didn't publish in residency.

NOTE Confidence: 0.77452122875

00:35:00.758 --> 00:35:03.130 It was just like not a priority.

NOTE Confidence: 0.77452122875

00:35:03.130 --> 00:35:07.279 And I was totally fine and that was OK.

NOTE Confidence: 0.77452122875

00:35:07.280 --> 00:35:08.860 So I definitely, you know,

NOTE Confidence: 0.77452122875

00:35:08.860 --> 00:35:10.582 Imposter syndrome is, you know,

NOTE Confidence: 0.77452122875

00:35:10.582 --> 00:35:10.950 real.

NOTE Confidence: 0.77452122875

00:35:10.950 --> 00:35:12.889 But I definitely wouldn't feel pressured to,

NOTE Confidence: 0.77452122875

00:35:12.890 --> 00:35:13.750 you know,

NOTE Confidence: 0.77452122875

00:35:13.750 --> 00:35:16.330 have a huge emphasis on publications.

NOTE Confidence: 0.77452122875

00:35:16.330 --> 00:35:16.930 And research,

NOTE Confidence: 0.77452122875

00:35:16.930 --> 00:35:18.730 as long as you're passionate about

NOTE Confidence: 0.77452122875

00:35:18.730 --> 00:35:20.234 something and when you're applying

NOTE Confidence: 0.77452122875

00:35:20.234 --> 00:35:21.944 just making sure that your story

NOTE Confidence: 0.77452122875

00:35:21.944 --> 00:35:23.538 makes sense in your application.

NOTE Confidence: 0.77452122875

00:35:23.540 --> 00:35:24.740 So if you start off,

NOTE Confidence: 0.77452122875

00:35:24.740 --> 00:35:26.498 if you're part of a committee

NOTE Confidence: 0.77452122875

00:35:26.498 --> 00:35:28.595 etcetera in your Ms one year and

NOTE Confidence: 0.77452122875

00:35:28.595 --> 00:35:30.317 you continue that BMS four year

NOTE Confidence: 0.77452122875

00:35:30.317 --> 00:35:32.368 and you're passionate about it

NOTE Confidence: 0.77452122875

00:35:32.368 --> 00:35:34.493 etcetera or you're passionate about

NOTE Confidence: 0.77452122875

00:35:34.493 --> 00:35:35.823 clinical experiences or education,

NOTE Confidence: 0.77452122875

00:35:35.823 --> 00:35:38.230 just make sure that comes across as well.

NOTE Confidence: 0.8989745

00:35:41.030 --> 00:35:43.130 Yeah. I would double down on the,

NOTE Confidence: 0.883860714285714

00:35:43.130 --> 00:35:44.908 you know, make sure it makes sense.

NOTE Confidence: 0.883860714285714

00:35:44.910 --> 00:35:46.814 You know, the you don't want to

NOTE Confidence: 0.883860714285714

00:35:46.814 --> 00:35:48.657 come in with no publications and

NOTE Confidence: 0.883860714285714

00:35:48.657 --> 00:35:50.904 say I want to do bench research.

NOTE Confidence: 0.883860714285714

00:35:50.910 --> 00:35:52.950 We're not going to believe you, right.

NOTE Confidence: 0.883860714285714

00:35:52.950 --> 00:35:55.631 You know, so, so pick what you're

NOTE Confidence: 0.883860714285714

00:35:55.631 --> 00:35:57.570 passionate about, express that to us.

NOTE Confidence: 0.883860714285714

00:35:57.570 --> 00:36:00.306 It doesn't have to be one particular thing.

NOTE Confidence: 0.883860714285714

00:36:00.310 --> 00:36:02.083 I wrote a whole bunch of stuff in the

NOTE Confidence: 0.883860714285714

00:36:02.083 --> 00:36:03.648 chat that you're welcome to read,

NOTE Confidence: 0.883860714285714

00:36:03.650 --> 00:36:05.978 so I won't reiterate, but yeah.

00:36:07.500 --> 00:36:09.840 Yeah. And from a resident perspective,

00:36:09.840 --> 00:36:10.946 I don't know if I'm necessarily the

00:36:10.946 --> 00:36:11.958 best person to talk about this,

00:36:11.960 --> 00:36:14.760 but my research was all in neurosurgery,

00:36:14.760 --> 00:36:17.056 and then I did a neurology residency.

00:36:17.060 --> 00:36:19.472 So I had research experience and I did end

00:36:19.472 --> 00:36:22.204 up doing research in residency, but like,

00:36:22.204 --> 00:36:25.740 it wasn't what I had done in medical school.

00:36:25.740 --> 00:36:27.399 So I think like, like everyone saying,

00:36:27.400 --> 00:36:29.368 as long as you have this program works

00:36:29.368 --> 00:36:31.168 by having people who are passionate

00:36:31.168 --> 00:36:32.733 about something and it's not,

00:36:32.740 --> 00:36:34.120 normally, it's not the same thing.

00:36:34.120 --> 00:36:35.230 And normally it's better that

00:36:35.230 --> 00:36:36.340 it's not the same thing.

00:36:36.340 --> 00:36:38.286 So there's certain people who really love.

NOTE Confidence: 0.775955678333333

00:36:38.290 --> 00:36:40.438 Certain things like Aaron loves education,

NOTE Confidence: 0.775955678333333

00:36:40.440 --> 00:36:42.544 not that big on education so works out

NOTE Confidence: 0.775955678333333

00:36:42.544 --> 00:36:44.550 well when we balance each other out,

NOTE Confidence: 0.775955678333333

00:36:44.550 --> 00:36:47.436 you're going to get 10 personalities

NOTE Confidence: 0.775955678333333

00:36:47.436 --> 00:36:50.800 that need to work together and you

NOTE Confidence: 0.775955678333333

00:36:50.800 --> 00:36:53.040 know research isn't the end all be all.

NOTE Confidence: 0.775955678333333

00:36:53.040 --> 00:36:55.140 The other aspect of that is.

NOTE Confidence: 0.775955678333333

00:36:55.140 --> 00:36:57.716 You know a large majority like we are

NOTE Confidence: 0.775955678333333

00:36:57.716 --> 00:36:59.937 a clinical program or a clinically

NOTE Confidence: 0.775955678333333

00:36:59.937 --> 00:37:01.445 heavy program and so.

NOTE Confidence: 0.775955678333333

00:37:01.450 --> 00:37:02.770 It's that you can definitely have

NOTE Confidence: 0.775955678333333

00:37:02.770 --> 00:37:04.140 people who are interested in research,

NOTE Confidence: 0.775955678333333

00:37:04.140 --> 00:37:06.457 and we do have MD PhD residents

NOTE Confidence: 0.775955678333333

00:37:06.457 --> 00:37:08.390 in our classes and they do.

NOTE Confidence: 0.775955678333333

00:37:08.390 --> 00:37:09.338 Some of them do bench work,

NOTE Confidence: 0.775955678333333

00:37:09.340 --> 00:37:11.988 some of them do a mixture of things,

NOTE Confidence: 0.775955678333333

00:37:11.990 --> 00:37:14.816 but most of us are not.

NOTE Confidence: 0.775955678333333

00:37:14.820 --> 00:37:15.510 Fully research oriented,

NOTE Confidence: 0.775955678333333

00:37:15.510 --> 00:37:17.787 like most of us found a thing that we like

NOTE Confidence: 0.775955678333333

00:37:17.787 --> 00:37:19.420 to do and that's what we're focusing on.

NOTE Confidence: 0.7573408325

00:37:24.070 --> 00:37:25.486 Humphrey, before I get to you,

NOTE Confidence: 0.7573408325

00:37:25.490 --> 00:37:28.130 there was a question about

NOTE Confidence: 0.7573408325

00:37:28.130 --> 00:37:29.330 that I thought was quite good.

NOTE Confidence: 0.7573408325

00:37:29.330 --> 00:37:31.409 I think I said I would get back to.

NOTE Confidence: 0.7573408325

00:37:31.410 --> 00:37:32.526 I've lost it in the thread,

NOTE Confidence: 0.7573408325

00:37:32.530 --> 00:37:33.818 but I can't now.

NOTE Confidence: 0.7573408325

00:37:33.818 --> 00:37:36.133 I'm forgetting who asked it but it

NOTE Confidence: 0.7573408325

00:37:36.133 --> 00:37:38.570 looks like it was Zachary and residents

NOTE Confidence: 0.7573408325

00:37:38.570 --> 00:37:41.180 suggested lead change to the program

NOTE Confidence: 0.7573408325

00:37:41.180 --> 00:37:44.593 that you've seen in the past few years. So.

NOTE Confidence: 0.7573408325

00:37:44.593 --> 00:37:48.604 Maybe I'll let the residents answer this.

NOTE Confidence: 0.7573408325

00:37:48.610 --> 00:37:50.010 Anything that comes to mind.

NOTE Confidence: 0.878444781666667

00:37:51.210 --> 00:37:54.180 I thought I was being so.

NOTE Confidence: 0.878444781666667

00:37:54.180 --> 00:37:55.810 Vigilant on the chat and

NOTE Confidence: 0.878444781666667

00:37:55.810 --> 00:37:57.114 I missed that question.

NOTE Confidence: 0.878444781666667

00:37:57.120 --> 00:38:00.080 I'm like over here typing.

NOTE Confidence: 0.878444781666667

00:38:00.080 --> 00:38:03.650 I think there have been many resident

NOTE Confidence: 0.878444781666667

00:38:03.650 --> 00:38:06.944 LED changes over the past few years

NOTE Confidence: 0.878444781666667

00:38:06.944 --> 00:38:10.360 and one that Anisha already alluded

NOTE Confidence: 0.878444781666667

00:38:10.360 --> 00:38:14.359 to was that we changed the way that

NOTE Confidence: 0.878444781666667

00:38:14.359 --> 00:38:16.597 we do our night float rotations.

NOTE Confidence: 0.878444781666667

00:38:16.600 --> 00:38:18.480 So it used to be we have two

NOTE Confidence: 0.878444781666667

00:38:18.480 --> 00:38:20.279 residents in the hospital at night,

NOTE Confidence: 0.878444781666667

00:38:20.280 --> 00:38:22.632 one of whom covers all of our

NOTE Confidence: 0.878444781666667

00:38:22.632 --> 00:38:24.718 inpatients and the other one covers

NOTE Confidence: 0.878444781666667

00:38:24.718 --> 00:38:27.630 all of the consults for our the whole

00:38:27.630 --> 00:38:29.960 hospital adults speed stroke codes.

00:38:29.960 --> 00:38:30.420 Everything.

00:38:30.420 --> 00:38:32.996 So you can imagine that can get

00:38:32.996 --> 00:38:35.509 really busy and we used to do it.

00:38:35.510 --> 00:38:35.922 You know,

00:38:35.922 --> 00:38:37.364 nights would be in two week blocks,

00:38:37.370 --> 00:38:39.050 but we would have one person would do

00:38:39.050 --> 00:38:40.623 consults for two weeks and one person

00:38:40.623 --> 00:38:42.370 would do the inpatient stuff for two weeks.

00:38:42.370 --> 00:38:44.674 And after two weeks of doing

00:38:44.674 --> 00:38:45.826 consult night flow,

00:38:45.830 --> 00:38:48.818 you're pretty exhausted.

00:38:48.820 --> 00:38:51.084 So our year was the last year that

00:38:51.084 --> 00:38:53.305 we did that and we changed the

00:38:53.305 --> 00:38:55.793 system now so that you do only one

00:38:55.793 --> 00:38:57.528 week of the consults and the other

NOTE Confidence: 0.878444781666667

00:38:57.528 --> 00:38:59.110 week you cover the impatience,

NOTE Confidence: 0.878444781666667

00:38:59.110 --> 00:39:01.882 which is overall a much more

NOTE Confidence: 0.878444781666667

00:39:01.882 --> 00:39:05.009 laid back job most of the time.

NOTE Confidence: 0.878444781666667

00:39:05.010 --> 00:39:09.362 So we created a much better balance I

NOTE Confidence: 0.878444781666667

00:39:09.362 --> 00:39:13.469 think for our night flow residents.

NOTE Confidence: 0.878444781666667

00:39:13.470 --> 00:39:15.790 That's one somewhat specific example,

NOTE Confidence: 0.878444781666667

00:39:15.790 --> 00:39:19.240 but it was completely initiated by.

NOTE Confidence: 0.878444781666667

00:39:19.240 --> 00:39:21.011 By us and the program was very

NOTE Confidence: 0.878444781666667

00:39:21.011 --> 00:39:22.797 receptive to it and obviously we

NOTE Confidence: 0.878444781666667

00:39:22.797 --> 00:39:24.741 got everyone's like opinion in the

NOTE Confidence: 0.878444781666667

00:39:24.741 --> 00:39:26.607 program and we made the switch and.

NOTE Confidence: 0.878444781666667

00:39:26.610 --> 00:39:29.914 I think it has gone very well.

NOTE Confidence: 0.878444781666667

00:39:29.920 --> 00:39:32.053 I don't know if anyone else has other ideas,

NOTE Confidence: 0.878444781666667

00:39:32.060 --> 00:39:32.690 examples.

NOTE Confidence: 0.805585244

00:39:39.300 --> 00:39:43.360 One that was slightly before.

NOTE Confidence: 0.805585244

00:39:43.360 --> 00:39:46.249 Our class got the benefit of it was we

NOTE Confidence: 0.805585244

00:39:46.249 --> 00:39:48.846 have a rotation called swing where we

NOTE Confidence: 0.805585244

00:39:48.846 --> 00:39:51.670 used to have one resident who would

NOTE Confidence: 0.805585244

00:39:51.670 --> 00:39:54.160 cover the Ed consults and they would,

NOTE Confidence: 0.805585244

00:39:54.160 --> 00:39:56.300 you know, pass off to the night person.

NOTE Confidence: 0.805585244

00:39:56.300 --> 00:39:58.184 And then over the weekend that

NOTE Confidence: 0.805585244

00:39:58.184 --> 00:40:00.195 one person would do E consults

NOTE Confidence: 0.805585244

00:40:00.195 --> 00:40:02.265 and stroke call and PEDs console.

NOTE Confidence: 0.805585244

00:40:02.270 --> 00:40:03.878 Like they would kind of be the one

NOTE Confidence: 0.805585244

00:40:03.878 --> 00:40:05.110 neurologist in the hospital and

NOTE Confidence: 0.805585244

00:40:05.110 --> 00:40:06.420 that could be really overwhelming.

NOTE Confidence: 0.805585244

00:40:06.420 --> 00:40:09.004 And they have the ability to call in

NOTE Confidence: 0.805585244

00:40:09.004 --> 00:40:11.618 help from one of our other rotations.

NOTE Confidence: 0.805585244

00:40:11.620 --> 00:40:13.538 But the classes before us were like,

NOTE Confidence: 0.805585244

00:40:13.540 --> 00:40:14.732 that's just too much.

NOTE Confidence: 0.805585244

00:40:14.732 --> 00:40:16.222 For one person to handle.

NOTE Confidence: 0.805585244

00:40:16.230 --> 00:40:18.534 So we created this swing rotation

NOTE Confidence: 0.805585244

00:40:18.534 --> 00:40:20.497 where there's this extra resident

NOTE Confidence: 0.805585244

00:40:20.497 --> 00:40:22.639 who's there every day and their

NOTE Confidence: 0.805585244

00:40:22.639 --> 00:40:25.109 shift is from noon until 10:00 PM.

NOTE Confidence: 0.805585244

00:40:25.110 --> 00:40:27.329 So it covers kind of the busier

NOTE Confidence: 0.805585244

00:40:27.329 --> 00:40:27.963 consult times.

NOTE Confidence: 0.805585244

00:40:27.970 --> 00:40:29.500 And so that way you have two people who

NOTE Confidence: 0.805585244

00:40:29.500 --> 00:40:31.119 are there to handle residents and to

NOTE Confidence: 0.805585244

00:40:31.119 --> 00:40:32.689 handle consults and triage and everything,

NOTE Confidence: 0.805585244

00:40:32.690 --> 00:40:34.784 and it makes a huge difference.

NOTE Confidence: 0.805585244

00:40:34.784 --> 00:40:35.546 So our class,

NOTE Confidence: 0.805585244

00:40:35.546 --> 00:40:37.330 I think when we were PGA two,

NOTE Confidence: 0.805585244

00:40:37.330 --> 00:40:39.410 was the first year of the swing residence,

NOTE Confidence: 0.805585244

00:40:39.410 --> 00:40:42.050 the swing roll, it was really,

NOTE Confidence: 0.805585244

00:40:42.050 --> 00:40:43.604 I don't know how we would have

72

NOTE Confidence: 0.805585244

00:40:43.604 --> 00:40:44.810 done it without that role.

NOTE Confidence: 0.805585244

00:40:44.810 --> 00:40:46.292 So that's like another big change

NOTE Confidence: 0.805585244

00:40:46.292 --> 00:40:47.640 that happened in the program

NOTE Confidence: 0.805585244

00:40:47.640 --> 00:40:49.170 that was purely resident driven.

NOTE Confidence: 0.7783536

00:40:51.570 --> 00:40:53.060 We do add that.

NOTE Confidence: 0.5146353

00:40:53.710 --> 00:40:54.770 Sorry, go ahead, Doctor.

NOTE Confidence: 0.815648127058824

00:40:56.560 --> 00:40:59.280 Just to to add to that two other

NOTE Confidence: 0.815648127058824

00:40:59.280 --> 00:41:01.764 changes this year that our our PGA

NOTE Confidence: 0.815648127058824

00:41:01.764 --> 00:41:03.660 fours have very thoughtfully put

NOTE Confidence: 0.815648127058824

00:41:03.660 --> 00:41:06.460 in place for to other aspects of

NOTE Confidence: 0.815648127058824

00:41:06.535 --> 00:41:08.980 the day-to-day life of residents,

NOTE Confidence: 0.815648127058824

00:41:08.980 --> 00:41:11.464 particularly night float residents is to

NOTE Confidence: 0.815648127058824

00:41:11.464 --> 00:41:14.562 try to implement a system whereby our

NOTE Confidence: 0.815648127058824

00:41:14.562 --> 00:41:16.628 daytime seniors are giving us feedback

NOTE Confidence: 0.815648127058824

00:41:16.628 --> 00:41:19.300 at the end of our our night float,

NOTE Confidence: 0.815648127058824

73

00:41:19.300 --> 00:41:21.199 which is as you can imagine it's hard to

NOTE Confidence: 0.815648127058824

00:41:21.199 --> 00:41:23.179 do and and also hard to get when you're

NOTE Confidence: 0.815648127058824

00:41:23.179 --> 00:41:25.036 kind of on a way different schedule.

NOTE Confidence: 0.815648127058824

00:41:25.040 --> 00:41:26.490 So that's been a really.

NOTE Confidence: 0.815648127058824

00:41:26.490 --> 00:41:29.017 Lovely change that our PGA forces have

NOTE Confidence: 0.815648127058824

00:41:29.017 --> 00:41:31.608 been stated and then I would defer to

NOTE Confidence: 0.815648127058824

00:41:31.608 --> 00:41:34.163 our PGA Force to talk about it because

NOTE Confidence: 0.815648127058824

00:41:34.163 --> 00:41:35.890 I haven't experienced it as the three.

NOTE Confidence: 0.815648127058824

00:41:35.890 --> 00:41:38.200 But another change has been trying to

NOTE Confidence: 0.815648127058824

00:41:38.200 --> 00:41:40.732 think about how our general senior who

NOTE Confidence: 0.815648127058824

00:41:40.732 --> 00:41:42.940 leads along with their attending the

NOTE Confidence: 0.815648127058824

00:41:43.005 --> 00:41:44.875 general neurology inpatient service for

NOTE Confidence: 0.815648127058824

00:41:44.875 --> 00:41:48.246 a total of two weeks can have a night

NOTE Confidence: 0.815648127058824

00:41:48.246 --> 00:41:50.116 off because they're typically staffing

NOTE Confidence: 0.815648127058824

00:41:50.116 --> 00:41:52.427 with the the night float residents.

NOTE Confidence: 0.815648127058824

00:41:52.430 --> 00:41:54.235 So that's another resident driven

NOTE Confidence: 0.815648127058824

00:41:54.235 --> 00:41:55.318 change this year.

NOTE Confidence: 0.771293511428572

00:41:59.020 --> 00:42:01.420 Huang Fei, you've been waiting

NOTE Confidence: 0.771293511428572

00:42:01.420 --> 00:42:03.688 very patiently, so you're up next.

NOTE Confidence: 0.781925505714286

00:42:05.050 --> 00:42:08.410 And realize I cut my hand off.

NOTE Confidence: 0.781925505714286

00:42:08.410 --> 00:42:10.408 Yeah, OK, my name is Faye.

NOTE Confidence: 0.781925505714286

00:42:10.410 --> 00:42:13.210 I'm at University of Illinois in Chicago.

NOTE Confidence: 0.781925505714286

00:42:13.210 --> 00:42:15.260 I saw the podcast hosting the

NOTE Confidence: 0.781925505714286

00:42:15.260 --> 00:42:16.380 chats and I was wondering if

NOTE Confidence: 0.781925505714286

00:42:16.380 --> 00:42:18.120 there are like more other,

NOTE Confidence: 0.869507856666667

00:42:18.170 --> 00:42:20.900 like, creative endeavors that were,

NOTE Confidence: 0.807132947777778

00:42:21.450 --> 00:42:23.018 you know, done by the residents or

NOTE Confidence: 0.807132947777778

00:42:23.018 --> 00:42:24.814 faculty members, like narrative medicine

NOTE Confidence: 0.807132947777778

00:42:24.814 --> 00:42:27.600 or even unrelated to medicine stuff.

NOTE Confidence: 0.731957845

00:42:30.990 --> 00:42:33.615 There's a writing workshop that

NOTE Confidence: 0.731957845

00:42:33.615 --> 00:42:36.240 happens every year that Lindsey,

NOTE Confidence: 0.731957845

00:42:36.240 --> 00:42:38.704 who's one of our PGA fours as well,

NOTE Confidence: 0.731957845

00:42:38.710 --> 00:42:40.544 and she went to her sister's wedding,

NOTE Confidence: 0.731957845

00:42:40.550 --> 00:42:41.591 so she's unavailable.

NOTE Confidence: 0.731957845

00:42:41.591 --> 00:42:43.673 But she did that writing workshop

NOTE Confidence: 0.731957845

00:42:43.673 --> 00:42:45.846 she did like she's very passionate

NOTE Confidence: 0.731957845

00:42:45.846 --> 00:42:48.024 about like writing in English and

NOTE Confidence: 0.731957845

00:42:48.024 --> 00:42:49.789 literature and things like that.

NOTE Confidence: 0.731957845

00:42:49.790 --> 00:42:52.229 So that was a huge creative outlet for her.

NOTE Confidence: 0.731957845

00:42:52.230 --> 00:42:56.150 And then I remember some of us,

NOTE Confidence: 0.731957845

00:42:56.150 --> 00:42:57.590 I did this in particular,

NOTE Confidence: 0.731957845

00:42:57.590 --> 00:43:00.126 but getting into like op Eds and learning.

NOTE Confidence: 0.731957845

00:43:00.130 --> 00:43:02.740 Gonna write an opinion piece and

NOTE Confidence: 0.731957845

00:43:02.740 --> 00:43:04.781 like getting that process was

NOTE Confidence: 0.731957845

00:43:04.781 --> 00:43:06.286 really interesting and something I

NOTE Confidence: 0.731957845

00:43:06.286 --> 00:43:08.339 did that more like end of PGA one,

NOTE Confidence: 0.731957845

00:43:08.340 --> 00:43:09.148 beginning of PGA 2.

NOTE Confidence: 0.731957845

00:43:09.148 --> 00:43:09.754 But it was,

NOTE Confidence: 0.731957845

00:43:09.760 --> 00:43:11.310 it was a really fun process to be a part

NOTE Confidence: 0.731957845

00:43:11.357 --> 00:43:12.752 of and to like learn how to do that.

NOTE Confidence: 0.731957845

00:43:12.760 --> 00:43:14.450 And there's an op-ed workshop

NOTE Confidence: 0.731957845

00:43:14.450 --> 00:43:16.492 that happens every year as well

NOTE Confidence: 0.731957845

00:43:16.492 --> 00:43:18.515 that teaches you how to do those

NOTE Confidence: 0.731957845

00:43:18.515 --> 00:43:20.249 things and that's like cross.

NOTE Confidence: 0.731957845

00:43:20.250 --> 00:43:21.870 Cross program, not just neurology,

NOTE Confidence: 0.731957845

00:43:21.870 --> 00:43:23.020 and then on a Deforest,

NOTE Confidence: 0.731957845

00:43:23.020 --> 00:43:25.186 which Sarah dropped in the chat,

NOTE Confidence: 0.731957845

00:43:25.190 --> 00:43:26.528 is one of our former residents.

NOTE Confidence: 0.731957845

00:43:26.530 --> 00:43:30.009 She was two years ahead of us.

NOTE Confidence: 0.731957845

00:43:30.010 --> 00:43:31.470 She recently published a book

NOTE Confidence: 0.731957845

00:43:31.470 --> 00:43:33.341 that was about like her life

NOTE Confidence: 0.731957845

00:43:33.341 --> 00:43:35.086 experiences and things like that,

NOTE Confidence: 0.731957845

00:43:35.090 --> 00:43:36.202 which was really cool.

NOTE Confidence: 0.731957845

00:43:36.202 --> 00:43:37.870 So there's a lot of options.

NOTE Confidence: 0.731957845

00:43:37.870 --> 00:43:40.663 If you're interested, you can find the

NOTE Confidence: 0.731957845

00:43:40.663 --> 00:43:43.370 people who can help you with that.

NOTE Confidence: 0.731957845

00:43:43.370 --> 00:43:43.980 Thank you.

NOTE Confidence: 0.854843229230769

00:43:45.340 --> 00:43:47.284 Anna was one of the people that I

NOTE Confidence: 0.854843229230769

00:43:47.284 --> 00:43:48.679 was communicating with this weekend,

NOTE Confidence: 0.854843229230769

00:43:48.680 --> 00:43:51.264 so and she just came out with her

NOTE Confidence: 0.854843229230769

00:43:51.264 --> 00:43:53.078 first novel, which was very impressive.

NOTE Confidence: 0.258869

00:43:56.000 --> 00:43:56.610 Ament.

NOTE Confidence: 0.828393558

00:44:00.240 --> 00:44:01.672 Hello everybody, thank you

NOTE Confidence: 0.828393558

00:44:01.672 --> 00:44:05.040 for hosting this open house.

NOTE Confidence: 0.828393558

00:44:05.040 --> 00:44:06.980 I'm currently doing research at TL actually

NOTE Confidence: 0.828393558

00:44:06.980 --> 00:44:08.526 and like a second everything that have

NOTE Confidence: 0.828393558

00:44:08.526 --> 00:44:11.318 been said so far in this open house.

NOTE Confidence: 0.828393558

00:44:11.318 --> 00:44:14.132 I have had a great time here and the food

NOTE Confidence: 0.828393558

00:44:14.132 --> 00:44:16.976 carts are amazing actually they are like.

NOTE Confidence: 0.828393558

00:44:16.976 --> 00:44:18.090 Super delicious.

NOTE Confidence: 0.828393558

00:44:18.090 --> 00:44:21.300 And they have everything. Literally.

NOTE Confidence: 0.828393558

00:44:21.300 --> 00:44:22.740 Actually my question is towards

NOTE Confidence: 0.828393558

00:44:22.740 --> 00:44:24.820 Doctor Bauer regarding the

NOTE Confidence: 0.828393558

00:44:24.820 --> 00:44:26.530 clinician educator distinction.

NOTE Confidence: 0.828393558

00:44:26.530 --> 00:44:29.727 So I've been like during my career I

NOTE Confidence: 0.86225587875

00:44:29.740 --> 00:44:31.948 I spent like 2 years working as a.

NOTE Confidence: 0.74254092375

00:44:33.240 --> 00:44:34.710 A teaching assistant at my home

NOTE Confidence: 0.74254092375

00:44:34.710 --> 00:44:36.700 university and I would like to

NOTE Confidence: 0.74254092375

00:44:36.700 --> 00:44:38.660 know more about how how how would

NOTE Confidence: 0.81018485

00:44:38.670 --> 00:44:40.590 this like help the future residents

NOTE Confidence: 0.708809911428571

00:44:41.390 --> 00:44:43.735 like moving into academia and maybe become

NOTE Confidence: 0.708809911428571

00:44:43.740 --> 00:44:46.668 a focal effect or help teach different

NOTE Confidence: 0.681516155714286

00:44:46.680 --> 00:44:49.020 residents and questions like do you

NOTE Confidence: 0.681516155714286

00:44:49.020 --> 00:44:52.770 have to do towards that path? Thank you.

NOTE Confidence: 0.830845824285714

00:44:58.760 --> 00:45:00.349 Any anybody want to take that question?

NOTE Confidence: 0.912689838333333

00:45:10.090 --> 00:45:12.500 I'm sorry. Can you hear me? I'm

NOTE Confidence: 0.855608365

00:45:12.510 --> 00:45:13.298 sorry. I feel like.

NOTE Confidence: 0.814237012727273

00:45:14.670 --> 00:45:17.841 I heard your question and I don't

NOTE Confidence: 0.814237012727273

00:45:17.841 --> 00:45:20.419 know if Aaron did. It was directed

NOTE Confidence: 0.62663369

00:45:20.430 --> 00:45:21.918 at. Can somebody repeat

NOTE Confidence: 0.749375595

00:45:21.930 --> 00:45:23.766 the question? My zoom was being

NOTE Confidence: 0.749375595

00:45:23.766 --> 00:45:25.148 super funky, just like the.

NOTE Confidence: 0.886024857777778

00:45:26.250 --> 00:45:27.174 Yeah, mine as well.

NOTE Confidence: 0.886024857777778

00:45:27.174 --> 00:45:30.440 I apologize if I missed something.

NOTE Confidence: 0.886024857777778

00:45:30.440 --> 00:45:33.250 Right. Yeah, I kind of see

NOTE Confidence: 0.886024857777778

00:45:33.250 --> 00:45:33.970 that question actually.

NOTE Confidence: 0.886024857777778

00:45:33.970 --> 00:45:35.221 My question is regarding the

NOTE Confidence: 0.886024857777778

00:45:35.221 --> 00:45:36.770 clinician indicated distinction.

NOTE Confidence: 0.886024857777778

00:45:36.770 --> 00:45:39.125 Like how do you think this would

NOTE Confidence: 0.886024857777778

00:45:39.125 --> 00:45:40.905 help like in the future residents

NOTE Confidence: 0.886024857777778

00:45:40.905 --> 00:45:44.046 like going on into academia,

NOTE Confidence: 0.886024857777778

00:45:44.046 --> 00:45:46.874 like and especially like these,

NOTE Confidence: 0.886024857777778

00:45:46.874 --> 00:45:48.094 like what kind of activities

NOTE Confidence: 0.886024857777778

00:45:48.094 --> 00:45:50.135 do you do with other residents

NOTE Confidence: 0.886024857777778

00:45:50.135 --> 00:45:51.610 like in teaching and how,

NOTE Confidence: 0.886024857777778

00:45:51.610 --> 00:45:53.170 how do you think this will

NOTE Confidence: 0.886024857777778

00:45:53.229 --> 00:45:54.669 impact your future career?

NOTE Confidence: 0.886024857777778

00:45:54.670 --> 00:45:55.759 That's my question.

NOTE Confidence: 0.741980176

00:45:56.900 --> 00:45:59.100 Answer that briefly first.

NOTE Confidence: 0.741980176

00:45:59.100 --> 00:46:02.400 I think the clinician educator distinction

NOTE Confidence: 0.741980176

00:46:02.400 --> 00:46:04.731 is sort of a number of activities

NOTE Confidence: 0.741980176

00:46:04.731 --> 00:46:07.434 which include sort of specific teaching

NOTE Confidence: 0.741980176

00:46:07.434 --> 00:46:09.525 opportunities as scholarly work,

NOTE Confidence: 0.741980176

00:46:09.525 --> 00:46:11.585 participating in a journal

NOTE Confidence: 0.741980176

00:46:11.585 --> 00:46:12.922 club mentorship relationship.

NOTE Confidence: 0.741980176

00:46:12.922 --> 00:46:16.210 And and all of those are intended to

NOTE Confidence: 0.741980176

00:46:16.281 --> 00:46:18.809 make you a better teacher and to really

NOTE Confidence: 0.741980176

00:46:18.809 --> 00:46:21.539 get you ready to think about a career,

NOTE Confidence: 0.741980176

00:46:21.540 --> 00:46:23.015 scholarly career in medical education

NOTE Confidence: 0.741980176

00:46:23.015 --> 00:46:24.740 and how that might help you.

NOTE Confidence: 0.741980176

00:46:24.740 --> 00:46:26.168 I mean, you know, we assume that

NOTE Confidence: 0.741980176

00:46:26.168 --> 00:46:27.708 many of the people who do this.

NOTE Confidence: 0.741980176

00:46:27.710 --> 00:46:29.382 The distinction would be

NOTE Confidence: 0.741980176

00:46:29.382 --> 00:46:30.890 interested in careers in,

NOTE Confidence: 0.741980176

00:46:30.890 --> 00:46:32.565 in leadership, in medical education.

NOTE Confidence: 0.741980176

00:46:32.570 --> 00:46:34.196 In fact many have you know,

NOTE Confidence: 0.741980176

00:46:34.200 --> 00:46:37.160 we have several fellowship directors,

NOTE Confidence: 0.741980176

00:46:37.160 --> 00:46:38.040 clerkship directors,

NOTE Confidence: 0.741980176

00:46:38.040 --> 00:46:40.240 people that are involved in

NOTE Confidence: 0.741980176

00:46:40.240 --> 00:46:41.560 other major leadership,

NOTE Confidence: 0.741980176

00:46:41.560 --> 00:46:42.709 educational leadership roles.

NOTE Confidence: 0.741980176

00:46:42.709 --> 00:46:45.007 People have educated and it goes

NOTE Confidence: 0.741980176

00:46:45.007 --> 00:46:47.056 back to that intention to mentor.

NOTE Confidence: 0.741980176

00:46:47.060 --> 00:46:48.845 If you're not in the distinction program,

NOTE Confidence: 0.741980176

00:46:48.850 --> 00:46:52.028 you can certainly still be very involved

NOTE Confidence: 0.741980176

00:46:52.028 --> 00:46:54.813 in teaching and education in many

NOTE Confidence: 0.741980176

00:46:54.813 --> 00:46:58.144 ways on the on the Med school side.

NOTE Confidence: 0.741980176

00:46:58.150 --> 00:47:00.712 And you don't have to be in

NOTE Confidence: 0.741980176

00:47:00.712 --> 00:47:01.810 the distinction track.

NOTE Confidence: 0.741980176

00:47:01.810 --> 00:47:03.358 So hopefully that answers the question.

NOTE Confidence: 0.5031772

00:47:06.610 --> 00:47:08.182 Yes. Thank you so much.

NOTE Confidence: 0.5031772

00:47:08.182 --> 00:47:09.010 That's awesome. Thank you.

NOTE Confidence: 0.72267765

00:47:10.310 --> 00:47:14.836 I. Let's see, am I missing any?

NOTE Confidence: 0.72267765

00:47:14.840 --> 00:47:16.070 Questions and the.

NOTE Confidence: 0.870602742857143

00:47:19.800 --> 00:47:23.055 In the chat, I don't think so.

NOTE Confidence: 0.870602742857143

00:47:23.060 --> 00:47:25.679 And then I did get some questions by e-mail.

NOTE Confidence: 0.870602742857143

00:47:25.680 --> 00:47:28.200 So I'm going to go through these

NOTE Confidence: 0.870602742857143

00:47:28.200 --> 00:47:31.080 very quickly. With our time.

NOTE Confidence: 0.870602742857143

00:47:31.080 --> 00:47:33.425 So a quick question was

NOTE Confidence: 0.870602742857143

00:47:33.425 --> 00:47:35.770 how has the number of?

NOTE Confidence: 0.870602742857143

00:47:35.770 --> 00:47:38.020 Resident has the number of

NOTE Confidence: 0.870602742857143

00:47:38.020 --> 00:47:39.966 residencies spots and the residency

NOTE Confidence: 0.870602742857143

00:47:39.966 --> 00:47:41.836 program changed over the last.

NOTE Confidence: 0.870602742857143

00:47:41.840 --> 00:47:44.546 Few years and how's that impact

NOTE Confidence: 0.870602742857143

00:47:44.546 --> 00:47:46.350 that impacted the residents?

NOTE Confidence: 0.870602742857143

00:47:46.350 --> 00:47:48.510 And what I will say about

NOTE Confidence: 0.870602742857143

00:47:48.510 --> 00:47:51.040 that is when I first came,

NOTE Confidence: 0.870602742857143

00:47:51.040 --> 00:47:53.092 we were building up to 8 residents a year.

NOTE Confidence: 0.870602742857143

00:47:53.100 --> 00:47:55.572 I think that was the first or second

NOTE Confidence: 0.870602742857143

00:47:55.572 --> 00:47:57.698 class of 8 residents per year.

NOTE Confidence: 0.870602742857143

00:47:57.700 --> 00:48:01.126 And then we went up to 10 by 2017

00:48:01.126 --> 00:48:04.822 and we have since added a child

00:48:04.822 --> 00:48:07.400 neurology residency program.

00:48:07.400 --> 00:48:09.948 And how has that impacted the education

00:48:09.948 --> 00:48:12.141 of the residents probably in the

00:48:12.141 --> 00:48:14.205 best position to talk about this

00:48:14.205 --> 00:48:16.638 have exceeded sort of those changes?

00:48:16.640 --> 00:48:19.520 I I think mainly in in good ways

00:48:19.520 --> 00:48:21.572 because it matched sort of the

00:48:21.572 --> 00:48:23.446 expansion of our clinical services

00:48:23.446 --> 00:48:25.636 and also our educational services,

00:48:25.640 --> 00:48:28.460 our faculty and and the scholarly

00:48:28.460 --> 00:48:30.340 opportunities and all those

00:48:30.421 --> 00:48:32.386 other things grew at basically

00:48:32.386 --> 00:48:34.970 the same rate if not faster.

00:48:34.970 --> 00:48:36.590 Many people ask.

00:48:36.590 --> 00:48:39.640 If we will expand further and

NOTE Confidence: 0.870602742857143

00:48:39.640 --> 00:48:41.740 and everybody in our group on

NOTE Confidence: 0.870602742857143

00:48:41.740 --> 00:48:43.610 the call knows that I agonize

NOTE Confidence: 0.870602742857143

00:48:43.610 --> 00:48:45.710 about this and have done so much

NOTE Confidence: 0.870602742857143

00:48:45.710 --> 00:48:47.478 research into this specific topic.

NOTE Confidence: 0.870602742857143

00:48:47.480 --> 00:48:49.568 Would we go to 12 or 14 a year

NOTE Confidence: 0.870602742857143

00:48:49.568 --> 00:48:51.906 or something like that and the

NOTE Confidence: 0.870602742857143

00:48:51.906 --> 00:48:53.994 the answer right at least right

NOTE Confidence: 0.870602742857143

00:48:53.994 --> 00:48:56.530 now I'm always willing to change

NOTE Confidence: 0.870602742857143

00:48:56.530 --> 00:49:00.018 my mind in the future is no we

NOTE Confidence: 0.870602742857143

00:49:00.018 --> 00:49:02.460 have no intentions of doing that.

NOTE Confidence: 0.870602742857143

00:49:02.460 --> 00:49:03.180 And the reason,

NOTE Confidence: 0.870602742857143

00:49:03.180 --> 00:49:04.380 the reasons are complex and

NOTE Confidence: 0.870602742857143

00:49:04.380 --> 00:49:05.759 I don't want to board you,

NOTE Confidence: 0.870602742857143

00:49:05.760 --> 00:49:07.512 but I think it's important to

NOTE Confidence: 0.870602742857143

00:49:07.512 --> 00:49:09.023 remember that residency is an

NOTE Confidence: 0.870602742857143

00:49:09.023 --> 00:49:10.151 educational experience and the

NOTE Confidence: 0.870602742857143

00:49:10.151 --> 00:49:12.140 focus needs to be on education.

NOTE Confidence: 0.870602742857143

00:49:12.140 --> 00:49:13.982 And that we shouldn't expand our

NOTE Confidence: 0.870602742857143

00:49:13.982 --> 00:49:16.167 residency simply to meet the growth of

NOTE Confidence: 0.870602742857143

00:49:16.167 --> 00:49:18.274 1 particular area of our clinical service,

NOTE Confidence: 0.870602742857143

00:49:18.280 --> 00:49:20.434 say like stroke or the neurocritical

NOTE Confidence: 0.870602742857143

00:49:20.434 --> 00:49:21.870 care service or emergency

NOTE Confidence: 0.870602742857143

00:49:21.929 --> 00:49:23.839 neurology or something like that.

NOTE Confidence: 0.870602742857143

00:49:23.840 --> 00:49:25.760 You need to learn EMG,

NOTE Confidence: 0.870602742857143

00:49:25.760 --> 00:49:26.020 EEG,

NOTE Confidence: 0.870602742857143

00:49:26.020 --> 00:49:27.320 those sorts of things too.

NOTE Confidence: 0.870602742857143

00:49:27.320 --> 00:49:30.421 So we would like not likely expand

NOTE Confidence: 0.870602742857143

00:49:30.421 --> 00:49:33.299 at least in the short term.

NOTE Confidence: 0.870602742857143

00:49:33.300 --> 00:49:36.534 And we also know everybody else is

NOTE Confidence: 0.870602742857143

00:49:36.534 --> 00:49:39.989 and we we want to make sure that

NOTE Confidence: 0.870602742857143

00:49:39.989 --> 00:49:41.990 we match with the best applicants.

NOTE Confidence: 0.749157805714286

00:49:44.000 --> 00:49:49.005 So any other questions? The last comments?

NOTE Confidence: 0.749157805714286

00:49:49.010 --> 00:49:50.305 Did I miss anything in the chat?

NOTE Confidence: 0.892063723333333

00:49:52.090 --> 00:49:53.302 I just wanted to point out

NOTE Confidence: 0.892063723333333

00:49:53.302 --> 00:49:54.939 that all your program directors

NOTE Confidence: 0.88198680125

00:49:54.950 --> 00:49:57.450 and AP's are outpatient neurologists

NOTE Confidence: 0.88198680125

00:49:57.450 --> 00:49:58.950 in different subspecialties.

NOTE Confidence: 0.88198680125

00:49:58.950 --> 00:50:02.928 So we are very passionate about

NOTE Confidence: 0.88198680125

00:50:02.930 --> 00:50:05.250 giving you guys that exposure, right.

NOTE Confidence: 0.88198680125

00:50:05.250 --> 00:50:06.650 So we have an epileptologist,

NOTE Confidence: 0.88198680125

00:50:06.650 --> 00:50:08.460 a headache medicine doctor and

NOTE Confidence: 0.88198680125

00:50:08.460 --> 00:50:10.342 neuromuscular doc and movement disorder.

NOTE Confidence: 0.88198680125

00:50:10.342 --> 00:50:12.924 So we really try to make sure

NOTE Confidence: 0.88198680125

00:50:12.924 --> 00:50:14.894 that the residents get really

NOTE Confidence: 0.88198680125

00:50:14.894 --> 00:50:17.030 good exposure to those things.

NOTE Confidence: 0.7330307

00:50:23.750 --> 00:50:24.320 Megan.

NOTE Confidence: 0.938776616666667

00:50:30.930 --> 00:50:32.234 Hi, my name is Megan.

NOTE Confidence: 0.938776616666667

00:50:32.234 --> 00:50:34.520 I'm from Wayne State. And

NOTE Confidence: 0.82183378625

00:50:34.530 --> 00:50:36.706 I had a quick question for the residents.

NOTE Confidence: 0.82183378625

00:50:36.710 --> 00:50:39.912 I was just wondering about how do you

NOTE Confidence: 0.82183378625

00:50:39.912 --> 00:50:41.262 feel that your exposure to different

NOTE Confidence: 0.82183378625

00:50:41.262 --> 00:50:43.904 types of procedures is kind of on the

NOTE Confidence: 0.82183378625

00:50:43.904 --> 00:50:45.950 full spectrum from maybe doing Botox

NOTE Confidence: 0.82183378625

00:50:45.950 --> 00:50:47.370 injections and outpatient clinic to

NOTE Confidence: 0.82183378625

00:50:47.370 --> 00:50:50.030 the number of LP's that you perform?

NOTE Confidence: 0.82183378625

00:50:50.030 --> 00:50:54.510 And are there any like special procedures or?

NOTE Confidence: 0.82183378625

00:50:54.510 --> 00:50:57.478 That you think that you have learned here or

NOTE Confidence: 0.82183378625

00:50:57.478 --> 00:50:59.390 that's different at this site? Thank you.

NOTE Confidence: 0.837049246666667

00:51:01.390 --> 00:51:04.008 Though Anisha has done a wonderful job

NOTE Confidence: 0.837049246666667

00:51:04.008 --> 00:51:07.041 at helping us get a little bit more

NOTE Confidence: 0.837049246666667

00:51:07.041 --> 00:51:09.310 formal exposure on Botox this year.

NOTE Confidence: 0.837049246666667

89

00:51:09.310 --> 00:51:11.312 So we've been doing some practice on

NOTE Confidence: 0.837049246666667

00:51:11.312 --> 00:51:13.209 models both for migraine and spasticity

NOTE Confidence: 0.837049246666667

00:51:13.209 --> 00:51:15.484 and both the upper and lower limbs.

NOTE Confidence: 0.837049246666667

00:51:15.490 --> 00:51:18.450 I have done I, I'll be, I'll be frank.

NOTE Confidence: 0.837049246666667

00:51:18.450 --> 00:51:20.760 I'm not a big procedure person in general.

NOTE Confidence: 0.837049246666667

00:51:20.760 --> 00:51:22.170 I love a good LP.

NOTE Confidence: 0.837049246666667

00:51:22.170 --> 00:51:23.290 I've obviously done a ton.

NOTE Confidence: 0.837049246666667

00:51:23.290 --> 00:51:25.586 We do a lot on the inpatient services,

NOTE Confidence: 0.837049246666667

00:51:25.590 --> 00:51:27.250 will help other medicine colleagues

NOTE Confidence: 0.837049246666667

00:51:27.250 --> 00:51:28.910 when we have the opportunity.

NOTE Confidence: 0.837049246666667

00:51:28.910 --> 00:51:31.774 But I I do very much enjoy Botox.

NOTE Confidence: 0.837049246666667

00:51:31.780 --> 00:51:33.760 Been in multiple outpatient clinics.

NOTE Confidence: 0.837049246666667

00:51:33.760 --> 00:51:34.848 My last elective block,

NOTE Confidence: 0.837049246666667

00:51:34.848 --> 00:51:36.480 I literally just went around and

NOTE Confidence: 0.837049246666667

00:51:36.537 --> 00:51:38.085 did Botox and I've just been

NOTE Confidence: 0.837049246666667

00:51:38.085 --> 00:51:39.460 logging them and keeping track.

NOTE Confidence: 0.837049246666667

00:51:39.460 --> 00:51:42.100 I think I was in at least 20 rooms and

NOTE Confidence: 0.837049246666667

00:51:42.174 --> 00:51:44.538 participated in over half of them.

NOTE Confidence: 0.837049246666667

00:51:44.540 --> 00:51:46.313 So it it you really do have a lot

NOTE Confidence: 0.837049246666667

00:51:46.313 --> 00:51:47.709 of opportunities and people are

NOTE Confidence: 0.837049246666667

00:51:47.709 --> 00:51:49.804 some of the some of the providers

NOTE Confidence: 0.837049246666667

00:51:49.804 --> 00:51:52.200 I've reached to like reach out to

NOTE Confidence: 0.837049246666667

00:51:52.200 --> 00:51:53.965 that day and they'll find room for

NOTE Confidence: 0.837049246666667

00:51:53.965 --> 00:51:55.240 you to come and help out.

NOTE Confidence: 0.837049246666667

00:51:55.240 --> 00:51:57.424 So there there is a lot

NOTE Confidence: 0.837049246666667

00:51:57.424 --> 00:51:58.880 of room for procedures.

NOTE Confidence: 0.837049246666667

00:51:58.880 --> 00:52:00.368 Maybe other people can talk to

NOTE Confidence: 0.837049246666667

00:52:00.368 --> 00:52:01.859 more of the intents like ICU.

NOTE Confidence: 0.837049246666667

00:52:01.860 --> 00:52:04.266 Procedures which weren't really my jam.

NOTE Confidence: 0.837049246666667

00:52:04.270 --> 00:52:06.070 But all about the operation itself.

NOTE Confidence: 0.8589525

00:52:08.440 --> 00:52:09.060 Well.

NOTE Confidence: 0.761743632222222

00:52:11.530 --> 00:52:14.590 Yeah. So we then that's the help with this.

NOTE Confidence: 0.761743632222222

00:52:14.590 --> 00:52:16.886 So we made a procedures elective that

NOTE Confidence: 0.761743632222222

00:52:16.886 --> 00:52:19.590 we hope to continue moving forward.

NOTE Confidence: 0.761743632222222

00:52:19.590 --> 00:52:22.187 So it's brand new this year and

NOTE Confidence: 0.761743632222222

00:52:22.187 --> 00:52:24.469 basically it's five sessions total.

NOTE Confidence: 0.761743632222222

00:52:24.470 --> 00:52:26.780 There's going to be 3 migraine sessions.

NOTE Confidence: 0.761743632222222

00:52:26.780 --> 00:52:30.119 So you learn with the migraine like

NOTE Confidence: 0.761743632222222

00:52:30.119 --> 00:52:32.560 the head which you actually directly

NOTE Confidence: 0.761743632222222

00:52:32.560 --> 00:52:35.360 inject and they go through the reps

NOTE Confidence: 0.761743632222222

00:52:35.433 --> 00:52:37.988 for the Botox will teach you the

NOTE Confidence: 0.761743632222222

00:52:37.988 --> 00:52:40.420 exact protocol that you need to learn.

NOTE Confidence: 0.761743632222222

00:52:40.420 --> 00:52:41.686 Like that in the migraine protocol,

NOTE Confidence: 0.761743632222222

00:52:41.690 --> 00:52:43.700 that's chopped the preempt protocol.

NOTE Confidence: 0.761743632222222

00:52:43.700 --> 00:52:45.272 And then we're going to do

NOTE Confidence: 0.761743632222222

00:52:45.272 --> 00:52:46.058 two additional sessions,

NOTE Confidence: 0.761743632222222

00:52:46.060 --> 00:52:47.670 one that we've done already

NOTE Confidence: 0.761743632222222

00:52:47.670 --> 00:52:49.280 which is lower than spasticity.

NOTE Confidence: 0.761743632222222

00:52:49.280 --> 00:52:50.990 So learning about which let which

NOTE Confidence: 0.761743632222222

00:52:50.990 --> 00:52:52.680 muscles in the lower limb to

NOTE Confidence: 0.761743632222222

00:52:52.680 --> 00:52:54.168 inject and why they're going to

NOTE Confidence: 0.761743632222222

00:52:54.168 --> 00:52:55.879 do also upper limb spasticity.

NOTE Confidence: 0.761743632222222

00:52:55.880 --> 00:52:57.920 So it's with the models with

NOTE Confidence: 0.761743632222222

00:52:57.920 --> 00:52:59.596 the needle direct contact, Umm.

NOTE Confidence: 0.761743632222222

00:52:59.596 --> 00:53:02.124 And also we're going to have a session

NOTE Confidence: 0.761743632222222

00:53:02.124 --> 00:53:04.696 about both like reconstituting the Botox

NOTE Confidence: 0.761743632222222

00:53:04.700 --> 00:53:06.636 as it normally comes in a powder form.

NOTE Confidence: 0.761743632222222

00:53:06.640 --> 00:53:08.024 So you have to learn how to kind

NOTE Confidence: 0.761743632222222

00:53:08.024 --> 00:53:09.708 of mix it together and in order

NOTE Confidence: 0.761743632222222

00:53:09.708 --> 00:53:10.736 to inject it appropriately.

NOTE Confidence: 0.761743632222222

00:53:10.740 --> 00:53:12.404 So that's kind of a big thing that

NOTE Confidence: 0.761743632222222

00:53:12.404 --> 00:53:14.036 I wanted to have in the program

NOTE Confidence: 0.761743632222222

00:53:14.036 --> 00:53:15.545 is that there's like some sort

NOTE Confidence: 0.761743632222222

00:53:15.545 --> 00:53:16.709 of more direct procedure.

NOTE Confidence: 0.761743632222222

00:53:16.710 --> 00:53:17.547 As Aaron said,

NOTE Confidence: 0.761743632222222

00:53:17.547 --> 00:53:19.848 any attending is happy to have you in

NOTE Confidence: 0.761743632222222

00:53:19.848 --> 00:53:22.128 their clinic no matter what the clinic is.

NOTE Confidence: 0.761743632222222

00:53:22.130 --> 00:53:23.858 But this is kind of more direct training

NOTE Confidence: 0.761743632222222

00:53:23.858 --> 00:53:25.780 so that when you show up to that clinic,

NOTE Confidence: 0.761743632222222

00:53:25.780 --> 00:53:26.392 you're not just like,

NOTE Confidence: 0.761743632222222

00:53:26.392 --> 00:53:27.310 I don't know what I'm doing.

NOTE Confidence: 0.761743632222222

00:53:27.310 --> 00:53:29.008 Like I have had some training,

NOTE Confidence: 0.761743632222222

00:53:29.010 --> 00:53:30.228 I know how to use a needle.

NOTE Confidence: 0.761743632222222

00:53:30.230 --> 00:53:31.770 I know what I'm doing.

NOTE Confidence: 0.761743632222222

00:53:31.770 --> 00:53:33.216 And then like Doctor Miller put

NOTE Confidence: 0.761743632222222

00:53:33.216 --> 00:53:34.968 in the comments, we have an LPCM,

NOTE Confidence: 0.761743632222222

00:53:34.968 --> 00:53:35.996 everyone gets signed off.

NOTE Confidence: 0.761743632222222

00:53:36.000 --> 00:53:37.944 Everyone will know how to do an LP.

00:53:37.950 --> 00:53:39.329 By the time you leave this program,

00:53:39.330 --> 00:53:41.900 that's not a problem at all. Umm.

00:53:41.900 --> 00:53:45.020 And then with other like IC based procedures,

00:53:45.020 --> 00:53:46.928 it is what? It's as much as you want.

00:53:46.930 --> 00:53:49.290 So I thought I was going to ICU,

00:53:49.290 --> 00:53:50.977 so I was really into ICU procedures.

00:53:50.980 --> 00:53:52.310 So I did central lines.

00:53:52.310 --> 00:53:53.866 I did a lines.

00:53:53.866 --> 00:53:56.800 I learned how to take Umm like

00:53:56.800 --> 00:53:59.200 dreams out like DVD's.

00:53:59.200 --> 00:54:01.293 Out was on the border of learning

00:54:01.293 --> 00:54:02.938 how to put an AED in.

00:54:02.940 --> 00:54:04.434 Then I was like no, never mind.

00:54:04.434 --> 00:54:07.170 But like anything that you want to do,

00:54:07.170 --> 00:54:09.809 realistically you can learn how to do.

00:54:09.810 --> 00:54:11.637 Yep, the only one in our classroom.

NOTE Confidence: 0.761743632222222

00:54:11.640 --> 00:54:12.673 Centralize.

NOTE Confidence: 0.761743632222222

00:54:12.673 --> 00:54:14.739 Very true.

NOTE Confidence: 0.761743632222222

00:54:14.740 --> 00:54:17.260 But yeah, so whatever you want to do,

NOTE Confidence: 0.761743632222222

00:54:17.260 --> 00:54:19.393 you can do whatever you don't want to do.

NOTE Confidence: 0.761743632222222

00:54:19.400 --> 00:54:20.099 Someone else will.

NOTE Confidence: 0.926903448

00:54:22.040 --> 00:54:23.210 Cool. Thank you so much.

NOTE Confidence: 0.76788586

00:54:23.540 --> 00:54:26.220 Laura, you've been waiting patiently.

NOTE Confidence: 0.76788586

00:54:26.220 --> 00:54:27.672 So you're next and then I

NOTE Confidence: 0.76788586

00:54:27.672 --> 00:54:28.999 think we'll leave this at at.

NOTE Confidence: 0.76788586

00:54:29.000 --> 00:54:30.270 The last question is this,

NOTE Confidence: 0.76788586

00:54:30.270 --> 00:54:31.090 if you have other questions,

NOTE Confidence: 0.76788586

00:54:31.090 --> 00:54:32.200 you put them in the chat.

NOTE Confidence: 0.76788586

00:54:32.200 --> 00:54:33.718 I know your hand does that,

NOTE Confidence: 0.76788586

00:54:33.720 --> 00:54:35.220 which I want to be respectful

NOTE Confidence: 0.76788586

00:54:35.220 --> 00:54:35.970 of everyone's time.

NOTE Confidence: 0.76788586

00:54:35.970 --> 00:54:37.310 But Laura, please go ahead.

NOTE Confidence: 0.92247589

00:54:38.140 --> 00:54:39.550 Thank you so much. Well, thanks

NOTE Confidence: 0.890986133333334

00:54:39.560 --> 00:54:41.558 everyone for a great open house.

NOTE Confidence: 0.890986133333334

00:54:41.560 --> 00:54:43.919 I wanted to ask about if Yale

NOTE Confidence: 0.890986133333334

00:54:43.919 --> 00:54:46.290 Neuro residents are involved in any

NOTE Confidence: 0.890986133333334

00:54:46.290 --> 00:54:48.440 kind of national advocacy efforts,

NOTE Confidence: 0.890986133333334

00:54:48.440 --> 00:54:50.160 for example health policy related,

NOTE Confidence: 0.890986133333334

00:54:50.160 --> 00:54:52.708 whether it's specific to neurology or kind

NOTE Confidence: 0.890986133333334

00:54:52.708 --> 00:54:54.678 of more generally impacting medicine.

NOTE Confidence: 0.890986133333334

00:54:54.680 --> 00:54:57.136 And then if there's any ties that Yale

NOTE Confidence: 0.890986133333334

00:54:57.136 --> 00:54:59.029 Neurology has to either institutions

NOTE Confidence: 0.890986133333334

00:54:59.029 --> 00:55:01.059 or communities around the world,

NOTE Confidence: 0.890986133333334

00:55:01.060 --> 00:55:03.160 you know, in other countries,

NOTE Confidence: 0.890986133333334

00:55:03.160 --> 00:55:05.596 if anyone here has any direct

NOTE Confidence: 0.890986133333334

00:55:05.596 --> 00:55:08.228 experience or knows of ties like that?

NOTE Confidence: 0.878749744444444

00:55:09.540 --> 00:55:12.996 So I I can answer the second question first.

NOTE Confidence: 0.878749744444444

00:55:13.000 --> 00:55:17.655 We do have a global health partnership.

NOTE Confidence: 0.878749744444444

00:55:17.660 --> 00:55:20.126 Through the the Johnson and Johnson

NOTE Confidence: 0.878749744444444

00:55:20.126 --> 00:55:21.770 Global Health Scholars Program

NOTE Confidence: 0.878749744444444

00:55:21.837 --> 00:55:23.517 or Global Scholars Program,

NOTE Confidence: 0.878749744444444

00:55:23.520 --> 00:55:25.272 I can't recommend one there may

NOTE Confidence: 0.878749744444444

00:55:25.272 --> 00:55:27.397 health may or may not be in there

NOTE Confidence: 0.878749744444444

00:55:27.400 --> 00:55:30.856 and our main cooperative site with

NOTE Confidence: 0.878749744444444

00:55:30.856 --> 00:55:35.712 a two way exchange program is a

NOTE Confidence: 0.878749744444444

00:55:35.712 --> 00:55:41.990 Macquarie University in Uganda and.

NOTE Confidence: 0.878749744444444

00:55:41.990 --> 00:55:44.478 Four or five of our residents over the

NOTE Confidence: 0.878749744444444

00:55:44.478 --> 00:55:46.890 last six or seven years have spent

NOTE Confidence: 0.878749744444444

00:55:46.890 --> 00:55:49.077 six weeks there and that's funded

NOTE Confidence: 0.878749744444444

00:55:49.077 --> 00:55:53.570 by the department and similarly.

NOTE Confidence: 0.878749744444444

00:55:53.570 --> 00:55:56.666 3 Ugandan trainees have spent time with us,

NOTE Confidence: 0.878749744444444

00:55:56.670 --> 00:55:58.029 including one Ugandan,

00:55:58.029 --> 00:56:00.747 actually a faculty member there who's

00:56:00.747 --> 00:56:03.248 an internist but had some actually

00:56:03.248 --> 00:56:05.669 run sort of a neurology service

00:56:05.669 --> 00:56:08.245 who spent the whole year with us,

00:56:08.250 --> 00:56:10.890 I think in 2014 fifteen.

00:56:10.890 --> 00:56:13.002 And he's the person who typically

00:56:13.002 --> 00:56:14.840 hosts our residents or supports

00:56:14.840 --> 00:56:17.000 our residents when we go there.

00:56:17.000 --> 00:56:19.800 We haven't had anybody go since the pandemic,

00:56:19.800 --> 00:56:21.912 but that we're sort of slowly

00:56:21.912 --> 00:56:23.889 opening up the possibility of that.

00:56:23.890 --> 00:56:26.998 Coming back and again the the

00:56:26.998 --> 00:56:30.269 support would be there if somebody

00:56:30.270 --> 00:56:32.174 had an interest in going and and

00:56:32.174 --> 00:56:33.770 the expectation is that it's not

00:56:33.770 --> 00:56:35.788 just a nice trip that you would work

NOTE Confidence: 0.878749744444444

00:56:35.788 --> 00:56:37.734 on a project or or do something

NOTE Confidence: 0.878749744444444

00:56:37.734 --> 00:56:40.798 meaningful with your time there.

NOTE Confidence: 0.878749744444444

00:56:40.800 --> 00:56:43.440 As to the national advocacy,

NOTE Confidence: 0.878749744444444

00:56:43.440 --> 00:56:46.752 I know one of our residents was very

NOTE Confidence: 0.878749744444444

00:56:46.752 --> 00:56:49.080 involved in neurology on the hill,

NOTE Confidence: 0.878749744444444

00:56:49.080 --> 00:56:51.676 which is sort of a political lobbying.

NOTE Confidence: 0.878749744444444

00:56:51.676 --> 00:56:53.752 I don't know if it's lobbying

NOTE Confidence: 0.878749744444444

00:56:53.752 --> 00:56:56.112 advocacy sort of organization and

NOTE Confidence: 0.878749744444444

00:56:56.112 --> 00:56:59.184 has been very involved in that.

NOTE Confidence: 0.878749744444444

00:56:59.190 --> 00:57:01.806 Oh, I forgot. Somebody reminded me.

NOTE Confidence: 0.878749744444444

00:57:01.810 --> 00:57:02.786 International relationships,

NOTE Confidence: 0.878749744444444

00:57:02.786 --> 00:57:05.714 we do have a very strong

NOTE Confidence: 0.878749744444444

00:57:05.714 --> 00:57:07.310 relationship with the PTA.

NOTE Confidence: 0.878749744444444

00:57:07.310 --> 00:57:10.520 S Atoya University in in Paris,

NOTE Confidence: 0.878749744444444

00:57:10.520 --> 00:57:12.949 and we've had several residents go there.

00:57:12.950 --> 00:57:15.624 Sarah had to come off the call,

00:57:15.624 --> 00:57:16.909 but Sarah Schaefer went there.

00:57:16.910 --> 00:57:18.540 She was the first one.

00:57:18.540 --> 00:57:20.142 And that's really what was the

00:57:20.142 --> 00:57:22.184 linchpin in her deciding to be a

00:57:22.184 --> 00:57:23.105 movement disorder neurologist.

00:57:23.110 --> 00:57:25.459 So she spent.

00:57:25.460 --> 00:57:27.980 Two weeks there, I think and again,

00:57:27.980 --> 00:57:29.064 we provide financial support

00:57:29.064 --> 00:57:30.419 for residents who travel there,

00:57:30.420 --> 00:57:32.380 not the full cost of being in Paris

00:57:32.380 --> 00:57:33.900 because it's absurdly expensive,

00:57:33.900 --> 00:57:35.304 but some offset.

00:57:35.304 --> 00:57:37.176 And during the pandemic,

00:57:37.180 --> 00:57:39.556 we actually do clinical grand rounds

00:57:39.560 --> 00:57:41.873 with people from the South Bay and

NOTE Confidence: 0.878749744444444

00:57:41.873 --> 00:57:44.134 we had one about two weeks ago.

NOTE Confidence: 0.878749744444444

00:57:44.140 --> 00:57:46.378 So a French trainee presents one

NOTE Confidence: 0.878749744444444

00:57:46.378 --> 00:57:50.152 case and then one of the one of our

NOTE Confidence: 0.878749744444444

00:57:50.152 --> 00:57:52.460 trainees presents a case and we have

NOTE Confidence: 0.878749744444444

00:57:52.460 --> 00:57:54.183 program letters of agreement for

NOTE Confidence: 0.878749744444444

00:57:54.183 --> 00:57:55.867 several other international sites.

NOTE Confidence: 0.878749744444444

00:57:55.870 --> 00:57:58.432 Usually when a trainee has a very

NOTE Confidence: 0.878749744444444

00:57:58.432 --> 00:58:00.320 specific connection to that place,

NOTE Confidence: 0.878749744444444

00:58:00.320 --> 00:58:01.910 they've worked with somebody there

NOTE Confidence: 0.878749744444444

00:58:01.910 --> 00:58:04.137 and we have had residents go really

NOTE Confidence: 0.878749744444444

00:58:04.137 --> 00:58:06.310 literally all over the world for electives.

NOTE Confidence: 0.826559222

00:58:11.780 --> 00:58:13.240 In terms of other advocacy,

NOTE Confidence: 0.826559222

00:58:13.240 --> 00:58:14.560 AM I missing anything here?

NOTE Confidence: 0.890828313846154

00:58:18.610 --> 00:58:22.210 I don't think that any of us currently

NOTE Confidence: 0.890828313846154

00:58:22.210 --> 00:58:25.066 are involved with advocacy work again.

NOTE Confidence: 0.890828313846154

00:58:25.066 --> 00:58:26.998 You know, like we kind of said,

NOTE Confidence: 0.890828313846154

00:58:27.000 --> 00:58:28.662 everyone has their own interest and

NOTE Confidence: 0.890828313846154

00:58:28.662 --> 00:58:30.649 that just wasn't a strong interest.

NOTE Confidence: 0.890828313846154

00:58:30.650 --> 00:58:31.710 But that being said,

NOTE Confidence: 0.890828313846154

00:58:31.710 --> 00:58:33.717 there's a lot of a an activity

NOTE Confidence: 0.890828313846154

00:58:33.717 --> 00:58:36.146 that exists and it's very easy to

NOTE Confidence: 0.890828313846154

00:58:36.146 --> 00:58:38.049 get involved with those things.

NOTE Confidence: 0.890828313846154

00:58:38.050 --> 00:58:40.164 So I have a particular interest in

NOTE Confidence: 0.890828313846154

00:58:40.164 --> 00:58:42.366 bioethics and so I was able through

NOTE Confidence: 0.890828313846154

00:58:42.366 --> 00:58:44.625 some programs and working with an to

NOTE Confidence: 0.890828313846154

00:58:44.625 --> 00:58:46.707 get involved with an Ethics Committee,

NOTE Confidence: 0.890828313846154

00:58:46.710 --> 00:58:48.700 which I'm still involved when.

NOTE Confidence: 0.890828313846154

00:58:48.700 --> 00:58:51.400 And they do a lot of advocacy and outreach,

NOTE Confidence: 0.890828313846154

00:58:51.400 --> 00:58:52.980 and then they're separate advocacy,

NOTE Confidence: 0.890828313846154

00:58:52.980 --> 00:58:55.696 advocacy councils as well that you can

NOTE Confidence: 0.890828313846154

00:58:55.696 --> 00:58:58.969 be a part of if you if you want to.

NOTE Confidence: 0.890828313846154

00:58:58.970 --> 00:59:00.776 You kind of just find if it's

NOTE Confidence: 0.890828313846154

00:59:00.776 --> 00:59:02.009 something of interest for you.

NOTE Confidence: 0.890828313846154

00:59:02.010 --> 00:59:04.647 You can find a way into it fairly easily.

NOTE Confidence: 0.890828313846154

00:59:04.650 --> 00:59:06.730 There's also through the GME,

NOTE Confidence: 0.890828313846154

00:59:06.730 --> 00:59:10.800 an advocacy council that does.

NOTE Confidence: 0.835418144444444

00:59:13.130 --> 00:59:14.602 They organized different marches,

NOTE Confidence: 0.835418144444444

00:59:14.602 --> 00:59:16.442 so they they did have,

NOTE Confidence: 0.835418144444444

00:59:16.450 --> 00:59:19.845 they just recently had a petition about.

NOTE Confidence: 0.835418144444444

00:59:19.850 --> 00:59:22.610 It it was like there's a bill that's

NOTE Confidence: 0.835418144444444

00:59:22.610 --> 00:59:24.819 going through Connecticut about like

NOTE Confidence: 0.835418144444444

00:59:24.819 --> 00:59:27.717 internal medicine and like primary care

NOTE Confidence: 0.835418144444444

00:59:27.717 --> 00:59:30.410 related payouts or something like that,

NOTE Confidence: 0.835418144444444

00:59:30.410 --> 00:59:32.106 that was going to be a huge impact.

NOTE Confidence: 0.835418144444444

00:59:32.110 --> 00:59:34.806 So they did a huge petition for that.

NOTE Confidence: 0.835418144444444

00:59:34.810 --> 00:59:37.466 They've a couple of speakers have gone to

NOTE Confidence: 0.835418144444444

00:59:37.466 --> 00:59:40.885 DC to talk about different things from Yale.

NOTE Confidence: 0.835418144444444

00:59:40.890 --> 00:59:42.794 But those people the ones I know about

NOTE Confidence: 0.835418144444444

00:59:42.794 --> 00:59:44.567 have been in like internal medicine or

NOTE Confidence: 0.835418144444444

00:59:44.567 --> 00:59:46.710 have been part of the Advocacy council,

NOTE Confidence: 0.835418144444444

00:59:46.710 --> 00:59:48.038 but the opportunities exist.

NOTE Confidence: 0.835418144444444

00:59:48.038 --> 00:59:49.366 I just don't know.

NOTE Confidence: 0.835418144444444

00:59:49.370 --> 00:59:50.540 Any of us are like directly

NOTE Confidence: 0.835418144444444

00:59:50.540 --> 00:59:51.320 involved at the moment.

NOTE Confidence: 0.748569352

00:59:53.310 --> 00:59:54.855 There's a local program called

NOTE Confidence: 0.748569352

00:59:54.855 --> 00:59:56.400 Stamp Out Stroke that several

NOTE Confidence: 0.748569352

00:59:56.457 --> 00:59:57.847 of our residents have done,

NOTE Confidence: 0.748569352

00:59:57.850 --> 01:00:00.419 which is stroke education in the local

NOTE Confidence: 0.748569352

01:00:00.419 --> 01:00:02.510 community run by medical students with

NOTE Confidence: 0.748569352

01:00:02.510 --> 01:00:05.069 several of our residents that supported it.

NOTE Confidence: 0.748569352

01:00:05.070 --> 01:00:08.778 And we will be starting a high

NOTE Confidence: 0.748569352

01:00:08.778 --> 01:00:11.318 school neurology club pilot where

NOTE Confidence: 0.748569352

01:00:11.318 --> 01:00:13.350 we'll be doing virtual.

NOTE Confidence: 0.748569352

01:00:13.350 --> 01:00:15.365 Teaching to high school neurology

NOTE Confidence: 0.748569352

01:00:15.365 --> 01:00:19.840 clubs around the country, I think.

NOTE Confidence: 0.748569352

01:00:19.840 --> 01:00:20.850 I didn't know what neurology

NOTE Confidence: 0.748569352

01:00:20.850 --> 01:00:21.658 was in high school,

NOTE Confidence: 0.748569352

01:00:21.660 --> 01:00:23.620 but apparently some kids do.

NOTE Confidence: 0.748569352

01:00:23.620 --> 01:00:26.563 So that's sort of an outreach kind of thing.

NOTE Confidence: 0.748569352

01:00:26.570 --> 01:00:28.400 And one of our residents,

NOTE Confidence: 0.748569352

01:00:28.400 --> 01:00:28.844 Milo White,

NOTE Confidence: 0.748569352

01:00:28.844 --> 01:00:31.013 is taking the lead with a with a high

NOTE Confidence: 0.748569352

01:00:31.013 --> 01:00:32.698 school student and organizing them.

NOTE Confidence: 0.899315

01:00:35.950 --> 01:00:39.790 So I want to be very respectful of

NOTE Confidence: 0.899315

01:00:39.790 --> 01:00:43.170 people's time. This is our hour.

NOTE Confidence: 0.899315

01:00:43.170 --> 01:00:45.459 Our emails generally are our first name,

NOTE Confidence: 0.899315

01:00:45.460 --> 01:00:47.735 daughter, last name at yale.edu

NOTE Confidence: 0.899315

01:00:47.735 --> 01:00:50.010 if you have any questions.

NOTE Confidence: 0.899315

01:00:50.010 --> 01:00:54.502 And air us will open what in about 8 days?

NOTE Confidence: 0.899315

01:00:54.502 --> 01:00:56.670 Something like that? A week.

NOTE Confidence: 0.899315

01:00:56.670 --> 01:00:59.790 So I'm very excited that's like.

NOTE Confidence: 0.899315

01:00:59.790 --> 01:01:01.944 Christmas morning for me to see

NOTE Confidence: 0.899315

01:01:01.944 --> 01:01:03.775 all the great applicants that

NOTE Confidence: 0.899315

01:01:03.775 --> 01:01:05.737 have come through and will be

NOTE Confidence: 0.899315

01:01:05.737 --> 01:01:07.620 very busy coming through them.

NOTE Confidence: 0.899315

01:01:07.620 --> 01:01:10.168 We look at every application in a

NOTE Confidence: 0.899315

01:01:10.168 --> 01:01:13.000 holistic way and we're excited to see

NOTE Confidence: 0.899315
