NOTE language:en-us

NOTE Confidence: 0.736563861370087

 $00:00:00.000 \longrightarrow 00:00:05.838$ Welcome to the first get to

NOTE Confidence: 0.736563861370087

 $00{:}00{:}05.838 \to 00{:}00{:}09.730$ know a caregiver interview.

NOTE Confidence: 0.912107408046722

 $00:00:10.480 \longrightarrow 00:00:11.952$ So exciting, thanks for

NOTE Confidence: 0.912107408046722

00:00:11.952 --> 00:00:13.420 inviting me. Well, first

NOTE Confidence: 0.912107408046722

 $00:00:13.420 \dashrightarrow 00:00:16.885$ and foremost, you know I'm a I'm a medical

NOTE Confidence: 0.912107408046722

 $00:00:16.885 \longrightarrow 00:00:19.309$ Oncologist so I take care of patients.

NOTE Confidence: 0.912107408046722

00:00:19.310 --> 00:00:22.523 I take care of lung cancer patient

NOTE Confidence: 0.912107408046722

 $00:00:22.523 \longrightarrow 00:00:24.517$ specifically and that's a huge

NOTE Confidence: 0.912107408046722

00:00:24.517 --> 00:00:26.669 part of why I do what I do,

NOTE Confidence: 0.912107408046722

 $00:00:26.670 \longrightarrow 00:00:29.323$ which is trying to help patients during

NOTE Confidence: 0.912107408046722

 $00:00:29.323 \longrightarrow 00:00:31.820$ this very difficult time in their lives.

NOTE Confidence: 0.912107408046722

00:00:31.820 --> 00:00:34.364 That's part of why I chose to go

NOTE Confidence: 0.912107408046722

 $00:00:34.364 \longrightarrow 00:00:36.321$ into ecology and was interested

NOTE Confidence: 0.912107408046722

00:00:36.321 --> 00:00:38.817 in a lot of different disciplines,

 $00:00:38.820 \longrightarrow 00:00:41.828$ but I think that ecology is one where.

NOTE Confidence: 0.912107408046722

 $00{:}00{:}41.830 \dashrightarrow 00{:}00{:}45.547$ How you talk to patients when they're

NOTE Confidence: 0.912107408046722

 $00:00:45.547 \longrightarrow 00:00:49.405$ so vulnerable at this time in their

NOTE Confidence: 0.912107408046722

00:00:49.405 --> 00:00:52.318 lives is super important. You can.

NOTE Confidence: 0.912107408046722

00:00:52.318 --> 00:00:55.282 You know, people often say to me, Gee,

NOTE Confidence: 0.912107408046722

 $00:00:55.282 \longrightarrow 00:00:58.018$ that must be a real Downer in terms

NOTE Confidence: 0.912107408046722

 $00:00:58.018 \longrightarrow 00:01:00.826$ of what you do or or how can you.

NOTE Confidence: 0.912107408046722

 $00:01:00.830 \longrightarrow 00:01:02.460$ How can you handle that?

NOTE Confidence: 0.912107408046722

00:01:02.460 --> 00:01:05.434 and I and I tell them that, you know,

NOTE Confidence: 0.912107408046722

 $00:01:05.434 \longrightarrow 00:01:07.828$ there's a lot of life involved in

NOTE Confidence: 0.912107408046722

00:01:07.828 --> 00:01:10.218 Indiana even if you have a disease

NOTE Confidence: 0.912107408046722

00:01:10.218 --> 00:01:12.194 that's going to affect your life

NOTE Confidence: 0.912107408046722

 $00{:}01{:}12.194 \dashrightarrow 00{:}01{:}14.554$ span and how you lived at and what

NOTE Confidence: 0.912107408046722

 $00{:}01{:}14.560 \dashrightarrow 00{:}01{:}16.245$ you understand from your disease

NOTE Confidence: 0.912107408046722

 $00:01:16.245 \longrightarrow 00:01:18.307$ and having a team that's working

NOTE Confidence: 0.912107408046722

00:01:18.307 --> 00:01:20.498 with you to allay your anxieties and

NOTE Confidence: 0.912107408046722

 $00{:}01{:}20.498 \dashrightarrow 00{:}01{:}22.726$ that you can trust is so important.

NOTE Confidence: 0.828855906214033

 $00:01:24.060 \longrightarrow 00:01:27.200$ Right? In terms of the

NOTE Confidence: 0.828855906214033

 $00:01:27.200 \longrightarrow 00:01:30.128$ other pieces, the other hats

NOTE Confidence: 0.855449318885803

00:01:30.130 --> 00:01:34.594 that I wear it you know for Yale

NOTE Confidence: 0.855449318885803

00:01:34.594 --> 00:01:37.393 Cancer Center, it started about

NOTE Confidence: 0.855449318885803

 $00:01:37.393 \longrightarrow 00:01:41.320$ almost eight or nine years ago that.

NOTE Confidence: 0.855449318885803

00:01:41.320 --> 00:01:44.246 The vision of being able to provide

NOTE Confidence: 0.855449318885803

00:01:44.246 --> 00:01:47.147 cancer care to patients where they

NOTE Confidence: 0.855449318885803

 $00:01:47.147 \longrightarrow 00:01:50.261$ live in their communities and that

NOTE Confidence: 0.855449318885803

 $00:01:50.261 \longrightarrow 00:01:53.774$ through that the concept of the Smilow

NOTE Confidence: 0.855449318885803

00:01:53.774 --> 00:01:56.200 Cancer Hospital Care Center Network,

NOTE Confidence: 0.855449318885803

 $00:01:56.200 \longrightarrow 00:01:58.850$ it really came about. And now.

NOTE Confidence: 0.855449318885803

 $00:01:58.850 \longrightarrow 00:02:01.770$ We do have almost we have 15 locations

NOTE Confidence: 0.855449318885803

 $00:02:01.849 \longrightarrow 00:02:04.254$ within Connecticut and also Rhode

NOTE Confidence: 0.855449318885803

 $00:02:04.254 \longrightarrow 00:02:07.582$ Island where we provide care to cancer

 $00{:}02{:}07.582 \dashrightarrow 00{:}02{:}10.515$ patients in their own community and not

NOTE Confidence: 0.855449318885803

 $00{:}02{:}10.515 \dashrightarrow 00{:}02{:}13.370$ just seeing the doctor and a nurse,

NOTE Confidence: 0.855449318885803

 $00{:}02{:}13.370 \longrightarrow 00{:}02{:}15.788$ not just very simple cancer care,

NOTE Confidence: 0.855449318885803

 $00:02:15.790 \longrightarrow 00:02:17.810$ but really comprehensive cancer care.

NOTE Confidence: 0.855449318885803

 $00:02:17.810 \longrightarrow 00:02:19.830$ So we're really trying to

NOTE Confidence: 0.855449318885803

00:02:19.830 --> 00:02:21.850 provide all those key services,

NOTE Confidence: 0.855449318885803

 $00:02:21.850 \longrightarrow 00:02:24.274$ whether it means social work or

NOTE Confidence: 0.855449318885803

 $00{:}02{:}24.274 \dashrightarrow 00{:}02{:}25.890$ nutrition or survivorship care.

NOTE Confidence: 0.855449318885803

00:02:25.890 --> 00:02:26.618 Palliative care,

NOTE Confidence: 0.855449318885803

00:02:26.618 --> 00:02:29.530 you're part of that Terra in terms of

NOTE Confidence: 0.855449318885803

00:02:29.599 --> 00:02:31.959 the survivorship piece you've been.

NOTE Confidence: 0.855449318885803

 $00:02:31.960 \longrightarrow 00:02:32.726$ With this,

NOTE Confidence: 0.855449318885803

 $00{:}02{:}32.726 \dashrightarrow 00{:}02{:}34.641$ developing clinics in helping to

NOTE Confidence: 0.855449318885803

00:02:34.641 --> 00:02:36.938 reach people all around the state,

NOTE Confidence: 0.855449318885803

00:02:36.940 --> 00:02:39.070 so that's a really exciting part

NOTE Confidence: 0.855449318885803

 $00:02:39.070 \longrightarrow 00:02:42.048$ of my job that I helped to to

NOTE Confidence: 0.855449318885803

 $00{:}02{:}42.048 \dashrightarrow 00{:}02{:}44.268$ coordinate and oversee the Docs in

NOTE Confidence: 0.855449318885803

 $00:02:44.348 \longrightarrow 00:02:47.204$ the staff that are working in those

NOTE Confidence: 0.855449318885803

 $00:02:47.204 \longrightarrow 00:02:49.441$ centers and making sure that you

NOTE Confidence: 0.855449318885803

 $00:02:49.441 \longrightarrow 00:02:51.800$ know are smilow signature of care is

NOTE Confidence: 0.855449318885803

 $00:02:51.876 \longrightarrow 00:02:54.306$ provided everywhere and that includes

NOTE Confidence: 0.855449318885803

 $00:02:54.306 \longrightarrow 00:02:56.736$ quality aspects and that includes.

NOTE Confidence: 0.855449318885803

 $00{:}02{:}56.740 \dashrightarrow 00{:}02{:}59.095$ Clinical research because being able

NOTE Confidence: 0.855449318885803

 $00{:}02{:}59.095 \dashrightarrow 00{:}03{:}01.450$ to provide patients with cutting

NOTE Confidence: 0.855449318885803

 $00:03:01.527 \longrightarrow 00:03:03.407$ edge access to research journals

NOTE Confidence: 0.855449318885803

 $00{:}03{:}03.407 \dashrightarrow 00{:}03{:}06.040$ and novel agents is so important.

NOTE Confidence: 0.855449318885803 00:03:06.040 --> 00:03:06.724 I mean,

NOTE Confidence: 0.855449318885803

00:03:06.724 --> 00:03:09.118 when I started I put my first

NOTE Confidence: 0.855449318885803

 $00:03:09.118 \longrightarrow 00:03:11.777$ lung cancer patients in clinical

NOTE Confidence: 0.855449318885803

00:03:11.777 --> 00:03:14.013 trials with immune therapy,

NOTE Confidence: 0.855449318885803

 $00:03:14.020 \longrightarrow 00:03:17.364$ and at that time we were really worried

00:03:17.364 --> 00:03:21.105 about not using the standard of care chemo,

NOTE Confidence: 0.855449318885803

 $00:03:21.110 \longrightarrow 00:03:23.708$ but now eight or nine years

NOTE Confidence: 0.855449318885803

 $00{:}03{:}23.708 \dashrightarrow 00{:}03{:}26.461$ later I've had patients who were

NOTE Confidence: 0.855449318885803

 $00:03:26.461 \longrightarrow 00:03:28.329$ on those initial trials.

NOTE Confidence: 0.855449318885803

 $00:03:28.330 \longrightarrow 00:03:30.330$ For with metastatic lung

NOTE Confidence: 0.787525355815887

 $00:03:30.330 \longrightarrow 00:03:33.336$ cancer, which would have been like.

NOTE Confidence: 0.787525355815887

 $00:03:33.340 \longrightarrow 00:03:35.516$ Their disease keep shrinking.

NOTE Confidence: 0.787525355815887

 $00{:}03{:}35.516 \dashrightarrow 00{:}03{:}38.780$ It's just a mazing or disease free.

NOTE Confidence: 0.885448336601257

 $00:03:38.780 \longrightarrow 00:03:40.120$ No, that's what we're

NOTE Confidence: 0.885448336601257

00:03:40.120 --> 00:03:42.130 going for at as you know,

NOTE Confidence: 0.885448336601257

 $00:03:42.130 \longrightarrow 00:03:44.098$ at Yale in its milers really

NOTE Confidence: 0.885448336601257

 $00:03:44.098 \longrightarrow 00:03:45.820$ helping to push that edge.

NOTE Confidence: 0.885448336601257

 $00:03:45.820 \longrightarrow 00:03:47.825$ So I also do clinical research,

NOTE Confidence: 0.885448336601257

 $00:03:47.825 \longrightarrow 00:03:49.835$ and that's sort of the third

NOTE Confidence: 0.885448336601257

 $00:03:49.835 \longrightarrow 00:03:51.510$ aspect of what I do.

NOTE Confidence: 0.885448336601257

 $00:03:51.510 \longrightarrow 00:03:53.185$ I focus on patients with

NOTE Confidence: 0.885448336601257

 $00{:}03{:}53.185 --> 00{:}03{:}54.525 \ \mathrm{small \ cell \ lung \ cancer},$

NOTE Confidence: 0.885448336601257

 $00:03:54.530 \longrightarrow 00:03:56.594$ making sure that we have novel

NOTE Confidence: 0.885448336601257

 $00:03:56.594 \longrightarrow 00:03:58.339$ agents and options that we're

NOTE Confidence: 0.885448336601257

00:03:58.339 --> 00:04:00.133 trying to develop that tool box

NOTE Confidence: 0.885448336601257

00:04:00.133 --> 00:04:02.570 as I keep on telling my patients,

NOTE Confidence: 0.885448336601257

 $00:04:02.570 \longrightarrow 00:04:06.269$ and I also do research in lung cancer so.

NOTE Confidence: 0.885448336601257

 $00{:}04{:}06.270 \dashrightarrow 00{:}04{:}08.814$ It it's really fun to do

NOTE Confidence: 0.885448336601257

00:04:08.814 --> 00:04:11.369 everything and I think it keeps

NOTE Confidence: 0.885448336601257

 $00:04:11.369 \longrightarrow 00:04:14.036$ me sane in each part of that.

NOTE Confidence: 0.885448336601257

 $00{:}04{:}14.040 \dashrightarrow 00{:}04{:}18.200$ So when I get frustrated in terms of.

NOTE Confidence: 0.885448336601257

 $00:04:18.200 \longrightarrow 00:04:20.684$ Administrative things that I love being

NOTE Confidence: 0.885448336601257

 $00:04:20.684 \longrightarrow 00:04:23.917$ able to see my patience and if I'm

NOTE Confidence: 0.885448336601257

00:04:23.917 --> 00:04:26.710 sad about how my patients are doing.

NOTE Confidence: 0.885448336601257

 $00:04:26.710 \longrightarrow 00:04:28.330$ And sometimes that happens

NOTE Confidence: 0.915816605091095

 $00:04:28.330 \longrightarrow 00:04:30.948$ then I, you know, I'm really happy

 $00:04:30.948 \longrightarrow 00:04:33.755$ about being able to to create teams

NOTE Confidence: 0.915816605091095

 $00{:}04{:}33.755 \dashrightarrow 00{:}04{:}36.173$ and motivate folks to provide better

NOTE Confidence: 0.915816605091095

00:04:36.250 --> 00:04:38.450 cancer care in different ways.
