NOTE recognizability:0.859

NOTE language:en-us

NOTE Confidence: 0.954090113333333

00:00:00.000 --> 00:00:02.838 This program in

NOTE Confidence: 0.766315353333333

00:00:06.080 --> 00:00:08.192 is Doctor Lloyd Cantley,

NOTE Confidence: 0.766315353333333

00:00:08.192 --> 00:00:10.832 who's a professor of medicine,

NOTE Confidence: 0.766315353333333

00:00:10.840 --> 00:00:13.563 a nephrologist, and he's also a professor

NOTE Confidence: 0.766315353333333

00:00:13.563 --> 00:00:16.239 of cellular and molecular Physiology.

NOTE Confidence: 0.766315353333333

00:00:16.240 --> 00:00:19.316 Jen Edelman, who's a professor

NOTE Confidence: 0.766315353333333

00:00:19.316 --> 00:00:21.890 of medicine and general medicine and

NOTE Confidence: 0.766315353333333

00:00:21.957 --> 00:00:24.397 associate professor of public health,

NOTE Confidence: 0.766315353333333

00:00:24.400 --> 00:00:27.020 social and behavioral sciences.

NOTE Confidence: 0.766315353333333

00:00:27.020 --> 00:00:32.080 She's an expert in addiction medicine

NOTE Confidence: 0.766315353333333

00:00:32.080 --> 00:00:37.132 and in implementation science. And me.

NOTE Confidence: 0.766315353333333

00:00:37.132 --> 00:00:42.760 And I'm a professor of Pediatrics,

NOTE Confidence: 0.766315353333333

00:00:42.760 --> 00:00:46.393 ID and of epidemiology and deputy director

NOTE Confidence: 0.766315353333333

1

00:00:46.393 --> 00:00:49.440 of the Investigative Medicine program.

00:00:49.440 --> 00:00:51.021 And then Christine,

00:00:51.021 --> 00:00:53.656 who's a project manager for

00:00:53.656 --> 00:00:56.600 education and training and helps us,

00:00:56.600 --> 00:00:58.120 helps everything run properly.

00:01:07.010 --> 00:01:08.249 And so my name is Nicholas Licht.

00:01:08.250 --> 00:01:10.350 I work in the Office of Physician

00:01:10.350 --> 00:01:11.970 Science and Scientist Development.

00:01:11.970 --> 00:01:13.727 We are made-up of a small team,

00:01:13.730 --> 00:01:15.705 which includes our Associate Dean

00:01:15.705 --> 00:01:17.285 for Physician Scientist Development,

00:01:17.290 --> 00:01:18.586 Keith Choate. Nii Addy,

00:01:18.586 --> 00:01:20.206 who's the Director of Scientist

00:01:20.210 --> 00:01:22.010 Diversity and Inclusion, Valerie Reinke,

00:01:22.010 --> 00:01:24.194 who's the Director of PhD Scientists

00:01:24.194 --> 00:01:25.650 Development and Gene Shapiro,

NOTE Confidence: 0.758470485714286

00:01:25.650 --> 00:01:28.250 who's the Director of Grant

NOTE Confidence: 0.758470485714286

00:01:28.250 --> 00:01:29.810 Writing and Evaluation.

NOTE Confidence: 0.758470485714286

00:01:29.810 --> 00:01:30.250 Next slide.

NOTE Confidence: 0.843825155

00:01:35.160 --> 00:01:38.230 So these are grants for junior faculty

NOTE Confidence: 0.843825155

00:01:38.230 --> 00:01:40.960 who are strongly committed to research

NOTE Confidence: 0.843825155

00:01:40.960 --> 00:01:43.480 careers across the full span of basic,

NOTE Confidence: 0.843825155

00:01:43.480 --> 00:01:46.180 clinical, translational, and community-based

NOTE Confidence: 0.843825155

00:01:46.180 --> 00:01:50.072 research focused on human health provides

NOTE Confidence: 0.843825155

00:01:50.072 --> 00:01:54.518 up to 75% salary up to 120 K per year.

NOTE Confidence: 0.843825155

00:01:54.520 --> 00:01:57.030 That includes fringe.

NOTE Confidence: 0.843825155

00:01:57.030 --> 00:02:01.260 So it's you know more like 90,000 of of

NOTE Confidence: 0.843825155

00:02:01.360 --> 00:02:06.040 salary plus 25,000 per year for research

NOTE Confidence: 0.843825155

00:02:06.040 --> 00:02:08.998 related expenses for for two years.

NOTE Confidence: 0.9694111

00:02:11.840 --> 00:02:15.975 The app I thought I'd change

NOTE Confidence: 0.9694111

00:02:15.975 --> 00:02:18.140 this maybe I did change it but

NOTE Confidence: 0.9694111

00:02:18.140 --> 00:02:19.760 maybe you didn't get it anyway.

NOTE Confidence: 0.9694111

00:02:19.760 --> 00:02:23.960 The exception is surgeons.

NOTE Confidence: 0.9694111

00:02:23.960 --> 00:02:29.720 It it's only have to commit 50%

NOTE Confidence: 0.9694111

00:02:29.720 --> 00:02:32.060 applicants who are not eligible for

NOTE Confidence: 0.9694111

00:02:32.060 --> 00:02:33.943 salary support because they're have

NOTE Confidence: 0.9694111

00:02:33.943 --> 00:02:36.283 they have their own K or start up funds

NOTE Confidence: 0.9694111

00:02:36.345 --> 00:02:38.726 may apply for research support of 25K

NOTE Confidence: 0.9694111

00:02:38.726 --> 00:02:44.480 per year for two years separately.

NOTE Confidence: 0.9694111

00:02:44.480 --> 00:02:49.172 The awards are funded by the National

NOTE Confidence: 0.9694111

00:02:49.172 --> 00:02:51.020 Center for Advancing Translational

NOTE Confidence: 0.9694111

00:02:51.020 --> 00:02:55.445 Sciences as and it's linked to the CTSA,

NOTE Confidence: 0.9694111

00:02:55.445 --> 00:02:57.380 the clinical and

NOTE Confidence: 0.9694111

00:02:57.380 --> 00:02:59.315 translational science awards.

NOTE Confidence: 0.9694111

00:02:59.320 --> 00:03:03.400 It's it's it's designated a KL2

NOTE Confidence: 0.9694111

00:03:03.400 --> 00:03:05.710 for the because it's linked to

NOTE Confidence: 0.9694111

00:03:05.710 --> 00:03:08.000 the CTSA but it's really a K12.

NOTE Confidence: 0.9694111

00:03:08.000 --> 00:03:11.118 And then the next round of during our

NOTE Confidence: 0.9694111

00:03:11.118 --> 00:03:13.013 competitive renewal they're changing the

NOTE Confidence: 0.9694111

00:03:13.013 --> 00:03:15.638 name back to a K12 or was never a K12,

NOTE Confidence: 0.9694111

00:03:15.640 --> 00:03:17.638 they're changing it to a K12.

NOTE Confidence: 0.9694111

00:03:17.640 --> 00:03:20.245 But it's also substantially supported

NOTE Confidence: 0.9694111

00:03:20.245 --> 00:03:22.850 by institutional funds from the

NOTE Confidence: 0.9694111

00:03:22.932 --> 00:03:28.360 Dean and administered through YCCI.

NOTE Confidence: 0.9694111

00:03:28.360 --> 00:03:30.935 Scholars will participate in year

NOTE Confidence: 0.9694111

00:03:30.935 --> 00:03:32.480 round educational activities,

NOTE Confidence: 0.9694111

00:03:32.480 --> 00:03:34.816 events including an orientation,

NOTE Confidence: 0.9694111

00:03:34.816 --> 00:03:37.068 Bi-weekly research and progress

NOTE Confidence: 0.9694111

00:03:37.068 --> 00:03:39.153 seminars except over the summer.

NOTE Confidence: 0.9694111

00:03:39.160 --> 00:03:42.448 Robert Sherwin All Scholars

NOTE Confidence: 0.9694111

00:03:42.448 --> 00:03:46.960 Day we have we we have other events.

NOTE Confidence: 0.9694111

00:03:46.960 --> 00:03:49.860 We jointly meet with Rockefeller

NOTE Confidence: 0.9694111

00:03:49.860 --> 00:03:51.616 University every other year,

NOTE Confidence: 0.9694111

00:03:51.616 --> 00:03:52.400 every year,

NOTE Confidence: 0.9694111

00:03:52.400 --> 00:03:55.075 either alternating between their place

NOTE Confidence: 0.9694111

00:03:55.075 --> 00:04:01.460 and our place for a day of research,

NOTE Confidence: 0.9694111

00:04:01.460 --> 00:04:04.530 presentations and interaction.

NOTE Confidence: 0.9694111

00:04:04.530 --> 00:04:08.345 And we have some other kind of

NOTE Confidence: 0.9694111

00:04:08.345 --> 00:04:11.400 internal programs that we do next.

NOTE Confidence: 0.9253547

00:04:14.480 --> 00:04:15.978 So the Yale Position

NOTE Confidence: 0.9253547

00:04:15.978 --> 00:04:17.196 Scientist Development Awards

NOTE Confidence: 0.793926817692308

00:04:17.200 --> 00:04:19.167 are very similar to the YCCI Scholar

NOTE Confidence: 0.793926817692308

00:04:19.167 --> 00:04:21.479 Awards from a support perspective where

NOTE Confidence: 0.793926817692308

00:04:21.480 --> 00:04:23.466 in fact 'cause you're getting $120,000

NOTE Confidence: 0.793926817692308

00:04:23.466 --> 00:04:25.596 for salary support including fringe,

NOTE Confidence: 0.793926817692308

00:04:25.600 --> 00:04:27.165 they get research support for

NOTE Confidence: 0.793926817692308

00:04:27.165 --> 00:04:28.730 individuals who already have a

NOTE Confidence: 0.793926817692308

00:04:28.787 --> 00:04:30.719 career award or large start-up funds.

NOTE Confidence: 0.793926817692308

00:04:30.720 --> 00:04:33.760 They can apply just for the research support.

NOTE Confidence: 0.793926817692308

00:04:33.760 --> 00:04:36.070 I think the biggest difference is that

NOTE Confidence: 0.793926817692308

00:04:36.070 --> 00:04:38.560 our funding goes to physician-scientists.

NOTE Confidence: 0.793926817692308

00:04:38.560 --> 00:04:41.344 So our awards are all limited to MDs

NOTE Confidence: 0.793926817692308

00:04:41.344 --> 00:04:43.656 and MD or MD/PhDs that are practicing.

NOTE Confidence: 0.793926817692308

00:04:43.656 --> 00:04:45.720 But I mean it is open,

NOTE Confidence: 0.793926817692308

00:04:45.720 --> 00:04:47.808 you know from their perspective they

NOTE Confidence: 0.793926817692308

00:04:47.808 --> 00:04:49.580 are awards can go to individuals

NOTE Confidence: 0.793926817692308

00:04:49.580 --> 00:04:51.000 that are doing basic translational,

NOTE Confidence: 0.793926817692308

00:04:51.000 --> 00:04:53.960 clinical or community-based research.

NOTE Confidence: 0.793926817692308

00:04:53.960 --> 00:04:55.815 The funding for us is provided

NOTE Confidence: 0.793926817692308

00:04:55.815 --> 00:04:57.949 by the School of Medicine and is

NOTE Confidence: 0.793926817692308

00:04:57.949 --> 00:04:59.869 administered by the Office of Physician

NOTE Confidence: 0.793926817692308

00:04:59.930 --> 00:05:01.918 Scientist and Scientist Development.

NOTE Confidence: 0.793926817692308

00:05:01.920 --> 00:05:03.680 You know the eligibility requirements

NOTE Confidence: 0.793926817692308

00:05:03.680 --> 00:05:05.440 and application process and salaries

NOTE Confidence: 0.793926817692308

00:05:05.494 --> 00:05:07.576 all the same as the YCCI stellar award.

NOTE Confidence: 0.793926817692308

00:05:07.576 --> 00:05:10.320 Individuals who are interested in a Yale

NOTE Confidence: 0.793926817692308

00:05:10.393 --> 00:05:12.877 Physician Scientist Development Award,

NOTE Confidence: 0.793926817692308

00:05:12.880 --> 00:05:14.842 you know apply through the same

NOTE Confidence: 0.793926817692308

00:05:14.842 --> 00:05:16.499 funding mechanism And then during

NOTE Confidence: 0.793926817692308

00:05:16.499 --> 00:05:18.648 the review process at the end you

NOTE Confidence: 0.793926817692308

00:05:18.648 --> 00:05:21.504 know the program between YCCI and

NOTE Confidence: 0.793926817692308

00:05:21.504 --> 00:05:24.524 OPSSD we review and then decide

NOTE Confidence: 0.793926817692308

00:05:24.524 --> 00:05:27.400 who each program is going to fund.

NOTE Confidence: 0.793926817692308

00:05:27.400 --> 00:05:29.710 You know physician science development

NOTE Confidence: 0.793926817692308

00:05:29.710 --> 00:05:32.020 awardees are still also considered

NOTE Confidence: 0.793926817692308

00:05:32.092 --> 00:05:34.108 YCCI scholars and also participate in

NOTE Confidence: 0.793926817692308

00:05:34.108 --> 00:05:36.719 all of the YCCI scholar activities.

NOTE Confidence: 0.793926817692308

00:05:36.720 --> 00:05:38.631 The real difference is where the

NOTE Confidence: 0.793926817692308

00:05:38.631 --> 00:05:40.744 funding is coming from and then our

NOTE Confidence: 0.793926817692308

00:05:40.744 --> 00:05:42.598 awards are limited to physician-scientists.

NOTE Confidence: 0.793926817692308

00:05:42.600 --> 00:05:42.960 Next slide.

NOTE Confidence: 0.87359462

00:05:46.440 --> 00:05:47.720 So eligibility

NOTE Confidence: 0.975234396

00:05:50.640 --> 00:05:53.600 you have to have at the time of the award,

NOTE Confidence: 0.975234396

00:05:53.600 --> 00:05:56.800 not necessarily while you're applying.

NOTE Confidence: 0.975234396

00:05:56.800 --> 00:05:58.558 You have to have a full

NOTE Confidence: 0.975234396

00:05:58.558 --> 00:05:59.437 time faculty appointment.

NOTE Confidence: 0.975234396

00:05:59.440 --> 00:06:01.768 Being Assistant Professor, Instructor,

NOTE Confidence: 0.975234396

00:06:01.768 --> 00:06:03.514 Associate Research Scientist,

NOTE Confidence: 0.975234396

00:06:03.520 --> 00:06:04.540 or Research Scientist,

NOTE Confidence: 0.975234396

00:06:04.540 --> 00:06:06.920 You could not have been a you.

NOTE Confidence: 0.975234396

00:06:06.920 --> 00:06:09.110 You can't have been a faculty

NOTE Confidence: 0.975234396

00:06:09.110 --> 00:06:12.910 member for five years or more at the

NOTE Confidence: 0.975234396

00:06:12.910 --> 00:06:15.302 earliest anticipated start date,

NOTE Confidence: 0.975234396

00:06:15.302 --> 00:06:18.832 which would be July 1, 2024.

NOTE Confidence: 0.975234396

00:06:18.832 --> 00:06:21.241 That includes time on faculty elsewhere.

NOTE Confidence: 0.975234396

00:06:21.241 --> 00:06:22.776 Somebody was at Harvard for

NOTE Confidence: 0.975234396

00:06:22.776 --> 00:06:24.399 three years and then came here.

NOTE Confidence: 0.975234396

00:06:24.400 --> 00:06:27.319 That time counts.

NOTE Confidence: 0.975234396

00:06:27.320 --> 00:06:30.072 You have not previously

NOTE Confidence: 0.975234396

00:06:30.072 --> 00:06:33.559 received YCCI Scholar Award,

NOTE Confidence: 0.975234396

00:06:33.560 --> 00:06:35.300 YPSD Award,

NOTE Confidence: 0.975234396

00:06:35.300 --> 00:06:38.010 a K12 or a K99/R00,

NOTE Confidence: 0.975234396

00:06:38.010 --> 00:06:41.520 at at least if you're

NOTE Confidence: 0.975234396

00:06:41.520 --> 00:06:42.720 if you're applying for

NOTE Confidence: 0.876142792857143

00:06:45.400 --> 00:06:46.960 the full package,

NOTE Confidence: 0.876142792857143

00:06:46.960 --> 00:06:50.840 not just the research component.

NOTE Confidence: 0.876142792857143

00:06:50.840 --> 00:06:54.216 And you have not been a PI on any

NOTE Confidence: 0.876142792857143

00:06:54.216 --> 00:06:57.272 research grant that provides $200K

NOTE Confidence: 0.876142792857143

00:06:57.272 --> 00:07:01.080 plus or more per year in direct costs.

NOTE Confidence: 0.876142792857143

00:07:01.080 --> 00:07:02.884 Except for an NIH

NOTE Confidence: 0.876142792857143

00:07:02.884 --> 00:07:04.237 Career Development Awards.

NOTE Confidence: 0.876142792857143

00:07:04.240 --> 00:07:07.972 I nobody it says NIH R03 grants

NOTE Confidence: 0.876142792857143

00:07:07.972 --> 00:07:10.721 but I meant to take that off

NOTE Confidence: 0.876142792857143

00:07:10.721 --> 00:07:12.940 because you can't they those grants

NOTE Confidence: 0.876142792857143

00:07:12.940 --> 00:07:15.166 by definition are for less money

NOTE Confidence: 0.876142792857143

00:07:15.166 --> 00:07:17.205 than that applicants who already

NOTE Confidence: 0.876142792857143

00:07:17.205 --> 00:07:19.480 have a career development award

NOTE Confidence: 0.876142792857143

00:07:19.480 --> 00:07:22.772 or or PI on a grant of more than

NOTE Confidence: 0.876142792857143

00:07:22.772 --> 00:07:26.594 $200K a year or or the same.

NOTE Confidence: 0.876142792857143

00:07:26.600 --> 00:07:29.617 As I said you're not eligible for

NOTE Confidence: 0.876142792857143

00:07:29.617 --> 00:07:32.245 salary but and and those who have

NOTE Confidence: 0.876142792857143

00:07:32.245 --> 00:07:34.449 substantial start-up funds also may

NOTE Confidence: 0.876142792857143

00:07:34.449 --> 00:07:36.639 not be eligible for salary support.

NOTE Confidence: 0.876142792857143

00:07:36.640 --> 00:07:37.980 This will be determined at

NOTE Confidence: 0.876142792857143

00:07:37.980 --> 00:07:39.320 the time of the award.

NOTE Confidence: 0.876142792857143

11

00:07:39.320 --> 00:07:41.120 These those folks can still

NOTE Confidence: 0.876142792857143

00:07:41.120 --> 00:07:42.920 apply for research support only,

NOTE Confidence: 0.876142792857143

00:07:42.920 --> 00:07:44.972 provided they have two more years

NOTE Confidence: 0.876142792857143

00:07:44.972 --> 00:07:48.480 at least of that kind of coverage.

NOTE Confidence: 0.876142792857143

00:07:48.480 --> 00:07:51.600 And just to be clear,

NOTE Confidence: 0.876142792857143

00:07:51.600 --> 00:07:55.398 the YCCI Scholars Awards are for

NOTE Confidence: 0.876142792857143

00:07:55.398 --> 00:07:59.999 MDs or PhDs, the YPSD Awards,

NOTE Confidence: 0.876142792857143

00:07:59.999 --> 00:08:03.640 you have to be an MD and

NOTE Confidence: 0.876142792857143

00:08:03.640 --> 00:08:05.912 it's not just MD you have to be

NOTE Confidence: 0.876142792857143

00:08:05.912 --> 00:08:06.596 able to practice

NOTE Confidence: 0.9605606625

00:08:09.240 --> 00:08:10.680 medicine in the US

NOTE Confidence: 0.704606188

00:08:17.190 --> 00:08:21.044 or for the YPSD award where there are

NOTE Confidence: 0.704606188

00:08:21.044 --> 00:08:23.552 some areas that we're particularly want

NOTE Confidence: 0.704606188

00:08:23.552 --> 00:08:27.190 to promote and encourage people to apply

NOTE Confidence: 0.704606188

00:08:27.190 --> 00:08:29.606 diversity in translational research

NOTE Confidence: 0.704606188

00:08:29.606 --> 00:08:33.195 both the in the applicant particularly

12

NOTE Confidence: 0.704606188

00:08:33.195 --> 00:08:36.585 and in the research you're doing.

NOTE Confidence: 0.704606188

00:08:36.590 --> 00:08:42.111 So that's Health Equity research and we're

NOTE Confidence: 0.704606188

00:08:42.111 --> 00:08:45.066 very interested in community-engaged

NOTE Confidence: 0.704606188

00:08:45.066 --> 00:08:48.160 research and in implementation science.

NOTE Confidence: 0.704606188

00:08:48.160 --> 00:08:49.414 But that doesn't mean we're not

NOTE Confidence: 0.704606188

00:08:49.414 --> 00:08:50.560 interested in the other things,

NOTE Confidence: 0.704606188

00:08:50.560 --> 00:08:55.400 but we're we particularly want

NOTE Confidence: 0.704606188

00:08:55.400 --> 00:08:57.536 people that are doing good work

NOTE Confidence: 0.704606188

00:08:57.536 --> 00:08:59.400 in these areas to apply

NOTE Confidence: 0.7820006

00:09:01.920 --> 00:09:06.520 next, OK. So now we're going to

NOTE Confidence: 0.7820006

00:09:06.520 --> 00:09:08.400 talk about the application process.

NOTE Confidence: 0.8431330975

00:09:08.400 --> 00:09:11.354 So as you know, we released the

NOTE Confidence: 0.8431330975

00:09:11.354 --> 00:09:13.640 RFA an application last month.

NOTE Confidence: 0.8431330975

00:09:13.640 --> 00:09:15.565 This month we're holding this

NOTE Confidence: 0.8431330975

00:09:15.565 --> 00:09:17.490 webinar to give you additional

NOTE Confidence: 0.8431330975

00:09:17.559 --> 00:09:19.999 information and answer your questions.

NOTE Confidence: 0.8431330975

00:09:20.000 --> 00:09:23.395 The letters of intent are due Friday,

NOTE Confidence: 0.8431330975

00:09:23.400 --> 00:09:25.720 January 5th and we'll talk

NOTE Confidence: 0.8431330975

00:09:25.720 --> 00:09:28.600 about that a little bit more.

NOTE Confidence: 0.8431330975

00:09:28.600 --> 00:09:31.420 I'll also be doing the

NOTE Confidence: 0.8431330975

00:09:31.420 --> 00:09:33.676 internal review in January,

NOTE Confidence: 0.8431330975

00:09:33.680 --> 00:09:36.020 February or when our applications

NOTE Confidence: 0.8431330975

00:09:36.020 --> 00:09:38.600 are due that's February 9th 5.

NOTE Confidence: 0.8431330975

00:09:38.600 --> 00:09:42.415 PM. I also do the internal review of

NOTE Confidence: 0.8431330975

00:09:42.415 --> 00:09:46.344 those so that in March we can have our

NOTE Confidence: 0.8431330975

00:09:46.344 --> 00:09:49.080 expert faculty review applications.

NOTE Confidence: 0.8431330975

00:09:49.080 --> 00:09:52.398 We have our review meeting in April.

NOTE Confidence: 0.8431330975

00:09:52.400 --> 00:09:55.920 They will do our just-in-time requests,

NOTE Confidence: 0.8431330975

00:09:55.920 --> 00:09:59.952 our JIT requests so that we can

NOTE Confidence: 0.8431330975

00:09:59.952 --> 00:10:02.440 send out notifications in June.

NOTE Confidence: 0.8431330975

00:10:02.440 --> 00:10:06.720 And then as we mentioned earlier, July,

14

NOTE Confidence: 0.8431330975

00:10:06.720 --> 00:10:10.115 July 1 is the earliest start date.

NOTE Confidence: 0.8431330975

00:10:10.120 --> 00:10:13.510 And we say that because we may have

NOTE Confidence: 0.8431330975

00:10:13.510 --> 00:10:15.385 other later start dates depending

NOTE Confidence: 0.8431330975

00:10:15.385 --> 00:10:18.078 on when we have slots available.

NOTE Confidence: 0.8431330975

00:10:18.080 --> 00:10:20.334 But July is also when our programming

NOTE Confidence: 0.8431330975

00:10:20.334 --> 00:10:22.358 starts for all of our scholars.

NOTE Confidence: 0.850101727

00:10:27.280 --> 00:10:29.324 All right, so let's talk about the

NOTE Confidence: 0.850101727

00:10:29.324 --> 00:10:31.640 letter of intent, which is due as due.

NOTE Confidence: 0.850101727

00:10:31.640 --> 00:10:34.598 As I mentioned on January 5th.

NOTE Confidence: 0.850101727

00:10:34.600 --> 00:10:38.240 It is required, but it's not binding.

NOTE Confidence: 0.850101727

00:10:38.240 --> 00:10:41.236 So if you submit your letter of

NOTE Confidence: 0.850101727

00:10:41.236 --> 00:10:43.747 intent and decide after January 5th

NOTE Confidence: 0.850101727

00:10:43.747 --> 00:10:46.610 you don't want to move forward with

NOTE Confidence: 0.850101727

00:10:46.692 --> 00:10:49.039 a full application, that is fine.

NOTE Confidence: 0.93335844

00:10:51.160 --> 00:10:53.640 It is not considered as

NOTE Confidence: 0.93335844

00:10:53.640 --> 00:10:56.120 part of the review process.

00:10:56.120 --> 00:10:58.520 So again, that's part of the

00:10:58.520 --> 00:11:00.880 reason why it's not binding.

00:11:00.880 --> 00:11:03.076 Once you submit your full application,

00:11:03.080 --> 00:11:04.600 that's all we look at.

00:11:04.600 --> 00:11:06.994 As far as the review process goes,

00:11:09.120 --> 00:11:11.504 two of the reasons why we do the

00:11:11.504 --> 00:11:14.400 letter of intent is it gives us the

00:11:14.400 --> 00:11:16.949 opportunity to review your basic materials

00:11:16.949 --> 00:11:19.439 and confirm that you're eligible.

00:11:19.440 --> 00:11:21.048 As Gene mentioned,

00:11:21.048 --> 00:11:23.251 we have some eligibility requirements,

00:11:23.251 --> 00:11:26.600 so we want to make sure that everyone's

00:11:26.600 --> 00:11:28.780 eligible before you go through

00:11:28.780 --> 00:11:30.960 and do the complete application.

00:11:30.960 --> 00:11:34.442 And then it also gives us an idea

NOTE Confidence: 0.916293127407407

00:11:34.442 --> 00:11:36.549 of the scope of the application so

NOTE Confidence: 0.916293127407407

00:11:36.549 --> 00:11:38.799 that we can plan the review so that

NOTE Confidence: 0.916293127407407

00:11:38.799 --> 00:11:40.942 we can make sure we have reviewers

NOTE Confidence: 0.916293127407407

00:11:40.942 --> 00:11:42.950 with the appropriate expertise

NOTE Confidence: 0.916293127407407

00:11:42.950 --> 00:11:44.958 to review the applications.

NOTE Confidence: 0.908341226

00:11:47.000 --> 00:11:49.832 Now the letter of intent you submit

NOTE Confidence: 0.908341226

00:11:49.832 --> 00:11:52.688 through an online submission form which

NOTE Confidence: 0.908341226

00:11:52.688 --> 00:11:55.553 is listed on our web page consists

NOTE Confidence: 0.908341226

00:11:55.553 --> 00:11:58.718 of completing the form questions,

NOTE Confidence: 0.908341226

00:11:58.720 --> 00:12:02.094 uploading a half-page abstract so it's

NOTE Confidence: 0.908341226

00:12:02.094 --> 00:12:05.851 just a half page, and then uploading

NOTE Confidence: 0.908341226

00:12:05.851 --> 00:12:09.313 your NIH non-fellowship biosketch.

NOTE Confidence: 0.908341226

00:12:09.320 --> 00:12:12.450 And I put in the revision because I want you

NOTE Confidence: 0.908341226

00:12:12.450 --> 00:12:15.557 to make sure that you use the right revision,

NOTE Confidence: 0.908341226

00:12:15.560 --> 00:12:19.908 so it's the October 2021 version and

NOTE Confidence: 0.908341226

00:12:19.908 --> 00:12:22.476 then the other support document again,

NOTE Confidence: 0.908341226

00:12:22.480 --> 00:12:27.056 which is the revision for October 2021.

NOTE Confidence: 0.908341226

00:12:27.056 --> 00:12:30.288 And those documents you'll

NOTE Confidence: 0.908341226

00:12:30.288 --> 00:12:33.520 upload in a PDF format.

NOTE Confidence: 0.908341226

00:12:33.520 --> 00:12:36.400 And I say we have a question in the chat,

NOTE Confidence: 0.908341226

00:12:36.400 --> 00:12:39.196 will we receive feedback of the

NOTE Confidence: 0.908341226

00:12:39.196 --> 00:12:41.100 LOI regarding eligibility before

NOTE Confidence: 0.908341226

00:12:41.100 --> 00:12:43.480 the full application is due?

NOTE Confidence: 0.908341226

00:12:43.480 --> 00:12:45.000 Yes, that is the goal.

NOTE Confidence: 0.908341226

00:12:45.000 --> 00:12:45.460 However,

NOTE Confidence: 0.908341226

00:12:45.460 --> 00:12:49.119 you don't need to wait to hear back

NOTE Confidence: 0.908341226

00:12:49.119 --> 00:12:52.186 about the LOI to complete or start

NOTE Confidence: 0.908341226

00:12:52.186 --> 00:12:53.916 working on your full application.

NOTE Confidence: 0.584993878571429

00:12:56.200 --> 00:12:58.186 All right. And another question we

NOTE Confidence: 0.584993878571429

00:12:58.186 --> 00:13:00.116 have Will excuse me. Sorry, go ahead.

NOTE Confidence: 0.865817691818182

00:13:00.600 --> 00:13:02.968 You know, I think probably the person who's

NOTE Confidence: 0.865817691818182

00:13:02.968 --> 00:13:05.080 more worried about wasting time doing

NOTE Confidence: 0.865817691818182

00:13:05.080 --> 00:13:07.480 the application if they're not eligible.

NOTE Confidence: 0.865817691818182

00:13:07.480 --> 00:13:10.440 So there aren't. There aren't.

NOTE Confidence: 0.865817691818182

00:13:10.440 --> 00:13:11.880 The eligibility rules are pretty

NOTE Confidence: 0.865817691818182

00:13:11.880 --> 00:13:13.320 clear and they're spelled out.

NOTE Confidence: 0.865817691818182

00:13:13.320 --> 00:13:15.400 It's just double-checking that.

NOTE Confidence: 0.865817691818182

00:13:15.400 --> 00:13:17.854 So. So if you're one thing

NOTE Confidence: 0.865817691818182

00:13:17.854 --> 00:13:20.062 that would speed it up is,

NOTE Confidence: 0.865817691818182

00:13:20.062 --> 00:13:21.874 you know, if there's a question,

NOTE Confidence: 0.865817691818182

00:13:21.880 --> 00:13:23.324 oh, I was, you know, I was,

NOTE Confidence: 0.865817691818182

00:13:23.324 --> 00:13:24.896 I had this position at University

NOTE Confidence: 0.865817691818182

00:13:24.896 --> 00:13:26.328 of North Carolina for two

NOTE Confidence: 0.865817691818182

00:13:26.328 --> 00:13:28.038 years and they call it faculty.

NOTE Confidence: 0.865817691818182

00:13:28.040 --> 00:13:30.880 But I was really a more or less a fellow.

NOTE Confidence: 0.865817691818182

00:13:30.880 --> 00:13:32.640 Can I still be eligible,

NOTE Confidence: 0.865817691818182

00:13:32.640 --> 00:13:34.978 contact us in advance and talk to

NOTE Confidence: 0.865817691818182

00:13:34.978 --> 00:13:37.998 us and we can probably sort it out.

NOTE Confidence: 0.865817691818182

00:13:38.000 --> 00:13:38.430 Otherwise,

NOTE Confidence: 0.865817691818182

00:13:38.430 --> 00:13:40.580 there there aren't any hidden

NOTE Confidence: 0.865817691818182

00:13:40.580 --> 00:13:42.300 eligibility issues that that

NOTE Confidence: 0.865817691818182

00:13:42.366 --> 00:13:43.798 you're not seeing here.

NOTE Confidence: 0.938366606666667

00:13:44.760 --> 00:13:47.994 Correct. And I will mention that I've

NOTE Confidence: 0.938366606666667

00:13:47.994 --> 00:13:51.704 made some edits to our letter of intent

NOTE Confidence: 0.938366606666667

00:13:51.704 --> 00:13:55.320 this year to hopefully pull out that

NOTE Confidence: 0.938366606666667

00:13:55.320 --> 00:13:57.870 information so that it's more obvious

NOTE Confidence: 0.938366606666667

00:13:57.870 --> 00:14:00.973 as you're going through that if you do

NOTE Confidence: 0.938366606666667

00:14:00.973 --> 00:14:03.395 have more than five years of faculty,

NOTE Confidence: 0.938366606666667

00:14:03.400 --> 00:14:05.475 you'll realize that as you're

NOTE Confidence: 0.938366606666667

00:14:05.475 --> 00:14:08.160 filling out the letter of intent.

NOTE Confidence: 0.938366606666667

00:14:08.160 --> 00:14:10.400 OK. So yes, I

NOTE Confidence: 0.738289234

00:14:10.720 --> 00:14:11.600 was gonna say one thing.

NOTE Confidence: 0.738289234

00:14:11.600 --> 00:14:14.240 I mean with the the, the abstract,

NOTE Confidence: 0.738289234

00:14:14.240 --> 00:14:15.520 right, the abstract's not

NOTE Confidence: 0.738289234

00:14:15.520 --> 00:14:16.817 reviewed for eligibility, right.

NOTE Confidence: 0.738289234

00:14:16.817 --> 00:14:19.160 Nobody, we're not checking to see if

NOTE Confidence: 0.738289234

00:14:19.160 --> 00:14:21.173 correct project is technically eligible.

NOTE Confidence: 0.738289234

00:14:21.173 --> 00:14:22.559 You know as long as it

NOTE Confidence: 0.738289234

00:14:22.559 --> 00:14:23.758 falls up in our categories,

NOTE Confidence: 0.738289234

00:14:23.760 --> 00:14:25.542 it's really about is the applicant

NOTE Confidence: 0.738289234

00:14:25.542 --> 00:14:27.320 eligible from a timing perspective

NOTE Confidence: 0.738289234

00:14:27.320 --> 00:14:29.520 and a faculty appointment perspective

NOTE Confidence: 0.884293491818182

00:14:30.120 --> 00:14:33.144 and the and you know if you have

NOTE Confidence: 0.884293491818182

00:14:33.144 --> 00:14:34.965 $1,000,000 RO1, we're going to

NOTE Confidence: 0.884293491818182

00:14:34.965 --> 00:14:36.360 tell you you're not eligible. But

NOTE Confidence: 0.874996593333333

00:14:43.480 --> 00:14:45.850 so there's another question about

NOTE Confidence: 0.874996593333333

00:14:45.850 --> 00:14:49.159 those who are applying for a faculty

NOTE Confidence: 0.874996593333333

00:14:49.159 --> 00:14:51.896 position at Yale, a current postdoc.

NOTE Confidence: 0.874996593333333

00:14:51.896 --> 00:14:54.505 How will this be impacted timeline of

NOTE Confidence: 0.874996593333333

00:14:54.505 --> 00:14:57.480 hearing back regarding funding, if at all?

NOTE Confidence: 0.874996593333333

00:14:57.480 --> 00:14:58.872 Well, as we said,

NOTE Confidence: 0.874996593333333

00:14:58.872 --> 00:15:01.920 you have to have a faculty appointment

NOTE Confidence: 0.874996593333333

00:15:01.920 --> 00:15:03.120 if you're going to get funded,

NOTE Confidence: 0.874996593333333

00:15:03.120 --> 00:15:04.680 but usually they'll be able to.

NOTE Confidence: 0.874996593333333

00:15:04.680 --> 00:15:05.434 For example,

NOTE Confidence: 0.874996593333333

00:15:05.434 --> 00:15:08.073 they can make you an instructor if,

NOTE Confidence: 0.874996593333333

00:15:08.080 --> 00:15:13.000 but if you're if you get funded

NOTE Confidence: 0.97137576

00:15:15.240 --> 00:15:20.120 but which is which is fine.

NOTE Confidence: 0.97137576

00:15:20.120 --> 00:15:23.328 The problem is that a lot of you

NOTE Confidence: 0.97137576

00:15:23.328 --> 00:15:26.210 also need a letter of commitment

NOTE Confidence: 0.97137576

00:15:26.210 --> 00:15:29.100 from the chair of the department

NOTE Confidence: 0.97137576

00:15:29.100 --> 00:15:31.333 stating that they're going to make

NOTE Confidence: 0.97137576

00:15:31.333 --> 00:15:34.336 you a faculty member and you know

NOTE Confidence: 0.97137576

00:15:34.336 --> 00:15:37.040 it's strongest it it's a little.

NOTE Confidence: 0.97137576

00:15:37.040 --> 00:15:39.140 I always thought it was stupid but

NOTE Confidence: 0.97137576

00:15:39.140 --> 00:15:41.999 a lot of the reviewers want to see

NOTE Confidence: 0.97137576

00:15:41.999 --> 00:15:44.360 see somebody say well this person's

NOTE Confidence: 0.97137576

00:15:44.360 --> 00:15:46.760 so great that we're gonna commit

NOTE Confidence: 0.97137576

00:15:46.760 --> 00:15:49.008 to making them a ladder faculty

NOTE Confidence: 0.97137576

00:15:49.008 --> 00:15:50.996 whether or not they get the grant.

NOTE Confidence: 0.97137576

00:15:51.000 --> 00:15:54.500 Even though we all know that getting

NOTE Confidence: 0.97137576

00:15:54.500 --> 00:15:58.256 funding is crucial as some or somebody

NOTE Confidence: 0.97137576

00:15:58.256 --> 00:16:00.825 very early on but you should

NOTE Confidence: 0.97137576

00:16:00.825 --> 00:16:03.721 be able to be it it it shouldn't

NOTE Confidence: 0.97137576

00:16:03.721 --> 00:16:06.640 affect your ability to get the grant.

NOTE Confidence: 0.81902486

00:16:10.440 --> 00:16:13.080 Yes an instructor an instructor

NOTE Confidence: 0.81902486

00:16:13.080 --> 00:16:15.192 is a faculty position.

NOTE Confidence: 0.81902486

00:16:15.200 --> 00:16:16.560 You can be an instructor.

NOTE Confidence: 0.81902486

00:16:16.560 --> 00:16:18.660 You can even be an associate

NOTE Confidence: 0.81902486

00:16:18.660 --> 00:16:19.360 research scientist.

NOTE Confidence: 0.81902486

00:16:19.360 --> 00:16:23.357 But an instructor is a faculty position.

NOTE Confidence: 0.81902486

00:16:23.360 --> 00:16:27.280 Assistant professor is ladder faculty.

NOTE Confidence: 0.81902486

00:16:27.280 --> 00:16:28.680 That's there was a question in the Yep,

NOTE Confidence: 0.894744120909091

00:16:33.480 --> 00:16:35.944 if you are, if you'll be faculty

NOTE Confidence: 0.894744120909091

00:16:35.944 --> 00:16:38.740 for exactly five years on,

NOTE Confidence: 0.894744120909091

00:16:38.740 --> 00:16:41.564 well, you're not eligible.

NOTE Confidence: 0.894744120909091

00:16:41.564 --> 00:16:44.440 If if it's if, if five.

NOTE Confidence: 0.710891652

00:16:46.560 --> 00:16:52.846 So somebody asked if if they're eligible if

NOTE Confidence: 0.710891652

00:16:52.846 --> 00:16:56.860 they're exactly five years on 712124. If.

NOTE Confidence: 0.710891652

00:16:56.860 --> 00:17:01.880 If 7/1/24 is your fifth year, that's OK.

NOTE Confidence: 0.710891652

00:17:01.880 --> 00:17:04.519 If it's if it's your 6th year,

NOTE Confidence: 0.710891652

00:17:04.520 --> 00:17:06.440 you know, usually the the

NOTE Confidence: 0.710891652

00:17:06.440 --> 00:17:08.360 appointment ends on June 30th.

NOTE Confidence: 0.710891652

00:17:08.360 --> 00:17:12.140 So if if you complete four years on June

NOTE Confidence: 0.710891652

00:17:12.140 --> 00:17:14.897 30th and your fifth year is 7/1/24,

NOTE Confidence: 0.710891652

00:17:14.897 --> 00:17:17.913 you're OK, you're not more than five years.

NOTE Confidence: 0.710891652

00:17:17.920 --> 00:17:19.360 Hopefully that answers your question.

NOTE Confidence: 0.960802573333333

00:17:28.050 --> 00:17:29.250 So then we have another question.

NOTE Confidence: 0.960802573333333

00:17:29.250 --> 00:17:33.410 When are nominations due?

NOTE Confidence: 0.960802573333333

00:17:33.410 --> 00:17:35.114 Are they due at the same time as

NOTE Confidence: 0.960802573333333

00:17:35.114 --> 00:17:36.528 the letter of intent deadline?

NOTE Confidence: 0.960802573333333

00:17:36.530 --> 00:17:38.516 So for the letter of intent,

NOTE Confidence: 0.960802573333333

00:17:38.520 --> 00:17:40.875 you're just going to list

NOTE Confidence: 0.960802573333333

00:17:40.875 --> 00:17:42.759 who your nominator is.

NOTE Confidence: 0.960802573333333

00:17:42.760 --> 00:17:44.220 You're not gonna submit

NOTE Confidence: 0.960802573333333

00:17:44.220 --> 00:17:45.315 the nomination letter.

NOTE Confidence: 0.96073406

00:17:47.560 --> 00:17:49.560 So hopefully that answers your

NOTE Confidence: 0.96073406

00:17:49.560 --> 00:17:53.586 question. OK, great. All right,

NOTE Confidence: 0.96073406

00:17:53.586 --> 00:17:55.600 All right, I'm gonna move on.

NOTE Confidence: 0.964213595789474

00:17:58.960 --> 00:18:01.230 So then regarding the full

NOTE Confidence: 0.964213595789474

00:18:01.230 --> 00:18:04.330 application which is going to be due

NOTE Confidence: 0.964213595789474

00:18:04.330 --> 00:18:06.920 on Friday February 9th at 5:00 PM,

NOTE Confidence: 0.964213595789474

00:18:06.920 --> 00:18:08.800 the 2024 application Word

NOTE Confidence: 0.964213595789474

00:18:08.800 --> 00:18:10.680 document is posted online.

NOTE Confidence: 0.964213595789474

00:18:10.680 --> 00:18:13.398 You will use that as your.

NOTE Confidence: 0.9173062

00:18:18.480 --> 00:18:20.328 Make sure you follow the instructions

NOTE Confidence: 0.9173062

00:18:20.328 --> 00:18:21.560 listed in the application.

NOTE Confidence: 0.9173062

00:18:21.560 --> 00:18:23.800 So a couple of things I want to point out.

NOTE Confidence: 0.9173062

00:18:23.800 --> 00:18:26.560 If you are resubmitting your

NOTE Confidence: 0.9173062

00:18:26.560 --> 00:18:29.320 application that you submitted last

NOTE Confidence: 0.9173062

00:18:29.411 --> 00:18:31.997 year or maybe the year before,

NOTE Confidence: 0.9173062

00:18:32.000 --> 00:18:35.285 you need to make sure to submit a one-page

NOTE Confidence: 0.9173062

00:18:35.285 --> 00:18:37.386 introduction addressing the feedback

NOTE Confidence: 0.9173062

00:18:37.386 --> 00:18:39.594 from your previous application.

NOTE Confidence: 0.9173062

00:18:39.600 --> 00:18:43.800 There's also a note and a link

NOTE Confidence: 0.9173062

00:18:43.800 --> 00:18:46.505 regarding page limits and using

NOTE Confidence: 0.9173062

00:18:46.505 --> 00:18:50.080 NIH format for fonts and margins.

NOTE Confidence: 0.9173062

00:18:50.080 --> 00:18:53.335 I should say the link is related

NOTE Confidence: 0.9173062

00:18:53.335 --> 00:18:55.600 to the NIH format.

NOTE Confidence: 0.9173062

00:18:55.600 --> 00:18:58.253 Also, be mindful of which sections need

NOTE Confidence: 0.9173062

00:18:58.253 --> 00:19:01.120 to be completed by your business office.

NOTE Confidence: 0.9173062

00:19:01.120 --> 00:19:03.332 And you're going to want to work

NOTE Confidence: 0.9173062

00:19:03.332 --> 00:19:05.954 with your business office soon to

NOTE Confidence: 0.9173062

00:19:05.954 --> 00:19:09.039 get your other support document

NOTE Confidence: 0.9173062

00:19:09.040 --> 00:19:11.062 up to date because you're going

NOTE Confidence: 0.9173062

00:19:11.062 --> 00:19:13.080 to submit that with your LOI.

NOTE Confidence: 0.9173062

00:19:13.080 --> 00:19:15.336 But they're also going to work

NOTE Confidence: 0.9173062

00:19:15.336 --> 00:19:17.349 on your current support document

NOTE Confidence: 0.9173062

00:19:17.349 --> 00:19:19.077 and your budget forms.

NOTE Confidence: 0.9173062

00:19:19.080 --> 00:19:22.678 And as I as I mentioned previously,

NOTE Confidence: 0.9173062

00:19:22.680 --> 00:19:24.840 make sure you use the correct

NOTE Confidence: 0.9173062

00:19:24.840 --> 00:19:26.235 version of the bio

NOTE Confidence: 0.9173062

00:19:26.235 --> 00:19:27.960 sketch and other support documents,

NOTE Confidence: 0.8660346

00:19:30.800 --> 00:19:34.805 OK? And then again, once you

NOTE Confidence: 0.8660346

00:19:34.805 --> 00:19:36.850 have filled out your application

NOTE Confidence: 0.8660346

00:19:36.925 --> 00:19:39.080 document and your other forms,

NOTE Confidence: 0.8660346

00:19:39.080 --> 00:19:41.120 you're gonna submit it online,

NOTE Confidence: 0.8660346

00:19:41.120 --> 00:19:44.200 There are some form questions to submit,

NOTE Confidence: 0.8660346

00:19:44.200 --> 00:19:46.175 and then you're gonna upload

NOTE Confidence: 0.8660346

00:19:46.175 --> 00:19:47.360 your application package,

NOTE Confidence: 0.961522932

00:19:49.400 --> 00:19:51.880 preferably using your last name,

NOTE Confidence: 0.961522932

00:19:51.880 --> 00:19:53.020 your first name,

NOTE Confidence: 0.961522932

00:19:53.020 --> 00:19:55.680 and the application as a full PDF,

NOTE Confidence: 0.961522932

00:19:55.680 --> 00:19:57.570 and then separately,

NOTE Confidence: 0.961522932

00:19:57.570 --> 00:20:00.720 your initial faculty appointment letter.

NOTE Confidence: 0.961522932

00:20:00.720 --> 00:20:02.230 Obviously, if you're currently a

NOTE Confidence: 0.961522932

00:20:02.230 --> 00:20:04.627 post-doc and you don't have your

NOTE Confidence: 0.961522932

00:20:04.627 --> 00:20:06.275 initial faculty appointment letter,

NOTE Confidence: 0.961522932

00:20:06.280 --> 00:20:08.200 you won't upload that 'cause

NOTE Confidence: 0.961522932

00:20:08.200 --> 00:20:10.120 you don't have it yet.

NOTE Confidence: 0.961522932

00:20:10.120 --> 00:20:14.504 And then at the end of the online

NOTE Confidence: 0.961522932

00:20:14.504 --> 00:20:17.655 submission form, there are some

NOTE Confidence: 0.961522932

00:20:17.655 --> 00:20:20.395 CTSA-related reporting questions.

NOTE Confidence: 0.961522932

00:20:20.400 --> 00:20:21.786 They're mostly demographic,

NOTE Confidence: 0.961522932

00:20:21.786 --> 00:20:24.558 so nothing to worry about there.

NOTE Confidence: 0.961522932

00:20:24.560 --> 00:20:27.176 I did want to talk about a couple

NOTE Confidence: 0.961522932

00:20:27.176 --> 00:20:29.308 of recently asked questions that

NOTE Confidence: 0.961522932

00:20:29.308 --> 00:20:31.046 I've gotten regarding nominations.

NOTE Confidence: 0.961522932

00:20:31.046 --> 00:20:33.464 So it doesn't have to be

NOTE Confidence: 0.961522932

00:20:33.464 --> 00:20:34.720 your department chief.

NOTE Confidence: 0.961522932

00:20:34.720 --> 00:20:38.115 It can most certainly be your mentor.

NOTE Confidence: 0.961522932

00:20:38.120 --> 00:20:41.320 It just cannot be yourself.

NOTE Confidence: 0.961522932

00:20:41.320 --> 00:20:43.966 We've had a couple of people in the past

NOTE Confidence: 0.961522932

00:20:43.966 --> 00:20:45.880 nominate themselves and you wouldn't

NOTE Confidence: 0.961522932

00:20:45.880 --> 00:20:48.120 write a letter of support for yourself.

NOTE Confidence: 0.961522932

00:20:48.120 --> 00:20:51.780 Your whole application is you're

NOTE Confidence: 0.961522932

00:20:51.780 --> 00:20:53.040 basically your nomination,

NOTE Confidence: 0.961522932

00:20:53.040 --> 00:20:55.560 so it can be your mentor,

NOTE Confidence: 0.961522932

00:20:55.560 --> 00:20:57.264 your department chair or

NOTE Confidence: 0.961522932

00:20:57.264 --> 00:21:00.160 section chief as appropriate.

NOTE Confidence: 0.961522932

00:21:00.160 --> 00:21:02.116 So then regarding start-up funds,

NOTE Confidence: 0.961522932

00:21:02.120 --> 00:21:05.560 we've had a couple of questions about this.

NOTE Confidence: 0.961522932

00:21:05.560 --> 00:21:07.604 So because start substantial,

NOTE Confidence: 0.961522932

00:21:07.604 --> 00:21:11.410 start-up funds may make you ineligible

NOTE Confidence: 0.961522932

00:21:11.410 --> 00:21:14.768 for salary support and we will not

NOTE Confidence: 0.961522932

00:21:14.768 --> 00:21:17.320 determine that until the time of award

NOTE Confidence: 0.961522932

00:21:17.320 --> 00:21:20.986 apply for both salary and research

NOTE Confidence: 0.961522932

00:21:20.986 --> 00:21:23.320 support because we don't know what

NOTE Confidence: 0.961522932

00:21:23.320 --> 00:21:25.599 that number is going to be yet.

NOTE Confidence: 0.961522932

00:21:25.600 --> 00:21:28.211 And then for anyone who's a non-

NOTE Confidence: 0.961522932

00:21:28.211 --> 00:21:30.880 citizen or non-permanent resident

NOTE Confidence: 0.961522932

00:21:30.880 --> 00:21:33.664 you may use any start-up funds you

NOTE Confidence: 0.961522932

00:21:33.664 --> 00:21:35.920 have towards the 50% matching funds.

NOTE Confidence: 0.818908095

00:21:40.840 --> 00:21:43.080 OK what do you. I'm sorry,

NOTE Confidence: 0.818908095

00:21:43.080 --> 00:21:44.240 what did you say about

NOTE Confidence: 0.751687991666667

00:21:44.720 --> 00:21:48.960 the, we didn't know what the amount.

NOTE Confidence: 0.782019864375

00:21:50.600 --> 00:21:52.980 So I've gotten a couple of questions

NOTE Confidence: 0.782019864375

00:21:52.980 --> 00:21:54.425 regarding what does substantial

NOTE Confidence: 0.782019864375

00:21:54.425 --> 00:21:58.760 start at bounds mean if it's so

NOTE Confidence: 0.870474025

00:22:01.920 --> 00:22:03.000 well we talked about

NOTE Confidence: 0.920622508

00:22:07.520 --> 00:22:12.480 more than $200,000 per year.

NOTE Confidence: 0.920622508

00:22:12.480 --> 00:22:16.440 It's a little, this is still something we're

NOTE Confidence: 0.920622508

00:22:16.440 --> 00:22:19.384 trying to knockout very clearly but if you

NOTE Confidence: 0.920622508

00:22:19.384 --> 00:22:23.316 you know I I would say if you have less,

NOTE Confidence: 0.920622508

00:22:23.320 --> 00:22:29.920 less than 400,000 you're probably OK.

NOTE Confidence: 0.920622508

00:22:29.920 --> 00:22:33.832 If it's more than that then you should apply.

NOTE Confidence: 0.920622508

00:22:33.832 --> 00:22:37.875 But, but we do have a pretty clear rule of

NOTE Confidence: 0.920622508

00:22:37.880 --> 00:22:42.476 $200,000 per year or two years on a grant

NOTE Confidence: 0.920622508

00:22:42.476 --> 00:22:45.080 more than that would make you ineligible.

NOTE Confidence: 0.920622508

00:22:45.080 --> 00:22:48.562 And so if you have more than

NOTE Confidence: 0.920622508

00:22:48.562 --> 00:22:50.848 substantially more than that it could

NOTE Confidence: 0.920622508

00:22:50.848 --> 00:22:54.728 be a problem in terms of eligibility.

NOTE Confidence: 0.920622508

00:22:54.728 --> 00:22:59.140 But you know it it gets complicated because

NOTE Confidence: 0.920622508

00:22:59.140 --> 00:23:02.599 sometimes the the chairs will include

NOTE Confidence: 0.644818151428571

00:23:05.760 --> 00:23:08.154 salary a lot, a substantial salary support.

NOTE Confidence: 0.644818151428571

00:23:08.160 --> 00:23:10.715 That's the only we'll give you $1,000,000.

NOTE Confidence: 0.644818151428571

00:23:10.720 --> 00:23:13.590 But but half of that is you know 2/3 of

NOTE Confidence: 0.644818151428571

00:23:13.666 --> 00:23:16.842 that is paying for your salary already which

32

NOTE Confidence: 0.644818151428571

00:23:16.842 --> 00:23:19.997 is really not exactly a start-up package.

NOTE Confidence: 0.644818151428571

00:23:20.000 --> 00:23:23.152 So that's why there's some gray areas or

NOTE Confidence: 0.644818151428571

00:23:23.152 --> 00:23:26.106 part of one of the reasons why because

NOTE Confidence: 0.644818151428571

00:23:26.106 --> 00:23:28.234 because it's not money that you can use,

NOTE Confidence: 0.929171871428571

00:23:31.840 --> 00:23:35.760 right. So what I'm basically saying is,

NOTE Confidence: 0.929171871428571

00:23:35.760 --> 00:23:37.794 if in doubt, apply for salary

NOTE Confidence: 0.929171871428571

00:23:37.794 --> 00:23:39.499 and research support and we'll

NOTE Confidence: 0.929171871428571

00:23:39.499 --> 00:23:41.473 figure it out on the back end.

NOTE Confidence: 0.9012354

00:23:45.880 --> 00:23:51.352 OK, so I put together kind of some do's and

NOTE Confidence: 0.9012354

00:23:51.352 --> 00:23:54.680 don'ts based on what I've seen in the past.

NOTE Confidence: 0.9012354

00:23:54.680 --> 00:23:57.896 Do make sure your mentor or

NOTE Confidence: 0.9012354

00:23:57.896 --> 00:24:00.040 mentors review your application.

NOTE Confidence: 0.9012354

00:24:00.040 --> 00:24:01.832 You want to put your best foot forward

NOTE Confidence: 0.9012354

00:24:01.832 --> 00:24:03.559 or your best application forward.

NOTE Confidence: 0.9012354

00:24:03.560 --> 00:24:06.352 In this case, also make sure your application

NOTE Confidence: 0.9012354

00:24:06.352 --> 00:24:09.158 is free of spelling and grammar errors.

NOTE Confidence: 0.9012354

00:24:09.160 --> 00:24:12.160 Again, having your mentor review

NOTE Confidence: 0.9012354

00:24:12.160 --> 00:24:14.560 your application will help

NOTE Confidence: 0.9012354

00:24:14.560 --> 00:24:16.000 identify those things for you.

NOTE Confidence: 0.9012354

00:24:16.000 --> 00:24:18.600 It's really difficult to

NOTE Confidence: 0.9012354

00:24:18.600 --> 00:24:21.200 proofread your own work.

NOTE Confidence: 0.9012354

00:24:21.200 --> 00:24:23.240 Make sure you write out acronyms,

NOTE Confidence: 0.9012354

00:24:23.240 --> 00:24:26.075 especially the first time you use them.

NOTE Confidence: 0.9012354

00:24:26.080 --> 00:24:27.879 Or better yet, as Gene would say,

NOTE Confidence: 0.9012354

00:24:27.880 --> 00:24:29.520 don't use them at all.

NOTE Confidence: 0.9012354

00:24:29.520 --> 00:24:30.160 Right Gene?

NOTE Confidence: 0.9012354

00:24:30.880 --> 00:24:32.600 Absolutely

NOTE Confidence: 0.702452386666667

00:24:32.600 --> 00:24:33.504 better. They're they're not

NOTE Confidence: 0.702452386666667

00:24:33.504 --> 00:24:34.758 your friend, They're your enemy.

NOTE Confidence: 0.512728524

00:24:39.320 --> 00:24:41.078 For your budget forms, make sure your budget

NOTE Confidence: 0.73613613375

00:24:44.240 --> 00:24:48.213 OK. I should have added that to the to

NOTE Confidence: 0.73613613375

00:24:48.213 --> 00:24:51.240 the list regarding your budget forms,

NOTE Confidence: 0.73613613375

00:24:51.240 --> 00:24:54.640 make sure your budgets add up correctly.

NOTE Confidence: 0.73613613375

00:24:54.640 --> 00:24:57.475 This makes my job easier when I'm

NOTE Confidence: 0.73613613375

00:24:57.475 --> 00:24:58.690 reviewing applications during

NOTE Confidence: 0.73613613375

00:24:58.758 --> 00:25:00.558 the internal review process.

NOTE Confidence: 0.957271987333333

00:25:02.760 --> 00:25:04.704 And then make sure you review

NOTE Confidence: 0.957271987333333

00:25:04.704 --> 00:25:06.480 the RFA and instructions before

NOTE Confidence: 0.957271987333333

00:25:06.480 --> 00:25:08.160 you submit your application.

NOTE Confidence: 0.957271987333333

00:25:08.160 --> 00:25:12.336 Just do one final pass, all right,

NOTE Confidence: 0.957271987333333

00:25:12.336 --> 00:25:14.871 and then don't don't forget to

NOTE Confidence: 0.957271987333333

00:25:14.871 --> 00:25:17.253 include a letter of support for

NOTE Confidence: 0.957271987333333

00:25:17.253 --> 00:25:19.560 each mentor and collaborator.

NOTE Confidence: 0.957271987333333

00:25:19.560 --> 00:25:21.954 So as part of my internal review,

NOTE Confidence: 0.957271987333333

00:25:21.960 --> 00:25:24.840 when I get the full applications,

NOTE Confidence: 0.957271987333333

00:25:24.840 --> 00:25:26.681 I check to make sure that there

NOTE Confidence: 0.957271987333333

00:25:26.681 --> 00:25:28.748 is a letter of support from

NOTE Confidence: 0.957271987333333

00:25:28.748 --> 00:25:30.360 every mentor and collaborator.

NOTE Confidence: 0.957271987333333

00:25:30.360 --> 00:25:33.960 So make sure you give me all of

NOTE Confidence: 0.957271987333333

00:25:33.960 --> 00:25:37.056 those so I'm not going back to you

NOTE Confidence: 0.957271987333333

00:25:37.056 --> 00:25:39.000 and and looking for these things.

NOTE Confidence: 0.957271987333333

00:25:39.000 --> 00:25:41.877 The same is true for bio sketches.

NOTE Confidence: 0.957271987333333

00:25:41.880 --> 00:25:44.316 So for every mentor, every collaborator,

NOTE Confidence: 0.957271987333333

00:25:44.320 --> 00:25:45.784 you have a letter of support

NOTE Confidence: 0.957271987333333

00:25:45.784 --> 00:25:46.760 and a bio sketch.

NOTE Confidence: 0.957271987333333

00:25:46.760 --> 00:25:47.159 Make sure you

NOTE Confidence: 0.644602726

00:25:47.840 --> 00:25:49.984 like bio sketch, not the not

NOTE Confidence: 0.644602726

00:25:49.984 --> 00:25:51.360 the fellowship bio sketch.

NOTE Confidence: 0.790912823333333

00:25:52.480 --> 00:25:56.836 Right the non-fellowship biosketch.

NOTE Confidence: 0.790912823333333

00:25:56.840 --> 00:25:57.911 And then finally,

NOTE Confidence: 0.790912823333333

00:25:57.911 --> 00:26:00.053 you don't include any extra letters

NOTE Confidence: 0.790912823333333

00:26:00.053 --> 00:26:02.715 of support or bio sketches from others.

36

NOTE Confidence: 0.790912823333333

00:26:02.720 --> 00:26:06.095 It just makes your application

NOTE Confidence: 0.790912823333333

00:26:06.095 --> 00:26:10.440 overly large and it's not needed.

NOTE Confidence: 0.790912823333333

00:26:10.440 --> 00:26:12.732 And I'd rather not have to

NOTE Confidence: 0.790912823333333

00:26:12.732 --> 00:26:14.440 strip them out. OK,

NOTE Confidence: 0.891879478333333

00:26:17.040 --> 00:26:20.470 so let's. We've got the

NOTE Confidence: 0.891879478333333

00:26:20.470 --> 00:26:21.760 application. Yeah, go ahead. You

NOTE Confidence: 0.900936678333333

00:26:22.960 --> 00:26:23.620 want me to go through

NOTE Confidence: 0.900936678333333

00:26:23.620 --> 00:26:24.480 this or do you want to do

NOTE Confidence: 0.93949326

00:26:24.520 --> 00:26:25.840 it? No, you can do it.

NOTE Confidence: 0.851423804285714

00:26:27.680 --> 00:26:30.524 So the review process is there's

NOTE Confidence: 0.851423804285714

00:26:30.524 --> 00:26:33.160 a pretty large study section

NOTE Confidence: 0.851423804285714

00:26:33.160 --> 00:26:37.420 and by the way the YPSD and the

NOTE Confidence: 0.851423804285714

00:26:37.420 --> 00:26:40.920 YCCI awards are reviewed together.

NOTE Confidence: 0.851423804285714

00:26:40.920 --> 00:26:43.440 There's not a separate review process.

NOTE Confidence: 0.851423804285714

00:26:43.440 --> 00:26:47.805 And the review process is basically

NOTE Confidence: 0.851423804285714

37

00:26:47.805 --> 00:26:50.959 similar to the NIH review process.

NOTE Confidence: 0.851423804285714

00:26:50.960 --> 00:26:52.880 There's a large study section.

NOTE Confidence: 0.851423804285714

00:26:52.880 --> 00:26:56.509 Your grant will be reviewed by three people,

NOTE Confidence: 0.851423804285714

00:26:56.509 --> 00:26:59.280 but everybody on the study section will vote.

NOTE Confidence: 0.851423804285714

00:26:59.280 --> 00:27:00.756 Usually once in a while two,

NOTE Confidence: 0.851423804285714

00:27:00.760 --> 00:27:01.975 but usually three.

NOTE Confidence: 0.851423804285714

00:27:01.975 --> 00:27:04.000 Everybody will vote on it.

NOTE Confidence: 0.851423804285714

00:27:04.000 --> 00:27:06.080 It'll get you know the

NOTE Confidence: 0.806253336666667

00:27:08.160 --> 00:27:15.840 and the criteria are gonna be the applicants,

NOTE Confidence: 0.806253336666667

00:27:15.840 --> 00:27:19.920 training and productivity.

NOTE Confidence: 0.806253336666667

00:27:19.920 --> 00:27:24.256 So far, the career development plan

NOTE Confidence: 0.806253336666667

00:27:24.256 --> 00:27:26.680 that you propose in Mentoring plan,

NOTE Confidence: 0.806253336666667

00:27:26.680 --> 00:27:28.680 it's a career development award.

NOTE Confidence: 0.806253336666667

00:27:28.680 --> 00:27:32.505 So although it's easy sometimes easier

NOTE Confidence: 0.806253336666667

00:27:32.505 --> 00:27:35.520 to talk about the research component,

NOTE Confidence: 0.806253336666667

00:27:35.520 --> 00:27:37.698 in theory the research component is

NOTE Confidence: 0.806253336666667

00:27:37.698 --> 00:27:40.558 1/4 or 1/3 of the score you get.

NOTE Confidence: 0.829754086428571

00:27:42.880 --> 00:27:45.505 Because the idea is it's mentored research

NOTE Confidence: 0.829754086428571

00:27:45.505 --> 00:27:48.317 that's going to help develop your career,

NOTE Confidence: 0.829754086428571

00:27:48.320 --> 00:27:50.280 the quality of your mentors,

NOTE Confidence: 0.829754086428571

00:27:50.280 --> 00:27:52.320 the research plan including innovation,

NOTE Confidence: 0.829754086428571

00:27:52.320 --> 00:27:54.405 significance and approach,

NOTE Confidence: 0.829754086428571

00:27:54.405 --> 00:27:57.880 the environment and departmental commitment.

NOTE Confidence: 0.829754086428571

00:27:57.880 --> 00:28:00.897 And then, of course, areas of special

NOTE Confidence: 0.829754086428571

00:28:00.897 --> 00:28:04.640 emphasis which won't go into the I I

NOTE Confidence: 0.829754086428571

00:28:04.640 --> 00:28:07.958 doesn't go directly into the scoring.

NOTE Confidence: 0.829754086428571

00:28:07.960 --> 00:28:11.360 But if somebody if two people are

NOTE Confidence: 0.829754086428571

00:28:11.360 --> 00:28:14.368 the the proposals are ranked very close

NOTE Confidence: 0.829754086428571

00:28:14.368 --> 00:28:17.440 to each other and and they're on the

NOTE Confidence: 0.829754086428571

00:28:17.525 --> 00:28:20.960 cusp and somebody is meets the

NOTE Confidence: 0.829754086428571

00:28:20.960 --> 00:28:24.300 criteria for some of these areas that

NOTE Confidence: 0.829754086428571

00:28:24.300 --> 00:28:26.440 we're particularly interested in funding

NOTE Confidence: 0.829754086428571

00:28:26.440 --> 00:28:29.840 it may boost you up a little higher.

NOTE Confidence: 0.829754086428571

00:28:29.840 --> 00:28:32.288 You will be notified by your decisions in

NOTE Confidence: 0.829754086428571

00:28:32.288 --> 00:28:34.917 June the earliest start date is July 1.

NOTE Confidence: 0.829754086428571

00:28:34.920 --> 00:28:35.560 However

NOTE Confidence: 0.745089502727273

00:28:38.040 --> 00:28:39.570 some of it's going to depend

NOTE Confidence: 0.745089502727273

00:28:39.570 --> 00:28:41.200 on what slots are available.

NOTE Confidence: 0.745089502727273

00:28:41.200 --> 00:28:43.714 For example, we've had people that

NOTE Confidence: 0.745089502727273

00:28:43.714 --> 00:28:46.790 start in January or even in March and

NOTE Confidence: 0.745089502727273

00:28:46.790 --> 00:28:49.266 so those slots aren't going to be aren't

NOTE Confidence: 0.745089502727273

00:28:49.266 --> 00:28:51.832 going to open up until January or March

NOTE Confidence: 0.745089502727273

00:28:51.832 --> 00:28:54.240 whereas others will be available in July.

NOTE Confidence: 0.745089502727273

00:28:54.240 --> 00:28:58.493 I think, Nick, yours are all July are

NOTE Confidence: 0.745089502727273

00:28:58.493 --> 00:29:01.879 all gonna start in July, is that correct?

NOTE Confidence: 0.745089502727273

00:29:01.880 --> 00:29:04.128 Yes. Ours all start in July. Yeah.

NOTE Confidence: 0.745089502727273

00:29:04.128 --> 00:29:08.315 So the but, so, so and we juggle around

NOTE Confidence: 0.745089502727273

00:29:08.315 --> 00:29:11.799 to try to optimize everything for people.

NOTE Confidence: 0.745089502727273

00:29:11.800 --> 00:29:14.210 You know, we would talk to you and say and

NOTE Confidence: 0.745089502727273

00:29:14.269 --> 00:29:16.677 if somebody really needs to start in July,

NOTE Confidence: 0.745089502727273

00:29:16.680 --> 00:29:18.800 we'll do our best to do that. Occasionally,

NOTE Confidence: 0.745089502727273

00:29:18.800 --> 00:29:19.738 we can't.

NOTE Confidence: 0.745089502727273

00:29:19.738 --> 00:29:22.552 Some people have funding that's good

NOTE Confidence: 0.745089502727273

00:29:22.552 --> 00:29:25.384 that's pretty secure until January or

NOTE Confidence: 0.745089502727273

00:29:25.384 --> 00:29:29.240 March and those people we may ask.

NOTE Confidence: 0.745089502727273

00:29:29.240 --> 00:29:30.927 It still goes for the full two

NOTE Confidence: 0.745089502727273

00:29:30.927 --> 00:29:32.000 years whenever you start.

NOTE Confidence: 0.745089502727273

00:29:32.000 --> 00:29:33.140 Just to be clear,

NOTE Confidence: 0.745089502727273

00:29:33.140 --> 00:29:35.240 it doesn't shorten the duration of award.

NOTE Confidence: 0.745089502727273

00:29:35.240 --> 00:29:36.320 It's just when you start

NOTE Confidence: 0.96585893

00:29:41.400 --> 00:29:42.920 and I think that's it.

NOTE Confidence: 0.96585893

00:29:42.920 --> 00:29:44.520 We have other questions.

NOTE Confidence: 0.758948943076923

00:29:45.320 --> 00:29:47.354 The last piece is that all

NOTE Confidence: 0.758948943076923

00:29:47.354 --> 00:29:48.710 applicants will receive anonymized

NOTE Confidence: 0.758948943076923

00:29:48.768 --> 00:29:50.080 review and feedback. Sorry

NOTE Confidence: 0.69333145

00:29:50.080 --> 00:29:52.200 about that. Yeah, yeah, eventually.

NOTE Confidence: 0.962474995555556

00:29:55.040 --> 00:29:58.037 OK, so we have a couple of questions here.

NOTE Confidence: 0.911616566666667

00:29:58.400 --> 00:30:00.794 Do all mentors need to be in Yale faculty?

NOTE Confidence: 0.911616566666667

00:30:00.800 --> 00:30:03.716 No, they don't all need to be Yale faculty.

NOTE Confidence: 0.911616566666667

00:30:03.720 --> 00:30:05.640 But if they're not at Yale,

NOTE Confidence: 0.911616566666667

00:30:05.640 --> 00:30:07.800 you need to justify why.

NOTE Confidence: 0.911616566666667

00:30:07.800 --> 00:30:10.518 And you know, in general, it's a good idea

NOTE Confidence: 0.911616566666667

00:30:10.518 --> 00:30:13.555 to have a primary mentor at least at Yale

NOTE Confidence: 0.889967473043478

00:30:17.520 --> 00:30:19.010 people people are likely to

NOTE Confidence: 0.889967473043478

00:30:19.010 --> 00:30:20.500 question how close you're going

NOTE Confidence: 0.889967473043478

00:30:20.554 --> 00:30:22.290 to be able to work with that

NOTE Confidence: 0.889967473043478

00:30:22.290 --> 00:30:23.840 person if they're farther away.

NOTE Confidence: 0.889967473043478

00:30:23.840 --> 00:30:26.402 But you know, on the other

NOTE Confidence: 0.889967473043478

00:30:26.402 --> 00:30:29.060 hand, if there's somebody who's a

NOTE Confidence: 0.889967473043478

00:30:29.060 --> 00:30:30.820 particular expert or can provide

NOTE Confidence: 0.889967473043478

00:30:30.820 --> 00:30:32.595 something that you really need,

NOTE Confidence: 0.889967473043478

00:30:32.600 --> 00:30:35.993 having that person as a co-mentor is fine.

NOTE Confidence: 0.889967473043478

00:30:36.000 --> 00:30:38.429 But then spell out I'm going to

NOTE Confidence: 0.889967473043478

00:30:38.429 --> 00:30:40.578 meet with this person twice a

NOTE Confidence: 0.889967473043478

00:30:40.578 --> 00:30:43.190 month on Zoom and all the

NOTE Confidence: 0.889967473043478

00:30:43.190 --> 00:30:45.566 mentors are going to meet every

NOTE Confidence: 0.889967473043478

00:30:45.566 --> 00:30:47.196 three months together or whatever.

NOTE Confidence: 0.889967473043478

00:30:47.200 --> 00:30:47.840 It's going to be

NOTE Confidence: 0.96490129

00:30:50.880 --> 00:30:52.320 OK. I have another

NOTE Confidence: 0.2253329

00:30:54.480 --> 00:30:59.000 chat that was come that came directly to me,

NOTE Confidence: 0.2253329

00:30:59.000 --> 00:31:01.268 but I think it will be helpful

NOTE Confidence: 0.2253329

00:31:01.268 --> 00:31:03.440 for everyone to hear the answer.

NOTE Confidence: 0.2253329

00:31:03.440 --> 00:31:07.675 The question says so Chair chief nominations

NOTE Confidence: 0.2253329

43

00:31:07.680 --> 00:31:11.076 are due in February, not January.

NOTE Confidence: 0.2253329

00:31:11.080 --> 00:31:13.360 Everything for the LOI in January.

NOTE Confidence: 0.2253329

00:31:13.360 --> 00:31:15.159 It can be done by the applicant.

NOTE Confidence: 0.2253329

00:31:15.160 --> 00:31:17.716 So I'm just gonna go back to the LOI.

NOTE Confidence: 0.953899999

00:31:19.840 --> 00:31:24.384 So you will need the name of

NOTE Confidence: 0.953899999

00:31:24.384 --> 00:31:26.807 your nominator and your endorse

NOTE Confidence: 0.953899999

00:31:26.807 --> 00:31:28.952 whoever is gonna endorse your

NOTE Confidence: 0.953899999

00:31:28.952 --> 00:31:31.358 nomination for the letter of intent.

NOTE Confidence: 0.953899999

00:31:31.360 --> 00:31:35.000 Just the names, not the letters of support.

NOTE Confidence: 0.953899999

00:31:35.000 --> 00:31:37.652 However, you will need to work

NOTE Confidence: 0.953899999

00:31:37.652 --> 00:31:39.998 with your business office for

NOTE Confidence: 0.953899999

00:31:39.998 --> 00:31:41.958 the other support document.

NOTE Confidence: 0.953899999

00:31:41.960 --> 00:31:43.424 So that piece you do need

NOTE Confidence: 0.953899999

00:31:43.424 --> 00:31:44.400 to work with somebody.

NOTE Confidence: 0.823525054285714

00:31:45.040 --> 00:31:47.191 It used to be that you would submit

NOTE Confidence: 0.823525054285714

00:31:47.191 --> 00:31:48.998 your own other support document.

NOTE Confidence: 0.823525054285714

00:31:49.000 --> 00:31:51.380 One of the problems we sometimes got

NOTE Confidence: 0.823525054285714

00:31:51.380 --> 00:31:53.645 into is people would submit their

NOTE Confidence: 0.823525054285714

00:31:53.645 --> 00:31:56.064 other support and that they wrote up

NOTE Confidence: 0.823525054285714

00:31:56.064 --> 00:31:57.960 themselves and it would be incorrect.

NOTE Confidence: 0.823525054285714

00:31:57.960 --> 00:32:01.474 Now the NIH requires, and Yale.

NOTE Confidence: 0.823525054285714

00:32:01.480 --> 00:32:03.472 The Yale policy is that the

NOTE Confidence: 0.823525054285714

00:32:03.472 --> 00:32:05.187 other support documents are all

NOTE Confidence: 0.823525054285714

00:32:05.187 --> 00:32:06.797 done by the business office.

NOTE Confidence: 0.823525054285714

00:32:06.800 --> 00:32:09.130 So contact your business office

NOTE Confidence: 0.823525054285714

00:32:09.130 --> 00:32:11.105 early and have them prepare your

NOTE Confidence: 0.823525054285714

00:32:11.105 --> 00:32:12.610 other support document and they

NOTE Confidence: 0.823525054285714

00:32:12.668 --> 00:32:14.276 have to sign off on it as well.

NOTE Confidence: 0.83563864

00:32:16.200 --> 00:32:16.760 Yes.

NOTE Confidence: 0.948767522222222

00:32:19.040 --> 00:32:20.249 OK. Another question,

NOTE Confidence: 0.948767522222222

00:32:20.249 --> 00:32:23.070 if we conduct our study off-site

NOTE Confidence: 0.948767522222222

00:32:23.153 --> 00:32:25.913 that is in a clinic in the community,

NOTE Confidence: 0.948767522222222

00:32:25.920 --> 00:32:28.062 would we need a letter of support

NOTE Confidence: 0.948767522222222

00:32:28.062 --> 00:32:31.520 from them? Yes, sounds

NOTE Confidence: 0.915631992

00:32:31.520 --> 00:32:33.728 like they'd be a collaborator. Yeah.

NOTE Confidence: 0.915631992

00:32:33.728 --> 00:32:35.584 I mean you just, I mean it's not,

NOTE Confidence: 0.915631992

00:32:35.584 --> 00:32:37.080 it's not complicated.

NOTE Confidence: 0.915631992

00:32:37.080 --> 00:32:40.400 You just say yes we're you

NOTE Confidence: 0.915631992

00:32:40.400 --> 00:32:43.216 know but yeah we need to it.

NOTE Confidence: 0.915631992

00:32:43.216 --> 00:32:44.400 It's a simple reason.

NOTE Confidence: 0.915631992

00:32:44.400 --> 00:32:46.713 You know I I could say oh I'm gonna

NOTE Confidence: 0.915631992

00:32:46.720 --> 00:32:49.030 you know McDonald's is gonna let me

NOTE Confidence: 0.915631992

00:32:49.030 --> 00:32:51.578 set up shop and there McDonald's there

NOTE Confidence: 0.915631992

00:32:51.578 --> 00:32:54.746 and I could write that in my grant

NOTE Confidence: 0.915631992

00:32:54.746 --> 00:32:56.950 but they might not let me really.

NOTE Confidence: 0.915631992

00:32:56.950 --> 00:33:00.240 So we just need to see documentation

NOTE Confidence: 0.915631992

00:33:00.240 --> 00:33:03.105 from an appropriate administrative

NOTE Confidence: 0.915631992

00:33:03.105 --> 00:33:05.800 source that you're that

NOTE Confidence: 0.915631992

00:33:05.800 --> 00:33:08.040 what you say is, is accurate.

NOTE Confidence: 0.877214128333333

00:33:10.880 --> 00:33:13.130 Now why don't you people who

NOTE Confidence: 0.877214128333333

00:33:13.130 --> 00:33:15.012 have questions address it to

NOTE Confidence: 0.877214128333333

00:33:15.012 --> 00:33:17.196 everybody in the chat if you can,

NOTE Confidence: 0.877214128333333

00:33:17.200 --> 00:33:20.626 so we all can see it and it's OK

NOTE Confidence: 0.877214128333333

00:33:20.626 --> 00:33:22.816 Can they can they speak up or not

NOTE Confidence: 0.877214128333333

00:33:22.816 --> 00:33:24.560 or not really? Yeah, sure.

NOTE Confidence: 0.877214128333333

00:33:24.560 --> 00:33:27.396 Yeah, just just unmute yourself and talk.

NOTE Confidence: 0.877214128333333

00:33:27.400 --> 00:33:30.196 We actually sometimes communicate that way.

NOTE Confidence: 0.95909354

00:33:38.160 --> 00:33:39.279 No other questions.

NOTE Confidence: 0.908472015

00:33:42.240 --> 00:33:43.680 OK And you can always shoot,

NOTE Confidence: 0.908472015

00:33:43.680 --> 00:33:48.640 shoot us questions directly by e-mail.

NOTE Confidence: 0.751444814

00:33:50.240 --> 00:33:53.684 Yep. And I listed my e-mail here

NOTE Confidence: 0.751444814

00:33:53.684 --> 00:33:56.794 YCCI funding opportunities at Yale.

NOTE Confidence: 0.751444814

00:33:56.800 --> 00:33:59.440 Do we have another question in the chat?

NOTE Confidence: 0.751444814

00:33:59.440 --> 00:34:00.480 No. Just to thank you.

NOTE Confidence: 0.751444814

00:34:00.480 --> 00:34:04.080 Well, thank you all for attending.

NOTE Confidence: 0.751444814

00:34:04.080 --> 00:34:07.648 Take care. I'll also post this

NOTE Confidence: 0.751444814

00:34:07.648 --> 00:34:10.800 recording on our web page for

NOTE Confidence: 0.751444814

00:34:10.800 --> 00:34:13.000 anyone who couldn't make it.
