Yale-New Haven Children's Hospital pediatric specialty consultation service

Yale-New Haven Children's Hospital (YNHCH) specialty consultation service is a unique service provided by YNHCH specialists for physicians. Our specialists are available to discuss patient management or need for referral for your patients. We have created this centralized resource to provide you with:

Consultation

- Direct consultation with a YNHCH specialist including facilitating the scheduling of an office visit for patient evaluation, if necessary.

One Convenient Number

- A convenient single-source phone center, available 24/7.

With one call to our 24/7 Y Access Line, physicians can receive quick and easy access to a YNHCH specialist to discuss patient care issues or arrange for a patient transfer to Yale-New Haven Children's Hospital.

If you need a patient consultation, or a patient transfer to YNHCH, please call **888-964-4233**.

Our mission is to address the needs of your patient in an efficient manner and to provide ongoing communications regarding the patient's condition.
