NOTE Confidence: 0.94689396

00:00:00.000 --> 00:00:01.944 Good afternoon everyone and

NOTE Confidence: 0.94689396

00:00:01.944 --> 00:00:03.390 welcome to Grand Rapids.

NOTE Confidence: 0.94689396

00:00:03.390 --> 00:00:05.148 Now before we get started today,

NOTE Confidence: 0.94689396

00:00:05.150 --> 00:00:06.568 I'm just a couple of announcements

NOTE Confidence: 0.94689396

00:00:06.568 --> 00:00:08.305 and a reminder that next week

NOTE Confidence: 0.94689396

00:00:08.305 --> 00:00:09.534 we won't have grand rounds,

NOTE Confidence: 0.94689396

00:00:09.534 --> 00:00:11.570 so grand Rounds is cancelled next week.

NOTE Confidence: 0.94689396

00:00:11.570 --> 00:00:13.240 Perhaps you could take some time during

NOTE Confidence: 0.94689396

00:00:13.240 --> 00:00:14.774 that hour to think about speakers

NOTE Confidence: 0.94689396

00:00:14.774 --> 00:00:16.370 that you would love to invite here and

NOTE Confidence: 0.94689396

00:00:16.370 --> 00:00:17.670 reach out to the grounds committee

NOTE Confidence: 0.94689396

00:00:17.670 --> 00:00:20.289 and with any of your suggestions.

NOTE Confidence: 0.94689396

00:00:20.290 --> 00:00:21.658 So please be on the lookout

NOTE Confidence: 0.94689396

1

00:00:21.658 --> 00:00:23.875 from an e-mail from Krista and

NOTE Confidence: 0.94689396

00:00:23.875 --> 00:00:25.196 we are accepting nominations,

NOTE Confidence: 0.94689396

00:00:25.196 --> 00:00:26.820 self nominations or nominations

NOTE Confidence: 0.94689396

00:00:26.820 --> 00:00:29.370 of others and to join our Grand

NOTE Confidence: 0.94689396

00:00:29.370 --> 00:00:31.010 Rounds Committee for next year.

NOTE Confidence: 0.94689396

00:00:31.010 --> 00:00:33.015 And so please be on the lookout for

NOTE Confidence: 0.94689396

00:00:33.015 --> 00:00:35.042 that e-mail and get those suggestions

NOTE Confidence: 0.94689396

00:00:35.042 --> 00:00:36.705 to the Grand Rounds Committee.

NOTE Confidence: 0.94689396

00:00:36.705 --> 00:00:38.830 And the last announcement is just

NOTE Confidence: 0.94689396

00:00:38.830 --> 00:00:40.750 to mention that we'll have Doctor

NOTE Confidence: 0.94689396

00:00:40.750 --> 00:00:42.290 Stephen Vine from the University

NOTE Confidence: 0.94689396

00:00:42.290 --> 00:00:44.735 of Illinois at Chicago and coming

NOTE Confidence: 0.94689396

00:00:44.735 --> 00:00:47.906 to join us on April 12th.

NOTE Confidence: 0.94689396

00:00:47.906 --> 00:00:50.320 I think it is.

NOTE Confidence: 0.94689396

00:00:50.320 --> 00:00:52.610 But in two weeks time and who will be talking

NOTE Confidence: 0.94689396

00:00:52.669 --> 00:00:54.657 about his case study on Allen Ginsberg.

NOTE Confidence: 0.94689396

00:00:54.660 --> 00:00:56.420 So it's one of these talks where

NOTE Confidence: 0.94689396

00:00:56.420 --> 00:00:58.200 we'll be embracing the humanities

NOTE Confidence: 0.94689396

00:00:58.200 --> 00:01:01.660 at the Grand Ryan's the 11th,

NOTE Confidence: 0.94689396

00:01:01.660 --> 00:01:02.388 April 11th.

NOTE Confidence: 0.94689396

00:01:02.388 --> 00:01:04.780 Thank you, doctor Cardona.

NOTE Confidence: 0.94689396

00:01:04.780 --> 00:01:06.930 And so please join us for that.

NOTE Confidence: 0.94689396

00:01:06.930 --> 00:01:08.140 And if any of you would

NOTE Confidence: 0.94689396

00:01:08.140 --> 00:01:09.040 like to meet the speaker,

NOTE Confidence: 0.94689396

00:01:09.040 --> 00:01:09.760 please reach

NOTE Confidence: 0.80674334

00:01:09.770 --> 00:01:10.880 out to Rose Marie or any

NOTE Confidence: 0.80674334

00:01:10.880 --> 00:01:11.920 member of the Grand Rounds

NOTE Confidence: 0.858143114285714

00:01:11.930 --> 00:01:13.596 Committee and we can set that up.

NOTE Confidence: 0.858143114285714

00:01:13.600 --> 00:01:14.968 So that's enough from from me

NOTE Confidence: 0.858143114285714

00:01:14.968 --> 00:01:16.820 to for today, I'd like to pass

NOTE Confidence: 0.905807933333333

00:01:16.830 --> 00:01:17.826 you over to our host for

NOTE Confidence: 0.691034218

00:01:17.840 --> 00:01:19.064 the day, my Grandparents

NOTE Confidence: 0.691034218

00:01:19.064 --> 00:01:20.399 Committee colleague Tara Davila.

NOTE Confidence: 0.758223802

00:01:24.560 --> 00:01:25.940 Good morning, everyone.

NOTE Confidence: 0.758223802

00:01:25.940 --> 00:01:26.860 Afternoon. Actually,

NOTE Confidence: 0.758223802

00:01:26.860 --> 00:01:28.080 I'm still a little behind,

NOTE Confidence: 0.758223802

00:01:28.080 --> 00:01:29.520 not enough coffee this morning.

NOTE Confidence: 0.758223802

00:01:29.520 --> 00:01:31.920 I know it's making me sleepy,

NOTE Confidence: 0.758223802

00:01:31.920 --> 00:01:34.552 but thank you so much for joining us

NOTE Confidence: 0.758223802

00:01:34.552 --> 00:01:36.999 today and happy social work month.

NOTE Confidence: 0.758223802

00:01:37.000 --> 00:01:40.000 And so for today, I'm going to use,

NOTE Confidence: 0.758223802

00:01:40.000 --> 00:01:41.820 I don't know if this is how to pronounce it,

NOTE Confidence: 0.758223802

00:01:41.820 --> 00:01:44.748 but the sort of Petra Kucha

NOTE Confidence: 0.758223802

00:01:44.748 --> 00:01:46.700 informed style of presentation.

NOTE Confidence: 0.758223802

00:01:46.700 --> 00:01:48.975 So it's a style developed in Tokyo

NOTE Confidence: 0.758223802

00:01:48.975 --> 00:01:51.550 where you do 20 slides with images.

NOTE Confidence: 0.758223802

00:01:51.550 --> 00:01:53.570 And 20 seconds of commentary.

NOTE Confidence: 0.758223802

00:01:53.570 --> 00:01:55.760 So this is mostly that where I got a little

NOTE Confidence: 0.758223802

00:01:55.814 --> 00:01:57.648 shorter in some of the other places,

NOTE Confidence: 0.758223802

00:01:57.650 --> 00:01:59.582 but this was one of the ideas

NOTE Confidence: 0.758223802

00:01:59.582 --> 00:02:01.470 when we were moving forward,

NOTE Confidence: 0.758223802

00:02:01.470 --> 00:02:03.927 so I thought I'd give it a try myself.

NOTE Confidence: 0.758223802

00:02:03.930 --> 00:02:07.350 So we'll see how it goes.

NOTE Confidence: 0.758223802

00:02:07.350 --> 00:02:09.822 So as we wrap up social work months

NOTE Confidence: 0.758223802

00:02:09.822 --> 00:02:12.210 together with the social work Fellowship,

NOTE Confidence: 0.758223802

00:02:12.210 --> 00:02:12.862 thank you.

NOTE Confidence: 0.758223802

00:02:12.862 --> 00:02:15.470 One way that we wanted to break barriers,

NOTE Confidence: 0.758223802

00:02:15.470 --> 00:02:17.100 because the theme is social

NOTE Confidence: 0.758223802

00:02:17.100 --> 00:02:18.404 work breaks barriers today,

NOTE Confidence: 0.758223802

00:02:18.410 --> 00:02:20.252 is by shining the light on

NOTE Confidence: 0.758223802

00:02:20.252 --> 00:02:21.907 contributions of faculty and staff

NOTE Confidence: 0.758223802

00:02:21.907 --> 00:02:23.359 of different disciplines whose

NOTE Confidence: 0.758223802

00:02:23.359 --> 00:02:25.630 terminal degree is a masters degree.

NOTE Confidence: 0.758223802

00:02:25.630 --> 00:02:27.191 This is not to take away from

NOTE Confidence: 0.758223802

00:02:27.191 --> 00:02:28.429 the work done by others,

NOTE Confidence: 0.758223802

00:02:28.430 --> 00:02:30.085 but rather to broaden the

NOTE Confidence: 0.758223802

00:02:30.085 --> 00:02:31.409 perspectives about the contributions

NOTE Confidence: 0.758223802

00:02:31.409 --> 00:02:33.542 of faculty and staff with masters

NOTE Confidence: 0.758223802

00:02:33.542 --> 00:02:34.942 degrees across our educational,

NOTE Confidence: 0.758223802

00:02:34.950 --> 00:02:37.330 clinical and research missions.

NOTE Confidence: 0.758223802

00:02:37.330 --> 00:02:40.305 And across the various settings

NOTE Confidence: 0.758223802

00:02:40.305 --> 00:02:43.067 of the Child Study Center.

NOTE Confidence: 0.758223802

00:02:43.070 --> 00:02:43.976 Our Masters,

NOTE Confidence: 0.758223802

00:02:43.976 --> 00:02:46.241 faculty and staff create and

NOTE Confidence: 0.758223802

00:02:46.241 --> 00:02:47.147 disseminate interventions,

NOTE Confidence: 0.758223802

00:02:47.150 --> 00:02:48.246 develop programs,

NOTE Confidence: 0.758223802

00:02:48.246 --> 00:02:49.890 engage in research,

NOTE Confidence: 0.758223802

00:02:49.890 --> 00:02:51.960 teach and train the next generation

NOTE Confidence: 0.758223802

00:02:51.960 --> 00:02:52.650 of practitioners,

NOTE Confidence: 0.758223802

00:02:52.650 --> 00:02:54.495 and help youth and families

NOTE Confidence: 0.758223802

00:02:54.495 --> 00:02:55.602 through complicated clinical

NOTE Confidence: 0.758223802

00:02:55.602 --> 00:02:56.970 challenges via assessment,

NOTE Confidence: 0.758223802

00:02:56.970 --> 00:02:57.982 research,

NOTE Confidence: 0.758223802

00:02:57.982 --> 00:03:01.018 psychopharmacology and psychotherapy.

NOTE Confidence: 0.758223802

00:03:01.018 --> 00:03:03.130 In 2022,

NOTE Confidence: 0.758223802

00:03:03.130 --> 00:03:07.418 social workers like professional counselors,

NOTE Confidence: 0.758223802

00:03:07.418 --> 00:03:10.202 marriage and family therapists

NOTE Confidence: 0.758223802

00:03:10.202 --> 00:03:13.232 and APRN scheduled 69% of the

NOTE Confidence: 0.758223802

00:03:13.232 --> 00:03:14.488 appointments for the practice.

NOTE Confidence: 0.758223802

00:03:14.490 --> 00:03:15.009 So that's like

NOTE Confidence: 0.935539741428571

00:03:17.130 --> 00:03:20.476 37,453 appointments. So they are very busy.

NOTE Confidence: 0.800429441428571

00:03:24.260 --> 00:03:26.690 And Masters, faculty and staff are

NOTE Confidence: 0.800429441428571

00:03:26.690 --> 00:03:28.628 supervisors, preceptors, authors,

NOTE Confidence: 0.800429441428571

00:03:28.628 --> 00:03:30.920 directors, associate directors,

NOTE Confidence: 0.800429441428571

00:03:30.920 --> 00:03:33.197 and I'm proud to be among the two who

NOTE Confidence: 0.800429441428571

00:03:33.197 --> 00:03:35.579 serve the department also as vice chairs.

NOTE Confidence: 0.800429441428571

00:03:35.580 --> 00:03:37.260 And so despite these

NOTE Confidence: 0.800429441428571

00:03:37.260 --> 00:03:38.520 contributions and opportunities,

NOTE Confidence: 0.800429441428571

00:03:38.520 --> 00:03:39.864 we also face challenges.

NOTE Confidence: 0.800429441428571

00:03:39.864 --> 00:03:43.489 And the root of many of these challenges are

NOTE Confidence: 0.800429441428571

00:03:43.489 --> 00:03:46.567 the systemic barriers within our institution.

NOTE Confidence: 0.800429441428571

00:03:46.570 --> 00:03:47.342 Until recently,

NOTE Confidence: 0.800429441428571

00:03:47.342 --> 00:03:49.658 faculty and staff with Masters degrees

NOTE Confidence: 0.800429441428571

00:03:49.658 --> 00:03:51.483 were underpaid within the institution

NOTE Confidence: 0.800429441428571

00:03:51.483 --> 00:03:53.793 and among our peers outside of Yale.

NOTE Confidence: 0.800429441428571

00:03:53.800 --> 00:03:56.733 And it took a tremendous amount of

NOTE Confidence: 0.800429441428571

00:03:56.733 --> 00:03:59.817 advocacy over many years to correct that.

NOTE Confidence: 0.800429441428571

00:03:59.820 --> 00:04:00.276 Additionally,

NOTE Confidence: 0.800429441428571

00:04:00.276 --> 00:04:02.556 the school has only provided

NOTE Confidence: 0.800429441428571

00:04:02.556 --> 00:04:04.380 continuing medical education credits,

NOTE Confidence: 0.800429441428571

00:04:04.380 --> 00:04:06.648 many of which are not recognized by

NOTE Confidence: 0.800429441428571

00:04:06.648 --> 00:04:08.930 the licensing boards of some of our

NOTE Confidence: 0.800429441428571

00:04:08.930 --> 00:04:10.802 faculty and staff with Masters degrees.

NOTE Confidence: 0.800429441428571

00:04:10.810 --> 00:04:12.588 And this caused a burden for us

NOTE Confidence: 0.800429441428571

00:04:12.588 --> 00:04:14.595 to go elsewhere and and pay out

NOTE Confidence: 0.800429441428571

00:04:14.595 --> 00:04:16.080 of pocket for continuing education

NOTE Confidence: 0.800429441428571

00:04:16.080 --> 00:04:17.842 when many of our colleagues could

NOTE Confidence: 0.800429441428571

00:04:17.842 --> 00:04:20.870 just get that by coming to work.

NOTE Confidence: 0.800429441428571

00:04:20.870 --> 00:04:23.050 This is the first year that we were able to

NOTE Confidence: 0.800429441428571

00:04:23.106 --> 00:04:25.186 offer continuing education units arrived,

NOTE Confidence: 0.800429441428571

00:04:25.190 --> 00:04:25.942 excuse me,

NOTE Confidence: 0.800429441428571

00:04:25.942 --> 00:04:27.446 approved by the National

NOTE Confidence: 0.800429441428571

00:04:27.446 --> 00:04:28.950 Association of Social Workers,

NOTE Confidence: 0.800429441428571

00:04:28.950 --> 00:04:30.910 which meets the licensing

NOTE Confidence: 0.800429441428571

00:04:30.910 --> 00:04:32.870 renewal criteria for all.

NOTE Confidence: 0.800429441428571

00:04:32.870 --> 00:04:35.732 Other structural barriers include not having

NOTE Confidence: 0.800429441428571

00:04:35.732 --> 00:04:40.439 a defined or valued track within the school.

NOTE Confidence: 0.800429441428571

00:04:40.440 --> 00:04:43.094 So you only have to look at the OPD website

NOTE Confidence: 0.800429441428571

00:04:43.094 --> 00:04:45.510 to get a sense of how we're regarded.

NOTE Confidence: 0.800429441428571

00:04:45.510 --> 00:04:48.286 This is one example of how the institution

NOTE Confidence: 0.800429441428571

00:04:48.286 --> 00:04:49.816 communicates that our contributions

NOTE Confidence: 0.800429441428571

00:04:49.816 --> 00:04:51.756 are not understood or valued.

NOTE Confidence: 0.800429441428571

00:04:51.760 --> 00:04:53.484 It also doesn't recognize

NOTE Confidence: 0.800429441428571

00:04:53.484 --> 00:04:54.777 other masters disciplines,

NOTE Confidence: 0.800429441428571

00:04:54.780 --> 00:04:56.388 making our colleagues feel

NOTE Confidence: 0.800429441428571

00:04:56.388 --> 00:04:57.594 invisible and unsupported.

NOTE Confidence: 0.878614608695652

00:05:00.250 --> 00:05:02.000 Until recently, this academic progression

NOTE Confidence: 0.878614608695652

00:05:02.000 --> 00:05:04.495 was limited to social work and didn't

NOTE Confidence: 0.878614608695652

00:05:04.495 --> 00:05:06.220 acknowledge the contributions of other

NOTE Confidence: 0.878614608695652

00:05:06.220 --> 00:05:08.388 faculty and staff with masters degrees.

00:05:08.390 --> 00:05:10.014 Thankfully, equity minded faculty

00:05:10.014 --> 00:05:12.830 were able to advocate to change this.

00:05:12.830 --> 00:05:15.122 However, we are capped at assistant

00:05:15.122 --> 00:05:18.225 professor with the bar for what we need to

00:05:18.225 --> 00:05:20.690 establish to attract constantly moving.

00:05:23.670 --> 00:05:26.346 When the institution as a whole

00:05:26.346 --> 00:05:28.130 doesn't recognize our contributions,

00:05:28.130 --> 00:05:28.994 there's impact.

00:05:28.994 --> 00:05:31.154 Others within the institution have

00:05:31.154 --> 00:05:33.354 followed their lead and further

00:05:33.354 --> 00:05:35.294 marginalized us as a supervisor.

00:05:35.294 --> 00:05:37.502 I've heard countless stories of colleagues

00:05:37.502 --> 00:05:39.750 whose terminal degrees are doctorates,

00:05:39.750 --> 00:05:41.755 not collaborating and making decisions

00:05:41.755 --> 00:05:45.333 for a case in which the treating clinician

00:05:45.333 --> 00:05:47.838 has a masters without consultation.

NOTE Confidence: 0.887003906

00:05:47.840 --> 00:05:49.212 Whether intentional or not,

NOTE Confidence: 0.887003906

00:05:49.212 --> 00:05:51.270 these actions convey that the clinician

NOTE Confidence: 0.887003906

00:05:51.322 --> 00:05:53.254 is not as important to the treatment

NOTE Confidence: 0.887003906

00:05:53.254 --> 00:05:55.298 of the individual and that the person

NOTE Confidence: 0.887003906

00:05:55.298 --> 00:05:56.748 making the decision knows best.

NOTE Confidence: 0.887003906

00:05:56.750 --> 00:05:58.886 I, who've always been a member of the

NOTE Confidence: 0.887003906

00:05:58.886 --> 00:06:00.638 clinic leadership and who came here with

NOTE Confidence: 0.887003906

00:06:00.638 --> 00:06:02.390 over a decade of clinical experience,

NOTE Confidence: 0.887003906

00:06:02.390 --> 00:06:05.096 can share countless stories of disrespect

NOTE Confidence: 0.887003906

00:06:05.096 --> 00:06:07.769 and disregard from fellows and faculty.

NOTE Confidence: 0.887003906

00:06:07.770 --> 00:06:10.218 And I can also tell the story of

NOTE Confidence: 0.887003906

00:06:10.218 --> 00:06:11.789 being supported and respected,

NOTE Confidence: 0.887003906

00:06:11.790 --> 00:06:14.014 which is why I'm able to support our

NOTE Confidence: 0.887003906

00:06:14.014 --> 00:06:16.046 community in the ways that I do today.

NOTE Confidence: 0.887003906

00:06:16.050 --> 00:06:18.722 Today you'll hear from a tiny sampling of

NOTE Confidence: 0.887003906

00:06:18.722 --> 00:06:21.410 our faculty and staff with masters degrees,

NOTE Confidence: 0.887003906

00:06:21.410 --> 00:06:23.516 and also from one in pursuit

NOTE Confidence: 0.887003906

00:06:23.516 --> 00:06:24.920 of their Masters degree.

NOTE Confidence: 0.858036987586207

00:06:27.910 --> 00:06:30.079 There's no way to tell you about all of

NOTE Confidence: 0.858036987586207

00:06:30.079 --> 00:06:32.196 the contributions made across our missions

NOTE Confidence: 0.858036987586207

00:06:32.196 --> 00:06:34.368 by faculty and staff whose terminal

NOTE Confidence: 0.858036987586207

00:06:34.368 --> 00:06:36.704 degree is a Masters degree in an hour.

NOTE Confidence: 0.858036987586207

00:06:36.710 --> 00:06:38.726 So I've shared how busy this group

NOTE Confidence: 0.858036987586207

00:06:38.726 --> 00:06:40.811 is with how many appointments

NOTE Confidence: 0.858036987586207

00:06:40.811 --> 00:06:43.236 they're scheduling, more than half.

NOTE Confidence: 0.858036987586207

00:06:43.236 --> 00:06:46.190 And I'd like to express my gratitude,

NOTE Confidence: 0.858036987586207

00:06:46.190 --> 00:06:47.655 my sincere gratitude and admiration

NOTE Confidence: 0.858036987586207

00:06:47.655 --> 00:06:50.025 to those on our panel today who were

NOTE Confidence: 0.858036987586207

00:06:50.025 --> 00:06:51.723 able to arrange their schedules to

NOTE Confidence: 0.858036987586207

00:06:51.723 --> 00:06:53.448 share their experiences with you,

NOTE Confidence: 0.858036987586207

00:06:53.450 --> 00:06:55.010 and for those who could not.

NOTE Confidence: 0.858036987586207

00:06:55.010 --> 00:06:57.075 We see you and we appreciate you.

NOTE Confidence: 0.891171361111111

00:06:59.470 --> 00:07:01.630 Before we hear from our colleagues

NOTE Confidence: 0.891171361111111

00:07:01.630 --> 00:07:02.710 about their experiences,

NOTE Confidence: 0.891171361111111

00:07:02.710 --> 00:07:04.612 I want to acknowledge that our

NOTE Confidence: 0.891171361111111

00:07:04.612 --> 00:07:06.354 community has embraced many different

NOTE Confidence: 0.891171361111111

00:07:06.354 --> 00:07:08.449 kinds of grand rounds presentations,

NOTE Confidence: 0.891171361111111

00:07:08.450 --> 00:07:11.236 from the very academic to the very

NOTE Confidence: 0.891171361111111

00:07:11.236 --> 00:07:13.350 heartfelt and all in between.

NOTE Confidence: 0.891171361111111

00:07:13.350 --> 00:07:14.890 When our community members choose

NOTE Confidence: 0.891171361111111

00:07:14.890 --> 00:07:16.122 to share their experiences,

NOTE Confidence: 0.891171361111111

00:07:16.130 --> 00:07:19.334 there's a level of courage and

NOTE Confidence: 0.891171361111111

00:07:19.334 --> 00:07:21.470 vulnerability that presenters embrace.

NOTE Confidence: 0.891171361111111

00:07:21.470 --> 00:07:23.045 To support them and to anchor in

NOTE Confidence: 0.891171361111111

00:07:23.045 --> 00:07:24.649 the spirit of this presentation,

NOTE Confidence: 0.891171361111111

00:07:24.650 --> 00:07:26.819 I ask that you please hold that in mind.

14

NOTE Confidence: 0.891171361111111

00:07:26.820 --> 00:07:28.696 They are experts on their own experiences

NOTE Confidence: 0.891171361111111

00:07:28.696 --> 00:07:30.860 and would be happy to answer questions

NOTE Confidence: 0.891171361111111

00:07:30.860 --> 00:07:32.495 that are anchored and understanding

NOTE Confidence: 0.891171361111111

00:07:32.495 --> 00:07:34.269 more about what they have shared.

NOTE Confidence: 0.867494473529412

00:07:36.430 --> 00:07:38.439 So looking ahead, we will hear from

NOTE Confidence: 0.867494473529412

00:07:38.439 --> 00:07:40.269 different programs and in home and

NOTE Confidence: 0.867494473529412

00:07:40.269 --> 00:07:41.485 outpatient and from clinicians,

NOTE Confidence: 0.867494473529412

00:07:41.490 --> 00:07:43.645 learners and model developers about

NOTE Confidence: 0.867494473529412

00:07:43.645 --> 00:07:45.800 their experiences as faculty and

NOTE Confidence: 0.867494473529412

00:07:45.863 --> 00:07:47.733 staff with master's degrees through

NOTE Confidence: 0.867494473529412

00:07:47.733 --> 00:07:50.490 their work at the Child Study Center.

NOTE Confidence: 0.867494473529412

00:07:50.490 --> 00:07:52.730 We'll have Mackenzie Fay and Bridget Torres.

NOTE Confidence: 0.867494473529412

00:07:52.730 --> 00:07:55.222 Both are clinicians and Bridget is also

00:07:55.222 --> 00:07:57.802 a team supervisor and there shall share

NOTE Confidence: 0.867494473529412

00:07:57.802 --> 00:08:00.540 about their experiences in the ICAPS program.

NOTE Confidence: 0.867494473529412

00:08:00.540 --> 00:08:02.731 We'll also hear from Amy Myers who

NOTE Confidence: 0.867494473529412

00:08:02.731 --> 00:08:04.938 is a consultant for family based

00:08:09.220 --> 00:08:11.800 Her colleague Karen Hansen, who is

00:08:11.800 --> 00:08:14.525 director of of FBR Model and development.

NOTE Confidence: 0.867494473529412

00:08:14.525 --> 00:08:16.870 I can never say that right model

NOTE Confidence: 0.867494473529412

00:08:16.934 --> 00:08:20.640 development and operations, pardon me.

NOTE Confidence: 0.867494473529412

00:08:20.640 --> 00:08:22.105 Had an unexpected situation arise

NOTE Confidence: 0.867494473529412

00:08:22.105 --> 00:08:23.770 today and she couldn't join us.

NOTE Confidence: 0.867494473529412

00:08:23.770 --> 00:08:26.506 But Amy will present for both.

NOTE Confidence: 0.867494473529412

00:08:26.510 --> 00:08:28.640 And then finally we'll hear from

NOTE Confidence: 0.867494473529412

00:08:34.550 --> 00:08:36.832 And so Heather is a clinician who's

NOTE Confidence: 0.867494473529412

00:08:36.832 --> 00:08:39.292 been with us and does all the

00:08:41.483 --> 00:08:43.248 is a clinician and intern.

00:08:43.250 --> 00:08:45.346 So thank you for your time and attention.

NOTE Confidence: 0.867494473529412

00:08:45.350 --> 00:08:46.808 Thank you for joining us today.

NOTE Confidence: 0.867494473529412

00:08:46.810 --> 00:08:48.610 Thank you for supporting everyone

NOTE Confidence: 0.867494473529412

00:08:48.610 --> 00:08:49.690 in our community.

NOTE Confidence: 0.867494473529412

00:08:49.690 --> 00:08:51.550 And without further ado,

NOTE Confidence: 0.867494473529412

00:08:51.550 --> 00:08:55.240 we will start with Bridgette and Mackenzie.

NOTE Confidence: 0.37862757

00:09:05.380 --> 00:09:08.058 Aye. Please correct me if

NOTE Confidence: 0.37862757

00:09:08.060 --> 00:09:09.268 I'm using the microphone

NOTE Confidence: 0.37862757

00:09:09.268 --> 00:09:10.647 incorrectly or you can't hear me.

NOTE Confidence: 0.37862757

00:09:10.647 --> 00:09:12.370 This is my first time using a

NOTE Confidence: 0.37862757

00:09:12.370 --> 00:09:14.470 microphone in my adult life,

NOTE Confidence: 0.37862757

00:09:14.470 --> 00:09:17.028 so we're going to try.

NOTE Confidence: 0.37862757

00:09:17.030 --> 00:09:18.300 My name is Bridget Torres.

NOTE Confidence: 0.718754583333333

00:09:18.310 --> 00:09:20.014 I'm an icaps clinician

NOTE Confidence: 0.718754583333333

00:09:20.014 --> 00:09:21.790 and clinical supervisor.

NOTE Confidence: 0.718754583333333

00:09:21.790 --> 00:09:23.986 And I have been working within

NOTE Confidence: 0.718754583333333

00:09:23.986 --> 00:09:26.622 the ICAPS program and at the Yale

NOTE Confidence: 0.718754583333333

00:09:26.622 --> 00:09:28.824 Child Study Center for eight years.

NOTE Confidence: 0.718754583333333

00:09:28.830 --> 00:09:30.693 And I'm also going to pass over to Mackenzie.

NOTE Confidence: 0.718754583333333

00:09:30.700 --> 00:09:32.311 We're kind of going to do a like back

NOTE Confidence: 0.718754583333333

00:09:32.311 --> 00:09:33.848 and forth and share our individual

NOTE Confidence: 0.718754583333333

00:09:33.850 --> 00:09:35.498 experiences and then talk a little bit

NOTE Confidence: 0.718754583333333

00:09:35.498 --> 00:09:38.790 about the program as a whole. And yes,

NOTE Confidence: 0.773667468

00:09:38.800 --> 00:09:40.746 I'm Mackenzie Fay. I'm an LPC

NOTE Confidence: 0.773667468

00:09:40.746 --> 00:09:42.460 licensed professional counselor.

NOTE Confidence: 0.773667468

00:09:42.460 --> 00:09:45.507 And I've been, I was here for about a

NOTE Confidence: 0.773667468

00:09:45.507 --> 00:09:47.127 year and a half and then I left for a

NOTE Confidence: 0.773667468

00:09:47.127 --> 00:09:49.980 little while and came back. So, so yeah.

NOTE Confidence: 0.723922

00:09:51.670 --> 00:09:56.530 Yeah, so. I can tell you guys

NOTE Confidence: 0.723922

00:09:56.530 --> 00:09:58.540 a little bit more about icaps.

NOTE Confidence: 0.880173654285714

00:09:58.540 --> 00:10:01.200 Icaps which stands for intensive in home,

NOTE Confidence: 0.880173654285714

00:10:01.200 --> 00:10:03.522 childhood and adolescent

00:10:03.522 --> 00:10:05.070 psychiatric services.

NOTE Confidence: 0.880173654285714

00:10:05.070 --> 00:10:07.714 Is a program which serves youth

NOTE Confidence: 0.880173654285714

00:10:14.828 --> 00:10:18.070 difficulties as well as family stressors.

NOTE Confidence: 0.880173654285714

00:10:18.070 --> 00:10:21.294 We see kids that have histories of trauma,

NOTE Confidence: 0.880173654285714

00:10:21.300 --> 00:10:23.935 and generally our kids come

NOTE Confidence: 0.880173654285714

00:10:26.510 --> 00:10:29.975 they come to us from the hospital,

00:10:29.980 --> 00:10:33.720 from IOP, just from many different places,

NOTE Confidence: 0.880173654285714

00:10:33.720 --> 00:10:35.346 and we work with the families.

NOTE Confidence: 0.880173654285714

NOTE Confidence: 0.880173654285714

00:10:46.848 --> 00:10:50.840 every week and as well as supporting

NOTE Confidence: 0.880173654285714

00:10:50.840 --> 00:10:53.720 the families in multiple domains.

NOTE Confidence: 0.880173654285714

00:10:53.720 --> 00:10:55.136 So we work with them in the community.

NOTE Confidence: 0.880173654285714

00:10:55.140 --> 00:10:56.248 We also work with

NOTE Confidence: 0.844102216666667

00:10:56.300 --> 00:10:58.526 schools. We're kind of everywhere that

NOTE Confidence: 0.786225774285714

00:10:58.540 --> 00:11:02.327 the child doesn't, that the family is.

NOTE Confidence: 0.786225774285714

00:11:02.330 --> 00:11:04.150 I think it's a very special program

NOTE Confidence: 0.786225774285714

00:11:04.150 --> 00:11:06.347 and it has provided a lot of

NOTE Confidence: 0.786225774285714

00:11:06.347 --> 00:11:07.703 unique opportunities for learning

NOTE Confidence: 0.786225774285714

00:11:07.703 --> 00:11:09.408 over the last couple of years.

NOTE Confidence: 0.893724359166667

00:11:12.400 --> 00:11:14.740 I will talk a little bit more now about

NOTE Confidence: 0.893724359166667

00:11:14.740 --> 00:11:17.053 what led me to clinical work in general

20

NOTE Confidence: 0.893724359166667

00:11:17.053 --> 00:11:20.074 and then I'll pass over to McKenzie, so.

NOTE Confidence: 0.893724359166667

00:11:20.074 --> 00:11:25.410 I when I was. A kid, like many kids.

NOTE Confidence: 0.893724359166667

00:11:25.410 --> 00:11:27.490 There were like 3 professions.

NOTE Confidence: 0.893724359166667

00:11:27.490 --> 00:11:29.245 You could be. I wanted to be a vet.

NOTE Confidence: 0.893724359166667

00:11:29.250 --> 00:11:30.550 That was my calling.

NOTE Confidence: 0.893724359166667

00:11:30.550 --> 00:11:31.980 I thought I was going to take care

NOTE Confidence: 0.893724359166667

00:11:31.980 --> 00:11:34.534 of animals and realized when I was

NOTE Confidence: 0.893724359166667

00:11:34.534 --> 00:11:37.050 fourteen that that involved youthanasia.

NOTE Confidence: 0.893724359166667

00:11:37.050 --> 00:11:40.066 And I was like, I don't want to do that.

NOTE Confidence: 0.893724359166667

00:11:40.070 --> 00:11:41.935 I can help people.

NOTE Confidence: 0.893724359166667

00:11:41.935 --> 00:11:45.240 So I thought about going into therapy

NOTE Confidence: 0.893724359166667

00:11:45.240 --> 00:11:47.156 in high school, going into therapy

NOTE Confidence: 0.893724359166667

00:11:47.156 --> 00:11:48.608 as a clinician in high school.

NOTE Confidence: 0.893724359166667

00:11:48.610 --> 00:11:49.888 I should say.

NOTE Confidence: 0.893724359166667

00:11:49.888 --> 00:11:52.444 What kind of spurred my decision

NOTE Confidence: 0.893724359166667

00:11:52.444 --> 00:11:55.475 further was that. I had um.

NOTE Confidence: 0.893724359166667

00:11:55.475 --> 00:11:58.500 A lot of family experiences

NOTE Confidence: 0.893724359166667

00:11:58.500 --> 00:11:59.790 with mental health.

NOTE Confidence: 0.893724359166667

00:11:59.790 --> 00:12:02.520 My dad for most of my childhood

NOTE Confidence: 0.893724359166667

00:12:02.520 --> 00:12:04.410 had undiagnosed bipolar disorder,

NOTE Confidence: 0.893724359166667

00:12:04.410 --> 00:12:06.890 which became diagnosed bipolar disorder.

NOTE Confidence: 0.893724359166667

00:12:06.890 --> 00:12:08.298 And when that happened,

NOTE Confidence: 0.893724359166667

00:12:08.298 --> 00:12:10.058 we started to interact more

NOTE Confidence: 0.893724359166667

00:12:10.058 --> 00:12:11.810 with different therapists.

NOTE Confidence: 0.893724359166667

00:12:11.810 --> 00:12:14.218 Psychiatrists did family therapy.

NOTE Confidence: 0.868159684736842

00:12:16.290 --> 00:12:18.215 And there was all of the stressors

NOTE Confidence: 0.868159684736842

00:12:18.215 --> 00:12:19.978 that come with that and that

NOTE Confidence: 0.868159684736842

00:12:19.978 --> 00:12:21.736 being part of your family system.

NOTE Confidence: 0.868159684736842

00:12:21.740 --> 00:12:24.295 And then I also have had several

NOTE Confidence: 0.868159684736842

00:12:24.295 --> 00:12:25.928 close experiences with people

NOTE Confidence: 0.868159684736842

00:12:25.928 --> 00:12:27.788 that have completed suicide.

00:12:27.790 --> 00:12:30.630 And so all of these things kind of

00:12:30.630 --> 00:12:33.318 happened at a pretty formative time

00:12:33.318 --> 00:12:36.800 for me and led me into social work

00:12:36.800 --> 00:12:40.766 and therapy as a whole when I was in.

00:12:40.766 --> 00:12:43.070 Undergrad I majored in psychology and

00:12:43.151 --> 00:12:45.736 child and adolescent mental health,

00:12:45.740 --> 00:12:48.043 so I've been in this world for

00:12:48.043 --> 00:12:50.520 since I was basically a child.

00:12:50.520 --> 00:12:53.579 My brain was definitely not fully developed,

00:12:53.580 --> 00:12:55.519 but I had the opportunity to work

00:12:55.519 --> 00:12:57.389 with kids with selective mutism,

00:12:57.390 --> 00:13:00.718 and I had the opportunity to work in.

00:13:00.720 --> 00:13:01.538 School settings.

00:13:01.538 --> 00:13:04.401 And I saw the impact that social

00:13:04.401 --> 00:13:06.721 workers had with the kids that

00:13:06.721 --> 00:13:08.189 were in those settings,

NOTE Confidence: 0.868159684736842

00:13:08.190 --> 00:13:09.462 particularly when I was in a

NOTE Confidence: 0.868159684736842

00:13:09.462 --> 00:13:10.785 school setting where that was kind

NOTE Confidence: 0.868159684736842

00:13:10.785 --> 00:13:12.297 of one of the only mental health

NOTE Confidence: 0.868159684736842

00:13:12.297 --> 00:13:13.496 professionals that they had access to.

NOTE Confidence: 0.796219773333333

00:13:16.020 --> 00:13:17.892 As I was completing my BA, I thought,

NOTE Confidence: 0.796219773333333

00:13:17.892 --> 00:13:19.460 OK, what do I want to do next?

NOTE Confidence: 0.796219773333333

00:13:19.460 --> 00:13:21.730 Do I want to try to pursue a PhD in

NOTE Confidence: 0.796219773333333

00:13:21.798 --> 00:13:24.718 psychology or do I want to go to social work?

NOTE Confidence: 0.796219773333333

00:13:24.720 --> 00:13:27.079 And the combination of kind of seeing

NOTE Confidence: 0.796219773333333

00:13:27.079 --> 00:13:29.396 what social workers have been able to do,

NOTE Confidence: 0.796219773333333

00:13:29.400 --> 00:13:33.238 as well as knowing that I

NOTE Confidence: 0.796219773333333

00:13:33.238 --> 00:13:34.128 didn't really have the money

NOTE Confidence: 0.925295359

00:13:34.140 --> 00:13:36.610 to be in school for another 5 to 7 years

NOTE Confidence: 0.841638293

00:13:36.920 --> 00:13:39.552 meant that I pursued social work and

NOTE Confidence: 0.841638293

00:13:39.552 --> 00:13:41.795 had the opportunity in my graduate

NOTE Confidence: 0.841638293

00:13:41.795 --> 00:13:44.238 training to work further in a school.

NOTE Confidence: 0.841638293

00:13:44.240 --> 00:13:46.670 And I also had the chance to work at an.

NOTE Confidence: 0.841638293

00:13:46.670 --> 00:13:51.650 Intensive outpatient program for youths with.

NOTE Confidence: 0.841638293

00:13:51.650 --> 00:13:54.122 OCD. And their families.

NOTE Confidence: 0.841638293

00:13:54.122 --> 00:13:58.424 And I saw the ways that parents

NOTE Confidence: 0.841638293

00:13:58.424 --> 00:14:00.248 impacted their children.

NOTE Confidence: 0.841638293

00:14:00.250 --> 00:14:01.750 Kind of from the other side,

NOTE Confidence: 0.841638293

00:14:01.750 --> 00:14:04.264 as the therapist and when I

NOTE Confidence: 0.841638293

00:14:04.264 --> 00:14:07.165 applied as I was graduating from

NOTE Confidence: 0.841638293

00:14:07.165 --> 00:14:10.525 my Masters program moved on to.

NOTE Confidence: 0.841638293

00:14:10.530 --> 00:14:12.672 Apply for the advanced clinical Social

NOTE Confidence: 0.841638293

00:14:12.672 --> 00:14:15.128 Work fellowship here and was offered that,

NOTE Confidence: 0.841638293

00:14:15.130 --> 00:14:18.970 and I was recruited into the icaps track.

NOTE Confidence: 0.841638293

00:14:18.970 --> 00:14:21.680 So I always say that Icaps chose me,

NOTE Confidence: 0.841638293

00:14:21.680 --> 00:14:24.600 and then I learned that I loved it.

NOTE Confidence: 0.841638293

00:14:24.600 --> 00:14:25.960 Umm, and

NOTE Confidence: 0.913746198333333

00:14:25.970 --> 00:14:27.020 that is how we got there.

NOTE Confidence: 0.913746198333333

00:14:27.020 --> 00:14:29.178 I'm going to pass to my camp.

NOTE Confidence: 0.913746198333333

00:14:29.180 --> 00:14:32.488 Thank you. Yeah I kind of similar

NOTE Confidence: 0.8960422

00:14:32.500 --> 00:14:34.888 I think although when I'm thinking

NOTE Confidence: 0.8960422

00:14:34.888 --> 00:14:36.667 about how I got here I I do think

NOTE Confidence: 0.8960422

00:14:36.667 --> 00:14:38.075 the first time I realized I wanted

NOTE Confidence: 0.8960422

00:14:38.075 --> 00:14:39.880 to be a therapist as an adolescent.

NOTE Confidence: 0.8960422

00:14:39.880 --> 00:14:41.672 I think I was like counseling a

NOTE Confidence: 0.8960422

00:14:41.672 --> 00:14:43.620 random peer on their family issues.

NOTE Confidence: 0.8960422

00:14:43.620 --> 00:14:45.572 So it it it was always going to be

NOTE Confidence: 0.8960422

00:14:45.572 --> 00:14:47.348 family stuff but I don't think I

NOTE Confidence: 0.8960422

00:14:47.348 --> 00:14:48.560 realized that until later because

NOTE Confidence: 0.8960422

00:14:48.560 --> 00:14:49.564 I don't know people know that.

NOTE Confidence: 0.8960422

00:14:49.564 --> 00:14:50.107 I mean icaps

NOTE Confidence: 0.7068087

00:14:50.120 --> 00:14:52.588 has from a clinic

NOTE Confidence: 0.784421401428571

00:14:52.600 --> 00:14:54.770 a clinician standpoint it's something

NOTE Confidence: 0.784421401428571

00:14:54.770 --> 00:14:57.208 it's intensive work you don't

NOTE Confidence: 0.784421401428571

00:14:57.208 --> 00:14:59.480 need a licensure to to do it and

NOTE Confidence: 0.784421401428571

00:14:59.480 --> 00:15:01.300 so there is kind of a reputation.

NOTE Confidence: 0.784421401428571

00:15:01.300 --> 00:15:03.892 By caps as a clinician that you know

NOTE Confidence: 0.784421401428571

00:15:03.892 --> 00:15:06.935 you can do it right out of your your

NOTE Confidence: 0.784421401428571

00:15:06.935 --> 00:15:09.374 masters and also but it's intense and

NOTE Confidence: 0.784421401428571

00:15:09.374 --> 00:15:11.350 it's a lot and so I'd never I can't

NOTE Confidence: 0.784421401428571

00:15:11.350 --> 00:15:13.593 say that I had this kind of identified

NOTE Confidence: 0.784421401428571

00:15:13.593 --> 00:15:16.170 as something I wanted to do but over

NOTE Confidence: 0.784421401428571

00:15:16.170 --> 00:15:18.194 time you know I think I thought I

NOTE Confidence: 0.784421401428571

00:15:18.194 --> 00:15:20.330 would go into into private practice

NOTE Confidence: 0.784421401428571

00:15:20.330 --> 00:15:23.522 more so but with my experiences

NOTE Confidence: 0.784421401428571

00:15:23.522 --> 00:15:26.980 with my own kind of family dynamics

NOTE Confidence: 0.88249403

00:15:27.990 --> 00:15:30.058 and slowly getting to see over

NOTE Confidence: 0.9045183325

00:15:30.070 --> 00:15:31.930 time that. You know,

NOTE Confidence: 0.9045183325

00:15:31.930 --> 00:15:34.190 issues that people struggle with,

NOTE Confidence: 0.9045183325

00:15:34.190 --> 00:15:36.810 there's always in relation to to somebody

NOTE Confidence: 0.9045183325

00:15:36.810 --> 00:15:39.538 else and often like who's closest to you,

NOTE Confidence: 0.9045183325

00:15:39.538 --> 00:15:41.728 which might be your family.

NOTE Confidence: 0.9045183325

00:15:41.730 --> 00:15:43.120 I started to see that more

NOTE Confidence: 0.9045183325

00:15:43.120 --> 00:15:44.170 significance of that.

NOTE Confidence: 0.9045183325

00:15:44.170 --> 00:15:47.660 And so I I started icaps through

NOTE Confidence: 0.9045183325

00:15:47.660 --> 00:15:51.140 another agency in Bridgeport.

NOTE Confidence: 0.9045183325

00:15:51.140 --> 00:15:53.582 And eventually moved to Yale which

NOTE Confidence: 0.9045183325

00:15:53.582 --> 00:15:56.343 is the the place that the model was

NOTE Confidence: 0.9045183325

00:15:56.343 --> 00:15:59.190 developed in a very different experience.

NOTE Confidence: 0.9045183325

00:15:59.190 --> 00:16:00.569 And then I actually left for a

NOTE Confidence: 0.9045183325

00:16:00.569 --> 00:16:01.930 little while and did some private

NOTE Confidence: 0.9045183325

00:16:01.930 --> 00:16:03.135 practice stuff and came back.

NOTE Confidence: 0.9045183325

00:16:03.140 --> 00:16:04.152 And because there's there's

00:16:04.152 --> 00:16:05.164 getting into our experience,

00:16:05.170 --> 00:16:07.053 I mean there's there's nothing like

00:16:07.053 --> 00:16:10.117 the the way that icaps is and and

00:16:10.117 --> 00:16:12.910 the dynamics like we are. You know,

00:16:12.910 --> 00:16:14.110 there there's just so many different.

00:16:14.110 --> 00:16:16.150 Our, our days are just totally,

00:16:16.150 --> 00:16:18.240 you know, in the car driving,

00:16:18.240 --> 00:16:19.690 maybe driving a parent somewhere,

00:16:19.690 --> 00:16:20.730 maybe helping, you know,

00:16:20.730 --> 00:16:22.398 going to school for a PT.

00:16:22.400 --> 00:16:23.430 I mean,

00:16:23.430 --> 00:16:26.470 it's just very exciting and it is intense.

00:16:26.470 --> 00:16:29.010 And we really get to be a part

00:16:29.010 --> 00:16:30.930 of the family's lives.

00:16:30.930 --> 00:16:32.006 We're in their homes,

00:16:32.006 --> 00:16:33.620 we're meeting people in their lives

NOTE Confidence: 0.9045183325

00:16:33.675 --> 00:16:36.590 who are coming through their homes.

NOTE Confidence: 0.9045183325

00:16:36.590 --> 00:16:38.435 It's a really,

NOTE Confidence: 0.9045183325

00:16:38.435 --> 00:16:41.510 it's a really great experience.

NOTE Confidence: 0.9045183325

00:16:41.510 --> 00:16:42.430 I don't know if you want to talk

NOTE Confidence: 0.803978725

00:16:42.440 --> 00:16:43.500 more about your experience.

NOTE Confidence: 0.783905084

00:16:45.340 --> 00:16:47.560 So my experience with icaps, like

NOTE Confidence: 0.889610637142857

00:16:47.570 --> 00:16:49.194 I said, I started as a fellow

NOTE Confidence: 0.866080175

00:16:49.630 --> 00:16:58.008 working with. Former fellows and. I was.

NOTE Confidence: 0.866080175

00:16:58.010 --> 00:16:59.746 It's like so hard to put into words.

NOTE Confidence: 0.866080175

00:16:59.750 --> 00:17:02.354 I think all of the different ways that

NOTE Confidence: 0.866080175

00:17:02.354 --> 00:17:06.330 this work is engaging and exciting and.

NOTE Confidence: 0.866080175

00:17:06.330 --> 00:17:09.256 I remember I always think of this

NOTE Confidence: 0.866080175

00:17:09.256 --> 00:17:11.120 as like an example of an icaps case

NOTE Confidence: 0.866080175

00:17:11.179 --> 00:17:13.347 because it was like my first icaps case,

NOTE Confidence: 0.866080175

00:17:13.350 --> 00:17:17.193 which was a family who had had eye caps.

00:17:17.200 --> 00:17:18.082 They had struggled,

00:17:18.082 --> 00:17:20.140 they came back and we had the

00:17:20.206 --> 00:17:22.366 opportunity to work with them again.

00:17:22.370 --> 00:17:25.430 And we engage this family in

00:17:25.430 --> 00:17:29.100 every way that you could imagine.

00:17:29.100 --> 00:17:32.508 We took this mom to her housing appointments.

00:17:32.510 --> 00:17:33.550 We took the kids.

00:17:33.550 --> 00:17:35.485 We would pick the kids up from

00:17:35.485 --> 00:17:37.045 school and go to sessions.

00:17:37.050 --> 00:17:39.378 We had an entire day where

00:17:39.378 --> 00:17:41.610 the family had this family.

00:17:41.610 --> 00:17:45.453 For part of the period that we were open.

00:17:45.460 --> 00:17:49.830 Had insecure housing and they.

00:17:49.830 --> 00:17:51.902 Found a new place to live and we

00:17:51.902 --> 00:17:53.547 moved their stuff in our cars,

00:17:53.550 --> 00:17:57.454 in bags and we spent the whole day

NOTE Confidence: 0.866080175

00:17:57.454 --> 00:17:59.985 with them and we helped them build

NOTE Confidence: 0.866080175

00:17:59.985 --> 00:18:02.132 furniture for their new place and we

NOTE Confidence: 0.866080175

00:18:02.132 --> 00:18:03.987 did all of these things with them

NOTE Confidence: 0.866080175

00:18:03.987 --> 00:18:05.868 while we were also doing therapy.

NOTE Confidence: 0.866080175

00:18:05.870 --> 00:18:09.857 We were engaging this parent in a way that.

NOTE Confidence: 0.866080175

00:18:09.860 --> 00:18:12.956 She could connect with us because

NOTE Confidence: 0.866080175

00:18:12.960 --> 00:18:14.400 we were literally meeting her,

NOTE Confidence: 0.866080175

00:18:14.400 --> 00:18:16.800 like where she was at on the floor,

NOTE Confidence: 0.866080175

00:18:16.800 --> 00:18:19.710 making the furniture, talking about.

NOTE Confidence: 0.866080175

00:18:19.710 --> 00:18:22.850 Her life and how she got to where she was

NOTE Confidence: 0.866080175

00:18:22.931 --> 00:18:25.685 and I I think it was in those moments

NOTE Confidence: 0.866080175

00:18:25.685 --> 00:18:28.295 as a new clinician that I was like,

NOTE Confidence: 0.866080175

00:18:28.295 --> 00:18:29.906 oh, this is so different.

NOTE Confidence: 0.866080175

00:18:29.906 --> 00:18:34.319 And this is like really what I want to do.

NOTE Confidence: 0.866080175

00:18:34.320 --> 00:18:38.060 For a long time. And.

NOTE Confidence: 0.866080175

00:18:38.060 --> 00:18:40.640 I think even as I've moved,

NOTE Confidence: 0.866080175

00:18:40.640 --> 00:18:43.170 because I've now been here 8-8 years and

NOTE Confidence: 0.866080175

00:18:43.170 --> 00:18:47.780 in home world is like 30 years like.

NOTE Confidence: 0.866080175

00:18:47.780 --> 00:18:48.030 It

NOTE Confidence: 0.950539078

00:18:48.030 --> 00:18:49.616 feels like a long time and then if

NOTE Confidence: 0.950539078

00:18:49.616 --> 00:18:51.645 it if it's 30 years, it's like 100,

NOTE Confidence: 0.950539078

00:18:51.645 --> 00:18:54.520 it's so there's a Max behind it.

NOTE Confidence: 0.950539078

00:18:54.520 --> 00:18:59.432 But I I think that as someone

NOTE Confidence: 0.950539078

00:18:59.432 --> 00:19:01.399 say it's true, it feels like it.

NOTE Confidence: 0.7970059375

00:19:02.560 --> 00:19:06.468 I think I've. I've.

NOTE Confidence: 0.7970059375

00:19:06.470 --> 00:19:09.246 Had the experience of being like a clinician,

NOTE Confidence: 0.7970059375

00:19:09.250 --> 00:19:10.438 full-time moving and going,

NOTE Confidence: 0.7970059375

00:19:10.438 --> 00:19:11.626 and it's so exciting.

NOTE Confidence: 0.7970059375

00:19:11.630 --> 00:19:12.866 And then now I'm in this

NOTE Confidence: 0.7970059375

00:19:12.866 --> 00:19:14.690 role where I am supervising,

NOTE Confidence: 0.7970059375

33

00:19:14.690 --> 00:19:16.670 I've also had the opportunity to

NOTE Confidence: 0.7970059375

00:19:16.670 --> 00:19:19.062 participate in some of the research and

NOTE Confidence: 0.7970059375

00:19:19.062 --> 00:19:21.078 kind of contribute what I've learned

NOTE Confidence: 0.7970059375

00:19:21.078 --> 00:19:23.518 as a clinician to our icaps research.

NOTE Confidence: 0.7970059375

00:19:23.520 --> 00:19:25.291 And present a little bit about it

NOTE Confidence: 0.7970059375

00:19:25.291 --> 00:19:27.299 a couple of years ago with Soyon,

NOTE Confidence: 0.7970059375

00:19:27.300 --> 00:19:30.180 which was really awesome.

NOTE Confidence: 0.7970059375

00:19:30.180 --> 00:19:32.410 And it just has presented all

NOTE Confidence: 0.7970059375

00:19:32.410 --> 00:19:34.350 these really unique opportunities

NOTE Confidence: 0.7970059375

00:19:34.350 --> 00:19:36.775 to continue learning and growing.

NOTE Confidence: 0.7970059375

00:19:36.780 --> 00:19:38.957 And even right now as a supervisor,

NOTE Confidence: 0.7970059375

00:19:38.960 --> 00:19:40.085 I feel like I'm constantly

NOTE Confidence: 0.7970059375

00:19:40.085 --> 00:19:40.985 learning and I'm learning

NOTE Confidence: 0.851397534545454

00:19:41.000 --> 00:19:42.140 from the folks that I supervise

NOTE Confidence: 0.851397534545454

00:19:42.140 --> 00:19:43.642 who are in this room right now,

NOTE Confidence: 0.851397534545454

00:19:43.642 --> 00:19:45.688 and I'm really happy they're here.

NOTE Confidence: 0.81810045

00:19:47.980 --> 00:19:50.699 And it's just, it's,

NOTE Confidence: 0.811811280769231

00:19:51.010 --> 00:19:52.658 I don't know, I I'll keep saying it's

NOTE Confidence: 0.811811280769231

00:19:52.658 --> 00:19:54.686 special over and over again, which is

NOTE Confidence: 0.811811280769231

00:19:54.686 --> 00:19:58.032 like very repetitive but it's just so.

NOTE Confidence: 0.811811280769231

00:19:58.040 --> 00:20:02.156 Unique and has given me so much.

NOTE Confidence: 0.811811280769231

00:20:02.160 --> 00:20:04.420 So much as a person,

NOTE Confidence: 0.811811280769231

00:20:04.420 --> 00:20:06.040 even like outside of the work,

NOTE Confidence: 0.811811280769231

00:20:06.040 --> 00:20:07.378 it's just changed who I am.

NOTE Confidence: 0.811811280769231

00:20:07.380 --> 00:20:12.834 So important. Yeah. You want to jump to?

NOTE Confidence: 0.811811280769231

00:20:12.834 --> 00:20:14.633 Should I jump to the last piece?

NOTE Confidence: 0.811811280769231

00:20:14.640 --> 00:20:18.536 OK. Umm. I guess.

NOTE Confidence: 0.811811280769231

00:20:18.536 --> 00:20:20.630 So the the last piece that we were

NOTE Confidence: 0.811811280769231

00:20:20.630 --> 00:20:22.539 going to talk about is kind of like

NOTE Confidence: 0.811811280769231

00:20:22.539 --> 00:20:24.111 the community within the ICAPS program

NOTE Confidence: 0.811811280769231

00:20:24.111 --> 00:20:25.950 and then the community within the

NOTE Confidence: 0.811811280769231

00:20:25.950 --> 00:20:28.041 larger Child Study Center and some of

NOTE Confidence: 0.811811280769231

00:20:28.041 --> 00:20:29.643 the things that have made it really

NOTE Confidence: 0.811811280769231

00:20:29.643 --> 00:20:31.232 great and some of the things that

NOTE Confidence: 0.811811280769231

00:20:31.232 --> 00:20:34.540 have been more challenging I think.

NOTE Confidence: 0.811811280769231

00:20:34.540 --> 00:20:36.099 Especially when we were

NOTE Confidence: 0.811811280769231

00:20:36.100 --> 00:20:37.102 in separate buildings,

NOTE Confidence: 0.811811280769231

00:20:37.102 --> 00:20:39.980 it could feel like there was like in home,

NOTE Confidence: 0.811811280769231

00:20:39.980 --> 00:20:42.539 dynamic and like.

NOTE Confidence: 0.811811280769231

00:20:42.540 --> 00:20:44.205 Outpatient dynamic and they felt

NOTE Confidence: 0.811811280769231

00:20:44.205 --> 00:20:46.440 different and it has felt better as

NOTE Confidence: 0.811811280769231

00:20:46.440 --> 00:20:48.710 we're like all collaborating more fully.

NOTE Confidence: 0.91742175

00:20:50.830 --> 00:20:53.788 And I think that that's been.

NOTE Confidence: 0.91742175

00:20:53.790 --> 00:20:55.320 That's been an interesting thing

NOTE Confidence: 0.91742175

00:20:55.320 --> 00:20:57.862 to kind of figure out how to deal

NOTE Confidence: 0.91742175

00:20:57.862 --> 00:21:00.405 in community with everybody here.

NOTE Confidence: 0.91742175

00:21:00.405 --> 00:21:05.058 Umm. I've also. Joked.

NOTE Confidence: 0.91742175

00:21:05.060 --> 00:21:06.230 But it's not really a joke,

NOTE Confidence: 0.91742175

00:21:06.230 --> 00:21:07.780 because it's a fact that,

NOTE Confidence: 0.91742175

00:21:07.780 --> 00:21:11.076 like Yale is a place that Yale is

NOTE Confidence: 0.91742175

00:21:11.076 --> 00:21:13.580 a university just started letting

NOTE Confidence: 0.91742175

00:21:13.580 --> 00:21:16.748 women into their College in the.

NOTE Confidence: 0.91742175

00:21:16.750 --> 00:21:20.880 16. The 50s.

NOTE Confidence: 0.91742175

00:21:20.880 --> 00:21:24.858 Too close to like when I was alive.

NOTE Confidence: 0.91742175

00:21:24.860 --> 00:21:26.150 Like my parents were around.

NOTE Confidence: 0.864159026

00:21:28.870 --> 00:21:37.999 What year is it, 69? 69. So 69 so yeah.

NOTE Confidence: 0.864159026

00:21:38.000 --> 00:21:39.506 Yale can sometimes feel like a

NOTE Confidence: 0.875715076666667

00:21:39.520 --> 00:21:41.590 place that just started doing open.

NOTE Confidence: 0.6610712725

00:21:41.600 --> 00:21:46.296 So we and because I was born 20 years after

NOTE Confidence: 0.6610712725

00:21:46.296 --> 00:21:50.630 it started letting women in. Umm, so I

NOTE Confidence: 0.910329995714286

00:21:50.640 --> 00:21:53.650 I think that can sometimes carry through.

NOTE Confidence: 0.910329995714286

00:21:53.650 --> 00:21:57.028 In the ways that people respond,

NOTE Confidence: 0.910329995714286

00:21:57.030 --> 00:22:00.850 social work is is a predominantly like.

NOTE Confidence: 0.910329995714286

00:22:00.850 --> 00:22:04.980 Female field, but I think that we're

NOTE Confidence: 0.910329995714286

00:22:04.980 --> 00:22:08.140 also mostly masters level clinicians

NOTE Confidence: 0.910329995714286

00:22:08.140 --> 00:22:12.910 here and that has been. Challenging.

NOTE Confidence: 0.910329995714286

00:22:12.910 --> 00:22:14.548 I think sometimes the medical model

NOTE Confidence: 0.910329995714286

00:22:14.548 --> 00:22:16.010 is challenging for that reason.

NOTE Confidence: 0.910329995714286

00:22:16.010 --> 00:22:19.914 It can feel like we spend the most

NOTE Confidence: 0.910329995714286

00:22:19.914 --> 00:22:26.030 time with clients and even. Um.

NOTE Confidence: 0.910329995714286

00:22:26.030 --> 00:22:30.064 Come in with a breadth of experience, I feel,

NOTE Confidence: 0.910329995714286

00:22:30.064 --> 00:22:31.546 even from like our graduate training,

NOTE Confidence: 0.910329995714286

00:22:31.550 --> 00:22:34.050 but it's not always respected

NOTE Confidence: 0.910329995714286

00:22:34.050 --> 00:22:37.259 in the same way that an MD.

NOTE Confidence: 0.910329995714286

00:22:37.260 --> 00:22:38.580 Z opinion would be even though

NOTE Confidence: 0.910329995714286

00:22:38.580 --> 00:22:40.427 we we see a lot and especially

NOTE Confidence: 0.910329995714286

00:22:40.427 --> 00:22:41.937 as we like gain experience,

NOTE Confidence: 0.910329995714286

00:22:41.940 --> 00:22:44.628 we have a we have a lot of

NOTE Confidence: 0.910329995714286

00:22:44.628 --> 00:22:46.020 clinical acumen I think.

NOTE Confidence: 0.910329995714286

00:22:46.020 --> 00:22:48.480 And so that has been challenging.

NOTE Confidence: 0.910329995714286

00:22:48.480 --> 00:22:51.496 And I think even coming in is like,

NOTE Confidence: 0.910329995714286

00:22:51.500 --> 00:22:53.498 I'm a first generation college student.

NOTE Confidence: 0.910329995714286

00:22:53.500 --> 00:22:55.396 My parents didn't go to college.

NOTE Confidence: 0.910329995714286

00:22:55.400 --> 00:22:56.681 Nobody knew what.

NOTE Confidence: 0.910329995714286

00:22:56.681 --> 00:22:58.816 Half my family still doesn't

NOTE Confidence: 0.910329995714286

00:22:58.816 --> 00:23:00.886 know what I do for a job.

NOTE Confidence: 0.910329995714286

00:23:00.890 --> 00:23:05.349 And so learning the like social intricacies

NOTE Confidence: 0.910329995714286

00:23:05.349 --> 00:23:09.138 of navigating has also been tricky.

NOTE Confidence: 0.910329995714286

00:23:09.140 --> 00:23:12.010 And I think that I'm.

NOTE Confidence: 0.910329995714286

00:23:12.010 --> 00:23:13.260 It's very special because I've

NOTE Confidence: 0.910329995714286

00:23:13.260 --> 00:23:14.994 been able to find people to connect

NOTE Confidence: 0.910329995714286

00:23:14.994 --> 00:23:16.370 with and talk to about that,

NOTE Confidence: 0.910329995714286

00:23:16.370 --> 00:23:19.350 but sometimes it is still really challenging.

NOTE Confidence: 0.910329995714286

00:23:19.350 --> 00:23:20.198 Yeah. I don't know.

NOTE Confidence: 0.865967066666667

00:23:21.280 --> 00:23:23.114 I know we're probably done with our

NOTE Confidence: 0.865967066666667

00:23:23.114 --> 00:23:25.810 time but no, no, no I'll just say

NOTE Confidence: 0.805179154666667

00:23:25.820 --> 00:23:28.108 yeah you know and I've been here a

NOTE Confidence: 0.805179154666667

00:23:28.108 --> 00:23:29.891 little less than than Bridget but

NOTE Confidence: 0.805179154666667

00:23:29.891 --> 00:23:32.006 I appreciate this you know grand

NOTE Confidence: 0.805179154666667

00:23:32.006 --> 00:23:33.954 rounds because I will say I've I've,

NOTE Confidence: 0.805179154666667

00:23:33.954 --> 00:23:36.455 I've felt like as a masters level

NOTE Confidence: 0.805179154666667

00:23:36.455 --> 00:23:39.420 that my opinion is is matters and my

NOTE Confidence: 0.805179154666667

00:23:39.420 --> 00:23:42.180 clinical perspective and I feel like our

NOTE Confidence: 0.805179154666667

00:23:42.180 --> 00:23:44.358 department has done a really good job.

NOTE Confidence: 0.805179154666667

00:23:44.360 --> 00:23:45.320 You as my you know,

NOTE Confidence: 0.805179154666667

00:23:45.320 --> 00:23:48.940 supervisor you know in valuing

NOTE Confidence: 0.805179154666667

00:23:48.940 --> 00:23:51.610 and really making us feel heard.

NOTE Confidence: 0.805179154666667

00:23:51.610 --> 00:23:54.580 And umm, like our clinical judgment,

NOTE Confidence: 0.805179154666667

00:23:54.580 --> 00:23:56.127 you know, is matters and it helps

NOTE Confidence: 0.948617506666667

00:23:56.140 --> 00:23:58.110 us develop it also.

NOTE Confidence: 0.882428279

00:23:58.900 --> 00:24:01.044 So I appreciate it because otherwise I don't

NOTE Confidence: 0.882428279

00:24:01.044 --> 00:24:02.872 know that I would be thinking this way.

NOTE Confidence: 0.882428279

00:24:02.872 --> 00:24:04.510 And I think it does depend where it is.

NOTE Confidence: 0.882428279

00:24:04.510 --> 00:24:07.540 You know, coming from another agency to the,

NOTE Confidence: 0.882428279

00:24:07.540 --> 00:24:10.740 the, the to Yale, Umm,

NOTE Confidence: 0.882428279

00:24:10.740 --> 00:24:12.229 it's just a, it's a big difference.

NOTE Confidence: 0.882428279

00:24:12.229 --> 00:24:13.670 I feel like, you know, I can,

NOTE Confidence: 0.882428279

00:24:13.670 --> 00:24:15.106 I feel like I'm making an impact.

NOTE Confidence: 0.882428279

00:24:15.106 --> 00:24:16.924 I feel like I'm learning constantly

NOTE Confidence: 0.91362132

00:24:16.940 --> 00:24:18.940 and it's great. So yeah.

NOTE Confidence: 0.564270435

00:24:21.390 --> 00:24:23.875 Yeah. So that's our time. I'm going to pass

NOTE Confidence: 0.714806545

00:24:23.930 --> 00:24:26.370 to Tara, and Amy's going to come up.

NOTE Confidence: 0.714806545

00:24:26.370 --> 00:24:28.968 Well, thank you both for sharing

NOTE Confidence: 0.714806545

00:24:28.970 --> 00:24:31.990 your story and your experiences.

NOTE Confidence: 0.714806545

00:24:31.990 --> 00:24:34.048 We're glad that Icaps chose you,

NOTE Confidence: 0.714806545

00:24:34.050 --> 00:24:36.003 and we're also glad you found your way back,

NOTE Confidence: 0.714806545

00:24:36.010 --> 00:24:38.400 so thank you for your.

NOTE Confidence: 0.714806545

00:24:38.400 --> 00:24:39.399 Dedication and time.

NOTE Confidence: 0.714806545

00:24:39.399 --> 00:24:41.730 Yeah, I've got to share this screen.

NOTE Confidence: 0.714806545

00:24:41.730 --> 00:24:44.322 So we're going to hear next actually from

NOTE Confidence: 0.714806545

00:24:44.322 --> 00:24:46.657 Amy Meyers who's going to talk about.

NOTE Confidence: 0.714806545

00:24:46.660 --> 00:24:48.270 If I can figure actually is Kyle.

NOTE Confidence: 0.714806545

00:24:48.270 --> 00:24:50.178 Still, I don't know how to

NOTE Confidence: 0.714806545

00:24:50.178 --> 00:24:52.050 get this back to Sharon.

NOTE Confidence: 0.714806545

00:24:52.050 --> 00:24:54.060 Need to share the screen again?

NOTE Confidence: 0.65983559

00:24:59.980 --> 00:25:03.336 While there. You wanna what do

NOTE Confidence: 0.65983559

00:25:03.336 --> 00:25:07.300 you want to be able to share? The

NOTE Confidence: 0.57163685

00:25:07.540 --> 00:25:09.448 people who are talking.

NOTE Confidence: 0.756970765

00:25:11.850 --> 00:25:14.260 I mean, I'm super impressed. I've got

NOTE Confidence: 0.756970765

00:25:14.260 --> 00:25:16.680 like 2 1/2 pages almost repeating.

NOTE Confidence: 0.6901547

00:25:21.430 --> 00:25:21.730 3.

NOTE Confidence: 0.62554173525

00:25:23.530 --> 00:25:26.178 Slide I think I'm not quite as skilled.

NOTE Confidence: 0.73568428

00:25:28.310 --> 00:25:32.880 I would love. I mean. Showing it's

NOTE Confidence: 0.73568428

00:25:32.880 --> 00:25:38.240 showing the notes. Ohh. Is it?

NOTE Confidence: 0.674446432

00:25:38.240 --> 00:25:40.170 Oh, that's not showing anything here?

NOTE Confidence: 0.8191033

00:25:43.160 --> 00:25:44.330 Technical challenges.

NOTE Confidence: 0.8191033

00:25:44.990 --> 00:25:46.940 Know if you're not here.

NOTE Confidence: 0.827960533333333

00:25:46.940 --> 00:25:47.510 A little fear.

NOTE Confidence: 0.753729315

00:25:50.220 --> 00:25:51.270 Display setting.

NOTE Confidence: 0.52194294

00:25:53.360 --> 00:25:54.280 I lost the match.

NOTE Confidence: 0.561961193333333

00:25:57.640 --> 00:25:58.480 Or something else?

NOTE Confidence: 0.88387716

00:26:03.650 --> 00:26:09.640 No. OK, here's here. Oh, funny.

NOTE Confidence: 0.665428065

00:26:14.520 --> 00:26:15.388 Thank you, I think.

NOTE Confidence: 0.86846916

00:26:16.440 --> 00:26:17.508 No, you got rid of it.

NOTE Confidence: 0.591558344

00:26:22.690 --> 00:26:25.140 Just, just no spare words. Just like it's on.

NOTE Confidence: 0.72279268

00:26:25.800 --> 00:26:27.040 We'll try, we'll try.

NOTE Confidence: 0.908886928

00:26:28.590 --> 00:26:29.390 I think we got it.

NOTE Confidence: 0.908886928

00:26:29.390 --> 00:26:30.510 Don't don't touch anything.

NOTE Confidence: 0.821186166666667

00:26:32.020 --> 00:26:34.910 Thank you. How does this advance? Let's say.

NOTE Confidence: 0.9298587

00:26:38.270 --> 00:26:40.410 No. Thanks.

NOTE Confidence: 0.21070918

00:26:44.210 --> 00:26:44.620 Travel.

NOTE Confidence: 0.602504928

00:26:46.940 --> 00:26:50.146 Mouse. I tried the arrow. Why is it?

NOTE Confidence: 0.602504928

00:26:50.146 --> 00:26:53.330 I just want to know how to advance and.

NOTE Confidence: 0.7738273

00:27:01.010 --> 00:27:05.880 Oh. New options for us. Knowing.

NOTE Confidence: 0.80151003

00:27:10.170 --> 00:27:11.759 Thank you. I won't touch anything else.

NOTE Confidence: 0.679246795714286

00:27:14.730 --> 00:27:17.047 Thanks for your help if that works.

NOTE Confidence: 0.591322023333333

00:27:21.190 --> 00:27:22.429 Oh yeah, OK.

NOTE Confidence: 0.845005095

00:27:23.500 --> 00:27:24.496 And and now I think we're

NOTE Confidence: 0.824655361666667

00:27:24.510 --> 00:27:27.510 good. OK. Thank you.

NOTE Confidence: 0.824655361666667

00:27:27.510 --> 00:27:30.630 Technical assistance. Thank you.

NOTE Confidence: 0.824655361666667

00:27:30.630 --> 00:27:32.070 So my name is Amy Myers

NOTE Confidence: 0.824655361666667

00:27:32.070 --> 00:27:34.089 and I am a social worker.

NOTE Confidence: 0.824655361666667

00:27:34.090 --> 00:27:35.910 And as Tara mentioned earlier,

NOTE Confidence: 0.824655361666667

00:27:35.910 --> 00:27:37.866 I was supposed to be presenting

NOTE Confidence: 0.824655361666667

00:27:37.866 --> 00:27:39.170 with Karen Hansen today,

NOTE Confidence: 0.824655361666667

00:27:39.170 --> 00:27:40.748 who's unable to be with us.

NOTE Confidence: 0.824655361666667

00:27:40.750 --> 00:27:45.769 Umm, so umm, as many people know,

NOTE Confidence: 0.824655361666667

00:27:45.770 --> 00:27:47.105 but I'll repeat,

NOTE Confidence: 0.824655361666667

00:27:47.105 --> 00:27:50.210 master level people at the Child Study

NOTE Confidence: 0.824655361666667

00:27:50.210 --> 00:27:53.556 Center include those who do client

NOTE Confidence: 0.824655361666667

00:27:53.556 --> 00:27:56.476 or patient facing clinical work.

NOTE Confidence: 0.824655361666667

00:27:56.480 --> 00:28:00.596 Often referred to as master level clinicians.

NOTE Confidence: 0.824655361666667

00:28:00.600 --> 00:28:03.720 In addition to those who do other things,

NOTE Confidence: 0.824655361666667

00:28:03.720 --> 00:28:06.030 I'm here representing a group of

NOTE Confidence: 0.824655361666667

00:28:06.030 --> 00:28:08.320 master level faculty and staff who

NOTE Confidence: 0.824655361666667

00:28:08.320 --> 00:28:10.348 do some of those other things.

NOTE Confidence: 0.824655361666667

00:28:10.350 --> 00:28:12.445 And who represent the professions

NOTE Confidence: 0.824655361666667

00:28:12.445 --> 00:28:14.540 of social work and more,

NOTE Confidence: 0.824655361666667

00:28:14.540 --> 00:28:16.226 which I'll talk a little bit

NOTE Confidence: 0.824655361666667

00:28:16.226 --> 00:28:17.069 more about later.

NOTE Confidence: 0.824655361666667

00:28:17.070 --> 00:28:19.182 So I'm speaking today on behalf

NOTE Confidence: 0.824655361666667

00:28:19.182 --> 00:28:21.650 of the family based recovery model

NOTE Confidence: 0.824655361666667

00:28:21.650 --> 00:28:24.115 development and Operations Group or

NOTE Confidence: 0.6104826

00:28:26.290 --> 00:28:27.220 FB RMDO.

NOTE Confidence: 0.8597295715

00:28:29.320 --> 00:28:32.440 We are a group who began and have

NOTE Confidence: 0.8597295715

00:28:32.440 --> 00:28:34.653 been staffed mainly by masters

NOTE Confidence: 0.8597295715

00:28:34.653 --> 00:28:37.796 level people for the last 16 years.

NOTE Confidence: 0.87722104375

00:28:40.800 --> 00:28:43.465 So the state of Connecticut

NOTE Confidence: 0.87722104375

00:28:43.465 --> 00:28:45.064 recognized a problem.

NOTE Confidence: 0.87722104375

00:28:45.070 --> 00:28:47.790 That problem was that approximately

NOTE Confidence: 0.87722104375

00:28:47.790 --> 00:28:50.772 50% of children entering out of

NOTE Confidence: 0.87722104375

00:28:50.772 --> 00:28:52.760 home placements in Connecticut

NOTE Confidence: 0.87722104375

00:28:52.840 --> 00:28:55.630 have a parent who has an

NOTE Confidence: 0.87722104375

00:28:55.630 --> 00:28:57.490 identified substance use concern.

NOTE Confidence: 0.87722104375

00:28:57.490 --> 00:28:59.765 For children under the age of 1,

NOTE Confidence: 0.87722104375

00:28:59.770 --> 00:29:02.705 that percent increases to almost 60%.

NOTE Confidence: 0.87722104375

00:29:02.705 --> 00:29:04.130 In these situations,

NOTE Confidence: 0.87722104375

00:29:04.130 --> 00:29:06.505 parents who need treatment for

NOTE Confidence: 0.87722104375

00:29:06.505 --> 00:29:08.776 substance use disorder can be

NOTE Confidence: 0.87722104375

00:29:08.776 --> 00:29:10.500 faced with challenges relating

NOTE Confidence: 0.87722104375

00:29:10.500 --> 00:29:12.809 to stigma and discrimination.

NOTE Confidence: 0.87722104375

00:29:12.810 --> 00:29:15.370 Fear of further systems,

NOTE Confidence: 0.87722104375

00:29:15.370 --> 00:29:16.010 involvement,

NOTE Confidence: 0.87722104375

00:29:16.010 --> 00:29:17.938 lack of transportation to

NOTE Confidence: 0.87722104375

00:29:17.938 --> 00:29:20.348 treatment and lack of childcare

NOTE Confidence: 0.87722104375

00:29:20.348 --> 00:29:22.600 while they attend treatment.

NOTE Confidence: 0.888547512222222

00:29:26.920 --> 00:29:30.286 In 2006, the Connecticut Department of

NOTE Confidence: 0.888547512222222

00:29:30.286 --> 00:29:33.685 Children and Families approached a master

NOTE Confidence: 0.888547512222222

00:29:33.685 --> 00:29:36.889 level researcher at Johns Hopkins University,

NOTE Confidence: 0.888547512222222

00:29:36.890 --> 00:29:38.732 as well as master level faculty

NOTE Confidence: 0.888547512222222

00:29:38.732 --> 00:29:40.460 at the Child Study Center,

NOTE Confidence: 0.888547512222222

00:29:40.460 --> 00:29:42.248 which included Gene Adipose

NOTE Confidence: 0.888547512222222

00:29:42.248 --> 00:29:44.036 Master and public Health,

NOTE Confidence: 0.888547512222222

00:29:44.040 --> 00:29:46.860 and Karen Hanson, a social worker,

NOTE Confidence: 0.888547512222222

00:29:46.860 --> 00:29:49.212 to develop a model to prevent these

NOTE Confidence: 0.888547512222222

00:29:49.212 --> 00:29:51.725 out of home placements for infants

NOTE Confidence: 0.888547512222222

00:29:51.725 --> 00:29:54.593 and young children due to parental

NOTE Confidence: 0.888547512222222

00:29:54.593 --> 00:29:56.508 substance use and to support.

NOTE Confidence: 0.888547512222222

00:29:56.510 --> 00:30:00.026 Insurance and creating a stable home.

NOTE Confidence: 0.888547512222222

00:30:00.030 --> 00:30:02.958 Thus family based recovery or FBR

NOTE Confidence: 0.888547512222222

00:30:02.958 --> 00:30:06.642 was born in 2007 and we started

NOTE Confidence: 0.888547512222222

00:30:06.642 --> 00:30:09.407 with six clinical treatment teams.

NOTE Confidence: 0.888547512222222

00:30:09.410 --> 00:30:11.618 There are now 13 clinical treatment

NOTE Confidence: 0.888547512222222

00:30:11.618 --> 00:30:14.109 teams across the state of Connecticut,

NOTE Confidence: 0.888547512222222

00:30:14.110 --> 00:30:16.846 including one here at the CHILD Study Center.

NOTE Confidence: 0.888547512222222

00:30:16.850 --> 00:30:18.614 No matter what town a family lives

NOTE Confidence: 0.888547512222222

00:30:18.614 --> 00:30:20.630 in in the state of Connecticut,

NOTE Confidence: 0.888547512222222

00:30:20.630 --> 00:30:25.118 they can have access to an FBR team.

NOTE Confidence: 0.888547512222222

00:30:25.120 --> 00:30:28.300 So a little bit about the FDR model.

NOTE Confidence: 0.8282679125

00:30:30.990 --> 00:30:33.565 FBR brings into the home

NOTE Confidence: 0.8282679125

00:30:33.565 --> 00:30:35.110 substance use treatment,

NOTE Confidence: 0.8282679125

00:30:35.110 --> 00:30:37.810 individual therapy for the parent,

NOTE Confidence: 0.8282679125

00:30:37.810 --> 00:30:40.322 attachment based parent child,

NOTE Confidence: 0.8282679125

00:30:40.322 --> 00:30:43.462 dyadic therapy and support accessing

NOTE Confidence: 0.8282679125

00:30:43.462 --> 00:30:46.013 community services via a treatment

NOTE Confidence: 0.8282679125

00:30:46.013 --> 00:30:49.098 team of three people that is 2

NOTE Confidence: 0.8282679125

00:30:49.098 --> 00:30:51.178 master level clinicians and a

NOTE Confidence: 0.8282679125

00:30:51.178 --> 00:30:53.560 bachelor level support specialist.

NOTE Confidence: 0.8282679125

00:30:53.560 --> 00:30:55.840 The model requires careful and

NOTE Confidence: 0.8282679125

00:30:55.840 --> 00:30:57.208 continued risk assessment,

NOTE Confidence: 0.8282679125

00:30:57.210 --> 00:31:00.852 assessment by the treatment team and

NOTE Confidence: 0.8282679125

00:31:00.852 --> 00:31:03.740 very close collaboration with DCF.

NOTE Confidence: 0.8282679125

00:31:03.740 --> 00:31:06.230 FBR aims to support parents to

NOTE Confidence: 0.8282679125

00:31:06.230 --> 00:31:08.416 recover from the underlying reasons

NOTE Confidence: 0.8282679125

00:31:08.416 --> 00:31:10.536 for substance use and believes

NOTE Confidence: 0.8282679125

00:31:10.536 --> 00:31:12.476 that intervening with parents while

NOTE Confidence: 0.8282679125

00:31:12.476 --> 00:31:14.340 their children are very young.

NOTE Confidence: 0.8282679125

00:31:14.340 --> 00:31:16.390 Underscores what we know about

NOTE Confidence: 0.8282679125

00:31:16.390 --> 00:31:19.016 attachment as a basic basis for

NOTE Confidence: 0.8282679125

00:31:19.016 --> 00:31:21.000 development across all domains.

NOTE Confidence: 0.833215032222222

00:31:26.410 --> 00:31:28.450 FBR aims to give parents

NOTE Confidence: 0.833215032222222

00:31:28.450 --> 00:31:30.082 the chance to change.

NOTE Confidence: 0.833215032222222

00:31:30.090 --> 00:31:32.110 No matter how many treatment

NOTE Confidence: 0.833215032222222

00:31:32.110 --> 00:31:34.130 programs they've been in previously,

NOTE Confidence: 0.833215032222222

00:31:34.130 --> 00:31:36.650 no matter how long their DCF

NOTE Confidence: 0.833215032222222

00:31:36.650 --> 00:31:38.021 involvement, we believe that

NOTE Confidence: 0.833215032222222

00:31:38.021 --> 00:31:39.606 there's always hope for change.

NOTE Confidence: 0.890615375384615

00:31:43.610 --> 00:31:45.899 We also work very hard to approach

NOTE Confidence: 0.890615375384615

00:31:45.899 --> 00:31:48.168 treatment from a stance of humility,

NOTE Confidence: 0.890615375384615

00:31:48.170 --> 00:31:51.370 recognizing that parents know themselves,

NOTE Confidence: 0.890615375384615

00:31:51.370 --> 00:31:54.130 their needs and their children best.

NOTE Confidence: 0.816388460625

00:32:01.470 --> 00:32:03.490 Additionally, paying careful attention

NOTE Confidence: 0.816388460625

00:32:03.490 --> 00:32:06.520 to engagement as an ongoing process

NOTE Confidence: 0.816388460625

00:32:06.595 --> 00:32:08.845 rather than a phase of treatment,

NOTE Confidence: 0.816388460625

00:32:08.850 --> 00:32:10.300 leaving a focus on engagement

NOTE Confidence: 0.816388460625

00:32:10.300 --> 00:32:11.460 helps to build safe,

NOTE Confidence: 0.816388460625

00:32:11.460 --> 00:32:13.368 respectful relationships that we

NOTE Confidence: 0.816388460625

00:32:13.368 --> 00:32:15.753 hope will be paralleled between

NOTE Confidence: 0.816388460625

00:32:15.753 --> 00:32:17.560 parents and their children.

NOTE Confidence: 0.816388460625

51

00:32:17.560 --> 00:32:19.640 So it's just a very little bit about

NOTE Confidence: 0.816388460625

00:32:19.640 --> 00:32:21.313 our model in which parents can

NOTE Confidence: 0.816388460625

00:32:21.313 --> 00:32:23.399 stay in treatment for up to a year,

NOTE Confidence: 0.816388460625

00:32:23.400 --> 00:32:25.782 which is pretty extravagant I think

NOTE Confidence: 0.816388460625

00:32:25.782 --> 00:32:28.899 in this world of treatment scarcity.

NOTE Confidence: 0.86201925875

00:32:32.750 --> 00:32:36.490 So our team of model

NOTE Confidence: 0.86201925875

00:32:36.490 --> 00:32:38.734 development and operations.

NOTE Confidence: 0.86201925875

00:32:38.740 --> 00:32:40.220 Which is different from the

NOTE Confidence: 0.86201925875

00:32:40.220 --> 00:32:41.108 clinical treatment team,

NOTE Confidence: 0.86201925875

00:32:41.110 --> 00:32:42.850 consists of seven individuals,

NOTE Confidence: 0.86201925875

00:32:42.850 --> 00:32:45.919 six of us working at the Masters

NOTE Confidence: 0.86201925875

00:32:45.919 --> 00:32:48.157 level and one with a PhD.

NOTE Confidence: 0.86201925875

00:32:48.160 --> 00:32:50.545 As a group, our educational

NOTE Confidence: 0.86201925875

00:32:50.545 --> 00:32:52.453 fields include social work,

NOTE Confidence: 0.86201925875

00:32:52.460 --> 00:32:55.784 professional counseling, health psychology,

NOTE Confidence: 0.86201925875

00:32:55.784 --> 00:32:59.108 art therapy and sociology.

NOTE Confidence: 0.86201925875

00:32:59.110 --> 00:33:01.791 As a group, we manage the statewide

NOTE Confidence: 0.86201925875

00:33:01.791 --> 00:33:04.548 network of all FBR treatment teams,

NOTE Confidence: 0.86201925875

00:33:04.550 --> 00:33:06.932 which includes training all FBR staff

NOTE Confidence: 0.86201925875

00:33:06.932 --> 00:33:09.430 across the state of Connecticut,

NOTE Confidence: 0.86201925875

00:33:09.430 --> 00:33:11.710 weekly clinical constant

NOTE Confidence: 0.86201925875

00:33:11.710 --> 00:33:14.750 consultation with each team.

NOTE Confidence: 0.86201925875

00:33:14.750 --> 00:33:18.205 Data management, model fidelity and

NOTE Confidence: 0.86201925875

00:33:18.205 --> 00:33:20.969 assurance and model enhancement.

NOTE Confidence: 0.86201925875

00:33:20.970 --> 00:33:24.018 Our team also manages the training

NOTE Confidence: 0.86201925875

00:33:24.018 --> 00:33:26.620 and onboarding of adaptation sites.

NOTE Confidence: 0.86201925875

00:33:26.620 --> 00:33:28.954 The FPR model is currently being

NOTE Confidence: 0.86201925875

00:33:28.954 --> 00:33:30.510 adapted in Allegheny County,

NOTE Confidence: 0.86201925875

00:33:30.510 --> 00:33:34.318 Pennsylvania, Ocean County, NJ,

NOTE Confidence: 0.86201925875

00:33:34.318 --> 00:33:38.822 Vancouver, BC, and Hennepin County,

NOTE Confidence: 0.86201925875

00:33:38.822 --> 00:33:39.710 Minnesota.

NOTE Confidence: 0.86201925875

00:33:39.710 --> 00:33:41.738 Our team also provides great training

NOTE Confidence: 0.86201925875

00:33:41.738 --> 00:33:43.881 to the greater community and working

NOTE Confidence: 0.86201925875

00:33:43.881 --> 00:33:46.089 with parents with substance use disorders,

NOTE Confidence: 0.86201925875

00:33:46.090 --> 00:33:48.382 engagement through relationship

NOTE Confidence: 0.86201925875

00:33:48.382 --> 00:33:50.960 based practices and reflective

NOTE Confidence: 0.86201925875

00:33:50.960 --> 00:33:53.585 diadic approaches for family support

NOTE Confidence: 0.86201925875

00:33:53.590 --> 00:33:55.546 and within the Child Study Center.

NOTE Confidence: 0.86201925875

00:33:55.550 --> 00:33:57.446 In addition to working in FBR,

NOTE Confidence: 0.86201925875

00:33:57.450 --> 00:34:00.330 MDL members of our team also

NOTE Confidence: 0.86201925875

00:34:00.330 --> 00:34:02.250 provide clinical supervision to

NOTE Confidence: 0.86201925875

00:34:02.330 --> 00:34:04.330 people in other programs,

NOTE Confidence: 0.86201925875

00:34:04.330 --> 00:34:07.230 participation in the social

NOTE Confidence: 0.86201925875

00:34:07.230 --> 00:34:10.470 work fellowship and.

NOTE Confidence: 0.86201925875

00:34:10.470 --> 00:34:13.526 And in terms of teaching topics in the

NOTE Confidence: 0.86201925875

00:34:13.526 --> 00:34:16.122 social work fellowship and participating

NOTE Confidence: 0.86201925875

00:34:16.122 --> 00:34:19.632 in overall activities of the fellowship.

NOTE Confidence: 0.86201925875

00:34:19.640 --> 00:34:22.410 So pictured on the slide.

NOTE Confidence: 0.86201925875

00:34:22.410 --> 00:34:23.562 It's Karen Hanson,

NOTE Confidence: 0.86201925875

00:34:23.562 --> 00:34:26.250 who is the director of FBRM DOB,

NOTE Confidence: 0.86201925875

00:34:26.250 --> 00:34:29.170 then Heather Simon, research assistant,

NOTE Confidence: 0.86201925875

00:34:29.170 --> 00:34:32.026 Jeanette Radovich, consultant.

NOTE Confidence: 0.86201925875

00:34:32.026 --> 00:34:33.930 Myself consultant,

NOTE Confidence: 0.86201925875

00:34:33.930 --> 00:34:35.454 Michelle Saint Pierre,

NOTE Confidence: 0.86201925875

00:34:35.454 --> 00:34:37.486 consultant and Soyon Kim,

NOTE Confidence: 0.86201925875

00:34:37.490 --> 00:34:38.903 associate research scientist

NOTE Confidence: 0.86201925875

00:34:38.903 --> 00:34:40.316 and Heather bonnets,

NOTE Confidence: 0.86201925875

00:34:40.320 --> 00:34:41.098 more consultant.

NOTE Confidence: 0.86201925875

00:34:41.098 --> 00:34:44.210 And just to call out for a moment,

NOTE Confidence: 0.86201925875

00:34:44.210 --> 00:34:47.670 this is one of our.

NOTE Confidence: 0.86201925875

00:34:47.670 --> 00:34:49.616 Zoom practices that we began during the

NOTE Confidence: 0.86201925875

00:34:49.616 --> 00:34:51.818 pandemic when our staff meetings went online,

NOTE Confidence: 0.86201925875

00:34:51.820 --> 00:34:53.386 that we would take a screenshot

NOTE Confidence: 0.86201925875

00:34:53.386 --> 00:34:55.529 each week at the end of our meeting.

NOTE Confidence: 0.86201925875

00:34:55.530 --> 00:34:58.225 And I think it's been a really

NOTE Confidence: 0.86201925875

00:34:58.225 --> 00:35:00.290 interesting process to see our

NOTE Confidence: 0.86201925875

00:35:00.290 --> 00:35:02.810 pictures over time and to see

NOTE Confidence: 0.86201925875

00:35:02.905 --> 00:35:05.530 our expressions change over time

NOTE Confidence: 0.86201925875

00:35:05.530 --> 00:35:07.130 and who was wearing a mask.

NOTE Confidence: 0.86201925875

00:35:07.130 --> 00:35:09.069 And sometimes we had show and tell,

NOTE Confidence: 0.86201925875

00:35:09.070 --> 00:35:10.883 and so this has been our practice

NOTE Confidence: 0.86201925875

00:35:10.883 --> 00:35:12.880 for just about the last three years.

NOTE Confidence: 0.8951171

00:35:18.310 --> 00:35:21.838 In 2016, Connecticut's first ever

NOTE Confidence: 0.8951171

00:35:21.838 --> 00:35:24.610 social impact bond project was launched,

NOTE Confidence: 0.8951171

00:35:24.610 --> 00:35:27.500 which leveraged $11.2 million in

NOTE Confidence: 0.8951171

00:35:27.500 --> 00:35:31.035 philanthropic funds to allow a randomized

NOTE Confidence: 0.8951171

00:35:31.035 --> 00:35:34.335 control trial of the FBR model.

NOTE Confidence: 0.8951171

00:35:34.340 --> 00:35:37.196 This was a partnership between DCF

NOTE Confidence: 0.8951171

00:35:37.200 --> 00:35:39.570 social Finance and UConn health in

NOTE Confidence: 0.8951171

00:35:39.570 --> 00:35:42.139 addition to the Child Study Center.

NOTE Confidence: 0.8951171

00:35:42.140 --> 00:35:44.070 The project followed FBR families

NOTE Confidence: 0.8951171

00:35:44.070 --> 00:35:46.386 for 18 months post enrollment and

NOTE Confidence: 0.8951171

00:35:46.386 --> 00:35:48.330 looked at out of home placement

NOTE Confidence: 0.8951171

00:35:48.330 --> 00:35:49.799 and Ray referrals to DCF.

NOTE Confidence: 0.874587813333333

00:35:53.370 --> 00:35:56.568 FBR families had 21% fewer removals

NOTE Confidence: 0.874587813333333

00:35:56.568 --> 00:35:59.785 compared to those in treatment as

NOTE Confidence: 0.874587813333333

00:35:59.785 --> 00:36:03.185 usual and 10% with a re referral to

NOTE Confidence: 0.874587813333333

00:36:03.185 --> 00:36:05.980 DCF showing the promise of the model.

NOTE Confidence: 0.874587813333333

00:36:05.980 --> 00:36:09.400 Program to date. FBR has treated

NOTE Confidence: 0.9247973825

00:36:11.630 --> 00:36:14.890 2832 families, which includes

NOTE Confidence: 0.9247973825

00:36:14.890 --> 00:36:20.490 476 fathers and 2636 mothers.

NOTE Confidence: 0.9247973825

00:36:20.490 --> 00:36:23.994 82% of children remain living with

NOTE Confidence: 0.9247973825

00:36:23.994 --> 00:36:27.460 a biological parent at discharge.

NOTE Confidence: 0.9247973825

00:36:27.460 --> 00:36:29.570 47% of parents screened positive

NOTE Confidence: 0.9247973825

00:36:29.570 --> 00:36:31.258 for substances at intake,

NOTE Confidence: 0.9247973825

00:36:31.260 --> 00:36:34.240 which decreases to 13% after

NOTE Confidence: 0.9247973825

00:36:34.240 --> 00:36:36.624 five months of treatment.

NOTE Confidence: 0.9247973825

00:36:36.630 --> 00:36:38.815 Our data show a statistically

NOTE Confidence: 0.9247973825

00:36:38.815 --> 00:36:40.563 significant decrease in pre

NOTE Confidence: 0.9247973825

00:36:40.563 --> 00:36:42.792 post measures on depression and

NOTE Confidence: 0.9247973825

00:36:42.792 --> 00:36:45.372 parental stress as measured by the

NOTE Confidence: 0.9247973825

00:36:45.443 --> 00:36:47.768 parental stress index short form.

NOTE Confidence: 0.9247973825

00:36:47.770 --> 00:36:49.793 FRM DoD aims to combine our data

NOTE Confidence: 0.9247973825

00:36:49.793 --> 00:36:52.025 with what we have learned from

NOTE Confidence: 0.9247973825

00:36:52.025 --> 00:36:54.180 working with families to integrate

NOTE Confidence: 0.9247973825

00:36:54.180 --> 00:36:56.059 evidence based practice and

NOTE Confidence: 0.9247973825

00:36:56.059 --> 00:36:57.955 practice based evidence approaches

NOTE Confidence: 0.9247973825

00:36:57.955 --> 00:36:59.888 to continue informing the model.

NOTE Confidence: 0.887038906666667

00:37:02.280 --> 00:37:03.450 There are challenges.

NOTE Confidence: 0.876547604166667

00:37:07.560 --> 00:37:08.936 There are challenges and

NOTE Confidence: 0.876547604166667

00:37:08.936 --> 00:37:11.000 strengths to doing this work as

NOTE Confidence: 0.876547604166667

00:37:11.061 --> 00:37:14.008 masters level faculty and staff.

NOTE Confidence: 0.876547604166667

00:37:14.010 --> 00:37:15.658 On the challenge side,

NOTE Confidence: 0.876547604166667

00:37:15.658 --> 00:37:17.306 our team straddles clinical

NOTE Confidence: 0.876547604166667

00:37:17.306 --> 00:37:19.110 and work and research,

NOTE Confidence: 0.876547604166667

00:37:19.110 --> 00:37:20.178 and sometimes it's not

NOTE Confidence: 0.876547604166667

00:37:20.178 --> 00:37:21.513 quite sure where we fit.

NOTE Confidence: 0.83734212375

00:37:24.570 --> 00:37:27.162 And we also learned in our process that

NOTE Confidence: 0.83734212375

00:37:27.162 --> 00:37:29.539 we needed to get without PhD or MD.

NOTE Confidence: 0.83734212375

00:37:29.540 --> 00:37:33.070 We needed to get permission to be API's on

NOTE Confidence: 0.83734212375

00:37:33.070 --> 00:37:36.200 the work that we were already executing.

NOTE Confidence: 0.83734212375

00:37:36.200 --> 00:37:39.322 In addition to Dean's approval to submit

NOTE Confidence: 0.83734212375

00:37:39.322 --> 00:37:44.249 an application for an IRB to the IRB.

NOTE Confidence: 0.83734212375

00:37:44.250 --> 00:37:45.694 On the strength side,

NOTE Confidence: 0.83734212375

00:37:45.694 --> 00:37:47.860 we've been afforded opportunities to break

NOTE Confidence: 0.83734212375

00:37:47.921 --> 00:37:50.350 barriers as master level faculty and staff,

NOTE Confidence: 0.83734212375

00:37:50.350 --> 00:37:52.160 spreading our wings by presenting

NOTE Confidence: 0.83734212375

00:37:52.160 --> 00:37:54.291 at conferences, working on model

NOTE Confidence: 0.83734212375

00:37:54.291 --> 00:37:56.626 development and adapting and doing

NOTE Confidence: 0.83734212375

00:37:56.626 --> 00:37:59.310 what we all truly believe in.

NOTE Confidence: 0.83734212375

00:37:59.310 --> 00:38:00.558 And so I'll leave you with

NOTE Confidence: 0.83734212375

00:38:00.558 --> 00:38:02.060 just a few words from, from,

NOTE Confidence: 0.83734212375

00:38:02.060 --> 00:38:05.020 from some families from FBR over the years.

NOTE Confidence: 0.947346633333333

00:38:22.310 --> 00:38:23.360 Thanks so much.

NOTE Confidence: 0.7271376

00:38:30.660 --> 00:38:35.618 No. Thank you for sharing that work and

NOTE Confidence: 0.7271376

00:38:35.618 --> 00:38:38.590 hearing the numbers was really something.

NOTE Confidence: 0.7271376

00:38:38.590 --> 00:38:40.894 So I'm so glad that you shared that

NOTE Confidence: 0.7271376

00:38:40.894 --> 00:38:43.215 data and that this extravagant approach

NOTE Confidence: 0.7271376

00:38:43.215 --> 00:38:46.003 of having more than, what is it,

NOTE Confidence: 0.7271376

00:38:46.003 --> 00:38:49.145 28 days of treatment is available to the

NOTE Confidence: 0.7271376

00:38:49.145 --> 00:38:51.680 families in Connecticut and beyond it seems.

NOTE Confidence: 0.7271376

00:38:51.680 --> 00:38:53.290 So thank you for that.

NOTE Confidence: 0.7271376

00:38:53.290 --> 00:38:54.986 And so we will not have any more

NOTE Confidence: 0.7271376

00:38:54.986 --> 00:38:56.170 technical problems, I hope,

NOTE Confidence: 0.7271376

00:38:56.170 --> 00:38:58.490 because we have no other presentations

NOTE Confidence: 0.7271376

00:38:58.490 --> 00:39:02.910 in terms of slides, but we do have now.

NOTE Confidence: 0.7271376

00:39:02.910 --> 00:39:06.640 Is it? Now let's turn our attention

NOTE Confidence: 0.7271376

00:39:06.640 --> 00:39:09.160 please to Darrell Snow and Heather Howell.

NOTE Confidence: 0.7271376

00:39:09.160 --> 00:39:11.064 We'll talk about the.

NOTE Confidence: 0.7271376

00:39:11.064 --> 00:39:13.444 Parent development program and their

NOTE Confidence: 0.7271376

00:39:13.444 --> 00:39:16.438 work there. Hello. For having us.

NOTE Confidence: 0.818799806666667

00:39:19.190 --> 00:39:21.670 I don't know is it working great.

NOTE Confidence: 0.819042361904762

00:39:24.580 --> 00:39:26.810 So my name is Heather Howell and I am the

NOTE Confidence: 0.819042361904762

00:39:26.865 --> 00:39:29.049 intake coordinator and a clinician in

NOTE Confidence: 0.819042361904762

00:39:29.049 --> 00:39:31.000 the parent family development program.

NOTE Confidence: 0.819042361904762

00:39:31.000 --> 00:39:32.408 Tara asked me to talk a little bit

NOTE Confidence: 0.819042361904762

00:39:32.410 --> 00:39:34.027 about my Masters level training,

NOTE Confidence: 0.819042361904762

00:39:34.027 --> 00:39:36.176 all of which has been at Yale.

NOTE Confidence: 0.819042361904762

00:39:36.180 --> 00:39:37.170 In the School of Medicine,

NOTE Confidence: 0.819042361904762

00:39:37.170 --> 00:39:39.819 Department of Psychiatry.

NOTE Confidence: 0.819042361904762

00:39:39.820 --> 00:39:41.430 Actually, in some early internship

NOTE Confidence: 0.819042361904762

00:39:41.430 --> 00:39:43.700 training down at the APT Foundation,

NOTE Confidence: 0.819042361904762

00:39:43.700 --> 00:39:45.005 but especially that it was

NOTE Confidence: 0.819042361904762

00:39:45.005 --> 00:39:46.700 kind of all the same thing.

NOTE Confidence: 0.819042361904762

00:39:46.700 --> 00:39:48.935 I don't know if it is anymore, really.

NOTE Confidence: 0.819042361904762

00:39:48.935 --> 00:39:50.975 All of my work at Yale until about

NOTE Confidence: 0.819042361904762

00:39:50.975 --> 00:39:52.915 five years ago was all in research.

NOTE Confidence: 0.819042361904762

00:39:52.920 --> 00:39:54.170 So I love your data.

NOTE Confidence: 0.819042361904762

00:39:54.170 --> 00:39:55.690 I love your P value.

NOTE Confidence: 0.819042361904762

00:39:55.690 --> 00:39:58.060 Nicely done.

NOTE Confidence: 0.819042361904762

00:39:58.060 --> 00:40:00.300 At facilitated research protocols

NOTE Confidence: 0.819042361904762

00:40:00.300 --> 00:40:01.980 ran clinical trials.

NOTE Confidence: 0.819042361904762

00:40:01.980 --> 00:40:02.796 All improving,

NOTE Confidence: 0.819042361904762

00:40:02.796 --> 00:40:05.652 working to improve mental health for parents.

NOTE Confidence: 0.819042361904762

00:40:05.660 --> 00:40:07.179 So a lot of perinatal psych work,

NOTE Confidence: 0.819042361904762

00:40:07.180 --> 00:40:09.140 a lot of work based about based

NOTE Confidence: 0.819042361904762

00:40:09.140 --> 00:40:10.839 out of primary care settings

NOTE Confidence: 0.819042361904762

00:40:10.840 --> 00:40:14.510 and then in community settings.

NOTE Confidence: 0.819042361904762

00:40:14.510 --> 00:40:15.987 And I know we don't usually think

NOTE Confidence: 0.819042361904762

00:40:15.987 --> 00:40:17.290 of social workers as researchers,

NOTE Confidence: 0.819042361904762

00:40:17.290 --> 00:40:18.830 but we're here doing that

NOTE Confidence: 0.819042361904762

00:40:18.830 --> 00:40:20.062 work and it's something

NOTE Confidence: 0.945010151666667

00:40:20.080 --> 00:40:21.106 that I've been very proud of.

NOTE Confidence: 0.766802527142857

00:40:22.230 --> 00:40:23.958 I facilitated a lot of medication

NOTE Confidence: 0.766802527142857

00:40:23.958 --> 00:40:25.400 trials, therapy trials.

NOTE Confidence: 0.874980682173913

00:40:27.430 --> 00:40:29.563 And one of the things I was really proud

NOTE Confidence: 0.874980682173913

00:40:29.563 --> 00:40:31.638 of and probably why Child Study Center

NOTE Confidence: 0.874980682173913

00:40:31.638 --> 00:40:33.965 keeps me around is that I could really,

NOTE Confidence: 0.874980682173913

00:40:33.965 --> 00:40:36.040 I learned to really carefully

NOTE Confidence: 0.874980682173913

00:40:36.040 --> 00:40:37.285 and accurately diagnose.

NOTE Confidence: 0.874980682173913

00:40:37.290 --> 00:40:39.840 I think that that is something, you know,

NOTE Confidence: 0.874980682173913

00:40:39.840 --> 00:40:42.640 all of social work training is pro social

NOTE Confidence: 0.874980682173913

00:40:42.640 --> 00:40:44.324 and you don't put a label on something

NOTE Confidence: 0.874980682173913

00:40:44.324 --> 00:40:45.990 if it's not precise and accurate.

NOTE Confidence: 0.874980682173913

00:40:45.990 --> 00:40:47.490 I believe on the other hand,

NOTE Confidence: 0.874980682173913

00:40:47.490 --> 00:40:49.686 if there is a label that is useful and

NOTE Confidence: 0.874980682173913

00:40:49.686 --> 00:40:51.210 informative to somebody's healthcare,

NOTE Confidence: 0.874980682173913

00:40:51.210 --> 00:40:52.939 let's talk about it and understand it

NOTE Confidence: 0.874980682173913

00:40:52.939 --> 00:40:54.590 so that we can know how to treat it.

NOTE Confidence: 0.874980682173913

00:40:54.590 --> 00:40:58.060 So that is my approach. Umm.

NOTE Confidence: 0.874980682173913

00:40:58.060 --> 00:40:59.248 I'm really fully committed

NOTE Confidence: 0.874980682173913

00:40:59.248 --> 00:41:00.436 to adult mental health.

00:41:00.440 --> 00:41:03.504 Again, I feel glad that child Study Center

00:41:03.504 --> 00:41:06.464 keeps me around because but I think it

00:41:06.464 --> 00:41:08.060 connects so adult recovery and Wellness,

00:41:08.060 --> 00:41:10.592 it definitely benefits children and I'm

00:41:10.592 --> 00:41:13.580 also just certain that adults deserve it.

00:41:13.580 --> 00:41:14.770 So for all those reasons,

00:41:14.770 --> 00:41:16.468 that's my commitment,

00:41:16.468 --> 00:41:18.732 the parent family development

00:41:18.732 --> 00:41:20.430 program was created.

00:41:20.430 --> 00:41:21.756 Five years ago, does that sound

00:41:21.756 --> 00:41:23.459 right when we got an adult license,

00:41:23.460 --> 00:41:24.966 which was a lot of work.

00:41:24.970 --> 00:41:26.042 So thank you, Linda.

00:41:26.042 --> 00:41:28.590 Mays, I assume you're out there somewhere,

00:41:28.590 --> 00:41:30.588 but it was really courageous work

00:41:30.588 --> 00:41:32.850 for the Child Study Center to expand

NOTE Confidence: 0.874980682173913

00:41:32.850 --> 00:41:35.250 how we think about what we do here.

NOTE Confidence: 0.874980682173913

00:41:35.250 --> 00:41:37.274 Our clinic offers exceptional

NOTE Confidence: 0.874980682173913

00:41:37.274 --> 00:41:38.286 mental healthcare.

NOTE Confidence: 0.874980682173913

00:41:38.290 --> 00:41:38.658 Exceptional.

NOTE Confidence: 0.874980682173913

00:41:38.658 --> 00:41:40.866 Our whole team is right here,

NOTE Confidence: 0.874980682173913

00:41:40.870 --> 00:41:41.899 an exceptional team.

NOTE Confidence: 0.874980682173913

00:41:41.899 --> 00:41:43.957 We see adults who are struggling

NOTE Confidence: 0.874980682173913

00:41:43.957 --> 00:41:46.910 to recover from trauma, depression,

NOTE Confidence: 0.874980682173913

00:41:46.910 --> 00:41:49.550 anxiety, addiction.

NOTE Confidence: 0.874980682173913

00:41:49.550 --> 00:41:50.425 And that is a lot of work.

NOTE Confidence: 0.874980682173913

00:41:50.430 --> 00:41:53.006 We see adults with complex mental illness

NOTE Confidence: 0.874980682173913

00:41:53.010 --> 00:41:56.406 providing short and long term treatment.

NOTE Confidence: 0.874980682173913

00:41:56.410 --> 00:41:58.340 Really speaking to parents own

NOTE Confidence: 0.874980682173913

00:41:58.340 --> 00:42:00.741 health and recovery and by extension

NOTE Confidence: 0.874980682173913

00:42:00.741 --> 00:42:03.534 all the data tells us that that

NOTE Confidence: 0.874980682173913

00:42:03.534 --> 00:42:05.288 strengthens their kids as well.

NOTE Confidence: 0.874980682173913

00:42:05.290 --> 00:42:07.466 Makes them better parents.

NOTE Confidence: 0.874980682173913

00:42:07.466 --> 00:42:08.010 Really.

NOTE Confidence: 0.874980682173913

00:42:08.010 --> 00:42:09.288 When parents are healthy and well,

NOTE Confidence: 0.874980682173913

00:42:09.290 --> 00:42:10.390 kids benefit,

NOTE Confidence: 0.874980682173913

00:42:10.390 --> 00:42:12.040 so everybody wins.

NOTE Confidence: 0.874980682173913

00:42:12.040 --> 00:42:14.884 We experience a ton of collaboration

NOTE Confidence: 0.874980682173913

00:42:14.884 --> 00:42:18.600 with other clinics across youth land,

NOTE Confidence: 0.874980682173913

00:42:18.600 --> 00:42:20.688 all of the elements of that

NOTE Confidence: 0.874980682173913

00:42:20.688 --> 00:42:22.080 it's really very remarkable.

NOTE Confidence: 0.874980682173913

00:42:22.080 --> 00:42:23.936 And so I'm going to introduce you to

NOTE Confidence: 0.874980682173913

00:42:23.936 --> 00:42:25.638 my colleague and our intern this year,

NOTE Confidence: 0.874980682173913

00:42:25.640 --> 00:42:26.080 Darrell Snow.

NOTE Confidence: 0.8465294975

00:42:31.550 --> 00:42:32.750 Good afternoon, everybody.

NOTE Confidence: 0.8465294975

00:42:32.750 --> 00:42:36.385 My name is Darrell Snow and I am a

NOTE Confidence: 0.8465294975

00:42:36.385 --> 00:42:38.980 social work clinical intern from Southern

00:42:38.980 --> 00:42:41.120 Connecticut State University working

00:42:41.120 --> 00:42:44.294 in the adult outpatient clinic with

NOTE Confidence: 0.8465294975

00:42:44.294 --> 00:42:47.168 Heather and our Prestige colleagues here.

NOTE Confidence: 0.8465294975

00:42:47.170 --> 00:42:49.966 I was born and raised here

NOTE Confidence: 0.8465294975

00:42:49.966 --> 00:42:51.830 in heaven in Connecticut,

NOTE Confidence: 0.8465294975

00:42:51.830 --> 00:42:54.868 in the Hill neighborhood section of town.

NOTE Confidence: 0.8465294975

00:42:54.870 --> 00:42:57.630 I'm matriculated through the New Haven

NOTE Confidence: 0.8465294975

00:42:57.630 --> 00:42:59.968 Public School system and graduated

NOTE Confidence: 0.8465294975

00:42:59.968 --> 00:43:02.908 from Hill House High School in 2010.

NOTE Confidence: 0.8465294975

00:43:02.910 --> 00:43:05.800 And my. Introduction to social

NOTE Confidence: 0.8465294975

00:43:05.800 --> 00:43:09.090 work really was pretty early on.

NOTE Confidence: 0.8465294975

00:43:09.090 --> 00:43:11.253 I remember my 4th grade teacher kind

NOTE Confidence: 0.8465294975

00:43:11.253 --> 00:43:13.354 of surveying the class and asking us

NOTE Confidence: 0.8465294975

00:43:13.354 --> 00:43:16.570 kind of what did we envision ourselves being.

NOTE Confidence: 0.8465294975

00:43:16.570 --> 00:43:18.696 And I didn't have the words for it,

NOTE Confidence: 0.8465294975

00:43:18.700 --> 00:43:21.211 but I just knew that I wanted to work

NOTE Confidence: 0.8465294975

00:43:21.211 --> 00:43:23.176 with people with their feelings and

NOTE Confidence: 0.8465294975

00:43:23.176 --> 00:43:25.618 and and I remember saying that I just

NOTE Confidence: 0.8465294975

00:43:25.618 --> 00:43:27.861 don't want to see people mad anymore, right?

NOTE Confidence: 0.8465294975

00:43:27.861 --> 00:43:30.660 So I grew up in a really hard neighborhood

NOTE Confidence: 0.8465294975

00:43:30.726 --> 00:43:33.138 in New Haven and was exposed to a lot.

NOTE Confidence: 0.8465294975

00:43:33.140 --> 00:43:36.232 And so I felt like.

NOTE Confidence: 0.8465294975

00:43:36.232 --> 00:43:38.780 My my passion came on pretty early.

NOTE Confidence: 0.8465294975

00:43:38.780 --> 00:43:40.262 I remember going to the library

NOTE Confidence: 0.8465294975

00:43:40.262 --> 00:43:41.510 and researching what it meant

NOTE Confidence: 0.8465294975

00:43:41.510 --> 00:43:42.560 to be a social worker.

NOTE Confidence: 0.8465294975

00:43:42.560 --> 00:43:44.180 Once she said that,

NOTE Confidence: 0.8465294975

00:43:44.180 --> 00:43:46.610 that was a possibility for me.

NOTE Confidence: 0.8465294975

00:43:46.610 --> 00:43:49.515 And another reason of my why for

NOTE Confidence: 0.8465294975

00:43:49.515 --> 00:43:51.840 social work is that I've been

NOTE Confidence: 0.8465294975

00:43:51.840 --> 00:43:53.730 very aware since I could remember,

NOTE Confidence: 0.8465294975

00:43:53.730 --> 00:43:56.034 just about the systemic barriers that

NOTE Confidence: 0.8465294975

00:43:56.034 --> 00:43:58.345 people are presented with and how

NOTE Confidence: 0.8465294975

00:43:58.345 --> 00:44:00.130 that impacts their mental health.

NOTE Confidence: 0.8465294975

00:44:00.130 --> 00:44:02.419 When I applied to the CHILD Study

NOTE Confidence: 0.8465294975

00:44:02.419 --> 00:44:04.688 Center as an intern last year,

NOTE Confidence: 0.8465294975

00:44:04.690 --> 00:44:06.985 I was given the option to work either in

NOTE Confidence: 0.8465294975

00:44:06.985 --> 00:44:09.400 the youth clinic or in the adult clinic.

NOTE Confidence: 0.8465294975

00:44:09.400 --> 00:44:11.311 And I had been working with Youth

NOTE Confidence: 0.8465294975

00:44:11.311 --> 00:44:13.498 and home for the last decade or so,

NOTE Confidence: 0.8465294975

00:44:13.500 --> 00:44:15.334 and I wanted to kind of shift

NOTE Confidence: 0.8465294975

00:44:15.334 --> 00:44:17.658 gears a bit and understanding that,

NOTE Confidence: 0.8465294975

00:44:17.660 --> 00:44:19.940 as Heather stated, and which is very true,

NOTE Confidence: 0.8465294975

00:44:19.940 --> 00:44:23.366 was that adult mental health severely

NOTE Confidence: 0.8465294975

00:44:23.366 --> 00:44:25.275 impacts children's mental health.

NOTE Confidence: 0.8465294975

00:44:25.275 --> 00:44:27.945 And so they're all equally important

NOTE Confidence: 0.8465294975

00:44:27.945 --> 00:44:29.740 and they work together.

NOTE Confidence: 0.8465294975

00:44:29.740 --> 00:44:32.962 Another part of my Why is just the lack

NOTE Confidence: 0.8465294975

00:44:32.962 --> 00:44:36.400 of representation in the field for me.

NOTE Confidence: 0.8465294975

00:44:36.400 --> 00:44:39.945 I went into the field knowing

NOTE Confidence: 0.8465294975

00:44:39.945 --> 00:44:42.409 that there was a void and so,

NOTE Confidence: 0.8465294975

00:44:42.410 --> 00:44:45.931 and I understand that although there's been

NOTE Confidence: 0.8465294975

00:44:45.931 --> 00:44:49.378 increases of men in the field of color.

NOTE Confidence: 0.8465294975

00:44:49.380 --> 00:44:51.816 That growth has not been seen for

NOTE Confidence: 0.8465294975

00:44:51.816 --> 00:44:53.656 black men specifically and so,

NOTE Confidence: 0.8465294975

00:44:53.656 --> 00:44:56.044 and my search for therapy some

NOTE Confidence: 0.8465294975

00:44:56.044 --> 00:44:57.839 years ago for myself,

NOTE Confidence: 0.8465294975

00:44:57.840 --> 00:45:00.240 that was something that I considered.

NOTE Confidence: 0.8465294975

00:45:00.240 --> 00:45:02.208 I wanted to have a black note therapist

NOTE Confidence: 0.8465294975

00:45:02.208 --> 00:45:05.087 for my own preferences and so so

NOTE Confidence: 0.8465294975

00:45:05.087 --> 00:45:07.123 understanding that the importance

NOTE Confidence: 0.8465294975

00:45:07.123 --> 00:45:09.500 of representation is another factor

NOTE Confidence: 0.8465294975

00:45:09.500 --> 00:45:12.556 that waited for me to to join the

NOTE Confidence: 0.8465294975

00:45:12.638 --> 00:45:16.070 field as a clinician. Umm.

NOTE Confidence: 0.8465294975

00:45:16.070 --> 00:45:19.010 And it's also important for me to to.

NOTE Confidence: 0.8465294975

00:45:19.010 --> 00:45:21.450 Respond culturally to all the people

NOTE Confidence: 0.8465294975

00:45:21.450 --> 00:45:23.709 that we serve here at the clinic,

NOTE Confidence: 0.8465294975

00:45:23.710 --> 00:45:25.510 but also that stretches beyond

NOTE Confidence: 0.8465294975

00:45:25.510 --> 00:45:26.200 the walls here.

NOTE Confidence: 0.850772381666667

00:45:28.230 --> 00:45:31.184 The training that I've received has been

NOTE Confidence: 0.850772381666667

00:45:31.184 --> 00:45:34.106 tremendous and I'm just so grateful to

NOTE Confidence: 0.850772381666667

00:45:34.106 --> 00:45:36.915 have grown so much clinically under the

NOTE Confidence: 0.850772381666667

00:45:36.915 --> 00:45:39.519 supervision of Diane Dodge and all of

NOTE Confidence: 0.850772381666667

00:45:39.519 --> 00:45:43.180 the parent team here. I appreciate it.

NOTE Confidence: 0.850772381666667

00:45:43.180 --> 00:45:45.320 Receive ongoing support for cases,

NOTE Confidence: 0.850772381666667

00:45:45.320 --> 00:45:47.975 feedback, one to one supervision

NOTE Confidence: 0.850772381666667

00:45:47.975 --> 00:45:50.099 weekly and group supervision,

NOTE Confidence: 0.850772381666667

00:45:50.100 --> 00:45:53.700 as well as a seminar that we have

NOTE Confidence: 0.850772381666667

00:45:53.700 --> 00:45:56.100 for all interns across disciplines.

NOTE Confidence: 0.850772381666667

00:45:56.100 --> 00:45:59.028 I've gathered a lot of learning

NOTE Confidence: 0.850772381666667

00:45:59.028 --> 00:46:01.480 opportunities over the last year,

NOTE Confidence: 0.850772381666667

00:46:01.480 --> 00:46:04.735 so I've assisted Heather with some intakes

NOTE Confidence: 0.850772381666667

00:46:04.740 --> 00:46:07.195 and also have conducted psychological

NOTE Confidence: 0.850772381666667

00:46:07.195 --> 00:46:10.640 evaluations for some of our adult folks.

NOTE Confidence: 0.856793256666667

00:46:12.880 --> 00:46:14.231 I find really great passion in the

NOTE Confidence: 0.856793256666667

00:46:14.231 --> 00:46:15.780 work that I do here at the clinic,

NOTE Confidence: 0.856793256666667

00:46:15.780 --> 00:46:17.747 but I particularly enjoy the work that

NOTE Confidence: 0.856793256666667

00:46:17.747 --> 00:46:19.838 I do within our father's program,

NOTE Confidence: 0.856793256666667

00:46:19.840 --> 00:46:23.140 founded by Carla Stover.

NOTE Confidence: 0.856793256666667

00:46:23.140 --> 00:46:25.579 For many of the men that I work with,

NOTE Confidence: 0.856793256666667

00:46:25.580 --> 00:46:28.156 the space that we've created is often

NOTE Confidence: 0.856793256666667

00:46:28.156 --> 00:46:30.723 the first time that they are able

NOTE Confidence: 0.856793256666667

00:46:30.723 --> 00:46:33.315 to express their feelings in a very

NOTE Confidence: 0.856793256666667

00:46:33.315 --> 00:46:35.500 neutral and judgment free space.

NOTE Confidence: 0.856793256666667

00:46:35.500 --> 00:46:38.146 They develop an openness to explore

NOTE Confidence: 0.856793256666667

00:46:38.146 --> 00:46:39.910 generational patterns of behaviors

NOTE Confidence: 0.856793256666667

00:46:39.973 --> 00:46:42.085 and trauma and how that influences

NOTE Confidence: 0.856793256666667

00:46:42.085 --> 00:46:44.370 some of their choices and then

NOTE Confidence: 0.856793256666667

00:46:44.370 --> 00:46:45.579 in their relationships.

NOTE Confidence: 0.856793256666667

00:46:45.580 --> 00:46:46.681 Most of all,

NOTE Confidence: 0.856793256666667

00:46:46.681 --> 00:46:48.516 they appreciate discovering new skills

NOTE Confidence: 0.856793256666667

00:46:48.516 --> 00:46:51.218 that they can learn and apply in and

NOTE Confidence: 0.856793256666667

00:46:51.218 --> 00:46:52.920 outside of the therapeutic space.

NOTE Confidence: 0.856793256666667

00:46:52.920 --> 00:46:55.200 And they've also have been able

NOTE Confidence: 0.856793256666667

00:46:55.200 --> 00:46:57.400 to access more Community resources

NOTE Confidence: 0.856793256666667

00:46:57.400 --> 00:46:59.766 just through my be me being well

NOTE Confidence: 0.856793256666667

00:46:59.766 --> 00:47:01.600 versed in the community.

NOTE Confidence: 0.856793256666667

00:47:01.600 --> 00:47:02.734 I've grown up here in New Haven.

74

NOTE Confidence: 0.856793256666667

00:47:02.740 --> 00:47:05.700 I know a lot that the city has to offer.

NOTE Confidence: 0.856793256666667

00:47:05.700 --> 00:47:07.906 Just want to just say that I really

NOTE Confidence: 0.856793256666667

00:47:07.906 --> 00:47:09.875 appreciate the time that I've been

NOTE Confidence: 0.856793256666667

00:47:09.875 --> 00:47:12.210 able to learn and grow here and.

NOTE Confidence: 0.856793256666667

00:47:12.210 --> 00:47:13.750 Thank you for for listening.

NOTE Confidence: 0.926000916666667

00:47:24.970 --> 00:47:29.116 I'm just looking at the time and well,

NOTE Confidence: 0.926000916666667

00:47:29.116 --> 00:47:31.008 there's like 10 minutes.

NOTE Confidence: 0.926000916666667

00:47:31.010 --> 00:47:33.264 And so I guess one question first

NOTE Confidence: 0.926000916666667

00:47:33.264 --> 00:47:36.147 of all is a big thank you to

NOTE Confidence: 0.926000916666667

00:47:36.147 --> 00:47:38.440 everyone for sharing for being here.

NOTE Confidence: 0.794230832

00:47:41.870 --> 00:47:43.980 For choosing to be here,

NOTE Confidence: 0.794230832

00:47:43.980 --> 00:47:45.804 for sharing your gifts,

NOTE Confidence: 0.794230832

00:47:45.804 --> 00:47:47.628 for facing the obstacles,

NOTE Confidence: 0.794230832

00:47:47.630 --> 00:47:49.695 for being part of what brings the

NOTE Confidence: 0.794230832

00:47:49.695 --> 00:47:51.388 gifts and talents here as well.

NOTE Confidence: 0.794230832

00:47:51.390 --> 00:47:53.644 And it's really tremendous and it's we're,

NOTE Confidence: 0.794230832

00:47:53.650 --> 00:47:56.728 we're our community is so lucky

NOTE Confidence: 0.794230832

00:47:56.730 --> 00:47:58.764 to have all of this available

NOTE Confidence: 0.794230832

00:47:58.764 --> 00:48:01.010 to us and so thank you.

NOTE Confidence: 0.794230832

00:48:01.010 --> 00:48:03.378 And I guess also with that I don't

NOTE Confidence: 0.794230832

00:48:03.378 --> 00:48:05.610 know if there's questions. Yeah.

NOTE Confidence: 0.953417716666667

00:48:10.700 --> 00:48:11.369 Thank you so

NOTE Confidence: 0.9194347075

00:48:11.380 --> 00:48:13.680 much for such an inspiring

NOTE Confidence: 0.9194347075

00:48:13.680 --> 00:48:15.060 set of presentations.

NOTE Confidence: 0.9194347075

00:48:15.060 --> 00:48:18.520 I feel like wow, underachieving,

NOTE Confidence: 0.9194347075

00:48:18.520 --> 00:48:20.368 I need to get going with y'all and

NOTE Confidence: 0.898158766

00:48:20.720 --> 00:48:23.730 I wanted to comment on

NOTE Confidence: 0.913954604

00:48:23.740 --> 00:48:27.640 the incredible power of the icaps programs.

NOTE Confidence: 0.913954604

00:48:27.640 --> 00:48:30.777 So over the over the last decade ICAPS

NOTE Confidence: 0.913954604

00:48:30.777 --> 00:48:33.272 has partnered with the psychology

NOTE Confidence: 0.913954604

00:48:33.272 --> 00:48:35.994 training program and providing an

NOTE Confidence: 0.913954604

00:48:35.994 --> 00:48:38.744 invaluable experience for our doctoral

NOTE Confidence: 0.913954604

00:48:38.744 --> 00:48:40.948 level psychologists who come here.

NOTE Confidence: 0.913954604

00:48:40.950 --> 00:48:42.421 And they come here and we tell

NOTE Confidence: 0.913954604

00:48:42.421 --> 00:48:44.576 them about the icaps opportunity.

NOTE Confidence: 0.913954604

00:48:44.580 --> 00:48:45.848 They say Humana, Humana,

NOTE Confidence: 0.913954604

00:48:45.848 --> 00:48:48.718 I'm going to someone's home in the community

NOTE Confidence: 0.913954604

00:48:48.720 --> 00:48:50.895 and is there a treatment manual and how

NOTE Confidence: 0.913954604

00:48:50.895 --> 00:48:53.740 many are there because they're used to

NOTE Confidence: 0.913954604

00:48:53.740 --> 00:48:55.724 office based manualized treatments.

NOTE Confidence: 0.913954604

00:48:55.724 --> 00:48:58.982 And I'm especially grateful to you, Bridget.

NOTE Confidence: 0.913954604

00:48:58.982 --> 00:49:01.052 For adopting our psychology fellows

NOTE Confidence: 0.913954604

00:49:01.052 --> 00:49:03.398 for the last couple of years,

NOTE Confidence: 0.913954604

00:49:03.400 --> 00:49:05.920 where you have modeled and taught and

NOTE Confidence: 0.913954604

00:49:05.920 --> 00:49:07.950 supervised in a highly compassionate

NOTE Confidence: 0.913954604

00:49:07.950 --> 00:49:11.280 manner how to be present with families

NOTE Confidence: 0.913954604

00:49:11.280 --> 00:49:13.545 in the stage of growth that they're in.

NOTE Confidence: 0.913954604

00:49:13.545 --> 00:49:15.960 And so I'm deeply appreciative of the

NOTE Confidence: 0.913954604

00:49:15.960 --> 00:49:18.594 teaching and supervision that you've been

NOTE Confidence: 0.913954604

00:49:18.594 --> 00:49:20.939 providing for our psychology fellows.

NOTE Confidence: 0.913954604

00:49:20.940 --> 00:49:23.000 And then I have a question for that.

NOTE Confidence: 0.913954604

00:49:23.000 --> 00:49:25.690 I'm wondering if you might reflect on

NOTE Confidence: 0.933994852

00:49:25.760 --> 00:49:28.330 what is it like to supervise

NOTE Confidence: 0.933994852

00:49:28.340 --> 00:49:30.110 across disciplines.

NOTE Confidence: 0.79070189

00:49:30.110 --> 00:49:32.538 What are the joys? Are there some thorns,

NOTE Confidence: 0.8193609275

00:49:32.550 --> 00:49:35.430 kind of the roses and thorns in a

NOTE Confidence: 0.950452805

00:49:35.430 --> 00:49:36.938 setting such as this

NOTE Confidence: 0.861421900833333

00:49:37.490 --> 00:49:40.178 that hasn't often recognized the talents

NOTE Confidence: 0.861421900833333

00:49:40.178 --> 00:49:43.550 of all of our training partners?

NOTE Confidence: 0.861421900833333

00:49:43.550 --> 00:49:44.680 So I thought I wondered if

NOTE Confidence: 0.861421900833333

00:49:44.680 --> 00:49:47.518 you had a reflection on that.

NOTE Confidence: 0.798063076666667

00:49:50.190 --> 00:49:51.159 Which one? OK.

00:49:55.840 --> 00:49:58.848 I know I'm quiet. I thank you

00:49:58.860 --> 00:50:00.804 so much for saying that and I think a

00:50:00.804 --> 00:50:02.661 lot of the credit for the experience

00:50:02.661 --> 00:50:04.678 folks have had is also to I know

00:50:04.678 --> 00:50:06.305 Doctor Wilson has done a lot of

00:50:06.305 --> 00:50:07.895 supervision as well as generally who

00:50:07.895 --> 00:50:09.721 is part of gingerly has partnered

00:50:09.721 --> 00:50:11.989 with the psych fellows for many years.

00:50:11.990 --> 00:50:13.796 This is actually my first year,

00:50:13.800 --> 00:50:15.798 so I can share about my experience this year,

00:50:15.800 --> 00:50:18.530 which I really enjoyed working with

00:50:18.530 --> 00:50:20.917 Kara this year. It was excellent.

00:50:20.917 --> 00:50:23.290 I think one of the surprises for

00:50:23.360 --> 00:50:25.775 me was in working with somebody who

00:50:25.775 --> 00:50:28.039 was in training but who had done.

00:50:28.040 --> 00:50:28.588 Therapy before.

NOTE Confidence: 0.852644118666667

00:50:28.588 --> 00:50:31.790 So it was, it felt more like kind

NOTE Confidence: 0.852644118666667

00:50:31.790 --> 00:50:34.170 of helping her and helping.

NOTE Confidence: 0.852644118666667

00:50:34.170 --> 00:50:36.204 To understand the difference in in

NOTE Confidence: 0.852644118666667

00:50:36.204 --> 00:50:38.372 homework and also being able to see

NOTE Confidence: 0.852644118666667

00:50:38.372 --> 00:50:40.494 what you can kind of learn from the

NOTE Confidence: 0.852644118666667

00:50:40.494 --> 00:50:42.615 in home experience which is the like

NOTE Confidence: 0.852644118666667

00:50:42.615 --> 00:50:45.370 sitting and being present with a family.

NOTE Confidence: 0.852644118666667

00:50:45.370 --> 00:50:48.520 And I think one of one of the things

NOTE Confidence: 0.852644118666667

00:50:48.520 --> 00:50:51.270 that I noticed and that we did talk

NOTE Confidence: 0.852644118666667

00:50:51.270 --> 00:50:53.120 about was like especially because the

NOTE Confidence: 0.852644118666667

00:50:53.120 --> 00:50:55.325 cases we get from that we work with our

NOTE Confidence: 0.852644118666667

00:50:55.391 --> 00:50:57.848 psych fellows with our medical icaps cases.

NOTE Confidence: 0.852644118666667

00:50:57.850 --> 00:51:00.461 So there's also often a medical component

NOTE Confidence: 0.852644118666667

00:51:00.461 --> 00:51:04.730 that contributes to their mental health and.

NOTE Confidence: 0.852644118666667

00:51:04.730 --> 00:51:07.480 I think seeing that often the family actually

80

00:51:07.480 --> 00:51:10.810 knew what it was that they needed to do.

00:51:10.810 --> 00:51:13.286 They understood the clients medical needs.

00:51:13.286 --> 00:51:16.265 It was more of sitting and being like

00:51:16.265 --> 00:51:18.947 what what gets in the way or like what,

00:51:18.950 --> 00:51:20.490 what is happening with mental

00:51:20.490 --> 00:51:22.378 health or how does trauma impact

00:51:22.378 --> 00:51:24.387 the way that they respond to this.

00:51:24.390 --> 00:51:26.814 And I think having those conversations

00:51:26.814 --> 00:51:29.003 was really eye opening for me

00:51:29.003 --> 00:51:30.015 in terms of like

00:51:30.030 --> 00:51:32.319 oh, you kind of. I'm a newer,

00:51:32.320 --> 00:51:33.720 I'm newer to supervising,

00:51:33.730 --> 00:51:36.964 and I'm I'm newer to kind of.

00:51:36.970 --> 00:51:38.218 Roles where I'm a direct teacher.

00:51:38.220 --> 00:51:39.970 I've kind of mentored fellows before,

00:51:39.970 --> 00:51:41.083 but I think that was one of

NOTE Confidence: 0.89506831

00:51:41.083 --> 00:51:42.043 the things where I was like,

NOTE Confidence: 0.89506831

00:51:42.043 --> 00:51:43.082 oh, I really have something to

NOTE Confidence: 0.89506831

00:51:43.082 --> 00:51:44.474 share and it was very nice.

NOTE Confidence: 0.915389468888889

00:51:47.180 --> 00:51:50.204 And I think it was also progressing in like.

NOTE Confidence: 0.887100913181818

00:51:52.970 --> 00:51:54.995 Seeing the differences and also

NOTE Confidence: 0.887100913181818

00:51:54.995 --> 00:51:57.020 the similarities in the fields

NOTE Confidence: 0.887100913181818

00:51:57.086 --> 00:51:59.277 and kind of that we were all

NOTE Confidence: 0.887100913181818

00:51:59.277 --> 00:52:00.809 thinking about kind of like.

NOTE Confidence: 0.887100913181818

00:52:00.810 --> 00:52:02.919 Culturally, humble practice,

NOTE Confidence: 0.887100913181818

00:52:02.919 --> 00:52:05.400 social justice orientations and

NOTE Confidence: 0.887100913181818

00:52:05.400 --> 00:52:07.620 and how we're thinking about the

NOTE Confidence: 0.887100913181818

00:52:07.620 --> 00:52:09.880 families and their communities but.

NOTE Confidence: 0.887100913181818

00:52:09.880 --> 00:52:11.040 Actually having the opportunity

NOTE Confidence: 0.887100913181818

00:52:11.040 --> 00:52:12.780 to kind of guide someone through

NOTE Confidence: 0.887100913181818

00:52:12.831 --> 00:52:14.448 seeing that in person for the first

NOTE Confidence: 0.887100913181818

00:52:14.448 --> 00:52:16.058 time was really exciting, yeah.

NOTE Confidence: 0.887100913181818

00:52:16.058 --> 00:52:18.348 Thank you for your question.

NOTE Confidence: 0.839368342222222

00:52:18.960 --> 00:52:22.650 Is it OK if I jump in just briefly?

NOTE Confidence: 0.839368342222222

00:52:22.650 --> 00:52:24.099 Sorry for being the voice of God

NOTE Confidence: 0.839368342222222

00:52:24.099 --> 00:52:25.290 off screen here. I apologize.

NOTE Confidence: 0.839368342222222

00:52:25.290 --> 00:52:28.354 I just wanted to add that that Jinju

NOTE Confidence: 0.839368342222222

00:52:28.354 --> 00:52:32.010 also has has remained in touch with

NOTE Confidence: 0.839368342222222

00:52:32.010 --> 00:52:34.020 their ex psychology trainees and I

NOTE Confidence: 0.839368342222222

00:52:34.086 --> 00:52:36.132 think the model is really powerful

NOTE Confidence: 0.839368342222222

00:52:36.132 --> 00:52:38.023 experience for both the clinicians

NOTE Confidence: 0.839368342222222

00:52:38.023 --> 00:52:40.328 working together in such challenging

NOTE Confidence: 0.839368342222222

00:52:40.330 --> 00:52:42.630 yet yet rewarding circumstances.

NOTE Confidence: 0.839368342222222

00:52:42.630 --> 00:52:45.505 Just just to comment there,

NOTE Confidence: 0.839368342222222

00:52:45.510 --> 00:52:48.222 just always impressed to see that

NOTE Confidence: 0.839368342222222

00:52:48.222 --> 00:52:51.088 connections that form that way and then.

NOTE Confidence: 0.839368342222222

83

00:52:51.090 --> 00:52:53.827 And then the other pieces I think,

NOTE Confidence: 0.839368342222222

00:52:53.830 --> 00:52:55.438 yes, like Lori said,

NOTE Confidence: 0.839368342222222

00:52:55.438 --> 00:52:57.448 psychology comes in well trained,

NOTE Confidence: 0.839368342222222

00:52:57.450 --> 00:52:58.362 manualized experience,

NOTE Confidence: 0.839368342222222

00:52:58.362 --> 00:53:00.186 evidence based and you,

NOTE Confidence: 0.839368342222222

00:53:00.190 --> 00:53:02.742 you do have to counterintuitively put

NOTE Confidence: 0.839368342222222

00:53:02.742 --> 00:53:05.078 that all aside as you as you enter

NOTE Confidence: 0.839368342222222

00:53:05.078 --> 00:53:07.120 enter the home I think to start with.

NOTE Confidence: 0.84716929

00:53:09.170 --> 00:53:11.200 Thank you for offering the MD.

NOTE Confidence: 0.646342544285714

00:53:13.020 --> 00:53:14.286 John Ponce and I work a

NOTE Confidence: 0.646342544285714

00:53:14.286 --> 00:53:15.568 medical director for Icaps.

NOTE Confidence: 0.646342544285714

00:53:15.570 --> 00:53:17.100 And yes, I don't do any of the work.

NOTE Confidence: 0.646342544285714

00:53:17.100 --> 00:53:19.032 It's really the social work clinicians

NOTE Confidence: 0.646342544285714

00:53:19.032 --> 00:53:20.480 that are in the frontline here.

NOTE Confidence: 0.646342544285714

00:53:20.480 --> 00:53:23.040 So full credit is due in a perfect

NOTE Confidence: 0.646342544285714

00:53:23.040 --> 00:53:25.388 metaphor for your presentation today.

NOTE Confidence: 0.852311627142857

00:53:29.150 --> 00:53:31.327 Were there other questions that folks had?

NOTE Confidence: 0.788884466666667

00:53:35.010 --> 00:53:36.078 Yes, doctor Martin.

NOTE Confidence: 0.85908484

00:53:41.500 --> 00:53:43.280 So can you hear me? Can you hear me?

NOTE Confidence: 0.85908484

00:53:43.280 --> 00:53:45.728 So First off, thank you to all 5-6 of

NOTE Confidence: 0.85908484

00:53:45.728 --> 00:53:48.248 you and Tara for putting this together.

NOTE Confidence: 0.85908484

00:53:48.250 --> 00:53:51.154 This was really wonderful and you know it,

NOTE Confidence: 0.85908484

00:53:51.160 --> 00:53:53.500 it was painful as you as you relate the

NOTE Confidence: 0.85908484

00:53:53.500 --> 00:53:55.834 pain of the IRB example was one of the,

NOTE Confidence: 0.85908484

00:53:55.840 --> 00:53:57.298 you know, that didn't make sense,

NOTE Confidence: 0.85908484

00:53:57.300 --> 00:53:59.110 right, that you needed all

NOTE Confidence: 0.85908484

00:53:59.110 --> 00:54:00.196 these special permissions,

NOTE Confidence: 0.85908484

00:54:00.200 --> 00:54:03.240 kind of a reminder of a different status.

NOTE Confidence: 0.85908484

00:54:03.240 --> 00:54:05.770 And it it just made me think that there

NOTE Confidence: 0.85908484

00:54:05.770 --> 00:54:08.586 are social workers throughout the hospital,

NOTE Confidence: 0.85908484

00:54:08.586 --> 00:54:10.050 throughout the hospital,

NOTE Confidence: 0.85908484

00:54:10.050 --> 00:54:11.821 but I don't know if any other

NOTE Confidence: 0.85908484

00:54:11.821 --> 00:54:13.309 department that has shown a light

NOTE Confidence: 0.85908484

00:54:13.310 --> 00:54:17.289 shined a light shining a light.

NOTE Confidence: 0.85908484

00:54:17.290 --> 00:54:19.198 And and social work and and I think

NOTE Confidence: 0.85908484

00:54:19.198 --> 00:54:20.626 I I don't think it's a coincidence

NOTE Confidence: 0.85908484

00:54:20.626 --> 00:54:21.844 that it's a child study Center

NOTE Confidence: 0.85908484

00:54:21.844 --> 00:54:23.029 for a number of reasons.

NOTE Confidence: 0.85908484

00:54:23.030 --> 00:54:24.726 One is that we work with social

NOTE Confidence: 0.85908484

00:54:24.726 --> 00:54:26.325 workers very closely for years and

NOTE Confidence: 0.85908484

00:54:26.325 --> 00:54:28.278 I'm I'm sorry that my my friends

NOTE Confidence: 0.85908484

00:54:28.278 --> 00:54:30.192 from the inpatient unit our social

NOTE Confidence: 0.85908484

00:54:30.192 --> 00:54:31.936 work colleagues are not here but you

NOTE Confidence: 0.632070366

00:54:31.990 --> 00:54:34.200 and other masters level folks.

NOTE Confidence: 0.813583975666667

00:54:35.850 --> 00:54:36.522 Nursing for example.

NOTE Confidence: 0.813583975666667

00:54:36.522 --> 00:54:38.757 I mean we so we have many of these

NOTE Confidence: 0.813583975666667

00:54:38.757 --> 00:54:40.292 experiences but but but there's

NOTE Confidence: 0.813583975666667

00:54:40.292 --> 00:54:41.781 something about social work that

NOTE Confidence: 0.813583975666667

00:54:41.781 --> 00:54:43.071 I think is particularly relevant

NOTE Confidence: 0.813583975666667

00:54:43.071 --> 00:54:45.650 which is a mental health component.

NOTE Confidence: 0.813583975666667

00:54:45.650 --> 00:54:48.124 And and I guess it my hope would be

NOTE Confidence: 0.813583975666667

00:54:48.124 --> 00:54:49.387 that having the child Study Center

NOTE Confidence: 0.813583975666667

00:54:49.387 --> 00:54:50.955 being an example and this being an

NOTE Confidence: 0.813583975666667

00:54:51.004 --> 00:54:52.294 example of something that could

NOTE Confidence: 0.813583975666667

00:54:52.294 --> 00:54:53.802 happen in the broader Medical Center.

NOTE Confidence: 0.813583975666667

00:54:53.802 --> 00:54:55.286 You know that we're not going to

NOTE Confidence: 0.813583975666667

00:54:55.286 --> 00:54:56.332 see this necessarily nephrology

NOTE Confidence: 0.813583975666667

00:54:56.332 --> 00:54:58.048 because they think of kidneys not

NOTE Confidence: 0.813583975666667

00:54:58.048 --> 00:54:59.772 of mental health but we think of

NOTE Confidence: 0.813583975666667

00:54:59.772 --> 00:55:01.111 mental health and and social order

NOTE Confidence: 0.813583975666667

00:55:01.111 --> 00:55:02.266 thinks of mental health throughout.

NOTE Confidence: 0.813583975666667

00:55:02.270 --> 00:55:04.111 So I just hope that this continues

NOTE Confidence: 0.813583975666667

00:55:04.111 --> 00:55:06.276 but thank you for all the work it was.

NOTE Confidence: 0.813583975666667

00:55:06.280 --> 00:55:08.016 And those numbers were very impressive in me.

NOTE Confidence: 0.813583975666667

00:55:08.020 --> 00:55:09.106 So thank you for sharing that.

NOTE Confidence: 0.813583975666667

00:55:09.110 --> 00:55:09.450 Yeah,

NOTE Confidence: 0.62603496625

00:55:09.740 --> 00:55:13.958 thank you. I will. Yeah. You'll be

NOTE Confidence: 0.62603496625

00:55:13.958 --> 00:55:15.960 our last question looking at the time.

NOTE Confidence: 0.709760669333333

00:55:17.130 --> 00:55:19.866 Thank you. So I'm Lilia Benoit.

NOTE Confidence: 0.709760669333333

00:55:19.870 --> 00:55:21.370 I'm child and adolescent

NOTE Confidence: 0.709760669333333

00:55:21.370 --> 00:55:22.870 psychiatrist from France originally.

NOTE Confidence: 0.709760669333333

00:55:22.870 --> 00:55:25.078 And I have worked here at the CHILD

NOTE Confidence: 0.709760669333333

00:55:25.078 --> 00:55:27.450 Study Center for two years as an

NOTE Confidence: 0.709760669333333

00:55:27.450 --> 00:55:28.506 associate research scientist.

NOTE Confidence: 0.709760669333333

00:55:28.510 --> 00:55:31.250 And so as a foreigner,

NOTE Confidence: 0.709760669333333

00:55:31.250 --> 00:55:34.590 I'm not yet allowed

NOTE Confidence: 0.80904716

00:55:32.640 --> 00:55:33.650 to to be a medical

NOTE Confidence: 0.880846873333333

00:55:33.660 --> 00:55:34.578 doctor here, but

NOTE Confidence: 0.850389128

00:55:34.590 --> 00:55:36.364 I'm, I'm starting my residence and very,

NOTE Confidence: 0.850389128

00:55:36.364 --> 00:55:37.552 very happy about it.

NOTE Confidence: 0.850389128

00:55:37.552 --> 00:55:39.748 But for the past two years,

NOTE Confidence: 0.850389128

00:55:39.750 --> 00:55:42.060 I've been allowed to tutor the

NOTE Confidence: 0.850389128

00:55:42.060 --> 00:55:45.245 Yale medical students at 21 and

NOTE Confidence: 0.850389128

00:55:45.245 --> 00:55:48.275 and there is always this question.

NOTE Confidence: 0.850389128

00:55:48.280 --> 00:55:51.451 In this discussion we have in the

NOTE Confidence: 0.850389128

00:55:51.451 --> 00:55:54.183 inpatient unit because in the end they

NOTE Confidence: 0.850389128

00:55:54.183 --> 00:55:56.635 they realize that the kids who are

NOTE Confidence: 0.850389128

00:55:56.635 --> 00:55:58.710 there are there because of society,

NOTE Confidence: 0.850389128

00:55:58.710 --> 00:56:01.212 because of adversity,

NOTE Confidence: 0.850389128

00:56:01.212 --> 00:56:04.548 because of of injustice,

NOTE Confidence: 0.850389128

00:56:04.550 --> 00:56:06.470 because their parents don't

NOTE Confidence: 0.850389128

00:56:06.470 --> 00:56:09.062 don't receive the help they they

NOTE Confidence: 0.850389128

00:56:09.062 --> 00:56:10.924 should they deserve to have,

NOTE Confidence: 0.850389128

00:56:10.924 --> 00:56:11.686 because attachments,

NOTE Confidence: 0.850389128

00:56:11.690 --> 00:56:13.690 bonds are very insecure and most of the

NOTE Confidence: 0.850389128

00:56:13.690 --> 00:56:15.946 time we end up having this conversation.

NOTE Confidence: 0.850389128

00:56:15.950 --> 00:56:17.054 Whenever I say yes,

NOTE Confidence: 0.850389128

00:56:17.054 --> 00:56:18.970 the inpatient unit helps a little bit.

NOTE Confidence: 0.850389128

00:56:18.970 --> 00:56:21.682 This medication but what would be

NOTE Confidence: 0.850389128

00:56:21.682 --> 00:56:24.834 really useful would be to have one

NOTE Confidence: 0.850389128

00:56:24.834 --> 00:56:27.774 person spending one year with the family

NOTE Confidence: 0.850389128

00:56:27.856 --> 00:56:30.616 to model what is secure attachment

NOTE Confidence: 0.850389128

00:56:30.616 --> 00:56:33.192 and and welcome secure bonds and

NOTE Confidence: 0.850389128

00:56:33.192 --> 00:56:35.388 and create that with the family.

NOTE Confidence: 0.850389128

00:56:35.390 --> 00:56:37.497 And I didn't have any example until

NOTE Confidence: 0.850389128

00:56:37.497 --> 00:56:39.975 today to to tell them yes this this

NOTE Confidence: 0.850389128

00:56:39.975 --> 00:56:42.338 exists but I think from now on I'm

NOTE Confidence: 0.850389128

00:56:42.338 --> 00:56:44.916 going to say yes this is icaps and and

NOTE Confidence: 0.850389128

00:56:44.916 --> 00:56:47.492 at least we have some social worker

NOTE Confidence: 0.850389128

00:56:47.492 --> 00:56:49.957 helping us with this very important.

NOTE Confidence: 0.850389128

00:56:49.960 --> 00:56:50.298 Work,

NOTE Confidence: 0.850389128

00:56:50.298 --> 00:56:52.664 so thank you so much for sharing.

NOTE Confidence: 0.877058171

00:56:53.310 --> 00:56:55.710 Right. And that was also a focus of

NOTE Confidence: 0.877058171

00:56:55.710 --> 00:56:58.223 the work too with actually all of

NOTE Confidence: 0.877058171

00:56:58.223 --> 00:57:00.463 the programs that spoke today that

NOTE Confidence: 0.877058171

00:57:00.463 --> 00:57:02.821 focus on attachment and and taking

NOTE Confidence: 0.877058171

00:57:02.821 --> 00:57:05.470 care of the the entire system.

NOTE Confidence: 0.877058171

00:57:05.470 --> 00:57:08.150 So thank you again.

NOTE Confidence: 0.877058171

00:57:08.150 --> 00:57:12.170 Thanks everyone for joining us today.

NOTE Confidence: 0.877058171

00:57:12.170 --> 00:57:14.298 For a wonderful panel.

NOTE Confidence: 0.886432515555556

00:57:16.860 --> 00:57:18.344 And remember, there's not

NOTE Confidence: 0.886432515555556

00:57:18.344 --> 00:57:20.199 a grand rounds next week.

NOTE Confidence: 0.886432515555556

00:57:20.200 --> 00:57:21.512 And our faculty meeting,

NOTE Confidence: 0.886432515555556

00:57:21.512 --> 00:57:23.480 we're hoping to have a panel

NOTE Confidence: 0.886432515555556

00:57:23.543 --> 00:57:25.028 discussion about what it's like

NOTE Confidence: 0.886432515555556

00:57:25.028 --> 00:57:27.319 to be a woman in the Academy.

NOTE Confidence: 0.886432515555556

00:57:27.320 --> 00:57:28.940 So hope you'll see you there,

NOTE Confidence: 0.886432515555556

00:57:28.940 --> 00:57:29.960 and if anybody's interested

NOTE Confidence: 0.886432515555556

00:57:29.960 --> 00:57:31.404 in contributing to that,
