In this interactive workshop, we will identify the domains of educational scholarship and describe how you can move your educational activities into scholarship. Depending whether you are on the Clinical or Clinician Educator track you will have the opportunity to explore how educational activities and educational scholarship can be listed on your CV Part 1 and Part 2. Participants should have their most recent CV and CV Part 2 easily available.

Objectives of this workshop:
1. Identify the domains of educational scholarship.
2. Discuss how to document your educational activities.
3. Discuss the Clinical and Clinician Educator tracks.
