Doctoral Internship Policies & Procedures

Program Aims & Actions

Revised 01-03-20

Program Aims

The overarching aim of the Yale Doctoral Internship in Clinical and Community Psychology is to provide state-of-the-art training to the next generation of health service psychologists that:

1. Prepares them for entry-level practice in which they deliver high quality services within an increasingly integrated healthcare landscape
2. Fosters growth and development of psychology leaders and innovators who can effectively apply their knowledge and skills to ensure access, availability and affordability of psychological interventions to meet the needs of an increasingly diverse public
3. Fosters academic leadership and development, including scholarly contributions to the field
4. Promotes the career development of fellows by facilitating informed choices about their next steps professionally
