

## Yale University PET Center Service Prices July 01, 2021 - June 30, 2022

The PET Center is a USP (University Service Provider). Each fiscal year (FY), we set our prices for PET services based on our scan volume and based on our costs (personnel, supplies, maintenance contracts, etc.)

PET Center FY22 prices for External Non-Profit entities for the above referenced period are as follows.

Item	Price
PET Scan for Human or Large Animal (up to 2 hours of scanning)	\$3,792
Rodent imaging per hour	\$ 948
Additional scan hour for Human or Large Animal	\$ 948
Radiosynthesis	\$3,276
Blood metabolites / Arterial Line	\$1,290

Thus, a 2-hour C-11 scan with metabolites costs  $\$3,792 + \$3,276 + \$1,290 = \$8,358$ .

Note that it is very important to provide charging instructions in advance of the first scan.
